Carl D Perkins Act of 2006
Career and Technical Education Consortium Application

List below those school districts or postsecondary institutions that are requesting to realign membership, to form a Carl Perkins consortium or remain as a single district. This request will be reviewed and confirmed by the Department of Career and Technical Education.

Federal law states that you must meet a $15,000 minimum allocation individually ($50,000 for postsecondary) or you must form a consortium to reach that $15,000 level. All schools or institutions that want to access Carl Perkins funding and do not meet the threshold above shall be assigned to a consortium.

You must concur to the Perkins Consortium Policies and Procedures if you enter into a consortium agreement.
