Do you anticipate needing to request a grant extension If yes, please explain?
/x/ Yes / / No

Work Completed during Period Covered by Report:
(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

Two producers completed practices during this time period.

Morton Co. SCD submitted two payment applications including 3 livestock watering tanks costing $13,194.39, 6,094 ft. pipeline totaling $54,123.60 and one 60 ft. deep well for $24,688.52, which will provide water and improve grazing distribution on 666.6 acres of rangeland. A 96 ac. pasture/hay land planting was also implemented for $2732.40.
(See attached photos and documentation).

An OMG meeting was held on July 29 to discuss the status of each approved contract. There was much discussion on the lack of availability of contractors to get practice installed in a timely manner. The OMG group decided to ask for an extension as soon as possible to extend the project until November 30, 2021. Once the extension is approved there will be another round of advertising a patching period will be scheduled to utilize remaining dollars.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.

Signature of Responsible Official

Connie Schily 8-9-2019

The project reports shall be provided to the Commission in both electronic and hard-copy formats with permission for unrestricted distribution. The electronic versions shall be in a suitable format for posting on the Outdoor Heritage Fund/Commission website.
