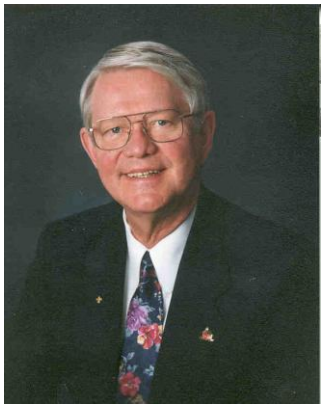
FOREWORD



I am excited to present the 2010-2011 edition of the North Dakota Educational Directory. It is a notable information resource for schools, communities and businesses. There has been a yearly increase in the use of this document by people in both the private and public sector. School administrators, representing school districts throughout North Dakota, have provided statistical information regarding local education agency (LEA) and school personnel to the department. The directory has been a tremendous success because of their continued assistance. We appreciate and thank them for their efforts.
