Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Forks County, Grand Forks, North Dakota, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Forks County, Grand Forks, North Dakota, as of December 31, 2014, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis and budgetary comparison information* and on pages 4-10 and 38-44 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Grand Forks County's basic financial statements. The *schedule of fund activity and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The *schedule of fund activity and schedule of expenditures of federal awards* is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the *schedule of fund activity and the schedule of expenditures of federal awards* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated April 17, 2015 on our consideration of Grand Forks County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Grand Forks County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
December 31, 2014

The Management's Discussion and Analysis (MD&A) of Grand Forks County's financial performance provides an overall review of the County's financial activities for the fiscal year ended December 31, 2014. The intent of the MD&A is to look at the County's financial performance as a whole. It should, therefore, be read in conjunction with the basic financial statements and related notes.

FINANCIAL HIGHLIGHTS

Key financial highlights for the year ended December 31, 2014 are as follows:

- The assets of Grand Forks County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$73,979,473. Of this amount, \$6,417,803 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- Net position of Grand Forks County increased \$5,008,956, which included a \$41,837 prior period adjustment that increased net position, as a result of the most recently completed fiscal year's operations
- Total revenues from all sources were \$40,071,247 on the government-wide statement of activities and \$40,140,676 on the modified accrual basis.
- Total expenses were \$35,104,129 on the government-wide statement of activities and total expenditures were \$41,525,753 on the modified accrual basis.
- The County's general fund had \$9,457,775 in total revenues and \$9,665,488 in total expenditures. There was a total of \$16,380 deducted by other financing sources. Overall, the general fund balance decreased by \$224,093 for the year ended December 31, 2014. Unassigned fund balance of the general fund totaled \$6,711,156 or 69% of general fund expenditures.
- At the close of the report year, Grand Forks County's governmental funds reported a combined ending fund balance of \$24,023,746. The unassigned governmental fund combined balance is \$6,711,156 or 28% of total fund balances, which is available for spending at the government's discretion.
- Long-term liabilities decreased by \$1,868,918 (8%) for year ended December 31, 2014.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Grand Forks County's basic financial statements. Grand Forks County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of Grand Forks County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of Grand Forks County's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Grand Forks County is improving or deteriorating.

GRAND FORKS COUNTY

Management's Discussion and Analysis – Continued

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Grand Forks County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Grand Forks County include general government, public safety, highways and bridges, health and welfare, culture and recreation, conservation of natural resources, economic development, other and capital outlay.

The government-wide financial statements include not only Grand Forks County itself (known as the *primary government*), but also a legally separate water resource district and fair association for which Grand Forks County is financially accountable. Financial information for these *component units* is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 11-12 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Grand Forks County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Grand Forks County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of expendable resources*, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds and governmental activities*.

Grand Forks County maintains 40 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, social services fund, farm to market road fund, highway tax distribution fund, social security fund, emergency fund, and regional correctional center fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation and are summarized under the heading "Other Governmental Funds".

Grand Forks County adopts an annual appropriated budget for its governmental funds, except for capital projects funds. Budgetary comparison statements have been provided for the general fund, highway tax distribution, social services, social security and regional correctional center funds to demonstrate compliance with budgets.

The basic governmental fund financial statements can be found on pages 13-18 of this report.

GRAND FORKS COUNTY

Management's Discussion and Analysis – Continued

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support Grand Forks County's own programs.

The basic fiduciary fund financial statement can be found on page 19 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20-37 of the report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Grand Forks County, assets exceeded liabilities by \$73,979,473 at the close of the most recent fiscal year.

By far the largest portion of Grand Forks County's net position totaling \$51,402,357 (69%) reflects its net investment in capital assets (e.g., land, building, machinery, and equipment). Grand Forks County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although Grand Forks County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of Grand Forks County's net position totaling \$16,159,313 (22%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (\$6,417,803) or 9% may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, Grand Forks County is able to report positive balances in three categories of net position. The government's net position increased by \$5,008,956 during the current fiscal year.

Property taxes constituted 49.5%, operating and capital grants and contributions 29%, charges for services 9%, non-restricted grants and contributions 10.5%, and interest earnings and miscellaneous revenue made up 2% of the total revenues of governmental activities of the County for year ended December 31, 2014. Total revenues increased by \$1,248,013 or 3%.

GRAND FORKS COUNTY

Management's Discussion and Analysis – Continued

General government constituted 34%, public safety 25.6%, highways and bridges 15%, health & welfare 20%, interest and fiscal charges 2%, and the remaining 3.4% is split among six other categories of total expenses for governmental activities for the year ended December 31, 2014. Overall, expenses decreased by \$441,425 (1%).

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table III shows the total cost of services and the net cost of services. That is, it identifies the cost of these services supported by tax revenue and other unrestricted revenues. Total cost of activities by function decreased overall by 1% (\$441,425) as noted in the previous paragraph. Net costs of activities by function in total decreased by 7.5% (\$1,602,038).

Financial Analysis of the Governmental Funds

As noted earlier, Grand Forks County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of Grand Forks County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spending* resources. Such information is useful in assessing Grand Forks County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Grand Forks County's governmental funds reported combined ending fund balances of \$24,023,746, an increase of \$1,984,080 in comparison with the prior year. It is an unassigned fund balance, which is available for spending at the government's discretion.

The general fund is the chief operating fund of Grand Forks County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$6,711,156. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance to total fund expenditures. Unassigned fund balance represents 69% of the total general fund expenditures.

The fund balance of Grand Forks County's general fund decreased by \$224,093 during the current fiscal year. A key factor in this decrease was expenditures exceeding revenues.

General Fund Budgetary Highlights

The County amended the general fund 2014 budgeted expenditures by increasing them a total of \$413,379. The budget was amended for BRIC Grand Sky Administration Fees. Expenditures were under budget by a total of \$407,451 (4%). Revenues were greater than budgetary estimates in the general fund by \$1,112,811 (13%). The largest variance was receiving \$1,026,294 of intergovernmental revenue. Additional information on Grand Forks County's budget amendments can be found in note 2 on page 27 of this report.

Capital Asset Administration

Grand Forks County's investment in capital assets for its governmental activities as of December 31, 2014 amounted to \$70,520,487 (net of accumulated depreciation). The investment in capital assets includes land, buildings, infrastructure, equipment, vehicles and furniture. The total increase in Grand Forks County's investment in capital assets for the current fiscal year was \$1,194,243 (2%) and is mainly attributed to highway bituminous overlay projects.

For a detailed breakdown of the additions and deletions to capital assets, readers are referred to Note 7 to the audited financial statements that follow this analysis on pages 29-30.

Debt Administration

At the end of the current fiscal year, Grand Forks County had total debt outstanding of \$19,118,130. Of this amount, \$2,050,562 is due within one year.

Grand Forks County's total long term debt (excluding compensated absences) decreased by \$1,883,508, (9%) during the current fiscal year. The decrease in debt is due solely to scheduled debt principal payments. The 2005 Lease Revenue Bonds were refunded in 2014 and fully retired the 2014 serial maturity and the 2017 term maturity of the First Mortgage Lease Revenue Bonds, Series 2005. The principal of the 2005 Lease Revenue Bond increased by \$45,000. The net savings on the 2005 bond was \$114,605.

State statutes limit the amount of general obligation debt a governmental entity may issue to 5 percent of its total assessed valuation. Grand Forks County's debt is well within the legal debt limit of \$130,457,140.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Grand Forks County is approximately 2.9 percent, which is .4 percent lower than the 2013 rate. This compares favorably to the national average rate of 6.2 percent.
- The total value of construction listed on building permits in Grand Forks City for 2014 was \$368,599,640, compared to \$212,067,083 in 2013, or a 74% increase.
- Demand for residential housing both within Grand Forks City and extraterritorial areas was strong in 2014.
- Expansion of Retail Sector with announcements and construction starts for major retailers including Hu Hot, Laquinta Inn, Auto Zone, Baymount Inn & Suites, Simonson's Gas Station, Philadelphia Macaroni Warehouse, Acme and PS Doors.
- The taxable valuation of the County increased from \$225,425,010 in 2013 to \$247,826,761 in 2014, an increase of 9.94 percent.

All of these factors were considered in preparing Grand Forks County's budget for the 2015 fiscal year.

Grand Forks, North Dakota

RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
December 31, 2014

Total *Fund Balances* of Governmental Funds \$ 24,023,746

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.

Cost of Capital Assets	\$ 109,467,091	
Less: Accumulated Depreciation	<u>(38,946,604)</u>	
Net Capital Assets		\$ 70,520,487

Property taxes receivable will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore are reported as deferred inflow of resources in the funds. \$ 298,769

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities-both current and long-term- are reported in the statement of net position. Balances at December 31, 2014 are:

Capital Leases Payable	\$ (2,162,209)	
General Obligation Bonds Payable	(16,570,000)	
Special Assessments Payable	(105)	
Interest Payable	(64,692)

RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2014

Net Change in *Fund Balances* - Total Governmental Funds \$ 1,984,080

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current year.

Current Year Capital Outlay	\$ 4,194,909	
Current Year Capital Contribution	22,148	
Current Year Depreciation Expense	<u>(3,015,803)</u>	\$ 1,201,254

In the Statement of Activities, the loss or gain on sale or disposal of capital assets is recognized. The fund financial statements recognize only the proceeds from these sales.

Loss on Disposals of Capital Assets		\$ (7,011)
-------------------------------------	--	------------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which debt repayment exceeded debt proceeds.

Issuance of Debt - Bonds	\$ (3,345,000)	
Issuance of Debt - Special Assessments	(16,485)	
Premium Amortization	(87,960)	
Repayment of Debt - Bonds	5,040,000	
Repayment of Debt - Special Assessments	35,366	
Repayment of Debt - Capital Lease	<u>203,510</u>	\$ 1,829,431

Bond premium amortization is a reduction to interest expense as it is amortized over the life of the outstanding bonds using the straight-line method. Bond discounts are amortized over the life of the bond using the straight-line method (as interest expense):

Premium Amortization		\$ 54,077
----------------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds.

Net Increase in Compensated Absences	\$ (14,591)	
Net Decrease in Interest Payable	<u>11,454</u>	\$ (3,137)

Some revenues reported on the statement of activities are not reported as revenues in the governmental funds since they do not represent available resources to pay current expenditures. This consists of the decrease in taxes receivable.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Grand Forks County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

The accompanying financial statements present the activities of Grand Forks County. The county has considered all potential component units for which the county is financially accountable and other organizations for which the nature and significance of their relationships with the county such that exclusion would cause the county's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. This criterion includes appointing a voting majority of an organization's governing body and (1) the ability of Grand Forks County to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Grand Forks County.

Based on these criteria, there are three component units to be included within Grand Forks County as a reporting entity.

COMPONENT UNITS

In conformity with accounting principles generally accepted in the United States of America, the financial statements of component units have been included in the financial reporting entity either as blended component units or as discretely presented component units.

Blended Component Unit: Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government.

Grand Forks County Building Authority - serves only Grand Forks County. All members of the board of county commissioners also serve as the board of the Building Authority. The sole purpose of the Building Authority is to issue bonds for various construction projects (courthouse remodeling and jail/correctional center construction), and to lease these structures to the county. The funds of the Building Authority are blended with the capital projects and debt service funds of the county.

Discretely Presented Component Units: The component units' columns in the basic financial statements include the financial data of the county's two component units. These units are reported in separate columns to emphasize that they are legally separate from the county.

Grand Forks County Water Resource District - The County's governing board appoints a voting majority of the members of the Grand Forks County Water Resource District Board. The county has the authority to approve or modify the Water Resource District operational and capital budgets. The county also must approve the tax levy established by the Water Resource District.

GRAND FORKS COUNTY

Notes to the Financial Statements – Continued

Greater Grand Forks Fair Association - The County's governing board appoints a voting majority of the members of the Greater Grand Forks Fair Association Board. Although the county does not have the authority to approve or modify the Fair Board operational and capital budgets, the tax levy established by the fair board must be approved by the county's governing board. The fair board cannot buy, sell, lease and mortgage property in its own name and the county is legally obligated for the fair board's debt.

Component Unit Financial Statements: The financial statements of each of the two discretely presented component units are presented in the basic financial statements. Complete financial statements of the individual component units can be obtained from the County Director of Tax and Finance at 151 S. 4th St, Grand Forks, North Dakota, 58206-0726.

B. Basis of Presentation

Government-wide statements: The statement of net position and the statement of activities display information about the primary government, Grand Forks County and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made, if applicable, to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including taxes, interest and non-restricted grants and contributions, are presented as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Fund Financial Statements: The fund financial statements provide information about the county's funds including its fiduciary funds and blended component unit. Separate statements for each fund category-*governmental* and *fiduciary*-are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The county reports the following major governmental funds:

General Fund. This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Social Services Fund. This fund accounts for the costs of providing social service benefits and programs to needy residents of the county. The primary revenue sources in this fund are restricted grants and tax levy.

Farm to Market Road Fund. This fund accounts for repair and improvement of highways financed primarily through a tax levy.

Highway Tax Distribution Fund. This fund accounts for repair and improvement of highways that are legally restricted from state highway tax distribution revenue sources.

GRAND FORKS COUNTY

Notes to the Financial Statements – Continued

Social Security Fund. This fund accounts for amounts levied and legally restricted to meet the County's share of social security payments on wages and salaries paid to employees. The primary revenue source in this fund is a restricted tax levy.

Regional Correctional Center Fund. This fund accounts for costs of operating the law enforcement center and maintaining prisoners. The primary revenue source in this fund is a restricted tax levy.

Emergency Fund. This fund accounts for amounts levied for County emergencies that may occur during any year. Emergency declarations need to be made before monies can be spent from this particular fund. The primary revenue source in this fund is a restricted tax levy.

The county reports the following fund type:

Agency Funds. These funds account for assets by the County in a custodial capacity as an agent on behalf of others. The County's agency funds are used to account for property taxes collected on behalf of other governments.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide and Fiduciary Fund Financial Statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. All revenues are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, and then by general revenues.

D. Cash and Investments

Cash include amounts in demand deposits and money market accounts.

Cash and investments are combined on the balance sheet as investments are not designated by fund. The only investments of the primary government consist of certificates of deposit. The Water Resource District, a component unit, only invests in certificates of deposit.

Investments are stated at cost.

E. Capital Assets**PRIMARY GOVERNMENT:**

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

General infrastructure assets acquired prior to January 1, 2002 consist of the road and bridge network assets that were acquired or received substantial improvements subsequent to January 1, 1980 and are reported at estimated historical cost using deflated replacement cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	50 - 60
Vehicles	7
Office Equipment	10
Machinery and Equipment	5 - 20
Infrastructure	50 - 60

DISCRETELY PRESENTED COMPONENT UNITS:Grand Forks County Water Resource District:

Capital assets of the Grand Forks County Water Resource District, a discretely presented component unit of Grand Forks County, include property and equipment. Assets are reported in a discretely presented component unit column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

Capital Assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Useful lives vary from 5 to 7 years for equipment and vehicles. Useful lives of land improvements are 50 years. Capital assets not being depreciated include land.

Greater Grand Forks Fair Association:

Capital assets of the Greater Grand Forks Fair Association include plant and equipment. Assets are reported in a discretely presented component unit column in the government-wide financial statements. Capital assets are defined by the Fair as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Equipment	5 - 10
Leasehold Improvements	20

F. Compensated Absences

Vacation leave is earned at the rate of one to two days per month depending on years of service. Up to 240 hours of vacation leave may be carried over. Sick leave benefits are earned at the rate of one day per month regardless of the years of service. An unlimited number of sick leave hours may be carried over and employees are paid for 25% of their accumulated sick, to a maximum of 900 hours of leave, at retirement. When intent to terminate employment is submitted, the employee must have 5 continuous years of service to be eligible for monetary compensation. Vested or accumulated vacation and sick leave is reported in government-wide statement of net position.

Vacation leave is earned as follows:

Years of Service	Hours per Month
1 through 3 years	8
4 through 7 years	10
8 through 12 years	12
13 through 18 years	14
19 years and above	16

G. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, when significant, are amortized over the life of the bonds. Bond premiums and discounts when not significant are recognized in the year of issuance. Bond issuance costs are recognized in the current period in accordance with current standards.

In the fund financial statements, governmental fund types recognize bond issuance costs in the current period. Bond premiums when significant are amortized over the life of the bonds. Bond discounts are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as other financing uses.

H. Fund Balances / Net Position

GASB Statement No. 54 established fund balance classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints (restrictions or limitations) imposed upon the use of the resources reported in governmental funds.

Fund Balance Spending Policy:

It is the policy of Grand Forks County to spend restricted resources first, followed by unrestricted resources. It is also the policy of the Board to spend unrestricted resources of funds in the following order: committed, assigned and then unassigned.

Minimum Fund Balance Policy:

Grand Forks County established a 12.5% - 15% general fund carryover balance target to help with financial stability. The 12.5% - 15% fund balance range is a part of the county's fiscal policies. This level provides sufficient unassigned resources to avoid short-term cash flow borrowing for the county.

Major Special Revenue Fund Purposes & Revenue Sources:

Purposes and major revenue sources of the major special revenue funds (socials services, farm to market road, highway tax distribution, social security, regional correctional center, and emergency) are disclosed in more detail in Note 1B in the discussion of major funds.

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories listed below.

CLASSIFICATION	DEFINITION	EXAMPLES
Non-spendable	Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.	Inventories, prepaid amounts (expenses), long-term receivables (loans), endowment funds.
Restricted	Fund balance is reported as restricted when constraints are placed on the use of resources that are either (a) Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments. (b) Imposed by law through constitutional provisions or enabling legislation.	Funds restricted by State Statute, unspent bond proceeds, grants earned but not spent, debt covenants, taxes raised for a specific purpose.
Committed	A committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the governing board. Formal action is required to be taken to establish, modify or rescind a fund balance commitment.	By board action, construction, claims and judgments, retirements of loans and notes payable, capital expenditures and self-insurance.
Assigned	Assigned fund balances are amounts that are constrained by the government's intent to be used for specific purposes, but are under the direction of the board and the county auditor.	By board action, construction, claims and judgments, retirements of loans and notes payable, capital expenditures and self-insurance.
Unassigned	Unassigned fund balance is the lowest classification for the General Fund. This is fund balance that has not been reported in any other classification. (a) The General Fund is the only fund that can report a positive unassigned fund balance. (b) A negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.	Available for any remaining general fund expenditure.

GRAND FORKS COUNTY

Notes to the Financial Statements – Continued

Grand Forks County did not have any non-spendable balances or assigned fund balances but did have committed balances reported in the balance sheet at December 31, 2014.

Restricted Fund Balances – consist of the following items at December 31, 2014:

Restricted fund balances are shown by primary function on the balance sheet for general government, debt service, public safety, highways & bridges, health & welfare, flood repair, conservation of natural resources, emergencies, and capital projects. Restricted fund balances are restricted by enabling legislation (primarily state law for various tax levies) and by outside 3rd parties (State & Federal governments for various grants & reimbursements and bond indentures).

Special Revenue Funds – Restricted & Committed Fund Balances:

- (a) Restricted by specified tax levies and/or restricted Federal & State grants/reimbursements:
 - Restricted tax levies – includes fund balances for various tax levies other than the general fund.
 - Restricted grants/reimbursements – primarily includes social welfare/services and highways & bridges, as well as disaster type grants in FEMA funds, and other grant funds.
- (b) Committed fund balances (special revenue funds) – committed by governing board county commission action;
 - Committed in special revenue funds for park related projects (\$60,197) and county improvement projects (\$941,684).

Net Position:

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Net investment in capital assets is reported for capital assets less accumulated depreciation, and any related debt used to finance the purchase or construction of those capital assets. These assets are not available for future spending.

Restrictions of net position shown in the net position statement are due to restricted tax levies and restricted Federal & State grants/reimbursements. Net position in the statement of net position is also shown by primary and is restricted for debt service, capital projects, general government, highways and bridges, public safety, flood repair, health & welfare, culture & recreation, conservation of natural resources, and emergencies.

Unrestricted net position is primarily unrestricted amounts related to the general fund, as well as amounts shown for negative funds (highway fund). The unrestricted net position is available to meet the district's ongoing obligations.

I. Interfund Transactions

In the governmental fund statements, transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except reimbursements, are reported as transfers. In the government-wide financial statements, interfund transactions have been eliminated.

NOTE 3: DEPOSITS

In accordance with North Dakota Statutes, Grand Forks County maintains deposits at the depository banks designated by the governing board. All depositories are members of the Federal Reserve System.

Deposits must either be deposited with the Bank of North Dakota or in other financial institution situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes bills, notes, or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, Federal land bank bonds, bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investment companies registered under the Investment Companies Act of 1940, and all other forms of securities issued by the State of North Dakota, its boards, agencies or instrumentalities or by any county, city, township, school district, park district, or other political subdivision of the state of North Dakota. Whether payable from special revenues or supported by the full faith and credit of the issuing body and bonds issued by any other state of the United States or such other securities approved by the banking board.

At year ended December 31, 2014, the Grand Forks County's carrying amount of deposits was \$33,632,072 and the bank balances of deposits totaled \$34,771,243. Of the bank balances, \$1,990,171 was covered by Federal Depository Insurance. Of the remaining bank balances totaling \$32,781,072, all were collateralized with securities held by the pledging financial institution's agent in the government's name.

At year ended December 31, 2014, the Grand Forks County Water Resource District's carrying amount of deposits was \$3,056,638 and the bank balances of deposits totaled \$3,065,795. Of the bank balances, \$736,270 was covered by Federal Depository Insurance. Of the remaining bank balances totaling \$2,329,525, all were collateralized with securities held by the pledging financial institution's agent in the government's name.

Credit Risk:

The county and its component units may invest idle funds as authorized in North Dakota Statutes, as follows:

- (a) Bonds, treasury bills and notes, or other securities that are a direct obligation insured or guaranteed by, the treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of congress.
- (b) Securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are the type listed above.
- (c) Certificates of Deposit fully insured by the federal deposit insurance corporation.
- (d) Obligations of the state.

As of December 31, 2014, the county had certificates of deposit totaling \$100,669 and the water resource district had certificates of deposit totaling \$1,248,495.

The County's most recent bond rating received bond ratings from Moody's of Aa2 for the 2014 lease revenue refunding bonds.

Concentration of Credit Risk:

The county has a formal investment policy, while the component units do not have a formal investment policy. The county and its component units do not have a limit on the amount it may invest in any one issuer.

NOTE 4: ACCOUNTS RECEIVABLE

Accounts receivable consists of amounts due for sheriff's fees, contract policing, and prisoner boarding fees. No allowance has been established for estimated uncollectible accounts receivable.

NOTE 5: INTERGOVERNMENTAL RECEIVABLE

Intergovernmental receivables consist of reimbursements due for expenses in the operation various welfare, road and emergency management programs. These amounts consist of a mix of state and federal dollars.

NOTE 6: TAXES RECEIVABLE & SPECIAL ASSESSMENTS RECEIVABLE

The taxes receivable and special assessment receivable (Water Resource District) represent the past three years of delinquent uncollected taxes and special assessments. No allowance has been established for uncollectible taxes and special assessment receivables.

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Any material collections are distributed after the end of each month.

Property taxes are levied as of January 1. The property taxes attach as an enforceable lien on property on January 1 and may be paid in two installments. The first installment includes one-half of the real estate taxes and all the special assessments and the second installment is the balance of the real estate taxes. The first installment is due by March 1 and the second installment is due by October 15. A 5% discount is allowed if all taxes and special assessments are paid by February 15. After the due dates, the bill becomes delinquent and penalties are assessed.

Most property owners choose to pay property taxes and special assessments in a single payment on or before February 15 and receive the 5% discount on the property taxes.

Uncertified Special Assessments:

Uncertified special assessments receivable (Water Resource District) represents a long-term receivable in the government-wide financial statements showing the amount of uncertified special assessments.

NOTE 14: PENSION PLANNorth Dakota Public Employee's Retirement System

Grand Forks County contributes to the North Dakota Public Employee's Retirement System (NDPERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Dakota. NDPERS provides for retirement, disability and survivor benefits to plan members and beneficiaries. Benefit and contribution provisions are administered in accordance with chapter 54-52 of the North Dakota Century Code. NDPERS issues a publicly available financial report that includes financial statements and required supplementary information for NDPERS. That report may be obtained by writing to NDPERS, 400 E Broadway, Suite 505, PO Box 1214, Bismarck, North Dakota, 58502-1214.

During January 1, 2014 through December 31, 2014, plan members were required to contribute 7% of their annual covered salary. The county was required to contribute 8.26% of the employee's salary, which consists of 7.12% for employee retirement and 1.14% for the retiree health benefits fund. The contribution requirements of plan members and the county are established and may be amended by the State legislature. NOTE 15: RISK MANAGEMENT

Grand Forks County is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986, state agencies and political subdivisions of the state of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. Grand Forks County pays an annual premium to NDIRF for its general liability, automobile, and inland marine insurance coverage. The coverage by NDIRF for automobile and general liability is limited to losses of two million dollars per occurrence. Public assets coverage is limited to \$4,659,794.

Grand Forks County also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. Grand Forks County pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado Fund is reinsured by a third party insurance carrier for losses in excess of one million dollars per occurrence during a 12-month period. The State Bonding Fund currently provides Grand Forks County with blanket fidelity bond coverage in the amount of \$2,000,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

Grand Forks County has workers compensation with the ND Workforce Safety and Insurance.

Grand Forks County pays annual premiums for flood insurance with the Harleysville insurance company and the Lexington Insurance Company. The County also pays an annual premium to the Hartford Steam Boiler Inspection and Insurance Company for the County boiler.

NOTE 16: CONDUIT DEBT

From time to time, the county has issued Community Development Block Grant Loans and Industrial Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The loans and bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the loans and bonds, ownership of the acquired facilities transfers to the private-sector entity served by the loan issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the loans. Accordingly, the loans are not reported as liabilities in the accompanying financial statements.

As of December 31, 2014, there were no CDBG loans outstanding that had a balance at the end of the audit period.

As of December 31, 2014, there were the following Industrial Revenue Bonds issued:

Bonds Issued	Amount

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
December 31, 2014

NOTE 1: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information:

- The county commission adopts an “appropriated budget” on the modified accrual basis of accounting.
- The county auditor prepares an annual budget for the general fund and each special revenue fund of the county. NDCC 11-23-02. The budget includes proposed expenditures and means of financing them.
- The county commission holds a public hearing where any taxpayer may appear and shall be heard in favor of or against any proposed disbursements or tax levies. When the hearing shall have been concluded, the board shall adopt such estimate as finally is determined upon. All taxes shall be levied in specific amounts and shall not exceed the amount specified in the published estimates. NDCC 11-23-04
- The board of county commissioners, on or before the October meeting shall determine the amount of taxes that shall be levied for county purposes and shall levy all such taxes in specific amounts. NDCC 11-23-05
- Each budget is controlled by the county auditor at the revenue and expenditure function/object level.
- The current budget, except for property taxes, may be amended during the year for any revenues and appropriations not anticipated at the time the budget was prepared. NDCC 57-15-31.1
- All appropriations lapse at year-end.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended December 31, 2014

Federal Grantor/ Pass-Through Grantor/ Program Title	Federal CFDA Number	Expenditures
--	---------------------------	--------------

NOTE 1: BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Grand Forks County under programs of the federal government for the year ended December 31, 2014. The information in the schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the schedule presents only a selected portion of the operations of Grand Forks County, it is not intended to and does not present the financial position or changes in net position of Grand Forks County.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribe Governments*, wherein certain types of expenditures are allowable or are limited as to reimbursement.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

Board of County Commissioners
Grand Forks County
Grand Forks, North Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Forks County, Grand Forks, North Dakota as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Grand Forks County's basic financial statements, and have issued our report thereon dated April 17, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Grand Forks County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Grand Forks County's internal control. Accordingly, we do not express an opinion on the effectiveness of Grand Forks County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Grand Forks County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Independent Auditor's Report

Board of County Commissioners
Grand Forks County
Grand Forks, North Dakota

Report on Compliance for Each Major Federal Program

We have audited Grand Forks County's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Grand Forks County's major federal programs for the year ended December 31, 2014. Grand Forks County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Grand Forks County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Grand Forks County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Grand Forks County's compliance.

Opinion on Each Major Federal Program

In our opinion, Grand Forks County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

Management of Grand Forks County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Grand Forks County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Grand Forks County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weakness or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of Grand Forks County as of and for the year ended December 31, 2014, and have issued our report thereon dated April 17, 2015, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
