

## WHAT COULD YOU DO?

Using the **Reporter Tool** in RUMReadyND, create reports for your school to reply with each of the following requests.

You have been asked to prepare a report for tonight's school board meeting showing the number of students using RUMReadyND. What information can you provide?

Your principal met with a regional hospital CEO who expressed dismay over a shortage of candidates for job openings at all levels. Now your principal is asking you how many students might be interested in taking an on-line "Intro to Health Careers Class." What qualitative data can you provide?
