

NEW College and Career Readiness Curriculum in ND

Roads To Success

Access by going to RUReadyND.com or ND Career Resource Network www.nd.gov/cte/crn

Basic Information about Roads to Success:

- An easy to follow, research based and already being used in other states, like Colorado and New York, (originally designed as an after school program).
- Comprehensive and developmental, skills build from year to year
- For grades 7-12, can be adapted for 6th in some cases
- Across the curriculum approach, embedded in many courses, i.e. math, science courses
- Use towards financial literacy requirement-(Money Matters)
- Can be taught one class period a week for a full year
- Curriculum can be used for a 9 week class, fulfills the high school plan/9 week course requirement
- Any school professional can teach it, originally designed for paras to teach.
- All materials can be copied from RUReady Educator log-in page including student handbook and/or pages.
- Lessons are each 45 min. lessons, or 1 class period, each grade has 29-32 lessons per grade level, facilitator and student materials included, nothing more to purchase
- Recommended for consistency- are taught in units, not a lesson here or there. Schools will need to determine what units will meet their needs and when.
- Parent Involvement- newsletter is included for each unit.
- Includes project based learning for grades 7 through 11
- Examples of Units Include: (unit sheet)
 - **Study Skills and Test Prep**
 - **Soft Skills**-setting goals, communication Like phone and email etiquette, team building
 - **Financial Literacy**- Money Matters
 - **College Readiness**- Education after High School, research skills, building credentials
 - **Career Readiness**-On the job, workplace responsibilities
 - **Portfolio work**
