COVID-19 FAQ on Wraparound Recertification

Q1 With so many conferences being canceled, how do we maintain our Wraparound Certification requirement? Will there be the option to request an extension?

Once we have more information about the duration of COVID-19 and the need for social distancing, we will know better if steps need to be taken related to Wraparound Certification renewals.

If the pandemic results in all 2020 conferences being canceled, we will find solutions, such as online training options, so that certification doesn't lapse. It is noteworthy that at this time 72% of the workforce are certified through 2021, since recertification is required once every 2 years.

If you would like to know when your agency staff's certification lapses, please contact Diana Weber at djweber@nd.gov.
