**Agency to hold public hearing in Valley City to update State Plan on Aging**

BISMARCK, N.D. – The North Dakota Department of Human Services' Aging Services Division is hosting a public hearing to gather comments about services necessary to help older individuals and adults with physical disabilities remain living independently in their homes and communities.

The public hearing will be held on **March 30** at the **Valley City Senior Center**, 139 Second Ave. SE, Valley City from **1 p.m. to 2:30 p.m.**

“The comments we gather will help us update North Dakota’s State Plan on Aging, which describes our priorities and the services we support with our federal Older Americans Act dollars,” said Aging Services Division Director Linda Wright. “We are seeking comments about services and needs in general, as well as division-funded services.”

The Aging Services Division funds a variety of valuable services including a toll-free information and assistance phone line and Web site, home-delivered meals, meals at senior meal sites, foot care, pulse and rapid health inspections, medication set-up, senior legal assistance and the senior companion program. The division also funds the Family Caregiver Support Program, long-term care ombudsman services, and services provided when people report potential abuse, neglect, or financial exploitation of seniors and other vulnerable adults.
