

PUBLIC NOTICE

The ND Department of Human Services (Department) Developmental Disabilities (DD) Division submitted a 1915(c) waiver amendment to the Centers for Medicare and Medicaid (CMS) to request the combining of the DD Self Directed Supports Waiver and the Traditional MR/DD Home and Community Based Services Waiver into one waiver. All services that are currently in the DD Self Directed Supports Waiver will be added to the Traditional MR/DD Home and Community Based Services Waiver. The Developmental Disabilities Division will also request that the slots (number of spots) that were available in the DD Self Directed Supports Waiver be added to the Traditional MR/DD Home and Community Based Services Waiver.

The Developmental Disabilities Division does not feel that this amendment would have a negative impact on individuals.

The 1915(c) waiver amendment to CMS is available for review on the Department's website at the following link: <http://www.nd.gov/dhs/services/disabilities/dd.html>. If you cannot access this document via the Web, a copy can be mailed to you.

Please be aware that the posted waiver amendment is a draft. The final document will be posted on the Department's website when it is approved by CMS.

If you have questions about the waiver amendment, please contact Tina Bay at (701) 328-8930 or via e-mail at tbay@nd.gov.
