

Regional Human Service Centers

April 2011

The N.D. Department of Human Services' eight regional human service centers provide an array of community-based services, either directly or through contracts with providers. Services include: aging services, vocational rehabilitation, mental health services, developmental disability services, addiction treatment, vulnerable adult protective services, crisis and outreach services, and other human services.

They are the access point for State Hospital admissions. Human service center employees also provide direction and oversight for services offered through county social service offices and other providers. **Crisis lines are answered 24 hours per day, seven days a week.**
