September 2021

QUALIFIED SERVICE PROVIDER
Individual Provider Handbook

Enrollment Procedures & Required Standards

Issued By:

Medical Services/HCBS Division
North Dakota Department of Human Services
600 E Boulevard Ave, Dept 325
Bismarck, ND 58505-0250

All QSP Handbooks can be found at the following website:
http://www.nd.gov/dhs/services/adultsaging/providers.html

Individual QSP’s are required to have a copy of the most current Handbook on file.

You must also have a Forms Packet to complete your application.

This handbook contains the requirements for you to enroll as a provider delivering services for which you want to receive public pay.

Home & Community Based Services (HCBS) Information

The North Dakota Department of Human Services funds and oversees Home and Community Based Services (HCBS) for the elderly and disabled. Clients are assessed by a case manager to determine if they are eligible for HCBS programs. The assessment includes both Functional Eligibility and Financial Eligibility.

Once the client is found eligible the following law applies.

- Effective July 1, 1989, state law requires that each person eligible for services under Chapter 50-06.2 of the North Dakota Century Code (this includes HCBS), or the person’s representative, must be free to choose among available qualified service providers (QSP’s) that offer competitively priced services.

- The law also states that County Social Service Boards must inform each eligible client of the available QSPs in their county to provide the service(s) needed by the eligible aged or disabled client.

Home and Community Based Services provided by an Individual Provider include: Adult Day Care, Attendant Care, Case Management, Chore Service, Companionship, Extended Personal Care Services, Family Personal Care, Homemaker, Non-Medical Transportation, Nurse Educator, Nurse Management, Personal Care, Respite Care, and Supervision.

- If you plan to work for private pay clients only, you do not have to enroll as a Qualified Service Provider.

- If you have not provided services to a public paying client or provided services in which the HCBS department is billed within the last 12 months, your QSP status may be closed.
Definitions:

- **Adult Day Care (ADC):** Community-based service offered within a group setting designed to meet the needs of functionally impaired adults. It is a structured, comprehensive service that provides a variety of social and related support services in a protective setting during a part of the day. Adult Day care programs shall operate a minimum of three hours per day up to a maximum of ten hours per day. Individuals who participate in Adult Day Care attend on a planned basis during specified hours. Adult Foster Care (AFC) Homes are licensed by the Department of Human Services and meet the standards for providing this service.

- **Aggregator:** supports claims integration and claims auditing, allowing payers to connect adjudication to visit verification data in real time.

- **Attendant Care Services (AC):** Hands on care, of both a supportive and medical nature, specific to a client who is ventilator dependent for a minimum of 20 hours per day. The services are provided under the direction of a licensed nurse who is enrolled with the Department of Human Services to provide Nurse Management.

- **Authorization to Provide Service:** A form completed by the HCBS Case Manager, authorizing the QSP to provide services. This form lists the time frame in which the service can be provided; maximum amount of service authorized per month, and the tasks the QSP is authorized to provide.

- **Case Management (CM):** A process provided by a licensed social worker that provides specialized assistance to aged and disabled individuals who desire and need help in selecting and/or obtaining resources and services. This includes coordinating the delivery of the services in order to assist functionally impaired individuals to remain in the community in the most cost-effective manner. The case management provider must agree to know and follow policy and procedure established for HCBS services.

- **Chore Service:** Tasks that are on a one-time, intermittent, or occasional basis which enable the client to remain in the home. These tasks include heavy housework and periodic cleaning, professional extermination, lawn care and snow removal. The task must be the responsibility of the client and not the responsibility of the landlord.

- **Community Transition Services:** Assisting eligible individuals in transitioning from an institution or another provider-operated living arrangement (to include skilled nursing facility, adult residential, adult foster care, basic care, and assisted living) to a living arrangement in a private residence where the client is directly responsible for his/her own living expenses and needs non-recurring set-up expenses. Service includes both Transition Coordination and One-Time Transition Costs. Individuals providing this service must hold a bachelor’s degree in sociology, social services, social work, nursing, or a field related to programmatic needs from an accredited university.
- **Companionship Services**: Activities that support therapeutic socialization or help the individual maintain the most inclusive community life. Services include non-medical care, supervision and socialization, but does not entail hands-on nursing care. Providers may also perform light housekeeping tasks that are incidental to care and supervision of the participant. This service must be provided in accordance with a therapeutic goal in the service plan. It is provided to a client who lives alone or with an individual who is not capable or obligated to provide the service. Individuals who are identified as a relative of the recipient cannot enroll as a companionship provider.

- **Competency Level**: The skills and abilities required to do something well or to a required standard.

- **Electronic Visit Verification (EVV)**: is a Federal requirement from the 21st Century Cures Act that will impact QSPs. EVV is a system that uses a mobile device application in a phone, tablet, or laptop that records the beginning and ending time of services provided to individuals in their homes by providers. This electronically verifies that the service was provided at a particular location where the service is authorized as required by the law. This will be effective January 1, 2020 and will be used for billing and payment of services.

- **Endorsement**: A task that requires special skill and approval.
  - **Global Endorsement**: These QSP endorsements apply for all clients
  - **Client Specific Endorsement**: These endorsements require specific instruction for an individual client who requires the extra endorsement(s).

- **Environmental Modification (EM)**: Physical adaptations to the home necessary to ensure the health, welfare, and safety of the client or which enables the client to function with greater independence in his/her home.

- **Extended Personal Care (EXPC)**: Hands on care of a medical nature that is specific to the needs of an eligible client. Training to complete tasks is provided by a Nurse Educator.

- **Family Personal Care (FPC)**: A type of Personal Care service that is provided to an individual by their legal spouse. The spouse must be enrolled as a Family Personal Care service provider and the client must be pre-approved by the Case Manager.

- **Homemaker Service (HMKR)**: Occasional non-personal environmental care tasks such as housekeeping, laundry and shopping.

- **Limited to Tasks**: Limits and cautions placed on tasks provided by QSPs.

- **National Provider Identifier Number (NPI)**: An NPI is a unique identification number for covered health care providers, created to improve the efficiency and effectiveness of electronic transmission of health information.
- **Non-Medical Transportation (NMT):** Transportation that allows individuals to access essential community services such as grocery, pharmacy, banking, post office, laundromat, utility company, and social security office, in order to maintain themselves in their home.
  - Non-Medical Transportation Driver with Vehicle (NMT-D/V): Driving the client to and from his/her home to authorized points of destination.
  - Non-Medical Transportation Escort (NMT-E): Going with the client to assist in entering and exiting as well as helping during transport so the client may complete the activity for which (non-medical) transportation is authorized.

- **Nurse Educator (NE):** A service to include nurse assessment, care planning, training of nursing tasks for a client who is receiving services provided by a QSP enrolled to provide Extended Personal Care Services. This service is provided by QSP who is licensed by and in good standing with the ND Board of Nursing.

- **Nurse Management (NM):** A service to include nurse assessment, care planning, delegation of nursing tasks, and monitoring quality of care to a client receiving Attendant Care Services. The client must be ventilator dependent for a minimum of 20 hours per day. Service is provided by QSP who is licensed by and in good standing with the ND Board of Nursing.

- **Personal Care Service (PC):** Assistance with bathing, dressing, toileting, incontinence, medication assistance, transferring, mobility in the home, eating, fingernail care, skin and mouth care, and exercises. This service may include assistance with non-personal environmental care tasks such as housekeeping, laundry and shopping only as authorized by the HCBS Case Manager.

- **Medicaid Provider Number:** Identifying number assigned to the enrolled QSP.

- **Qualified Service Provider (QSP):** A self-employed individual that has met all the standards/requirements and has enrolled with the Department of Human Services as a provider.

- **Respite Care (RC):** Temporary care for a specified period of time provided to a client so their primary caregiver has relief from the stress and demands of ongoing daily care. This service is provided in the client's home.

- **Respite Home Care (RHC):** Temporary care for a specified period of time provided to a client so their primary caregiver has relief from the stress and demands of ongoing daily care. This service is provided in the provider's home and a Respite Home Evaluation must be completed by a HCBS Case Manager.

- **Service:** Work done by a provider for payment.

- **SFN:** State Form Number, located on the upper left side of a form.
• **Standard**: A level of quality or excellence that is accepted as normal for a specific task.

• **Supervision**: May be provided to assist eligible recipients who live alone or with an individual who is not identified as a relative. An individual could be considered to have a need for supervision due to impairment that may require human intervention in order to safeguard the individual from harm.

• **Universal Precautions**: Caregivers who have direct individual contact are required to follow certain guidelines to prevent the spread of infectious diseases, including use of Personal Protective Equipment (PPE) when providing HCBS services, such as wearing facemasks. They also include commonly accepted work practices to avoid contamination by blood, body fluids, secretions, excretions (except for sweat), nonintact skin, mucous membranes, dried blood, and other body substances including saliva, such as gowns and gloves.
Services Requiring Additional Information:

Applicants requesting enrollment for the following services, must send all required additional information listed below. You will not be approved for the following services without all required information. Additional forms, if required, can be obtained by calling the QSP Enrollment at 701-328-4602 or at the following website: https://www.nd.gov/eforms.

- **Adult Day Care**
  - Requires SFN 1703 – Compliance Check List for Adult Day Care Standards
    - This will be completed through a home visit conducted by a Department staff member.
  - Must meet standards for NMT-D/V if providing driving services as part of program
  - SFN 55 – Cost Report

- **Attendant Care Services**
  - Requires SFN 644 – Attendant Care Service Provider Agreement
  - Client must be an eligible recipient receiving ventilator services

- **Case Management**
  - Must be currently licensed to practice Social Work in the State of ND
  - Must know and follow policy and procedure established for HCBS services
  - Must attend training provided by the Department
  - Memorandum of Understanding (MOU) signed and written response
  - Confidentiality Agreement

- **Chore Services**
  - Requires signed Chore Statement

- **Extended Personal Care**
  - Requires SFN 576 – Extended Personal Care Service Provider Agreement

- **Non-Medical Transportation**
  - Signed statement on SFN 1603 Page 2
  - Copy of current valid driver’s license
  - Cannot have history of DUI within the past 3 years

- **Nurse Educator**
  - Requires SFN 577 – Nurse Educator Service Provider Agreement

- **Nurse Management**
  - Requires SFN 643 – Nurse Management Agreement
  - Client must be an eligible recipient receiving ventilator services

- **Nursing Assessment**
• Must have current nursing license through ND Board of Nursing
  Requires SFN 576 and SFN 577

• **Respite Care**
  Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN

• **Respite Home Care**
  Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN
  Requires SFN 659 – Respite Home Evaluation
    • This will be completed through a site visit conducted by Department

• **Respite in Adult Foster Care**
  Requires SFN 466 – Background Check Address Disclosure
    (initial enrollment only)
  Requires SFN 467 – Personal Authorization for Criminal Record Inquiry
    (initial enrollment only)
  Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN

• **Supervision**
  Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN

For the HCBS services of **Adult Foster Care** and **Family Home Care**, please refer to the separate QSP Handbook and Form Packet for these services.

All QSP Handbooks and Form Packets can be found at the following website: [http://www.nd.gov/dhs/services/adultsaging/providers.html](http://www.nd.gov/dhs/services/adultsaging/providers.html)

**HCBS Recipient’s Right of Privacy, Dignity and Respect, and Freedom from Coercion and Restraint:**

Individuals receiving HCBS have a right of privacy, dignity, and respect when receiving services. The use of coercion, seclusion, and restraint of recipients in all settings with the exception of the limited use of restraints in adult residential service settings as described in NDCC 50-10.2-02 (1) is prohibited.
All required information must be received and completed correctly before the Department can finalize enrollment or renewal.

- Copy of Government Issued Identification (i.e. driver’s license, tribal ID, etc.)
- SFN 1603 – Individual Request to be a Qualified Service Provider
- National Provider Identifier Number (NPI) (Not applicable for Family Personal Care)
  - If you do not have an NPI number, please apply online: https://nppes.cms.hhs.gov/#/ (preferred method)
  - You will need a Taxonomy Code to obtain an NPI number
    - The Department of Human Services (DHS) recommends that you use taxonomy code 3747P1801X for enrolling in personal care services, even if you provide other types of services as well. If you are ONLY going to be providing Homemaker services, use taxonomy code 376J00000X. If you are ONLY going to be providing Chore services, use taxonomy code 372500000X.
- SFN 750 – Documentation of Competency OR Copy of License/Certification
  - This form is required unless you are registered as an RN, LPN, PT, OT, or CNA
  - Documentation of license/certification must be submitted, if applicable.
- SFN 433 – Child Abuse and Neglect Background Inquiry
- SFN 615 – Medicaid Program Provider Agreement
- W-9 – Request for Taxpayer Identification Number and Certification
- FRAUD, WASTE, AND ABUSE (FWA) TRAINING
  - Use the following link to access the online training on our website: http://www.nd.gov/dhs/services/adultsaging/providers.html
  - Scroll down the page to the RESOURCES heading
  - Click on ONLINE TRAINING – Fraud, Waste and Abuse
    - Once you’ve completed the training, enter your name in the required field.
    - A certificate of completion will be generated; this certificate should be included your enrollment documents.
- SFN 583 – North Dakota Medicaid Electronic Remittance Advice (835) Enrollment
High Risk Provider Guidelines and Additional Requirements

Qualified Service Providers (QSPs) will be classified as High Risk if any of the following criteria apply:

✓ You have had a payment suspension within the last ten years associated with a credible allegation of fraud, waste or abuse
✓ You have been excluded on the OIG exclusion list within the last ten years
✓ You have an existing overpayment of funds of $1500 or greater and all of the following:
  o The balance is more than 30 days old
  o Has not been repaid at the time application was filed
  o Is not currently being appealed
  o Is not part of an approved extended repayment schedule for entire outstanding overpayment

If you believe you may be a High-Risk provider or applicant, please contact QSP Enrollment for further requirements prior to enrollment.

Criminal Convictions

Court papers regarding criminal history including misdemeanor and felony offenses both in-state and out-of-state, not including minor traffic violations, need to be submitted to the Department.

Criminal convictions may not prevent enrollment but needs to be reviewed to determine if standards for enrollment are met.

1. If you have been found guilty of or pled no contest to an offense identified in ND Admin Code 75-03-23-07, your enrollment status or application may be further evaluated to determine if you are sufficiently rehabilitated.

2. According to ND Admin Code 75-03-23-07, the department may not consider a claim that the individual has been sufficiently rehabilitated until any term of probation, parole or other form of community corrections or imprisonment without subsequent charge or conviction has elapsed, unless sufficient evidence is provided of rehabilitation.

You are required to notify the department if your conviction history changes.
Electronic Visit Verification (EVV)

Electronic Visit Verification (EVV) is a system that uses a mobile device application on a phone, tablet, or laptop that records the beginning and ending time of services provided to individuals in their homes by providers. This electronically verifies that the service was provided at a particular location where the service is authorized as required by the law. This will be effective January 1, 2020 and will be used for billing and payment of services.

Services Subject to EVV:
- Respite Care
- Homemaker
- Chore
- Personal Care
- Extended Personal Care
- Nurse Education
- Non-Medical Transportation
- Supervision
- Companionship

EVV Systems Must Verify:
- **Type** of service performed;
- **Individual receiving** the service;
- **Date** of the service;
- **Location** of service delivery;
- **Individual providing** the service;
- **Time** the service begins and ends.

All individual QSPs will be required to participate in an EVV system, with the exception of Family Personal Care service providers. QSPs must have access to a phone, tablet, or laptop to utilize this system. This is necessary to receive service authorizations and to submit claims electronically, as paper claims will no longer be accepted for the services subject to EVV (listed above).

The Department has a contract with Therap to provide the EVV system, which is available to QSP’s free of charge. You may choose a different EVV provider but will be responsible for setup and any fees associated with usage. You are required to notify the Department of the system you will be utilizing on the SFN 1603. If no alternative system is indicated, you will automatically be enrolled with Therap.

Therap is used to generate and submit professional claims directly to MMIS. However, providers are not required to use Therap for billing, and are then responsible for submitting a professional claim electronically on their own.

If you choose to use Therap for billing, you are required to submit an SFN 583 – North Dakota Medicaid Electronic Remittance Advice (835) Enrollment form. To submit this form, visit: https://www.nd.gov/eforms/Doc/sfn00583.pdf
If you are using another EVV System, you will need to contact them to determine if this form is required. This form will need to be submitted electronically. If you are submitting your own professional claims, this form is not required.

For more information about the EVV system, visit: https://youtu.be/SCUvxoZXAwY

An Aggregator system is used in conjunction with the EVV system. This will be used to support claims integration and claims auditing, allowing payers to connect adjudication to visit verification data in real time. This system will aggregate EVV data from both Therap and third party vendors.

Once enrolled, QSPs will be sent a temporary password to be used to log in to Therap. This notification will also include links to training documents and important information regarding the program. After receiving this information, if further assistance is needed regarding Therap, you can contact them by e-mail at ndsupport@therapservices.net

If you would like more information regarding Therap, please visit their website: http://www.therapevv.net/nd
## Chart A

### Standards and Allowable Tasks/Activities

**Services are:**
- CHORE – Chore Services
- HM – Homemaker
- FPC – Family Personal Care
- ExPC – Extended Personal Care
- NMT-D – Non-Medical Transportation Driver
- RC – Respite Care
- PC – Personal Care Services
- COMP – Companionship
- NE – Nurse Educator
- ENV MOD – Environmental Modification
- ADC – Adult Day Care
- SUP – Supervision
- NMT-E – Non-Medical Transportation Escort

### Applicable to Services

<table>
<thead>
<tr>
<th>Standard</th>
<th>Required Documentation of Competency Level</th>
<th>Limited to Tasks</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. All Providers</td>
<td>Have the basic ability to read, write and verbally communicate.</td>
<td>Assurance checked indicating educational level or demonstrated ability.</td>
</tr>
</tbody>
</table>
| 2. All Providers | (A) Not have been convicted of an offense that has a direct bearing on the individual’s fitness to be a provider.  
(B) Have not been abusive or neglectful of someone.  
(C) Have not stolen from someone. | Statement attesting to his/her status regarding conviction of a felony or misdemeanor.  
Statement attesting to his/her status regarding having been physically, verbally, mentally or sexually abusive or neglectful of someone.  
Statement attesting to his/her status regarding having stolen from someone. |
| 3. All Providers | Not have infectious or contagious disease.  
Be physically capable of performing the service. | Assurance marked declaring if have any infectious contagious disease.  
Assurance checked stating having the physical capability to perform the service. |
| 4. All Providers | Uphold confidentiality. | Agree to refrain from discussing any information pertaining to clients with anyone NOT directly associated with service delivery.  
Agree to NOT reveal client personal information except as necessary to comply with law and to deliver services.  
Assurance marked agreeing to maintain confidentiality |
| 5. All Providers | Know the guidelines and practice universal/standard precautions. | Guidelines for universal/standard precautions:  
1. Wash hands:  
   - Before, during and after preparing food.  
   - Before eating food.  
   - Before and after caring for someone who is sick with vomiting or diarrhea.  
   - Before and after treating a cut or a wound.  
   - After using the toilet.  
   - After changing incontinent care products.  
   - After blowing your nose, coughing, or sneezing.  
QSPs who live with the client or who are caring for relatives are not required to wear a face mask. |
### Use of Personal Protective Equipment (PPE):

- Wear clean gloves when touching blood, body fluids, secretions, excretions, and soiled items like linens, incontinence products, etc.
- Gowns (if needed) – should be worn during cares that are likely to produce splashes of blood or other body fluids.
- Mask – Due to the prevalence of COVID-19 spread without symptoms, it is expected that providers will always wear a face mask when interacting with clients. Use during care activities where close contact with client is unavoidable. Clean hands with soap and water or hand sanitizer before touching mask. Mask can be worn throughout tasks and does not need to be changed between them if it is not soiled.

### Prevent injuries from used equipment like needles and other sharp instruments or devices during cares provided.

- Do not recap needles or remove needles from syringe.
- After use, place disposable syringes and needles and other sharp items in a puncture-resistant container for disposal.

### Clean equipment used for the individual before and after each use.

#### Steps to Wash Your Hands

Follow these steps when wash your hands every time:

- Wet your hands with clean, running water, turn off the tap and apply soap.
- Lather your hands by rubbing them together with the soap. Lather the backs of your hands, between your fingers and under your nails.
- Scrub your hands for at least 20 seconds.
- Rinse your hands well under clean running water.
- Dry your hands using a clean towel or air dry them.

If soap and water are not available:

- Use and alcohol-based hand sanitizer that contains at least 60% alcohol.

Follow these steps when using hand sanitizer:

- Apply the gel product to the palm of one hand in the correct amount.
- Rub your hands together.
- Rub the gel all over the surfaces of your hands and fingers until your hands are dry, which should take around 20 seconds.

#### Steps to Use Hand Sanitizer

Followed Body Substance Isolation (BSI) recommended practice that includes the use of gloves, gowns and proper disposal of both body fluids and items used.
## Use of Personal Protective Equipment (PPE):

Wear clean gloves when touching blood, body fluids, secretions, excretions, and soiled items like linens, incontinence products, etc.

- Perform hand hygiene prior to putting on gloves.
- Remove jewelry, cover abrasions then wash and dry hands.
- Ensure gloves are intact without tears or imperfections.
- Fit gloves, adjusting at the cuffs.
- Remove by gripping at cuffs.
- Immediately dispose of gloves in waste basket.
- Wash hands after removing gloves.
- Replace gloves after sneezing, coughing, touching or the hair or face, or when contaminated.
- DO NOT reuse gloves, they should be changed after contact with each individual.

Gowns (if needed) – should be worn during cares that are likely to produce splashes of blood or other body fluids.

- Fully cover torso from neck to knees, arms to end of wrists, and wrap around the back.
- Tie all the ties on the gown behind the neck and waist.
- Untie or unsnap all ties or buttons. Some ties can be broken rather than untied. Do so in a gentle manner, avoiding a forceful movement.
- Reach up to the shoulders and carefully pull gown down and away from your body. You may also roll the gown down your body.
- Dispose the gown in waste basket.
- Perform hand hygiene after removing gowns.

Mask – **Due to the prevalence of COVID-19 spread without symptoms, it is expected that providers will always wear a facemask when interacting with clients.**

Use during care activities where close contact with a client is unavoidable. Clean hands with soap and water or hand sanitizer before touching the mask. Mask can be worn throughout tasks and does not need to be changed between them if it is not soiled.

- Secure ties or elastic bands at middle of head and neck
- Fit flexible band to nose bridge.
- Fit snug to face and below chin.
- With clean hands, untie or break ties at back of head.
- Removed mask by only handling at the ties, then discard in waste basket.
- Wash hands.
- Homemade masks can be used as a last resort. These should be washed/disinfected daily.

Do not reuse face masks.

### 8. PC, RC, ADC

Know generally accepted practice in bathing techniques: bed, tub, and shower.

Washed hands and applied gloves and facemask. Gathered necessary supplies/equipment (e.g. soap, wash cloth, towel); assured privacy; checked for appropriate water temperature; made mitten out of washcloth; (began with cleanest part of body). For bed bath: washed, rinsed, and patted dry one part of body at a time and only exposed the part of body being washed; observe for unusual changes in skin condition. For clients needing assistance with washing, follow procedure for bed
<table>
<thead>
<tr>
<th>9. PC, RC, ADC</th>
<th><strong>Know generally accepted practice in hair care techniques:</strong> bed and sink shampoo, shaving.</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>bath/sponge bath using gloves. Changed gloves between cares. Instruct client to use safety bars when getting in and out of tub. Caregiver to provide necessary assistance with transfer to prevent fall. For client who is unsteady, drain tub water prior to client attempting to get out. Assist with transfer from tub or shower. Make sure all skin areas are thoroughly dry. Inspect skin for any changes (see Standard #18). Removed gloves and facemask and washed hands. Cleanse bath or shower.</td>
</tr>
<tr>
<td></td>
<td>Washed hands and applied gloves and facemask. <strong>Bed shampoo:</strong> Gathered necessary supplies and equipment (e.g. shampoo, towel(s), pail, bucket, chair); placed pail/bucket on chair at head of bed; checked for appropriate water temperature; protected mattress and chair with plastic or towel; used plastic drainable trough; used cup or pitcher to pour water; shampooed, rinsed, dried hair; cleaned up. If a shampoo board is used, the board must be completely sanitized before being used for the next or another client. <strong>Sink shampoo:</strong> Gathered necessary supplies and equipment (e.g. shampoo, towel(s), washcloth); placed towel on client’s shoulders; used washcloth to cover eyes; had client lean toward sink, wet hair; shampooed, rinsed, dried hair; cleaned up. If a shampoo board is used, the board must be completely sanitized before being used for the next or another client. <strong>Shaving:</strong> Gathered necessary supplies and equipment (e.g. electric razor, safety blade (no straight-edged razor), towel(s), lotion); had client in sitting position or on back; applies warm washcloth and then shaving cream or gel if using safety blade; held skin tautly; shaved in direction of hair growth; rinsed shaven area; applied shaving lotion, if desired; cleaned up. No sharing of razor blades. Removed gloves and facemask and washed hands.</td>
</tr>
<tr>
<td>10. PC, RC, ADC</td>
<td><strong>Know generally accepted practice in oral hygiene techniques:</strong> brushing teeth, cleaning dentures.</td>
</tr>
<tr>
<td></td>
<td>Washed hands and applied gloves and facemask; gathered necessary supplies (e.g. toothbrush; toothpaste; small water basin); applied toothpaste to toothbrush; gave client toothbrush if able to brush own teeth, or brushed using gentle motion; brushed teeth thoroughly throughout the mouth; offered rinse water; offered mouth wash; wiped client’s mouth; observed for bleeding and pressure areas in mouth from dentures; replaced to storage; cleaned up. Removed gloves and facemask and washed hands.</td>
</tr>
<tr>
<td>11. PC, RC, ADC</td>
<td><strong>Know generally accepted practice in how to dress/undress client.</strong></td>

</table>
| **15. HM, PC, RC, ADC** | Have knowledge of basic meal planning and preparation. | Planning: Developed a menu utilizing the basic food groups; made a shopping list, considered variety, texture, flavors, color, and cost of foods.  
Shopping/Purchasing: Read food labels; identified ingredients (this is critical for special diets (e.g. salt free, low in sugar); considered cost; used seasonal food when possible.  
Preparing the Meal: Washed hands and applied gloves and facemask; followed the menu; followed recipes; know food substitutions, allowed for special diet if a food item is not available; prepared one-dish meals as appropriate or for foods which may be reheated, prepared for proper storage and reheating for future servings; used proper size pans; used correct burner size; when using oven, prepared more than one item at a time; when possible, use toaster/microwave for small meals, conventional oven for big meals, cleaned up; wash dishes. Removed gloves and facemask and washed hands. | Does NOT include canning of produce or baking of such items as cookies, cakes & bread. |
<p>| <strong>16. PC, RC, ADC</strong> | Know generally accepted practice for routine eye care. | Washed hands and applied gloves and facemask. Able to assist in self-administration of routine eye care; assemble supplies, eye care products, and gloves if there is drainage coming from eye. Wash hands and apply gloves if necessary. Instill solution according to manufacturer’s guidelines. Removed gloves and facemask and washed hands. | Routine regimen prescription and non-prescription eye drops, ointment, eye pad after a well established routine of care has been set forth for the client. |
| <strong>17. PC, RC, ADC</strong> | Know generally accepted practice in proper care of nails. | Nail Care: Washed hands and applied gloves and facemask. Gathered necessary supplies and equipment (towel, water basin, nail file, nail clipper); filled wash basin with warm water, soaked client’s fingernails approximately 20 minutes; cleaned under fingernails; clipped fingernails straight across; shaped with nail file; cleaned up/replaced equipment/supplies; washed hands. Properly disposed of nail clippings. Removed gloves and facemask and washed hands. | Routine fingernail care. ONLY if the client DOES NOT have diabetes, heart disease, circulatory disease or fungus. |</p>

<td>19. PC, RC, ADC</td>
<td>Know generally accepted practice of caring for skin.</td>
<td>Washed hands and applied gloves and facemask, identified pressure points (bony areas of body): changed client’s position every two hours; kept linens wrinkle-free and dry, used powder where skin comes together; washed and dried client’s skin promptly if urine or feces are present and have now been removed, applied lotion as necessary for dry skin, observed for skin breakdown. Removed gloves and facemask and washed hands.</td>
<td>Prophylactic (prevent-active) and palliative (relief or relieving) skin care, including bathing and application of non-prescriptions lotions or treatment for minor skin problems. Do not rub reddened areas. Report notice of reddened skin areas or open areas to HCBS Case Manager.</td>
</tr>
<tr>
<td>20. PC, RC, ADC</td>
<td>Know generally accepted procedure for turning and positioning client in bed.</td>
<td>Maintained body alignment, kept spine straight and supported head. For Sitting Up: Placed pillows as needed for comfort, if hospital bed – raised backrest to desired position. In Positioning on Back: Supported non-functional body parts with folded/rolled towels/pillows (shoulder blade, hip, hand, arm/elbows, leg) to promote blood circulation; did not place pillows, rolled or folded towels under knees when lying on back, loosened top sheet to prevent pressure from toes. In Turning Client Toward You/Away From You: Lower head of bed if evaluated, move client to side of bed near you; crossed client’s arms over chest and nearest leg over farthest leg; placed one of your hands on client’s shoulder, one on hip; gently rolled client toward you or push client away from you; placed pillows as appropriate for comfort and support (against back, under head and shoulder, in front of bottom leg, top leg on pillow, under client’s arm/hand).</td>
<td></td>
</tr>
<tr>
<td>21. PC, RC, ADC, NMT-E</td>
<td>Know generally accepted practice in transferring client; using belt, standard sit, bed to wheelchair.</td>
<td>Washed hands and applied gloves and facemask. Transfer Belt: Assisted client to sit; applied belt; stood in front of client; client’s hands on your shoulders; grasped belt, had your knees braced against client’s; had your feet block client’s; raised and lowered client. To Standard Sit: Put client’s hands on chair arms, one of your knees between clients; other knee braced client’s knee; held client at center of gravity; instructed client to stand. Reversed procedure to sit. Bed to Wheelchair: Positioned wheelchair; locked the wheels; assisted client to dangle legs; instructed client to stand, reach for wheelchair arm, pivot and sit; supported and guided client. Reversed procedure to return to bed. Removed gloves and facemask and washed hands.</td>

GLOBAL ENDORSEMENTS

GLOBAL ENDORSEMENTS

- Not required to enroll as a QSP unless enrolling for Respite Care, Supervision or Companionship Services
- Respite Care, Supervision, and Companionship Services require the Cognitive/Supervision Global Endorsement.
- Other Global Endorsements may be required to provide assistance in additional areas for some clients according to their specific authorization.
- A QSP may choose to meet the standards for any or all Global Endorsements but will not be approved unless competency is shown on either the SFN 750 or given through CNA/RN/LPN/OT/PT endorsements.

The Global Endorsements are:

A. Maintenance Exercise
B. Catheter Care
C. Medical Gases-Limited to oxygen
D. Suppository-non-prescription
E. Cognitive/Supervision (REQUIRED for RESPITE CARE, SUPERVISION & COMPANIONSHIP SERVICES)
F. Taking Blood Pressure, Pulse, Temperature, Respiration Rate
G. Ted Stockings (surgical stockings)
H. Prosthesis/Orthotics/Adaptive Devices
I. Hoyer Lift/Mechanized Bath Chair

Requirements for Global Endorsements
- If you have any of the following current licenses or certifications, you automatically qualify for all Global Endorsements:
  - Registered Nurse,
  - Licensed Practical Nurse,
  - Registered Physical Therapist,
  - Registered Occupational Therapist, and
  - Certified Nurse Assistant.

- If you do not have any of the above listed licenses or certifications, you must send a completed DOCUMENTATION OF COMPETENCY (SFN 750) to be given any and/or all of these endorsements.

<tbody>
<tr>
<td>A. MAINTENANCE EXERCISE</td>
<td>Know generally accepted practice of how to perform maintenance exercise regimens.</td>
<td>Exercises are maintenance oriented and client specific. Assisted client to complete exercises which have been taught to client – neck, shoulders, elbows, wrists, fingers, hips, knees, ankles, toes. Follow only exercise regimen recommended for the client; i.e. the performance of the repetitive exercise required to maintain function, improve gait, maintain strength, or endurance; passive exercise maintain motion in paralyzed extremities, not related to a specific loss of function, and assistive walking.</td>
<td>Limited to general observation of exercises which have been taught to the client; including the actual carrying out of maintenance program, the performance of repetitive exercises required to maintain function, improve gait, maintain strength, or endurance, passive exercises to maintain range of motion in paralyzed extremities which are not related to a specific loss of function and assistive walking.</td>
</tr>
<tr>
<td>B. CATHETER</td>
<td>Know generally accepted practice of procedure for routine care of indwelling bladder catheter care.</td>
<td>Washed hands and applied gloves and facemask, gathered all necessary supplies (basin of warm water, mild soap, washcloth, plastic bag for waste, disposable gloves); provided for client privacy; held catheter with one hand, do NOT hold up so that urine runs back into the bladder; cleaned meatus and catheter with other hand; wiped from meatus toward anus; patted area dry; applied lotion as necessary; observed for redness, swelling or discharge; disposed of waste; cleaned up; returned supplies to proper storage; removed gloves and facemask and washed hands.</td>
<td>Limited to general maintenance care after a well-established routine of care has been set forth for the client. NO CATHETERIZATION OF CLIENT ALLOWED.</td>
</tr>
<tr>
<td>C. MEDICAL GASES</td>
<td>Know generally accepted practice to administer medical gases.</td>
<td>Client specific monitored only as specifically recommended for client.</td>
<td>Limited to monitoring or routine assistance. Limited to oxygen only.</td>
</tr>
<tr>
<td>D. SUPPOSITORY</td>
<td>Know generally accepted practice of how to assist with suppository and maintain bowel program.</td>
<td>Ability to follow specific recommendations for assisting in suppository use by client. Assisted client to maintain bowel program as prescribed. Prior to assisting client with suppository, hands are washed and gloves and facemask are applied. After task is complete, removed gloves and washed hands.</td>
<td>Non-prescription suppository only.</td>
</tr>
<tr>
<td>E. COGNITIVE SUPERVISION (REQUIRED FOR RESpite CARE SUPERVISION &amp; COMPANIONSHIP)</td>
<td>Know generally accepted practice of caring for cognitively impaired person, and persons who require supervision or a structured environment on a continuous basis.</td>
<td>Show evidence of knowledge of cognitive impairments included but not limited to Alzheimer's, Parkinson's and Multi-Infarct (dementia), as well as the unique needs of caring for a person that is so impaired. Address issues, such as care staff reaction to repetitive and/or inappropriate behavior, nonverbal communication techniques; observing for difficulty eating, chewing and/or swallowing; techniques used with wandering behavior. Show evidence of knowledge of the role of supervision and observation for a client who needs supervision continuously, except for brief periods of time, for health/safety, cognitive and/or behavioral reasons.</td>
<td>QSP will be notified by case manager who is to be notified of readings. (This is determined in care planning)</td>
</tr>
<tr>
<td>F. TEMPERATURE/ BLOOD PRESSURE/ PULSE/ RESPIRATION RATE</td>
<td>Know generally accepted practice for taking temperature, blood pressure, pulse, and respiration rate.</td>
<td>Able to identify average normal adult rates. Washed hands, gathered necessary equipment (thermometer, blood pressure cuff, watch with minute hand), assisted client to sit or stand in comfortable position, obtained the measure/rate, cleaned and replaced equipment to proper storage, washed hands.</td>
<td>QSP will be notified by case manager who is to be notified of readings. (This is determined in care planning)</td>
</tr>
<tr>
<td>G. TED SOCKS (surgical stockings)</td>
<td>Know generally accepted procedure of applying surgical stockings.</td>
<td>Gathered appropriate supplies: Applied surgical stockings according to manufacturer’s instructions.</td>

</tr>
</tbody>
</table>
STEP 2: AFTER QSP APPROVAL

- As a Qualified Service Provider (QSP), you are **not** an employee of the Department of Human Services.

- You are a self-employed, independent contractor. QSP’s provide a service and are paid for the authorized services that are delivered.

- The Department **does not** withhold or pay any social security, federal or state income tax, unemployment insurance, or workers’ compensation insurance premiums from the payments you receive as a QSP. Withholding and paying taxes on QSP payments is your responsibility as a self-employed individual. Information on the tax responsibilities of independent contractors can be found at: [https://www.irs.gov/](https://www.irs.gov/)

- Once approved, a packet of information will be sent to you by the Medical Services Division, Department of Human Services (Department). Included in the packet:
  - Your QSP provider number
  - Rules about keeping service records
  - Billing instructions
  - A copy of the annual QSP newsletter
  - Phone List of who to call with any questions

- Once approved, a separate correspondence will be e-mailed (or mailed if no e-mail address is provided) with the password and instructions for logging in and utilizing Therap. (Not applicable for Family Personal Care)

- Your enrollment information is added to a list kept by the Department and distributed to each County Social Service office. Your name is only given to clients etc. if you requested to be on the public list.

- The HCBS case manager determines the client’s need for services. The client then selects their QSP (from the list of QSP’s).

- If you are the chosen QSP, the HCBS case manager will contact you and an authorization to provide services will be created in Therap. You cannot provide services without an Authorization. For Family Personal Care, the HCBS case manager will provide an authorization.

  - You must then review the authorization to provide services. It contains the following information:
    - The **tasks** you are **authorized and expected to provide**,
    - The maximum number of units you are allowed to provide/bill (a unit is 15 minutes),
    - The definitions of the tasks are located on the back of the authorization.
- You **must** have a current **Authorization to Provide Services** in your possession for each client before providing services and to be eligible for payment by the Department of Human Services.

- You can only provide services in a home when the client/member is there.

- **You are required to keep records of the services provided.** Therap does NOT replace this requirement. The records must be kept a minimum of 42 months after services have ended - **EVEN IF YOUR STATUS AS A QSP IS STOPPED.** All records must include:
  1. Name and ID of the client/member
  2. Name and ID of the provider (you)
  3. Date of the service
  4. Start time and end time (including a.m. and p.m.) in the client home,
  5. Units of service, by procedure code
  6. Tasks performed (use task name as listed on the authorization)

Refer to the sample documentation sent in the information packet after enrollment is approved.

If you are audited, these records are what you would submit for review.

- You bill the Department directly for services provided for Family Personal Care only. All other services are billed through Therap. You must be enrolled for the services before you can bill for them. You can only bill for services that are authorized and provided.

- Payment by the Department will be minus any client liability or cost sharing (some clients are responsible for a portion of their service costs). The client is responsible to pay you directly for any client liability/cost sharing.

**Adding Additional Services:**
- Contact the Department or the client’s Case Manager to request additional services be added to your enrollment.

**Address Changes:**
- You must inform HCBS Medical Services within 14 days of any address changes
- If you cannot be reached by mail after two attempts, your status as a QSP may be closed.

**Name Changes:**
- **Proof of name change** (Social Security Card and government issued ID), updated W-9 are required to be submitted.

**Conviction History Changes:**
- You are required to notify the department if your conviction history changes.

- If you have been found guilty of or pled no contest to an offense identified in ND Admin Code 75-03-23-07, your application may be taken to a department team meeting to determine if you are sufficiently rehabilitated.
• According to ND Admin Code 75-03-23-07, the department may not consider a claim that the individual has been sufficiently rehabilitated until any term of probation, parole, or other form of community corrections or imprisonment without subsequent charge or conviction.

Rural Differential Rate

The purpose of the Rural Differential Rate is to create greater access to HCBS Services for clients who live in rural areas of ND by offering a higher rate to QSPs who travel to provide services. QSPs that travel at least 21 miles round trip to provide care to authorized individuals in rural areas will be reimbursed at a higher rate for those cares.

QSPs are not paid for the time they drive to or from the clients’ home. The rural differential rate may only be used for the time spent actually providing Services.

QSPs may only charge the increased rate on the days of travel. Example: If the QSP drives to the client’s community and stays over a weekend or multiple days, then returns to their own home, the QSP can only charge the increased rate on the days they actually traveled. The standard billing rate would apply for all other days.

Only certain services are authorized under the Rural Differential Rate (RD). Please consult your Case Manager for more details.

If you are approved for RD for a client, please be advised of the following:

• Billing for this rate is closely checked every month
• You can only charge the RD rate on the days you are actually traveling.
• You are required to prove your physical address
• You are required to tell both your Case Manager and the Department within 14 days of any address change. Failure to do so may result in a temporary stop of authorized services and/or a repayment of money for services provided
• If an error is found in billing or you are unable to provide proof of your physical address when requested, any payments made during this time may have to be paid back
• There are increased documentation requirements if approved for the RD Rate.
QSP Audits, State Exclusion & OIG Referrals

The Department of Human Services is required to complete provider reviews of QSPs to ensure that clients are receiving the services they need and to assure that the services provided meet standards set by the Department. When you enrolled as a QSP, you agreed to assist the Department in completing these reviews and you agreed to submit documentation upon request.

The Department is required to recoup all funds paid for services that were not delivered in accordance with policies and procedures per NDAC (ND Administrative Code) 75-03-23-10. For example, if the provider does not keep appropriate records, does not provide the service, bills over the authorized amount, uses the wrong billing codes, or makes any other type of billing errors.

If you are denied enrollment or terminated as a QSP and/or placed on the State Exclusion list for any of the following possible findings (this list is not all-inclusive), Federal law requires that we refer our final decision to exclude the provider from participating in the State Medicaid Program to the Office of the Inspector General (OIG).

This means that you could not work for any business that receives Medicare or Medicaid funds. Please be aware this does not impact your eligibility to receive Medicaid or Medicare benefits.

- Failure to keep appropriate records,
- If you did not provide the service,
- Billing over the authorized amount or billing the wrong code,
- Photocopied records, indicating service records were not completed at the time of service,
- Billing for an authorized task that is utilized in an unreasonable time frame,
- Fail to comply with a request to send records or information,
- Fail to set up payment arrangements or pay back funds paid in error,
- Professional incompetence or poor performance,
- Financial integrity issues,
- Certain criminal convictions

You may be referred to the OIG (Office of Inspector General) for possible exclusion in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 1128(b)(5) of the Social Security Act. This means that you could not work for any business that receives Medicare or Medicaid funds.

Once the OIG receives this referral, they make an independent decision based on their own criteria if the individual will be excluded from participation in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 1128(b)(5) of the Social Security Act.
If an excluded individual wishes to again participate as a provider in the Medicare, Medicaid and all Federal health care programs, they must apply for reinstatement and receive authorized notice from OIG that reinstatement has been granted.

Per ND Admin Code 75-03-23-12, if you disagree with any action regarding provider reimbursement, you may submit a formal written request for review. Formal requests must be made in writing within 10 days of notification of the adjustment or request for refund. Notification may be contained in the remittance advice or may be included in a document sent to you by the Department. Within 30 days of requesting a review, you shall provide to the Department all documents, written statements, exhibits, and other written information supporting your request for review. A provider may not request a formal review of the rate paid for each disputed item. The Department has 75 days from the date we received the notice of a request for review to make a decision.

Requests for formal reviews should be sent to:
ND DHS Medical Services Division
600 E Boulevard Ave
Dept 325 - HCBS
Bismarck, ND 58505-0250
Fraud, Waste & Abuse

The North Dakota Department of Human Services' mission is to provide quality, efficient, and effective human services, which improve the lives of people.

Medicaid provides healthcare coverage to qualifying low-income, disabled individuals and children, and families. HCBS services are part of those services. Fraud can be committed by Medicaid providers (including QSPs) or clients. The Department does not tolerate misspent or wasted resources.

By enforcing fraud and abuse efforts:
- Medicaid providers receive the best possible rates for the services they provide to Medicaid recipients;
- Medicaid recipients are assured that their out-of-pocket costs are as low as possible;
- Tax dollars are properly spent;
- North Dakota Medicaid recipients receive necessary healthcare services (including HCBS).

What is Fraud?
Fraud is an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to them or some other person.

What is Abuse?
Abuse is when provider practices are inconsistent with sound fiscal, business, or medical practices that result in an unnecessary cost to the Medicaid program, or in reimbursement for services that are not medically necessary or services that fail to meet professional recognized standards for healthcare.

Abuse may also include recipient practices that result in unnecessary costs to the Medicaid programs.

What is my role in helping prevent Medicaid fraud and abuse?
REPORT any instance of suspected fraud or abuse.

How do I report Medicaid fraud or abuse?
- By completing the Surveillance and Utilization Review Section (SURS) Referral (SFN 20)
- By calling 1.800.755.2604 or 701.328.4024
- By email at medicaidfraud@nd.gov
- By fax at 701.325.1544
- By letter at:

Surveillance Utilization Review Administrator
C/O Medical Services Division
600 E Boulevard Ave
Dept 325
Bismarck ND 58505-0250

To learn more about fraud and abuse visit the Department’s website at:
http://www.nd.gov/dhs/services/medicalserv/medicaid/fraud-abuse.html
Report Medicaid Fraud and Other Fraud

Anyone suspecting Medicaid fraud, waste, or abuse is encouraged to report it. Examples of Fraud can include:

- Billing for services not performed
- Billing duplicate times for one service
- Billing outside the allowable limits
- Billing without an authorization to provide the service

To report suspected Medicaid Fraud, please call, 1-800-755-2604 and select 6 to speak with an attendant, or email: medicaidfraud@nd.gov

To report other program fraud, call the Fraud Hotline at 1-800-472-2622 or email abrasmussen@nd.gov

HCBS Recipient’s Right of Privacy, Dignity and Respect, and Freedom from Coercion and Restraint:

Individuals receiving HCBS have a right of privacy, dignity, and respect when receiving services. The use of coercion, seclusion, and restraint of recipients in all settings with the exception of the limited use of restraints in adult residential service settings as described in NDCC 50-10.2-02 (1) is prohibit.
How to report a Critical Incident for Qualified Service Providers

Qualified Service Providers (QSPs) are required by federal law to report all critical incidents involving people they care for.

A critical incident is “any actual or alleged event or situation that creates a significant risk of substantial or serious harm to the physical or mental health, safety or well-being of a program participant.”

Incidents that need to be reported are:

1. Abuse (physical, emotional, sexual), neglect, or exploitation;
2. Rights violations through omission or commission, the failure to comply with the rights to which an individual is entitled as established by law, rule, regulation, or policy;
3. Serious injury or medical emergency, which would not be routinely provided by a primary care provider;
4. Wandering or elopement;
5. Restraint violations;
6. Death of a client and cause (including death by suicide);
7. Report of all medication errors or omissions; and
8. Any event that could harm client’s health, safety or security if not corrected.
9. Changes in health or behavior that may jeopardize continued services.
10. Illnesses or injuries that resulted from unsafe or unsanitary conditions.

How to Submit a Critical Incident Report:

Any QSP who is with a client and is involved, witnessed or responded to an event that is a reportable incident, is required to report it.

When a provider finds out about a critical incident, follow these steps:

Step 1: Report it to the Home and Community Based Services (HCBS) case manager and Step 2: Fill out a critical incident report using the General Event Report (GER) within the Therap case management system.

Step 3: If the QSP does not have access to Therap, the GER offline forms will be used to complete the critical incident report. The completed forms are then sent to the HCBS case manager.

- The offline forms can be found here: https://help.therapservices.net/app/answers/detail/a_id/2039/kw/offline%20forms#OfflineForms-GER
- The GER Event Report along with the GER Event Type form (e.g. medication error, injury, etc.) are completed and submitted together.
- Contact the HCBS case manager if you need assistance filling out the form. The completed critical incident needs to be entered into the Therap system or the GER offline form needs to be sent to the HCBS case manager within 24 hours of the incident.

Step 4: The HCBS case manager and program administrator will receive the incident report once it is submitted for review in Therap. If the GER offline form is used, the HCBS Case Manager will fax the form to (701) 328-4875 or email: dhscbs@nd.gov. The Program administrator will then enter the GER Event Report and Event Type into Therap.
If an incident involves abuse, neglect or exploitation, a provider must submit both, the incident report and report to Vulnerable Adult Protective Services (VAPs). To file a VAPS report, there are two options:

1. Use the online reporting system.
   - Using Internet Explorer, visit: https://fw2.harmonyis.net/NDLiveIntake/
   - To add the client, scroll down to the bottom of the report and choose “add.”

2. Fill out SFN 1607 (Report of Vulnerable Adult, Abuse, Neglect, or Exploitation), online at www.nd.gov/eforms/Doc/sfn01607.pdf

Examples of Critical Incidents

Example 1: If a client falls while the QSP is in the room, but the client didn’t sustain injury or require medical attention, a critical incident report is not required.

Example 2: If a family member informs the case manager that a client is in the hospital due to a stroke, a critical incident report is not required because the case manager nor QSP witnessed or responded to the event.

Example 3: If a QSP comes to a client’s home and the client is found on the floor and the QSP calls 911 so the client may receive medical attention, a critical incident report is required because the client required medical attention AND the QSP responded to the event (fall).

Example 4: If a QSP is present while the client is participating in illegal activity (e.g. drug use), a critical incident is required as the behavior may jeopardize services.

Example 5: If the QSP finds bed bugs in the client’s bed and notices the client has bug bites resulting in the need to seek medical attention, a critical incident would be required as this is an unsanitary condition resulting in illness or injury.

Remediation Plan

A remediation plan is required to be developed and implemented for each incident except for death by natural causes. The department will be responsible to monitor and follow up as necessary to assure the remediation plan was implemented.

The remediation plan will include corrective actions taken, a plan of future corrective actions, and a timeline to complete the plan if applicable. The HCBS case manager and program administrator are responsible to follow up with the QSP to ensure the remediation plan is acceptable.
STEP 3: QSP RENEWAL

Renewal is required a maximum of every two years to maintain enrollment. Enrollment length is determined by the effective and expiration dates of your enrollment forms, Documentation of Competency and/or your CNA/LPN/RN licensure if used to enroll.

A renewal notice and required forms are sent about 4-6 weeks prior to your QSP enrollment expiration date. It is the QSPs responsibility to ensure all forms are correct and returned in a timely manner for processing.

To renew your QSP enrollment, you must complete and return all of the following newly completed forms and documentation to the correct address/fax/email listed on Page 2 of this handbook.

- Copy of Government Issued Identification (i.e. driver’s license, tribal ID, etc.)
- SFN 1603 – Individual Request to be a Qualified Service Provider
- SFN 750 – Documentation of Competency OR Copy of License/Certification
  - This form is required unless you are registered as an RN, LPN, PT, OT, or CNA
  - Documentation of license/certification must be submitted, if applicable.
- SFN 433 – Child Abuse and Neglect Background Inquiry
- SFN 615 – Medicaid Program Provider Agreement
- W-9 – Request for Taxpayer Identification Number and Certification

FRAUD, WASTE, AND ABUSE (FWA) TRAINING

- Use the following link to access the online training on our website: [http://www.nd.gov/dhs/services/adultsaging/providers.html](http://www.nd.gov/dhs/services/adultsaging/providers.html)
- Scroll down the page to the RESOURCES heading
- Click on ONLINE TRAINING – Fraud, Waste and Abuse
  - Once you’ve completed the training, enter your name in the required field.
  - A certificate of completion will be generated; this certificate should be included your enrollment documents.

- SFN 583 – North Dakota Medicaid Electronic Remittance Advice (835) Enrollment

For the services listed below, additional forms or information must be sent again at the time of renewal:

- Adult Day Care
  - Requires SFN 1703 – Compliance Check List for Adult Day Care Standards
    - This will be completed through a home visit conducted by a Department staff member.
  - Must meet standards for NMT-D/V if providing driving services as part of program
  - SFN 55 – Cost Report
• **Attendant Care Services**
  • Requires SFN 644 – Attendant Care Service Provider Agreement
  • Client must be an eligible recipient receiving ventilator services

• **Case Management**
  • Must be currently licensed to practice Social Work in the State of ND
  • Must know and follow policy and procedure established for HCBS services
  • Must attend training provided by the Department
  • Memorandum of Understanding (MOU) signed and written response
  • Confidentiality Agreement

• **Chore Services**
  • Requires signed Chore Statement

• **Extended Personal Care**
  • Requires SFN 576 – Extended Personal Care Service Provider Agreement

• **Non-Medical Transportation**
  • Signed statement on SFN 1603 Page 2
  • Copy of current valid driver’s license
  • Cannot have history of DUI within the past 3 years

• **Nurse Educator**
  • Requires SFN 577 – Nurse Educator Service Provider Agreement

• **Nurse Management**
  • Requires SFN 643 – Nurse Management Agreement
  • Client must be an eligible recipient receiving ventilator services

• **Nursing Assessment**
  • Must have current nursing license through ND Board of Nursing
  • Requires SFN 576 and SFN 577

• **Respite Care**
  • Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN

• **Respite Home Care**
  • Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN
  • Requires SFN 659 – Respite Home Evaluation
    • This will be completed through a site visit conducted by Department

• **Respite in Adult Foster Care**
  • Requires SFN 466 – Background Check Address Disclosure (initial enrollment only)
  • Requires SFN 467 – Personal Authorization for Criminal Record Inquiry (initial enrollment only)
  • Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN
Supervision

- Requires Cognitive Endorsement on SFN 750 or CNA/RN/LPN

Failure to renew QSP enrollment within a timely manner will result in closure of your QSP enrollment. If renewal forms have not been received following your QSP enrollment expiration date, you will have to re-enroll and there may be days of service for which you cannot bill.

If you haven’t billed for twelve months, your QSP enrollment will be closed due to inactivity, unless a valid explanation is approved by HCBS Staff.

Forms available at [https://www.nd.gov/eforms](https://www.nd.gov/eforms)

The following optional form is available at the link provided:

The following form is specific to your client and will be given to you by the HCBS Case Manager if needed:

QSP Individual Handbook:  [http://www.nd.gov/dhs/info/pubs/docs/medicaid/qsp-handbook-individual-provider.pdf](http://www.nd.gov/dhs/info/pubs/docs/medicaid/qsp-handbook-individual-provider.pdf)  This link will always have the most current handbook.
Working Together for Home Fire Safety
A Factsheet on Home Fire Prevention

More than 4,000 Americans die each year in fires and 20,000 are injured. An overwhelming number of fires occur in the home. There are time-tested ways to prevent and survive a fire. It’s not a question of luck. It’s a matter of planning ahead.

EVERY HOME SHOULD HAVE AT LEAST ONE WORKING SMOKE ALARM
Buy a smoke alarm at any hardware or discount store. It’s inexpensive protection for you and your family. Install a smoke alarm on every level of your home. A working smoke alarm can double your chances of survival. Test it monthly; keep it free of dust and replace the battery at least once a year. Smoke alarms themselves should be replaced after ten years of service, or as recommended by the manufacturer.

PREVENT ELECTRICAL FIRES
Never overload circuits or extension cords. Do not place cords and wires under rugs, over nails or in high traffic areas. Immediately shut off and unplug appliances that sputter, spark or emit an unusual smell. Have them professionally repaired or replaced.

USE APPLIANCES WISELY
When using appliances follow the manufacturer’s safety precautions. Overheating, unusual smells, shorts and sparks are all warning signs that appliances need to be shut off, then replaced or repaired. Unplug appliances when not in use. Use safety caps to cover all unused outlets, especially if there are small children in the home.

ALTERNATE HEATERS
- Portable heaters need their space. Keep anything combustible at least three feet away.
- Keep fire in the fireplace. Use fire screens and have your chimney cleaned annually. The creosote buildup can ignite a chimney fire that could easily spread.
- Kerosene heaters should be used only where approved by authorities. Never use gasoline or camp-stove fuel. Refuel outside and only after the heater has cooled.

AFFORDABLE HOME FIRE SAFETY SPRINKLERS
When home fire sprinklers are used with working smoke alarms, your chances of surviving a fire are greatly increased. Sprinklers are affordable—they can increase property value and lower insurance rates.

PLAN YOUR ESCAPE
Practice an escape plan from every room in the house. Caution everyone to stay low to the floor when escaping from fire and never to open doors that are hot. Select a location where everyone can meet after escaping the house. Get out then call for help.

CARING FOR CHILDREN
Children under five are naturally curious about fire. Many play with matches and lighters. Tragically, children set over 20,000 house fires every year. Take the mystery out of fire play by teaching your children that fire is a tool, not a toy.

CARING FOR OLDER PEOPLE
Every year over 1,200 senior citizens die in fires. Many of these fire deaths could have been prevented. Seniors are especially vulnerable because many live alone and can’t respond quickly.

Homeland Security

March 2006
Exposing an Invisible Killer
A Factsheet on the Dangers of Carbon Monoxide

Each year in America, unintentional carbon monoxide (CO) poisoning claims more than 400 lives and sends another 20,000 people to hospital emergency rooms for treatment.

The U.S. Fire Administration (USFA) and the National Association of Home Builders (NAHB) would like you to know that there are simple steps you can take to protect yourself from deadly carbon monoxide fumes.

**UNDERSTANDING THE RISK**

**WHAT IS CARBON MONOXIDE?**
Carbon monoxide is an odorless, colorless and toxic gas. Because it is impossible to see, taste or smell the toxic fumes, CO can kill you before you are aware it is in your home. At lower levels of exposure, CO causes mild effects that are often mistaken for the flu. These symptoms include headaches, dizziness, disorientation, nausea and fatigue. The effects of CO exposure can vary greatly from person to person depending on age, overall health and the concentration and length of exposure.

**WHERE DOES CARBON MONOXIDE COME FROM?**
CO gas can come from several sources: gas-fired appliances, charcoal grills, wood-burning furnaces or fireplaces and motor vehicles.

**WHO IS AT RISK?**
Everyone is at risk for CO poisoning. Medical experts believe that unborn babies, infants, children, senior citizens and people with heart or lung problems are at even greater risk for CO poisoning.

**WHAT ACTIONS DO I TAKE IF MY CARBON MONOXIDE ALARM GOES OFF?**
What you need to do if your carbon monoxide alarm goes off depends on whether anyone is feeling ill or not.

**IF NO ONE IS FEELING ILL:**
1. Silence the alarm.
2. Turn off all appliances and sources of combustion (i.e. furnace and fireplace).
3. Ventilate the house with fresh air by opening doors and windows.
4. Call a qualified professional to investigate the source of the possible CO buildup.

**IF ILLNESS IS A FACTOR:**
1. Evacuate all occupants immediately.
2. Determine how many occupants are ill and determine their symptoms.
3. Call your local emergency number and when relaying information to the dispatcher, include the number of people feeling ill.
4. Do not re-enter the home without the approval of a fire department representative.
5. Call a qualified professional to repair the source of the CO.

**PROTECT YOURSELF AND YOUR FAMILY FROM CO POISONING**
- Install at least one carbon monoxide alarm with an audible warning signal evaluated by a nationally recognized laboratory, such as Underwriters Laboratories (UL), near the sleeping areas and outside individual bedrooms.
- Carbon monoxide alarms measure levels of CO over time and are designed to sound an alarm before an average, healthy adult would experience symptoms. It is very possible that you may not be experiencing symptoms when you hear the alarm. This does not mean that CO is not present.
- Have a qualified professional check all fuel burning appliances, furnaces, venting and chimney systems at least once a year.
- Never use your range or oven to help heat your home and never use a charcoal grill or hibachi in your home or garage.
- Never keep a car running in a garage. Even if the garage doors are open, normal circulation will not provide enough fresh air to reliably prevent a dangerous buildup of CO.
- When purchasing an existing home, have a qualified technician evaluate the integrity of the heating and cooking systems, as well as the sealed spaces between the garage and house. The presence of a carbon monoxide alarm in your home can save your life in the event of CO buildup.

Homeland Security

May 2010
Guidelines for Universal Precautions

Wash hands:
• Before, during and after preparing food
• Before eating food
• Before and after caring for someone who is sick with vomiting or diarrhea
• Before and after treating a cut or a wound
• After using the toilet
• After changing incontinent care products

• After blowing your nose, coughing, or sneezing
• After touching an animal, animal feed or animal waste
• After handling pet food or pet treats
• After touching garbage
• After you have been in a public place and touched an item or surface that is touched by other people
• Before touching your eyes, nose, or mouth
• When hands are visibly soiled
• Immediately after removal of any personal protective equipment (example: gloves, gown, masks)
• Before and after providing any direct personal cares

Follow these steps when wash your hands every time:

If soap and water are not available:
• Use and alcohol-based hand sanitizer that contains at least 60% alcohol.

Follow these steps when using hand sanitizer:
• Apply the gel product to the palm of one hand in the correct amount.
• Rub your hands together.
• Rub the gel all over the surfaces of your hands and fingers until your hands are dry, which should take around 20 seconds.
• Once you are back on-site ALWAYS wash your hands for 20 seconds with soap and water.
Use of Personal Protective Equipment (PPE):

Wear clean gloves when touching blood, body fluids, secretions, excretions, and soiled items like linens, incontinence products, etc.

- Perform hand hygiene prior to putting on gloves.
- Remove jewelry, cover abrasions then wash and dry hands.
- Ensure gloves are intact without tears or imperfections.
- Fit gloves, adjusting at the cuffs.
- Remove by gripping at cuffs.
- Immediately dispose of gloves in waste basket.
- Wash hands after removing gloves.
- Replace gloves after sneezing, coughing, touching or the hair or face, or when contaminated.
- DO NOT reuse gloves, they should be changed after contact with each individual.

Gowns (if needed) should be worn during cares that are likely to produce splashes of blood or other body fluids.

- Fully cover torso from neck to knees, arms to end of wrists, and wrap around the back.
- Tie all the ties on the gown behind the neck and waist.
- Untie or unsnap all ties or buttons. Some ties can be broken rather than untied. Do so in a gentle manner, avoiding a forceful movement.
- Reach up to the shoulders and carefully pull gown down and away from your body. You may also roll the gown down your body.
- Dispose the gown in waste basket.
- Perform hand hygiene after removing gowns.
Mask – Due to the prevalence of COVID-19 spread without symptoms, providers are always expected to wear a face mask when interacting with clients.

- Clean hands with soap and water or hand sanitizer before touching the mask.
- Secure ties or elastic bands at middle of head and neck
- Fit flexible band to nose bridge
- Fit snug to face and below chin
- With clean hands, untie or break ties at back of head
- Removed mask by only handling at the ties, then discard in waste basket
- Wash hands
- Homemade masks can be used as a last resort. These should be washed/disinfected daily.
- DO NOT reuse face masks

Full PPE- includes gloves, gown, mask and goggles or face shield.

- Recommended if there is a suspected or confirmed positive COVID-19 case
- Use goggles or face shield to protect the eyes, nose and mouth during patient care activities that are likely to generate splashes or sprays of body fluids, blood, or excretions.

Donning of PPE: [https://www.youtube.com/watch?v=H4jQUBAlBrI](https://www.youtube.com/watch?v=H4jQUBAlBrI)
Doffing of PPE: [https://www.youtube.com/watch?v=PQxOc13DxvQ#action=share](https://www.youtube.com/watch?v=PQxOc13DxvQ#action=share)
Prevent injuries from used equipment like needles and other sharp instruments or devices during cares provided.

- Do not recap needles or remove needles from syringe.
- After use, place disposable syringes and needles and other sharp items in a puncture-resistant container for disposal.

Clean the equipment used for the individual before and after each use.
WHY WE WEAR MASKS

All QSPs are now required to wear a mask in your home for your protection and safety.

COVID-19 can be spread by people who may not know they have symptoms and do not know they are ill.

Face masks prevent droplets from coughing, sneezing, or talking from traveling into the air to other people.

Face masks, frequent handwashing, social distancing and checking for fever, cough and shortness of breath can help stop the spread of COVID-19.

BY WORKING TOGETHER, WE CAN ALL STAY SAFE!
WWW.HEALTH.ND.GOV/MASKUPND
