

*Pamela Sagness, Director  
Behavioral Health Division*

# Adult Mental Health in North Dakota

Interim Human Services Committee – March 8, 2016

# Why Focus on Behavioral Health?

*By 2020, mental health and substance use disorders will **surpass** all physical diseases as a major cause of disability worldwide.*

SAMHSA

# Adult Mental Health Data

# ND State Epidemiological Outcomes Workgroup (SEOW)

**Mission:** Identify, analyze, and communicate key substance abuse and related *behavioral health data* to guide programs, policies, and practices.

**Goal of the SEOW:** Use data to *inform and enhance state and community decisions* regarding behavioral health programs, practices, and policies, as well as promote positive behavioral and mental health over the lifespan.

# Mental Illness Prevalence

Approximately 1 in 6 (16.2%) adults age 18 or older in North Dakota has ***Any Mental Illness (AMI)***

*Any Mental Illness (AMI) is the presence of any mental, behavioral, or emotional disorder in the past year that met DSM 5 criteria.*

Data Source:

SAMHSA, Center for Behavioral Health Statistics and Quality, National Survey on Drug Use and Health, 2013 and 2014.

# Serious Mental Illness Prevalence

Approximately 1 in 20 (5.4%) adults age 18 or older in North Dakota has a ***Serious Mental Illness (SMI)***

Serious Mental Illness (SMI) is defined as adults with any mental, behavior, or emotional disorder that substantially interfered with or limited one or more major life activities.

Data Source:

SAMHSA, Center for Behavioral Health Statistics and Quality, National Survey on Drug Use and Health, 2013 and 2014.

# ADULT MENTAL HEALTH SYSTEM

# Core Values

- Community-based
- Consumer-driven
- Culturally and linguistically competent
- Holistic

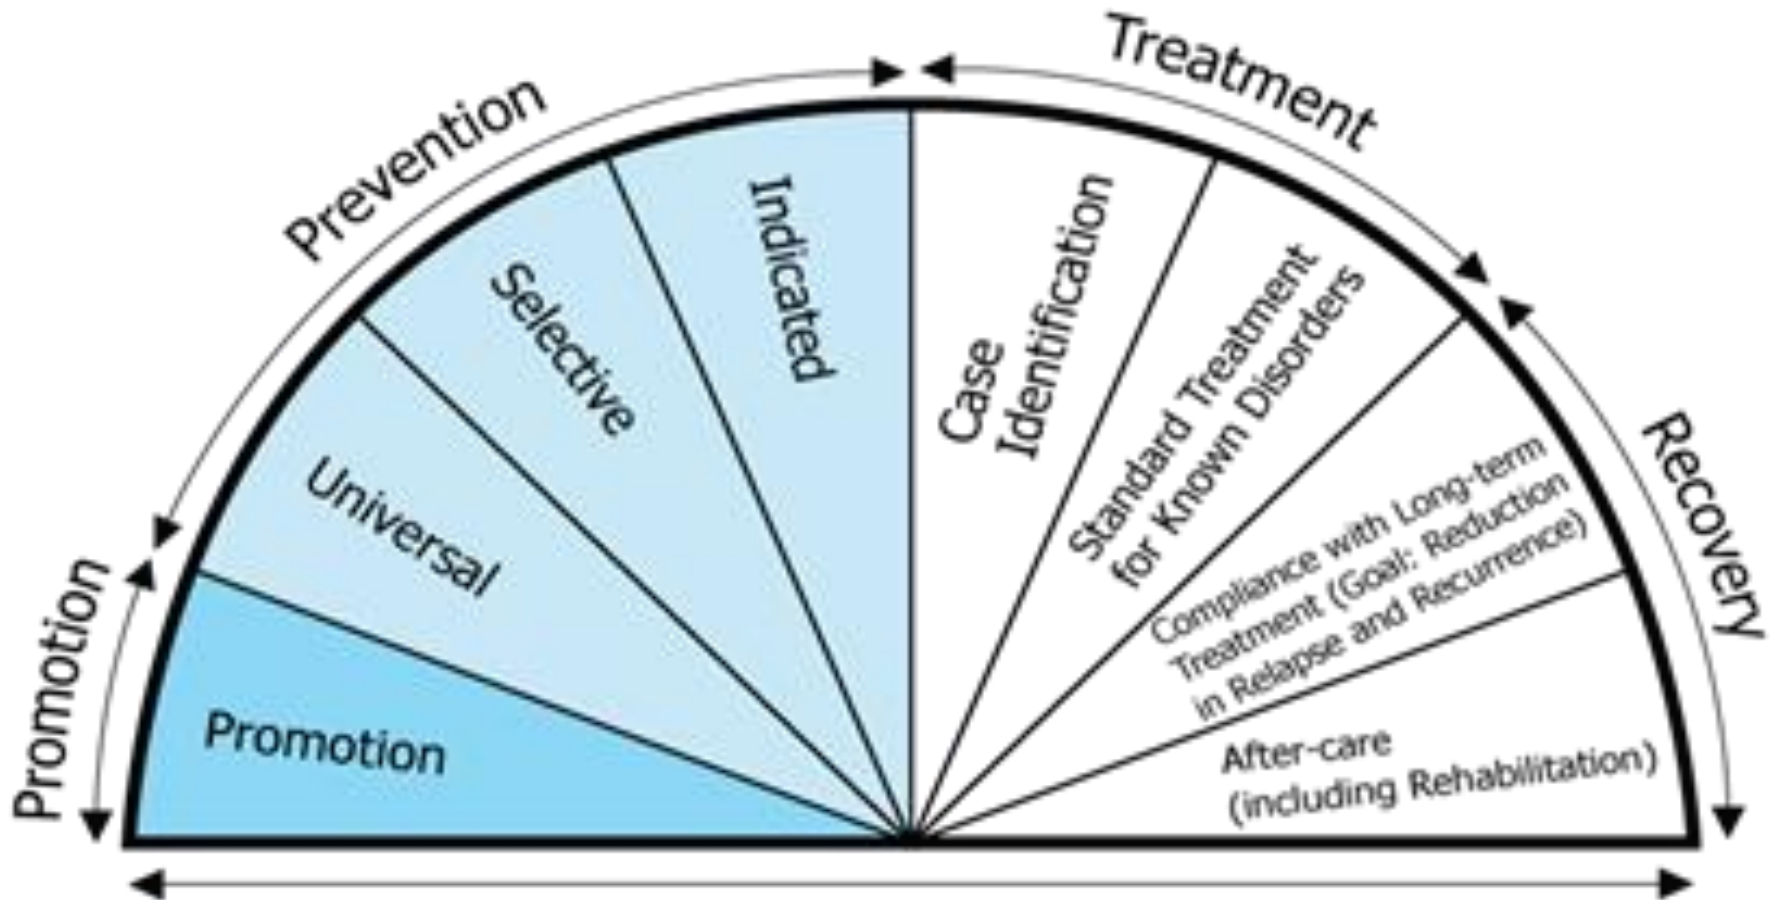

# Key Principles

- Integration
- Least restrictive
- Resist criminalizing
- Broad array of services and supports
  - Accessible (timely)
  - Quality (effective, show outcome)
  - Tailored to consumer
  - Strengths-based
  - Recovery-focused

# Behavioral Health Continuum of Care Model

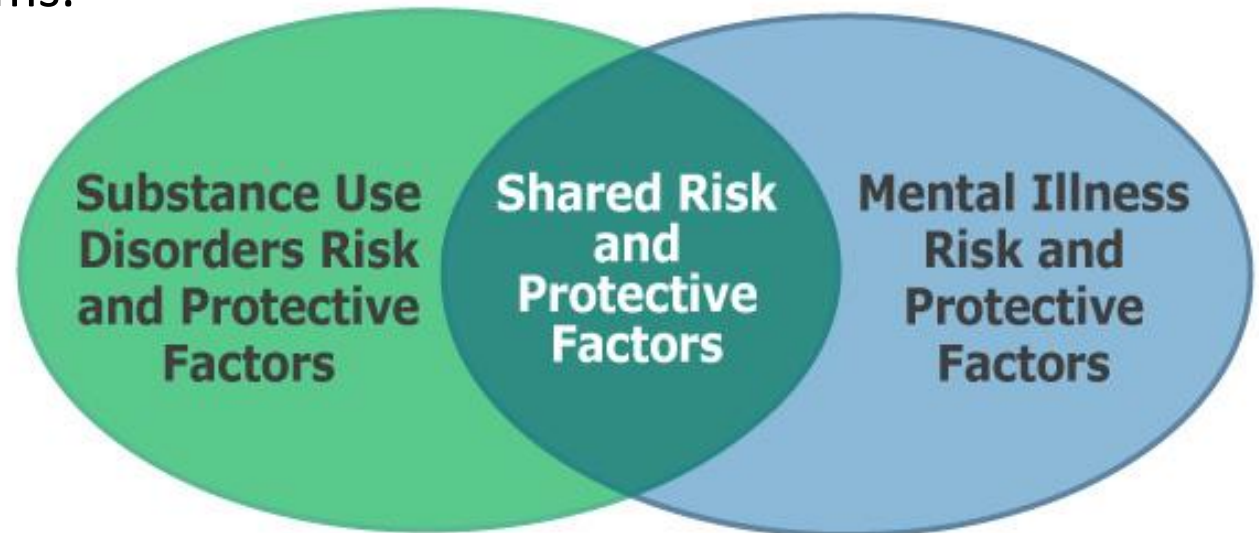

# Promotion & Prevention

# Shared Risk and Protective Factors

- Research shows that some risk and protective factors are associated with multiple outcomes.
  - For example, negative life events, such as divorce or sustained neighborhood violence, are associated not only with substance abuse but also with anxiety, depression, and other behavioral health problems.

# Resilience

## Strengths-based

Focuses on providing the developmental supports and opportunities (protective factors) that promote success

# Early Intervention/ Identification

# Early Intervention/Identification

- $\frac{1}{2}$  of all people with mental and/or substance use disorders are diagnosed by age 14
- $\frac{3}{4}$  of people with these conditions are diagnosed by age 24

# Windows of Opportunity

Intervening during windows of opportunity **CAN** prevent the disorder from developing.

# First Episode Psychosis (FEP)

## ABOUT FEP

- Majority of individuals with serious mental illness, such as schizophrenia, bipolar disorder, and major depression, experience the **first signs of illness during adolescence or early adulthood**
- Often long delays between symptom onset and the receipt of evidence-based interventions

## ND ACTION

- 10% set-aside has been allocated to SAMHSA's Mental Health Block Grant to support the development of FEP services
- The Behavioral Health Division and Planning Council are receiving technical assistance and are developing an implementation plan

Mental Health Treatment  
and Recovery

# North Dakota Olmstead Commission

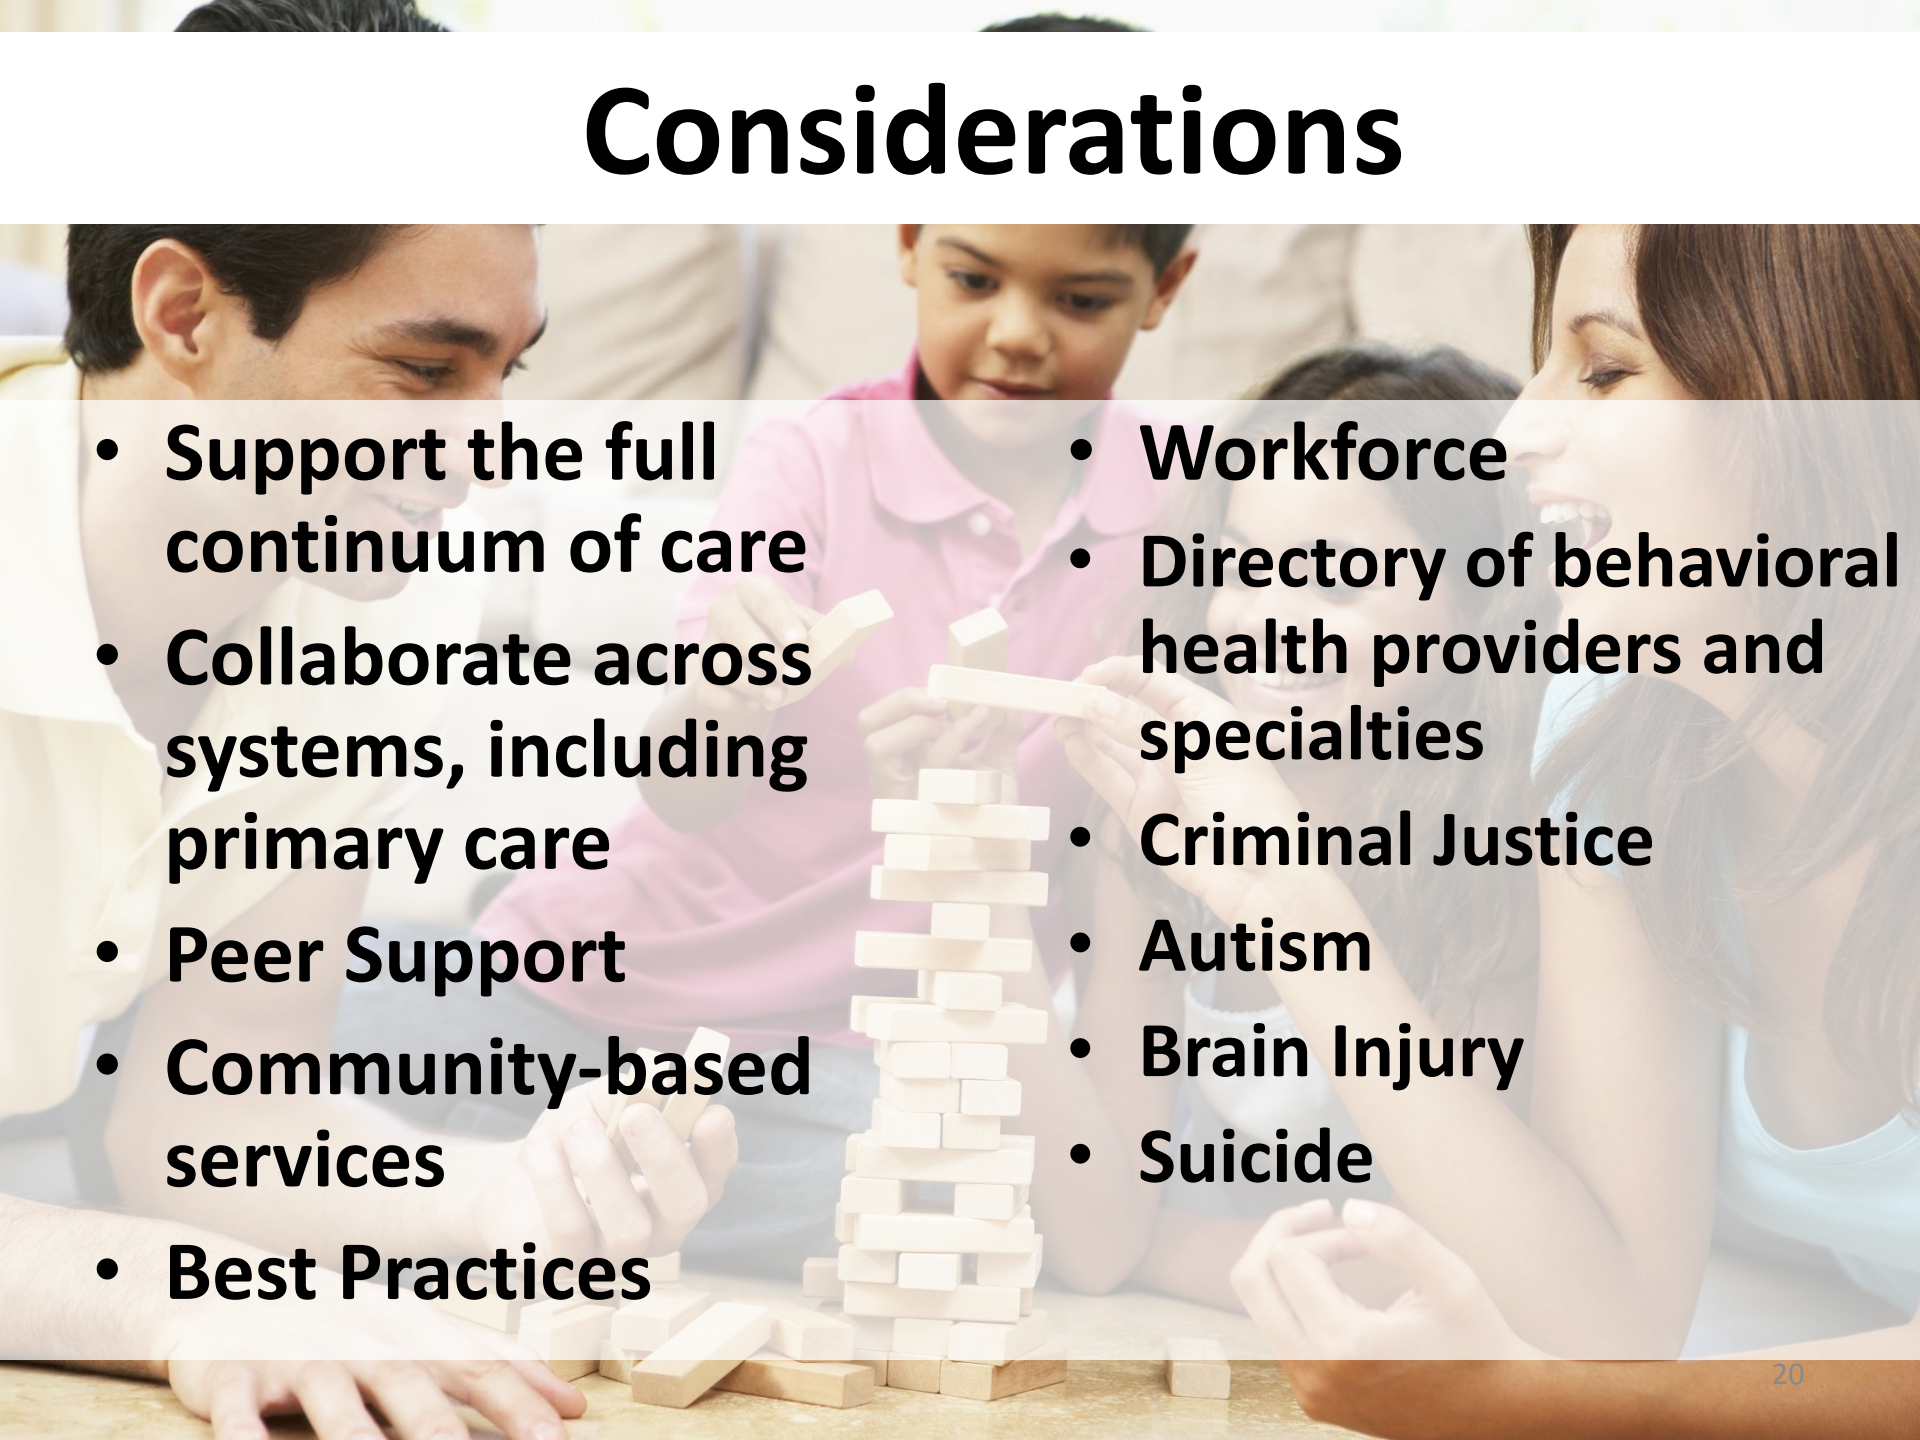

**Vision:** North Dakota will be a place where: People with disabilities are living, learning, working, and enjoying life in the most integrated setting.

**Goals:**

- Housing
- Employment
- Transportation
- Community Service and Supports

# Considerations

- 
- **Support the full continuum of care**
  - **Collaborate across systems, including primary care**
  - **Peer Support**
  - **Community-based services**
  - **Best Practices**
  - **Workforce**
  - **Directory of behavioral health providers and specialties**
  - **Criminal Justice**
  - **Autism**
  - **Brain Injury**
  - **Suicide**

# Upcoming Efforts

- **Needs Assessments**

- Behavioral Health Needs Assessment
- Brain Injury Needs Assessment
- Olmstead Needs Assessment

- **Tribal Behavioral Health meeting**

- March 23<sup>rd</sup> meeting

- **ND Cares**

- Data assessment by August 2016
- Building capacity of behavioral health providers to serve Service member, Veteran's, Families, & Survivors

# Questions?
