Sliding Fee Scale Information
Effective July 1, 2016 to June 30, 2017

Each regional Human Service Center offers a sliding fee scale to help clients pay for most services.

The sliding fee scale determines a client's discount on his or her bill based on gross income and family size.

Below are two charts that list <u>monthly</u> and <u>yearly</u> income levels.

To use the chart:
- Find your family size in the far left-hand column
- Follow the row to find either your monthly or yearly gross income
- Follow the column up to the green line where the discount percentage is listed

Note:
Human service center staff will help determine if you qualify for the sliding fee scale discount. You will need to provide a copy of a recent pay stub, bank statement, or other documents that show your income.
