N.D.A.C. Section 75-02-02.1-01)

For the purpose of this chapter:

ACA

Affordable Care Act, also known as the Patient Protection and Affordable Care Act of 2010, which was signed into law by President Obama on March 23, 2010.

ACA (Affordable Care Act) Medicaid

The Medicaid policies and procedures used to determine eligibility for individuals under the Affordable Care Act of 2010 methodologies, which became effective January 1, 2014.

ACA Individual

An individual required to be budgeted using ACA methodologies as defined in Service Chapter 510-03, Eligibility Factors for [ACA \(Affordable Care Act\) Medicaid](#). Individuals include:

1. Parents and Caretakers of deprived children and their spouses;
2. Parents and Caretaker Relatives of deprived children and their spouses who were eligible under the Parents and Caretaker Relatives and their spouses category in at least three of the six months immediately preceding the month in which the Parents or Caretakers lose coverage under the Parents and Caretaker Relatives and their spouses category due to increased earned income or hours of employment, and their dependent children for up to 12 months (Transitional);
3. Parents and Caretaker Relatives of deprived children and their spouses who were eligible under the Parents and Caretaker Relative and their

spouses category in at least three of the six months immediately preceding the month in which the Parents or Caretaker Relatives lose coverage under the Parents and Caretaker Relatives and their spouses category due to increased alimony or spousal support and their dependent children for up to 4 months (Extended)(no budget test);

4. Pregnant Women;
5. Eligible pregnant women who applied for and were eligible for Medicaid during pregnancy continue to be eligible for sixty days, beginning on the last day of pregnancy, and for the remaining days of the month in which the sixtieth day falls;
6. Children born to pregnant women who applied for and were found eligible for Medicaid on or before the day of the child's birth, for one year, beginning on the day of the child's birth and for the remaining days of the month in which the twelfth month falls;
7. Children Ages 0 through 18 (through the month the child turns 19);
8. Single adults ages 19 through 64 ([Adult Expansion Group](#))

Note: This may include SSI recipients and other disabled individuals who fail the Medicaid asset limits and individuals who are disabled with a large client share;
9. Individuals under age 19 who meet the financial requirements of the Children's Category and who are residing in foster homes or private child care institutions licensed or approved by the Department, irrespective of financial arrangements, including children in a "free" foster home placement (Non-IV-E foster care);
10. Individuals who are not eligible as an [ACA Individual](#) defined in #'s 1 thru 7 above, who were in North Dakota foster care ([Title IV-E](#), state-funded (non-IV-E) or tribal) in the month they turned age 18 must be covered through the month in which they turn age 26 with no budget test.

ACA Medicaid Household

ACA Medicaid Household

One or more individuals, whose countable income and allowable expense are used to determine eligibility under ACA Medicaid.

- Each eligible individual must have their ACA Medicaid Household determined based on whether the individual is a [tax filer](#), a tax dependent, or an adult or child [non-filer](#) as well as the individual's relationship to those with whom the individual resides.

Adjusted Gross Income

The amount that displays on the bottom line of the front page of IRS Form 1040. This is also a line on the 1040A.

Adult Expansion Group

Individuals age 19 through 64 and who are not eligible for Medicaid under other categories. As of 01-01-2014, North Dakota Medicaid is expanded to cover these individuals. These individuals will be covered under an Alternative Benefit Plan.

Advance Payments of the Premium Tax Credit (APTC)

Individuals who are not eligible for Medicaid or Healthy Steps under the Affordable Care Act may be eligible for tax credits for the health care insurance premiums they pay out of pocket.

Alternative Benefit Plan (ABP)

Formerly known as Medicaid Benchmark or Benchmark Equivalent Plans, Alternative Benefit Plans must cover the 10 [Essential Health Benefits](#) (EHB) described in section 1302(b) of the Affordable Care Act. Individuals in the new adult eligibility (Expansion) group will receive benefits through an Alternative Benefit Plan unless they are determined to be medically frail.

County Agency

The county social service board.

Department

The North Dakota Department of Human Services.

Essential health Benefits

A set of health care service categories that must be covered by certain plans, starting in 2014. Essential health benefits must include items and

services within at least 10 specified categories. Insurance policies must cover these benefits in order to be certified and offered in the Health Insurance Marketplace and all Medicaid state plans must cover these services.

Federally Facilitated Marketplace (FFM)

Federally Facilitated marketplace (FFM)

The web portal through which Americans may choose a [qualified health plan](#), and be assessed for possible eligibility for Medicaid, Healthy Steps or Advance Premium Tax Credits (APTC).

Fee for Service

The most common method of Medicaid payments under which Medicaid pays providers directly for their services. Medicaid pays a specific dollar limit for a specific service.

Full Calendar Month

The period, which begins at midnight on the last day of the previous month and ends at midnight on the last day of the month under consideration.

Healthy Steps

An insurance program, for children up to age 19, administered under North Dakota Century Code Chapter 50-29 and [Title XXI](#) (CHIP).

Institutionalized Individual

An individual who is an inpatient in a nursing facility, an ICF/ID, the State Hospital, the Prairie at St. John's center, the Stadter Psychiatric Center, an out-of-state institution for mental disease (IMD), the Anne Carlsen facility, a Psychiatric Residential Treatment Facility (PRTF), or who receives swing bed care in a hospital.

Living with:

Living with:

'Living with' means those individuals who reside together as one household. Individuals who are out of the household temporarily for health, educational, training or employment purposes are considered to be 'living with' the household.

- Other than the above, individuals who have moved away with the intent not to return to live there are not considered to be 'living with' the household. This includes a child, who moved away with the intent not to

return, who remains on their parents' health insurance coverage or whose parents are paying court ordered child support.

Long Term Care, (LTC)

Refers to services received in a nursing facility, the State Hospital, the Anne Carlson facility, the Prairie at St. John's center, the Stadter Psychiatric Center, a Psychiatric Residential Treatment Facility (PRTF), an intermediate care facility for the intellectually disabled (ICF-ID), or a swing bed when the individual in the facility is screened or certified as requiring the services provided in the facility.

MAGI-based Methodology

The method of determining eligibility for Medicaid and [Healthy Steps](#) that generally follows [Modified Adjusted Gross Income](#) rules. It is not a line on a tax return, rather a combination of household and income rules.

Medicaid

A program implemented pursuant to North Dakota Century Code chapter 50-24.1 and [Title XIX](#) of the Act.

Medically Frail

Under the Affordable Care Act, recipients covered under the [Adult Expansion Group](#), who request to be considered for coverage as 'medically frail' and provided coverage similar to that in the Medicaid state plan.

Minimum Essential Coverage

The type of coverage an individual needs to have to meet the individual responsibility requirement under the Affordable Care Act (ACA). This includes individual market policies, job-based coverage, Medicare, Medicaid, CHIP (Healthy Steps), TRICARE and certain other coverage.

Modified Adjusted Gross Income (MAGI)

Income calculated using the same financial methodologies used to determine modified adjusted gross income as defined in Section 36B(d)(2)(B) of the Internal Revenue Code, with exceptions. Adjusted Gross Income from Form 1040 plus tax-exempt interest, tax-exempt Social Security Benefits, and any foreign earned income excluded from taxes.

No Wrong Door

The federal mandate that allows individuals to apply for Medicaid through any means, may be through the Federal Facilitated Marketplace, the State

eligibility portal, by telephone, through the OASYS application, by FAX or in-person.

Non-ACA Individual

Individuals who are required to be budgeted using Non-ACA methodologies as defined in Service Chapter [510-05](#), Eligibility Factors for [Non-ACA Medicaid](#). These include:

1. Aged, blind and disabled individuals who choose to be treated as aged or disabled, including individuals eligible for Workers with Disabilities and Children with Disabilities;
2. Individuals qualifying as disabled under original Medicaid requirements
 - a. Individuals receiving HCBS or Waivered Services
 - b. Workers with Disabilities
 - c. Children with Disabilities;
3. MEDICARE recipients who choose to be treated as aged, blind or disabled;
4. Individuals who request or are eligible for coverage under the Medicare Savings Programs;
5. Individuals who request eligibility under Spousal Impoverishment;
6. SSI individuals who pass the Medicaid asset test;
7. Individuals who are eligible under the Women's Way Program;
Note: These individual must first be tested and fail ACA and Non-ACA Medicaid.
8. Individuals who are eligible under Refugee Medical Assistance;
9. Individuals who are eligible under Title IV-E and Non IV-E Subsidized Adoption Program;
10. Individuals who are eligible under Title IV-E foster care;
11. Individuals who are eligible under Title IV-E Kinship Guardianship Program.

Non-ACA Medicaid

Chapter 03

The Medicaid policies and procedures used to determine eligibility for individuals whose eligibility cannot be determined based on methodologies of the Affordable Care Act. These Medicaid policies can be found in Service Chapter [510-05](#).

Non-Filer

An individual who neither files an income tax return nor is claimed as a dependent by another tax filer unless:

- They are claimed as a tax dependent by someone other than a spouse, or natural, adoptive or stepparent;
- They are a child under age 19 [living with](#) both parents but the parents do not file a joint return; or
- A child under age 19 who expects to be claimed by a non-custodial parent.

Nursing Care Services

Care provided in a medical institution, a nursing facility, a swing bed, the state hospital, the Anne Carlson facility, the Prairie at St. John's center, the Stadter Psychiatric Center, a Psychiatric Residential Treatment Facility (PRTF), an intermediate care facility for the intellectually disabled (ICF-ID), or a home and community based services setting.

Public Institution

An institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control. (e.g. School for the Blind, School for the Deaf, North Dakota Youth Correctional Center, Women's Correctional Center in New England, North Dakota State Penitentiary, Bismarck Transition Center, and city, county, or tribal jails.)

Qualified Health Plan

An insurance plan that is certified by the Health Insurance Marketplace which provides [essential health benefits](#), follows established limits on cost-sharing (deductibles, copayments and out-of-pocket maximums) and meets other requirements. A qualified health plan will have a certification by each Marketplace in which it is sold.

Specialized Facility

A residential facility, including a basic care facility, a licensed family foster care home for children or adults, a licensed group foster care home for children or adults, a transitional living facility, a facility established to

provide quarters to clients of a sheltered workshop, and any other facility determined by the [Department](#) to be a provider of remedial services, but does not mean an acute care facility or a nursing facility. Examples of a specialized facility include the School for the Blind, School for the Deaf, and Svee Home.

Spouse

A person of the opposite sex, who is a husband or a wife. One man and one woman can become husband and wife through marriage (a legal union). North Dakota Medicaid does not consider members of a civil union or same-sex marriage as spouses.

1. A Common law marriage from another state is valid in North Dakota only if it can be verified that the marriage is recognized by the other state.
2. A non-traditional marriage from another country is valid in North Dakota only if it can be verified that the union is declared valid by the other country.
3. In polygamy situations, the first marriage is the valid marriage in North Dakota. Any additional spouses are considered non-relatives.

State Agency

The North Dakota Department of Human Services.

Supplemental Nutrition Assistance Program (SNAP)

Previously known as the Food Stamp Program, SNAP is a uniform nationwide program intended to promote the general welfare and safeguard the health and well-being of the nation's population by raising the levels of nutrition among low-income households.

(TANF) Temporary Assistance for Needy Families

A program administered under North Dakota Century Code Chapter 50-09 and Title IV-A of the Social Security Act. References to TANF include TANF Kinship Care Assistance, Diversion Assistance, and Transition Assistance.

Tax Dependent

An individual for whom another individual claims a deduction for a personal exemption under section 151 of the Internal Revenue Code for a taxable year.

General Statement, Purpose, and Objectives 510-03-07

General Statement 510-03-07-05

(New 7/1/2014 ML #3404)

[View Archives](#)

The [Medicaid](#) Program was authorized in 1965 during a special session of the North Dakota Legislature for the purpose of strengthening and extending the provision of medical care and services to certain groups of people whose resources are insufficient to meet such costs. Medicaid began in North Dakota effective January 1, 1966. Corrective, preventive and rehabilitative medical services are provided to help individuals and families retain or attain capability for independence, self-care, and self-support.

In 2010, the Patient Protection and Affordable Care Act of 2010 commonly called the Affordable Care Act ([ACA](#)), was signed into law by President Obama on March 23, 2010. This law represents the most significant regulatory overhaul of the U.S. healthcare system since the passage of Medicare and Medicaid in 1965, with the goals of increasing the quality and affordability of health insurance, lowering the uninsured rate by expanding public and private insurance coverage, and reducing the costs of healthcare for individuals and the government.

In 2013, the North Dakota Legislature approved the expansion of the Medicaid Program as a result of the passage of the Affordable Care Act. The expanded Medicaid program is available to individuals between the ages of 21 and 65 with household incomes up to 138% of the federal poverty level (FPL).

Purpose and Objective 510-03-07-10

(New 7/1/14 ML #3404)

[View Archives](#)

It is known that in addition to imposing financial difficulties, illness and health problems have their effects on personality functioning and interpersonal relationships. Illness can be used as an escape from unpleasant responsibilities and can distort family relationships. Unmet health needs can, therefore, be detrimental to the overall growth and adjustment of individuals and families.

The immediate purpose of the [Medicaid](#) Program is to provide an effective base upon which to provide comprehensive and uniform medical services that will enable persons previously limited by their circumstances to receive needed medical care. It is within this broad concept that the Medicaid Program in North Dakota participates with the medical community, to the greatest extent possible, in attempting to strengthen existing medical services in the state.

Public Law 88-352, Section 601 (Title VI) of the Civil Rights Act of 1964 states:

No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance." (Section 504 of the Rehabilitation Act of 1973, as amended, prohibits discrimination solely on the basis of handicap for those otherwise qualified.)

The [Department](#) of Human Services makes available all services and assistance without regard to race, color, religion, national origin, age, sex, political beliefs, disability, or status with respect to marriage or public assistance, in accordance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and the North Dakota Human Rights Act of 1983. Persons who contract with or receive funds to provide services for the North Dakota Department of Human Services are obligated to abide by the provisions of these laws. The Department of Human Services makes its programs accessible to persons with disabilities. Persons needing accommodation or who have questions or complaints regarding the provisions of services according to these Acts may contact the Civil Rights Officer, North Dakota Department of Human Services, Judicial Wing, State Capitol, 600 E. Refer to Service Chapter 300-01, Non-discrimination to Clients, for additional guidelines.

Confidentiality 510-03-10-15

(New 7/1/2014 ML #3404)

[View Archives](#)

All applications, information and records concerning any applicant or recipient of [Medicaid](#) shall be confidential and shall not be disclosed or used for any purpose not directly connected with the administration of the Medicaid or [Healthy Steps](#) programs. Application, information and records may not be released to elected officials or to any other person not directly connected with the administration of the Medicaid or Healthy Steps programs. Refer to Service Chapter 448-01-25 for additional guidelines.

1. Federal law and regulations:

Federal law and regulations require that the State Plan have protections in place to ensure that the use or disclosure of information concerning applicants and recipients be limited to purposes directly connected with the administration of the plan. Those purposes include establishing eligibility, determining the amount of medical assistance, providing services, and conducting or assisting an investigation, prosecution, or civil or criminal proceeding related to the administration of the plan. (42 U.S.C. § 1396a(a)(7); 42 C.F.R. § 431.300-306).

NOTE: Information from certain sources may not be released, even with a signed release form. For details see 448-01-25-10-05 "Confidential Information that Must Not be Released".

2. Sharing income, household composition, etc. information with social work staff:

Information cannot be released unless the applicant or recipient has authorized the release of information (form or verbally).

3. Sharing information with Social Workers for investigations of abuse, neglect, or protective services:
 - a. Information requests by social workers are not made for the purpose of administration of Medicaid, but are with regard to abuse investigations. The family may not be receptive, but that is not a valid reason to release the information. A signed release is necessary to share specific information about the child/family.
 - b. 'Protective Service Alerts' from the North Dakota [Department](#) of Human Services, Children and Family Services (CFS) Division and other States are often sent to all county staff. These alerts request information regarding the family's whereabouts. These alerts, do not fall under 'administration of the Medicaid program' so specific information cannot be released. However, it is allowable to disclose the county and state in which the individual is residing and the county social service office that may be contacted for child protective service information, to the requestor as well as to their own county child protective service unit.

Any additional information, including 'How eligibility staff knows this information' or 'The family has applied or is receiving services' may not be disclosed.

4. Sharing information with Child Support and other specific assistance programs:
 - a. Can share information with Child Support as federal regulations specifically require.
 - b. Can share information between Healthy Steps and Medicaid per federal requirements to coordinate benefits between the two programs.
 - c. Can share information between Medicaid and SSA for [Title II](#) and [Title XVI](#) benefits as federal regulations specifically require.

- d. Can share information between [TANF](#), [SNAP](#), and the Aid to the Blind Remedial program per federal regulations to coordinate benefits between the programs.
5. Sharing information with Foster Care social workers when an application is received and the child is already on Medicaid:
 - a. The county has care, custody, and control, so is acting on behalf of the child. Also, the child is going from one Medicaid case to another for the purpose of establishing eligibility.
 - b. Copies of identifying information such as a birth certificate may be made for the Foster Care file so that both files contain the proper documentation.
 - c. Only pertinent information needed to determine the child's eligibility should be provided. A social worker needs the parent's income information to determine if the child is IV-E eligible. If that has been established, the social worker should NOT be requesting the information, nor should the eligibility worker be releasing it without a signed release of information.
 6. Sharing information with Law Enforcement:

Medicaid cannot provide information about a specific applicant or recipient to law enforcement unless it has to do with administration of Medicaid.
 7. Release of information on application:

These statements allow county and state staff to obtain information from other sources, but do not give permission to release information to others.

Assignment of Rights to Recover Medical Costs 510-03-10-20

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-09)

1. The assignment of rights to benefits is automatic under North Dakota Century Code sections 50-24.1-02 and 50-24.1-02.1. The assignment is effective to the extent of actual costs of care paid under the North Dakota [Medicaid](#) Program. As a condition of eligibility, the applicant or recipient may be required to execute a written assignment whenever appropriate to facilitate establishment of liability of a third party or private insurer. Form [SFN 560, "Assignment of Benefits,"](#) may be used for this purpose. If it becomes necessary to secure signatures on additional documents, specific instructions will be provided on a case-by-case basis.
2. The [Department](#) and [county agency](#) must take reasonable measures to obtain from the applicant or recipient health coverage information to determine the liability of third parties and private insurers.
3. For purposes of this section:
 - a. "Private insurer" includes any commercial insurance company offering health or casualty insurance to individuals or groups, including both experience-related insurance contract and indemnity contracts; any profit or nonprofit prepaid plan offering either medical services or full or partial payment for services covered by the Medicaid program; and any organization administering health or casualty insurance plans for professional associations, employer-employee benefit plans, or any similar organization offering these payments or services, including self-insured and self-funded plans.
 - b. "Third party" means any individual, entity, or program that is or may be liable to pay all or a part of the expenditures for services

Improper Payments and Suspected Fraud 510-03-10-25

(New 7/1/2014 ML #3404)

[View Archives](#)

Improper payments can result from agency errors, recipient errors, and provider errors. All reasonable and practical steps must be taken on all errors to prevent further overpayments, waste, or abuse.

1. Agency caused errors do not result in an overpayment that the recipient is responsible to repay, however, the error must be corrected to prevent further overpayments from occurring.
2. Suspected provider related errors must be reported to the Surveillance Utilization Review (SURS) Unit in the Medical Services Division using SFN 20, "SURS Referral Form" with a copy to the Medicaid eligibility unit. SFN 20 may be sent to SURS as described in 6 below. The SURS unit will be responsible for recoupment from any provider.
3. Recipient errors may occur as a result of:
 - a. Assistance granted pending a fair hearing decision subsequently made in favor of the [county agency](#);
 - b. Payment that was provided as a result of a medical expense or increased medical need for a given time period (i.e. medical care payments);
 - c. Failure to report income or disclose assets;
 - d. Failure to report other changes that affect eligibility or benefits, such as a change in household member composition, etc;
 - e. Recipient misunderstanding;
 - f. Disqualifying transfers; and
 - g. Medicaid ID card sharing.
4. Any overpayment resulting from a recipient error is subject to recovery. Overpayments are established on recipient errors in which [Medicaid](#) funds were misspent regardless of the reason the error occurred.

Eligibility Factors for ACA Medicaid

5. The amount of a recipient error is determined as follows:
 - a. For ineligible cases resulting from excess assets, the amount of the overpayment is the lesser of:
 - i. The amount of Medicaid payments paid in error on behalf of the [ACA Medicaid Household](#); or
 - ii. The amount of Medicaid payments paid in error on behalf of the ACA Medicaid Household; or
 - b. For overpayments resulting from errors related to incorrect client share (recipient liability), the amount of the overpayment is the lesser of:
 - i. The amount of Medicaid payments paid in error on behalf of the ACA Medicaid Household; or
 - ii. The difference between the correct amount of client share (using actual income) and the amount of the client share met by the ACA Medicaid Household.
 - c. For overpayments resulting from any other error, the amount of the overpayment is the amount of Medicaid payments paid in error on behalf of the ACA Medicaid Household.
6. All recipient errors in which there is an overpayment or suspected fraud (regardless of overpayment) must be referred to the Surveillance Utilization Review (SURS) Unit in the Medical Services Division using SFN 20, "SURS Referral Form" with a copy to the Medicaid eligibility unit. SFN 20 may be sent to SURS by:
 - a. Mail: SURS, 600 East Boulevard Avenue, Department 325, Bismarck, ND 58505;
 - b. Fax: 701-328-1544; or
 - c. Email: medicaidfraud@nd.gov.

Copies may be sent to the Medicaid Eligibility Unit as follows:

7. Any repayment of an overpayment received at the county agency must be submitted to the Fiscal Administration unit using [SFN 828, "Credit Form"](#).

8. The Public Assistance Reporting Information System (PARIS) is a computer data matching and information exchange system administered by the Department of Health and Human Services (DHHS) and Administration for Children and Families (ACF). This system provides States with a tool to improve program integrity in administering Public Assistance and Medicaid programs. PARIS is designed to match State enrollment data from [TANF](#), [SNAP](#) and Medicaid Programs with data from other participating States and from a selected group of Federal databases. See also "Public Assistance Reporting Information System (PARIS) at [448-01-50-40](#).

Effective May 1, 2013, processing of PARIS hits has been incorporated into the TECS eligibility system. The first hits that will appear will be for the benefit month of August, 2012. Thereafter, you will receive PARIS hits on a quarterly basis in:

- June for the benefit month of May,
- September for the benefit month of August,
- December for the benefit month of November,
- March for the benefit month of February.

Liens and Recoveries 510-03-10-30

(New 7/1/2014 ML #3404)

[View Archives](#)

1. No lien or encumbrance of any kind shall be required from or be imposed against the individual's property prior to his death, because of [Medicaid](#) paid or to be paid in his behalf (except pursuant to the judgment of a court incorrectly paid in behalf of such individual). (42 CFR 433.36)
2. A recovery of Medicaid correctly paid will be made from the estate of an individual who was 55 years of age or older when the recipient received such assistance or who had been permanently institutionalized regardless of age. Recovery is pursued only after the death of the recipient's [spouse](#), if any, and only at a time when the recipient has no surviving child who is under age 21, or who is age 21 or older and who is blind or permanently and totally disabled defined by the Social Security Administration. The recovery of Medicaid paid for individuals under age 65 is only for assistance paid on or after October 1, 1993. Medicaid benefits incorrectly paid because of a recipient error can be recovered regardless of the individual's age at the time the assistance was received. Overpayments due to recipient errors that are still outstanding are subject to recovery upon the individual's death without regard to whether or not there is a surviving spouse.

'Permanently [institutionalized individuals](#)' are persons who, before reaching age 55, began residing in a nursing facility, the state hospital, the Anne Carlsen facility, the Prairie at St. John's center, the Stadter Psychiatric Center, a Psychiatric Residential Treatment Facility (PRTF), an intermediate care facility for the intellectually disabled (ICF-ID), or receiving swing bed care in hospitals, resided there continuously for at least six months and did not subsequently reside in any other living arrangement for at least 30 consecutive days, and have received written notice that they are consider to be permanently institutionalized. Permanently institutionalized individuals have a right to appeal their permanently institutionalized status.

Certificate of Creditable Coverage 510-03-10-33

(New 7/1/2014 ML #3404)

[View Archives](#)

1. The Health Insurance Portability and Accountability Act of 1996 included provisions designed to improve the availability and portability of health coverage. This act limits exclusions for preexisting medical conditions by allowing credit for prior health coverage. Exclusions for preexisting conditions can be up to 12 months (18 months for late enrollees) but are reduced by days an individual has creditable coverage for that condition under another health plan. Coverage under [Medicaid](#) is considered creditable coverage.
2. Effective June 1, 1997, Medicaid began providing certificates of creditable coverage for individuals who lose Medicaid eligibility. These certificates are sent as automatic notices on all Medicaid case or client closings except for Medicare recipients. The certificate provides information regarding each individual's Medicaid coverage for the past 18 months.
3. In order to avoid sending certificates on recipients whose eligibility ends and then reopens the next month, the automatic certificates are not sent until 32 days after the case or client is closed. The certificate is then only sent if the case or recipients have not been reopened.

Third Party Liability 510-03-12

Individuals applying for coverage under ACA Medicaid may have other insurance coverage.

There is no penalty for individuals who drop their Health Insurance coverage when they apply for ACA Medicaid, with the exception of those determined eligible under ACA [Healthy Steps](#).

Cooperation - Third Party Liability 510-03-12-05

(New 7/1/2014 ML #3404)

[View Archives](#)

1. States are required to pursue known third parties that may be liable to pay for care or services. The [Department](#) and [county agency](#) are required to make reasonable efforts to obtain the necessary information needed to pursue third parties. This includes following up on any leads that indicate there may be a third party payer, and assisting applicants and recipients in obtaining necessary information.
2. As a condition of eligibility, legally able applicants or recipients and their [spouse](#)s must cooperate with the Department and county agency in identifying and providing information to assist [Medicaid](#) in pursuing third parties who may be liable to pay for care or services, unless there is good cause not to cooperate.

This policy is not intended to place an unreasonable burden on applicants or recipients, or to shift the state's responsibility to pursue third parties. If Department and county staff have the ability to obtain the information, it cannot be shown that an applicant or recipient is not cooperating. If the necessary information cannot be obtained without the applicant or recipient's cooperation, and the applicant or recipient has the ability to assist, this provision applies. As part of cooperation, the Department or agency may require an individual to:

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- a. Appear at a state or local office designated by the Department or county agency to provide verbal or written information or evidence relevant to the case;
 - b. Appear as a witness at a court or other proceeding;
 - c. Provide information, or attest to lack of information, under penalty of perjury;
 - d. Complete [SFN 566](#), "Medicaid Questionnaire and Assignment," (which is available on eforms).
 - e. Pay to the agency any medical payments received that are covered by the assignment of benefits; and
 - f. Take any other reasonable steps to assist the state in securing third party payments and in identifying information to assist the state in pursuing any liable third party.
3. An exception to cooperation exists when the recipient is receiving Extended or Transitional Medicaid Benefits.
4. It is never a condition of a child's eligibility that a parent or caretaker cooperates. A parent or caretaker who does not cooperate will not be eligible for Medicaid, but the children in the [ACA Medicaid Household](#) remain eligible. When a parent or legally responsible caretaker relative is not eligible because they are not cooperating, the earned and unearned income of that individual must still be considered in determining eligibility for the ACA Medicaid Household.
5. The determination of whether an applicant or recipient is cooperating is made by the county agency in conjunction with their Economic Assistance regional representative. The determination may be based on information received from the Third Party Liability unit. The applicant or recipient has the right to appeal the decision.
6. When an applicant initially applies for Medicaid, it can usually be assumed that there will be cooperation. If the recipient then fails to cooperate, without "good cause," eligibility for that recipient is terminated. For applications in which a recipient clearly states that he or she will not cooperate, and there is no "good cause," that recipient is ineligible for Medicaid. Once the individual begins cooperating, eligibility can be restored or established. Eligibility can begin retroactively if the individual cooperates for the period to be covered. If an individual who failed to cooperate, and eligibility was terminated, later reapplies for

assistance, the individual will remain ineligible until the individual begins to cooperate.

"Good Cause" - Third Party Liability 510-03-12-10

(New 7/1/2014 ML #3404)

[View Archives](#)

The requirement to cooperate may be waived when an applicant or recipient has "good cause" not to cooperate.

1. There is no particular form used to claim "good cause"; however, the applicant or recipient will need to provide information and evidence to substantiate the claim. If "good cause" is claimed the applicant or recipient can be eligible for [Medicaid](#) while the decision is pending.
2. The determination of whether there is good cause is made by the [county agency](#). The county agency may waive the requirement to cooperate if it determines that cooperation is against the best interests of a child in the unit. Cooperation is against the best interests of a child only if the applicant or recipient's cooperation is reasonably anticipated to result in:
 - a. Physical or emotional harm to a child in the ACA Medicaid Household; or
 - b. Physical or emotional harm to the parent or caretaker with whom the child is living, of such nature or degree that it reduces such person's capacity to care for the child adequately.
3. There must be evidence to substantiate a claim of "good cause." Exemptions on the basis of physical or emotional harm, either to the child, parent, or caretaker must be of a genuine and serious nature. Mere belief that cooperation might result in harm is not a sufficient basis for finding "good cause." Evidence upon which the county agency bases its finding must be supported by written statements and contained in the case record.

It is the applicant or recipient's responsibility to provide the county agency with the evidence needed to establish "good cause." The applicant or recipient is normally given 20 days from the date of claim to collect the evidence. In exceptional cases, the county agency may grant reasonable additional time to allow for difficulty in obtaining

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

proof. Records of law enforcement, social service, or adoption agencies may be readily available to document instances of physical harm, perhaps without requiring further investigation. Documentation of anticipated emotional harm to the child, parent, or caretaker, however, may be somewhat more elusive. Whenever the claim is based in whole or in part on anticipated emotional harm, the county agency must consider the following:

- a. The present emotional state, and the emotional health history, of the individual subject to emotional harm;
 - b. The intensity and probable duration of the emotional impairment;
 - c. The degree of cooperation to be required; and
 - d. The extent of involvement of the child in pursuing third parties who may be liable to pay for care or services.
4. Upon request, the county agency is required to assist the applicant or recipient in obtaining evidence necessary to support a "good cause" claim. This, however, is not intended to place an unreasonable burden on staff, shift the applicant or recipient's basic responsibility to produce evidence to support the claim, or to delay a final determination.
 5. The county agency is directly responsible for investigating a "good cause" claim when it believes that the applicant or recipient's claim is authentic, even though confirming evidence may not be available. When the claim is based on a fear of serious physical harm and county agency staff believes the claim, investigation may be conducted without requiring corroborative evidence by the applicant or recipient. It may involve a careful review of the case record, evaluation of the credibility of the applicant or recipient's statements, or a confidential interview with an observer who has good reasons for not giving a written statement. Based on such an investigation, and on professional judgment, the county agency may find that "good cause" exists without the availability of absolute corroborative evidence.
 6. Except for extenuating circumstances, the "good cause" issue must be determined with the same degree of promptness as for the determination of other factors of eligibility (45 days). The county agency may not deny, delay, or discontinue assistance pending the resolution of the "good cause" claim.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

7. The applicant or recipient and the Third Party Liability unit must be informed of the "good cause" decision. The applicant or recipient must be informed, in writing, of the county agency's final decision that "good cause" does or does not exist and the basis for the findings. A copy of this communication must be maintained in the case record. If "good cause" was determined not to exist, the communication must remind the applicant or recipient of the obligation to cooperate if he or she wishes to be eligible for Medicaid, of the right to appeal the decision, and of the right to withdraw the application or have their eligibility terminated.
8. The county agency must review the "good cause" decision at least every twelve months. If "good cause" continues to exist, the applicant or recipient must again be informed in writing. If circumstances have changed so "good cause" no longer exists, the applicant or recipient must be informed, in writing, and given the opportunity to cooperate, terminate assistance, withdraw the application, or appeal the decision. The Third Party Liability unit must also be informed of whether or not "good cause" continues to exist.

Cost-Effective Health Insurance Coverage 510-03-20

Any recipient of [Medicaid](#) benefits, who is enrolled in a cost-effective health plan, may have the health plans premium paid by Medicaid. (This provision began in North Dakota in June 1993.)

For purposes of the cost-effective health insurance sections:

1. Cost-effective" means that [Medicaid](#) payments for a set of Medicaid-covered services are likely to exceed the cost of paying the health plan premium, coinsurance charges, and deductibles for those services.
2. "Health plan" means any plan under which a third party is obligated by contract to pay for health care provided to an applicant for or recipient of Medicaid.

(N.D.A.C. Section 75-02-02.1-12.1)

1. Applicants for and recipients of Medicaid benefits must provide the information necessary to determine if a health plan is cost-effective.
2. Recipients with a health plan the [Department](#) has determined is [cost-effective](#) must cooperate with all of the conditions or requirements of the health plan. Applicants and recipients must take any optional coverage provided through the plan when it is cost-effective to do so. Failure to cooperate with plan requirements, or to select cost-effective options of the plan, will:
 - a. Result in termination of payments for the health plan premiums; and
 - b. Result in nonpayment for services, by [Medicaid](#), which the health plan would pay, or would have paid, had the recipient conformed to the requirements of the health plan.

Cost-effectiveness Determination 510-03-20-20

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-12.1)

1. Health plans requiring a formal cost-effective determination should be submitted to the Medicaid Eligibility Division on [SFN 817, "Health Insurance Cost-Effectiveness Review,"](#) along with any other information the worker feels is pertinent (i.e. a copy of the health plan, available payment reports, information regarding pre-existing conditions . . .). The form asks for information about the policy coverage, the individuals covered, and the premium. The Medicaid Eligibility Division will obtain or request any additional information needed and will make a timely determination (within 15 days) of cost-effectiveness. The [county agency](#) will be notified of that determination. An application for assistance should not be held up beyond the standard of promptness pending a cost-effective determination.
2. When an individual has more than one health plan, both plans may be considered cost-effective if they do not provide duplicate coverage.
3. If an individual is eligible for Medicare Part B, but is not enrolled in Part B, enrollment in any other health plan is not considered cost-effective.
4. Premium payments normally are only allowed for eligible [Medicaid](#) recipients. A family policy, however, may cover ineligible members. Payment of the full premium amount is allowed when it is determined that the health plan is cost-effective. The needs of the ineligible family members are not taken into consideration when determining cost-effectiveness.
5. The following health plans are usually not considered to be cost-effective.
 - a. Medicare supplement policies for individuals with routine medical needs (the exceptions are recipients with higher

Eligibility Factors for ACA Medicaid

Program 505

- medical needs and the recipient's covered costs exceed the premium);
- b. Hospital indemnity policies if the recipient is not currently collecting benefits;
 - c. Policies where the absent parent is the policy holder;
 - d. Specific illness policies (i.e. cancer ins.) if the individual covered does not have the illness;
 - e. Accident insurance policies, if the recipient is not currently collecting benefits; or
 - f. Policies where all of the members of the ACA Medicaid Household, who are covered by the health plan, have a client share (recipient liability).

If the cost-effectiveness of any of these policies is questionable, the policy should be submitted to the Medicaid Eligibility Division for a formal determination.

6. All cost-effective health plans must be reviewed at least annually.

Changes in a plan's, premium, coverage or individuals included in the plan must be reported to the Medicaid Eligibility Division.

7. Cost-effective health plan premiums will be paid effective with the month in which the information is sent to the Medicaid Eligibility Division for approval or is required to maintain the health plan.

1. Application.

- a. All individuals wishing to make application for [Medicaid](#) must have the opportunity to do so, without delay.
- b. A relative or other interested party may file an application on behalf of a deceased individual to cover medical costs incurred prior to the deceased individual's death.
- c. An application is a request for assistance:

For adults, families with children, pregnant women and Medicaid Expansion (ACA Medicaid Households):

- i. The electronic file received by the state from the [Federally Facilitated Marketplace \(FFM\)](#) containing the single streamlined application;
- ii. The single streamlined application as submitted through the North Dakota client portal;
- iii. The SFN 1909 paper "Application for Health Coverage and Help Paying Costs";
- iv. Telephonic applications;
- v. SFN 405, "Application for Assistance"; or
- vi. The [Department's](#) online "Application for Assistance", located at <http://www.nd.gov/dhs/>.

[ACA individual](#)s who are applying may also apply for assistance using one of the prescribed applications used for [Non-ACA Medicaid](#). However, notification must be sent to the individual

Program 505

requesting information needed to make an eligibility determination.

- d. There is [no wrong door](#) when applying for Medicaid or any of the Healthcare coverage's. The experience needs to be as seamless and with as few barriers as possible.
- e. North Dakota Medicaid applications may be received, filed and maintained at any county office within the state, based on what is most convenient for the applicant or recipient.

Example: Mom and one child reside in one county, and another child is attending school in another. If it is more convenient for the household to apply and maintain the case in the county where the mom resides than the county in which the child, who is a student, is residing, the county where mom resides should process and maintain that case.

- f. A prescribed application form must be signed by the applicant, an authorized representative or, if the applicant is incompetent or incapacitated, someone acting responsibly for the applicant.
- g. The date of application is the date an application, signed by an appropriate person, is received at a [county agency](#), the Medical Services Division, a disproportionate share hospital, or a federally qualified health center. The date received must be documented. Applications must be registered in the eligibility system as soon as possible upon receipt, but no later than the fifth day following receipt. Applications will be considered received on the day submitted. If an application is submitted after business hours, on a weekend or holiday, the application will be considered received on the next business day.
- h. An application is required to initially apply for Medicaid, to re-apply after a Medicaid application was denied, to re-apply after a Medicaid case has closed, or to open a new Medicaid case for a child who has been adopted through the state subsidized adoption program.

- i. A recipient may choose to have a face-to-face or telephone interview when applying for Medicaid. However, an interview is not required in order to apply for assistance.
- j. Information concerning eligibility requirements, available services, and the rights and responsibilities of applicants and recipients must be furnished to all who require it.

2. Review.

- a. A recipient has the same responsibility to furnish information during a review as an applicant has during an application.
- b. A review must be completed at least annually using the Department's:
 - i. System generated "Monthly Report";
 - ii. System generated "Review of Eligibility";
 - iii. SFN 407, "Review for Healthcare Coverage";
 - iv. SFN 642, "[Title IV-E/Title XIX](#) Redetermination-Foster Care" for children in Foster Care, or other confirmation from a state IV-E agency (in state or out of state) that verifies continued IV-E foster care eligibility;
 - v. One of the previously identified applications completed to apply for another program;
 - vi. The on-line review through OASYS located at <http://www.nd.gov/dhs/>; or
 - vii. The streamlined review received through the state portal for ACA Medicaid reviews.

ACA individuals may also complete a review using one of the prescribed review forms used for Non-ACA Medicaid. However, notification must be sent to the individual requesting information needed to make an eligibility determination.

When an ACA individual is requested to provide information OR a review form and loses eligibility for failure to provide a renewal form or required information, **if the renewal form and all information to determine eligibility is submitted within 90 days after the**

termination, eligibility must be reconsidered back to the termination date.

Example: A case closed June 30 as the household did not submit their review, which was due in June. On September 5th, the household provided their Review Form and verification of income and expenses for July and August. Since the household provided the review form and all verifications within 90 days, eligibility must be determined back to the 1st day of the month following the month the case closed, July 1st.

Ex Parte Reviews: In circumstances where a desk review is appropriate, such as when adding a child, moving to Transitional Medicaid Benefits, processing a change in the level of care, aligning review dates with [Healthy Steps](#), [SNAP](#), or [TANF](#), or adding Medicare Savings Programs coverage; and in which the county agency has all information needed to complete a review, eligibility may be established without a review form. When the county agency has all information needed to complete a review, continued eligibility must be established without a completed form or requiring additional information from a [ACA Medicaid Household](#). In circumstances in which information needed to complete a review is available through Healthy Steps, SNAP or TANF, that information must be used without again requiring that information from the individual or family. If all needed information is available, a review can be completed without requiring a review form. Care must be used to ensure all needed information is on hand. An online narrative must document the completion of the Ex Parte review.

Passive Reviews: The county agency must make a review of eligibility without requiring information from the [ACA individual](#) or ACA Medicaid household if able to do so based on reliable information available in the individual's account or other more current information available such as through any available data bases. In these cases, the individual/household must be notified of the

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

eligibility determination and basis and that the individual/household must inform the agency if any of the information contained in the notice is inaccurate. The individual is not required to sign and return such notice if all information in the notice is accurate.

- c. A review must be completed within thirty days after a county agency has received information indicating a possible change in eligibility status, when eligibility is lost under a category (e.g. SSI to non-SSI), or when adding an individual to an existing Medicaid case. When the county agency has all information needed to determine eligibility based on a change in circumstances, a review form does not have to be completed. When additional information is needed one of the forms identified in b. must be used.
- d. A review, using one of the forms identified in b, is required to open a new Medicaid case for recipients who move from an existing case to their own case (e.g. an 18 year old attains age 19, moves out of the parental home, on other than a temporary purpose.)
- e. A recipient may choose to have a face-to-face or telephone interview for their review. However, an interview is not required in order to complete a review.
- f. Reviews must be completed and processed no later than the last working day of the month in which they are due.

Eligibility - Current and Retroactive 510-03-25-10

(N.D.A.C. Section 75-02-02.1-10)

1. Current eligibility may be established from the first day of the month in which the signed application was received.
2. Retroactive eligibility may be established for as many as three calendar months prior to the month in which the signed application was received. Eligibility can be established if all factors of eligibility are met during each month of retroactive benefits. If a previous application has been taken and denied in the same month, eligibility for that entire month may be established based on the current application. Retroactive eligibility may be established even if there is no eligibility in the month of application.

Note: This provision does not apply to individuals eligible only under the [Adult Expansion Group](#) for the months of October, November, or December 2013.

All case records shall be documented to reflect eligibility or ineligibility for each individual month assistance is requested prior to and through the month in which the application is processed.

Services received by individuals eligible under the Adult Expansion Group will be covered as '[fee for service](#)' by the participating insurance carrier for all months prior to and including the month the eligibility determination is entered into the eligibility system. Coverage of services under the insurance plan will begin the 1st day of the month following the month the eligibility determination is entered into the eligibility system.

3. An individual determined eligible for part of a month is eligible for the entire calendar month unless a specific factor prevents eligibility during part of that month. Examples of specific factors include:
 - a. An individual is born in the month, in which case the date of birth is the first date of eligibility;
 - b. An individual enters the state, in which case the earliest date of eligibility is the date the individual entered the state unless still receiving Medicaid benefits from another state. Information regarding the date Medicaid benefits from the other state are no longer available should be established in order to determine the beginning date of eligibility in North Dakota; or
 - c. An individual is discharged from a [public institution](#), in which case the earliest date of eligibility is the date of discharge.
4. A child cannot be eligible for Medicaid for the same period of time the child is covered under the [Healthy Steps](#) Program.
5. For an ongoing Medicaid case, coverage may be added retroactively up to 12 months for a non-covered household member, provided the individual lived in the household during the months requested.

Note: Coverage under the Adult Expansion Group cannot begin prior to January 1, 2014.

Duty to Establish Eligibility 510-03-25-15

(New 7/1/2014 ML #3404)

(N.D.A.C. Section 75-02-02.1-02.1)

It is the responsibility of the applicant or recipient to provide information sufficient to establish the eligibility of each individual for whom assistance is requested, including, but not limited to, the furnishing of a social security number, and establishing age, identity, residence, citizenship, and financial eligibility in each of the months in which [Medicaid](#) benefits are requested.

Requesting information from an individual or household that is already available to the worker through other sources is prohibited.

No age, residence, citizenship, or other requirement that is prohibited by Title XIX of the Social Security Act will be imposed as a condition of eligibility.

Decision and Notice 510-03-25-25

(New 7/1/2014 ML #3404)

(N.D.A.C. Section 75-02-02.1-03)

Applicants and recipients may choose the method by which they are notified of their eligibility status. They may choose paper, electronic, or through their portal account.

1. A decision as to eligibility will be made promptly on applications, within forty-five days, except in unusual circumstances. When these time periods are exceeded, the case must contain documentation to substantiate the delay.
2. Following a determination of eligibility or ineligibility, an applicant must be notified of either approval or denial of [Medicaid](#). The notice must address eligibility or ineligibility for each individual month requested including all prior months and through the processing month.

If an applicant is denied, or is ineligible for any of the prior months or the processing month, the notice must include the reason(s) for the intended action, the specific administrative code or manual reference supporting the action, the right to a fair hearing, and the circumstances under which assistance is continued if a hearing is requested.

3. Once a decision to deny eligibility is made on an application, a new application is needed to re-apply for assistance.
4. As specified below, a notice must be sent in all ongoing cases in which a proposed action adversely affects Medicaid eligibility.
 - a. A notice must be mailed (as described in subsection 5) at least ten days in advance of any action to terminate or reduce benefits. The date of action is the date the change becomes effective.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

This "Ten-Day Advance Notice" must include the reason(s) for the intended action, the specific administrative code or manual reference supporting the action, the right to a fair hearing, and the circumstances under which assistance is continued if a hearing is requested. This gives the recipient an opportunity to discuss the situation with the [county agency](#), obtain further explanation or clarification of the proposed action, or present facts to show that the planned action is incorrect. The recipient may appear on his own behalf or be represented by legal counsel, a relative, a friend, or any other spokesperson of their choice.

- b. A "Ten-Day Advance Notice" is not required when information exists confirming the death of a recipient.
- c. Under the following circumstances a "Ten-Day Advance Notice" is not required; however, a notice containing the reason(s) for the intended action, the specific administrative code or manual reference supporting the action, the right to a fair hearing, and the circumstances under which assistance is continued if a hearing is requested, must be **mailed** (as described in subsection 5) no later than the effective date of action:
 - i. The recipient provides a signed, clearly written statement providing information that requires a termination or reduction in benefits, and the recipient indicates that he or she understands that benefits will be reduced or terminated (changes reported on the change report form, the [TANF](#) monthly report, the review form, or via an applicant's or recipient's known email address meet this requirement);
 - ii. The recipient provides a signed statement requesting termination of assistance (an oral request will also suffice if recorded in the casefile narrative and reflected on the adequate notice to terminate assistance. Termination may be effective as of the current date or a date in the future). Information reported via an applicant's or recipient's known email address is considered a signed statement for Medicaid;

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- iii. The recipient has been admitted to an institution where he or she is ineligible for further services;
 - iv. The recipient's whereabouts are unknown and mail directed to the client is returned by the post office indicating no known forwarding address;
 - v. There is factual information that responsibility for providing assistance has been accepted by another state or jurisdiction; or
 - vi. The recipient has a change in the level of medical care prescribed by the individual's physician, such as the recipient begins or ceases to receive care in a [specialized facility](#), an institution for mental diseases (IMD), a Psychiatric Residential Treatment Facility (PRTF), or [nursing care services](#) in a facility (LTC) or in the community (HCBS).
- d. A "Ten-Day Advance Notice" is not required when probable fraud exists.

When the county agency obtains facts through objective collateral sources indicating the likely existence of fraud, an advance notice of proposed termination or reduction of benefits must be mailed only five days in advance of the date the action is to be taken. This shorter period allows for more prompt corrective action when probable fraud situations are uncovered.

5. System generated notices are dated and mailed on the next working day after they are approved in the eligibility system. Consideration must be given to weekends and holidays (i.e. a notice approved on a Friday is dated and mailed the following Monday, however, if Monday is a holiday, the notice is dated and mailed on Tuesday. This may mean approving the notice 1 to 5 days prior to the effective date of action).

Eligibility Factors for ACA Medicaid

6. Assistance may terminate at any time during the month. If, however, eligibility exists for at least one day of the month, eligibility generally exists for the entire month. Some exceptions to this rule are:
 - a. The date of death is the ending day of eligibility;
 - b. The last day of eligibility is the date of entry into a [public institution](#).

Reminder: When eligibility is terminated due to death, the eligibility of other individuals in the case cannot be reduced or terminated without appropriate notice. Likewise, when a caretaker relative is no longer eligible because the last child entered foster care, or parental rights were terminated, the caretaker relative's eligibility cannot be ended without appropriate notice.

7. Assistance cannot be terminated as of a past date except in case of death or if another state has assumed responsibility for providing assistance and then only if no assistance has been paid by North Dakota for the period in question.
8. Errors made by public officials and delays caused by the actions of public officials do not create eligibility or additional benefits for an applicant or recipient who is adversely affected.

Electronic Narratives 510-03-25-27

(New 7/1/2014 ML #3404)

All [Medicaid](#) cases must include electronic narratives (in Lotus Notes) to support eligibility, ineligibility, and other actions related to the case. The narrative must be detailed to permit a reviewer to determine the reasonableness and accuracy of the determination. Complete and accurate narratives include documenting the action taken; what the action was based on; sources of the information used; or if no action was taken, the reason for no action.

Narratives are also required to document contacts with the applicant, recipient, or other individuals regarding the case, regardless of whether the contact had an impact on the case.

1. Applicants or recipients of [Medicaid](#) who are dissatisfied with a decision made by the [county agency](#) or the North Dakota [Department](#) of Human Services, or who have not had their application acted on with reasonable promptness, may appeal to the North Dakota Department of Human Services.
2. A request to appeal must be in writing and not later than 30 days from the date the notice of action is mailed. When an applicant or recipient requests a hearing without completing the SFN 162, Request for Hearing, the county must complete an [SFN 162, Request for Hearing](#), based on the information available. When the county is completing the SFN 162, the form is not signed by the county.
3. When a recipient requests an appeal prior to the effective date of an adverse decision, the recipient's Medicaid eligibility may not be reduced or terminated until a decision is rendered after the appeal hearing unless it is determined that the sole issue is one of Federal or state law or policy. In these cases, the recipient must be informed in writing that eligibility will be reduced or terminated pending the final appeal decision. This applies even when a review of eligibility is due before the final appeal decision is made.
4. When assistance has continued pending an appeal decision and the county agency's decision to close the case or reduce benefits is upheld, the case must be closed, or the benefits reduced, immediately upon receipt of the notice of decision. Pursue collection of any Medicaid benefits paid during the period assistance was continued pending the appeal decision.
5. Refer to Service Chapter 448-01-30 for more information with regard to Hearings and Appeals.

An individual, who could establish eligibility under more than one category, such as between [Non-ACA Medicaid](#) categories and ACA Medicaid categories, may have eligibility determined under the category the individual selects.

Individuals eligible as QMBs and SLMBs are eligible as aged, blind or disabled for that coverage but may also establish eligibility under the ACA Medicaid categories as a caretaker/relative or pregnant woman.

SSI recipients must first be tested for eligibility under Non-ACA Medicaid and only if they fail Non-ACA Medicaid (such as excess assets) may they be tested under ACA Medicaid. This also applies to SSI recipients who are pregnant women.

There are six (6) major Categories of Eligibility (COE), each of which have related categories that fall under them. The six major categories are:

1. Children Under age 19;
2. [Healthy Steps](#) (CHIP);
3. Parents, caretaker relatives and their [spouses](#);
4. Pregnant Women;
5. Adults.
6. Former Foster Care Children

The following rules determine how to assign the COE for eligible individuals:

1. Children Under Age 19

Basic Factors of Eligibility 510-03-35

ACA Medicaid Household 510-03-35-05

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-08)

Each eligible individual must have their [ACA Medicaid Household](#) determined separately based on whether the individual is a [tax filer](#), a [tax dependent](#), or an adult or child [non-filer](#) as well as the individual's relationship to those with whom the individual resides.

NOTE: Under ACA-based Methodologies, individuals may no longer be opted out of a household. However, they can choose to not receive coverage.

1. **Tax Filer Unit**

If the person is a **tax filer**, that person's Medicaid household includes:

- a. The individual,
- b. The [spouse](#) who lives with them, (regardless if they file jointly or separately),
- c. Everyone the tax filer claims as a tax dependent, and
- d. If any of these individuals are pregnant, include the number of unborn children.

Note: If the tax filer is also claimed as a tax dependent, follow the tax dependent rules.

2. **Tax Dependent Unit**

If a person is a **tax dependent**, that person's Medicaid household includes:

- a. The individual,

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- b. The spouse who lives with them, (regardless if they file jointly or separately)
- c. Everyone in the tax filers household, **UNLESS** the tax dependent meets one of the following **exceptions**:
 - i. The individual is claimed as a dependent by someone other than a parent, adoptive parent, or step-parent, (example by a grandparent or older adult sibling) or
 - ii. The individual is under age 19 and claimed as a dependent by an absent parent (example, child lives with Mom but absent Dad is claiming as a tax dependent), or
 - iii. The individual is under age 19 and lives with both parents but the parents do not expect to file jointly (example—parents live together but are not married).
- d. If any of these individuals are pregnant, include the number of unborn children.

If the tax dependent meets any of the above exceptions in 2.c., we must follow the **non-filer rules** in determining household size.

3. **Non-Filer Unit**

If a person is a **non-filer**, that person's Medicaid household is determined based on whether or not the non-filer is an Adult (Age 19 and older) or a Child (Under age 19).

- Non-filer Adult Household (age 19 or older) includes:
 - a. The non-filer adult, and
 - b. Their spouse who lives with them, and
 - c. Their natural, adopted or step-children under age 19
 - d. If any of these individuals are pregnant, include the number of unborn children.
- Non-filer Child Household (under age 19) includes:
 - a. The non-filer child,

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- b. The child's natural, adopted or stepparents who lives with them,
- c. The child's natural, adopted or step siblings under age 19 who lives with them,
- d. The child's spouse,
- e. The child's natural, adopted or step children under age 19 who lives with them.
- f. If any of these individuals are pregnant, include the number of unborn children.

Married couples, who file jointly, must be included in each other's Medicaid households for budgeting purposes, even if not residing together.

Married couples, where one spouse is incarcerated, the incarcerated spouse must be included in other's Medicaid households for budgeting purposes, IF the spouses file their taxes jointly.

Note: The spouse who is incarcerated is not eligible for ACA Medicaid.

When an unmarried couple with children are not able to indicate their intent to file taxes, the parent with the highest income will be considered as claiming the child(ren).

The following flowchart and examples will assist in determining the ACA Medicaid Household for each individual:

 - Pam's mother is a non-filer and her household size is 1.
8. John and Julie are married. They have 2 children in common, Derik age 2 and Shawn age 10. Julie has a child from a previous relationship, Brynn, age 16. Mom and Step Dad file jointly and claim all the children on their taxes.
- John and Julie are tax filers and each has a household size of 5.
 - Brynn, Shawn and Derik are tax dependents and each has a household size of 5.
9. Marty lives with his grandmother, who is widowed, and she expects to claim him as a tax dependent (someone other than a parent is claiming Marty).
- Marty is a non-filer and his household size is 1.
 - Grandmother is a tax filer and is claiming Marty. Grandmother's household size is 2.
10. Marcy lives with both of her biological parents, Mary and Mark, who are married but expect to file separately. Marcy expects to be claimed as a tax dependent by Mary.
- Marcy is considered a non-filer as she meets one of the exceptions in #2.c., Tax Dependent Unit rules, above. Her household size is 2.
 - Mary is a tax filer and is claiming her daughter and her household size is 3.
 - Mark is a tax filer and is not claiming his child. His household size is 2.

- Carl is a tax filer and his household size is 3.
 - Sandy is a non-filer and her household size is 2.
 - Meghan is a non-filer and her household size is 2.

Deprivation 510-03-35-10

(New 7/1/2014 ML #3404)

[View Archives](#)

Deprivation must be established in order for an individual to be found eligible under the Parent, Caretaker Relative and their [Spouses](#) categories or the 'Absence' and 'Unemployment, or Underemployment of a Parent (UP)' deprived children's categories.

A child, under age 19 (including the month the child attains age 19) is considered deprived of a natural or adoptive parent's support or care due to continued absence of a parent or inability of a parent to meet the child's needs.

A child will be considered deprived under the following reasons:

1. Absence of a Parent
 - a. Death of a parent;
 - b. Divorce or legal annulment;
 - c. Separation, legal or mutual, as long as there was no collusion between the parents to render the family eligible, or
Note: A child will still be considered deprived when the absent parent was included in the household for budgeting purposes, due to spouses filing their taxes jointly.
 - d. Imprisonment of one or both parents
Note: A child will still be considered deprived when the imprisoned parent was included in the household for budgeting purposes due to spouses filing their taxes jointly.

To establish continued absence, the parent must be sentenced to a minimum of a thirty-day jail term. Any portion of a sentence actually suspended and not served does not count toward the thirty-day minimum. A parent who is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the work day is not considered absent from the home;

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- e. Unmarried parenthood (when not residing together);
 - f. Abandonment;
2. Disability, Incapacity or Age of a parent
- a. Disability of a parent (as defined in Service Chapter 510-05, Section [510-05-35-100, Blindness and Disability](#));
 - b. Incapacity of a parent;
 - c. A parent is age sixty-five or older;
3. Unemployment, or underemployment, of a parent, if either parent is:
- a. Employed less than one hundred hours per month (based on pay stub hours, including holiday and sick pay hours; or if self-employed, in the absence of other credible information, by dividing the gross monthly income by minimum wage); or
 - b. Employed more than one hundred hours in the current month, but employed less than one hundred hours in the previous month and is expected to be employed less than one hundred hours in the following month.

When the only means of income to a household is self-employment and both parents are actively involved in the business, consider both parents working more than 100 hours.

A parent's contact with his or her child(ren) does not have to stop in order for continued absence to exist. A continuing relationship between an absent parent and child(ren), by itself, cannot be a basis for finding that continued absence does not exist. The continued absence of either parent from the home is established when a parent maintains and resides in a separate verified residence apart from the [ACA Medicaid Household](#) for reasons other than employment, education, training, medical care, or uniformed service. The parent is considered absent from the home and the absent parent's functioning as a provider of maintenance, physical care, or guidance to the child(ren) is considered interrupted. ('Uniformed service' is defined to mean duty in the Army, Navy, Air Force, Marine Corps, Coast Guard, Environmental Sciences Services Administration, Public Health Service, and reserve duty.).

A parent temporarily living apart from the child(ren) due to employment, education, training, medical care, uniformed service, or any other temporary reason is not considered "Absent from the home" as long as the parent continues to function as a parent, even if the level of support or

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

care is somewhat deficient. An exception is made when there is evidence that continued absence would have existed irrespective of the above reasons.

Divorce courts often award custody of children to both parents, however, legal custody orders have no bearing on whether or not a child is considered "deprived." It is the parent's absence from the home and the child's physical presence rather than legal custody that is relevant.

Deprivation of unemployment, underemployment, incapacity, or disability may be established on an unborn child only when the prospective parents are married and in the same ACA Medicaid household.

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-08.1)

1. Caretaker relatives may be eligible for Medicaid under the Parents and Caretakers of deprived children and their [spouses](#) category when:
 - a. A child is residing with the caretaker/relative AND is eligible for Medicaid, [Healthy Steps](#) or enrolled in a health insurance policy which includes the [minimal essential coverage's](#); and
 - b. The caretaker relative assumes primary responsibility for the child's care (does not mean the caretaker relative must claim the child for tax purposes); and
 - c. The caretaker relative is related within the 5th degree of relationship to the child; and
 - d. The caretaker relative's household has income at or below the parent/caretaker and their spouses' category income level.

2. The following individuals may be considered a caretaker relative:
 - a. A natural or adoptive parent;
 - b. A grandparent (including a great, great-great, or great-great-great- grandparent);
 - c. A sibling (if age sixteen or older);

3. A child is considered to be ['living with'](#) a caretaker relative when away at school or when otherwise temporarily absent from the home.
4. A child is **NOT** considered to be living with a caretaker relative when either the child or the caretaker is residing in a nursing care facility, an intermediate care facility for the intellectually disabled, or a [specialized facility](#) on other than a temporary basis.
5. A child may not be considered to be living with more than one caretaker relative in more than one Medicaid household for the same time period.
6. When the only child in common is an unborn and there is deprivation of unemployment/underemployment, incapacity, or disability, the prospective parents must be married in order for the father to be eligible as a caretaker relative under the Parents and Caretakers of deprived children and their spouses' category.
7. Termination of parental rights removes all relationships and responsibilities between the parent and the child(ren). The parent becomes a "legal stranger" to the child(ren). However, for Medicaid purposes, the blood relatives of a parent whose parental rights have been terminated continue to be treated as relatives of the child(ren).
8. A child other than a natural or adoptive child cannot create eligibility for a caretaker when a natural or adoptive child under age 19 resides in the home of the caretaker.

Income of all individuals included in the individual's ACA Medicaid household must be counted unless disregarded as defined in Section [510-03-85-30](#), Disregarded Income.

Need 510-03-35-35

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-11)

Need is a factor of eligibility. Need in this sense is not to be confused with the necessity for a particular medical service.

1. Need is automatically established for individuals who are determined to be categorically needy eligible under ACA Medicaid
2. For an ACA Medicaid medically needy applicant or recipient, need is established when there is no client share (recipient liability) or when the applicant or recipient has incurred medical expenses for which the applicant or recipient is responsible (after any third party payments) that equal or exceed the client share. If there is no need, there is no eligibility, and the application must be denied or the case must be closed.

To determine need under ACA Medicaid Medically Needy,

- a. Determine the Monthly ACA Income; deduct any ACA allowable deductions to arrive at the Countable ACA Medicaid Income.
 - b. Subtract the Medically Needy Income Level for the household size from the Countable ACA Medicaid Income.
3. When financially eligible individuals (individuals listed above in #1 or those in #2 with no client share) are not utilizing the program, assistance may be terminated if a written request is obtained from the recipient. An oral request will also suffice if recorded in the case file narrative and reflected on the closing notice, which must be mailed to the recipient.

Age and Identity 510-03-35-40

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-12)

1. An individual who is eligible upon reaching age twenty-one remains eligible for Medicaid through the month in which the individual reaches that age. An exception to this general rule permits eligibility to continue for a person who attains age twenty-one while receiving treatment and continues to receive treatment as an inpatient in a Psychiatric Residential Treatment Facility (PRTF), the state hospital, the Prairie at St. John's center, or the Stadter Psychiatric Center. Eligibility may continue through the month the individual attains the age of twenty-two.
2. Caretaker relatives, are not subject to any age requirements for purposes of Medicaid eligibility
3. In instances where only the year and not the exact date of birth can be established, use July 1 to designate the date of birth; or if the year and month can be established, use the year and first day of the month for purposes of Medicaid eligibility.
4. Identity must be established and documented as provided in this section.
 - a. The following individuals are exempt from the identity verification requirements:
 - i. SSI recipients who claim that they are US Citizens and that claim is not questionable (can prove using the SDX or NDVerify SSI match);
 - ii. Medicare beneficiaries who claim that they are US Citizens and that claim is not questionable (can prove using the NDVerify SSA match);
 - iii. Individuals receiving SSA disability insurance benefits based on their own disability;

Division 15
Program 505

- iv. Individuals receiving Foster Care maintenance payments;
 - v. Individuals receiving Subsidized Guardianship payments.
- b. Newborn children: A child, born to a woman who has applied for and been determined Medicaid eligible and is in receipt of Medicaid when the child is born, may be eligible without verifying identity. This provision also applies in instances where labor and delivery services were furnished prior to the date of the Medicaid application and covered based on retroactive eligibility.

This provision applies to all children whose Mother is eligible for Medicaid at the time of their birth, including those under the emergency services only provisions.

Children who are born to a woman who is here on a temporary basis and who is not eligible for Medicaid or emergency medical services must comply with the verification requirements if Medicaid is requested.

- c. Reasonable Opportunity Period. Applicants who claim they are U.S. citizens or qualified aliens are entitled to a reasonable opportunity period to provide verification of citizenship, qualified alien status, and identity. Medicaid is not permitted to deny, delay, reduce, or terminate eligibility while documentation is being gathered during the reasonable opportunity period. A reasonable opportunity period applies when all other information necessary to determine eligibility is available. If an individual is eligible for Medicaid and has met all other criteria except for citizenship or identity verification, that individual's eligibility may not be pended for verification of either citizenship or identity, but must be approved. If the individual does not provide satisfactory documentation of citizenship and identity by the end of the reasonable opportunity period, the individual's eligibility must be terminated with advance (10-day) notice and without regard to continuous eligibility provisions.

A 'reasonable opportunity period' is defined as 90 days from the date the application is submitted and for the remaining days of the month in which the 90th day falls. An extension of an additional 60 days from the 90th day may be granted if the individual has verifiable documented evidence they have been

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510

making a good faith effort to obtain the verifications, but still have not received them.

An example of a good faith effort would be a letter from another state's vital statistics office that the documentation was requested timely (no later than 10 days after the latter of the application date or the earliest date the verification was requested by the county or [state agency](#)), but there will be a delay in providing the documentation.

Example: Mr. Brown applies for Medicaid on May 11, 2010. He has verification of citizenship; however he has nothing to prove identity. He does not meet any of the exemptions from the verification requirements that are listed in the manual. Mr. Brown is determined to be eligible for Medicaid and the application approved for the prior months of March and April, the application month of May, and the future month of June. Mr. Brown claims he is a member of a federally-recognized Indian tribe in California. The worker has assisted him in requesting identifying tribal documents from the tribe in California. The worker sets an alert to follow up in early August. The worker does not receive a response by August 20, so sends an advance notice to close. On August 23, Mr. Brown brings in a recent letter from the tribal enrollment office in California, acknowledging receipt of his request for his tribal enrollment verification, and stating that it will take another 6 weeks for them to process it. In this case, an additional 2 month period may be granted. The worker would set an alert for a secondary follow up for October 2010. If not received by October 20, 2010, advance notice to close must be sent.

A reasonable opportunity can only be allowed once for any individual. If granted a reasonable opportunity period but the requested verifications are not received and eligibility is terminated, a second reasonable opportunity period is not allowed at a later application.

- d. Primary and preferred verification of identity. Verification documents must be presented in their official and original form as

(N.D.A.C. Section 75-02-02.1-18)

1. As a condition of eligibility, applicants or recipients must be a United States citizen or an alien lawfully admitted for permanent residence. Verification of citizenship, naturalization, or lawful alien status must be documented. This section addresses:
 - a. Exceptions to verification of citizenship;
 - b. Newborn children;
 - c. Verification requirements;
 - d. Acceptable documentation for US citizens and naturalized citizens; and
 - e. Individuals born in Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, and Nationals from American Samoa.

For aliens, apply the appropriate policy identified in sections [510-03-35-50](#) through 510-03-35-70.

2. Exceptions to verification of citizenship. The following individuals are exempt from the citizenship verification requirements:
 - a. SSI recipients who claim that they are US Citizens and that claim is not questionable (can prove using SDX or NDVerify SSI match);
 - b. Medicare beneficiaries who claim that they are US Citizens and that claim is not questionable (can prove using NDVerify SSA match);
 - c. Individuals receiving SSA disability insurance benefits based on their own disability;
 - d. Individuals receiving Foster Care maintenance payments;
 - e. Individuals receiving Subsidized Adoption payments; and
 - f. Individuals receiving Subsidized Guardianship payments.
3. Newborn children. A child, born to a woman who has applied for and been determined Medicaid eligible and is in receipt of Medicaid when the child is born, may be eligible without verifying citizenship. This

provision also applies in instances where labor and delivery services were furnished prior to the date of the Medicaid application and covered based on retroactive eligibility.

This provision applies to all children whose Mother is eligible for Medicaid at the time of their birth, including those under the emergency services only provisions.

Children who are born to a woman who is not eligible for regular Medicaid must comply with the verification requirements if Medicaid is requested.

4. Verification Requirements: Applicants must provide satisfactory documentary evidence of citizenship or naturalization.
 - a. The only acceptable verifications from individuals must be either originals or copies certified by the issuing agency. Photocopies or notarized copies may not be accepted; however, a photocopy of the original document must be maintained in the casefile.
 - b. Verifications may be accepted from another state agency that may have already verified citizenship, but a photocopy must be obtained for the casefile.
 - c. Once an individual's citizenship is documented and recorded, subsequent changes in eligibility do not require repeating the documentation unless questionable, or there is no verification in the casefile.

Example: John Doe applies for Medicaid and supplies his citizenship verifications and his case closes. If his casefile is purged after the three year retention period and he reapplies, he will need to again provide his verifications so that his casefile is complete.
 - d. If an individual has made a good faith effort to obtain verifications, but cannot obtain them within the processing timeframes , or because the documents are not available, assistance must be provided to the individual in securing evidence of citizenship. Matches with other agencies may be used to assist the individual.
 - e. Reasonable Opportunity Period. Applicants who claim they are U.S. Citizens or qualified aliens are entitled to a reasonable opportunity period to provide verification of citizenship, qualified alien status, and identity. Medicaid is not permitted to deny, delay, reduce, or terminate eligibility while documentation is being gathered during

5. Acceptable documentation for US citizens and naturalized citizens.
 - a. American Indians Born in Canada 510-03-35-50

(New 7/1/2014 ML #3404)

[View Archives](#)

1. American Indians born in Canada who may freely enter and reside in the United States are considered to be lawfully admitted for permanent residence if at least one-half American Indian blood. This does not include a [spouse](#) or child of such an Indian nor a noncitizen whose membership in an Indian tribe or family is created by adoption, unless such person is of at least 50 percent or more Indian blood. These American Indians are qualified aliens and are considered to be lawful permanent residents.

Article III of the 'Jay Treaty' declared the right of "Indians" ("Native Americans") to trade and travel between the United States and Canada, which was then a territory of Great Britain. As a result of the "Jay Treaty", Native Indians born in Canada are entitled to enter the United States for the purpose of employment, study, retirement, investing, and/or immigration.

2. Verification of percentage of American Indian blood may be obtained from INS Form I-551 with the code 513, S1-3, or S-13, or an unexpired temporary I-551 stamp (with the code 513, S1-3, or S-13) in a Canadian passport or on Form I-94. If the individual does not have an INS document, satisfactory evidence of birth in Canada and a document indicating the percentage of American Indian blood must be provided. Documents, indicating the percentage of American Indian blood include a birth certificate issued by the Canadian reservation, or a Blood Quantum Letter, card, or other record issued by the tribe (each tribe provides some type of evidence). The Blood Quantum Letter may use the following verbiage: at least 50% Aboriginal blood, at least 50% Indigenous blood, at least 50% North American Indian blood, or at least 50% American Indian blood. Do not accept a Certificate of Indian Status card ("Band" card) issued by the Canadian Department of Indian Affairs, information from any internet sites, or any other document not directly issued by the individual's tribe.

Note: The Blood Quantum Letter can be used to show that an individual possesses at least 50% blood of the American Indian

1. Ineligible Aliens. Some aliens may be lawfully admitted for a temporary or specified period of time and are not eligible for Medicaid. They have the following types of documentation: Form I-94, Arrival-Departure Record; Form I-185, Canadian Border Crossing Card; Form I-186, Mexican Border Crossing Card; Form SW-434, Mexican Border Visitor's Permit; Form I-95A, Crewman's Landing Permit. These aliens are not eligible for Medicaid because of the temporary nature of their admission status. Ineligible aliens are eligible for coverage of emergency services. The following categories of individuals are ineligible aliens:
 - a. Foreign government representatives on official business and their families and servants;
 - b. Visitors for business or pleasure, including exchange visitors;
 - c. Aliens in travel status while traveling directly through the U.S.;
 - d. Crewman on shore leave;
 - e. Treaty traders and investors and their families;
 - f. Foreign students;
 - g. International organization representation and personnel and their families and servants;
 - h. Temporary workers including agricultural contract workers; and
 - i. Members of foreign press, radio, film, or other information media and their families.
2. Illegal Aliens. Aliens who are not lawfully admitted for permanent residence in the United States are not eligible for Medicaid, except for emergency services. Ongoing eligibility does not exist.
3. Individuals from the Federated States of Micronesia, the Marshall Islands, or Palau, are permanent non-immigrants. While considered non-qualified aliens, they are here permanently and therefore can be eligible for emergency services.

Qualified Aliens 510-03-35-58

(New 7/1/2014 ML #3404)

Aliens who lawfully entered the United States for permanent residence before August 22, 1996, and who meet all other Medicaid criteria may be eligible for Medicaid. These individuals have Forms I-551 or I-151 (Resident Alien Cards) or a Foreign Passport stamped LPR or I-551.

(N.D.A.C. Section 75-02-02.1-18)

1. Aliens admitted for Lawful Permanent Residence (LPR) on or after August 22, 1996 are banned from Medicaid, for five years from the date they entered the United States. After the five-year ban, aliens who are lawful permanent residents who can be credited with forty qualifying quarters of social security coverage may be eligible for Medicaid.

Verifications of this status are:

- a. Form I-551 or I-151 (Resident Alien Card) (these are also known as 'green cards' but are not green);
- b. Foreign passport stamped LPR or I-551.

Note: If a qualified alien's status has changed to LPR, the codes at [510-03-35-58](#) apply. If the code on the Permanent Resident Card is not in [510-03-35-58](#), the individual is subject to the 5-year ban and forty qualifying quarter requirements.

Example: An asylee entered as an AS1 (which shows on his I-94 card). He has now become a LPR and his code on his I-551 is AS8. He is still an Asylee and a qualified alien. If his LPR code had been issued as an SD6, which is not a qualified alien code instead of the AS8, he is subject to the 5-year ban or the forty-quarter requirements.

2. Qualifying quarters of social security coverage determined by Social Security can be obtained using the NDVerify system. Earnings of some federal civilian employees hired before 1984, earnings of employees of some state and local governments, and certain agricultural and domestic earnings are not calculated by Social Security. These earnings count in establishing qualifying quarters of social security coverage and must be determined using the same process used by Social Security. If

an alien claims to have work history that may qualify, but that the NDVerify System does not support, gather the information regarding the amount of earnings by quarter and contact the Medicaid Eligibility unit for further assistance.

- a. When determining the number of qualifying quarters an individual has, count:
 - i. All qualifying quarters the alien has due to work;
 - ii. All qualifying quarters worked by the alien's [spouse](#) during their marriage, if the alien remains married to such spouse or the spouse is deceased; and
 - iii. All qualifying quarters worked by a natural, adoptive, or stepparent of such alien while the alien was under age 18. Qualifying quarters of an adoptive parent count from the quarter of the adoption. Qualifying quarters of a stepparent count from the quarter of marriage to the alien's parent.
 - b. Do not count qualifying quarters for any quarter in which [TANF](#), [SNAP](#), Medicaid, or SSI benefits were received (including benefits received in another state), or from any parent whose parental rights have been terminated.
3. Adopted or biological children born outside the US may establish their automatic citizenship if verification is provided as described in the Secondary Verification of Citizenship table at [510-03-35-45](#).

Non-qualified aliens -- Ineligible aliens, illegal aliens, permanent non-immigrants (identified in subsection 3 of [510-03-35-55](#)), and qualified aliens, who are not eligible for Medicaid because of the time limitations or forty qualifying quarters of social security coverage requirement, may be eligible to receive emergency services that are not related to an organ transplant procedure, if all of the following conditions are met:

1. The alien has a medical condition (including labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:
 - a. Placing health in serious jeopardy;
 - b. Serious impairment to bodily functions; or
 - c. Serious dysfunction of any bodily organ or part.
2. The alien meets all other eligibility requirements for Medicaid except illegal aliens do not have to meet the requirements concerning furnishing social security numbers and verification of alien status; and
3. The alien's need for the emergency service continues. Eligibility for Medicaid ends when the emergency service has been provided, and does not include coverage of follow-up care if the follow-up care is not an emergency service. A pregnant woman may be covered from the date she entered the hospital for labor and delivery through the date she was discharged. A pregnant woman who delivers a child and is covered under this provision is not eligible for the sixty-day period of eligibility after pregnancy. Her child, however, is a citizen and may be eligible for twelve months of continuous coverage.

(N.D.A.C. Section 75-02-02.1-13)

1. A valid social security number (SSN), or verification of application for SSN, must be furnished as a condition of eligibility, for each individual for whom Medicaid benefits are sought except the following individuals do not have to provide a SSN, or verification of application for SSN:
 - a. A newborn child for the first sixty days, beginning on the date of birth and for the remaining days of the month in which the sixtieth day falls, or if the newborn is continuously eligible, for the remaining days of the newborn's first eligibility period;
 - b. An individual who is currently eligible for Transitional or Extended Medicaid Benefits; and
 - c. An illegal alien seeking emergency services. (see [510-03-35-70](#) for a description of emergency services.)

When the exempt period ends, a social security number or verification of application for SSN must be provided to continue Medicaid coverage. Members of the [ACA Medicaid Household](#) who are not seeking coverage may voluntarily provide their SSN; however, they are not required to do so.

2. Persons who do not have a number must be referred to the Social Security Administration to apply for one. The [county agency](#) may assist the applicant as needed.
3. A copy of the enumeration at birth form (SSA 2853) that is completed at the hospital, or any other receipt from the Social Security Administration is adequate verification of application for SSN.
4. The Medicaid household must be informed, at the time of application that the agency will use the SSN in the administration of the Medicaid Program. The SSN will be used to verify income and asset information

The informing requirement is met by the appropriate language found on the Application for Assistance.

5. Social Security numbers are electronically verified through NUMIDENT and the NDVerify system for all recipients. When a number is reported as not valid, the recipient must provide their valid SSN in order to continue eligible for Medicaid.

NUMIDENT - This interface is used to verify an individual's social security number, age and sex. Administrative Manual Section 448-01-50-15-60, "NUMIDENT" provides additional information regarding the NUMIDENT interface, and defines the alerts that are created when the NUMIDENT match is determined 'Invalid'.

When the return NUMIDENT file is processed, the following indicators display in the NUMIDENT field on Client Profile in both the TECS and Vision systems with the results of the match:

- Blank – means the information has not been sent to Social Security Administration
- I – Invalid match for social security number
- S – Sent to Social Security Administration for verification
- V – Valid match for social security number

If the indicator is 'I' (invalid) the SSN, name, date of birth or sex of the individual was an invalid match with the SSA information.

When the worker receives one of the following alerts, a valid or active SSN has not been provided:

- SSN Invalid
- SSA has different SSN for client, a valid SSN has not been provided
- More than 1 SSN at SSA

When the worker receives one of the following alerts, information entered into the system may be incorrect or the individual's NUMIDENT record at SSA has incorrect information.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- SSN Invalid – sex does not match
- SSN Invalid – DOB does not match
- Sex & DOB do not match SSA
- Name does not match SSN

The eligibility system may be incorrect or the individual's NUMIDENT record at SSA has incorrect information. The worker should check the information entered into the system for accuracy. If the worker is unable to determine if the information in the system is accurate, the worker must contact the household (via phone or notice) to determine the correct date of birth or sex and then correct the information in the system.

If the worker contacts the household by phone, the contact must be thoroughly documented in the narrative. The worker must document the request and give the household 10 days to provide the number.

- If the household refuses to provide the SSN, or fails to respond to the request, that individual's coverage must be ended or denied.
- If the household requests additional time, another 10 days may be allowed.
- Household members who are not requesting coverage are not required to provide a SSN.

If the individual can only show a request date and not a number, they have until the next review to provide a SSN, or eligibility will end for that individual. Newborns may be eligible until the month of their first birthday with a request date, after that, a SSN must be provided.

6. Except for recipients excused in Subsection 1, recipients who provide verification of application for a SSN must provide a SSN by the next review. If a child is within a continuous eligibility (CE) period when the case review is being completed, and the SSN is not provided, the child is eligible through the end of the current CE period; however, the child's SSN must be provided for eligibility to continue past the end of that CE period.

State Residence 510-03-35-85

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-16)

An individual must be a resident of North Dakota to be eligible for Medicaid through this state. A resident of the state is an individual who is living in the state voluntarily and not for a temporary purpose. Temporary absences from the state with subsequent returns to the state, or intent to return when the purpose of the absence has been accomplished, do not interrupt continuity of residence. Residence is retained until abandoned or established in another state.

1. For individuals entering the state, the earliest date of residency is the date of entry. Residence may not be established for individuals who claim residence in another state.

An individual's Medicaid case may remain open in the other state for a period of time after the individual moves, however, most states will not cover out-of-state care so eligibility may be determined as of the date the individual entered the state. If the other state will pay for the care in North Dakota, wait to open the case until the other state stops the coverage. Likewise, when an individual leaves the state, eligibility is ended as soon as, and in accordance with, proper notice. North Dakota Medicaid will no longer extend coverage through the month in which an individual moves out of the state. This information must be documented in the casefile.

2. Students age 18 to 22, who apply for ACA Medicaid on their own behalf, are considered North Dakota residents if:
 - a. Either parent resides in North Dakota; or
 - b. Claimed as a [tax dependent](#) by someone who resides in North Dakota.

Eligibility Factors for ACA Medicaid

- c. Not claimed as a dependent by anyone else and is living in North Dakota voluntarily and not for a temporary purpose.
3. Individuals under age 21:
 - a. For any individual under age twenty-one who is married and capable of indicating intent, the state of residence is the state where the individual is living, with the intention to remain.
 - b. Children receiving non-IV-E adoption assistance payments from another state are considered residents of North Dakota for Medicaid purposes if there is an Interstate Compact on Adoption and Medical Assistance (ICAMA) agreement with a member state that indicates that the receiving state will cover the Medicaid. Likewise, children from North Dakota receiving non-IV-E adoption assistance payments who move to another member state may no longer be considered North Dakota residents if the ICAMA agreement indicates that the receiving state will cover the Medicaid. The Children and Family Services division provides county agencies with information on whether a sending or receiving state is a member state and which state is responsible for the medical coverage per the agreement.
4. For any other non-[institutionalized individual](#) under age 21, the state of residence is the state in which the child is [living with](#) the child's parent or another caretaker relative on other than a temporary basis. A child is normally considered to be living in the state temporarily if:
 - i. The child comes to North Dakota to receive services in the Anne Carlson School, maternity homes, etc. if the intent is to return to the child's home state upon completion of the education or service;
 - ii. The child is placed by an out-of-state court into the home of relatives or foster parents in North Dakota on other than a permanent basis or on other than an indefinite period; or
 - iii. The child entered the state to participate in specialized services if the intent is to return to the child's home state upon completion of the activity or service.
5. Individuals age 21 and over:
 - a. For any individual not residing in an institution, the state of residence is the state where the individual is living with the intention to remain there permanently or for an indefinite period or is entering the state with a job commitment or seeking employment.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- The state of residence, for Medicaid purposes, of migrants and seasonal farm workers is the state in which they are living due to employment or seeking employment.
- b. For an [institutionalized individual](#) who became incapable of indicating intent before age twenty-one, the state of residence is that of the parent or guardian making application, at the time of placement or, if the individual is institutionalized in that state, at the time of application. If the individual has no guardian, the application is not made by either parent, and the placement was not made by another state, the state of residence is the state in which the individual is physically present.
 - c. For any other institutionalized individual, the state of residence is the state where the individual is living with the intention to remain there permanently or for an indefinite period.
6. An "individual incapable of indicating intent" means one who:
- a. Has an intelligence quotient of forty-nine or less, or a mental age of seven or less, based upon tests acceptable to the Division of Mental Health of the [Department](#) of Human Services;
 - b. Has been found by a court of competent jurisdiction to be an incapacitated person as defined in subsection 2 of North Dakota Century Code section 30.1-26-01;
 - c. Has been found by a court of competent jurisdiction to be legally incompetent; or
 - d. Is found incapable of indicating intent based on medical documentation obtained from a physician or surgeon, clinical psychologist, or other person licensed by the state in the field of mental retardation.
7. Individuals placed in out-of-state institutions by a [state agency](#) retain residence in that state regardless of the individual's indicated intent or ability to indicate intent. State residence ends, however, when the competent individual leaves the facility in which the individual was placed by the state. Providing information about another state's Medicaid program or about the availability of health care services and facilities in another state, or assisting an individual in locating an institution in another state, does not constitute a state placement.

State agencies include human service centers, the Division of Juvenile Services, special education, county social service offices, the [Department](#) of Human Services, and the Health Department. Tribal entities and hospital social workers or other staff are not state agencies.

8. For any individual receiving a state supplemental payment, the state of residence is the state making the payment.
9. For any individual on whose behalf payments for regular foster care are made, the state of residence is the state making the payment.
10. If an interstate reciprocal residency agreement has been entered into between this state and another state pursuant to 42 CFR 435.403(k), the state of residence of an affected individual is the state determined under that agreement.

North Dakota has an interstate reciprocal residency agreement with eight states. The agreement provides that individuals of any age institutionalized in one of these states are considered a resident of the state in which they are institutionalized.

The states with which we have the agreement are:

California	Ohio	Texas
Kentucky	Pennsylvania	Wisconsin
New Mexico	Tennessee	

North Dakota also has a specific agreement with the State of Minnesota. The agreement states that individuals who enter a nursing facility in the other state remain a resident of the state they were a resident of prior to admission into the nursing facility for 24 months following admission, and if the individual has a community [spouse](#), they continue to be a resident of the state the community spouse lives in beyond the 24 month time limit. This agreement terminates at the point the individual is discharged from a nursing facility unless the individual is being transferred to a different nursing facility.

11. When two or more states cannot agree which state is the individual's state of residence, the state of residence is the state in which the individual is physically present.

12. North Dakota residents will be provided Medicaid outside the state when:
- a. It is a general practice for residents of a particular locality to use medical resources outside the state;
 - b. The availability of medical resources requires an individual to use medical facilities outside the state for short or long periods. Prior approval from the Medical Services Division must be obtained when an individual is being referred for out-of-state medical services.

Transportation for approved out-of-state medical services will be arranged jointly by the individual and the [county agency](#).
 - c. Individuals are absent from the state for a limited period of time to receive special services or training;
 - d. It is an emergency situation; and
 - e. Services are received during an eligible period but prior to application.

(N.D.A.C. Section 75-02-02.1-17)

1. As a condition of eligibility, applicants and recipients (including [spouses](#) and financially responsible absent parents) must take all necessary steps to obtain any annuities, pensions, retirement, and disability benefits, to which they are entitled, unless they can show good cause for not doing so. Annuities, pensions, retirement, and disability benefits include, but are not limited to, veterans' compensation and pensions; old age, survivors, and disability insurance benefits; railroad retirement benefits; and unemployment compensation.
2. Good cause under this section exists if:
 - a. The recipient is a pregnant woman or a newborn who is within the 60 days of free Medicaid;
 - b. The recipient is eligible for Transitional or Extended Medicaid Benefits;
 - c. Receipt of the annuity, pension, retirement, or disability benefit would result in a loss of health insurance coverage; or
 - d. An employed or self-employed individual who has not met their full retirement age chooses not to apply for Social Security early retirement or widows benefits.

Good cause must be documented in the case file.

3. Application for needs based payments (e.g. SSI, [TANF](#), etc.) cannot be imposed as a condition of eligibility.

Public Institutions and IMDs 510-03-35-95

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-19)

1. An "inmate" of a [public institution](#) is not eligible for Medicaid unless the eligible individual is a child under the age of 21, who is determined to be continuously eligible. Such child remains eligible for Medicaid; however, no medical services will be covered during the stay in the public institution.
 - a. A public institution is an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control, but does not include a medical institution.

Examples include (but are not limited to): School for the Blind, School for the Deaf, North Dakota Youth Correctional Center, Women's Correctional Center in New England, North Dakota State Penitentiary, Bismarck Transition Center, and city, county, or tribal jails.

The Bismarck Transition Center (BTC) is a community-based correctional program designed to help eligible, non-violent offenders transition back into the community, and is a public institution. Individuals entering this facility as "inmates" who are sent to the facility for assessment purposes are committed under the penal system and will be arrested if they leave. Because such individuals are "inmates," they are not eligible for Medicaid. (Individuals entering this facility on a voluntary basis while on probation are not "inmates.")

While some institutions are owned or controlled by governmental entities, they do not meet the definition of public institutions because they are medical institutions.

Examples include (but are not limited to): State Hospital, State Developmental Center at Grafton, Veterans Administration Hospitals, and the North Dakota Veteran's Home.

Eligibility Factors for ACA Medicaid

Service 510
Chapter 03

- b. An "inmate" of a public institution is a person who has been involuntarily sentenced, placed, committed, admitted, or otherwise required to live in the institution, and who has not been unconditionally released from the institution.

"Unconditionally released" means released, discharged, or otherwise allowed or required to leave the institution under circumstances where a return to the institution cannot be required by the operator of the institution.

Residence in a penal institution is terminated by parole, discharge, release on bond, or whenever the individual is allowed to return and reside in their home. A transfer from a penal facility to the state hospital or another medical institution, for evaluation or treatment does not terminate inmate status.

Example: A release from a penal institution to a hospital for the birth of the inmate's child will not terminate inmate status if the inmate is required to return to the penal institution following discharge from the hospital.

- c. An individual who is voluntarily residing in a public institution or who has not yet been placed in the facility is not an "inmate." An individual is not considered an "inmate" (so can remain or become eligible for Medicaid) if:
- i. The individual is attending school at the North Dakota School for the Blind in Grand Forks, or the North Dakota School for the Deaf in Devils Lake;
 - ii. The individual is in a public institution for a temporary period pending other arrangements appropriate to the individual's needs (i.e., Juvenile Detention Center, Fargo);
 - iii. The individual has not yet been placed in a public institution. For instance, an individual who is arrested and transported directly to a medical facility is not an inmate until actually placed in the jail. The individual may remain Medicaid eligible until actually placed in jail; or
 - iv. The individual enters the Bismarck Transitional Center (BTC) on a voluntary basis while on probation.
2. An individual under age 65 who is a "patient" in an IMD is not eligible for Medicaid, except as identified in subdivision d, unless the individual is under age 21 and is receiving inpatient psychiatric services and

Eligibility Factors for ACA Medicaid

Division 15

Service 510
Chapter 03

meets the certificate of need for admission. An individual who attains age 21 while receiving treatment, and who continues to receive treatment as an inpatient, may continue to be eligible through the month the individual attains the age of 22.

- a. An IMD is a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment or care of persons with mental diseases. A facility with 16 beds or less is not an IMD. Whether an institution is an IMD is determined by its overall character as that of a facility established and maintained primarily for the care and treatment of mental diseases. An institution for the intellectually disabled (ICF-ID) is not an IMD.

IMDs include the North Dakota State Hospital, facilities determined to be a Psychiatric Residential Treatment Facility (PRTF) by the Medical Services Division, the Prairie at St. John's center, and the Stadter Psychiatric Center. For any other facility, contact the Medical Services Division for a determination of whether the facility is an IMD.

- b. An individual on conditional release or convalescent leave from an IMD is not considered to be a "patient" in that institution. However, such an individual who is under age 21 and has been receiving inpatient psychiatric services is considered to be a "patient" in the institution until unconditionally released or, if earlier, the last day of the month in which the individual reaches age 22.
 - c. An individual on conditional release is an individual who is away from the institution, for trial placement in another setting or for other approved leave, but who is not discharged. An individual on "definite leave" from the state hospital is an individual on conditional release.
 - d. A child under the age of 19 who is determined to be continuously eligible for Medicaid, but who does not meet the certificate of need, remains eligible for Medicaid, however, no medical services will be covered during the stay in the IMD.
3. The period of ineligibility under this section begins the day after the day of entry and ends the day before the day of discharge of the individual from a public institution or IMD. A Ten-Day Advance Notice is not needed when terminating benefits due to entry into the public

Disability and Medically Frail 510-03-35-100

(N.D.A.C. Section 75-02-02.1-14)

Under final rules for the Affordable Care Act published on July 15, 2013, individuals determined eligible under the [Adult Expansion Group](#) MUST be given the option to be covered under a broader coverage plan.

Note: All determinations for this coverage are done at the state office.

Once eligibility under the Adult Expansion Group is determined, the approval notice includes information informing the recipient to provide verification of their disability and assets if they would like to receive broader coverage under the 'medically frail' provisions. It is Medicaid's obligation to screen for the disability.

Recipients, who request to be considered for coverage as '[medically frail](#)', MUST complete a self-assessment, using SFN 1598, and return the completed form to:

*DHS Medical Services
600 E Boulevard Ave, Dept. 325
Bismarck ND 58505-0250
EMAIL: medicallyfrail@nd.gov*

EXCEPTION #1: If the individual is a Medicare beneficiary and not eligible under the Parents, Caretaker Relative's and their Spouses Category, that individual must be tested under [Non-ACA Medicaid](#).

EXCEPTION#2: If the individual is determined disabled by the Social Security Administration and is eligible under Non-ACA Medicaid or ACA Medicaid, other than the Adult Expansion Group, the 'medically frail' provisions do not need to be pursued for these individuals.

EXCEPTION #3: 'Medically Frail' provisions do not apply to individuals over age 65.

Individuals requesting coverage as Medically Frail, who complete the self-assessment:

- If the self-assessment meets a threshold score set by the [department](#), the individual shall schedule an appointment with a primary care provider to review and validate the information on the self-assessment. After the individual attends a face-to-face appointment with the primary care provider, the individual shall ensure that the primary care provider provides documentation to the department that validates the diagnosis or medical condition and that includes a medication list.

Upon review of the information provided by the primary care provider, the department shall determine whether the individual meets 'medically frail' eligibility requirements.

If the individual eligible under the Adult Expansion Group:

- Is approved for eligibility as 'medically frail', the individual may choose coverage through a Managed Care Organization (currently, the coverage under the Sanford Health Plan) or through the Medicaid State Plan [fee-for-service](#).

Individuals determined 'medically frail' and who are requesting assistance for [nursing care services](#) are subject to the Disqualifying Transfer Provisions described in Service Chapter 510-05, Medicaid Eligibility Factors for Non-ACA Medicaid , Section [510-05-80](#), Disqualifying Transfers.

- Is denied for eligibility as 'medically frail', the individual will remain eligible under the Adult Expansion Group.

Coverage of an individual approved as 'medically frail' will begin the first of the month following the month in which the determination is made.

If the individual who requested a 'medically frail' determination also applied for SSA Disability:

1. If the individual is found not disabled by State Review Team and/or SSA, we will continue coverage under the Adult Expansion group.
2. If the individual is determined disabled by the Social Security Administration or the State Review Team and is not eligible for Non-ACA Medicaid or ACA Medicaid other than the Adult Expansion Group, the individual will continue eligible under the Adult Expansion Group.
3. If the individual does not cooperate, does not provide verification of disability or assets, or refuses to do so, but is otherwise eligible for the Adult Expansion Group, coverage will continue under the Adult Expansion Group.
4. Refer to 'Processing for Individual's Claiming to be Disabled (Medically Frail)' section of the ACA Medicaid Processing Guide.

Incapacity of a Parent 510-03-35-105

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-15)

Incapacity should be pursued for parents who would meet the criteria defined under this section as these parents would receive coverage under Traditional Medicaid fee-for-service.

1. A child, if otherwise eligible for Medicaid benefits, is "deprived of parental support or care" when the child's parent, whether married or unmarried, has a physical or mental defect which is of such a debilitating nature as to reduce substantially or eliminate the parent's capacity either to earn a livelihood (breadwinner) or to discharge the parent's responsibilities as a homemaker and provider of child care (homemaker) for a period of thirty days or more. A parent may establish incapacity by demonstrating that the parent has reached age sixty-five. When the only child is an unborn, the prospective parents must be married, and in the same [ACA Medicaid Household](#) to claim incapacity.
2. If the incapacitated parent is a breadwinner, the incapacity must be such that it reduces substantially or eliminates employment in the parent's usual occupation or another occupation to which the parent may be able to adapt. The fact that a breadwinner may have to change occupation or work location does not establish incapacity. It does not matter whether a parent was employed or fulfilled the role of homemaker prior to the onset of the asserted incapacity. Incapacity is established either when a parent is unable to earn a livelihood or to act as a homemaker. The [county agency](#) must, therefore, be alert in identifying persons with potential for vocational training so that referrals can be made promptly to Vocational Rehabilitation Services for rehabilitation services, or to Job Service of North Dakota for possible training, or other appropriate programs.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

3. A determination that a parent is disabled or blind, made by the Social Security Administration, constitutes adequate substantiation of incapacity for purposes of this section. If the medical approval date is prior to the eligibility date for SSI, medical and social information must be submitted to the State Review Team for an incapacity or disability determination for the period prior to the SSI approval date. Likewise, incapacity is established upon attaining age sixty-five years without submitting medical or social information to the State Review Team. Such person, however, must be informed of the potential eligibility for SSI and that choosing SSI will likely yield a larger amount of total income for the family.
4. The county agency is responsible for determining all eligibility factors except for incapacity which is determined by the State Review Team. Since the State Review Team does not see the person, it must depend on the examining physician's medical report to document the individual's physical or mental condition. In addition, the State Review Team must rely on the county agency's report which is based on both observation and the applicant's or recipient's judgment of how the incapacity affects the family in terms of employment or ability to discharge homemaking and child care responsibilities. Pertinent information about the person's past employment or homemaking adjustments, type of housing, method of heating the home, the availability or lack of modern conveniences in the home, ability to manage personal needs and affairs, attitudes and behavior, motivation, etc., is invaluable to the State Review Team. This information, which is reported on [SFN 451](#), "Eligibility Report on Disability/Incapacity", is forwarded along with any other medical reports to the State Review Team for evaluation and decision.

Incapacity is periodically reviewed by the State Review Team. When an incapacity review is due within three months of the previous decision, a new SFN 451 does not need to be completed by the county agency. The county is only required to inform the State Review Team whether the individual continues to be eligible for Medicaid.

5. A parent continues to be incapacitated, for purposes of this section, if the incapacity is not reasonably subject to remediation, or if the parent makes reasonable progress towards remediation of the incapacity. For purposes of this section, "reasonable progress towards remediation of the incapacity" means cooperation with medical practitioners who

prescribe a course of treatment intended to remediate or limit the effect of the incapacity, including, but not limited to, physical therapy, counseling, use of prosthesis, drug therapy and weight loss, cooperation with vocational practitioners, cooperation with vocational and functional capacity evaluations, and reasonable progress in a course of training or education intended to qualify the parent to perform an occupation which, with that training or education, the parent would have the capacity to perform.

6. A parent who engages in activities inconsistent with the claimed incapacity, may be determined to not be incapacitated.
7. The [Department](#) may require a parent to demonstrate reasonable progress towards remediation of the incapacity, and may set reasonable deadlines for the demonstrations.

1. As a condition of eligibility for a parent or caretaker, the parent or caretaker must cooperate with the [Department](#) and [county agency](#) in establishing paternity of any child under age eighteen in the ACA Medicaid Household. An exception to this provision exists when the child is a subsidized adoption child or the parent or caretaker is pregnant, within a continuous eligibility period for Medicaid, receiving Extended Medicaid Benefits, or receiving Transitional Medicaid Benefits. It is never a condition of a child's eligibility that the parent or caretaker cooperates.
2. A child for whom "paternity has not been established" means a child who was born out of wedlock and for whom paternity has not been [legally](#) established. A child is not considered to be born out-of-wedlock if the child is born within three hundred (300) days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court. Paternity is not considered to be legally established unless adjudicated by a court of law, or the parents completed the process using the "North Dakota Acknowledgment of Paternity" form, SFN 8195, with a revision date of 4/98 or later.
3. An automated referral will be made to Child Support when paternity has not been legally established and a caretaker who is not excluded in subsection 1 is seeking eligibility, or when a child is eligible for foster care.

2. The assignment of rights to medical support from absent parents continues through the month in which the child reaches the age of eighteen or until the child's eligibility for assistance ends, whichever occurs first.
3. An automated referral will be made to Child Support to pursue Medical Support for all children whose deprivation is based on the absence of a parent, except that no referral is made:
 - a. For any Subsidized Adoption child;
 - b. In any case in which the only eligible individuals are children;
 - c. In any case in which the only eligible caretaker is pregnant; or
 - d. In any case in which the only eligible caretakers are continuously eligible, receiving Extended Medicaid Benefits, or receiving Transitional Medicaid Benefits.

(N.D.A.C. Section 75-02-02.1-09)

1. Pregnant women are not required to cooperate with Child Support and may remain eligible for Medicaid while pregnant and through the month in which the sixtieth day after pregnancy falls. A pregnant woman must be informed of this exception at the time of application or, in the case of a recipient, at the time the pregnancy becomes known. When Child Support is informed that an applicant or recipient is pregnant, Child Support services will continue to be provided; however, any non-cooperation by the pregnant woman will not affect her eligibility for Medicaid.
2. Recipients of Extended Medicaid Benefits and Transitional Medicaid Benefits are not required to cooperate with Child Support and remain eligible for Medicaid.
3. Caretaker relatives under age 19 who are within a continuous eligibility period are not required to cooperate with Child Support and remain eligible for Medicaid.
4. Cooperation with Child Support is required for all other legally responsible caretaker relatives for the purpose of establishing paternity and securing medical support. This requirement may be waived for "good cause" as described in [510-03-40-20](#).

The determination of whether a legally responsible caretaker relative is cooperating is made by the Child Support Agency. The caretaker has the right to appeal that decision.

Legally responsible caretaker relatives who do not cooperate with Child Support will not be eligible for Medicaid. Children in the [ACA Medicaid Household](#), however, remain eligible.

When a legally responsible caretaker relative is not eligible because of non-cooperation, the earned and unearned income of that ineligible

caretaker must be considered in determining eligibility for the child(ren).

If a previously non-cooperating legally responsible caretaker relative begins cooperating in an open Medicaid case, and the caretaker is otherwise eligible that caretaker's eligibility may be reestablished. The caretaker must demonstrate that they are cooperating with Child Support before Medicaid coverage can be reestablished. When the caretaker previously stopped cooperating, the automated referral to Child Support ended.

- a. If the child Support Enforcement case also closed, the caretaker must apply for Child Support services and fulfill the cooperation requirements as determined by the Child Support program (parents or other legal custodians/guardians can apply online at www.childsupportnd.com or mail a completed application to a Child Support office. Applications can be printed from the web or requested directly from a Child Support office).
- b. If the Child Support Enforcement case did not also close, the caretaker may begin to cooperate with Child Support without application and confirmation of such can be secured by contacting the Child Support worker.

When child Support has confirmed that the caretaker is cooperating, Medicaid coverage for that caretaker can be reestablished beginning with the first day of the month in which the caretaker began cooperating.

(Confirmation of cooperation must be secured by communicating with the Child Support worker; confirmation of cooperating may not be determined based on the Cooperation indicator on the Fully Automated Child Support Enforcement System (FACSES).) Child Support has 20 days to process an application for services. However, typically, applications are processed more quickly than 20 days, and Child Support can be contacted as soon as an open case can be viewed in FACSES.

If a previously non-cooperating legally responsible caretaker relative reapplies for Medicaid after the Medicaid case closed, the caretaker relative is eligible for Medicaid until it is again determined that the caretaker relative is not cooperating.

"Good Cause" - Child Support 510-03-40-20

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. 75-02-02.1-09)

The requirement to cooperate may be waived when a legally responsible caretaker relative has "good cause" not to cooperate.

1. All legally responsible caretaker relatives must be given the opportunity to claim "good cause". Applicants are notified of their rights to claim good cause in the SFN 405, Application for Assistance, DN 405, the Application for Assistance Guidebook, and the SFN 1909, Application for Health Coverage and Help Paying Costs. Applicants can indicate their request to claim good cause in either application. Recipients who become subject to the cooperation requirements may be notified by providing each legally responsible caretaker with [SFN 443](#), "Notice of Right to Claim 'Good Cause'". The notice briefly summarizes the legislative intent of child support enforcement, defines the caretaker's responsibility to cooperate in the support enforcement effort, and advises them of their right to claim "good cause". The notice also describes circumstances under which cooperation may be "against the best interests" of the child or caretaker and cites the kinds of evidence needed to substantiate a claim.

A legally responsible caretaker wishing to claim "good cause" may do so by completing [SFN 446](#), "Request to Claim 'Good Cause'".

If "good cause" is claimed, the caretaker relative can be eligible for Medicaid while the decision is pending.

2. The determination of whether there is "good cause" is made by the [county agency](#). The county agency may waive the requirement to cooperate if it determines that cooperation is against the best interests of the child. A county agency may determine that cooperation is against the best interests of the child only if:
 - a. The applicant's or recipient's cooperation in establishing paternity or securing medical support is reasonably anticipated to result in:

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- (1) Physical harm to the child for whom support is to be sought;
 - (2) Emotional harm to the child for whom support is to be sought;
 - (3) Physical harm to the parent or caretaker relative with whom the child is living which reduces such person's capacity to care for the child adequately; or
 - (4) Emotional harm to the parent or caretaker relative with whom the child is living, of such nature or degree that it reduces such person's capacity to care for the child adequately; or
- b. At least one of the following circumstances exists, and the county agency believes that because of the existence of that circumstance, in the particular case, proceeding to establish paternity or secure medical support would be detrimental to the child for whom support would be sought.
- (1) The child for whom support is sought was conceived as a result of incest or forcible rape;
 - (2) Legal proceedings for the adoption of the child are pending before a court of competent jurisdiction; or
 - (3) The applicant or recipient is currently being assisted by a public or licensed private social agency to resolve the issue of whether to keep or relinquish the child for adoption, and the discussions have not gone on for more than three months.
3. There must be evidence to substantiate a claim of "good cause." Exemptions on the basis of physical or emotional harm, either to the child or to the caretaker relative must be of a genuine and serious nature. Mere belief that cooperation might result in harm is not a sufficient basis for finding "good cause." Evidence upon which the county agency bases its finding must be supported by written statements and contained in the case record.

It is the caretaker relative's responsibility to provide the county agency with the evidence needed to establish "good cause." The caretaker is normally given twenty days from the date of claim to collect the evidence. In exceptional cases, the county agency may grant reasonable additional time to allow for difficulty in obtaining proof. Records of law enforcement, social service, or adoption agencies may be readily available to document instances of rape, physical harm, or pending adoption, perhaps without requiring further investigation.

Eligibility Factors for ACA Medicaid

Division 15

Chapter 03

Documentation of anticipated emotional harm to the child or caretaker, however, may be somewhat more elusive. Whenever the claim is based in whole or in part on anticipated emotional harm, the county agency must consider the following:

- a. The present emotional state of the individual subject to emotional harm;
 - b. The emotional health history of the individual subject to emotional harm;
 - c. The intensity and probable duration of the emotional impairment;
 - d. The degree of cooperation to be required; and
 - e. The extent of involvement of the child in establishing paternity or health insurance coverage.
4. Upon request, the county agency is required to assist the caretaker in obtaining evidence necessary to support a "good cause" claim. This, however, is not intended to place an unreasonable burden on staff, shift the caretaker's basic responsibility to produce evidence to support the claim, or to delay a final determination. The county agency must promptly notify the caretaker if additional evidence is necessary and actively assist in obtaining evidence when the individual is not reasonably able to obtain it.
5. The county agency is directly responsible for investigating a "good cause" claim when it believes that the caretaker's claim is authentic, even though confirming evidence may not be available. When the claim is based on a fear of serious physical harm and the claim is believed by county agency staff, investigation may be conducted without requiring corroborative evidence by the caretaker. It may involve a careful review of the case record, evaluation of the credibility of the caretaker's statements, or a confidential interview with an observer who has good reasons for not giving a written statement. Based on such an investigation, and on professional judgment, the county agency may find that "good cause" exists without the availability of absolute corroborative evidence.

While conducting an investigation of a "good cause" claim, care must be taken to ensure that the location of the child is not revealed.

Except for extenuating circumstances, the "good cause" issue must be determined with the same degree of promptness as for the determination of other factors of eligibility (45 days). The county

agency may not deny, delay, or discontinue assistance pending the resolution of the "good cause" claim. In the process of making a final determination, the county agency is required to give Child Support Enforcement staff the opportunity to review and comment on the findings and basis for the proposed decision. It is emphasized, however, that responsibility for the final determination rests with the county agency.

6. The claimant and the child support agency must be informed of the "good cause" decision.
 - a. Claimants – The caretaker must be informed, in writing, of the county agency's final decision that "good cause" does or does not exist and the basis for the findings. A copy of this communication must be maintained in the case record. If "good cause" was determined not to exist, the communication must remind the caretaker of the obligation to cooperate with child support if he or she wishes to be eligible for Medicaid, of the right to appeal the decision, and of the right to withdraw the application or have the case closed. In the event the caretaker relative does appeal, Child Support must be advised to delay its activity until the results of the appeal are known.
 - b. Child Support Enforcement – The automated referral process notifies Child Support of the status of all "good cause" claims by:
 - (1) Informing them of all caretaker relatives who claim "good cause" exemptions which suspend child support activity pending a determination;
 - (2) Informing them of all cases in which it has been determined that there is "good cause" for refusal to cooperate. Once the exemption is established, no child support activity may be pursued unless at a future time it is determined that "good cause" no longer exists; and
 - (3) Informing them of all cases in which it has been determined that "good cause" for refusing to cooperate does not exist and that child support enforcement activity can begin or resume.
7. The county agency must review the "good cause" decision at least every twelve months. If "good cause" continues to exist, the caretaker must again be informed in writing. If circumstances have changed so "good cause" no longer exists, the caretaker must be informed, in writing, and given the opportunity to cooperate, terminate the caretaker's assistance, close the case, or appeal the decision. When

"good cause" no longer exists Child Support will commence its child support activity.

Transitional Medicaid Benefits 510-03-50-05

(New 7/1/2014 ML #3404)

(N.D.A.C. Section 75-02-02.1-20)

A parent or caretaker relative who ceases to be eligible under the Parent/caretaker or Family Coverage categories and who meets the requirements of this section may continue to be eligible for Medicaid benefits without making further application for Medicaid.

Note: Children eligible under one of the child categories, other than [Healthy Steps](#), will remain eligible under that category when a parent or caretaker relative becomes Transitional Medicaid Eligible.

1. When at least one parent or caretaker relative, who was eligible under the Parent/caretaker or Family Coverage (in Vision) categories in at least three of the six months immediately preceding the month in which the individual became ineligible because of the caretaker relative's hours or earnings from employment, may continue eligible for Medicaid benefits for up to twelve months if:
 - a. The household has a child living in the home that meets the children's coverage age requirements; and
 - b. The caretaker relative remains a resident of the state; and
 - c. The caretaker relative remains employed or shows good cause for not being employed (In families with two caretaker relatives, as long as one of the caretaker relatives remains employed; the provision is met. If both caretaker relatives stop working, the good cause provision applies to the last one that was employed); and
2. A family becomes ineligible under the Parent/caretaker or Family Coverage (in Vision) categories because of the caretaker relative's earned income when it is determined that the household would continue to be eligible under the Parent/caretaker or Family Coverage (in Vision), if the caretaker relative's earned income is not counted, but they fail when the earned income is counted.

Eligibility Factors for ACA Medicaid

3. An individual that seeks to demonstrate eligibility in at least three of the six months immediately preceding the month in which the household became ineligible must have been eligible in this state in the month immediately preceding the month in which the household became ineligible. Eligibility from another state may be substituted for the other two months. Verification of eligibility in another state is required.
4. Only recipients become eligible for Transitional Medicaid Benefits. Applicants who fail the Parent/caretaker or Family Coverage (in Vision) categories due to earned income must be eligible under the Parent/caretaker or Family Coverage (in Vision) category for at least one month, including any of the three prior months, before considering whether they were eligible under the Parent/caretaker or Family Coverage (in Vision) categories in three of the past six months.
5. If a child loses eligibility under one of the child categories during the parent/caretakers 12 month Transitional Medicaid Period, and the reason for the child's loss of eligibility is due to the parent/caretakers earned income, the child will be added to Transitional Medicaid for the remaining 12 month period of the parent/caretaker.

Example 1: Household consists of mom and one child. Mom is eligible under the Parent/caretaker category in January and February.

- The entire case closes at the end of February per the family's request.
- In June, the family reapplies for Medicaid and requests assistance for the three prior months.
- When the application is processed, mom is NOT eligible under the Parent/caretaker category for March, but is in April.
- Mom fails under the Parent/caretaker category for May due to income.

Because mom received three months,(January, February and April), of coverage under the Parent/caretaker category in the past six months, mom became INELIGIBLE under the Parent/caretaker category due to earned income in May, and the mom was a recipient, Mom is eligible for Transitional Medicaid Benefits effective May 1.

- If mom's child is eligible under one of the child categories, the child remains eligible under that category and ONLY Mom becomes Transitional Medicaid Eligible.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- If mom's child is no longer eligible under one of the child categories, the child will also become Transitional Medicaid eligible at the same time as Mom does.
- If mom's child loses eligible under one of the child categories during mom's 12 month Transitional Medicaid Period, and the reason for the child's loss of eligibility is due to mom's earned income, the child will be added to Transitional Medicaid for the remaining 12 month period.

Example 2: Household consists of mom and 2 children. Mom is eligible under the Parent/caretaker category in January, February, and March.

- The case closes at the end of March per the family's request.
- In June, the household reapplies for Medicaid and does NOT request, or is not eligible for, assistance for April and May.
- When the application is processed, mom is NOT eligible under the Parent/caretaker category for June due to earned income.

Even though mom received three months, (January, February and March) of coverage under the Parent/caretaker category in the past six months, she is an applicant and not a recipient (no approved months based on this application). This household is NOT eligible for Transitional Medicaid Benefits.

6. If an individual was included as eligible under the Parent/caretaker category the month eligibility ended under the Parent/caretaker category, the individual is included in the Transitional Medicaid Benefits.

The following individuals are also eligible for Transitional Medicaid Benefits:

- a. Children, deprived or non-deprived
 - i. Who meet the age requirements under the Children or Family Coverage categories), and
 - ii. Who are born, adopted, or who enter the home of a caretaker relative during the twelve month period, and
 - iii. Who are not eligible under one of the children categories.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- b. Parents who were absent from the household when the family became ineligible under the Parent/caretaker or Family Coverage category but who return during either period.

Example: Mom and her child are eligible under the Parent/caretaker or Family Coverage Category from January through April. Dad moves in during the month of April, and is not eligible under the Parent/caretaker or Family Coverage category. His earnings make mom and Dad ineligible under the Parent/caretaker or Family Coverage category for May, so mom is eligible for Transitional Medicaid Benefits beginning May.

Note: Dad is NOT eligible for Transitional Medicaid Benefits because he was not covered under the Parent Caretaker or Family Coverage categories in the month coverage under the Parent Caretaker or Family Coverage category ended.

7. Children who no longer meet the age requirements are not eligible for Transitional Medicaid Benefits.
8. If a Transitional Medicaid Benefits case closes for loss of state residency and the household returns to the state and reapplies while still in the twelve-month period, eligibility may be re-established for the remainder of the Transitional period.

Refer to Section [510-03-85-40](#) for the Transitional Medicaid Benefits income level.

A Parent(s) or caretaker relative who ceases to be eligible under the Parent/caretaker for Family Coverage category and who meets the requirements of this section, may continue to be eligible for Medicaid benefits without making further application for Medicaid.

Note: Children eligible under one of the child categories, other than [Healthy Steps](#), will remain eligible under that category when a parent or caretaker relative becomes Extended Medicaid Eligible.

1. When at least one parent or caretaker relative, who was eligible under the Parent/caretaker or Family Coverage (in Vision) categories in at least three of the six months immediately preceding the month in which the parent/ caretaker relative became ineligible as a result (wholly or partly) of the collection or increased collection of spousal support (alimony) continue eligible for Medicaid for four calendar months if:
 - a. The household has a child living in the home that meets the children's coverage age requirements; and
 - b. The caretaker relative remains a resident of the state.
2. If an extended Medicaid Benefits case closes for loss of state residency and the household returns to the state and reapplies while still in the four-month period, eligibility may be re-established for the remainder of the period.
3. A household that seeks to demonstrate eligibility in the Parent/caretaker or Family Coverage (in Vision) categories in at least three of the six months immediately preceding the month in which the household became ineligible must have been eligible in this state in the month immediately preceding the month in which the household became ineligible. Continuous Eligibility for Children 510-03-53

General Statement 510-03-53-05

(New 7/1/2014 ML #3404)

[View Archives](#)

Continuous eligibility for children allows recipients under age 19 who have been determined eligible for Medicaid, other than Medically Needy, to be deemed eligible for a total of up to 12 months regardless of changes in circumstances other than attainment of age 19. This has an effective date of June 1, 2008.

Individuals Covered 510-03-53-10

(New 7/1/2014 ML #3404)

[View Archives](#)

1. An individual may be continuously eligible for Medicaid if he or she:
 - a. Is under age 19 (including the month the individual turns age 19);
and
 - b. Is not eligible as medically needy.
2. Individuals under age 19 include children, caretaker relatives, and pregnant women.
3. Individuals eligible for Refugee Medical Assistance (RMA) or Emergency Services are NOT entitled to continuous eligibility.

Continuous Eligibility Periods 510-03-53-15

(New 7/1/2014 ML #3404)

[View Archives](#)

1. Continuous eligibility may be established from the first day of:
 - a. The application month; or
 - b. The earliest month of eligibility during the three month prior (THMP) period, or
 - c. The month the individual becomes eligible for Medicaid under a coverage group other than medically needy, if not eligible during the three months prior to the application month.

When assigning the 12 month continuous eligibility period do not include THMP months when determining the 12 month period.

Example 1: Mom and child apply for Medicaid on June 8 and eligibility for the three prior months is not requested. The child is determined to be categorically needy eligible. The child becomes continuously eligible effective June 1. The continuous eligibility period would be thru May 31st.

Example 2: Mom and child apply for Medicaid on July 1 and request Medicaid for May and June. When determining eligibility for May and June, the child is categorically eligible. The child becomes continuously eligible effective May 1, 2014. The continuous eligibility period would end June 30th.

Example 3: Mom and child apply for Medicaid on June 1 and request Medicaid for April and May. When determining eligibility for April, the child is categorically eligible. When determining eligibility for May, the child would be medically needy eligible.

Since the child became continuously eligible effective April 1, 2014 and the changes in income for May forward would not be acted on for the child's eligibility. However, the changes would be acted on for mom's eligibility. The continuous eligibility period would end May 31st.

Example 4: An application was taken for the month of September and the child was determined medically needy for September and October. When determining eligibility for November, the family's income decreased so the child becomes categorically needy eligible for November. The child becomes continuously eligible effective

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

November 1 and their continuous eligibility period end date would be equal to the review due date of August 31.

In November the parents provide verification of decreased income for October and when re-working the month of October the child is now categorically needy eligible. The child's continuous eligibility period would begin October 1, but their continuous eligibility period end date would remain as is; equal to the review due date of August 31.

Example 5: An application was taken in October. The household consists of a woman who gave birth in August and is requesting coverage of her labor and delivery costs. The woman was categorically needy eligible in August. The newborn became continuously eligible for Medicaid beginning in August and the continuous eligibility period runs through July 31, the end of the month prior to the month of its first birthday. The woman is not entitled to 60 days of extended coverage because she applied after the birth.

2. Except as identified in subsection 4, once an individual becomes continuously eligible, they remain eligible for Medicaid without regard to changes in circumstances, until they have been on Medicaid for 12 consecutive months. They do not have to have been continuously eligible for the entire 12 months.
3. When a review of eligibility is completed an eligible individual may be determined to be eligible for a new continuous eligibility period.

Reviews must be completed at least annually, but may be scheduled earlier in order to align continuous eligibility periods within a case between children, or to align review dates with other programs.

- a. If the individual's previous continuous eligibility period ended, the individual must meet all eligibility criteria to continue eligible for Medicaid.
- b. If a review is being completed before the individual's continuous eligibility period has ended, and the individual meets all Medicaid eligibility criteria, the individual begins a new continuous eligibility period.
- c. If a review is being completed before the individual's continuous eligibility period has ended, and the individual fails to meet all Medicaid eligibility criteria, the individual remains eligible only until the end of their current continuous eligibility period. A new review

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

of eligibility is required at that time to establish any further eligibility.

4. A continuous eligibility period must be ended earlier than when the review is due for any of the following reasons:
 - a. The recipient turns age 19;
 - b. The recipient loses state residency;
 - c. The recipient requests that their coverage end;
 - d. The recipient dies;
 - e. The agency has lost contact with the family and the child's whereabouts are unknown; or
 - f. The recipient has failed to provide verification of citizenship or identity within their reasonable opportunity period.

A continuous eligibility period must also be ended if it is determined that the recipient should not have become continuously eligible because the individual was approved in error; approval was based on fraudulent information; an appealed ending is upheld in favor of the agency.

Continuously Eligible Individuals Moving Out of the ACA Medicaid Household 510-03-53-20

(New 7/1/2014 ML #3404)

[View Archives](#)

When an individual who is continuously eligible for Medicaid moves out of the [ACA Medicaid Household](#), that individual's eligibility continues.

1. When a continuously eligible child leaves the ACA Medicaid Household and enters foster care, a new application is processed to determine the child's ongoing eligibility. If the child meets all eligibility criteria, the child begins a new continuous eligibility period. If the child does not meet the eligibility criteria, or would be eligible as medically needy, the child must be approved and remains continuously eligible only until the end of their current continuous eligibility period. A new review of eligibility is required at that time to establish any further eligibility.
2. When a continuously eligible individual enters a [long term care](#) facility, the individual is still considered part of the ACA Medicaid Household; however, the post eligibility treatment of income ([510-05-85-25](#)) applies. Even though the individual is continuously eligible and remains eligible as other than medically needy, the individual's income must be considered toward the cost of care, and he or she may have a client share (recipient liability). Once the individual's continuous eligibility period ends, and a review is completed, the individual may become medically needy.
3. When a continuously eligible individual enters a [specialized facility](#) other than foster care, the individual is still considered part of the ACA Medicaid Household. The individual remains eligible as other than medically needy. Once the individual's continuous eligibility period ends, and a review is completed, the individual may become medically needy.
4. When a continuously eligible individual elects to receive HCBS, the individual is still considered part of the ACA Medicaid Household. The individual remains eligible as other than medically needy. Once the

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

individual's continuous eligibility period ends, and a review is completed, the individual may become medically needy.

5. A continuously eligible individual is still considered part of the ACA Medicaid Household when the individual is considered ['Living With'](#) the ACA Medicaid Household.
6. A continuously eligible individual may move from one case to another case. If the individual, through an application or review, meets all eligibility criteria to be continuously eligible in the new case, the individual begins a new continuous eligibility period. If the individual does not meet the eligibility criteria, or would be eligible as medically needy, the individual must be approved and remains eligible only until the end of their current continuous eligibility period. A new review of eligibility is required at that time to establish any further eligibility in the new case.
7. When a continuously eligible individual moves out of a household on other than a temporary basis, and is not being added to another case, the individual remains eligible in the case, but is no longer considered part of the ACA Medicaid Household. Accordingly, the individual's income will no longer affect other members of the ACA Medicaid Household. Likewise, any caretaker relative remaining in the ACA Medicaid Household can no longer remain eligible if their eligibility is based on being a caretaker relative for the child that left the household. If the caretaker relative remains eligible because of other children still in the case, or because the caretaker relative is eligible in their own right, the caretaker relative is no longer required to cooperate with Child Support for the child that left the household. Once the child's continuous eligibility period ends, the child's eligibility ends in the case.
8. When a continuously eligible individual leaves the household to enter a [public institution](#) or IMD, the child remains continuously eligible through the end of their continuous eligibility period. Refer to [510-03-35-95](#) "Public Institutions and IMD's" for information regarding whether a medical service will be covered by Medicaid.

Foster Care 510-03-55-05

(New 7/1/2014 ML #3404)

For Medicaid purposes, a child is not considered to be in foster care unless all the following requirements are met:

1. There is a current foster care court order;
2. A public agency has care, custody, and control of the child;
3. The child is residing in an approved licensed foster care home or facility (a Psychiatric Residential Treatment Facility (PRTF) is not a licensed foster care facility); and
4. The child is a foster care child in the state foster care system through the state's Children and Family Services unit, or a Tribal 638 Foster Care child.

1. Children who are receiving a [Title IV-E](#) Foster Care Maintenance Payment (including Tribal IV-E payments) are categorically needy eligible for Medicaid and no further financial determination is needed. (Title IV-E foster care eligibility is determined using the Aid to Families with Dependent Children rules in effect on July 16, 1996.) These individuals must have their eligibility determined based on [Non-ACA Medicaid](#) Policy.
2. Medicaid eligibility for all regular foster care (non-Title IV-E, tribal or state-funded) children is determined under ACA Medicaid Policy.

Volunteer Placement Program 510-03-55-15

(New 7/1/2014 ML #3404)

[View Archives](#)

Children in the Volunteer Placement Program are **not** considered to be in foster care. The parents retain care, custody, and control of the child; and the income of the child and parents is considered. Eligibility for these individuals is determined under ACA Medicaid Policy.

The child could be placed in a facility that is not in-patient care including PATH and county foster families or facilities, i.e. Manchester House, Dakota Boys Ranch, Prairie learning Center, etc. For a child to qualify under this program, there must not be a delinquency, abuse and/or neglect issue.

The child must be Medicaid eligible to cover medical expenses and the cost of treatment. The Volunteer Placement Program pays the room and board for the child to the county foster home or to the facility. The Administrators of the Volunteer Placement Program, and Mental Health and Substance Abuse must approve any placement in the Volunteer Placement Program.

Subsidized Guardianship Project 510-03-55-20

(New 7/1/2014 ML #3404)

[View Archives](#)

The Subsidized Guardianship Project is designed to serve North Dakota children who are in foster care, but who need a permanency alternative. The program was created in response to the Adoption and Safe Families Act of 1997.

Children in the Subsidized Guardianship Project are no longer foster care children, and the subsidy is not a foster care payment. The guardianship subsidy is paid to help meet the maintenance needs of the child and is considered the child's income.

When determining Medicaid eligibility, the child's income is considered, and parental income is not used unless the guardianship court order specifies that the parents are responsible for the child's needs. Eligibility for these individuals is determined under ACA Medicaid Policy unless the child is eligible under [Non-ACA Medicaid](#). In this instance, the assets of the child and parents are also considered.

The guardian is not included as part of the case and the guardian's income and assets are not considered in determining the child's Medicaid eligibility. An exception is in cases in which the guardian is a relative, and the relative becomes eligible for Medicaid because of the child. In such cases, the relative chooses to be an eligible caretaker.

Note: The Subsidized Guardianship Project is a North Dakota program. Occasionally, children come to North Dakota from states that have opted to cover children under a Title IV-E program called Kinship Guardianship program. This is not to be confused with either the ND Subsidized Guardianship Project or [TANF's](#) Kinship Program. Children who come from those states under the [Title IV-E](#) Kinship Guardianship program are categorically eligible.

Ownership in a Partnership or Corporation 510-03-75-05

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Sections 75-02-02.1-28(1) and 75-02-02.1-34(8))

Income from ownership in a Partnership or Corporation is countable income for ACA Medicaid.

1. Partnerships

A partnership is a self-employment business set up as a partnership with two or more partners. A partner's share of income, gain, loss, deductions or credits is determined by a partnership agreement.

An individual, who is an owner or part owner in a partnership, will be issued a Schedule K-1 (Form 1065) from the partnership, which lists the income they received.

2. Corporation

A company or group of people authorized to act as a single entity (legally a person) and recognized as such in law. Shareholders have the right to participate in the profits, through dividends and/or the appreciation of stock, but are not held personally liable for the company's debts.

The information from the Form 1099-DIV is used when the individual files their personal income taxes.

3. S -Corporation

An S-Corporation is a separate business entity with 1 to 100 shareholder(s) that passes through the net profit or loss to their

Division 15
Program 505

Service 510
Chapter 03

shareholder(s). The business profits are taxed at individual tax rates on each individual shareholder's income tax.

The information from the appropriate K-1 is entered on the Schedule E of the individuals' personal income tax forms.

If the individual provides a copy of their income tax forms, the countable income from the K-1, 1099-DIV, or Schedule E would be carried over to the Form 1040. Therefore, the [Adjusted Gross Income](#) from the Form 1040 would be used.

If the individual does not file taxes, the net income from the individual's schedule 1099-DIV or K-1 from the corporation or partnership, will be used, plus any wages paid to the individual in addition to the net income.

If the 1099-DIV or K-1 is not prepared, ledgers must be provided.

(N.D.A.C. Sections 75-02-02.1-28(1) and 75-02-02.1-37(3))

Treatment of income and expenses from Conservation Reserve Program Property is defined as follows:

1. Income: CRP payments are considered income. They will be included in the net income amounts from schedule C, E, or F.
 - If the individual provides a copy of their income tax forms, the countable income would be carried over to the Form 1040. Therefore, the [Adjusted Gross Income](#) from the Form 1040 would be used.
 - If the individual does not file taxes, use the gross amount from the form 1099 less all related expenses including property taxes, insurance and other expenses for the land. CRP payments no longer need to be segregated from farm income for [ACA Medicaid Households](#).
2. Expenses: Actual expenses for maintaining the CRP contract must be allowed including those expenses for property ownership such as taxes and insurance.
 - If the individual provides a copy of their income tax forms, the allowable expenses would have been subtracted from the income prior to the income being carried over to the Form 1040. Therefore, the Adjusted Gross Income from the Form 1040 would be used.
 - If the individual does not provide a copy of their income tax forms, the individual will need to provide ledgers of the expenses.

Communal Colonies 510-03-75-15

(New 7/1/2014 ML #3404)

[View Archives](#)

Individuals who live communally (i.e. Hutterites, Mennonites, Amish, etc.) may or may not have a collective ownership of property and income. In determining eligibility, it will first be necessary to determine whether collective ownership of assets and income exists.

If the commune has collective ownership, also determine whether the commune is self-employed. Most communal colonies are self-employed in agricultural or manufacturing and are incorporated, or set up as a large partnership. Occasionally, some colonies are not self-employed, but may be working under contract for wages.

1. Income. Most colonies have collective ownership of income, which is often generated from their self-employment venture. When colonies have a collective ownership in income, a share attributable to each individual or family must be determined. Countable income is established as follows:
 - a. If the colony is self-employed, calculate self-employment income based on the previous year of self-employment. From the colony's corporate or partnership tax return:
 - i. Divide the total amount of [adjusted gross income](#) by the number of members in the colony to establish each individual's share of income. Multiply this amount by the number of individuals in the [ACA Medicaid Household](#) to determine the unit's yearly share.

Example: There are 124 members in a colony that is engaged in farming. A family of six in the colony applies for Medicaid. The corporate tax return indicates \$4,922,603 in adjusted gross earnings. Divide \$4,922,603 by 124 members to arrive at each individual's share of \$39,698.41. Multiply \$39,698.41 by six to arrive at the unit's yearly income of \$238,190.46.

- ii. Identify the income as belonging only to the adults in the ACA Medicaid Household, or older children who are actively engaged in the operation and are not students. If no individuals in the ACA Medicaid Household are actively engaged in the business, such as an aged or disabled individual, the income is considered to be unearned income; or

Example: An aged individual from a colony engaged in farming applies for Medicaid. The corporate tax return indicates \$4,922,603 in adjusted gross earnings, which is divided by the 124 members in the colony to arrive at each individual's share of \$39,698.41. The income is shown as unearned income because the aged person is no longer actively engaged in the business.

- b. If the colony is not self-employed, but is working under contract for wages:
 - i. Divide the total contract income by the number of members in the colony to establish each individual's share of income. Multiply this amount by the number in the ACA Medicaid Household to determine the unit's share; and
 - ii. Identify the income as belonging only to the adults in the ACA Medicaid Household, or older children who are actively engaged in the operation and are not students. If no individuals in the ACA Medicaid Household are actually engaged in the business, such as an aged or disabled individual, the income is considered to be unearned income.
 - c. For members who have other earned or unearned income, the income counts as income of the individual who receives it. Income is counted for the individual, even if the income has been given to the colony.
2. Adding or deleting individuals:
- a. Changes in the unit's share of income must be changed when adding or deleting members to the unit and is based on the number of individuals in the unit. The share is not changed when adding an unborn child until the child is born.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

Example: The individual share of income established for a colony, based on the colony's self-employment, is \$350 per individual per month. A family within the colony consists of 5 individuals so the ACA Medicaid Household's total monthly income is \$1,750 (5 x \$350) or \$21,000 per year. A child is born and added to the unit, so now the unit consists of 6 individuals, and monthly income is \$2,100 (6 x \$350), or \$25,200 per year. If the unit had instead lost a member and reduced in size to 4, the income would have decreased to \$1,400 (4 x \$350), or \$16,800 per year.

- b. The individual's share of income, which is based on the number of members in the colony, is normally determined when calculating annual income from self-employment for self-employed colonies, or for a new contract period for colonies working under a contract for wages. The number of members in the colony does not need to be changed in between these calculations, or when adding or deleting a member from the household. However, if the colony reports a change in the number of members, the individual share must be recalculated based on the new information.

Example 1: The individual share of income has been established for a colony at \$350 per individual per month. This amount was originally calculated based on the number of members in the colony and the colony's self-employment income. A child is born to a family. A new calculation does not have to be made because there may now be more members in the colony, but the \$350 per person per month continues to be used as the individual share of income.

Example 2: The individual share of income has been established for a colony at \$350 per individual per month, and was based on 124 members. A child is born to a family and reported. At the same time, new information is provided that the colony now has 118 members because a different family left the colony, and one member died. A new calculation must be made because a change in the actual membership number has been confirmed by the colony. The new individual share has now increased to \$367.80 per person per month.

Income Considerations 510-03-85-05

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-34)

Income is defined as any cash payment, which is considered available to a [ACA Medicaid Household](#) for current use. Income may be earned or unearned. It must be reasonably evaluated.

“Earned Income” is income that is currently received as wages, salaries, commissions, or profits from activities in which an individual or family is engaged through either employment or self-employment. Income is “earned” only if the individual or family contributes an appreciable amount of personal involvement and effort. “Earned income” shall be applied in the month in which it is normally received.

Note: If earnings from more than one month are received in a single payment, the payment must be divided by the number of months in which the income was earned, and the resulting monthly amounts shall be attributed to each of the months with respect to which the earnings are received.

1. [MAGI](#) income methodologies must be applied to all ACA Medicaid Households.
2. Current, point-in-time income must be used.
3. All income which is actually available must be considered. Income is actually available when it is at the disposal of an applicant, recipient, or responsible individual; when the applicant, recipient, or responsible individual has a legal interest in a liquidated sum and has the legal ability to make the sum available for support, maintenance, or medical care; or when the applicant, recipient, or responsible individual has the

Program 505

Service 510
Chapter 03

lawful power to make the income available or to cause the income to be made available.

An individual may have rights, authority, or powers that he or she does not wish to exercise. An example includes an individual who allows a relative to use excluded assets free or at a reduced rental. In such cases, a fair rental amount will be counted as available income whether the applicant or recipient actually receives the income.

Income that is withheld because of garnishment or to pay a debt or other legal obligation is still considered available.

[Title II](#) and SSI overpayments being deducted from Title II benefits, are normally considered to be available because the applicant or recipient can pursue a waiver of the overpayment. Only if the waiver has been denied after a good faith effort, can the Title II or SSI overpayment deductions be considered unavailable.

Occasionally other delinquent debts owed to the federal government may be collected from an individual's federal payment benefit (i.e. Title II, Civil Service, and Railroad Retirement). These other reductions of federal benefits are not allowed to reduce the countable benefit amount. The award amount of the federal benefit payment is counted as available except to the extent an undue hardship is approved for the individual.

Requests for undue hardship exceptions must be submitted to the Medicaid Eligibility Unit where a determination will be made whether an undue hardship exists. An undue hardship may be determined to exist for all or a portion of the debt owed, or all or a portion of the reduction from the monthly income.

An undue hardship will be determined to exist only if the individual shows all of the following conditions are met:

- a. The debt is a debt owed to the Federal government;
- b. The deduction from the individual's federal payment benefit was non-voluntary;
- c. The amount of the deduction exceeds the Medicaid income level(s) to which the individual and the individual's [spouse](#) is subject;
- d. The individual has exhausted all lawful avenues to get the reduction waived, forgiven, or deferred; and
- e. The individual or their spouse does not own assets that can be used to pay for the debt.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

4. Financial responsibility of any individual for any applicant or recipient is subject to their tax filing status as well as the individual's relationship to those with whom the individual resides, as defined at [510-03-35-05](#), "ACA Medicaid Household".
5. Monthly income is considered available when determining eligibility for ACA Medicaid, however, an individual may die before their income is actually received for the month. An income payment received after death is no longer considered income, but an asset to the individual's estate. In circumstances where the [Department](#) will pursue estate recovery, Medicaid eligibility can be re-determined counting only that income which was received prior to the individual's death; resulting in the elimination or reduction of the client share (recipient liability).

When a Medicaid provider reports that a recipient's current month client share (recipient liability) was not paid as of the date of death, determine whether the following conditions are met:

- a. There is no surviving spouse;
- b. There is no surviving minor or disabled child; and
- c. Countable monthly income was not received prior to death.

If all conditions are met, refer the case to the Medicaid Eligibility Unit. Information regarding the date of death and the dates of the month in which each source of income is received must also be provided. The Medicaid Eligibility Unit will determine whether Medicaid estate recovery is being pursued and an adjustment to the client share (recipient liability) can be approved. If approved, the Medicaid Eligibility unit will process the adjustment.

6. Income may be received weekly, biweekly, monthly, intermittently, or annually. However income is received, a monthly income amount must be computed.
7. Many benefit programs deposit an individual's monthly benefit onto a debit card. Examples of these benefit programs are [TANF](#) benefits, Unemployment Insurance Benefits (UIB), Child Support benefits, Workforce Safety and Insurance (WSI), Social Security Administration Benefits (SSA), and Supplemental Security benefits.

Eligibility Factors for ACA Medicaid

Individuals may also receive as gifts or bonuses such things as gift cards, debit cards, prepaid credit cards or 'in-store credits'. Examples include bonus or commission payments, compensation for work performed, or Tribal Gaming Per Capita Distributions from gaming revenues etc.

Note: These benefits must be determined whether countable or disregarded based on ACA Medicaid policy.

8. Earnings paid under a contract must be prorated over the period the contract covers.

Example: A teacher receives paychecks in August through May, however the contract covers 12 months and the contracted salary is \$30,000. The annual salary is prorated over 12 months. Countable ACA Income is \$2500 per month.

Occasionally, migrants or seasonal farmworkers may receive an advance lump sum payment to reimburse or cover travel expenses. Such reimbursement is normally received prior to their arrival and is not considered earned income. An advance for wages, however, is counted as earned income and is prorated over the months it is intended to cover.

Example: Don is a migrant worker who received a reimbursement from his grower for traveling to North Dakota to work. This reimbursement is disregarded from income as a reimbursement. Don's grower also gave him a wage advance of \$900 in May for the months of June, July and August. The wage advance would be prorated over the months of June, July, and August as earned income.

In addition, migrants or seasonal farmworkers may not receive an advance lump sum, but will be paid in a lump sum at the end of their employment or contract period. Such income is prorated over the period the payment is intended to cover.

9. Bonuses, profit sharing, and other similar payments are not considered lump sum earnings or wages received other than monthly, but an extra payment of earned income based on a productive period. These are considered income in the month received.
10. Individuals who lost a source of income (earned or unearned) in the month of application will not have income from that source annualized.

The terminated source of income actually received in the application month will only be counted in the month terminated.

Determining Ownership of Income 510-03-85-10

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. Section 75-02-02.1-34(7))

1. In determining ownership of income from a document (e.g. a tax return for a self-employment business, or a rental agreement for rental property . . .), income must be considered available to each individual as provided in the document, or, in the absence of a specific provision in the document:
 - a. If payment of income is made solely to one individual, the income shall be considered available only to that individual; and
 - b. If payment of income is made to more than one individual, the income shall be considered available to each individual in proportion to their interest.
2. In the case of income available to a couple in which there is no document establishing ownership, one-half of the income shall be considered to be available to each [spouse](#).
3. Except in the case of income from a trust, the rules for determining ownership of income are superseded to the extent that the applicant or recipient can establish that ownership interests are otherwise than as provided in those rules.

ACA Income Methodologies 510-03-85-13

(New 7/1/2014 ML #3404)

[View Archives](#)

The following income methodologies will be used in determining income eligibility for individuals eligible under ACA Medicaid:

1. Income is based on household composition, [tax filer](#) rules, and who resides with the individual.
2. Monthly income is used prospectively.
3. Current, point in time income is used—prospecting reasonable expected changes.

Married couples, who file their taxes jointly, must be included in each other's households, even if they are not residing together. This includes situations where one of [spouses](#) is incarcerated.

Note: The incarcerated spouse is not eligible for Medicaid.

Income of most children NOT expected to be required to file a federal income tax return is considered as follows:

1. A [tax dependent](#) CHILD's income does not count in a tax filer's parents or caretaker's household if the child is not required to file a tax return.
2. A tax dependent CHILD's income does not count in the child's household, IF the tax filer parent or tax filer caretaker is in the child's [ACA Medicaid household](#).
3. If the tax filer parent or tax filer caretaker is NOT in the child's ACA Medicaid household, the child's income DOES count in the child's household. (e.g. the child is in (non-IV-E) foster care).
4. If the child is not required to file a tax return, however, files a return in order to get a refund of taxes withheld, that child's income is NOT counted in either the tax-filer's or the child's household.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

If the child IS required to file a tax return, the child's income is counted in all the households in which the child is included.

Filing requirements change every year and this information may be found in the instructions for Form 1040 at <http://www.irs.gov/>.

In determining whether a child has to file income tax:

1. If a child has income other than SSA benefits, the child must file if their unearned income (excluding child support) exceeds \$1000 annually.
2. The TAXABLE portion of the child's Social Security (SSA) benefits must be considered. Normally, only 50% of the SSA benefit is subject to taxation.

SSA benefits are only taxable to the extent that 50% of the SSA benefit PLUS the individual's other income exceeds \$25,000. The child's TOTAL yearly income minus half of the SSA income would have to be more than \$25,000 to be taxable; and then only the excess over \$25,000 would be taxable.

If the child's only income were SSA income, the monthly benefit would have to be over \$4,166.67 per month to be countable, and over \$4,333.33 to require filing a tax return.

Example: A child, age 17, receives \$480 per month in Social Security survivor benefits. In addition, the 17 year old is employed and earns approximately \$1000 per month. The child is claimed as a dependent on his parent's tax return.

Based on the child's earned income, he is required to file a tax return. However, his SSA benefits are not taxable as his earnings of \$12,000 for the year plus 50% of the SSA benefits (\$2,880) do not exceed \$25,000.

Non-recurring lump sum payments of income not identified as Disregarded Income in section [510-03-85-30](#), count only in the month received.

Recurring lump sum payments of ACA Medicaid countable income received after application for Medicaid shall be prorated over the number of months the payments is intended to cover.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- When a payment is received and prorated in an ongoing case, or after a period of Medicaid eligibility, and the case is closed and then reopened during the prorated period, or within the following proration period, the lump sum payment proration must continue.
- All other recurring unearned lump sum payments received before application for Medicaid are considered income in the month received and are not prorated.

Calculating "self-employment" Income

Individuals who are self-employed must provide a copy of their most recent income taxes. Information from their most recent income tax forms will be used to determine their countable self-employment income IF it is indicative of what the income will be for the current year.

When a self-employed individual has not filed their taxes or the business is newly established, there are no federal income tax forms to use. In this situation, the household needs to submit copies of their ledgers, receipt books, etc. The [county agency](#) and self-employed individual will use the best information available to determine the countable income as defined in #1 through #8 below, minus allowable expenses identified in section [510-03-85-35](#), Income Deductions.

Net earnings or losses from self-employment as considered for income tax purposes are counted for [ACA Medicaid Households](#).

NOTE: Losses from self-employment can be used to offset other countable income.

1. Using the amount from the line on the income tax forms titled '[Adjusted Gross Income](#) (AGI)';
2. Subtract any amount in the line titled 'Wages, salaries, tips, etc.', as current, point in time income is used.
3. Subtract the amount in the Capital Gain line, if Capital Gains are not expected to recur. (If they are expected to recur, do not subtract them).

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

4. Subtract the amount in the 'Taxable refunds, credits, or offsets of state and local income taxes' line as these are ONLY countable in the month received.
5. Subtract any scholarships, awards, or fellowship grants used for education purposes and not for living expenses, IF they are included in the 'Adjusted Gross Income'.
6. Add tax-exempt interest;
7. Add tax-exempt Social Security income (determined by subtracting the taxable amount of Social Security Benefits from the total amount.)
8. Add any NOL- carry over losses; (usually listed on Line 21) as 'carry over' losses are not allowable deductions from current years income.

Income Conversion 510-03-85-20

(New 7/1/2014 ML #3404)

[View Archives](#)

For purposes of this section:

'Biweekly' is defined as receiving earnings every two weeks.

Example: Individual receives a paycheck every other Monday.

In cases where income, (both earned and unearned) is received either weekly or biweekly, income must be converted when determining the households countable income.

1. To convert earnings received weekly, total the weekly checks and divide by the number of checks (4 or 5) to arrive at the weekly average. The weekly average is then multiplied by 4.3.
2. To convert biweekly earnings, total the biweekly checks and divide by the number of checks (2 or 3) to arrive at the biweekly average. The biweekly average is then multiplied by 2.15.

If tips, commissions, bonuses or incentives are paid or reported weekly or biweekly and are included in the gross income on the weekly or biweekly paycheck or pay stub, they are converted.

If tips, commissions, bonuses or incentives are paid or reported weekly or biweekly and are included on the paycheck or pay stub, but not in the gross income and the paychecks are received weekly or biweekly, they must be added to the gross income and converted.

If tips, commissions, bonuses or incentive are not paid weekly or biweekly, they are not converted. The tips, commissions, bonuses or incentives must be counted separately as earned income.

Examples:

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

1. Cash tips received daily and reported monthly are not converted.
2. Tips paid in a separate check that is not paid weekly or biweekly are not converted.
3. A household reports June 20 that a member started a new job and received the first paycheck on June 25th and is paid every Wednesday. Income for the month of application is not converted (June) because the individual did not receive income each Wednesday in June. Actual anticipated income is used for June. Income is converted for July.
4. A household reports on May 10 that a household member lost their job on May 9 and will receive a final paycheck on May 16. When calculating eligibility for May, the income for this household member is not converted, as the individual will not receive income each week in May. No income can be anticipated from this job for June.

When determining eligibility for Three Prior (THMP) months, budgets must be calculated for each of the three prior months, based on actual, verified income and expenses. Income conversion policy does not apply when calculating the countable income in a THMP month.

Assistance received under the Disaster Relief and Emergency Assistance Act of 1974 or some other federal statute, because of a presidentially declared major disaster (including disaster assistance unemployment compensation), and interest earned on that assistance. Comparable assistance received from a state or local government, or from a disaster assistance organization is also excluded
46. Allowances paid to children of Vietnam veterans who are born with spina bifida, or to children of women Vietnam veterans who are born with certain covered birth defects
47. Netherlands Reparation payments based on Nazi, but not Japanese, persecution during World War II, Public Law 103-286
48. Radiation Exposure Compensation, Public Law 101-426
49. The Medicare part B premium refunded by the Social Security Administration
50. Medicare Part D premiums, copayments, and deductibles refunded by prescription drug plans
51. For periods after October 1, 2008, all wages paid by the Census Bureau for temporary employment related to census activities will be disregarded as income
52. Reimbursements from an employer, training agency, or other organization for past or future training, or volunteer related expenses are disregarded from income. Reimbursements must be specified for an identified expense, other than normal living expenses, and used for the purpose intended. Reimbursements for normal household living expenses or maintenance such as rent or mortgage, clothing or food, are a gain or benefit and are not disregarded

Examples of disregarded reimbursements include:

- 53. The first \$2,000 received by an individual age 19 and over as compensation for participation in a clinical trial for rare diseases or conditions meeting the requirements of Section 1612(b)(26) of the Act. This disregard is only allowed if approved by the Medicaid Eligibility Unit and will expire on October 5, 2015
- 54. Monthly food coupons distributed to individuals age 55 and over from the Sisseton-Wahpeton Oyate Lake Traverse Reservation Food Distribution program
- 55. Payments of flat rate insurance like a hospital plan that pays a daily rate to the client for each day in the hospital. These are usually referred to as an indemnity policy

Income Deductions 510-03-85-35

(New 7/1/2014 ML #3404)

[View Archives](#)

Instead of itemized disregards and deductions, a standard deduction equal to 5% of the Federal Poverty Level (FPL) is allowed under ACA Medicaid.

Note: This disregard is not deducted from income as the ACA Income Levels have been increased by 5% to allow for this disregard.

In addition, the following deductions can be allowed from income under ACA Medicaid:

1. Pre-tax deductions (from the gross pay listed on paystubs)
2. [Adjusted Gross Income](#) deductions from gross income that are used in determining the countable Adjusted Gross Income for tax purposes (Listed on the Form 1040 in the 'Adjusted Gross Income' section)
 - a. Educator expenses
 - b. Business expenses of reservist, performing artists and fee-basis government officials
 - c. Health savings account deduction
 - d. Moving expenses
 - e. Deductible portion of self-employment tax
 - f. Contributions to self-employed SEP, SIMPLE and qualified plans
 - g. Self-employed health insurance deduction
 - h. Penalty on early withdrawal of savings
 - i. Alimony paid
 - j. Contributions to IRA
 - k. Student loan interest deduction
 - l. Tuition and fee
 - m. Domestic production activities deduction

When determining income using the Federal Income Tax forms, amounts for the above deductions can only be allowed IF they have not been allowed when determining the Adjusted Gross Income.

(N.D.A.C. Section 75-02-02.1-41.2(1))

1. For purposes of this section:
 - a. "Base month" means the calendar month prior to the processing month.
 - b. "Benefit month" means the calendar month for which eligibility and client share (recipient liability) is being computed.
 - c. "Best estimate" means an income, deductions, or circumstance prediction based on past amounts of income and deductions and known factual information concerning future circumstances which affect eligibility, deductions to be incurred; or income to be received in the benefit month. Factual information concerning future circumstances must be based on information by which the applicant or recipient demonstrates known changes or highly probable changes to the income, deductions, or circumstances which offset eligibility, from the base month to the benefit month.
 - d. "Processing month" means the month between the base month and the benefit month.
 - e. "Prospective budgeting" means computation of a household's eligibility and client share based on the best estimate of income, deductions, and circumstances for a benefit month.

(New 7/1/2014 ML #3404)

[View Archives](#)

1. The "10-10-10 Rule" means:
 - a. The recipient has ten days from the date they become aware of a change to report that change to the [county agency](#).
 - b. The county agency has ten days in which to act on a reported change.
 - c. The county agency must allow ten days for an advance notice before any adverse action can be taken on a case (unless the change is one of the exceptions to the Ten-Day Advance Notice as defined in section 510-03-25-25, Decision and Notice).

2. The purpose of the 10-10-10 rule is to describe the [ACA Medicaid Household](#)'s responsibility to report changes and to determine when the county agency can or cannot act on changes. It can, and should be, used as a caseload management tool.

Guidelines for Anticipating Income 510-03-90-15

(New 7/1/2014 ML #3404)

[View Archives](#)

Use prospective budgeting to determine eligibility based on the countable income which is anticipated to be received and the allowable deductions that are anticipated to be incurred. Anticipated income and deductions are an estimate based on reasonable expectations and knowledge of past, current, and future events.

The following guidelines are offered to assist in this determination.

An employed individual who does not expect a significant change should have the previous month's earnings and employment deductions verified by pay stub or employer's statement. The previous month's earnings serve as the basis for estimating the income likely to be received during the initial prospective month.

Example: A person applies for assistance on November 15 and reports there should be no significant change in income and deductions from the month of October. The October income should be verified and converted if paid weekly or bi-weekly, to anticipate the income and deductions likely to be available in November.

If the applicant or recipient indicates that he or she expects to begin working or that a material change in income is likely, the statement shall be documented as the basis for the "best estimate" of income to be received. The employer may be contacted, with the applicant's or recipient's permission, to verify the statement that income will be reduced or increased during the prospective month, or the applicant or recipient may provide other documentation supporting the expected change.

If new income is expected during the prospective month, the worker needs to arrive at a "best estimate" of the income likely to be available. If the income is from employment in which "tips" are likely, these also need to be estimated.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

When anticipating income, also anticipate bonuses, profit sharing, and other such additional income whenever possible. This type of income can be anticipated based on prior receipt of such income. The amount anticipated can be estimated based on amounts previously received, unless factual information suggests otherwise.

To summarize, the method(s) used to anticipate income will vary according to the circumstances in each case. It is the responsibility of the [county agency](#) to decide on the best approach. Whatever the method used, it is imperative that the rationale for arriving at estimated income be clearly and thoroughly documented in the case file.

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. 75-02-02.1-41.1)

Client Share (Recipient Liability) is the amount of monthly net income remaining after the 5% (5% of 100% poverty level for the individuals [ACA Medicaid household](#) size) income deduction and Medically Needy income level have been allowed. All such income must be considered to be available for payment of medical services provided to the eligible individual or family.

1. Computing client share (recipient liability) for previous month. Compute the amount of client share by using actual verified information, rather than best estimate, in each of the previous months for which eligibility is sought.
2. Computing client share for the current month and next month at time of approval of the application. Compute the amount of the client share prospectively for the current month and the next month. The income received or best estimate of income to be received during the current month must be used to compute the client share for the current month. The best estimates of income to be received during the next month must be used to compute the client share for the next month.

1. Up to fifteen dollars per month of expenses for necessary medical or remedial care, incurred by a member of the ACA Medicaid Household, or a [spouse](#) or child they were legally responsible for, in a month prior to the month for which eligibility is being determined, may be subtracted from client share (recipient liability), other than client share created as a result of medical care payments, to determine remaining client share, provided that:
 - a. The expense was incurred in a month during which the individual who received the medical or remedial care was not a Medicaid recipient or the expense was incurred in a month the individual was a Medicaid recipient, but was for a service not covered by Medicaid;
 - b. The expense was not previously applied in determining eligibility for, or the amount of, Medicaid benefits for any Medicaid recipient;
 - c. The medical or remedial care was provided by a medical practitioner licensed to furnish the care;
 - d. The expense is not subject to payment by any third party, including Medicaid and Medicare;
 - e. The expense was not incurred for swing bed services provided in a hospital, nursing facility services, or HCBS during a period of ineligibility because of a disqualifying transfer;
 - f. Each expense claimed for subtraction is documented by the applicant or recipient in a manner which describes the service, the date of the service, the amount of the cost incurred, the amount of the cost remaining unpaid, the amount of the cost previously applied in determining Medicaid benefits for any Medicaid recipient, and the name of the service provider; and
 - g. The [ACA Medicaid Household](#) is still obligated to pay the expense.

Budgeting Procedures for Pregnant Women 510-03-90-25

(New 7/1/2014 ML #3404)

[View Archives](#)

(N.D.A.C. 75-02-02.1-21)

The Omnibus Budget Reconciliation Act of 1990 provided for extended eligibility for pregnant women effective July 1, 1991.

When a pregnant woman becomes eligible for Medicaid, including during the three month prior period (THMP), she continues to be eligible, without regard to any increase in income of the [ACA Medicaid Household](#), for sixty days after the day her pregnancy ends, and for the remaining days of the month in which the sixtieth day falls. Decreases in income, however, will be considered to further reduce any client share (recipient liability). All other Medicaid eligibility factors continue to apply.

- Self-attestation of a single-birth pregnancy is accepted unless it is questionable. Multiple births must be medically verified in order to increase the household size by more than one unborn child. Medical verification is a pregnancy determination made by medical personnel or a public health agency.
- For determinations made after the birth of the baby, the child's birth verification may be used as verification of pregnancy.

When a woman applies for coverage and is pregnant, if eligible, she must be enrolled in Medicaid coverage as a pregnant woman, rather than in the new [Adult Expansion Group](#).

When a woman is already enrolled in the Adult Expansion Group, and becomes pregnant after her enrollment, she must be informed of the benefits of moving to Medicaid coverage for pregnant women and given a choice to move to that coverage group.

Eligibility Factors for ACA Medicaid

Division 15
Program 505

Service 510
Chapter 03

- If the woman chooses Medicaid coverage as a pregnant woman, during the final month of the 60 free day period of eligibility, a review must be completed to evaluate whether she will remain eligible for Medicaid under another coverage group, including the Adult Expansion Group, or be referred to the Marketplace to choose an insurance policy. This will ensure there is no loss of coverage.
- If the woman chooses to remain covered under the Adult Expansion Group, the 60 free day period of eligibility does not apply. Thus a review will not need to be completed at that time.

When a Pregnant Woman becomes eligible and during her pregnancy a review is due, the Pregnant Woman must complete the review or her eligibility will end the last day of the month in which the review was due. The individual must submit her review or reapply within 90 days to avoid a loss in coverage.

For policy relating to Extended Eligibility for Pregnant Women, refer to [510-03-45-05](#).

(N.D.A.C. 75-02-02.1-41.2(5) & (6))

When an individual is added to an [ACA Medicaid Household](#), a review must be completed to process eligibility for the individual. This may affect the established household.

1. Individuals may be added to an eligible unit up to one year prior to the current month, provided
 - a. The individual meets all eligibility criteria for Medicaid;
 - b. The eligible unit was eligible in all of the months in which eligibility for the individual is established; and
 - c. The individual was in the unit in the months with respect to which eligibility for that individual is sought.

Note: Individuals eligible under the [Adult Expansion Group](#) only, cannot be added as eligible prior to January 1, 2014.

Client share (recipient liability) will be based on the unit's actual income and circumstances when adding each individual for retroactive periods. Client share must be based on the unit's income and circumstances from the base month, plus the best estimate of each individual's income and circumstances when adding each individual to the current or next month.

Client share for other individuals in the ACA Medicaid Household who were medically needy eligible may increase or decrease with the addition of the new member. Any client share, or lack of, applied to previously paid claims will not be adjusted; however, the new client share will be applied to any claims billed in the future.

Other individuals in the ACA Medicaid Household who were previously determined to be poverty level eligible remain poverty level eligible, regardless of any income change, when adding an individual to the unit.

Pregnant Women and children under age 19, who fail under the ACA Medicaid Categorically Needy Coverage Group, may be eligible under the ACA Medicaid Medically Needy Coverage Group, provided they have a Medical Need as defined in [510-03-35-35](#), Need.

To determine ACA Medicaid Medically Needy eligibility:

1. Determine if the individual has a Medical Need.
 - a. Determine the monthly income for the individual's household; reduce the amount of the monthly income by the amount of allowable deductions, if any, to arrive at the countable income amount. Subtract the Medically Needy Income Level for the individuals' household size from the countable ACA Income.

If the individual's household has a Medical need, eligibility can be determined for ACA Medicaid Medically Needy coverage.

Note: Processing for ACA Medicaid Medically Needy coverage is completed in the Vision System.

2. Once 'need' has been established, enter the countable ACA income into Vision.

Note: DO NOT enter any expenses on the expense window, as the allowable deductions were used to determine the countable ACA income.

3. Since the Vision system will deduct \$90 for taxes and \$30 work training allowance for each individual who has countable ACA income, create 'Unearned' income of 'Other' in the amount of \$120 (or less if the countable income is less than \$120) for each individual who has countable ACA income.
