

# MAMMOGRAPHY

## CPT CODES:

<b>76090</b>	Mammography; <u>diagnostic</u> , unilateral
<b>76091</b>	Mammography; <u>diagnostic</u> , bilateral
<b>76092</b>	Mammography, <u>screening</u> , bilateral (two view film study of each breast)

**Diagnostic mammograms** must be ordered by a physician or qualified non-physician practitioner and are covered as often as is medically necessary. A specific diagnosis is required. A “rule-out” diagnosis is insufficient medical necessity documentation.

## DIAGNOSIS FOR DIAGNOSTIC MAMMOGRAM

V10.3	Personal history of malignant neoplasm-breast
V15.89	Other specified personal history presenting hazards to health
174.0-174.9	Malignant neoplasm of female breast
175.0-175.9	Malignant neoplasm of male breast
196.3	Secondary and unspecified malignant neoplasm of lymph nodes of axilla and upper limb
197.0	Secondary malignant neoplasm, lung
197.1	Secondary malignant neoplasm, mediastinum
197.2	Secondary malignant neoplasm, pleura
197.3	Secondary malignant neoplasm, other respiratory organs
197.7	Secondary malignant neoplasm of liver, specified as secondary
198.3	Secondary malignant neoplasm of brain and spinal cord
198.5	Secondary malignant neoplasm of bone and bone marrow
198.81	Secondary malignant neoplasm of breast
199.0	Disseminated malignant neoplasm without specification of site
199.1	Other malignant neoplasm without specification of site
217	Benign neoplasm of breast
233.0	Carcinoma in situ of breast
238.3	Neoplasm of uncertain behavior of breast
239.3	Neoplasms of unspecified nature of breast
610.0-610.9	Benign mammary dysplasias
611.0-611.6	Other disorders of breast
611.71-611.79	Signs and symptoms on breast
611.8	Other specified disorders of breast
611.9	Unspecified breast disorder
793.8	Abnormal mammogram

**Screening mammograms** are provided without a physician’s referral. They are for women without signs or symptoms of breast disease, for the purpose of early detection of breast cancer, and include a physician’s interpretation of the results.

Screening mammograms are provided on an annual basis for women over age 39.

Women between the ages 35-39 are allowed one screening in this time frame.

## DIAGNOSIS FOR SCREENING MAMMOGRAMS

V76.12	Other screening mammogram
