-------	-----------	--	-----------------------	--	--	--

5-1	9/29/2011		No Scheduled Training			
-----	-----------	--	-----------------------	--	--	--

Note: Due to the extensive amount of training time that will be required for the Motivational Interviewing training, we will only be offering mandatory training this year. It is recommended that you complete as much of your mandatory training as possible before we begin the MI training. Second and third quarter training will be limited to training for security staff. Fourth quarter training will be very limited and consist only of mandatory classes that may be necessary to complete staff yearly training requirements. Classes require 3 student or more to be presented. The only exception will be if a student can demonstrate a legitimate reason for not attending mandatory training on an earlier date.

Note: You must sign up for all class through the ELM catalog!
