

Choices®

CD EDITION

Develop Confident Career Choices

Build self-awareness and connect students to relevant occupations. The combined power of Choices' multiple research-based valid assessments and comprehensive network of school, program and career profiles, enable students to easily identify how their interests, values and skills relate to their best options.

Self-Directed and Easy to Use

Make personalized planning more effective than ever before. Choices' Guideways effortlessly direct students through the program with next steps based on their objectives and what they have started or completed. Students work on their own, saving counselor time.

Support Personalized Planning

Students focus on the transition to higher education and employment using the interactive Planning Tools, together with a powerful electronic portfolio, which helps them develop their education and career plans.

Achieve Greater Accountability

Gain valuable insight on assessment results and progress with Choices' OnTrack accountability system. Effectively engage more students when you relate and respond to their interests by reviewing their focus lists of occupation and education options.

Meet Career Development Standards

Choices utilizes the Career Clusters, Pathways and Department of Labor SCANS to ensure you meet national and state career development standards. State-specific labor market information is effectively integrated with post-secondary admissions requirements.

Achievement Starts With A Plan.

“We've been a CHOICES state for the last 25 years. The program continues to improve each year.... It meets all the needs of our state: information on career, education, financial aid, assessments, career planner, and too many things to mention....”

—Zelda Rogers, Director, Department of Education, FL
