INSTRUCTIONS

1. A dealer is a person, partnership, association or corporation in the business of buying, selling, leasing or exchanging of aircraft or ultralight vehicles.
2. Demo certificate instruction guidelines are as follows:
   (A) Demo certificate will only be issued if an aircraft N-Number can be assigned.
   (B) When a demo certificated aircraft is sold, a state aircraft purchase certificate (SFN 11630) shall be completed and returned.
   (C) Demo aircraft can be used only for demonstration flights in order to qualify for this dealer license. Flying aircraft for other than demonstration requires a state aircraft registration and use tax.
3. Inspection of the dealer's place of business and maintenance facilities may be required. If maintenance facilities are leased, include a copy of the lease with the application.
4. Return your application and fees to the address listed below. A copy and certificate will be returned to you as notice of action by the Commission.
