### **I am a teacher.**

I accept the challenge to be sagacious and tenacious in teaching every student because I believe that every child can learn.

I accept the responsibility to create a learning environment conducive to optimum achievement academically, socially, and emotionally. I actively pursue excellence for myself and for my students.

I provide a model of decorum and respect that guides my students as well as honors them.

I affirm superlative expectations for my student and myself.

I cherish every child

### **I am a teacher.**

I change the world  
One student at a time.

“What sculpture is to a block of marble, education is to the soul.”
