I am a teacher.

I accept the challenge to be sagacious and tenacious in teaching because I believe every child can learn. I accept the responsibility to create a learning environment conducive to optimum achievement academically, socially, and emotionally. I actively pursue excellence for myself and for my students. I provide a model of decorum and respect that guides my students as well as honors them. I affirm superlative expectations for my students and for myself. I cherish every child.

I am a teacher.

I change the world one student at a time.
