Yeah yeah

When I walk on by, please don't feel you  
gotta hide.  
Hey it's the fact I just can't get enough facts  
YEAH  
This is how I roll, instructional strategies  
out of control,  
With higher level thinking, Through the core  
standards  
I like to stroll

Ah, look at that data (x3)  
Ah, we'll work it out

Ah, look at that curriculum (x3)  
Ah, we'll work it out

When I walk into your room, yeah, this is  
what I see  
Everybody practice mathematically  
I've got resources aplenty and I ain't afraid  
to show it, show, show it

I'm a math coach and I know it (x2)

Yeah

When I'm at the school, I'm thinking about  
supporting you in your room  
When I'm in my office I'm thinking about  
student achievement in your room.  
This is how I roll, come on teachers it's time  
to glow  
We headed to the test, teachers don't be  
nervous  
We've taught, we've reviewed and the  
outcome is obvious (watch)

Ah, look at that data (x3)  
Ah, we'll work it out

Ah, look at that curriculum (x3)  
Ah, we'll work it out

When I walk into your room, yeah, this is  
what I see  
Everybody practice mathematically  
I've got resources aplenty and I ain't afraid  
to show it, show, show it

I'm a math coach and I know it (x2)
