

CONSULT

I can provide:

- **Information**--Don't have time to research? Let me help!
- **Technical Assistance**--Need assistance using various computer programs or the Smart Board? Let me show you!
- **Advice**--Need to bounce an idea off of someone? Let me listen...or direct you to someone who knows better! 😊
- **Resources**--Looking for something to supplement a lesson or research to back up your theory? Let me assist!
- **Demonstrations**--Want to see what a Smart Board lesson looks like or how a strategy works? Let me model...or find someone who can!

COLLABORATE

WE can:

- **Share**--Let's share ideas and resources and solve problems together.
- **Co-Plan**--Two+ heads are better than one to plan lessons, units, thematic units.
- **Co-Teach**--Two teachers, one lesson, big impact. We can discuss results together.
- **Brainstorm**--Remember brainstorming uses for a paper clip? Let's get together to think about strategies, lessons, and best practices.
- **Analyze**--We can analyze student data together.
- **Create**--Let's create lessons, common assessments, units, etc.

REFLECT

Here for YOU to:

- **Observe** and **provide feedback** on lessons, assessments, strategies, plans, etc.
- **Support** the goals you set.
- **Work** to address concerns **together**.
- **Support ideas** to increase student achievement.
- **Offer** differentiation **strategies**.
- **Advocate** for your individual and school goals.

Partnership Agreement:

We will engage in the adult learning process through consultation, collaboration, and reflection on educational practices. This is a confidential partnership that will not involve the evaluation process. (i.e. I'm here to support, not to evaluate your teaching.)

Disclaimer:

I do not know it all, nor do I claim to. I will do my best to find the answers you need and/or point you in the direction of "the expert". Working together, we can grow in our profession.

"Tell me and I'll forget.

Show me and I may remember.

Involve me and I'll understand."
