About Me:

*Taught in Houston, TX for 4 years, 4th grade

* BS from Mayville State University

*1 year as math interventionist in West Fargo

*Married to Sara with 3 beautiful children; Paxton, Rowan, Kenlie

*Enjoy sports, traveling, and eating food!

I WILL...

*Respect your time, space, and expertise

*Keep what you do and stay confidential

*Listen

*Be honest

*Support you as we work to increase student achievement

*Use research, best practices, and district policy to guide our work together

*Not evaluate your performance as a teacher

*Do the best I can for you and our students!

Elementary
Fargo, ND**

David Schneck, Student Performance Strategist, Centennial Elementary

Here's how I can support you...

Data Coach:

****Using data to drive instruction****

- * Assist you in analyzing student data and planning ways to meet students' needs
- * Assist in collecting data for progress monitoring
- * Formative Assessment aligned to Common Core State Standards
- * Provide ongoing training and support for use of universal screening instruments (AIMSweb, SRI)
- * Assist with classroom assessment measures and use of results to guide instruction

Interventionist:

****Helping all students to learn at high level****

- * Work with you during the MTSS process
- * Identify Tier 2 and Tier 3 interventions
- * Assist in working with small group and /or individual instruction
- * Help establish strong Tier 1 Core instruction in all classrooms
- * Progress monitor as needed for Tier 2 and 3

Classroom Supporter:

**** Acting as a coach****

- * Collaborate with you to set goals for improving instruction
- * Provide support and assistance with instruction and assessments according to FPS Smart Goals and best practice
- * Assist in professional development to enhance literacy instruction
- * Make recommendations of resources to enhance or supplement your instruction
- * Model or co-teach lessons in your classroom
- * Observe and provide feedback about curriculum implementation and teaching methods
- * Work with you to establish schedules, routines, and procedures
- * Be a sounding board for concerns, questions, and ideas:-)

Specialty Areas:

- All areas of math
- Number Sense
- Fast Math
