

Online First Aid

To do a course (45 Days To Complete) follow this procedure:

Procedure:

1. Ensure internet access. Head to the National Safety Council website:
<http://www.nsc.org>
2. Click on the button "Online training" this will take you to:
http://www.nsc.org/products_training/Training/Pages/OnlineTraining.aspx
3. On the right side of the page click on the link **First Aid Online Training**
4. Click on the appropriate bullet
 - a. Most people will pick the "Purchase 1-25 online ID's". Once you have completed this step it will then take you to the course
5. Near the bottom it say's "Purchase Course- \$19.95" (click the icon) then finish the checkout process by entering your credit card information.
6. Complete the entire course, or bookmark and return later to finish
7. Must print out the completion certificate at the end of the course to verify course completion.
8. Then **MUST CALL** the ND Safety Council to schedule a skills verification test with one of the trainers. The cost for the skills verification is \$30.00 and the testing takes 45-60 minutes.
9. When the student has completed the online and skills verification the NDSC will mail a CPR/AED and First Aid Certificate to them; valid for 3 years.

Control/Click to head directly to the National Safety Council website~~~> [First Aid Online Training](#)
