Work Completed during Period Covered by Report:

(This information will be posted on the Outdoor Heritage Fund/Industrial Commission website)

The overall goal of the Turtle Mountain Band of Chippewa's proposed ND Outdoor Heritage Project Application is to install two (2) commercial grade Fishing Piers at the Sky Chief Park Gordon and Wheaton Lake Recreational areas.

The original proposal specified that the Fishing Piers would be purchased from Zachmeier Mfg. based in Mandan, ND. However, the business closed so the tribe opted to use the local tribal manufacturing firm, Turtle Mountain Chippewa Metal Works, to build the Fishing Piers according to proposed specs.

The size of each Fishing Pier is 6' x 28' Walkway and 8' x 28' Fishing Dock Assembly. Attached is a spec drawing of the Piers that was developed by the Production Manager (Walter Lafountain) and Engineering Manager (Ralph Longie).

The Fishing Piers are placed at the Sky Chief Park area. One each at Gordon Lake and Wheaton Lake. They are handicapped accessible and can safely accommodate up to 15 individuals.

Several townships have expressed an interest in purchasing Fishing Piers from Turtle Mountain Chippewa Metal Works, if funds can be leveraged.

Accompanying this report are pictures of the Fishing Piers along with a company spec sheet.

Photos of work completed are welcome (If appropriate, please submit photos of key elements of the project completed or in progress during reporting period) Do not exceed five photos per project report.
