

Prescription Connection

A really bright idea!

Prescription Connection is a North Dakota Insurance Department program that connects kids and families with free and discounted prescription drugs.

For more information or to sign up for the program, call **1-888-575-6611** or visit **www.nd.gov/ndins**.

Prescription Connection assists people of all ages in acquiring prescriptions that might otherwise be unattainable.

Each individual pharmaceutical company has its own eligibility criteria. The criteria may include one or more of the following:

- Income and asset guidelines
- Citizenship status
- Veterans benefits status
- Prescription benefits currently received through other programs

If rising costs are making it more difficult for you to purchase your medications, please call Prescription Connection to find out if we can help connect you to low-cost prescription drugs.
