Line 10 - If filing a late return, enter the amount of interest due. Interest does not apply to the first month a return is late, but applies at a rate of 1 percent each month or fraction of a month the return remains late or unpaid.

Line 11 - Add lines 8, 9, and 10. Enter the result on line 11.

Local option sales, use, and gross receipts taxes

If you reported more than ten local taxes in the past year, use the Schedule ST-Local included with your return to report all local taxes due. If you reported ten or less local option taxes in the past year, the Local Option Tax section on Form ST is preprinted with information regarding each local jurisdiction you reported.

The **Schedule ST-Local** lists the cities and counties without compensation on page 1 and the cities and counties with compensation on page 2. Additional instructions are available on the department's web site or by contacting our office.

Instructions for reporting local option taxes:

- Report all local tax amounts in dollars and cents.
- Report all local taxes in one place. Do not report some local taxes on Form ST and other local taxes on Schedule ST-Local. If reporting ten or less local taxes, use the Local Option Tax section on Form ST. To report more than ten local taxes, report all on Schedule ST-Local.
- If you use Schedule ST-Local, all local codes, city/county names, and compensation rates are preprinted on the schedule. Additional ST-Local Schedules and instructions are available at www.nd.gov/tax or by calling 701-328-1246.

- If you report local taxes in the Local Option Tax section on Form ST, and you are reporting a local tax for the first time, enter the local tax code, name of the city or county, and compensation rate from the list at the bottom of these instructions.

Column C—Total local option tax

Enter the total amount of tax due for each city or county. The tax due is equal to the correct amount of local sales or use tax you should have charged on sales made within the local jurisdiction plus any local use tax due on untaxed goods or services subject to use tax because they were stored, used or consumed within the local jurisdiction.

Column E—Compensation allowance

Some local jurisdictions provide compensation to permit holders for collecting and remitting local tax. Multiply the tax in column C times the compensation rate in column D. Compensation may not exceed the maximum amount listed below and is not allowed if the return is late or underpaid. **Note: If amount in column C is negative, enter zero in column E.**

Column F—Net local option tax due

Subtract the compensation in column E from the total local tax in column C and enter the result.

Line 12—Net local option tax due

Add all of the amounts in column F and enter the result. This is the total amount of local tax due with the return.

Line 13—Local option penalty and interest

If the return is unpaid or filed after the due date, a local penalty is due. Penalty and interest, including the minimum \$5 penalty, applies separately to each jurisdiction with local tax due. On line 13, enter the total amount of all penalty and interest due on local taxes.

Line 14—Total due with return

Add lines 11, 12, and 13 to calculate the total amount due with the return.

Make your check payable to North Dakota Tax Commissioner.

The taxpayer or taxpayer's agent must sign the return. Please PRINT the name, title and phone number of a contact person who can answer questions about this return.
