Comparison of Taxable Sales and Purchases by Industry (2002 NAICS),  
Second Quarter 2012 and 2013 ..... 7

# Introduction

## Reporting Period

This report contains statistics of taxable sales and taxable purchases made during the second quarter of 2013. These taxable sales and taxable purchases are reported by businesses to the Office of State Tax Commissioner on quarterly or monthly sales tax returns.

## Comparisons

Tables 2 and 4 compare both taxable sales and taxable sales plus purchases reported for the current quarter with those reported for the same quarter in the prior year. The comparisons are by county on Table 2 and by major city on Table 4. (For an explanation of taxable sales and taxable purchases, see the *Definition of Terms* section of this report.)

Some data cannot be attributed to the county or city in which the sale or purchase was made, such as data from consolidated and out-of-state returns. This data is excluded from any particular county or city in the first four tables and is reported at the end of Tables 1 through 4.

Taxable sales and taxable purchases reported for the current quarter are also compared to the same quarter in the prior year in Table 5. This table compares activity by industry using the 2007 North American Industrial Classification System (NAICS). All returns, including consolidated and out-of-state returns, are contained in the industry comparisons on Table 5.

***Cautionary Note:** Caution is urged in drawing conclusions from comparisons made of individual county and city totals shown in this report. Statistics in this report are not necessarily a completely accurate measure of any particular level of economic activity in the state or in any county or city for any specific year. For example, businesses that deal only in exempt sales or services do not file sales tax returns and, therefore, their sales are not included in this report. A complete economic analysis should include other economic factors that are indicators of business activity, in addition to the sales statistics contained in this report.*

## Definition of Terms

**Taxable Sales.** Taxable sales are gross sales less nontaxable sales. Businesses must remit sales tax on taxable sales.

**Taxable Purchases.** Taxable purchases are taxable goods purchased by businesses for their own use on which they did not pay sales tax to suppliers. Also included are purchases of goods to be installed into real property by contractors who did not pay sales tax to suppliers. Businesses and contractors must pay use tax on these goods. Individuals purchasing items over the Internet on which sales tax is not charged, are obligated to report “taxable purchases” and remit the appropriate use tax.

**Motor Vehicle Excise Tax.** The State of North Dakota does *not* impose a sales tax on the sales of new or used automobiles/trucks. Instead, sales of automobiles and trucks are subject to the Motor Vehicle Excise tax, which is functionally similar to the sales tax (the tax rates are the same under current law). Because the Motor Vehicle Excise tax is a separate and distinct tax and not part of the sales and use tax, the statistics in this report *do not* include any data on automobile sales.

**Consolidated.** Taxable sales and taxable purchases from a limited number of permit holders are not accurately attributable to a city or county and are reported in a consolidated statewide line item at the end of Tables 1, 2, 3, and 4. The consolidated data is excluded from any particular city or county in the first four tables in order to avoid over-reporting from some cities and counties and under reporting for others. However, consolidated data is included in the industry comparisons in Table 5.

The consolidated data includes certain permit holders who have more than one permanent location or sales agent in North Dakota, but file a combined return. This includes companies utilizing home based, direct sales people. In addition, some industries are, by nature, not attributable to cities or counties because their sales cover large geographical areas. Therefore, the following North American Industrial Classification System Codes (NAICS Codes) per the 2002 Manual have been included in the consolidated statewide line item:

<b>NAICS Codes</b>	<b>Business Activity</b>
2121	Coal Mining
2211	Electrical Power Generation, Transmission, and Distribution
2212	Natural Gas Distribution
486	Pipeline Transportation
517	Telecommunications

***Out-of-State.*** Taxable sales and taxable purchases from permit holders who do not have a permanent location or sales agent in North Dakota are reported in a single line item at the bottom of Tables 1, 2, 3, and 4. This data is not accurately attributable to any particular city or county and it is omitted from all individual city and county figures. However, out-of-state data is included in the industry comparisons in Table 5.
