STATE SALES TAX RATES

New mobile homes, *new* farm machinery, and *new* farm irrigation equipment are subject to 3 percent state tax. To qualify for the reduced state tax rate, the machinery and irrigation equipment must be used exclusively for agricultural purposes. All other goods are subject to 5 percent state sales or use tax.

USE TAX

Tangible personal property purchased from an out-of-state retailer for storage, use, or consumption in North Dakota is subject to North Dakota Use Tax if the retailer did not charge sales tax at a rate equal to the 5 percent North Dakota sales tax rate and applicable local option tax. Use tax due on large purchases should be remitted in the month in which the purchase was made. Smaller purchases may be accumulated until the end of the quarter or calendar year and reported on one form submitted with one check to pay the total tax due.

WATERCRAFT USE TAX – Invoice must be attached to return

Watercraft is subject to state and any applicable local option taxes. If the watercraft was purchased from an out-of-state dealer and no sales tax was charged, the purchaser must pay use tax. The use tax is paid directly to the Office of State Tax Commissioner based on the net purchase price of the watercraft, motor(s), trailer and any accessories purchased in conjunction with this transaction. If sales tax was charged at a rate less than the 5 percent state and any applicable local option taxes, tax is due on the difference. ***The use tax rate is based on where the watercraft is stored.***

Watercraft purchased from an individual not in the business of buying and selling watercraft is considered a casual sale and is not subject to state and local sales tax. If the watercraft was purchased from an individual, please attach a copy of the sales receipt to the boat license application and mail it directly to the North Dakota Game and Fish. The receipt should include the seller's name, address, and signature. ***Casual sales do not have to be reported to the Tax Department.***

Falsification of this form to evade payment of tax is a class A misdemeanor and may be punishable by a fine up to \$15,000, imprisonment up to one year, or both.

LOCAL OPTION SALES AND USE TAXES

Tangible personal property subject to North Dakota sales, use, or gross receipts tax also is subject to local sales, use, or gross receipts tax if the property is delivered, stored, used, or consumed within a city or county that imposes a local tax. The Office of State Tax Commissioner administers the local option taxes. For additional information regarding the collection and remittance of city and county taxes, please refer to the *Local Option Taxes By Location Guideline* available on our web site at www.nd.gov/tax.

The cities of Bisbee, Cando, and Scranton impose a local sales tax only; they do not impose a local use tax. Local tax in the cities of Bisbee, Cando and Scranton applies only if the seller and buyer are located within the city limits of these cities.

MAXIMUM LOCAL OPTION SALES AND USE TAXES

Local sales tax is due on the entire selling price; however retailers have the option to charge up to the maximum tax. If a customer is charged sales tax in excess of a local maximum tax, the customer may file an application with the Office of State Tax Commissioner to receive a refund of the tax paid in excess of the maximum local tax due. ***Please note:*** Because use tax is paid by the purchaser, only the maximum use tax should be paid when the One Time Remittance Form is submitted.

The following sales and use tax and cap information is current as of January 1, 2016. If the transaction occurred prior to January 1, 2016, the tax rate and/or cap may be different. You may refer to the Local Option Taxes by Location guideline available on our web site at www.nd.gov/tax for more information on prior rates or caps. The maximum applies to the local use tax only.
