Instructions

Form

If the name and address imprinted on the form is incorrect, make the appropriate corrections. If the social security or federal employer identification number is incorrect, enter the correct number in the space provided for that number. If your form does not have a name and address imprinted on it, enter your social security or federal employer identification number, name, and address in the appropriate spaces. **Complete the form in its entirety and be sure to sign and date it.** The claimant is directly responsible for the accuracy of the information. **Fuel dealers are prohibited by law from preparing refund claims for consumers.**

Agricultural Purpose Defined

Agricultural purpose means the science, art, and business of farming. It includes raising crops, ranching, beekeeping, tree nurseries, agricultural units of colleges and universities, custom combining, manure spreading, and stack moving operations. Fuel used for an agricultural purpose includes fuel used in a vehicle, engine, or machine, movable or immovable, operated in whole or in part by internal combustion. **It does not include fuel used to operate a motor vehicle required to be licensed.**

Licensed Motor Vehicle Defined

Licensed motor vehicle means any motor vehicle required to be licensed to travel any distance upon public roads or highways, but does not include a vehicle with a permanently mounted manure spreader or stack moving unit.

A motor vehicle that operates on any public road or highway is required to be licensed. Failure to license a vehicle does not make it eligible for a refund

Invoices or Sales Tickets

Invoices, sales tickets, or certified listings which do not contain the required information will not be accepted, and the entire claim may be denied.

The law requires that invoices or sales tickets, or certified listings, detailing fuel purchases be submitted with claims for tax refunds. The information on these documents must be entered by the seller of the fuel. The law specifies that each invoice or sales ticket must include:

- The seller's name and address;
- The date the fuel was purchased;
- The type of product;
- The number of gallons of motor vehicle fuel purchased;
- The name of the claimant.

In addition, there should be a document number on the invoice or sales ticket.

The invoices or sales tickets must be those received from the seller. If the invoices or sales tickets are lost, the claimant may substitute duplicates plus a separate affidavit on forms prescribed by the Tax Commissioner.

If there are 50 or more invoices or sales tickets, those documents must be organized in date order and grouped by month with summarized totals.

Certified Histories – An Alternative to Invoices or Sales Tickets

A claimant may submit certified histories detailing the required information. ***Certified histories must be prepared by the seller of the fuel.*** The histories must detail each purchase of fuel on which a refund is claimed. The history must include a certification statement verifying that the information is a true and correct record of sales to the specific consumer and that original documentation is available for audit purposes.

Equipment Schedule Instructions

The R11 Agricultural Equipment Schedule is required to verify the eligibility of gasoline gallons used. On the schedule, briefly describe the size of your farming/ranching operation, for example, acres farmed, hayed or grazed; number of cattle. Reasonable estimates accepted for hours of operation and amount of fuel consumed.

A listing of all qualified equipment that consumed the gasoline being reported in this claim should be supplied with the following information:

- Type of Gas Equipment - for example, tractor, swather, ATV
- Brand/Manufacturer - Ford, International
- Model Numbers
- Hours the machine was operated, or miles driven during the year
- Amount of fuel consumed during the year
- Brief description of how gas equipment was used - for example, haying, feeding cows

YOUR REFUND WILL NOT BE PROCESSED UNLESS THIS SCHEDULE IS FULLY COMPLETED.

Audits

Tax refund claims are subject to audit by the Tax Commissioner.

An audit may be conducted any time within three years after the due date of the claim or within three years after the claim was filed, whichever occurs later. When a claim is selected for audit, the claimant is expected to provide any additional information required by the Tax Commissioner as verification that the claim was true and correct.

Instructions for Lines 1 – 4

Line 1: Enter the total gallons of gasoline/gasohol purchased during calendar year.

Line 2: Enter the number of gallons reported on line 1 that were used in licensed vehicles.

Line 3: Subtract line 2 from line 1 to compute the net gallons on which the refund claim is based. ***(Must equal total qualified gallons from equipment schedule).***

Line 4: Multiply \$.23 times the gallons on line 3 to compute the tax paid on the net gallons subject to refund.

If You Need Assistance

If there are questions concerning the claim or the invoices, please contact the Motor Fuel Tax Section at 701.328.3657 or fueltax@nd.gov.
