

Good for You and Good for Your Community

The Office of State Treasurer is proud to be working with financial institutions across the state - investing North Dakota dollars in North Dakota. When deposit dollars are placed in cities throughout the state, those dollars go to work quickly, often in new loans that foster local growth. Economists tell us, "Every dollar turns over five times or more, so \$100,000 can quickly become \$500,000 in your community."
