Transportation grant is defined as the reimbursement of mileage, lodging and meals related to specialized medical appointments and/or treatments not reimbursed by the U.S. Department of Veterans Affairs.

This does not cover routine visits or Community Based Outpatient Clinics (CBOC) appointments.

If it is necessary for the applicant to have an escort for travelling purposes, meals and lodging can be reimbursed provided receipts are submitted and the Commissioner has given prior approval.

Mileage, meals, and lodging are reimbursed at North Dakota GSA rates.
