INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners
Pembina County
Cavalier, North Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Pembina County, Cavalier, North Dakota, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Pembina County, Cavalier, North Dakota, as of December 31, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note 22 to the financial statements, the financial statements have been restated to correct misstatements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the *management's discussion and analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the *budgetary comparison information* on pages 26-30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Pembina County's basic financial statements. The *schedule of fund activity arising from cash transactions and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The *schedule of fund activity arising from cash transactions and schedule of expenditures of federal awards* is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, *the schedule of fund activity arising from cash transactions and the schedule of expenditures of federal awards* are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 30, 2014 on our consideration of Pembina County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Pembina County's internal control over financial reporting and compliance.

RECONCILIATION OF GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
December 31, 2013

Total *Fund Balances* of Governmental Funds \$ 5,298,081

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.

Cost of Capital Assets	\$ 59,590,563	
Less Accumulated Depreciation	<u>(55,342,937)</u>	
Net Capital Assets		4,247,626

Property taxes and road dept. receivables will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred revenues in the funds.

Property Taxes Receivable	\$ 76,755	
Road Department Accounts Receivable	<u>37,628</u>	114,383

Long-term liabilities applicable to the county's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities-both current and long-term- are reported in the statement of net position. Balances at December 31, 2013 are:

Lines of Credit Payable	\$ (105,000)	
Compensated Absences Payable	<u>(133,270)</u>	
Total Long-Term Liabilities		<u>(238,270)</u>

Net Position of Governmental Activities		<u><u>\$ 9,421,820</u></u>

RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2013

Net Change in *Fund Balances* - Total Governmental Funds \$ 191,315

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation and losses exceeded capital outlays in the current year.

Current Year Capital Outlay	\$ 240,492	
Current Year Depreciation Expense	<u>(289,809)</u>	(49,317)

In the Statement of Activities, the loss or gain on sale or disposal of capital assets is recognized. The fund financial statements recognize only the proceeds from these sales.

Loss on Disposals of Capital Assets		(4,101)
-------------------------------------	--	---------

The issuance of debt decreases long-term liabilities, while the repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which debt payments exceeded debt proceeds.

Issuance of Debt - Loan	\$ (105,000)	
Repayment of Debt	<u>90,000</u>	(15,000)

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. This consists of a net decrease in compensated absences. (28,755)

Some revenues reported on the statement of activities are not reported as revenues in the governmental funds since they do not represent available resources to pay current expenditures. This consists of the following:

Change in Taxes Receivable	\$ (3,390)	
Change in Road Accounts Receivable	<u>(18,013)</u>	<u>(21,403)</u>

Change in Net Position of Governmental Activities		<u>\$ 72,739</u>

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Pembina County have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the county's accounting policies are described below.

A. Reporting Entity

The accompanying financial statements present the activities of Pembina County. The county has considered all potential component units for which the county is financially accountable and other organizations for which the nature and significance of their relationships with the county such that exclusion would cause the county's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. This criteria includes appointing a voting majority of an organization's governing body and (1) the ability of Pembina County to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on Pembina County.

Based on these criteria, there are two discretely presented component units to be included within Pembina County as a reporting entity.

COMPONENT UNITS

In conformity with accounting principles generally accepted in the United States of America, the financial statements of the component units have been included in the financial reporting entity as discretely presented component units.

Discretely Presented Component Units: The component unit columns in the basic financial statements include the financial data of the county's two component units. These units are reported in separate columns to emphasize that they are legally separate from the county.

Pembina County Job Development Authority - The County's governing board appoints a voting majority of the members of the Pembina County Job Development Authority. The county has the authority to approve or modify the Job Development Authority's operational and capital budgets. The county's governing board must approve the tax levy established by the Job Development Authority. The Job Development Authority has the authority to issue bonded debt.

Pembina County Water Resource District - The County's governing board appoints a voting majority of the members of the Pembina County Water Resource District Board. The county has the authority to approve or modify the Water Resource District operational and capital budgets. The county also must approve the tax levy established by the Water Resource District.

Component Unit Financial Statements: The financial statements of the discretely presented component units are presented in the County's basic financial statements. Complete financial statements of the component units can be obtained from the Pembina County Auditor/Treasurer, Pembina County, 301 Dakota Street West, Cavalier, North Dakota, 58220.

B. Basis of Presentation

Government-wide statements: The statement of net position and the statement of activities display information about the primary government, Pembina County and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made, when applicable, to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's and the component units governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including taxes, interest and non-restricted grants and contributions, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the county's funds including its fiduciary funds. Separate statements for each fund category-*governmental* and *fiduciary*-are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The county reports the following major governmental funds:

General Fund. This is the county's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

County Road and Bridge Fund. This fund accounts for repair and improvement of county roads and bridges that are legally restricted from taxes levied. The major sources of revenues are a restricted tax levy and State/Federal grants/reimbursements.

Highway Funds. This fund accounts for repair and improvement of highways that are legally restricted from state highway tax distribution. The major sources of revenues are a restricted tax levy and State/Federal grants/reimbursements.

Social Services Fund. This fund accounts for the costs of providing social service benefits and programs to needy residents of the county. The major sources of revenues are restricted State/Federal grants/reimbursements.

Flood Emergency Fund. This fund accounts for state and federal grants for flood disaster repairs and the related disbursements. The major primary source of revenue is restricted Federal and State grants/reimbursements for flood related repairs.

The County reports the following fund type:

Agency Funds. These funds account for assets by the County in a custodial capacity as an agent on behalf of others. The County's agency funds are used to account for property taxes collected on behalf of other governments.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide and Fiduciary Fund Financial Statements. The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. All revenues are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, and then by general revenues.

D. Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits, money market accounts and highly liquid short-term investments with original maturities of 3 months or less.

E. Capital Assets**PRIMARY GOVERNMENT:**

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

General infrastructure assets acquired prior to January 1, 2004 consisting of various road and bridge network assets are not reported in the financial statements, as the County was required to prospectively report infrastructure assets beginning January 1, 2004 as a Phase III GASB 34 implementation entity. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Interest incurred during the construction phase of capital assets is not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

DISCRETELY PRESENTED COMPONENT UNIT:Pembina County Water Resource District:

Capital assets of the Pembina County Water Resource District, a discretely presented component unit of Pembina County, include equipment and infrastructure. Assets are reported in a discretely presented component unit column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

General infrastructure assets acquired prior to January 1, 2004 consisting of various drain and dam projects are not reported in the financial statements, as the District was required to prospectively report infrastructure assets beginning January 1, 2004 as a Phase III GASB 34 implementation entity. The District reported various infrastructure projects in progress at December 31, 2004 as construction in progress.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	20
Equipment	5 - 7

F. Compensated Absences

Vacation leave is earned at the rate of one to two days per month depending on years of service. Employees are allowed to accrue a maximum of 30 days of vacation. Upon termination of employment, employees will be paid for vacation benefits that have accrued through the last day of the week. Sick leave benefits are earned at the rate of one day per month regardless of the years of service. An unlimited number of sick leave hours may be carried over. Employees that reach the Rule of 85 are paid accumulated sick leave, but terminated employees are not paid for accumulated sick leave. A liability for the vested portion of compensated absences for governmental funds is reported in the government-wide statement of net position.

Years of Service	Hours per Month
1 through 3 years	8
4 through 7 years	10
8 through 12 years	12
13 through 18 years	14
19 years and above	16

G. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position for the primary government and the Pembina County Water Resource District, a discretely presented component unit. Bond premiums, discounts and issuance costs, when applicable, are recognized in the current period since the amounts are not material.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

H. Fund Balances / Net Position

Prior to GASB Statement No. 54, in the fund financial statements, the governmental funds reported reservations of fund balances for amounts that were not available for appropriation or were legally restricted by outside parties for use for a specific purpose. Designations of fund balances represented tentative management plans that were subject to change. GASB Statement No. 54 established new fund balance classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints (restrictions or limitations) imposed upon the use of the resources reported in governmental funds.

Fund Balance Spending Policy:

It is the policy of Pembina County to spend restricted resources first, followed by unrestricted resources. It is also the policy of the Board to spend unrestricted resources of funds in the following order: committed, assigned and then unassigned.

Major Special Revenue Fund Purposes & Revenue Sources:

Purposes and major revenue sources of the major special revenue funds (highway funds, farm to market, social services, social services levy, and flood emergency fund) are disclosed in more detail in Note 1B.

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories listed on the next page.

CLASSIFICATION	DEFINITION	EXAMPLES
Nonspendable	Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.	Inventories, prepaid amounts (expenses), long-term receivables, endowment funds.
Restricted	Fund balance is reported as restricted when constraints are placed on the use of resources that are either (a) Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments. (b) Imposed by law through constitutional provisions or enabling legislation.	Funds restricted by State Statute, unspent bond proceeds, grants earned but not spent, debt covenants, taxes raised for a specific purpose.
Committed	A committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the governing board. Formal action is required to be taken to establish, modify or rescind a fund balance commitment.	By board action, construction, claims and judgments, retirements of loans and notes payable, capital expenditures and self-insurance.

PEMBINA COUNTY

Notes to the Financial Statements – Continued

CLASSIFICATION	DEFINITION	EXAMPLES
Assigned	Assigned fund balances are amounts that are constrained by the government's intent to be used for specific purposes, but are under the direction of the board and the business manager.	By board action, construction, claims and judgments, retirements of loans and notes payable, capital expenditures and self-insurance.
Unassigned	Unassigned fund balance is the lowest classification for the General Fund. This is fund balance that has not been reported in any other classification. (a) The General Fund is the only fund that can report a positive unassigned fund balance. (b) A negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.	Available for any remaining general fund expenditure.

Pembina County only has restricted and unassigned fund balances at December 31, 2013.

Restricted Fund Balances – consist of the following items at December 31, 2013:

Restricted fund balances are shown by primary function on the balance sheet for public safety, highways & bridges, social services and health & welfare, conservation of natural resources, emergencies, and general government and other purposes (reported in the other governmental funds). Restricted fund balances are restricted by enabling legislation (primarily state law for tax levies) and by outside 3rd parties (State & Federal governments for various grants & reimbursements).

Special Revenue Funds – Restricted & Committed Fund Balances:

- (a) Restricted by specified tax levies and/or restricted Federal & State grants/reimbursements:
- Restricted tax levies – includes fund balances for various tax levies other than the general fund.
 - Restricted grants/reimbursements – primarily includes FEMA funds, other grant funds, and highway tax distribution.

Net Position:

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Net investment in capital assets is reported for capital assets less accumulated depreciation, and less any related debt to purchase/finance the construction of those capital assets. These assets are not available for future spending.

Restrictions of net position shown in the statement of net position are due to restricted tax levies and restricted Federal & State grants/reimbursements.

Restrictions of net position in the statement of net position is shown by primary function and are restricted for debt service, public safety, highways & bridges, health & welfare, culture & recreation, conservation of natural resources, emergencies, economic development, loans, and other general government purposes (health insurance, insurance reserve, veteran's service officer, and social security).

Unrestricted net position is primarily unrestricted amounts related to the general fund, as well as amounts shown for negative funds (sheriff's grants and state reimbursements). The unrestricted net position is available to meet the district's ongoing obligations.

I. Interfund Transactions

In the governmental fund statements, transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

PEMBINA COUNTY

Notes to the Financial Statements – Continued

All other interfund transactions, except reimbursements, are reported as transfers.

In the government-wide financial statements, interfund transactions have been eliminated.

NOTE 3: DEPOSITS

In accordance with North Dakota Statutes, Pembina County maintains deposits at the depository banks designated by the governing board. All depositories are members of the Federal Reserve System.

Deposits must either be deposited with the Bank of North Dakota or in other financial institution situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes bills, notes, or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, Federal land bank bonds, bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investment companies registered under the Investment Companies Act of 1940, and all other forms of securities issued by the State of North Dakota, its boards, agencies or instrumentalities or by any county, city, township, school district, park district, or other political subdivision of the state of North Dakota. Whether payable from special revenues or supported by the full faith and credit of the issuing body and bonds issued by any other state of the United States or such other securities approved by the banking board.

PEMBINA COUNTY

Notes to the Financial Statements – Continued

At year ended December 31, 2013, the county's carrying amount of deposits was \$7,856,040 and the bank balances totaled \$8,130,648. Of the bank balances, \$1,470,584 was deposited at the Bank of North Dakota and \$1,500,000 was covered by Federal Depository Insurance. The remaining bank balances totaling \$5,160,064 were collateralized with securities held by the pledging financial institution's agent in the government's name. At year ended December 31, 2013, the water resource district's carrying amount of deposits was \$414,982 and the bank balances totaled \$416,219. Of the bank balances, \$273,108 was covered by Federal Depository Insurance. The remaining bank balances totaling \$143,111 were collateralized with securities held by the pledging financial institution's agent in the government's name.

Credit Risk:

The county may invest idle funds as authorized in North Dakota Statutes, as follows:

- (a) Bonds, treasury bills and notes, or other securities that are a direct obligation insured or guaranteed by, the treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of congress.
- (b) Securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are the type listed above.
- (c) Certificates of Deposit fully insured by the federal deposit insurance corporation.
- (d) Obligations of the state.

As of December 31, 2013, the county had certificates of deposit totaling \$1,065,000, all of which were considered deposits.

Concentration of Credit Risk:

The county does not have a limit on the amount it may invest in any one issuer.

NOTE 4: TAXES RECEIVABLE

The taxes receivable represents the past three years of delinquent uncollected taxes. No allowance has been established for uncollectible taxes receivable because any defaults will be covered by enforcement of the liens.

The county treasurer acts as an agent to collect property taxes levied in the county for all taxing authorities. Any material collections are distributed after the end of the month.

Property taxes are levied as of January 1. The property taxes attach as an enforceable lien on property on January 1. The tax levy may be paid in two installments: the first installment includes one-half of the real estate taxes and all the special assessments; the second installment is the balance of the real estate taxes. The first installment is due by March 1 and the second installment is due by October 15. A 5% discount is allowed if all taxes and special assessments are paid by February 15. After the due dates, the bill becomes delinquent and penalties are assessed.

Most property owners choose to pay property taxes on or before February 15 and receive the 5% discount on the property taxes.

NOTE 5: DUE TO / FROM OTHER FUNDS

The due to other funds reported in the other governmental funds represent the amount of negative cash at year-end that was covered by the general fund (\$115,918) in the social service fund (\$41,825), WIC fund (\$3,495), veteran's service fund (\$7,856), correctional center fund (\$51,431), and homeland security fund (\$11,311).

NOTE 16: CONDUIT DEBT

From time to time, the county has issued Community Development Block Grant Loans to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The loans and bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the loans and bonds, ownership of the acquired facilities transfers to the private-sector entity served by the loan issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the loans. Accordingly, the loans are not reported as liabilities in the accompanying financial statements.

As of December 31, 2013, there is one Community Development Block Grant Loan outstanding (Dakota Valley Growers), with a principal amount payable of \$89,869.

NOTE 18: PENSION PLAN

Pembina County contributes to the North Dakota Public Employee's Retirement System (NDPERS), a cost-sharing multiple-employer defined benefit plan administered by the State of North Dakota. NDPERS provides for retirement, disability and survivor benefits to plan members and beneficiaries. Benefits and contributions provisions are administered in accordance with chapter 54-52 of the North Dakota Century Code. NDPERS issues a publicly available financial report that includes financial statements and required supplementary information for NDPERS. That report may be obtained by writing to NDPERS, 400 E. Broadway, Suite 505, PO Box 1214, Bismarck, North Dakota, 58502-1214.

Plan members are required to contribute 7% of their annual salary and the county is required to contribute 8.26% of the employee's salary, which consists of 6.12% for employee retirement and 1.14% for retiree health benefits fund. Of the 15.26% of total contributions, the county contributes 13.26%, while employees contribute 2% of the member assessments. The contributions requirements of the plan members and the county are established and may be amended by the State legislature. The county's contributions to NDPERS for the years ended December 31, 2013, 2012 and 2011 were \$300,448, \$197,859, and \$187,880, respectively, which consisted of the employer and employee shares for each year.

NOTE 19: RISK MANAGEMENT

Pembina County is exposed to various risks of loss relating to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986, state agencies and political subdivisions of the state of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. Pembina County pays an annual premium to NDIRF for its general liability, automobile, and inland marine insurance coverage. The coverage by NDIRF is limited to losses of two million dollars per occurrence for general liability and automobile and \$1,814,051 for public assets (mobile equipment and portable property).

Pembina County also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. Pembina County pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado Fund is reinsured by a third party insurance carrier for losses in excess of two million dollars per occurrence during a 12-month period. The State Bonding Fund currently provides Pembina County with blanket fidelity bond coverage in the amount of \$2,000,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

Pembina County has workers compensation with the Workforce, Safety and Insurance. The water resource district purchases commercial insurance for employee health and accident insurance.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

NOTE 20: JOINT VENTURES

Under authorization of state statutes, the Pembina County Water Resource District joined the Maple River Water Resource District, Rush River Water Resource District, Southeast Cass Water Resource District, North Cass Water Resource District, and the water resource districts of Pembina County, Traill County, Grand Forks County, Steele County, Walsh County, Nelson County, Ransom County, and Sargent County to establish and operate a joint exercise of powers agreement for water management districts located within the Red River Valley, known as the Red River Valley Joint Water Resource Board, the agreement was established for the mutual advantage of the governments. Each government appoints one member of the board of directors for the joint venture. The operating and capital expenses are funded by contributions from each government. Each government's share of assets, liabilities, and fund equity cannot be determined as no provision is made for this in the joint venture agreement and each government's contribution depends on where the Red River Joint Water Resource Board projects are being undertaken.

The following is a summary of financial information on the joint venture as of and for the year ended December 31, 2013, which is the most current audited information available.

	Red River Joint Water Resource District
Total Assets	\$6,976,146
Total Liabilities	177,049
Total Net Position	\$6,799,097
Revenues	\$2,042,748
Expenditures	1,288,712

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
December 31, 2013

NOTE 1: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information:

- The county commission adopts an “appropriated budget” on the modified accrual basis of accounting.
- The county auditor prepares an annual budget for the general fund and each special revenue fund of the county. NDCC 11-23-02. The budget includes proposed expenditures and means of financing them.
- The county commission holds a public hearing where any taxpayer may appear and shall be heard in favor of or against any proposed disbursements or tax levies. When the hearing shall have been concluded, the board shall adopt such estimate as finally is determined upon. All taxes shall be levied in specific amounts and shall not exceed the amount specified in the published estimates. NDCC 11-23-04
- The board of county commissioners, on or before the October meeting shall determine the amount of taxes that shall be levied for county purposes and shall levy all such taxes in specific amounts. NDCC 11-23-05
- Each budget is controlled by the county auditor at the revenue and expenditure function/object level.
- The current budget, except for property taxes, may be amended during the year for any revenues and appropriations not anticipated at the time the budget was prepared. NDCC 57-15-31.1
- All appropriations lapse at year-end.

NOTE 1: BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Pembina County under programs of the federal government for the year ended December 31, 2013. The information in the schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Because the schedule presents only a selected portion of the operations of Pembina County, it is not intended to and does not present the financial position or changes in net position of Pembina County.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local and Indian Tribe Governments, wherein certain types of expenditures are allowable or are limited as to reimbursement.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditor's Report

Board of County Commissioners
Pembina County
Cavalier, North Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Pembina County, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise Pembina County's basic financial statements, and have issued our report thereon dated October 30, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Pembina County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Pembina County's internal control. Accordingly, we do not express an opinion on the effectiveness of Pembina County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

PEMBINA COUNTY

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* - Continued

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pembina County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY OMB CIRCULAR A-133

Independent Auditor's Report

Board of County Commissioners
Pembina County
Cavalier, North Dakota

Report on Compliance for Each Major Federal Programs

We have audited Pembina County's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on Pembina County's major federal program for the year ended December 31, 2013. Pembina County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Pembina County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Pembina County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Pembina County's compliance.

Opinion on Each Major Federal Program

In our opinion, Pembina County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2013.

PEMBINA COUNTY

Report on Compliance for Each Major Federal Programs; Report on Internal Control Over Compliance; and
Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133 - Continued

Report on Internal Control Over Compliance

Management of Pembina County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Pembina County's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Pembina County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weakness or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of Pembina County as of and for the years ended December 31, 2013, and have issued our report thereon dated October 30, 2014, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
