50 Best Places to Work

Organizations across Minnesota, South Dakota, and North Dakota apply for this prestigious award from Prairie Business Magazine which recognizes exceptional culture, benefits, and outreach.

Top 10 Workplace

The Bismarck-Mandan Young Professionals Network awarded us their Top 10 Workplace for Young Professionals award for two years in a row. Our office is the only government organization that received recognition in 2020 and 2021.

Government Communications

We are five-time winners of the Blue Pencil and Gold Screen Awards from the National Association of Government Communicators. In 2025, we won second place in the *Technical or Statistical Report* category. Other winners have included the National Science Foundation, the United States Department of Transportation, and the FBI.

Work with Award Winning Leadership

It's important to us that our leaders provide thoughtful encouragement through a background of skilled experience. Management on our team has been recognized by Prairie Business Magazine's distinguished 40 Under 40 award for the leadership exhibited as young professionals.

Office culture

We Celebrate Success

And holidays. We are big believers in cheering on our fellow co-workers along the way, and having fun in every season.

Dress Code

We are a business casual office. What does that look like? We usually are wearing jeans other than when we have a meeting with clients outside of our office.

Bring Your Little One

Our office allows babies up to six-months-old to come to our office with mom or dad.

We also like puppies, however at the present time we don't have a policy for them.

All Staff Meetings

Every other month we hold virtual staff meetings with all teams. Once a year we bring everyone together for an in-person staff meeting and fun team building activities.

Open Door Culture

When we say we have an open door culture, we really mean we have a no door policy. We are all about transparency and we're always here to support you and answer your questions.

Ongoing Training

We are big believers in ongoing education. We pay for subscription-based professional development, bring in national speakers, and have training opportunities like Speed of Trust and Strengths Finder.

Office life

Workspace: Everyone is assigned a workspace, feel free to decorate your desk area and make it your own. We love getting to know more about you and the family/pets/houseplants in your life!

Break Room: We have a full-size fridge/freezer for storing your lunch or any snacks for the day. Feel free to use the kitchen microwaves for your lunch as well. Also, make sure to check the kitchen counters occasionally as we've got some pretty great bakers in our office who sometimes make treats to share with the team.

Coffee: We have communal coffee pots in the office that are brewing coffee throughout the day. If you are a coffee drinker and would like to participate in the coffee fund, visit with your manager who can connect you with the office "brewmaster".

Good things to know

Location, Location, Location: At our Bismarck office, we have great walkways and paths around the Capitol Campus to get outside and enjoy the fresh air. The Fargo office has great restaurant choices nearby that make picking lunch difficult!

Office Provided Headphones: If you're in an open workspace, we cover headphones or earbuds (up to \$100) for you to use at the office.

Flexible Schedules: We get that you have a life outside of work, we want you to be able to connect with your family and do things that are important to you! Our office offers flexible schedules and has a telecommuting policy for working from home.

Transparency, inside and out

“

Sunlight is the
best disinfectant.

”

Louis Brandeis

Authentic

We share an uncommon level of information. We protect information only when it is legally required. Power is gained by sharing knowledge, not hoarding it.

Positivity

We communicate openly and honestly, while keeping a positive tone.

We also have come, fabulous bakers who like to share

Innovation

Rather than saying “I don’t know” we say “good question, let me find out for you.” We believe ideas can come from anywhere within our organization. If we make a mistake, we just look for the lesson that can be learned from it.

Thanks so much for taking the time to learn a little bit more about us!

We know that as a skilled professional, you have employment choices, and we appreciate you thinking about coming to join our team.

We've worked hard to build a strong culture of inclusion, energy, and genuine care in everything that we do. If you have any questions, give me a call or reach out to anyone on our recruiting team.
