INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Dunseith Public School District No. 1
Dunseith, North Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Dunseith Public School District No. 1, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Dunseith Public School District No. 1 as of June 30, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedule, schedule of District's contributions to the TFFR and NDPERS pension plans, schedule of District's contributions to the NDPERS OPEB plan, schedule of District's proportionate share of net pension liability, and schedule of District's proportionate share of net OPEB liability as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The roster of school officials on page 1 has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

See Notes to the Basic Financial Statements

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2019

Total net change in fund balances - Governmental Funds \$ 2,311,574

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over the useful lives as depreciation expense.

Capital Outlays	\$	129,782
Depreciation Expense		<u>(262,548)</u>

Excess of depreciation expense over capital outlay	(132,766)
--	-----------

Some revenues will not be collected for several months after the District's fiscal year end. These revenues are considered "available" revenues in the government funds. These revenues consist of:

Net change in unavailable property taxes	(4,575)
--	---------

Repayment of long-term debt is reported as an expenditure in governmental funds. However, the repayment reduces long-term liabilities in the statement of net position.	82,241
---	--------

Some items reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These items consisted of the (increase)/decrease in:	
Compensated Absences	(13,867)

Changes in deferred outflows and inflows of resources related to net pension liability	(456,529)
--	-----------

Change in net pension liability	(157,752)
---------------------------------	-----------

Change in net OPEB liability	(3,198)
------------------------------	---------

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	
	<u>1,019</u>

Change in net position - Governmental Activities	<u>\$ 1,626,147</u>

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE 1 DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Dunseith Public School District operates the public schools in the City of Dunseith, North Dakota. There is one elementary school and one junior/senior high school.

Reporting Entity - Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of an organization's governing body and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources. Component units may also include organizations that are fiscally dependent on the District. Fiscal dependence can include the District's approval of the budget, issuance of debt, and/or levying of taxes for the organization. The school district has the following component unit as defined in GASB Statement No. 61 which should be included in the reporting entity.

Dunseith Public School Building Authority – The Building Authority was created by the school board as a legally separate entity. Its purpose is to promote the educational system of the District by providing financing for use by the school in altering, repairing, maintaining or constructing buildings and making improvements connected to school buildings. The school board is the governing board of the building authority.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing governmental accounting and financial reporting principles. The District's significant accounting policies are described below.

Basis of Presentation

The District's basic financial statements consist of government-wide statements and fund financial statements.

Government-Wide Financial Statements:

The government-wide financial statements consist of a statement of net position and a statement of activities. These statements display information about the District as a whole.

The statement of net position presents the financial condition of the governmental activities of the District at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. The statement identifies the extent to which each governmental function is self-financing or drawing from the general revenues of the District. Direct expenses are expenses that are specifically associated with a service, program or department. The direct expenses are clearly identifiable to a particular function. Program revenues include charges to recipients for goods or services offered by the program and grants and contributions that are restricted to meet the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the District.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

The Government-wide financial statements do not include fiduciary funds of component units that are fiduciary in nature.

Fund Financial Statements:

In order to aid financial management and to demonstrate legal compliance, the District segregates transactions related to certain functions or activities in separate funds. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The focus of the governmental fund financial statements is on major funds. Each major fund is presented as a separate column in the fund financial statements. Non-major funds are aggregated and presented in a single column. The fiduciary fund is reported by type.

Fund Accounting

The District's funds consist of the following:

Governmental Funds:

Governmental funds are utilized to account for most of the District's governmental functions. The reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which the obligation will be paid. Fund balance represents the difference between the governmental fund assets and liabilities. The District's major governmental funds are as follows:

General Fund:

This fund is the general operating fund of the District. It accounts for all financial resources except those requiring to be accounted for in another fund.

Food Service Fund:

This fund is used to record financial transactions related to food service operations. This fund is financed by user charges and grants.

Special Reserve Fund:

A fund established to hold reserve funds.

Building Fund:

The Building Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for acquiring school sites, constructing and equipping new school facilities and renovating existing facilities. The special assessment fund is included in this category.

The District does not have any non-major governmental funds.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Fiduciary Funds:

The District's only fiduciary fund is an agency fund. The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations. The District's agency fund consists of the following:

Student Activity Fund:

The fund accounts for the financial transactions related to the District's student activity programs.

Measurement Focus and Basis of Accounting

Measurement Focus:

Government-wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred inflows and outflows of resources, and liabilities associated with the operation of the District are included in the statement of net position.

Fund Financial Statements:

The governmental funds are accounted for by using a flow of current financial resources measurement focus. Under this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources and uses of current financial resources.

The current financial resources measurement focus differs from the manner which the governmental activities of the government-wide financial statements are prepared. Due to the difference, the District's financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for government funds.

Basis of Accounting:

The basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Government-wide financial statements are prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The District's governmental funds use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of its fiscal year. Expenditures are generally recorded as the related fund liability is incurred.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Expenses and Expenditures:

Governmental funds accounting measurement focus is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recorded in the fiscal year in which the related fund liability is incurred. Under the accrual basis of accounting, expenses are recorded when incurred.

Budgets and Budgetary Accounting:

The District's Board follows the procedures established by North Dakota law for the budgetary process. The governing body of each School District, annually on or before the last day of July must levy taxes. The governing body of the School District may amend its tax levy and budget for the current fiscal year on or before the tenth day of October of each year. Taxes for School District purposes must be based upon an itemized budget statement which must show the complete expenditure by program of the District for the current fiscal year and the sources of the revenue from which it is to be financed. The School Board, in levying taxes, is limited by the amount necessary to be raised for the purpose of meeting the appropriations included in the school budget of the current fiscal year, and the sum necessary to be provided as an interim fund, together with a tax sufficient in amount to pay the interest on the bonded debt of the District and to provide a sinking fund to pay and discharge the principal thereon at maturity.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The administration prepares the District's budget. The budget includes proposed expenditures and the means of financing them. The budget is prepared on the modified accrual basis of accounting.
2. The Board reviews the budget, may make revisions, and adopts the final budget at the September board meeting to ensure it is adopted before the fifteenth of October each year. The budget is then filed with the county auditor by October tenth of each year.
3. The budget may be amended during the year for any revenues and appropriations not anticipated at the time the budget was prepared, except no amendment changing the taxes levied can be made after October fifteenth of each year. The budget amounts shown in the financial statements are the final authorized amounts.
4. All appropriations lapse at the close of the District's fiscal year. The balance of the appropriation reverts back to each respective fund and is available for future appropriation.

The General fund expenditures were \$467,462 over budget at June 30, 2019.

Cash and Cash Equivalents:

The District considers highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Investments:

Investments are recorded at market value. North Dakota State Statute authorizes school districts to invest their surplus funds in: a) Bonds, treasury bills and notes, or other securities that are a direct obligation of, or an obligation insured or guaranteed by, the Treasury of the United States, or its agencies, instrumentality's, or organizations created by an act of Congress, b) Securities sold under agreements to repurchase, written by a financial institution in which the underlying securities for the agreement to repurchase are of the type listed above, c) Certificates of Deposit fully insured by the Federal Deposit Insurance Corporation of the state, d) Obligations of the state.

Fair Value Measurements:

The Organization accounts for all assets and liabilities that are being measured and reported on a fair value basis in accordance with GAAP. GAAP defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements. When fair value measurements are required, various data is used in determining those values. This statement requires that assets and liabilities that are carried at fair value must be classified and disclosed in the following levels based on the nature of the data used.

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

Capital Assets:

General capital assets result from expenditures in the governmental funds. These assets are reported in the governmental activities' column of the government-wide statement of net position but are not reported as assets in the fund financial statements. All capital assets are recorded at cost (or estimated historical cost). The assets are updated for additions and retirements during the District's fiscal year. The District has established a capitalization threshold of \$5,000. Donated fixed assets are recorded at acquisition value at the date received. The District does not have any infrastructure assets. Improvements that significantly extend the useful life of the asset are also capitalized.

The District's land and construction in progress costs are capitalized but are not depreciated. All the remaining capital assets are depreciated over their estimated useful lives on a straight-line basis. The District has established the following useful lives:

Buildings and Improvements	50 Years
Equipment	10 Years
Vehicles	10 Years

Compensated Absences:

Ancillary or certified staff who are 12-month employees are eligible for vacation leave. There is no maximum amount an individual can accumulate. Upon termination, all accumulative hours will be paid based on the individual's hourly rate. Ancillary staff receive \$125 a day for sick leave for any days not used after 60 days have been accumulated.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Certified staff and teachers receive \$15.63 per hour for sick leave for any of the days not used after they have accumulated 50 days. Upon termination, all accumulative days will be paid. Personal leave is on a “use it or lose it basis” and no personal leave is allowed to be carried over into the next year. Ancillary staff receive \$125 day for personal leave not used at the end of the school year. Certified staff and teachers receive \$15.63 for personal leave not used at the end of the school year.

Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities and long-term obligations are reported in the District’s government-wide financial statements. The District’s governmental fund financials report only those obligations that will be paid from current financial resources. The debt proceeds are reported as other financing sources and payment of principal and interest as expenditures.

Pensions:

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the North Dakota Teacher’s Fund for Retirement (TFFR) and additions to/deductions from TFFR’s fiduciary net position have been determined on the same basis as they are reported by TFFR. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB):

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the North Dakota Public Employees Retirement System (NDPERS) and additions to/deductions from NDPERS’ fiduciary net position have been determined on the same basis as they are reported by NDPERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Fund Balance Classifications:

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Committed – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the school board—the District’s highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the school board removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – This classification reflects the amounts constrained by the District’s “intent” to be used for specific purposes, but are neither restricted nor committed. The school board has not granted any official the right to assign amounts to a specific purpose. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as non-spendable and are neither restricted nor committed.

Unassigned – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, the District’s preference is to first use restricted resources, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

Fund Balance Policy:

The school district’s policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries. First nonspendable amounts are determined. Then restricted balances for specific purposes are determined. Then any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balances if the fund is in a deficit.

Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resource (expense/expenditure) until then. The District has two items reported on the statement of net position as *cost sharing defined benefit pension plan* and *cost sharing defined benefit OPEB plan*, which represents actuarial differences within the NDPERS and TFFR pension and NDPERS OPEB plans as well as amounts paid to the plans after the measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The District has two types of items, one which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue – delinquent taxes*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source, property taxes. These amounts are deferred and

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

recognized as an inflow of resources in the period that the amounts become available. The District also has two items reported on the statement of net position as *cost sharing defined benefit pension plan* and *cost sharing defined benefit OPEB plan*, which represents the actuarial differences within the NDPERS and TFFR pension plans and NDPERS OPEB plan.

Net Position:

Net position represents the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources in the District's financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any long-term debt attributable to the acquisition, construction, or improvement of those assets. Restricted Net Position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Unrestricted Net Position is the net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Inter-fund Activity:

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as inter-fund transfers. Inter-fund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. Inter-fund activities within the District's governmental activities and its business-type activities, is eliminated in the statement of activities.

Extraordinary and Special Items:

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the School Board and are either unusual in nature or infrequent in occurrence.

Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Revenue Recognition - Property Taxes:

Taxes receivable consist of current and delinquent uncollected taxes at June 30, 2019.

Property taxes attach as an enforceable lien on property January 1. The tax levy may be paid in two installments. The first installment includes one-half of the real estate taxes and all the special assessments; the second installment is the balance of the real estate taxes. The first installment is due by March 1 and the second installment is due by October 15. A 5% discount is allowed if all taxes and special assessments are paid by February 15. After the due dates, the bill becomes delinquent and penalties are assessed.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Property tax revenue in the governmental funds is recognized in compliance with National Council of Government Accounting (NCGA) Interpretation 3, *Revenue Recognition - Property Taxes*. This interpretation states that property tax revenue is recorded when it becomes available. Available means when due, or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Such time thereafter shall not exceed 60 days. Property tax revenue is recorded as revenue in the year the tax is levied in the government-wide financial statements. Property taxes are limited by state laws. All School District tax levies are in compliance with state laws.

Significant Group Concentrations of Credit Risk:

As of June 30, 2019, the District's receivables consist of amounts due from other governmental units within the State of North Dakota.

NOTE 3 CASH AND INVESTMENTS

Custodial Credit Risk – Deposits

In accordance with North Dakota laws, the District maintains deposits at a depository authorized by the School Board. The depository is a member of the Federal Reserve System.

North Dakota laws require that all public deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal at least 110 percent of the deposits not covered by insurance or bonds. Authorized collateral includes the legal investments described below, as well as certain first mortgage notes, and certain other state or local government obligations. North Dakota laws require that securities pledged as collateral be held in safekeeping by the District treasurer or in a financial institution other than that furnishing the collateral.

At June 30, 2019, the carrying amount of the District's deposits was \$3,468,175 and the bank balance was \$3,735,846. The entire bank balance was covered by Federal Depository Insurance or by collateral held by the District's Agent in the District's name in amounts sufficient to meet North Dakota legal requirements.

Interest Rate Risk

In accordance with its formal investment policy, the District invests its operating funds primarily in short term certificates of deposit and limits maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Credit Risk

The District places no limit on the amount the District may invest in any one issuer.

Custodial Credit Risk - Investments

The investments are not subject to the credit risk classifications as noted in paragraph 9 of GASB Statement 40.

NOTE 4 CAPITAL ASSETS

The following is a summary of changes in general fixed assets account group during the year:

	Balance 7/1/2018	Additions	Disposals	Balance 6/30/2019
Governmental Activities:				
Capital Assets Being Depreciated				
Land Improvements	\$ 7,000	\$ -	\$ -	\$ 7,000
Buildings	8,302,356	85,285	-	8,387,641
Equipment	444,581	12,109	-	456,690
Vehicles	975,278	32,388	15,050	992,616
Total	<u>9,729,215</u>	<u>129,782</u>	<u>15,050</u>	<u>9,843,947</u>
Less Accumulated Depreciation				
Land Improvements	12	140	-	152
Buildings	4,051,985	156,205	-	4,208,190
Equipment	244,941	39,544	-	284,485
Vehicles	577,894	66,659	15,050	629,503
Total	<u>4,874,832</u>	<u>262,548</u>	<u>15,050</u>	<u>5,122,330</u>
Net Capital Assets Being Depreciated	<u>4,854,383</u>	<u>(132,766)</u>	<u>-</u>	<u>4,721,617</u>
Net Capital Assets for Governmental Activities	<u>\$ 4,854,383</u>	<u>\$ (132,766)</u>	<u>\$ -</u>	<u>\$ 4,721,617</u>

In the governmental activities section of the statement of activities, depreciation expense was charged and capital outlay related to additions to the following governmental functions:

	Additions	Depreciation
Elementary and Secondary Regular Instruction	\$ 85,285	\$ 188,231
Extra Curricular	12,109	7,658
Transportation	32,388	66,659
Total	<u>\$ 129,782</u>	<u>\$ 262,548</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

NOTE 5 LONG-TERM DEBT

The long-term debt obligations outstanding at year-end and changes in long-term debt are summarized as follows:

Summary of Long-Term Debt

	Balance 7/1/2018	Additions	Retirements	Balance 6/30/2019	Due in One Year
Series 2012 Bonds	\$ 915,000	\$ -	\$ (50,000)	\$ 865,000	\$ 50,000
Starion Bus Loan - 2018	135,460	-	(32,241)	103,219	33,321
Compensated Absences	281,700	13,867	-	295,567	-
Net Pension Liability	9,043,491	2,902,531	(2,744,779)	9,201,243	-
Net OPEB Liability	117,500	36,620	(33,422)	120,698	-
Total	\$ 10,493,151	\$ 2,953,018	\$ (2,860,442)	\$ 10,585,727	\$ 83,321

Interest expense was \$18,857 for the year ended June 30, 2019.

Compensated absences, notes payable and net pension liabilities are generally liquidated by the District's general fund.

Impact Aid Certificates of Indebtedness, Series 2012

\$1,145,000 Impact Aid Certificates of Indebtedness, Series 2012 are due in annual installments of \$30,000 to \$75,000 plus interest through August 1, 2032; interest is .75% to 2.25%.

Annual debt service requirements to maturity for the note are as follows:

Impact Aid Certificate of Indebtedness, Series 2012			
Year	Principal	Interest	Total
2020	\$ 50,000	\$ 14,838	\$ 64,838
2021	55,000	14,313	69,313
2022	55,000	13,763	68,763
2023	55,000	13,075	68,075
2024	55,000	12,250	67,250
2025-2029	245,000	39,502	284,502
2030-2033	350,000	19,795	369,795
Total	\$ 865,000	\$ 127,536	\$ 992,536

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Capital Lease

Starion Bus Loan – 2018 is due in annual installments of \$36,779 through October 15, 2021; interest is 3.350%.

Annual debt service requirements to maturity for the note are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 33,321	\$ 3,458	\$ 36,779
2021	34,437	2,342	36,779
2022	35,461	1,188	36,649
Total	<u>\$ 103,219</u>	<u>\$ 6,987</u>	<u>\$ 110,207</u>

NOTE 6 FUND BALANCES

A. CLASSIFICATIONS

At June 30, 2019, a summary of the governmental fund balance classifications are as follows:

	<u>General Fund</u>	<u>Food Service Fund</u>	<u>Special Reserve Fund</u>	<u>Building Fund</u>	<u>Total</u>
Restricted for:					
Special Reserve	\$ -	\$ -	\$ 50,769	\$ -	\$ 50,769
Capital Projects	-	-	-	455,706	455,706
Unassigned	3,328,883	-	-	-	3,328,883
	<u>\$ 3,328,883</u>	<u>\$ -</u>	<u>\$ 50,769</u>	<u>\$ 455,706</u>	<u>\$ 3,835,358</u>

Restricted fund balances reflect resources restricted for statutorily defined purposes.

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATEWIDE

Substantially, all employees of the District are required by state law to belong to pension plans administered by Teacher’s Fund for Retirement (TFFR) or the North Dakota Public Employee Retirement System (NDPERS), both of which are administered on a statewide basis.

Disclosures relating to these plans follow:

North Dakota Teacher's Fund For Retirement

The following brief description of TFFR is provided for general information purposes only. Participants should refer to NDCC Chapter 15-39.1 for more complete information.

TFFR is a cost-sharing multiple-employer defined benefit pension plan covering all North Dakota public teachers and certain other teachers who meet various membership requirements. TFFR provides for pension, death and disability benefits. The cost to administer the TFFR plan is financed by investment income and contributions.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Responsibility for administration of the TFFR benefits program is assigned to a seven-member Board of Trustees (Board). The Board consists of the State Treasurer, the Superintendent of Public Instruction, and five members appointed by the Governor. The appointed members serve five-year terms which end on June 30 of alternate years. The appointed Board members must include two active teachers, one active school administrator, and two retired members. The TFFR Board submits any necessary or desirable changes in statutes relating to the administration of the fund, including benefit terms, to the Legislative Assembly for consideration. The Legislative Assembly has final authority for changes to benefit terms and contribution rates.

Pension Benefits

For purposes of determining pension benefits, members are classified within one of three categories. Tier 1 grandfathered and Tier 1 non-grandfathered members are those with service credit on file as of July 1, 2008. Tier 2 members are those newly employed and returning refunded members on or after July 1, 2008.

Tier 1 Grandfathered

A Tier 1 grandfathered member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or the sum of age and years of service credit equals or exceeds 85. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 6% per year for every year the member's retirement age is less than 65 years or the date as of which age plus service equal 85. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the three highest annual salaries earned divided by 36 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

Tier 1 Non-grandfathered

A Tier 1 non-grandfathered member is entitled to receive unreduced benefits when three or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the three highest annual salaries earned divided by 36 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Tier 2

A Tier 2 member is entitled to receive unreduced benefits when five or more years of credited service as a teacher in North Dakota have accumulated, the member is no longer employed as a teacher and the member has reached age 65, or has reached age 60 and the sum of age and years of service credit equals or exceeds 90. TFFR permits early retirement from ages 55 to 64, with benefits actuarially reduced by 8% per year from the earlier of age 60/Rule of 90 or age 65. In either case, benefits may not exceed the maximum benefits specified in Section 415 of the Internal Revenue Code.

Pension benefits paid by TFFR are determined by NDCC Section 15-39.1-10. Monthly benefits under TFFR are equal to the five highest annual salaries earned divided by 60 months and multiplied by 2.00% times the number of service credits earned. Retirees may elect payment of benefits in the form of a single life annuity, 100% or 50% joint and survivor annuity, ten or twenty-year term certain annuity, partial lump-sum option or level income with Social Security benefits. Members may also qualify for benefits calculated under other formulas.

Death and Disability Benefits

Death benefits may be paid to a member's designated beneficiary. If a member's death occurs before retirement, the benefit options available are determined by the member's vesting status prior to death. If a member's death occurs after retirement, the death benefit received by the beneficiary (if any) is based on the retirement plan the member selected at retirement.

An active member is eligible to receive disability benefits when: (a) a total disability lasting 12 months or more does not allow the continuation of teaching, (b) the member has accumulated five years of credited service in North Dakota, and (c) the Board of Trustees of TFFR has determined eligibility based upon medical evidence. The amount of the disability benefit is computed by the retirement formula in NDCC Section 15-39.1-10 without consideration of age and uses the member's actual years of credited service. There is no actuarial reduction for reason of disability retirement.

Member and Employer Contributions

Member and employer contributions paid to TFFR are set by NDCC Section 15-39.1-09. Every eligible teacher in the State of North Dakota is required to be a member of TFFR and is assessed at a rate of 11.75% of salary as defined by NDCC Section 15-39.1-04. Every governmental body employing a teacher must also pay into TFFR a sum equal to 12.75% of the teacher's salary. Member and employer contributions will be reduced to 7.75% each when the fund reaches 100% funded ratio on an actuarial basis.

A vested member who terminates covered employment may elect a refund of contributions paid plus 6% interest or defer payment until eligible for pension benefits. A non-vested member who terminates covered employment must claim a refund of contributions paid before age 70½. Refunded members forfeit all service credits under TFFR. These service credits may be repurchased upon return to covered employment under certain circumstances, as defined by the NDCC.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability of \$6,446,491 for its proportionate share of the net pension liability. The net pension liability was measured as of July 1, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Employer's proportion of the net pension liability was based on the Employer's share of covered payroll in the pension plan relative to the covered payroll of all participating TFFR employers. At July 1, 2018, the Employer's proportion was 0.483659 percent which was an increase of 0.0000946 from its proportion measured as of June 30, 2017.

For the year ended June 30, 2019, the Employer recognized pension expense of \$680,429. At June 30, 2019, the Employer reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual economic experience	\$ 17,496	\$ 175,327
Changes in actuarial assumptions	355,126	-
Difference between projected and actual investment earnings	-	22,288
Changes in proportion	529,388	-
Contributions paid to TFFR subsequent to the measurement date	426,625	-
Total	<u>\$ 1,328,635</u>	<u>\$ 197,615</u>

\$426,625 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ending June 30:</u>	<u>Pension Expense Amount</u>
2020	\$ 321,595
2021	231,479
2022	73,384
2023	46,503
2024	33,623
Thereafter	(2,189)

Actuarial Assumptions

The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increases	4.25% to 14.50%, varying by service, including inflation and productivity
Investment rate of return	7.75%, net of investment expenses
Cost-of-living adjustments	None

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

For active and inactive members, mortality rates were based on the RP-2014 Employee Mortality Table, projected generationally using Scale MP-2014. For healthy retirees, mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table set back one year, multiplied by 50% for ages under 75 and grading up to 100% by age 80, projected generationally using Scale MP-2014. For disabled retirees, mortality rates were based on the RP-2014 Disabled Mortality Table set forward four years.

The actuarial assumptions used were based on the results of an actuarial experience study dated April 30, 2015. They are the same as the assumptions used in the July 1, 2018, funding actuarial valuation for TFFR.

As a result of the April 30, 2015 actuarial experience study, the TFFR Board adopted several assumption changes, including the following:

- Investment return assumption lowered from 8% to 7.75%.
- Inflation assumption lowered from 3% to 2.75%.
- Total salary scale rates lowered by 0.25% due to lower inflation.
- Added explicit administrative expense assumption, equal to prior year administrative expense plus inflation.
- Rates of turnover and retirement were changed to better reflect anticipated future experience.
- Updated mortality assumption to the RP-2014 mortality tables with generational improvement.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equities	58.00%	6.70%
Global Fixed Income	23.00%	1.50%
Global Real Assets	18.00%	5.10%
Cash Equivalents	1.00%	0.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.75% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at rates equal to those based on the July 1, 2018, Actuarial Valuation Report. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members as of June 30,

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

2018. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2018.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% Decrease in Discount Rate 6.75%	Discount Rate 7.75%	1% Increase in Discount Rate 8.75%
School's proportionate share of the TFFR net pension liability:	\$ 8,704,629	\$ 6,446,491	\$ 4,568,423

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued TFFR financial report.

North Dakota Public Employees' Retirement System

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDCC Chapter 54-52 for more complete information.

NDPERS is a cost-sharing multiple-employer defined benefit pension plan that covers substantially all employees of the State of North Dakota, its agencies and various participating political subdivisions. NDPERS provides for pension, death and disability benefits. The cost to administer the plan is financed through the contributions and investment earnings of the plan.

Responsibility for administration of the NDPERS defined benefit pension plan is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system, and one member elected by the retired public employees and two members of the legislative assembly appointed by the chairman of the legislative management.

Pension Benefits

Benefits are set by statute. NDPERS has no provision or policies with respect to automatic and ad hoc post-retirement benefit increases. Members of the Main System are entitled to unreduced monthly pension benefits beginning when the sum of age and years of credited service equal or exceed 85 (Rule of 85), or at normal retirement age (65). The annual pension benefit is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. The plan permits early retirement at ages 55-64 with three or more years of service.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

Death and Disability Benefits

Death and disability benefits are set by statute. If an active member dies with less than three years of service for the Main System, a death benefit equal to the value of the member's accumulated contributions, plus interest, is paid to the member's beneficiary. If the member has earned more than three years of credited service for the Main System, the surviving spouse will be entitled to a single payment refund, life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit, or monthly payments in an amount equal to the member's accrued 100% Joint and Survivor retirement benefit if the member had reached normal retirement age prior to date of death. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

Eligible members who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits equal to 25% of their final average salary with a minimum benefit of \$100. To qualify under this section, the member has to become disabled during the period of eligible employment and apply for benefits within one year of termination. The definition of disabled is set by the NDPERS in the North Dakota Administrative Code.

Refunds of Member Account Balance

Upon termination, if a member of the Main System is not vested (is not 65 or does not have three years of service), they will receive the accumulated member contributions and vested employer contributions, plus interest, or may elect to receive this amount at a later date. If the member has vested, they have the option of applying for a refund or can remain as a terminated vested participant. If a member terminated and withdrew their accumulated member contribution and is subsequently reemployed, they have the option of repurchasing their previous service.

Member and Employer Contributions

Member and employer contributions paid to NDPERS are set by statute and are established as a percent of covered compensation. Member contribution rates are 7% and employer contribution rates are 7.12% of covered compensation.

The member's account balance includes the vested employer contributions equal to the member's contributions to an eligible deferred compensation plan. The minimum member contribution is \$25 and the maximum may not exceed the following:

- 1 to 12 months of service – Greater of one percent of monthly salary or \$25
- 13 to 24 months of service – Greater of two percent of monthly salary or \$25
- 25 to 36 months of service – Greater of three percent of monthly salary or \$25
- Longer than 36 months of service – Greater of four percent of monthly salary or \$25

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the District reported a liability of \$2,754,752 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of covered payroll in the Main System pension plan relative to the covered payroll of all participating Main System employers. At June 30, 2018, the District's proportion was 0.163234 percent which was an increase of 0.0000581 from its proportion measured July 1, 2017.

For the year ended June 30, 2019, the District recognized pension expense of \$509,811. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 7,292	\$ 93,722
Changes in actuarial assumptions	994,408	39,319
Difference between projected and actual investment earnings	-	13,402
Changes in proportion	215,660	9,197
Contributions paid to NDPERS subsequent to the measurement date	122,380	-
Total	<u>\$ 1,339,740</u>	<u>\$ 155,640</u>

\$122,380 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30:	Pension Expense Amount
2020	\$ 338,886
2021	302,285
2022	263,445
2023	145,886
2024	11,218

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Actuarial Assumptions

The total pension liability in the July 1, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%	
Salary increases	Service at Beginning of Year:	Increase Rate:
	0	15.00%
	1	10.00%
	2	8.00%
	Age*	
	Under 30	10.00%
	30 - 39	7.50%
	40 - 49	6.75%
	50 - 59	6.50%
	60+	5.25%

*Age-based salary increase rates apply for employees with three or more years of service

Investment rate of return 7.75%, net of investment expenses

Cost-of-living adjustments None

For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table set back two years for males and three years for females, projected generationally using the SSA 2014 Intermediate Cost scale from 2014. For disabled retirees, mortality rates were based on the RP-2000 Disabled Mortality Table set back one year for males (no setback for females) multiplied by 125%.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	30.00%	6.05%
International Equity	21.00%	6.71%
Private Equity	7.00%	10.20%
Domestic Fixed Income	23.00%	1.45%
Global Real Assets	19.00%	5.11%
Cash Equivalents	0.00%	0.00%

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

Discount Rate

For PERS, GASB Statement No. 67 includes a specific requirement for the discount rate that is used for the purpose of the measurement of the Total Pension Liability. This rate considers the ability of the System to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The current employer and employee fixed rate contributions are assumed to be made in each future year. The Plan Net Position (assets) in future years can then be determined and compared to its obligation to make benefit payments in those years. In years where assets are not projected to be sufficient to meet benefit payments, which is the case for the PERS plan, the use of a municipal bond rate is required.

The Single Discount Rate (SDR) is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods. The SDR reflects (1) the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits) and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For purposes of this valuation, the expected rate of return on pension plan investments is 7.75%; the municipal bond rate is 3.62%; and the resulting Single Discount Rate is 6.32%

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.32 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.32 percent) or 1-percentage-point higher (7.32 percent) than the current rate:

	1% Decrease in Discount Rate 5.32%	Discount Rate 6.32%	1% Increase in Discount Rate 7.32%
School's proportionate share of the NDPERS net pension liability:	\$3,743,196	\$2,754,752	\$1,929,927

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued NDPERS financial report.

NOTE 8 DEFINED BENEFIT OPEB PLAN

Defined Benefit OPEB Plan

The following brief description of NDPERS is provided for general information purposes only. Participants should refer to NDAC Chapter 71-06 for more complete information.

NDPERS OPEB plan is a cost-sharing multiple-employer defined benefit OPEB plan that covers members receiving retirement benefits from the PERS, the HPRS, and Judges retired under Chapter 27-17 of the North Dakota Century Code a credit toward their monthly health insurance

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

premium under the state health plan based upon the member's years of credited service. Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. The Retiree Health Insurance Credit Fund is advance-funded on an actuarially determined basis.

Responsibility for administration of the NDPERS defined benefit OPEB plan is assigned to a Board comprised of nine members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system, one member elected by the retired public employees and two members of the legislative assembly appointed by the chairman of the legislative management.

OPEB Benefits

The employer contribution for the PERS, the HPRS and the Defined Contribution Plan is set by statute at 1.14% of covered compensation. The employer contribution for employees of the state board of career and technical education is 2.99% of covered compensation for a period of eight years ending October 1, 2015. Employees participating in the retirement plan as part time/temporary members are required to contribute 1.14% of their covered compensation to the Retiree Health Insurance Credit Fund. Employees purchasing previous service credit are also required to make an employee contribution to the Fund. The benefit amount applied each year is shown as "*prefunded credit applied*" on the Statement of Changes in Plan Net Position for the OPEB trust funds.

Retiree health insurance credit benefits and death and disability benefits are set by statute. There are no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Employees who are receiving monthly retirement benefits from the PERS, the HPRS, the Defined Contribution Plan, the Chapter 27-17 judges or an employee receiving disability benefits, or the spouse of a deceased annuitant receiving a surviving spouse benefit or if the member selected a joint and survivor option are eligible to receive a credit toward their monthly health insurance premium under the state health plan.

Effective July 1, 2015, the credit is also available to apply towards monthly premiums under the state dental, vision and long-term care plan and any other health insurance plan. The benefits are equal to \$5.00 for each of the employee's, or deceased employee's years of credited service not to exceed the premium in effect for selected coverage. The retiree health insurance credit is also available for early retirement with reduced benefits.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the District reported a liability of \$120,698 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District's proportion of the net OPEB liability was based on the District's share of covered payroll in the OPEB plan relative to the covered payroll of all participating OPEB employers. At June 30, 2018, the District's proportion was 0.153300 percent which was an increase of 0.000048 from its proportion measured as of July 1, 2017.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

For the year ended June 30, 2019, the District recognized OPEB expense of \$15,271. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,614	\$ 2,494
Changes of assumptions	9,903	-
Net difference between projected and actual earnings on OPEB plan investments	-	2,597
Changes in proportion and differences between employer contributions and proportionate share of contribution	2,873	547
District contributions subsequent to the measurement date	19,507	-
Total	\$ 35,897	\$ 5,638

\$19,507 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEBs will be recognized in OPEB expense as follows:

Year ending June 30:	OPEB Expense Amount
2020	\$ 1,368
2021	1,368
2022	1,368
2023	2,514
2024	2,304
2025	1,522
Thereafter	307

Actuarial Assumptions

The total OPEB liability in the July 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	Not applicable
Investment rate of return	7.50%, net of investment expenses
Cost-of-living adjustments	None

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table set back two years for males and three years for females, projected generationally using the SSA 2014 Intermediate Cost scale from 2014. For disabled retirees, mortality rates were based on the RP-2000 Disabled Mortality Table set back one year for males (no setback for females) multiplied by 125%.

The long-term expected investment rate of return assumption for the RHIC fund was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of RHIC investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Estimates of arithmetic real rates of return, for each major asset class included in the RHIC's target asset allocation as of July 1, 2018 are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Large Cap Domestic Equities	37.00%	7.15%
Small Cap Domestic Equities	9.00%	14.42%
International Equities	14.00%	8.83%
Core-Plus Fixed Income	40.00%	0.10%

Discount Rate

The discount rate used to measure the total OPEB liability was 7.50%. The projection of cash flows used to determine the discount rate assumed plan member and statutory/Board approved employer contributions will be made at rates equal to those based on the July 1, 2018, and July 1, 2017, HPRS actuarial valuation reports. For this purpose, only employer contributions that are intended to fund benefits of current RHIC members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries are not included. Based on those assumptions, the RHIC fiduciary net position was projected to be sufficient to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on RHIC investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Plans as of June 30, 2018, calculated using the discount rate of 7.50 percent, as well as what the RHIC net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease in Discount Rate 6.50%	Discount Rate 7.50%	1% Increase in Discount Rate 8.50%
District's proportionate share of the net OPEB liability	\$ 152,712	\$ 120,698	\$ 93,254

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued OPEB financial report.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986, state agencies and political subdivisions of the State of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDRIF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. The District pays an annual premium to NDRIF for its general liability, auto, and inland marine insurance coverage. The coverage by NDRIF is limited to losses on one million dollars per occurrence.

The District also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. The District pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado Fund is reinsured by a third-party insurance carrier for losses in excess of one million dollars per occurrence during a 12-month period. The State Bonding Fund currently provides the District with blanket fidelity bond coverage in the amount of \$2,000,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

The District participates in the North Dakota Worker's Compensation Bureau and purchases commercial insurance for employee health and accident insurance.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 10 CONTINGENT LIABILITIES

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2019, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

NOTE 11 NON-MONETARY TRANSACTIONS

The District receives food commodities from the federal government to subsidize its hot lunch program. The market value of commodities received for the year ended June 30, 2019 was \$23,627.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

NOTE 12 COMMITMENTS

Lease Commitments

The District leases copy machines under a non-cancelable operating lease for five years. The following is a schedule of future minimum rentals under the lease at June 30, 2019:

Year Ending June 30,	
2020	\$ 4,741
2021	4,176
2022	1,740
	<u>\$ 10,657</u>

NOTE 13 NEW PRONOUNCEMENTS

GASB Statement No. 84, *Fiduciary Activities*, provides guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

GASB Statement No. 87, *Leases*, establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. This Statement requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. This Statement is effective for reporting periods beginning after June 15, 2021. Earlier application is encouraged.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, establishes accounting requirements for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Earlier application is encouraged.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE BASIC FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2019

GASB Statement No. 90, *Majority Equity Interests*, provides guidance for reporting when a government has majority equity interest in legally separate organizations. An equity interest is explicit and measurable if the government has a present or future claim to the net resources of the entity and the method for measuring the government’s share of the entity’s net resources is determinable. If government’s holding of that equity interest meets the definition of an investment, as defined by GASB No. 72, the equity interest should be reported as an investment and measured using the equity method and not as a component unit of the government. If a government’s holding of a majority interest in a legally separate organization does not meet the definition of an investment, the holding of the majority equity interest results in the government being financially accountable for the organization and therefore, the government should report the legally separate organization as a component unit. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged.

GASB Statement No. 91, *Conduit Debt Obligations*, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement clarifies the existing definition of a conduit debt obligation; establishes that a conduit debt obligation is not a liability of the issuer; establishes standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improves required note disclosures. This Statement also addresses arrangements—often characterized as leases—that are associated with conduit debt obligations. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. Earlier application is encouraged.

Management has not yet determined what effect these statements will have on the District’s financial statements.

NOTE 14 INTERFUND BALANCES

The District has the following interfund receivables and payables as of June 30, 2019:

	Interfund Receivable	Interfund Payable
General Fund	\$ 32,044	\$ -
Food Service Fund	-	32,044
	\$ 32,044	\$ 32,044

Interfund balances consist of negative cash in the Food Service Fund.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1– BUDGETARY COMPARISON

Budgets and Budgetary Accounting:

The District's Board follows the procedures established by North Dakota law for the budgetary process. The governing body of each School District, annually on or before the last day of July must levy taxes. The governing body of the School District may amend its tax levy and budget for the current fiscal year on or before the tenth day of October of each year. Taxes for School District purposes must be based upon an itemized budget statement which must show the complete expenditure by program of the District for the current fiscal year and the sources of the revenue from which it is to be financed. The School Board, in levying taxes, is limited by the amount necessary to be raised for the purpose of meeting the appropriations included in the school budget of the current fiscal year, and the sum necessary to be provided as an interim fund, together with a tax sufficient in amount to pay the interest on the bonded debt of the District and to provide a sinking fund to pay and discharge the principal thereon at maturity. During the current year in the General Fund, actual expenditures exceeded budgeted expenditures by \$467,462.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The administration prepares the District's budget. The budget includes proposed expenditures and the means of financing them. The budget is prepared on the modified accrual basis of accounting.
2. The Board reviews the budget, may make revisions, and adopts the final budget before September tenth of each year. The budget is then filed with the county auditor by October tenth of each year.
3. The budget may be amended during the year for any revenues and appropriations not anticipated at the time the budget was prepared, except no amendment changing the taxes levied can be made after October fifteenth of each year. The budget amounts shown in the financial statements are the final authorized amounts.
4. All appropriations lapse at the close of the District's fiscal year. The balance of the appropriation reverts back to each respective fund and is available for future appropriation.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

NOTE 2 – CHANGES OF ASSUMPTIONS

TFFR

Amounts reported in 2019 reflect actuarial assumption changes effective July 1, 2015 based on the results of an actuarial experience study completed in 2015.

- Investment return assumption lowered from 8% to 7.75%.
- Inflation assumption lowered from 3% to 2.75%.
- Total salary scale rates lowered by 0.25% due to lower inflation.
- Added explicit administrative expense assumption, equal to prior year administrative expense plus inflation.
- Rates of turnover and retirement were changed to better reflect anticipated future experience.
- Updated mortality assumption to the RP-2014 mortality tables with generational improvement.

NDPERS

Amounts reported in 2019 reflect actuarial assumption changes effective July 1, 2018 based on the results of an actuarial experience study completed in 2015. This includes changes to the mortality tables, disability incidence rates, retirement rates, administrative expenses, salary scale, and percent married assumption.

OPEB

Amounts reported in 2019 reflect actuarial assumption changes effective July 1, 2018 based on the results of an actuarial experience study completed in 2015. This includes changes to the mortality tables, disability incidence rates, retirement rates, administrative expenses, salary scale, and percent married assumption.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Education
Dunseith Public School District No. 1
Dunseith, North Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of and for the year ended June 30, 2019, and the related notes to the basic financial statements, which collectively comprise Dunseith Public School District No. 1's basic financial statements and have issued our report thereon dated August 11, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Dunseith Public School District No. 1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2019-001, 2019-002, and 2019-003 that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Dunseith Public School District No. 1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of non-compliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2019-002.

The District's Response to Findings

The District's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BRADY, MARTZ & ASSOCIATES, P.C.
GRAND FORKS, NORTH DAKOTA

August 11, 2022

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Dunseith Public School District No. 1
Dunseith, North Dakota

Report on Compliance for Each Major Federal Program

We have audited Dunseith Public School District No. 1's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Dunseith Public School District No. 1's major federal programs for the year ended June 30, 2019. The Dunseith Public School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Dunseith Public School District No. 1's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination on the District's compliance.

Basis for Qualified Opinion on Each Major Federal Program

As described in the accompanying schedule of findings and questioned costs, Dunseith Public School District No. 1 did not comply with requirements regarding CFDA 84.010 Title I as described in finding numbers 2019-004 for Allowable Costs/Cost Principles and 2019-005 for Reporting and CFDA 84.041 Impact Aid as described in finding number 2019-005 for Reporting. Compliance with such requirements is necessary, in our opinion, for Dunseith Public School District No. 1 to comply with the requirements applicable to these programs.

Qualified Opinion on Each Major Federal Program

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Dunseith Public School District No. 1 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed an other instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2019-006. Our opinion on each major federal program is not modified with respect to this matter.

The District's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of Dunseith Public School District No. 1 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program in order to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as 2019-004 and 2019-005 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as 2019-006 that we consider to be a significant deficiency.

Dunseith Public School District No. 1's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs and corrective action plan. Dunseith Public School District No. 1's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See Notes to the Schedule of Expenditures of Federal Awards

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2019

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule of expenditures of federal awards (the "Schedule") are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 2 - INDIRECT COST RATE

Dunseith Public School District No. 1 has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 3 - BASIS OF PRESENTATION

The accompanying Schedule includes the federal award activity of Dunseith Public School District No. 1 under programs of the federal government for the year ended June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Dunseith Public School District No. 1, it is not intended to and does not present the financial position or changes in net position of the District.

NOTE 4 - NONMONETARY TRANSACTIONS

The District receives commodities through the food distribution program and the assistance is valued at the fair value of the commodities received and disbursed.

NOTE 5 - PASS-THROUGH ENTITIES

All pass-through entities listed above use the same CFDA numbers as the federal grantors to identify these grants, and have not assigned any additional identifying numbers.

Identification of major programs:

CFDA Number(s) Name of Federal Program or Cluster

84.010	Title I
84.041	Impact Aid

Dollar threshold used to distinguish
between Type A and Type B programs: \$750,000

Auditee qualified as low-risk auditee? yes x no

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

SECTION II – FINANCIAL STATEMENT FINDINGS

2019-001 Finding

Criteria

An appropriate system of internal controls requires that the District make a determination that financial statements and the underlying general ledger accounts are properly stated in compliance with accounting principles generally accepted in the United States of America.

Condition

The District's auditors prepared the financial statements as of June 30, 2019. In addition, adjusting entries were proposed to bring the financial statements into compliance with accounting principles generally accepted in the United States of America (GAAP). An appropriate system of internal controls requires that a District must make a determination that financial statements and the underlying general ledger accounts are properly stated in compliance with GAAP. The District has elected to have the auditors assist in the preparation of the financial statements and notes.

Cause

The District elected to not allocate resources for the preparation of the financial statements.

Effect

There is an increased risk of material misstatement to the District's financial statements.

Repeat Finding

This is a repeat finding of 2018-001.

Recommendation

We recommend the District consider the additional risk of having the auditors assist in the preparation of the financial statements and note disclosures and consider preparing them in the future. As a compensating control the entity should establish an internal control policy to document the annual review of the financial statements and schedules and to review a financial statement disclosure checklist.

Views of Responsible Officials

See corrective action plan.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2019-002 Finding

Criteria

The District should maintain all supporting documentation for transactions incurred.

Condition

During our testing, we have found multiple credit card transactions that were not supported with invoices.

Cause

The District did not maintain supporting documentation for all transactions.

Effect

The District is unable to support the expenditures incurred

Repeat Finding

This is a repeat finding of 2018-006.

Recommendation

We recommend for the District to retain all supporting documentation in accordance with the District's record retention policy.

Views of Responsible Officials

See corrective action plan.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2019-003 Finding

Criteria

A procedure to reconcile account balances should be in place.

Condition

Account balances are not reconciled on a monthly basis.

Cause

Accounts were not reconciled on a monthly basis.

Effect

Account balances are not accurate at month and year end.

Repeat Finding

This is a repeat finding of 2018-003.

Recommendation

We recommend for a procedure to reconcile account balances on a monthly basis to be created and adhered to.

Views of Responsible Officials

See corrective action plan.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2019-004 Allowable Costs/Cost Principles

Federal Program Information

Funding Agency: U.S. Department of Education
Title: Title I Grants to Local Educational Agencies
CFDA Number: 84.010

Criteria

The District must document employee time and effort spent in the Title I program.

Condition

District was missing documentation to support time and effort of faculty member's wages being charged to the Title I program.

Questioned Costs

Undeterminable.

Context

All faculty members were tested. Out of the ten faculty members tested, five of the faculty members did not have the necessary documentation on file. Total amount of salary expense tested was \$286,260. Salary expense for faculty members without time and effort documentation was \$39,370.

Effect

Expenditures improperly or inaccurately being charged to the program.

Cause

The District could not provide support for the compliance requirement being tested.

Recommendation

We recommend the District require all faculty in the Title I program complete time and effort reports, annually.

Repeat Finding

This is a repeat finding of 2018-007.

Views of Responsible Officials

See corrective action plan.

2019-005 Reporting

Federal Program Information

Funding Agency: U.S. Department of Education
Title: Title I Grants to Local Educational Agencies
CFDA Number: 84.010

Funding Agency: U.S. Department of Education
Title: Impact Aid
CFDA Number: 84.041

Criteria

To provide reasonable assurance that the reporting requirement to timely file the annual audited financial statements with the Federal Audit Clearinghouse within nine months of the District's year end is met.

Condition

The District's June 30, 2019 audited financial statements were not filed with the Federal Audit Clearinghouse within nine months of the District's year end.

Questioned Costs

Not Applicable

Context

The District's June 30, 2019 audited financial statements were not filed with the Federal Audit Clearinghouse within nine months of the District's year end.

Effect

Non-compliance with Uniform Guidance reporting requirements.

Cause

The District did not contract for audit until after the filing deadline.

Recommendation

Controls should be implemented to contract for audit prior to audit deadline to ensure the District's financial statements are audited and filed with the Federal Audit Clearinghouse within nine months of each year end.

Repeat Finding

This is a repeat finding of 2018-008.

Views of Responsible Officials

See corrective action plan.

FOR THE YEAR ENDED JUNE 30, 2019

2019-006 Reporting

Federal Program Information

Funding Agency: U.S. Department of Education
Title: Title I Grants to Local Educational Agencies
CFDA Number: 84.010

Criteria

To provide reasonable assurance reimbursement requests are occurring after the expenditures and payment for expenditures have already occurred.

Condition

The District requested reimbursements in excess of the expenditures incurred and paid.

Questioned Costs

Undeterminable

Context

The District made six requests for reimbursement from the Title I funding. One of these requests was found to be in excess of expenditures incurred and paid.

Effect

Non-compliance with Uniform Guidance cash management requirements.

Cause

The District's controls did not keep the District from requesting a reimbursement in excess of expenditures incurred and paid.

Recommendation

The District should review all requests for reimbursement to ensure they are not requesting in excess of expenditures incurred and paid.

Repeat Finding

This is not a repeat finding.

Views of Responsible Officials

See corrective action plan.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2019

2018-001 Finding

Criteria

An appropriate system of internal controls requires the District make a determination that financial statements and the underlying general ledger accounts are properly stated in compliance with accounting principles generally accepted in the United States of America.

Condition

The District's auditors prepared the financial statements as of June 30, 2019. In addition, adjusting journal entries were proposed to bring the financial statements into compliance with accounting principles generally accepted in the United States of America (GAAP). An appropriate system of internal controls requires that a District must make a determination that financial statements and the underlying general ledger accounts are properly stated in compliance with GAAP. The District has elected to have the auditors assist in the preparation of the financial statements and notes.

Cause

The District elected to not allocate resources for the preparation of the financial statements.

Effect

There is an increased risk of material misstatement to the District's financial statements.

Recommendation

We recommend the District consider the additional risk of having the auditors assist in the preparation of the financial statements and note disclosures and consider preparing them in the future. As a compensating control the entity should establish an internal control policy to document the annual review of the financial statements and schedules and to review a financial statement disclosure checklist.

Corrective Action Taken

See current year finding 2019-001

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2018-002 Finding

Criteria

To provide reasonable assurance that segregation of duties take place while also taking into account the size of the District.

Condition

The School District has one employee responsible for most accounting functions. The business manager collects monies, issue checks, sends checks to vendors, records receipts and disbursements in journals, maintains the general ledger, and prepares financial reports.

Cause

There is one employee for multiple functions such as executing and recording transactions.

Effect

Lack of segregation of duties leads to a limited degree of internal control.

Recommendation

The District should separate the duties as much as possible and ensure the Superintendent and Board continue to monitor financial reports for reasonableness.

Corrective Action Taken

Corrective action had been taken by the District.

SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2018-004 Finding

Criteria

All financial statements should be complete and accurate.

Condition

The North Dakota School District Financial Report and Statements of School District Annual Financial Report for Publication are not accurate.

Cause

Accounts were not reconciled on a monthly basis. Revenue and expenditure information was not complete or accurate.

Effect

Third-party users of the North Dakota School District Financial Report and Statements of School District Annual Financial Report for Publication do not have accurate information.

Recommendation

We recommend for a procedure to reconcile account balances on a monthly basis to be created and adhered to. The North Dakota School District Financial Report and Statements of School District Annual Financial Report for Publication should be prepared after these reconciliations have been performed.

Corrective Action Taken

Corrective action had been taken by the District.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2018-005 Finding

Criteria

North Dakota Century Code (NDCC) 15.1-09-34 states that the board of a school district may not enter a purchase contract involving the expenditure of an aggregate amount greater than fifty thousand dollars unless the school board has received and accepted the bid of the lowest responsible bidder.

Condition

The District purchased a new school bus in the amount of \$167,300. No bid documentation was able to be presented by the District to support compliance with NDCC 15.1-09-34.

Cause

Bids received by the District were not properly maintained.

Effect

The District is not in compliance with NDCC 15.1-09-34.

Recommendation

We recommend for bid documentation on purchases to be maintained in accordance with the District's record retention policy.

Corrective Action Taken

Corrective action had been taken by the District.

DUNSEITH PUBLIC SCHOOL DISTRICT NO. 1
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS - CONTINUED
FOR THE YEAR ENDED JUNE 30, 2019

2018-006 Finding

Criteria

The District should maintain all supporting documentation for transactions incurred.

Condition

During our audit testing, we have found the following conditions:

- The District was unable to provide supporting documentation to support 10 checks selected for testing, totaling \$173,106.28.
- The District was unable to provide support for transaction approval on preloaded credit card transactions.
- The District was unable to provide support for transactions made with preloaded credit cards and various transactions on regular credit cards.

Cause

The District did not maintain supporting documentation for all transactions.

Effect

The District is unable to support the expenditures incurred.

Recommendation

We recommend for the District to retain all supporting documentation in accordance with the District's record retention policy.

Corrective Action Taken

2018-007 Allowable Costs/Cost Principles

Federal Program Information

Funding Agency: U.S. Department of Education
Title: Title I Grants to Local Educational Agencies
CFDA Number: 84.010

Criteria

The District must document employee time and effort spent in the Title I program.

Condition

District was missing documentation to support time and effort of one faculty member's wages being charged to the Title I program.

Questioned Costs

Undeterminable.

Context

All faculty members were tested. Out of the eight faculty members tested, one of the faculty members did not have the necessary documentation on file. Total amount of salary expense tested was \$214,575. Salary expense for faculty member without time and effort documentation was \$214,575.

Effect

Expenditures improperly or inaccurately being charged to the program.

Cause

The District could not provide support for the compliance requirement being tested.

Recommendation

We recommend the District require all faculty in the Title I program complete time and effort reports, annually.
