Basic Review Summary

We have reviewed the cash basis Annual Financial Report for the City of Abercrombie for the year ended 2022. This review was done under the authority of North Dakota Century Code 54-10-14. These reviews are limited in scope and are not completed under the Generally Accepted Auditing or Attestation standards issued by the American Institute of Certified Public Accountants. Therefore, we do not express an opinion over the financial information included in this report.

This review was limited to verifying the following:

- Fund balances submitted on the Annual Financial Report agreed to the balances held at the bank.
- Long-term debt reported agrees to debt statements.
- Required fund breakouts are reported.

During the basic review, we identified that bank balances did agree to total balances reported on the Annual Financial Report.

Any comments from either the Basic Review or Extended Review are included at the back of the report.

Comments Letter

Highway Tax Dollars - Not in its own Fund (2022)

During review of the annual financial report, a total of \$12,663.65 in Highway tax revenue was received and deposited into the General Fund.

North Dakota Century Code 54-27-19(5) requires all highway tax funds to be deposited into a separate fund by cities.

Suggested Change:

The entity should track revenues and expenditures related to highway tax revenue in a Highway Tax Fund.

Unallowable Transfer out of Municipal Utilities Fund (2022)

During the review of the annual financial report, there were unallowable transfers out of the Municipal Utilities Fund to the other funds. The transfers were in excess of 20% of the revenues received in those funds for the year.

Per NDCC 40-33-12, any transfer of surplus from the municipal utilities fund cannot exceed 20% of revenue received for the year.

Suggested Change:

The entity should ensure transfers from the Municipal Utilities Fund do not exceed 20% of revenue received for the year.

Enterprise Funds Reported in the General Fund (2022)

Municipal utility fund expenditures were reported in the General Fund.

Under GASB Statement 34, enterprise funds are used to report activities where fees are charged to external users for goods or services, and the costs of providing those services.

Suggested Change:

An enterprise fund should be created to track revenues and expenditures of municipal utility services provided.
