Independent Auditor's Report

Members of the Legislative Assembly

Members of the North Dakota Barley Council

Steve Edwardson, North Dakota Barley Council Executive Administrator

Report on the Financial Statement

We have audited the accompanying Comparative Statement of Revenues and Expenditures of the North Dakota Barley Council Fund, for the two years ended June 30, 2020 and the related notes as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and expenditures of the North Dakota Barley Council Fund, for the two years ended June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

As discussed in Note 1, the financial statement presents only the North Dakota Barley Council Fund's revenues and expenditures, and does not purport to, and does not present fairly the financial position of the state of North Dakota as of June 30, 2020 or 2019, for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

As discussed in Note 1, the financial statement is presented and audited in accordance with North Dakota Century Code 4.1-44-04. This financial statement is not intended to be a complete presentation of the North Dakota Barley Council Fund's assets and liabilities. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2020 on our consideration of the North Dakota Barley Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the North Dakota Barley Council's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the North Dakota Barley Council's internal control over financial reporting and compliance.

See Notes to the Financial Statement.

Notes to the Financial Statement

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The responsibility for the financial statement, the internal control structure, and compliance with laws and regulations belongs to management of the North Dakota Barley Council (Council). A summary of the significant accounting policies follows:

A. Reporting Entity

For financial reporting purposes, the Council includes all funds, programs, and activities over which it is financially accountable. The Council does not have any component units as defined by the Government Accounting Standards Board. The Council is part of the state of North Dakota as a reporting entity.

The Council was created by the 1983 Legislature through passage of the "Barley Industry Promotion Act". Per chapter 4.1-02 of the North Dakota Century Code (NDCC) the duties of the Council include the funding of research, education programs, market development efforts and support of state, regional, national, and international entities that promote barley utilization.

The Council is composed of one participating grower elected from each of the five districts established in chapter 4.1-02 of the NDCC. NDCC section 4.1-02-12 states an assessment at the rate of twenty mills per bushel is imposed on all barley grown in the state, delivered into the state, or sold to a first purchaser in the state. The assessment does not apply to barley grown by a producer and used by the producer as livestock feed. Per section 4.1-02-13 of the NDCC, the first purchaser shall collect the assessment from the seller by deducting the assessment from the total price of the barley being purchased by the first purchaser. The Council shall forward all moneys received to the State Treasurer for deposit in the Barley Fund. The Council is responsible for and funded under a continuing appropriation.

B. Reporting Structure

The financial statement includes all activities of the reporting entity as defined above. These activities are funded from fund 231, the Barley Growers Checkoff Fund. The comparative statement of revenues and expenditures is a combined statement to give the users an overview of the agency's activity.

C. Basis of Presentation

North Dakota Century Code 4.1-44-04 requires certain commodity promotion groups to prepare a report for the legislative assembly. As part of this report the applicable commodity groups are required to prepare a single-page uniform statement of revenues and expenditures.

Revenues and expenditures on the comparative statement of revenues and expenditures are reported on the modified accrual basis of accounting which is generally accepted accounting principles (GAAP) for governmental fund types.

Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e. measurable and available). Measurable means the amount can be determined, available means due and collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Revenues are considered available if they are collected within a year after fiscal year end. Expenditures are recorded when goods or services are received. Exceptions include: principal and interest expenditures which are recorded when due and compensated absences which are recorded when paid.

D. GAAP Reporting Differences

GAAP financial statements would include a balance sheet. GAAP financial statements would also provide additional note disclosures.

NOTE 2 – RELATED PARTIES

As identified in Note 1 of these financial statements, the Council is an agency of the state of North Dakota; as such, other agencies of the state are related parties. The Council made payments to North Dakota State University (NDSU) for fiscal years 2020, and 2019 in the amounts of \$119,364 and \$177,558 for barley research project contracts, respectively. The Council also has a particularly close working relationship with the North Dakota Grain Growers Association (NDGGA) and the US Grains Council (USGC). For fiscal year 2020, the Council paid \$125,000 and \$53,550 for promotional marketing and development contracts to NDGGA and USGC, respectively. For fiscal year 2019, the Council paid \$125,000 and \$93,750 for promotional marketing and development contracts to NDGGA and USGC, respectively.

NOTE 3 – OTHER SIGNIFICANT ITEMS

The Council has cash and investment reserves of \$1,441,055 and \$1,495,675 at June 30, 2020 and June 30, 2019, respectively. Based on the average monthly expenditures for fiscal years 2020 and 2019, this amount represents approximately 23 months of expenditures for each year.

Exhibits

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of a Financial Statement Performed in Accordance with Government Auditing Standards

Members of the Legislative Assembly

Members of the North Dakota Barley Council

Steven Edwardson, North Dakota Barley Council Executive Administrator

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of the North Dakota Barley Council, for the two-year period ended June 30, 2020, and the related notes to the financial statement and have issued our report thereon dated October 14, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered North Dakota Barley Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of North Dakota Barley Council's internal control. Accordingly, we do not express an opinion on the effectiveness of North Dakota Barley Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying *Schedule of Findings, Recommendations and Managements Response* as finding 2020-01 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the North Dakota Barley Council's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

North Dakota Barley Council's Response to Findings

North Dakota Barley Council's response to the findings identified in our audit are described in the accompanying *Schedule of Findings, Recommendations and Managements Response*. North Dakota Barley Council's response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Responses to LAFRC Audit Questions

The Legislative Audit and Fiscal Review Committee (LAFRC) requests that certain items be addressed by auditors performing audits of state agencies.

1. What type of opinion was issued on the financial statement?

Unmodified.

2. Was there compliance with statutes, laws, rules, and regulations under which the agency was created and is functioning?

Yes.

3. Was internal control adequate and functioning effectively?

Other than our finding addressing “Inadequate Segregation of Duties” we did not identify any deficiencies in internal control that were significant within the context of our audit.

4. Were there any indications of lack of efficiency in financial operations and management of the agency?

No.

5. Has action been taken on findings and recommendations included in prior audit reports?

We noted in the prior audit there was inadequate segregation of duties. Due to the small size of the Council, this is still reported in our finding addressing “Inadequate Segregation of Duties”.

6. Was a management letter issued? If so, provide a summary below, including any recommendations and the management responses.

No.

LAFRC Audit Communications

1. *Identify any significant changes in accounting policies, any management conflicts of interest, any contingent liabilities, or any significant unusual transactions.*

None noted.

2. *Identify any significant accounting estimates, the process used by management to formulate the accounting estimates, and the basis for the auditor's conclusions regarding the reasonableness of those estimates.*

None noted.

3. *Identify any significant audit adjustments.*

None.

4. *Identify any disagreements with management, whether or not resolved to the auditor's satisfaction relating to a financial accounting, reporting, or auditing matter that could be significant to the financial statement.*

None.

5. *Identify any serious difficulties encountered in performing the audit.*

None.

6. *Identify any major issues discussed with management prior to retention.*

This is not applicable for audits conducted by the Office of the State Auditor.

7. *Identify any management consultations with other accountants about auditing and accounting matters.*

None.

8. *Identify any high-risk information technology systems critical to operations based on the auditor's overall assessment of the importance of the system to the agency and its mission, or whether any exceptions identified in the six audit report questions to be addressed by the auditors are directly related to the operations of an information technology system.*

ConnectND Finance and Human Capital Management System (HCM) are the most high-risk information technology systems critical to the Council. No exceptions related to the operations of an information technology system were noted.

Findings, Recommendations and Management's Response

INADEQUATE SEGREGATION OF DUTIES (Finding 2020-01)

Condition:

The Barley Council only has one employee responsible for accounting functions. Inadequate segregation of duties exists as one employee is responsible to collect monies, prepare deposits, prepare and review time sheets, submit vouchers for payment, approve vouchers for payment, review the vendor check listing, mail the vendor check, prepare and review annual closing packages.

Criteria:

The GAO Standards for Internal Control in the Federal Government section 10.12 states: management considers segregation of duties in designing control activity responsibilities so that incompatible duties are segregated and, where such segregation is not practical, designs alternative control activities to address the risk.

The GAO Standards for Internal Control in the Federal Government section 10.13 states in part: segregation of duties helps prevent fraud, waste, and abuse in the internal control system. Management considers the need to separate control activities related to authority, custody, and accounting of operations to achieve adequate segregation of duties. In particular, segregation of duties can address the risk of management override.

The GAO Standards for Internal Control in the Federal Government section 10.14 states: if segregation of duties is not practical within an operational process because of limited personnel or other factors, management designs alternative control activities to address the risk of fraud, waste, or abuse in the operational process.

Cause:

The Barley Council has limited resources and only has one staff member, making it economically unfeasible to hire additional staff to properly distribute job duties.

Effect:

The risk of fraud and misstatement of the Barley Council's financial statements increases with weakened internal controls and inadequate segregation of duties, whether due to error or fraud.

Recommendation:

We recommend that:

- If it becomes feasible to segregate duties in the future, that duties are segregated to the extent possible to reduce the potential risk of loss.;
- The Barley Council implement alternative control activities when possible.; and
- The Barley Council Board of Directors remain involved in the financial affairs of the Council.

North Dakota Barley Council Response/Planned Corrective Actions:

Agreed. The Barley Council Board of Directors are (and will continue to be) involved in oversight of all revenue and expenditure transactions as well as all contracted projects. The Board of Directors will continue to refine segregation of duties as feasible, and expects advances in technology will further assist in this process (i. e. the use of electronic deposits and payments will continue to expand).

Governance Communication

October 14, 2020

To: The North Dakota Barley Council

The Legislative Audit and Fiscal Review Committee

We have audited the financial statement of the North Dakota Barley Council for the two-year period ended June 30, 2020 and have issued our report thereon dated October 14, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 24, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the North Dakota Barley Council are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the two-year period. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements noted in the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 14, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the governmental unit’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the North Dakota Barley Council, management of the North Dakota Barley Council, and the Legislative Audit and Fiscal Review Committee, and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully,

A handwritten signature in cursive script that reads "Robyn Hoffmann".
