North Dakota Public Employees Retirement System

Report on Schedules

We have audited the accompanying schedules of employer allocations of the North Dakota Public Employees Retirement System, a department of the State of North Dakota, as of and for the year ended June 30, 2014, and the related notes.

We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense as of and for the year ended June 30, 2014 and the net pension liability as of and for the year ended June 30, 2013 (specified column totals), included in the accompanying schedules of pension amounts by employer, and the related notes.

Management's Responsibility for Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense of all participating entities for the North Dakota Public Employees Retirement System as of and for the year ended June 30, 2014, and net pension liability as of and for the year ended June 30, 2013, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the North Dakota Public Employees Retirement System as of and for the year ended June 30, 2014, and our report thereon, dated December 16, 2014, expressed an unmodified opinion on those statements.

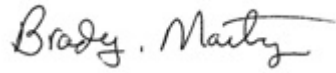

Restriction on Use

Our report is intended solely for the information and use of the management of PERS, its Board, PERS employers as of and for the year ended June 30, 2014, and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated August 8, 2015, on our consideration of the North Dakota Public Employees Retirement System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in

accordance with *Government Auditing Standards* in considering the North Dakota Public Employees Retirement System's internal control over financial reporting and compliance.

NOTES TO THE SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION
AMOUNTS BY EMPLOYER
AS OF AND FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 DESCRIPTION OF PLANS

General

The System administers three defined benefit pension plans. The Public Employees Retirement System (PERS) is a cost-sharing multiple-employer retirement plan. The PERS was established July 1, 1966 as a defined contribution plan and was changed to a defined benefit plan by the 1977 North Dakota Legislature. The PERS is administered in accordance with Chapter 54-52 of the North Dakota Century Code. The Highway Patrolmen's Retirement System (HPRS) was established July 1, 1949 and is administered in accordance with Chapter 39-03 of the North Dakota Century Code. The HPRS is a single-employer defined benefit plan. The Retirement Plan for Employees of Job Service North Dakota is a single-employer defined benefit public employee retirement plan administered by the Agency. The plan is established under NDCC 52-11-01 with benefit provisions established through the plan document, as amended.

The costs of administering the plans are financed through the contributions and investment earnings of each plan.

The following brief description of the PERS, the HPRS and the Retirement Plan for Employees of Job Service North Dakota is provided for general information purposes only. Participants should refer to the applicable chapters of the North Dakota Century Code for more complete information.

The PERS covers substantially all employees of the State of North Dakota, its agencies and various participating political subdivisions (Main System). It also covers Supreme and District Court Judges and the National Guard Security Officers and Firefighters and as of August 1, 2003, peace officers and correctional officers employed by political subdivisions. The HPRS covers substantially all sworn officers of the North Dakota Highway Patrol. The Retirement Plan for Employees of Job Service North Dakota is limited to employees participating in the plan as of September 30, 1980.

Responsibility for administration of the defined benefit pension plans is assigned to a Board comprised of seven members. The Board consists of a Chairman, who is appointed by the Governor; one member appointed by the Attorney General; one member appointed by the State Health Officer; three members elected by the active membership of the NDPERS system; and one member elected by the retired public employees.

Pension Benefits

PERS

Benefits are set by statute. The System has no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Members of the main system are entitled to unreduced monthly pension benefits beginning when the sum of age and years of credited service equal or exceed 85 (Rule of 85), or at normal retirement age (65). The annual pension benefit is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. The Plan permits early retirement at ages 55-64 with three or more years of service.

NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM
NOTES TO THE SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION
AMOUNTS BY EMPLOYER - CONTINUED
AS OF AND FOR THE YEAR ENDED JUNE 30, 2014

Supreme and District Court Judges are entitled to unreduced monthly pension benefits beginning at normal retirement age of (65) or the Rule of 85. The monthly pension benefit is equal to a percentage of average monthly salary using the highest 36 months out of the last 180 months of service. The percentage is equal to 3.50% of average monthly salary multiplied by the first ten years of service, plus 2.80% of the average monthly salary times the second ten years of service, plus 1.25% of average monthly salary times years of service in excess of twenty years. The judicial retirement formula is only applied to eligible judicial service. Non-judicial service benefits are calculated using the 2.00% multiplier. The Plan permits early retirement at ages 55-64 with five or more years of service.

Members of the National Guard System are entitled to unreduced monthly pension benefits at normal retirement age (55). Members of the Law Enforcement System are entitled to unreduced monthly pension benefits at normal retirement age (55) or the Rule of 85. The monthly pension benefit for the National Guard/Law Enforcement is equal to 2.00% of their average monthly salary, using the highest 36 months out of the last 180 months of service, for each year of service. The Plan permits early retirement at ages 50-55 with three or more years of service.

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

HPRS

Benefits are set by statute. The System has no provisions or policies with respect to automatic and ad hoc post-retirement benefit increases. Members are entitled to unreduced pension benefits upon attainment of age 55 and ten years of eligible employment or when the sum of age and years of credited service equals or exceeds 80. The annual pension benefit is equal to a percentage of average monthly salary using the highest 36 months out of the last 180 months of service. The percentage is equal to the sum of the first 25 years of service multiplied by 3.60% and 1.75% multiplied by years of service in excess of 25, if any. The Plan permits early retirement at ages 50-54, with ten or more years of service.

Members may elect to receive the pension benefits in the form of a single life, joint and survivor, term-certain annuity, or partial lump sum with ongoing annuity. Members may elect to receive the value of their accumulated contributions, plus interest, as a lump sum distribution upon retirement or termination, or they may elect to receive their benefits in the form of an annuity. For each member electing an annuity, total payment will not be less than the members' accumulated contributions plus interest.

Retirement Plan for Employees of Job Service North Dakota

Benefits are established through the plan document, as amended by the Board. The System provides a post-retirement cost-of living adjustment each year based on the Consumer Price Index. Employees are entitled to annual pension benefits beginning at normal retirement age (65). Employees may elect optional retirement eligibility at age 62 with 5 years of credited service, at age 60 with 20 years of credited service, or at age 55 with 30 years of credited service.

NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM
NOTES TO THE SCHEDULES OF EMPLOYER ALLOCATIONS AND PENSION
AMOUNTS BY EMPLOYER - CONTINUED
AS OF AND FOR THE YEAR ENDED JUNE 30, 2014

Pension benefits are calculated based on the final average earnings (basic monthly earnings averaged over the highest three consecutive years of basic earnings) of the employee multiplied by the sum of:

- 1.5% times years of credited service up to 5 plus
- 1.75% times years of credited service between 6 and 10 plus
- 2.0% times years of credited service in excess of 10

Death and Disability Benefits

PERS

Death and disability benefits are set by statute. If an active member dies with less than three years of service for the Main System and National Guard/Law Enforcement, or less than five years of service for Supreme and District Court Judges, a death benefit equal to the value of the member's accumulated contributions, plus interest, is paid to the member's beneficiary. If the member has earned more than three years of credited service for the Main System and National Guard/Law Enforcement, the surviving spouse will be entitled to a single payment refund, life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit, or monthly payments in an amount equal to the member's accrued 100% Joint and Survivor retirement benefit if the member had reached normal retirement age prior to date of death. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to the surviving spouse's designated beneficiary.

For Judges who have earned more than five years of credited service, the death benefit is the greater of (i) lump sum payment of accumulated contributions, or (ii) 100% of the members' accrued benefit (not reduced on account of age), payable for the spouse's lifetime.

Eligible members, who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits equal to 25% of their final average salary with a minimum benefit of \$100. To qualify under this section, the member has to become disabled during the period of eligible employment and apply for benefits within one year of termination. The definition for disabled is set by the System in the North Dakota Administrative Code.

For Judges only, the disability benefit formula is 70% of final average salary minus Social Security and Workers Compensation benefits.

HPRS

Death and disability benefits are set by statute. If an active member dies with less than ten years of credited service, a death benefit equal to the value of the member's accumulated contributions, plus interest is paid to the member's beneficiary. If the member has earned more than ten years of credited service, the surviving spouse, if any, will be entitled to a single payment refund or life-time monthly payments in an amount equal to 50% of the member's accrued normal retirement benefit. If the surviving spouse dies before the member's accumulated pension benefits are paid, the balance will be payable to any designated beneficiary.

Eligible members, who become totally disabled after a minimum of 180 days of service, receive monthly disability benefits that are up to 70% of their final average salary, reduced by worker's compensation, with a minimum benefit of \$100. To qualify under this section the member must meet the criteria established by the System for being totally disabled and apply for benefits within one year of termination.

Retirement Plan for Employees of Job Service North Dakota

The plan document provides disability and death benefits. If the death of a participant occurs prior to his/her annuity starting date, the surviving spouse who has been married at least two years prior to the participant's death or, if married less than two years is a parent of a child of this marriage, then the spouse shall receive monthly benefits. The amount is the greater of the benefit had the participant retired on the day before he/she died and elected the Contingent Annuitant Option with 55% of his/her retirement benefit continued to his/her spouse or 55% of the smaller of 40% of the deceased participant's average monthly earnings or the deceased participant's normal retirement benefit obtained by increasing their credited service by the period of time between their date of death and the date they would have attained age 60. Upon remarriage of the surviving spouse before age 60, the death benefits will cease.

If a participant becomes totally disabled, he/she will be eligible for a monthly disability benefit that shall be equal to the greater of 40% of the participant's average annual earnings or the accrued benefit determined as their date of disability.

Refunds of Member Contributions

Upon termination, if a member of PERS or HPRS is not vested (is not 65 or does not have three years of service for the Main System and National Guard/Law Enforcement, or five years of service for the Supreme and District Court Judges, credited for the PERS, or is not 60 or does not have ten years of service credited for the HPRS), they will receive the accumulated member contributions plus interest, or may elect to receive this amount at a later date. If a member has vested, they have the option of applying for a refund or can remain as a terminated vested participant. If a member terminated and withdrew their accumulated member contribution and is subsequently reemployed, they have the option of repurchasing their previous service.

Contributions

Contribution rates for PERS and HPRS are set by state statute, actuarially determined based on the entry age normal actuarial cost method. This method produces an employer contribution rate consisting of (1) an amount for normal cost, (2) an amount for amortization of the unfunded accrued liability over an open period of 20 years, and (3) the amount necessary to provide for operating expenses. Contribution rates for the Job Service Retirement Plan are established in the plan document, as amended, actuarially determined using the frozen initial liability actuarial cost method which is the same as the aggregate cost method.

In 2011, the Legislative Assembly passed an increase in the employee and employer contribution rates for the PERS, Judges, Law Enforcement and Highway Patrol plans. Effective January 2012 and January 2013, both the employee and employer contribution rates increased for each of the plans by an additional 1% each year (.5% for the Law Enforcement Plans for political subdivisions). The 2013 Legislative Assembly also passed an increase in the employee and employer contribution rates for the PERS, Judges, National Guard, Law Enforcement and Highway Patrol plans. Effective January 2014, both the employee and employer contribution rates were increased for each of the plans by an additional 1% (.5% for the National Guard and Law Enforcement Plans for political subdivisions).

PERS

Member contributions are set by statute. During the 1983-1985 biennium the State and some of the participating political subdivisions implemented the employer pickup provision of the IRS code whereby a portion or all of the required member contributions are made by the employer. The State is paying 4% of the member contribution. Some of the political subdivisions are paying all or part of the member contributions.

Member contribution rates are established as a percent of covered compensation as follows:

	<u>Effective 1/1/2012</u>	<u>Effective 1/1/2013</u>	<u>Effective 1/1/2014</u>
Public Employees Retirement System	5.00%	6.00%	7.00%
Judges Retirement System	6.00%	7.00%	8.00%
National Guard Retirement System	4.00%	4.00%	4.50%
Law Enforcement with previous service			
State	5.00%	6.00%	6.00%
Political Subdivisions	4.50%	5.00%	5.50%
Law Enforcement without previous service	4.50%	5.00%	5.50%

Employer contributions are set by statute except the contribution rates for the National Guard/Law Enforcement Plans which are set by the Board.

Employer contributions are established as a percent of covered compensation as follows:

	<u>Effective 1/1/2012</u>	<u>Effective 1/1/2013</u>	<u>Effective 1/1/2014</u>
Public Employees Retirement System	5.12%	6.12%	7.12%
Judges Retirement System	15.52%	16.52%	17.52%
National Guard Retirement System	6.50%	6.50%	7.00%
Law Enforcement with previous service			
State	9.31%	10.31%	10.31%
Political Subdivisions	8.81%	9.31%	9.81%
Law Enforcement without previous service	6.93%	7.43%	7.93%

The entry age normal cost method determines the amount of contributions necessary to fund: (a) the current service cost, which represents the estimated amount necessary to pay for the benefits earned by members during the current service year and, (b) the prior service cost, which represents the amount necessary to pay for benefits earned prior to the effective date of the plan.

Except for Supreme and District Court Judges, the member's account balance includes the vested employer contributions equal to the member's contributions to an eligible deferred compensation plan.

The minimum member contribution is \$25 and the maximum may not exceed the following:

- 1 to 12 months of service - Greater of one percent of monthly salary or \$25
- 13 to 24 months of service - Greater of two percent of monthly salary or \$25
- 25 to 36 months of service - Greater of three percent of monthly salary or \$25
- Longer than 36 months of service - Greater of four percent of monthly salary or \$25

AMOUNTS BY EMPLOYER - CONTINUED
AS OF AND FOR THE YEAR ENDED JUNE 30, 2014

An open period of 20 years to fund accrued liabilities for the Public Employees Retirement System and the Supreme and District Court Judges has been adopted for the July 1, 1996 valuation and adopted for the National Guard Security Officers and Firefighters for the July 1, 1998 valuation. Currently, the present rate of contributions is not sufficient to meet the actuarially determined requirement for 2014-2015.

HPRS

Member and employer contributions are set by statute as a percent of covered compensation. The state is paying 4% of the member contribution. The member and employer contribution rates are as follows:

	Effective 1/1/2012	Effective 1/1/2013	Effective 1/1/2014
Member contributions	11.3%	12.3%	13.3%
Employer contributions	17.7%	18.7%	19.7%

The entry age normal cost method determines the amount of contributions necessary to fund; (a) the current service cost, which represents the estimated amount necessary to pay for benefits earned by employees during the current service year and, (b) the prior service cost, which represents the amount necessary to pay for benefits earned prior to the effective date of the plan.

An open period of 20 years to fund accrued liabilities for the Highway Patrolmen's Retirement System has been adopted for the July 1, 1996 valuation. Currently, the present rate of contributions is not sufficient to meet the actuarially determined requirement for 2014-2015.

Retirement Plan for Employees of Job Service North Dakota

Employees' contributions are established at 7.0% of total compensation of which the state is paying 4%. The funding policy of the plan provides for employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. Effective July 1, 1999, the "scheduled contribution" will be zero as long as the plan's actuarial value of assets exceeds the actuarial present value of projected benefits. The "scheduled contribution" and amortization will be determined when the plan is not in surplus and will be based on a funding policy adopted by the Employer.

NOTE 2 MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The schedules are presented in accordance with the standards issued by the Governmental Accounting Standards Board (GASB), which is the nationally accepted standard setting body for establishing accounting principles generally accepted in the United States of America for governmental entities. As prescribed by GASB they are reported using the economic resources measurement focus and the accrual basis of accounting.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the North Dakota Employees Retirement System (PERS) and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3 NET PENSION LIABILITY

The net pension liability (asset) of the plans were measured as of July 1, 2014, and the total pension liabilities used to calculate the net pension liabilities (assets) were determined by an actuarial valuation as of that date. The Employers' proportions of the net pension liabilities (assets) are based on the Employers' shares of covered payroll in the pension plans relative to the covered payroll of all participating PERS, HPRS and JSND employers. The net pension liability (asset) for each plan is as follows:

Main System	\$ 634,721,375
Judges System	(3,723,843)
National Guard System	(201,648)
Law Enforcement with Prior Main Service System	6,186,739
Law Enforcement without Prior Main Service System	(13,343)
Highway Patrolmen's Retirement System	9,766,036
Retirement Plan for Employees of Job Service North Dakota	(32,650,195)

NOTE 4 ACTUARIAL ASSUMPTIONS

PERS and HPRS

The total pension liability was determined by an actuarial valuation as of July 1, 2014 and 2013, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.50%
Salary increase (Payroll Growth)	3.85% per annum for four years, then 4.50% per annum for Main System, National Guard and Law Enforcement. 4% per annum for Judges.
Investment Rate of Return	8.00%, net of investment expense, including inflation
Mortality Rates	For active members, inactive members and healthy retirees, mortality rates were based on the RP-2000 Combined Healthy Mortality Table with ages set back three years for PERS and one year for HPRS. For disabled retirees, mortality rates were based on the RP-2000 Disabled Retiree Mortality Table with ages set back one year for males (not set back for females). These mortality tables were determined to contain approximately a 10% margin for future mortality improvement, based on a review of mortality experience in 2010.

The total pension liability was determined by an actuarial valuation as of July 1, 2014, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.50%
Salary increase (Payroll Growth)	5.00% per annum
Investment Rate of Return	8.00%, net of investment expense, including inflation
Cost of Living Adjustment	5.00%
Mortality Rates	For active members, inactive members and healthy retirees, mortality rates were based on the 1994 Group Annuity Mortality Table. For disabled retirees, mortality rates were based on 1983 Railroad Retirement Board Disabled Life Mortality Table. These tables reasonably reflect the mortality experience of the Plan as of the measurement date. No provision was made for future mortality improvement after the measurement date. These assumptions are prescribed by the Board.

Investment Rate of Return

The long-term expected investment rate of return assumption for PERS, HPRS and JSND was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and projected arithmetic real rates of return, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions for each major asset class are summarized in the following tables:

PERS & HPRS		JSND	
Asset Class	Long-Term Expected Real Rate of Return	Asset Class	Long-Term Expected Real Rate of Return
Domestic equity	6.90%	Domestic equities	6.90%
International equity	7.55%	International equities	7.00%
Private equity	11.30%	Domestic fixed income	1.17%
Domestic fixed income	1.55%	International fixed income	0.90%
International fixed income	0.90%		
Global real assets	5.38%		
Cash equivalents	0.00%

Discount Rate

The discount rate used to measure the total pension liability for PERS, HPRS, and JSND was 8.00% as of June 30, 2014. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at rates equal to those based on the July 1, 2014, Actuarial Valuation Reports. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions (For JSND it is assumed no future contribution will be made.), the pension plans' fiduciary net position were projected to be available to make all projected future benefit payments for current plan members as of June 30, 2014. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2014.

NOTE 5 ADDITIONAL FINANCIAL AND ACTUARIAL INFORMATION

Additional financial information supporting the preparation of the Schedules of Employer allocations and the Schedules of Pension Amounts by Employer (including the disclosure of the net pension liability (asset) and the unmodified audit opinion on the financial statements) is located in the North Dakota Public Employees Retirement System Comprehensive Annual Financial Report for the fiscal year ended June 30, 2014. The supporting actuarial information is included in the June 30, 2014, GASB Statements No. 67 and 68 Accounting and Financial Reporting for Pensions actuarial valuation for each retirement plan. The additional financial and actuarial information is available at www.nd.gov/ndpers or by contacting the Agency at: North Dakota Public Employees Retirement System, 400 E Broadway Ave Suite 505, P.O. **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Governor Jack Dalrymple
The Legislative Assembly

Sparb Collins, Executive Director
North Dakota Public Employees Retirement System

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the schedules of employer allocations and the total for all entities of the columns titled net pension liability (asset), total deferred outflows of resources, total deferred inflows of resources, and total pension expense as of and for the year ended June 30, 2014, and the net pension liability (asset) as of and for the year ended June 30, 2013 (specified column totals), included in the schedules of pension amounts by employer of the North Dakota Public Employees Retirement System, and have issued our report thereon dated August 8, 2015.

INTERNAL CONTROL OVER FINANCIAL REPORTING

Management of the North Dakota Public Employees Retirement System is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered PERS internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion of the schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer, but not for the purpose of expressing an opinion on the effectiveness of PERS's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of PERS's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider to be a significant deficiency as 2014-001.

COMPLIANCE AND OTHER MATTERS

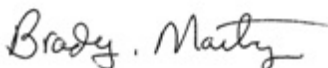

As part of obtaining reasonable assurance about whether PERS's schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of the schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM'S RESPONSE TO FINDINGS

North Dakota Public Employees Retirement System's response to the finding identified in our audit is described in the accompanying schedule of findings. North Dakota Public Employees Retirement System's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NORTH DAKOTA PUBLIC EMPLOYEES RETIREMENT SYSTEM
SCHEDULE OF FINDINGS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2014

2014-001

Criteria:

Management of PERS is responsible for the preparation and fair presentation of the financial statements in accordance with the applicable financial reporting framework. As a result of the new governmental accounting standards requirements, this responsibility also includes verifying the completeness and accuracy of census data for the PERS, HPRS and JSND defined benefit plans.

Condition:

During our audit it was noted that management does not have in place procedures to verify the underlying payroll records of the participating employers to determine that the information provided is accurate and complete. This applies specifically to the census data for active employees in the PERS, HPRS and JSND plans.

Cause:

Currently, PERS does not have the resources available to develop and implement procedures and controls to over the underlying payroll records of the participating employers.

Effect:

Without the proper procedures and controls in place, the assessed level of risk is high over the completeness and accuracy of census data, specifically the payroll records for active participants in the census data.

Recommendation:

PERS management should review the current processes in place and determine what additional procedures and controls could be implemented to lower the assessed level of risk over the completeness and accuracy of census data. Also, management will need to evaluate the additional resources necessary to lower the assessed level of risk, and determine if it is cost-beneficial.

Views of Responsible Officials and Planned Corrective Actions:

Management will determine what additional procedures and controls could be implemented to lower the risk over completeness and accuracy of census data. It will then be determined what additional resources may be necessary to implement the new procedures.
