INDEPENDENT AUDITOR'S REPORT

Park Board
Dickinson Parks and Recreation District
Dickinson, North Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Dickinson Parks and Recreation District, Dickinson, North Dakota, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Park District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITOR'S REPORT

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Dickinson Parks and Recreation District, Dickinson, North Dakota as of December 31, 2015, and the respective changes in financial position – modified cash basis, thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to that matter.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2017, on our consideration of Dickinson Parks and Recreation District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Dickinson Parks and Recreation District's internal control over financial reporting and compliance.

DICKINSON PARKS AND RECREATION DISTRICT
Reconciliation of Governmental Funds Balance Sheet
to the Statement of Net Position - Modified Cash Basis - Governmental Funds
December 31, 2015

Total <i>Fund Balances</i> for Governmental Funds	\$ 2,342,160
---	--------------

Total *net position* reported for government activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and are not reported in the governmental funds.

Cost of Capital Assets	\$ 14,131,581	
Less Accumulated Depreciation	<u>(6,801,034)</u>	
Net Capital Assets		7,330,547

Long-term liabilities applicable to the Park District's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities (both current and long-term) are reported in the statement of net position. Balances at December 31, 2015 are:

Revenue Bonds Payable	(315,000)	
Notes Payable	<u>(1,168,137)</u>	
Total Long-Term Liabilities		<u>(1,483,137)</u>

Total Net Position of Governmental Activities	\$ <u>8,189,570</u>

The accompanying notes are an integral part of this statement.

DICKINSON PARKS AND RECREATION DISTRICT
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and
Changes in Fund Balances to the Statement of Activities - Modified Cash Basis - Governmental Funds
For the Year Ended December 31, 2015

Net Change in Fund Balances - Total Governmental Funds	\$ 21,154
--	-----------

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year.

Capital Assets Purchased	\$ 909,677	
Current Year Depreciation Expense	<u>(724,499)</u>	
		185,178

In the statement of activities, only the gain(loss) on the sale of assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the book value of the assets disposed.

Gain/(Loss) on Disposal of Assets	(6,552)	(6,552)
-----------------------------------	---------	---------

The proceeds of debt issuances are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position, issuing debt increases long-term liabilities and does not affect the statement of activities. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which debt proceeds exceeded repayment debt.

Repayment of Debt	<u>372,903</u>	<u>372,903</u>
-------------------	----------------	----------------

Change in Net Position of Governmental Activities	\$ <u>572,683</u>
---	-------------------

The accompanying notes are an integral part of this statement.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Dickinson Parks and Recreation District, Dickinson, North Dakota, have been prepared on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The more significant of the government's accounting policies are described below.

Reporting Entity

In accordance with Governmental Accounting Standards Board Statement No. 14 The Financial Reporting Entity, for financial reporting purposes the District's financial statements include all accounts of the District's operations. The criteria for including organizations as component units within the District's reporting entity include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is a fiscal dependency by the organization on the District

Based on these criteria, there are no component units to be included within the Dickinson Parks and Recreation District as a reporting entity.

Basis of Presentation

Government-wide Financial Statements:

The statement of net position and statement of activities display information about the primary government, Dickinson Parks and Recreation District. These statements include the financial activities of the overall government. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. The effect of interfund activity has been eliminated from the government-wide financial statements.

The statement of net position reports all financial and capital resources, in a net position form (assets minus liabilities equal net position). Net position is displayed in three components, as applicable, net investment in capital assets, restricted (distinguishing between major categories of restrictions), and unrestricted.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are clearly identifiable with a specific function. Program revenues consist of fees and charges paid by the recipients of goods or services offered by the programs and operating grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. General revenues, including taxes, are those revenues that are not classified as program revenue.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fund Financial Statements

The fund financial statements provide detailed information for governmental funds. The fund statements' emphasis is on major governmental funds.

The District reports the following major governmental funds for the year ended December 31, 2015:

General Fund - This is the District's primary operating fund. It accounts for all financial resources of the government, except those required to be accounted for in another fund.

Park Land Development Fund - This fund accounts for the accumulation of resources to be used for the development of park land held by the District.

Capital Improvement Fund - This fund accounts for the accumulation of resources for construction and maintenance of Park District Facilities.

Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus.

The government-wide financial statements are reported using the modified cash basis of accounting. Under this method, revenue is recognized when collected rather than when earned, and expenditures are generally recognized when paid rather than when incurred. This basis differs from accounting principles generally accepted in the United States of America because accounts receivable, accounts payable and accrued expenses are not included in the financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified cash basis of accounting. Under this method, revenue is recognized when collected rather than when earned, and expenditures are generally recognized when paid rather when incurred.

Only capital assets and long-term debt recorded under the basis of accounting described above are included on the statement of net position. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Non-exchange transactions include transactions in which the District receives value without directly providing value in return. Non-exchange transactions include grants, entitlements, and donations. Under the modified cash basis of accounting the revenue from non-exchange transaction will be recorded when it is collected.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The District follows the pronouncements for the Governmental Accounting Standards Board (GASB), which is the nationally accepted standard setting body for establishing accounting principles generally accepted in the United States of America for all governmental entities. For the government-wide financial statements, the District follows all applicable GASB pronouncements to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with GASB pronouncements.

Equity Classifications

Government-wide Statements

Net position represents the difference between assets and liabilities. Net position is displayed in three components:

1. Net investment in capital assets – consists of capital assets, including restricted capital assets, net of accumulated depreciation (if applicable) and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, and adding back unspent proceeds.
2. Restricted net position – Consists of net position with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (b) law through constitutional provisions or enabling legislation.
3. Unrestricted net position – All other net position that do not meet the definition of “restricted” or “net investment in capital assets.”

Restricted and Unrestricted Resources

It is the District’s policy to first use restricted net position, prior to the use of unrestricted net position, when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Fund Balance Classification

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form -inventories; or (b) legally or contractually required to be maintained intact.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

- Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Formal action of the highest level of decision making authority is needed to rescind fund balance constraints for specific purposes.
- Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Park Board and Director.
- Unassigned – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District does not have a formal minimum fund balance policy.

Program Revenues

In the government-wide statement of activities, reported program revenues derive directly from the program itself or from parties other than the District's taxpayers or citizenry, as a whole. Program revenues are classified into three categories as follows:

1. Charges for services – these arise from charges to customers, applicants, or others who purchase, use, or directly benefit from the goods, services, or privileges provided, or are otherwise directly affected by the services.
2. Program – specific operating grants and contributions- these arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for use in a particular program.
3. Program – specific capital grants and contributions – these arise from mandatory and voluntary nonexchange transactions with other governments, organizations, or individuals that are restricted for the acquisition of capital assets for use in a particular program.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, money market accounts and highly liquid short-term investments with original maturities of three months or less.

Capital Assets

Capital assets include plant and equipment. Assets are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or more. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Infrastructure	15-40
Buildings	15-40
Land Improvements	15-40
Equipment and vehicles	5-20

Long- Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums, discounts and issuance costs are recognized in the current period.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Interfund Transactions

In the governmental fund statements, transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except reimbursements, are reported as transfers.

In the government- wide financial statements, interfund transactions have been eliminated.

Budgets

The park board adopts a budget on the modified cash basis.

- On or before September 10th of the preceding fiscal year, the park district prepares a preliminary budget for the next succeeding year beginning January 1st. The preliminary budget includes a detailed breakdown of the estimated revenues and appropriations.
- The final budget and tax levy must be approved by October 7th. The final budget must be submitted to the county auditor no later than October 10th.
- The governing board may amend the budget during the year for any revenue and appropriations not anticipated at the time the budget was prepared. The budget amendments must be approved by the board and the approval must be noted in the proceeding of the board.
- All annual appropriations lapse at year-end.

NOTE 2 DEPOSITS

In accordance with North Dakota Statutes, the District maintains deposits at the depository banks designated by the governing board. All depositories are members of the Federal Reserve System.

Deposits must either be deposited with the Bank of North Dakota or in another financial institution situated and doing business within the state. Deposits, other than with the Bank of North Dakota, must be fully insured or bonded. In lieu of a bond, a financial institution may provide a pledge of securities equal to 110% of the deposits not covered by insurance or bonds.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 2 DEPOSITS – CONTINUED

Authorized collateral includes bills, notes, or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, Federal land bank bonds, bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investment companies registered under the Investment Companies Act of 1940, and all other forms of securities issued by the State of North Dakota, its boards, agencies or instrumentalities or by any park, city, township, school district, park district, or other political subdivision of the State of North Dakota whether payable from special revenues or supported by the full faith and credit of the issuing body and bonds issued by another state of the United States or such other securities approved by the banking board.

At December 31, 2015, the District's carrying amount of deposits was \$2,353,331. The bank balances as of December 31, 2015 were \$2,390,123. Of the bank balances, \$250,000 is covered by the Federal Depository Insurance; the remainder is covered by securities held by the pledging financial institutions' agent not in the District's name.

Interest Rate Risk

The District does not have a formal investment policy that limits investments as a means of managing its exposure to fair value losses arising from changing interest rates.

Credit Risk

The District may invest idle funds as authorized in North Dakota Statutes, as follows:

- a) Bonds, treasury bills and notes, or other securities that are a direct obligation insured or guaranteed by, the treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of Congress.
- b) Securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are the type listed above.
- c) Certificates of deposit fully insured by the federal deposit insurance corporation.
- d) Obligations of the state.

Concentration of Credit Risk:

The park district does not have a limit on the amount the District may invest in any one issuer.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 3 INTERFUND TRANSFER

Interfund activity at December 31, 2015 consisted of the following:

<u>Fund</u>	<u>Transfers in</u>	<u>Transfers out</u>
General	\$ 16,873	\$ -
Other governmental	<u> -</u>	<u> 16,873</u>
Total Transfers	<u><u>\$ 16,873</u></u>	<u><u>\$ 16,873</u></u>

The purpose of the interfund transfers is to move income on recreation programs to the debt service fund to assist in the payment of bonds.

2018	210,367	21,648
2019	72,935	15,495
2020	76,095	12,396
2021-2024	<u>256,019</u>	<u>17,248</u>
Total	<u>\$ 1,168,137</u>	<u>\$ 135,628</u>

NOTE 6 RISK MANAGEMENT

Dickinson Parks and Recreation District is exposed to various risks of loss relating to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

In 1986 state agencies and political subdivisions of the state of North Dakota joined together to form the North Dakota Insurance Reserve Fund (NDRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. The District pays an annual premium to NDRF for its general, auto, and inland marine insurance coverage. The coverage by NDRF is limited to losses of \$2,000,000 per occurrence for general liability and auto and \$965,360 for inland marine.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 6 RISK MANAGEMENT – CONTINUED

Dickinson Parks and Recreation District also participates in the North Dakota Fire and Tornado Fund and the State Bonding Fund. The District pays an annual premium to the Fire and Tornado Fund to cover property damage to buildings and personal property. Replacement cost coverage is provided by estimating replacement cost in consultation with the Fire and Tornado Fund. The Fire and Tornado funds are reinsured by a third-party insurance carrier for the losses in excess of \$2 million per occurrence during a 12 month period. The State Bonding Fund currently provides the District with blanket fidelity bond coverage in the amount of \$838,000 for its employees. The State Bonding Fund does not currently charge any premium for this coverage.

Dickinson Parks and Recreation District has workers compensation with the North Dakota Workforce Safety and Insurance. The District participates in the NDPERS insurance plan. The District pays 80% of the cost for the health insurance policy for all full-time employees and withholding the remaining 20% from employees' payroll. The District pays \$30 per month toward dental and or vision insurance for all full-time employees who want to participate in one or both plans.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

NOTE 7 PENSION PLAN

The District participates in the City of Dickinson's employee pension plans. The first of which is a cost sharing multiple-employer defined benefit pension plan. The second of which is a multiple employer defined contribution plan. Dickinson Parks and Recreation District, reimburses the City of Dickinson for actual costs contributed to the pension plans described below. For the year ended December 31, 2015, the City of Dickinson implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB statement No. 71 *Pension Transition for Contributions Made Subsequent to the Measure Date*. The net pension liability, deferred outflows of resources, and deferred inflows of resources for Dickinson Parks and Recreation District have not been segregated.

Plan Description

The plans provide for retirement benefits to plan members and beneficiaries. City ordinance provides that all employees will become participants upon employment.

Multiple-employer defined benefit pension plan: Until 2006, eligible employees participated in the defined benefit plan. Benefits become fully vested after 7 years of service. Employees who retire at or after age 62 with 15 years of credited service or after 30 years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.3 percent of the final average compensation multiplied by the number of full and remaining fractional years of service completed by the participant or by a monthly benefit equal to one-twelfth of 3.3 percent of the total basic compensation for each full year and completed month of service. The amount used is the greater of the two calculations.

Dickinson Parks and Recreation District
Notes to the Financial Statements
December 31, 2015

NOTE 7 PENSION PLAN – CONTINUED

Employees contribute five percent of eligible compensation to the plan. The District is required to contribute the remaining amounts necessary to fund the plans on a sound actuarial basis as determined by the City of Dickinson. The District makes an annual contribution as determined by the City of Dickinson actuarial calculations.

Multiple employer defined contribution plan: Since 2006, eligible employees have participated in the defined contribution plan. Benefits become fully vested after 3 years of service. Employees and the District each contribute five percent of recognized compensation to the plan. All contributions are credited to the employee's account and are invested at the employee's direction.

Contributions: The District's required and actual contributions to the City of Dickinson defined benefit plan for the years ended December 31, 2015, 2014, and 2013 were \$202,422, \$163,563 and \$168,656, respectively. Employer contributions to the defined contribution plan are five percent of the covered salary. The Districts required and actual contributions to the City of Dickinson defined contribution plan for the years ended December 31, 2015, 2014, and 2013 were \$33,970, \$31,864, and \$21,060, respectively. The City of Dickinson issues a publicly available financial report that includes the financial statements and the required supplementary information for the defined benefit plan. That report may be obtained by writing to City of Dickinson, 99 2nd St. E, Dickinson, ND 58601.

NOTE 8 COMMITMENTS

Dickinson Parks and Recreation District has entered a pledge agreement committing \$1,000,000 to the city for the completion of the West River Expansion Projects. Payments will be in annual installments of \$100,000 for 10 years. In 2015, Dickinson Parks and Recreation District has made one annual payment of \$100,000 leaving a remaining balance of \$700,000.

SUPPLEMENTARY INFORMATION***

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Park Board
Dickinson Parks and Recreation District
Dickinson, North Dakota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Dickinson Parks and Recreation District as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 1, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Dickinson Parks and Recreation District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Dickinson Parks and Recreation District's internal control. Accordingly, we do not express an opinion on the effectiveness of Dickinson Parks and Recreation District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider deficiency 2015-002 described in the accompanying schedule of findings to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider deficiency 2015-001 described in the accompanying schedule of findings to be a significant deficiency.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Compliance and Other Matters

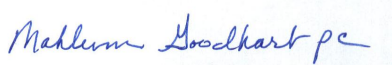

As part of obtaining reasonable assurance about whether Dickinson Parks and Recreation District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Dickinson Parks and Recreation District's Response to Findings

Dickinson Parks and Recreation District's responses to the findings identified in our audit are described in the accompanying schedule of findings. Dickinson Parks and Recreation District's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mahlum Goodhart, PC
Mandan, North Dakota
December 1, 2017

DICKINSON PARKS AND RECREATION DISTRICT
Schedule of Findings
For the Year Ended December 31, 2015

Finding 2015-001: Segregation of Duties

Condition – The District has a lack of segregation of duties in certain areas.

Criteria – A good system of internal control contemplates an adequate segregation of duties so that no individual has access to a transaction from inception to completion or can adjust and reconcile transactions.

Cause – There are a limited number of staff members available for these duties.

Effect – Inadequate segregation of duties could affect the Park District's ability to timely detect misstatements in amounts that would be material to the financial statements.

Recommendation – This is not unusual in an entity of your size, but the board should constantly be aware of this condition and realize that the concentration of duties and responsibilities in a limited number of individuals is not desirable from a control point of view. All accounting functions should be reviewed to determine if additional segregation is possible. We also recommend cross-training staff so that more than one employee could perform each function if necessary.

Management's Response – We are aware of this issue and accept the risks. As a small organization with limited staff, we have internal controls to mitigate this as much as possible.

Finding 2015-002: Preparation of Financial Statements

Condition – A good system of internal control contemplates an adequate system for the preparation of the financial statements, including the notes to the financial statements.

Criteria – The Park District does not have an internal control system designed to provide for the preparation of the financial statements being audited, including the notes to the financial statements. As auditors, we were requested to draft the financial statements and the accompanying notes to the financial statements.

Cause – The preparation of financial statements and related notes is very technical and requires a significant amount of time.

Effect – Inadequate controls over financial reporting of the Park District results in more than a remote likelihood that the Park District would not be able to draft the financial statements and accompanying notes to the financial statements that are materially correct without the assistance of the auditors.

Recommendation – This is not unusual in an entity of your size. It is the responsibility of management and those charged with governance to make the decision as to whether to accept the degree of risk associated with this condition because of cost or other considerations.

Management's Response – We are aware of this issue and accept the risks. We produce financial statements for the board each month that gives the detail needed. The full financial statements prepared by our auditors are only needed on an annual basis.
