City of Minot

Finance Department

April 22, 2017

To the Honorable Mayor,
City Council, and
Citizens of the
City of Minot, North Dakota

Ladies and Gentlemen,

The City Council requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the City by independent certified public accountants selected by the City Council. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of the City of Minot, North Dakota, for the fiscal year ended December 31, 2016. The City Finance Department prepares this set of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the City of Minot (the City). Consequently, management assumes full responsibility for the completeness and reliability for all the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of these financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive

framework of internal controls provides reasonable rather than absolute assurance the financial statements will be free from material misstatement.

As management, we assert, to the best of our knowledge and belief, these financial statements are complete and reliable in all material respects.

Eide Bailly, LLP, a firm of licensed certified public accountants, have audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance the financial statements of the City for the fiscal year ended December 31, 2016 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor's report has been included as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grants and/or agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section of this report.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A. The City's MD&A is immediately following the report of the independent auditors.

Profile of the City of Minot

The City, incorporated on July 16, 1887, is located in the north central part of North Dakota. The City currently occupies a land area of approximately 27.76 square miles and serves a population of 40,888 based on the 2010 census. Located twelve miles north of the City, and a definite part of the community, is one of the nation's largest Air Force bases. The economic impact of the Minot Air Force Base on the City during 2016 was approximately \$591 million. During 2016, the Minot Air Force Base had over \$111 million in construction, services and other expenditures. Minot Air Force Base serves as the home for over 12,129 active duty personnel and their dependents. Many of the personnel assigned to the base choose to reside in the City during their tour of duty and after their discharge. The relationship between the citizens of Minot and the citizens of the base is one of cooperation and friendliness.

The City is empowered to levy a property tax on real property located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council. During 2016, the property valuations for building permits decreased by over \$89.6 million compared to 2015 due in part to a reduction in market values and apartment vacancies being up while rents are down. New residential buildings decreased by \$21.7 million primarily due to multi-family residences and single family declining by \$16.4 million and \$5.3 million, respectively. New nonresidential buildings decreased by \$67.8 million primarily due to an increase in commercial and nonresidential remodels and additions of \$1.5 million and a decrease of \$30.7 million in schools, a decrease of \$5.4 million in office, banks, and professional buildings, and a decrease in industrial, governmental, and retail businesses of \$11.2 million, \$5.2 million, and \$15.3 million, respectively.

The City has had a moderate level of growth in property values in the past couple of years. Based on the results of the City Council passing an ordinance, the first penny sales tax was reallocated to the following as of July 1, 2014: property tax relief 10%; economic development 15%; improvements fund 25%; and flood control 50%. This reallocation continues to enable the City to reduce the number of mills levied.

In 1972, the citizens of the City voted to operate under a Home Rule Charter, with a council-manager

form of government. Policy-making and legislative authority vest in a City Council consisting of the mayor and 14 council members. The City Council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the council, and for overseeing the day-to-day operations of the City government. The council is elected on a non-partisan basis. Council members serve four-year staggered terms, with seven council members elected every two years by ward. The mayor is elected to serve a four-year term and is elected at large.

The City provides a full range of services contemplated by statute or charter. This includes police and fire protection, the construction and maintenance of highways, streets, and other infrastructure, sanitation, planning and community development, water and sewer, cemetery, airport, and general administrative services necessary to serve the citizens of the City.

The annual budget serves as the foundation for the City's financial planning and control. All departments and agencies submit requests for appropriations to the City Manager in June of each year for the ensuing year's budget, which begins January 1. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund and major special revenue funds this comparison is presented on pages 28 through 30 as part of the basic financial statements for the governmental funds. The major debt service fund comparison can be found on page 73. For nonmajor governmental funds, other than the general fund, with appropriated annual budgets, this comparison is in the governmental fund subsection of this report, beginning on page 83.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the City operates.

Local Economy. Minot's centralized location in North America and its high-quality transportation make it an attractive site for both businesses and manufacturers. The sales tax base, the oil industry, and construction are all factors that build a solid foundation for business and industry to enjoy greater

productivity and profitability.

Sales Tax Collections		Property Tax Levied	
2012	\$ 26,705,354	2012	\$ 9,408,148
2013	24,850,061	2013	12,449,978
2014	27,245,883	2014	14,505,927
2015	26,035,551	2015	16,451,633
2016	21,375,144	2016	17,616,035

During 2011, the City incurred the worst flooding in history. Despite the millions of dollars in damages, the financial position of the City remains sound with management continuing to administer the financial policies established by the City Council in a prudent and effective manner as shown in the table below. A continuation of that cooperative effort will assure the citizens a healthy future.

Assets, Liabilities and Net Position Per Capita				
		Total	Total	
		Assets	Liabilities	
		Deferred	Deferred	Net
Population	Outflow	Inflow	Position	
2012	40,888	\$ 8,970	\$ 1,194	\$ 7,776
2013	40,888	12,401	1,738	10,663
2014	40,888	16,467	2,331	14,136
2015	40,888	19,413	4,625	15,053
2016	40,888	20,651	4,583	16,068

Expenses and Program Revenues Per Capita						
		Charges	Operating	Capital		
		for	Grants and	Grants and		
Population	Expenses	Services	Contributions	Contributions	Change	in Net
2012	40,888	\$ 1,702	\$ 897	\$ 308	\$ 1,144	\$ 1,770
2013	40,888	1,638	768	370	1,160	1,472
2014	40,888	1,858	668	201	1,869	1,844
2015	40,888	2,641	913	414	3,878	3,912
2016	40,888	2,684	932	144	1,442	1,015

Ratio of Net Position to Expenses		
	Governmental	Business-Type
	Activities	Activities
2012	4.35	5.02
2013	5.27	6.43
2014	5.20	8.12
2015	4.39	8.50
2016	5.35	6.92

Long-Term Financial Planning. The City continually plans for anticipated construction projects and infrastructure needs. Cash reserves have been capped by the Finance Director effective September 30, 2011 in the Sales Tax Northwest Area Water Supply Project (NAWS) Fund that received a 1% dedicated sales tax. The NAWS project will bring

Missouri River water to Minot and Northwest North Dakota, ensuring an adequate water supply for the future, and has an estimated \$213 million in expenditures remaining with 35% or \$74.6 million of that cost to be paid with sales tax funds. The City has \$33 million saved for this purpose. The project will extend to Northwest North Dakota. The voters opted to continue collecting the 1% sales tax, formerly for NAWS, and dedicate 30% to property tax relief, 40% to infrastructure projects and 30% to community facilities. However, if additional funds are needed for NAWS, the Finance Director may reallocate funds back to the project. A sales tax ad hoc committee has been established to determine the needs of the project funding which includes City of Max biota plant.

The sales tax ad hoc committee is also addressing the flood control funding for phases 1-4. Currently, 50% of the first penny is dedicated to flood control. Based on legislative house bill 1020, \$193 million will be dedicated to this project. The City of Minot will be required to match the funds by 35%, which would require more sales tax funds dedicated to flood control.

The NAWS and flood control funding will be addressed in the 2018 budget for the City.

The City of Minot is also the recipient of three separate allocations of funding from the U.S. Department of Housing and Urban Development Community Block Grant – Disaster Recovery Funds. The first allocation was in April 2012 for \$67,575,964. The second allocation was in April 2014 for \$35,056,000. The third allocation was in January 2016 for \$74,340,770. Each allocation has spent the following funds, respectively: \$58,082,799, \$29,279,592, and \$1,655,073 as of December 31, 2016. The first allocation is considered “no year funds”, which means there is not a date by which the funds must be spent. However, the City has completed an Action Plan, which has been approved by the City Council for expenditure for the funds to include housing rehabilitation and reconstruction, and public infrastructure. The second allocation has obligated a portion of the gross funds to home acquisitions, demolitions, and street repairs. The obligated funds must be spent in two years. The third allocation will be obligated to reduce flood risk and increase resilience, build affordable, resilient neighborhoods, and foster economic resilience and diversification.

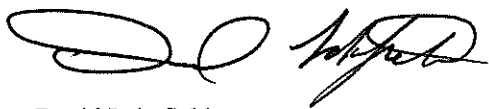

The City has completed several major highway projects in recent years with additional projects planned for 2017. Other projects planned for the future include water and sewer, storm sewer, and special assessment projects. These projects will be funded with CDBG-DR, oil impact grants, storm sewer development funds, State Water Commission funds, and debt, thereby increasing the per capita debt. The per capita debt is deceiving in that not all the debt service payments will be paid through general property taxes but rather with dedicated revenue sources to fund portions of each of these projects.

Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Minot for its' Comprehensive Annual Financial Report for the fiscal year ended December 31, 2015. This was the 37th consecutive year the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the City must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the Government Finance Officers Association to determine its eligibility for another certificate.

Acknowledgements. The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the department who assisted and contributed to the preparation of this report. I would also like to thank the Mayor and City Council for their unfailing support and for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Independent Auditor's Report

To the Honorable Mayor and City Council
City of Minot, North Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Minot, North Dakota (the City) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Minot, North Dakota, as of December 31, 2016, and the respective changes in financial position and, where, applicable, cash flows thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the City of Minot's 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated April 21, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of contributions, schedule of net pension liability, schedule of changes in net pension liability, schedule of investment returns, and schedule of funding progress be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Boards who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Minot, North Dakota's financial statements. The introductory section, schedule of revenues, expenditures, and changes in fund balance – budget and actual – major debt service fund, combining and individual nonmajor fund statements and schedules, capital assets used in the operation of governmental funds, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of revenues, expenditures, and changes in fund balance – budget and actual – major debt service fund, combining and individual nonmajor fund statements and schedules, capital assets used in the operation of governmental funds, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated April 21, 2017 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Management's
Discussion
and
Analysis

Management's Discussion and Analysis

As management of the City of Minot, we are pleased to offer readers of the City of Minot's financial statements this narrative overview and analysis of the City's financial activities for the fiscal year ended December 31, 2016, with comparative data for the fiscal year ended December 31, 2015. We encourage readers to consider it in conjunction with the additional information presented in the accompanying letter of transmittal, the basic financial statements, the fund financial statements, and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- The net position of the City increased by over \$41.5 million or 6.7%. The increase was due to a \$109.9 million decrease in revenues with \$99.5 million decrease in capital grants and contributions and over \$11.0 million decrease in operating grants and contributions. Program expenses increased by nearly \$1.8 million with business type activities increasing in expenses by \$10.4 million and governmental expenses decreasing by \$8.6 million. Overall governmental and business-type activities netted to a negative change in net position prior to general revenues of \$6.7 million with the governmental activities reporting a negative change in net position of \$23.7 million and the business type activities reporting a positive change in net position of \$17.0 million.
- During 2016 capital assets, net of depreciation, increased by over \$75.1 million compared to 2015. Construction in progress decreased by over \$60.9 million compared to 2015 largely in part to airport projects totaling over \$52.9 million that went into service in 2016. Land increased nearly \$13.9 million due to acquisitions for flood control in the City. Buildings increased over \$48.9 million due to the new airport terminal, new fire station, and public works building expansion. Equipment purchases increased over \$7.1 million. Over \$6.1 million of that was for the airport due to equipment in the new terminal, jet bridges, and the remaining \$1.0 million increase was due to the parking ramps equipment and a new fire truck purchase.
- Infrastructure increased over \$66.1 million. Governmental accounted for almost \$32.1 million of the increase and business-type accounted for over \$34.0 million. Several large street projects occurred in 2016, road upgrades in SW Minot for over \$6.4 million, downtown parking ramps for over \$18.5 million, and the downtown infrastructure project for over \$7.2 million. There were several water and sewer projects that went into service in 2016, 55th St SE had projects totaling over \$29.9 million, downtown infrastructure spent over \$3.2 million, and various other projects during 2016.
- Highway and street program expenses decreased by over \$8.6 million which was due to street maintenance projects completed in 2015 funded with Community Development Block Grant – Disaster Recovery funds. Airport program expenses increased over \$4.5 million due to completion of the terminal which included a \$1.7 million loss for the demolition of the old terminal and an increase in depreciation due to the addition to capital assets of the terminal. Water and Sewer increased in program expenses by nearly \$5.2 million due to depreciation of more infrastructure projects over the past few years and pension expense. Public safety program expenses increased \$3.9 million with \$2.2 million due to pension expenses.
- The unassigned fund balance for the General Fund was over \$24.4 million or 79.2% of the total general fund expenditures. This is a decrease from 2015 of over \$0.2 million.
- As of December 2016 the price per barrel for oil was \$45.32 which was over \$20.50 higher per barrel than January 2016. In 2016 North Dakota produced 29.2 million barrels of oil which is a decrease of 18.2% from one year prior. Fluctuations in the price of oil can be a factor in attributing to lower sales tax money. When oil prices or production are down or fluctuate highly it can cause chain reactions of less consumer spending which ultimately lowers the amount of sales tax dollars received by a government.

Management's Discussion and Analysis

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements. The comprehensive annual financial report presents the following three components of the financial statements:

1. Government-wide financial statements provide information for the City as a whole.
2. Fund financial statements provide detailed information for the City's significant funds.
3. Notes to the financial statements provide additional information essential to understanding the government-wide and fund statements.

This report also contains other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the assets plus deferred outflows of resources and liabilities plus deferred inflows of resources reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

Since the 2011 flood the City's net position has improved from \$245.5 million to \$656.9 million. This is an increase of \$411.4 million or 159.7%. The majority of the funding for this increase came from grants and contributions as the City only bonded for \$108.0 million during this same time frame.

The Statement of Activities presents information on how the City's net position changed during the most recent fiscal year. This statement uses the accrual basis of accounting, which means the City reports changes in net position as soon as the underlying event that gives rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (for example, uncollected sales tax, and earned but unused vacation leave).

Both the Statement of Net Position and the Statement of Activities present information as follows:

- Governmental activities – This includes most of the City's basic services, with property and sales taxes, interest income, user fees and intergovernmental revenues supporting it.
- Business-type activities – This includes those services which are intended to recover all or a significant part of their costs through user fees.

The government-wide financial statements begin on page 18.

Fund Financial Statements

A *fund* is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The City of Minot, like other state and local governments, uses fund

Management's Discussion and Analysis

accounting to ensure and demonstrate compliance with finance-related legal requirements.

The fund financial statements provide detailed information about the City's significant funds – not the City as a whole. There are three categories of City funds– governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental fund statements provide a detailed short-term view of the government operations and the basic services it provides, and are reported on the modified accrual basis of accounting which focuses on available spendable resources. This allows the reader to evaluate the City's short-term financing requirements. Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between the governmental funds and the government-wide financial statements. The City maintains 29 individual governmental funds. The City presents separate information in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the general fund, and the following major funds: sales tax NAWS, special assessment debt service, highway reserves, capital purchases, and storm sewer development. Data from the other governmental funds are combined in a single, aggregate presentation. Combining statements provide individual fund data for each of these nonmajor governmental funds, which begin on page 74.

The City adopts an annual budget for its governmental funds. Budgetary comparison statements demonstrate compliance.

The governmental fund financial statements begin on page 20.

Proprietary Funds. The City maintains two types of proprietary funds, enterprise and internal service. Enterprise funds report activities that charge for services provided to outside customers. The enterprise funds are business-type activities in the government-wide statements. The City uses enterprise funds to account for its Airport, Sanitation, and Water and Sewer operations, as major funds, and its Cemetery and Parking Authority operations, as nonmajor funds. Internal Service funds report activities that provide supplies and services to other City programs and activities. The City of Minot uses internal service funds to account for its central garage and for the self-funded insurance program. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Proprietary fund statements provide the same type of information as the government-wide statements, only in more detail. The City combines both internal service funds in a single, aggregate presentation in the proprietary fund financial statements. The City provides individual fund data for the nonmajor proprietary funds in the form of combining statements, which begin on page 114. Individual fund data for the internal service funds are also in the form of combining statements beginning on page 118. The basic proprietary fund statements begin on page 32

Fiduciary Funds. Fiduciary funds account for resources held for the benefit of parties outside the government. The City is a trustee for its employees' pension and other post-employment benefit plans. It is also responsible for other assets held on behalf of others. The City is responsible for ensuring the assets reported in these funds are used for their intended purpose. The City reports fiduciary activities in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities have been excluded from the City's other financial statements since the City cannot use these assets to finance its operations. The accounting used for fiduciary funds is similar to

City of Minot

Management's Discussion and Analysis

proprietary funds. The basic fiduciary fund statements begin on page 38.

Notes to the Financial Statements

The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 40-64 of this report.

The City presents combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds immediately following the notes to the financial statements. Combining and individual fund statements and schedules are on pages 74-128 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following two table's present condensed information on the City's Net Position and Changes in Net Position for the fiscal year ended December 31, 2016, with comparative data for the fiscal year ended December 31, 2015. Assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$656,988,264 at the close of the most recent fiscal year.

The largest portion of the City of Minot's net position (79.5%) reflects its investment in capital assets (e.g. land, buildings, equipment, infrastructure, intangibles, and books); less any

related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City reports investment in capital assets net of related debt, the resources needed to repay this debt comes from other sources, since the City cannot liquidate the capital assets to pay the liabilities. A portion of the City's net position (13.2%) represents resources subject to external restrictions on how they may be used. Restricted net position includes amounts restricted for sales tax property tax relief \$466,078, for economic development projects \$7,642,551, for sales tax improvements \$5,618,656, for sales tax flood control \$12,983,515, for the NAWs project \$33,063,703, for sales tax infrastructure \$9,361,205, for sales tax community facilities \$5,640,828, and \$12,356,379 for debt service. The unrestricted net position of \$47,093,267 is to meet the government's ongoing obligations to citizens and creditors.

There are no restrictions, commitments, or other limitations that significantly affect the availability of fund resources for future use. At the end of 2016, the City is able to report positive balances in all three categories of net position for the government as a whole, as well as for governmental and business-type activities.

Changes in Net Position. The City's net position increased over \$41.5 during 2016. The increase was a combination of items, program

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Management's Discussion and Analysis

expenses increased by nearly \$1.8 million, of that over \$8.6 million were savings in governmental activities and over \$10.4 million was an increase in business-type activities. Program revenues were down from 2015 due largely to capital grants and contributions going down over \$99.5 million between governmental and business-type activities. Charges for services increased over \$0.7 million, a decrease of governmental of over \$0.3 and an increase in business-type of over \$1.0 million.

Governmental Activities. Governmental program revenues decreased over \$56.6 million largely due to operating and capital grants and contributions decreasing nearly \$46.1 million. Governmental program expenses decreased by over \$8.6 million. Overall the general government program expenses increased over \$0.28 million, public safety increased over \$3.9 million, highways and street decreased over \$8.6 million, due largely to street maintenance

projects from 2015 funded with CDBG-DR funds, culture and recreation and economic development decreased over \$2.1 million each.

Business-Type Activities. Business-type program revenues decreased by over \$53.3 million during 2016 due to decreases in capital grants and contributions of over \$53.4 million. Business-type program expenses increased by over \$10.4 million in 2016 due to increases in expenses in Water and Sewer of over \$5.1 million due to an increase in infrastructure projects and Minot International Airport of over \$4.5 million due to a loss of over \$1.7 million from the demolishing of the old terminal as well as an increase in depreciation expense of over \$2.0 million from 2015. The terminal was capitalized in 2016 which was over \$46.4 million which will be depreciated over 15-40 years. The charts on pages 11 and 12 summarize the City's revenues and expenses for both governmental and business-type activities.

Management's Discussion and Analysis

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

The City of Minot uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required statutorily while others are internally set up to assist management in accounting for certain activities.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, an unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of 2016, the City's governmental funds reported combined ending fund balances of over \$131.9 million, a decrease of over \$0.4 million in comparison with 2015. Revenues for the period decreased over \$34.0 million due to a decrease of over \$27.6 million intergovernmental revenues, an increase in property tax collections of \$0.9 million, a decrease in special assessment collections of \$0.8 million, and a decrease in sales tax collections of over \$4.6 million while expenditures decreased over \$16.1 million due to decreases in general government by \$10.5 million, public safety expenditures increased by \$1.4 million, a decrease in highway and streets expenditures over \$1.4 million, decreases in both culture and recreation and economic development expenditures over \$2.1 million each, a decrease in capital outlay contracted work of \$4.4 million, and an increase of over \$2.1 million for capital outlay acquisitions. The City also issued over \$10.1 million in general obligation bonds in 2016 to fund expenditures for a bridge replacement and road reconstruction and upgrades and issued \$.78 million to fund special assessment districts. The governmental funds nonspendable fund balance is \$2,937,111, restricted fund balance \$80,252,754, assigned fund balance \$24,502,570, and unassigned fund balance \$24,221,366.

The **General Fund** is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the general fund

was \$24,487,188. As a measure of the general fund's liquidity, it may be useful to compare the unassigned fund balance to total fund expenditures. The unassigned fund balance represents nearly 79.2% of total general fund expenditures.

The City of Minot's general fund fund balance increased by \$524,744 during the current fiscal year. This increase resulted from expenditures being at or lower than what was budgeted for all departments and revenues being higher than expected for 2016. In total all expenditures were \$6.2 million below budget and revenues for the general fund were also down by over \$4.7 million compared to the budget.

The **Sales Tax NAWS Fund** had a decrease in fund balance of \$1,036,720 due to the increase in expenditures.

The **Special Assessment Debt Fund** increased its fund balance by \$858,565 due to revenues being more than expenditures during 2016.

The **Highway Reserve Fund** increased in fund balance by over \$2.7 million due to bonding in the amount of over \$10.1 million to cover construction expenditures. Capital outlay contracted work expenditures were up over \$9.1 million compared to 2015. The downtown infrastructure project will start its last phase of construction in 2017.

The **Capital Purchases Fund** decreased by over \$3.05 million due to capital purchases expenditures exceeding revenues. Capital outlay expenditures decreased overall by over \$9.3 million compared to 2015. Projects occurring in this fund include ongoing home acquisitions, which are funded with CDBG-DR funds and State Water Commission, public works building expansion, and downtown parking ramps construction.

The **Storm Sewer Development Fund** increased by \$145,501 due to revenues being higher than expected expenditures.

Proprietary Funds. The City of Minot's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Management's Discussion and Analysis

Unrestricted net position at the end of the year for the Enterprise Funds was \$22,366,807, of which Airport accounted for \$5,172,452, Sanitation \$52,869, Water and Sewer \$17,206,990 and the nonmajor funds accounted for (\$65,504). Cemetery has an unrestricted negative net position due to the net pension liability of \$499,203. Restricted net position was \$7,534,598 for bond covenants. The restrictions do not significantly affect the availability of fund resources for future use.

The change in net position for these funds was over \$13.5 million, due to an increase in charges for services of over \$1.2 million, and increase in expenses of over \$8.5 million. The City also issued over \$4.7 million in revenue bonds in 2016 to fund expenses for an aeration pond and blower building upgrades, and sewer and infrastructure projects.

**GENERAL FUND BUDGETARY
HIGHLIGHTS**

The differences between the original budget and the final amended budget was a decrease in revenues of over \$1.1 million and an increase in expenditure appropriations of over \$1.5 million. Differences between the final amended budget and actual amounts in the general fund consist of total revenues being over \$4.7 million less than budgeted and the expenditures being \$6.2 million less than budgeted. There is a total deficiency of actual revenues over expenditures of over \$7.1 million. After transfers the net change in fund balance was \$524,744.

**CAPITAL ASSET AND DEBT
ADMINISTRATION**

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2016, is \$628,973,202 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, infrastructure, intangibles, and books.

Major capital asset events during the current fiscal year included the following:

- Home Acquisitions
- New Fire Station
- Public Works building addition
- Airport Terminal
- Downtown infrastructure
- Water & Sewer infrastructure
- Donations of infrastructure
- A variety of other street construction projects

Additional information on the City of Minot's capital assets can be found in Note 4. E on pages 50-51 of this report.

Total outstanding debt	\$47,280,832	\$40,401,024	\$62,518,116	\$61,566,818	\$109,798,948	\$101,967,842

The City issued new debt for special assessment bonds of \$780,000, general obligation bonds of \$10,110,000, and water and sewer bonds of \$4,785,000. The City received a rating of Aa2 from Moody's.

The City's debt is limited to 8% of the assessed valuation of taxable property within the City of Minot or \$194,105,595. The City's legal debt margin is \$171,369,017. The net bonded debt per capita is \$502.55.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Projects in 2016, which boosted the economy in Minot included, Ward County jail expansion for \$24.4 million, Dakota Square Mall added on an addition for \$4.9 million, United Pulse Trading additional processing facilities for \$2.3 million, and several other condos, apartment buildings, restaurants and business remodels.

The 2017 City of Minot budget value of a mill increased from \$211,179 to \$229,680 per mill.

The mill levy for the City of Minot's 2017 budget is 79.26 mills – compared to 78.10 mills in 2016, an increase of 1.16 mills. The increase in the mills is due to an increase in operating expenditures.

Total appropriations for operations for 2017 increased over \$67.2 million dollars from 2016. This 53.5% increase is due to the CDBG-DR National Disaster Resilience Competition dollars being added into the 2017 budget for \$43.8 million, the flood control capital budget increased by over \$16.0 million, and the sanitation fund is up \$7.5 million due to an estimated land purchase of \$7.0 million.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the City's finances and to demonstrate the City's accountability for the money it receives for the citizens of Minot. If you have any questions about this report or need further information, contact the City of Minot Finance Department, 515 2nd Avenue SW or PO Box 5006, Minot, ND 58702 or visit us online at www.minotnd.org.

City of Minot, North Dakota
Reconciliation of the Governmental Funds Balance Sheet
To the Statement of Net Position
December 31, 2016

Total fund balances for governmental funds	\$131,913,801
--	---------------

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:

Land	\$	56,425,346	
Construction work in process		7,988,494	
Buildings, net of accumulated depreciation (\$8,295,670)		12,881,594

Books, net of accumulated depreciation (\$2,379,312)		<u>1,007,597</u>	
Total capital assets (Note 4. E)			291,525,906

A negative net pension and OPEB obligation should be reported as an asset in the government-wide statement of net position and in connection with proprietary and fiduciary funds.

Conversely, a negative net pension or OPEB obligation is not considered to represent a financial asset; therefore, it is not properly reported in a governmental fund.

39,993

Net pension liability and pension related deferred outflows and inflows of resources are not due in the current period and therefore are not reported in the funds. These amounts consist of:

Net pension liability	(47,268,560)		
Deferred outflows of resources		7,731,345	
Deferred inflows of resources		<u>(3,187,753)</u>	
Total net pension liability and related deferred outflows and inflows			(42,724,968)

Internal service funds are used by the City to charge the cost of the central garage and the City's self insurance to the individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position. They are not included in government-wide.

2,025,288

Some of the City's taxes and special assessments will be collected after year-end, but are not available soon enough to pay for the current period's expenditures; therefore, they are reported as deferred revenue in the governmental funds.

Deferred revenues taxes and special assessments	<u>14,774,678</u>		
Total taxes and specials not available			14,774,678

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities, both current and long-term, are reported in the statement of net position. (Note 2. A)

(\$47,581,099)

Total net position of governmental activities

\$349,973,599

City of Minot, North Dakota
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year-to-Date as of December 31, 2016

Net change in fund balances-total governmental funds	\$ (481,178)
--	--------------

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures; however, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. (Note 2. B)

40,662,523

Gross proceeds from the sale of capital assets is reported as revenue in the governmental fund; however, in the statement of activities only the gain or loss on the transaction is reported. (Note 2. B)

(287,677)

Bond proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of net position issuing debt increases long-term liabilities and does not affect the statement of activities; similarly, repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position. (Note 4. I)

Debt issued

Special assessment bonds issued	\$ (10,110,000)	
Premium on bonds issued	(949,616)	
General obligation bonds issued	(780,000)	
Repayments of bond principal	4,920,000	
Capital lease	(32,500)	
Payment on capital lease	12,577	
Annual amortization of leases, premiums, and discounts	<u>127,109</u>	

(6,812,430)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Pension expense	(2,705,057)
Other post-employment benefits (OPEB)	(462)
Interest expense	(32,648)
Compensated absences	(67,378)

Change in revenue accruals. The purpose of this adjustment is to recognize the net change in unavailable revenues. Under the modified accrual basis of accounting, revenues are not recognized unless they are deemed available to finance the expenditures of the current period. Accrual-basis recognition is not limited by availability, so certain revenues need to be reduced by the amounts unavailable at the beginning of the year and increased by the amounts unavailable at the end of the year. This adjustment records a net decrease in revenues unavailable at the end of the year which were less than beginning revenues by this amount.

New special assessment districts to be billed and collected annually	1,112,619	
Special assessment write-offs, foreclosures, and interest	439,870	
Amount shown as revenue in governmental funds	<u>(4,002,683)</u>	

(2,450,194)

Internal service funds are used by the City to charge the cost of the central garage and the City's self insurance to the individual funds. The net revenue of internal service funds is reported with governmental activities.

12,114

Change in net position of governmental activities	<u><u>\$ 27,837,613</u></u>

Notes to Financial Statements

NOTE 1-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The financial statements of the City have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the nationally accepted standard setting body for establishing GAAP for governmental accounting and financial reporting. With respect to both the government-wide and proprietary fund financial statements, the City has adopted GASB statement No. 62 *"Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements."* Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

B. REPORTING ENTITY

The City of Minot was incorporated on July 16, 1887. The City has been governed by a Council, with a part-time Mayor and 14 part-time Aldermen, since the citizens approved a home rule charter in 1972. The accompanying financial statements present the activities of the City of Minot. Only funds of the City have been included since the City does not have any blended or discrete component units.

C. BASIC FINANCIAL STATEMENTS (GASB 34)

The basic financial statements are prepared in conformity with GASB Statement No. 34 and presented on both the government-wide and fund financial level. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type.

Government-Wide Financial Statements

The government-wide financial statements, consisting of the Statement of Net Position and the Statement of Activities or Changes in Net Position, report information on all of the non-fiduciary activities. Reporting of the internal activities has been eliminated to avoid duplication on the statements.

Government activities, which normally are supported by taxes and intergovernmental revenues, are reported

separately from business-type activities, which rely significantly on fees and charges for support. The Statement of Activities demonstrates the degree the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those clearly identifiable with a specific function or segment. The City eliminates indirect expense allocations from the statement of financial activities. Program revenues include: 1) fines, fees, and charges for services to customers that benefit from the services provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. The City reports taxes and other items not properly included among program revenues as general revenues.

Fund Financial Statements

The fund financial statements report information at the individual fund level. Each fund is considered a separate accounting entity. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide statements. Major individual governmental funds and major individual enterprise funds are reported in separate columns in the fund financial statements. Nonmajor funds are consolidated into a single column within each fund type in the financial section of the basic financial statements and are detailed in the supplemental information.

D. FINANCIAL STATEMENT PRESENTATION

The financial transactions of the City are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts comprised of its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance or net position, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

GASB Statement No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements and are detailed in the combining statements section.

Notes to Financial Statements

The City reports the following major governmental funds:

The **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenue sources include property taxes, licenses and permits, state and county shared revenues, and charges for goods and services. In addition to general government, primary expenditures include public safety, highways and streets, culture and recreation, and economic development.

The **Sales Tax NAWS Fund** accounts for the collection of a one percent City sales tax. The collection on this tax was reallocated by the Finance Director effective October 1, 2011 due to sufficient funds available to pay the local share of the Northwest Area Water Supply project as projected at the time the collection was reallocated.

The **Special Assessment Debt Fund** is a debt service fund established to accumulate the resources from properties benefitted by special assessment districts used to pay the principal and interest on bonds for projects in special assessment districts.

The **Highway Reserve Fund** is used to account for the financing of highway improvement projects in the City of Minot funded by federal, state, and local funds.

The **Capital Purchases Fund** is a capital project fund used to fund capital purchases deemed beneficial to the citizens of Minot and funded by federal, state, and local funds.

The **Storm Sewer Development Fund** is a capital fund used to fund construction of new storm sewer districts within the City of Minot and is funded by a monthly charge on users of Minot's water bills.

The City reports the following major proprietary funds:

The **Airport Fund** is used to account for the activities of airline services to the residents of the City and the surrounding areas. The rates generate the primary funding source.

The **Sanitation Fund** is used to account for residential garbage collection as well as landfill services for the City. The residential and landfill

rates fund the expense and keep the fund self-supporting.

The **Water and Sewer Fund** accounts for the water and sewer services provided to the City. The rates are set to ensure the costs of services and infrastructure debt are adequate.

Additionally, the government reports the following fund types:

The **Internal Service Funds** account for health insurance and fleet management services provided to other departments of the government, or to other governments, on a cost reimbursement basis.

The **Fiduciary Trust Funds** account for the activities of the City Employee Pension Plan, which accumulates resources for pension, benefit payments to qualified employees, and the City's Other Post-Employment Benefits, which accumulate resources for OPEB payments to qualified employees.

The **Agency Funds** are used for assets held by the City as the agent for other individuals, private organizations, or other governmental units and/or funds. These funds include Payroll Deductions, Social Security, and Hotel/Motel and Motor Vehicle Taxes (collects lodging and motor vehicle taxes disbursed to the Convention and Visitor's Bureau and All Season's Arena).

E. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded, regardless of the measurement focus.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. This focus concentrates on the fund's assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Agency funds have no measurement focus. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Notes to Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This focus concentrates on the fund's resources available for spending currently or in the near future. Revenues are recognized when they become both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues available if they are collected within 30 days of the end of the fiscal year. Expenditures are generally recognized when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, sales taxes, municipal highway taxes, estate taxes, and franchise fees are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Only the portion of special assessment receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current period. All other revenues are considered measurable and available only when cash is received by the City.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City of Minot's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, MSWLF closure and post-closure care costs, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When fund balance resources are available for use, it is the government's policy to use restricted, committed, assigned, and unassigned resources as they are needed in that order.

The financial statements include certain prior-year summarized comparative information in total. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended

December 31, 2016, from which the summarized information was derived.

F. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY

Cash

Cash and cash equivalents are defined as short-term, highly liquid investments readily convertible to known amounts of cash and so near their maturity they present insignificant risk of change in value because of changes in interest rates.

Interest earnings are allocated to the funds based on an average balance in the cash account. Those funds that have an average negative balance in the cash account are charged interest at the rate earned by the cash account.

Investments

North Dakota state statute authorizes municipalities to invest their surplus funds in: a) bonds, treasury bills and notes, or other securities that are a direct obligation of, or an obligation insured or guaranteed by, the Treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of Congress; b) securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are of a type listed above; c) certificates of deposit fully insured by the federal deposit insurance corporation or by the state; and d) obligations of the state.

The Pension Trust Funds are authorized to invest all or part of their surplus funds in other investments by selecting a funding agent or agents to hold and invest such funds for the board and such funds shall be placed for investment only with a firm or firms whose primary endeavor is money management.

Method used to value investments. Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. For the pension and OPEB plans, independent valuation services are used along with appraisals for other investments. The net appreciation in fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation in fair value of investments during the year. Realized gains and losses

Notes to Financial Statements

on sales of investments are computed based on the difference between the sales price and the fair value of the investments as of the beginning of the year or cost if purchased during the year. Unrealized appreciation or depreciation is computed based on changes in the fair value of investments between years.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables and Payables

Transactions between funds representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “advances to/from other funds” (i.e., non-current inter-fund loans). All other outstanding balances between funds are referred to as “due to/from other funds” (i.e., current inter-fund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances.”

All receivables are shown net of an allowance for uncollectible accounts. This allowance is equal to estimated losses that may be incurred in collection of outstanding receivables.

All real estate is assessed as of the current value on February 1 of each year. Property taxes are attached as an enforceable lien on the real estate and become due on January 1 of the year following the assessment date. A 5% reduction of the taxes is allowed if the taxes are paid in full by February 15.

Penalty and interest are added on March 1 if the first half of the taxes is not paid. Additional penalty and interest are added October 15 to those taxes not paid. Taxes are collected by the County and remitted monthly to the City.

The City is permitted under provisions of the Home Rule Charter to levy taxes, as needed for general governmental services and payment of principal and interest on long-term debt.

Inventories and Prepaid Items

Inventories are valued at average cost (first-in, first-

out) in the proprietary funds and the governmental funds. The costs of inventory are recognized as expenditures in governmental funds and as expenses in proprietary funds when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods (consumption method) and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Assets whose use is restricted for construction, debt service, or the payment of specific claims and benefits have been classified as restricted assets as their use is limited by bond covenants or other externally imposed requirements.

Certain proceeds of the City’s airport and water and sewer enterprise funds revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. A construction account is established within the fund into which the proceeds of the bonds are deposited. A debt service account is established within the fund to set aside the net revenues of the utility each month an amount equal to not less than the sum of one-sixth of the interest due within the next six months plus one-twelfth of the principal to become due within the next twelve months.

Capital Assets

Capital assets, which include land, buildings, equipment, infrastructure assets (e.g., roads, bridges, street lights, and similar items), intangibles, and books, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure assets, are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The City reports infrastructure assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements regardless of their amount. Capital assets are valued at historical or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at estimated fair value on the date donated.

Additions or improvements that significantly add value to an asset such as extending the useful life of an asset or increasing capacity or efficiency are capitalized.

Notes to Financial Statements

Other costs for repairs and maintenance are expensed as incurred.

Depreciation/amortization has been provided over the estimated useful life, using the straight-line method, as follows:

- Buildings 20-40 years
- Infrastructure 30-50 years
- Equipment 3-10 years
- Intangibles 10 years
- Books 20 years

Net Position/Fund Balance

The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is “net position” on the government-wide, proprietary and fiduciary fund financial statements and “fund balance” on the governmental fund financial statements.

In the governmental fund financial statements, fund balances are classified as nonspendable, restricted, committed, assigned or unassigned.

Nonspendable fund balance represents a portion of fund balance that includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance represents a portion of fund balance that reflects constraints placed on the use of resources (other than nonspendable items) that are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority (the City Council), the vote of the citizens, or the wishes of a donor or third party. The formal action required to be taken to establish, modify or rescind a fund balance commitment is a majority vote by the City Council.

Assigned fund balance represents amounts constrained by the government’s intent to be used for specific purposes, but neither restricted nor committed. The City Council has the authority to assign amounts to a specific purpose via an ordinance or resolution.

Unassigned fund balance represents residual classification for the general fund. This classification represents fund balance not assigned to other funds and not restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it would be necessary to report a negative unassigned fund balance.

In the event the fund balance exceeds the minimum requirements equal to one month’s average expenditures for the budget year, the excess may be utilized for any lawful purpose approved by City Council. The first priority is to utilize the restricted before unrestricted fund balance when both are available. Committed funds will be considered spent first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classification could be used like assigned or unassigned. In order to minimize the long term effect of such use, the excess shall be appropriated to fund one time expenditures or expenses which do not result in recurring operating costs, or other onetime costs including the establishment of or increase in legitimate restriction or commitment of fund balance/retained earnings in other funds.

The emergency levy fund is established and updated through the annual budget process with the budget ordinance approval by the City Council. The fund objective is to keep the cash balance around the value of three mill levy. The funds may be spent for overtime along with associated benefits or operation expenditures not predictable in the budget.

Compensated Absences

Employees accrue vacation leave at a rate of eight hours per month for the first five years of continuous service. The accrual rate is increased to ten hours per month after five years, twelve hours per month after ten years, and fourteen hours per month after fifteen years of service. A maximum of 240 vacation hours may be carried over from year to year. Accumulated unpaid vacation is accrued when earned in the government-wide and proprietary fund statements.

Sick leave is accrued at a rate of eight hours per month of continuous service. Accumulation of sick leave is unlimited; however, liabilities are not recorded in any fund, as there are no provisions for vesting of unused sick leave.

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Notes to Financial Statements

Self-Insurance

The City is self-insured for health benefits. Liabilities are recorded when a determinable claim has been incurred.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has unavailable revenue from a variety of sources in the governmental funds. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate element, deferred outflows of resources, represents a consumption of net assets by the government that is applicable to a future reporting period(s) and so will not be recognized as an outflow of resources (expenditure) until that time.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statements of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Comparative Data/Reclassifications

Comparative total data for the prior year have been presented in order to provide an understanding of the changes in financial position and operations of these funds. Also, certain amounts presented in the prior year

date have been reclassified in order to be consistent with the current year's presentation.

G. REVENUES

Grant Revenue

The City recognizes grant revenues when all applicable eligibility requirements, including time requirements, are met. The City follows the policy if expenditures of funds are the prime factor for determining eligibility for the grant funds; revenue is recognized at the time of the expenditure.

H. PENSIONS

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City and additions to/deductions from the City's fiduciary net position have been determined on the same basis as they are reported by the City. Investments are reported at fair value.

**NOTE 2-RECONCILIATION OF
GOVERNMENT-WIDE AND FUND FINANCIAL
STATEMENTS**

A. The governmental fund balance sheet includes a reconciliation between total governmental funds fund balance and net position of governmental activities as reported in the government-wide statement of net position. One element of the reconciliation explains, "long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this (\$47,581,099) difference are as follows:

Bonds payable	\$ 44,070,000
Unamortized discounts/premiums	2,052,201
Accrued interest payable	300,267
Capital lease payable	23,949
Compensated absences	1,134,682
Net adjustment to reduce fund balance-	
total governmental funds to arrive at	
net position-governmental activities	<u>\$ 47,581,099</u>

B. The governmental fund statement of revenues, expenditures, and changes in fund balances include reconciliation between net changes in fund balances, total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Notes to Financial Statements

reconciliation explains "Governmental funds report capital outlays as expenditures; however, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense." The details of these differences are as follows:

Donated capital assets	\$ 7,231,636
Capital outlay	47,648,330
Depreciation	<u>(14,217,443)</u>
Net adjustment to decrease net changes in fund balances—total governmental funds to arrive at changes in net position of governmental funds	<u>\$ 40,662,523</u>
Proceeds from capital asset sales	\$ 186,486
Gain/(loss) on capital asset sales	(474,163)
Net adjustment to decrease net changes in fund balances—total governmental funds to arrive at changes in net position of governmental funds	<u>\$ (287,677)</u>

**NOTE 3-STEWARDSHIP, COMPLIANCE, AND
ACCOUNTABILITY**

**A. COMPLIANCE WITH FINANCE-RELATED
LEGAL AND CONTRACTUAL PROVISIONS**

Annual budgets are adopted on a basis consistent with GAAP for the general fund and special revenue funds. The fire equipment, equipment purchases, and flood control capital funds are the only three capital project funds budgeted. All appropriations lapse at year-end unless encumbered.

The City incurred no material violations of finance-related legal and contractual provision.

**B. EXCESS OF EXPENDITURES OVER
APPROPRIATIONS AT THE LEGAL LEVEL
OF CONTROL**

The budget is prepared by fund, by department within each fund, and by line item within each department. The legal level of budgetary control is at the fund level. The management of the City of Minot has the authority to exceed line items or department budgets as long as the fund appropriations are not exceeded. City Council approval is required for (a) the transfer of appropriations from one fund to another fund or the addition of line items within a fund or both and (b) an increase in the aggregate total of appropriations in order to reflect changes in financial circumstances.

The City incurred one violations of excess of expenditures over appropriations. Special Assessment debt incurred over a \$0.4 million violation due to the City paying off the 2008 refunding bonds prior to the maturity.

C. NET POSITION/FUND BALANCE DEFICITS

The Flood Control Capital fund had a deficit fund balance of \$265,822 as of December 31, 2016, which will be funded by the collection of sales tax.

NOTE 4-DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Except for the cash in the NAWS fund, the City maintains a pooled cash portfolio used by substantially all City funds using the pooled deposit and investment concept. This concept provides the City with the ability to maximize earnings on idle fund monies while ensuring the liquidity needs of each fund are met and the integrity of the cash balances of each fund are preserved. The pool consists of checking and savings accounts, certificates of deposit, and securities, including money market accounts, which are stated at market value.

Government and Business-Type Funds

Investment Policy: The City's investment policy serves as the guide to the deposit and investment of operating funds managed within the City's pooled cash portfolio. This policy sets forth the City's investment objectives as well as authorized and suitable deposits and investments, and serves as a guide for proper diversification, maturity constraints, internal controls and performance measurement. The foremost objective of the City's investment program as set forth by the investment policy is safety of principal. Investment decisions are made under the assumption that, except under limited circumstances, all investments within the pooled cash portfolio will be held to maturity.

Allowable deposits and investments:

- U.S. Treasury obligations, which carry the full faith and credit guarantee of the United States government and are considered to be the most secure instruments available;
- U.S. government agency and instrumentality obligations that have a liquid market with a readily determinable market value;
- Certificates of deposits and other evidences of deposit at financial institutions;

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

- d. Repurchase agreements whose underlying purchased securities consist of the aforementioned instruments

Custodial credit risk – deposits: This is the risk in the event of bank failure, the government's deposits may not be returned to it. As of December 31, 2016, the City is fully insured by FDIC and has pledged collateral in the amount of 110% of its investments.

Custodial credit risk - investment: This is the risk, in the event of the failure of the counterparty; the government will not be able to recover the value of its investments or collateral securities in the possession of an outside party. The City of Minot minimizes credit risk, which is the risk of loss due to the failure of the issuer or backer, by: 1) limiting investments to the types of authorized securities; 2) pre-qualifying the financial institutions with which the City will do business; and 3) diversifying the investment portfolio so the impact of potential losses from any one type of security or from any one individual issuer will be minimized.

Interest rate risk: The City minimizes interest rate risk, which is the risk the market value of securities in the portfolio will fall due to changes in market interest rates, by: 1) structuring the investment portfolio so securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities prior to maturity; and 2) investing operating funds primarily in shorter-term securities, money market funds, or similar investments and limiting the average maturity of the portfolio in accordance with this policy.

As of December 31, 2016, the City has invested in cash and money markets \$96,456,645, \$15,603,449 of U.S. bonds, and certificates of deposit \$17,053,719, which have no credit ratings. The City also has NAWS investments valued at \$27,697,853. The fixed income securities are all United States treasuries and government agency securities.

NAWS investments:

Investment Type	Fair Value	Rated AAA	Rated AA+	Not-Rated
Cash & money market	\$ 1,078,183	\$ -	\$ -	\$ 1,078,183
Certificates of deposit	1,442,825	-	-	1,442,825
Fixed income				
US treasuries	3,513,580	3,513,580	-	-
Government agencies	21,663,265	20,671,042	250,000	742,223
Total fair value	\$ 27,697,853	\$ 24,184,622	\$ 250,000	\$ 3,263,231

Maturity (Years)	Fixed Income
0-1	\$ 6,949,602
1-3	17,662,342
3-5	407,093
10-15	157,808
	<u>\$ 25,176,845</u>

City of Minot:

Investment Type	Fair Value	Rated AA+
Fixed income		
Government agencies	\$ 15,540,377	\$ 15,540,377
Total fair value	<u>\$ 15,540,377</u>	<u>\$ 15,540,377</u>

Maturity (Years)	Fixed Income
1-3	\$ 7,530,564
3-5	8,009,813
	<u>\$ 15,540,377</u>

The City has the following recurring fair value measurements as of December 31, 2016:

NAWS U.S. Treasury securities of \$3,513,580 and government agencies of \$21,663,265 are valued using quoted market prices (Level 1 inputs)

City government agencies of \$15,540,377 are valued using quoted market prices (Level 1 inputs)

B. INTERGOVERNMENTAL RECEIVABLES

A total of \$25,426,911 is due from intergovernmental receivables. This includes \$19,406,080 due from the Federal Government, \$11,762,735 from an EDA grants; \$5,082,943 from Department of Emergency Services; \$851,184 from Community Development Block Grant – Disaster Recovery grant; \$1,336,371 from the FAA; \$194,285 from U.S. Corp of Engineers; \$2,265 from Community Development Block Grants; \$98,856 from Department of Transportation grants; \$6,562 from Department of Homeland Security; \$48,137 from EPA grants; and \$22,742 from Department of Justice. It also includes \$5,885,922 from the State of North Dakota, \$2,097,198 from the State Water Commission for home acquisitions; \$1,467,997 for city sales taxes; \$908,766 for ND Department of Emergency Services; \$46,013 for State Aeronautics; \$822,219 for State Aid Distribution; \$18,142 for ND Trust Land Grants; \$236,861 for Municipal Highway tax; \$268,993 from ND Housing & Finance Agency; \$44 from ND Bureau of Criminal Investigation; \$13,259 for NDDOT projects; \$1,832 from Motor Vehicle Tax; and \$4,598 from ND

**City of Minot

Notes to Financial Statements

gambling taxes; and \$134,909 due from Ward county.

C. RECEIVABLES

Loans receivables as of the end of the current fiscal year for the Sales Tax-Economic Development fund were:

Due within one year	\$ 762,600
Due after one year	1,088,200
Less: allowance for uncollectible	(370,160)
Total loans receivable	<u>\$ 1,480,640</u>

The only receivables not expected to be collected within one year are \$12,163,832 of special assessments deferred and the loans receivables as noted above. Governmental funds report deferred inflows in connection with receivables for revenues not considered available to liquidate liabilities of the current period. At the end of the current fiscal year, the deferred inflows reported in the governmental funds were as follows:

Uncertified special assessments	\$ 13,893,820
Unavailable revenue - property taxes	711,890
Unavailable revenue - special assessments	168,968
Total deferred inflows of resources	<u>\$ 14,774,678</u>

Receivables for the City's individual major, nonmajor and internal service funds, including the applicable allowances for uncollectible accounts, are in the following table:

	Taxes	Specials	Specials	Accounts		Intergov't'l	Accrued	Gross	Less: Allow	Total Net
	Delinquent	Deferred	Delinquent	Receivable	Loans	Receivable	Interest	Receivables	for	Receivables
									Uncollectible	
General	\$ 726,533	\$ 8,925	\$ 5,575	\$ 511,576	\$ -	\$ 1,514,254	\$ 109,927	\$ 2,876,790	\$ (189,903)	\$ 2,686,887
Sales Tax NAWS	-	-	-	-	-	-	5,802	5,802	-	5,802

Notes to Financial Statements

D. TAX ABATEMENTS

The Governmental Accounting Standards Board, (GASB) Statement No. 77, *Tax Abatement Disclosure*, is a requirement that became effective for years beginning after December 15, 2015. This statement will improve financial reporting by giving users of the financial statements essential information not consistently or comprehensively reported to the public at present.

As of December 31, 2016, the County provides tax abatements through four programs, Property Tax Incentives for New or Expanding Businesses, Renaissance Zone Property Tax Exemptions for Commercial Buildings, Renaissance Zone Property Tax Exemptions for Residential Buildings, and exemption of Certain New Single Family, Condo, & Townhouse Residential Properties.

The property tax incentives for new or expanding businesses, NDCC Ch. 40-57.1, provides property tax abatements to encourage activities in the public interest by assisting in establishing industrial plants, expanding and retaining existing businesses, and to help promote economic activities within the State. This allows for a new or expanding business project to possibly be granted a property tax exemption for up to five years. Before this can be done the business must be certified as a primary sector business by the ND Commerce Department. The City Council may grant a partial or complete exemption from ad valorem taxation under this section for projects operating in the retail sector.

The Renaissance Zone Property Tax Exemptions, NDCC Ch. 40-63, is for Commercial and Residential buildings located within a renaissance zone that allow for the property to be excluded for up to five years, provided the City approves the exemption. A renaissance zone is a geographic area a City applies to the State Department of Commerce to designate a portion of the City into a renaissance zone.

The exemption for certain new single family, condo, & townhouse residential properties, NDCC Ch. 57-02, allows for newly constructed homes, excluding land, to possibly be exempt for up to two years from when construction begins up to a maximum of a \$150,000 of the home's value. This is assuming the home is still owned by the builder, unoccupied and providing the exemption is approved by the City and/or County.

The following is information relevant to the disclosure of these programs for the fiscal year ended December 31, 2016:

	Amount of Taxes Abated during the 2016 Fiscal Year
Tax Abatement Programs	
Property Tax Incentives for New/Expanding Businesses	\$ 11,057
Renaissance Zone Exemption - Commerical Buildings	89,366
Renaissance Zone Exemption - Residential Buildings	4,192
Exemption of Certain New Single Family, Condo, Townhomes	40,567
	<u>\$ 145,182</u>

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Notes to Financial Statements

Depreciation and amortization expenditure or expense was charged to the following functions/programs of the City for the current fiscal year:

Governmental Activities	
General government	\$ 12,989,347
Public safety	164,146
Highways and streets	1,038,366
Culture and recreation	25,584
Total depreciation expenditure - governmental activities	<u>\$ 14,217,443</u>

Business -Type Activities	
Airport	\$ 5,768,885
Cemetery	42,344
Parking authority	9,147
Sanitation	901,239
Water and sewer	10,161,895
Total depreciation expense - business-type activities	<u>\$ 16,883,510</u>

F. COMMITMENTS

Construction and other significant commitments as of December 31, 2016 were \$94,738,058

	<u>Spent to Date</u>	<u>Remaining</u>
General fund	\$ 393,847	\$ 220,559
Highway reserve	25,623,001	35,751,405
Capital purchases	19,358,968	9,685,520
Nonmajor governmental funds	14,211,878	22,198,964
Airport	4,497,550	899,437
Water and sewer	62,386,601	25,982,173
	<u>\$ 126,471,845</u>	<u>\$ 94,738,058</u>

The City is committed in the Northwest Area Water Supply Project to bring water from the Missouri River to Minot, the estimated costs of the project remaining is \$213.0 million, with the City's cost share to be approximately \$75.0 million. The City's local share of expenditures to date is approximately \$34.8 million. This project will be funded with sales tax monies approved by the voters in March 1999. The City has encumbrance commitments of \$821,873 in the general fund, and \$3,360,940 in nonmajor governmental funds. The City has encumbrance commitments of \$434,183 in Airport and \$409,007 in Water and Sewer.

Although there are various other commitments, it is the opinion of the City they will not have a material effect on the financial statements.

G. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund advance to and from balances at December 31, 2016 is to fund outstanding special assessments and highway debt paid in annual installments for storm sewer development.

	Highway Reserve	Storm Sewer Development	Water & Sewer	Total Advance From
Governmental funds				
Special assessment debt	\$ -	\$ 1,083,795	\$ 23,873	\$ 1,107,668
Nonmajor government	-	-	133,527	133,527
Business-type funds				
Water & sewer	72,010	3,954,984	-	4,026,994
Total advance to	<u>\$ 72,010</u>	<u>\$ 5,038,779</u>	<u>\$ 157,400</u>	<u>\$ 5,268,189</u>

The interfund due to and from balances are to maintain positive fund balances as of the end of the year.

	Capital Purchases	Nonmajor Gov't	Total Due From
Governmental funds			
Highway reserves	\$ 654,160	\$ -	\$ 654,160
Nonmajor governmental	-	172,434	172,434
Total Due To	<u>\$ 654,160</u>	<u>\$ 172,434</u>	<u>\$ 826,594</u>

Transfers are used to 1) move revenues from the fund with collection authority to the debt service fund as debt service principal and interest payments become due, 2) move restricted amounts from borrowings to the debt service fund to establish mandatory reserve accounts, and 3) move unrestricted general fund revenues to finance various programs the government must account for in other funds in accordance with budgetary authorizations.

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Notes to Financial Statements

H. LEASES

Operating Leases. The City leases equipment under operating leases. Operating leases do not give rise to property rights or lease obligations; therefore, the results of the lease agreements are not reflected in the City's assets and liabilities. There were no operating leases for the year ending 2016.

Capital Leases. The City has entered into two capital lease agreements as lessee for financing the acquisition for a John Deere crawler dozer and Caterpillar scraper for the landfill. The agreements have been recorded at the present value of their future minimum lease payments as of the inception date.

The assets acquired through capital leases are as follows:

	Governmental Activities	Proprietary Activities
Asset:		
Equipment	\$ 40,421	\$ 2,487,958
Less: Accumulated depreciation	(10,724)	(559,598)
Total	<u>\$ 29,697</u>	<u>\$ 1,928,360</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2016, were as follows:

Year Ended December 31	Governmental Activities	Proprietary Activities
2017	\$ 9,105	\$ 425,334
2018	7,971	330,844
2019	7,971	326,150
2020	3,985	176,848
Total minimum lease payments	29,032	1,259,176
Less: Amount representing interest	(5,083)	(123,259)
Present value of minimum lease payments	<u>\$ 23,949</u>	<u>\$ 1,135,917</u>

I. LONG-TERM DEBT

Governmental activities include the following types of long-term debt:

General obligation bonds are issued to provide funds for the acquisition and construction of major capital items. They are direct obligations and pledge the full faith and credit of the City of Minot. These bonds are paid through the debt service fund by a tax levy and sales tax funds sufficient to meet the current year's principal and interest payments. The City issued \$10,110,000 of general obligation bonds in 2016 for highway projects. These bonds are generally issued as 10-15-year bonds and the outstanding bonds have interest rates ranging from 2.00% to 4.60%.

General obligation bonds currently outstanding are as follows:

Year	Original Amount	Balance Outstanding 12/31/2016	Interest Rate	Matures
2007	\$ 1,785,000	\$ 215,000	3.70%	10/01/2017
2008	1,720,000	395,000	4.40-4.60%	10/01/2018
2009	2,005,000	665,000	2.65-3.10%	10/01/2019
2010	1,375,000	585,000	2.25-2.70%	10/01/2020
2012	2,900,000	1,105,000	2.00%	10/01/2023
2013	6,815,000	4,535,000	2.00-3.00%	10/01/2023
2014	3,950,000	3,215,000	2.00-4.00%	10/01/2024
2015	390,000	355,000	2.00-3.00%	10/01/2025
2016	10,110,000	10,110,000	3.00-4.00%	10/01/2031
	<u>\$ 31,050,000</u>	<u>\$ 21,180,000</u>		

Special assessment bonds are issued to provide funds for the construction of improvement projects for residential and commercial developments. Special assessment bonds are paid directly from the sinking funds with the annual certification payments made by the property owners who directly benefit from each project. During the year, the City issued \$780,000 of special assessment bonds for storm sewer districts and paving districts. The City has \$21,090,000 special assessment bonds outstanding backed by property owner annual certification payments. The City of Minot is legally obligated to meet any deficiencies by levying ad valorem taxes. Interest rates on the outstanding bonds range from 0.75% to 4.50%.

Special assessment bonds currently outstanding are as follows:

Year	Original Amount	Balance Outstanding 12/31/2016	Interest Rate	Matures
2007	2,255,000	\$ 1,065,000	4.37-4.50%	10/01/2022
2007	460,000	55,000	3.875%	10/01/2017
2011	4,285,000	2,325,000	2.00-3.00%	10/01/2021
2012	1,885,000	1,335,000	0.75-1.60%	10/01/2023
2013	11,595,000	10,235,000	2.00-4.00%	10/01/2033
2014	4,135,000	3,535,000	2.00-3.375%	10/01/2034
2015	1,835,000	1,760,000	2.00-3.25%	10/01/2035
2016	780,000	780,000	3.00-3.25%	10/01/2036
	<u>\$ 27,230,000</u>	<u>\$ 21,090,000</u>		

Business-type activities include the following type of long-term debt:

Notes outstanding as of December 31, 2016 include the Bureau of Reclamation note on the Garrison Diversion Project for \$1,049,862 with a 3.50% interest rate, and matures July 1, 2027. Water and sewer fund income is used to pay the annual principal and interest due.

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

Revenue Bonds. The City of Minot issues bonds where it pledges income derived from the acquired or constructed assets to pay debt service. Interest rates on the outstanding bonds range from 2.00% to 5.375%.

During the year, the City issued \$4,785,000 for water and sewer projects. The following are outstanding revenue bonds:

Airport

Year	Original Amount	Balance		Interest Rate	Matures
		Outstanding	12/31/2016		
2013	\$ 12,505,000	\$ 12,055,000		3.00-4.50%	10/01/2035
2014	6,710,000	6,460,000		2.00-4.00%	10/01/2035
2015	11,770,000	11,265,000		2.00-3.625%	10/01/2035
	<u>\$ 30,985,000</u>	<u>\$ 29,780,000</u>			

Water & Sewer

Year	Original Amount	Balance		Interest Rate	Matures

Notes to Financial Statements

Changes in Long Term Liabilities. The following is a summary of the activity for long-term liabilities for the year ended December 31, 2016.

Governmental Activities	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Bonds payable					
General obligation	\$ 13,260,000	\$ 10,110,000	\$ (2,190,000)	\$ 21,180,000	\$ 2,480,000
Special assessment	22,930,000	780,000	(2,620,000)	21,090,000	1,960,000
Capital Financing Program Bonds	1,910,000	-	(110,000)	1,800,000	115,000
Total bonds payable	38,100,000	10,890,000	(4,920,000)	44,070,000	4,555,000
Unamortized premium	1,244,638	949,616	(129,698)	2,064,556	165,835
Unamortized discount	(14,944)	-	2,589	(12,355)	(2,218)
Capital leases	4,026	32,500	(12,577)	23,949	9,105
Compensated absences	1,067,304	939,334	(871,956)	1,134,682	397,139
Governmental activity long-term liabilities	<u>\$ 40,401,024</u>	<u>\$ 12,811,450</u>	<u>\$ (5,931,642)</u>	<u>\$ 47,280,832</u>	<u>\$ 5,124,861</u>

Business-Type Activities	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Bonds payable					
Revenue bonds	\$ 58,730,000	\$ 4,785,000	\$ (4,200,000)	\$ 59,315,000	\$ 4,180,000
Unamortized premium	687,929	391,308	(74,153)	1,005,084	98,066
Unamortized discount	(316,133)	-	18,359	(297,774)	(18,358)
Notes payable	1,130,981	-	(81,119)	1,049,862	83,983
Capital leases	1,029,389	1,157,675	(1,051,147)	1,135,917	373,747
Compensated absences	304,652	228,270	(222,895)	310,027	108,509
Business-type activity long-term liabilities	<u>\$ 61,566,818</u>	<u>\$ 6,562,253</u>	<u>\$ (5,610,955)</u>	<u>\$ 62,518,116</u>	<u>\$ 4,825,948</u>

Compensated absences for governmental activities are generally liquidated by the general fund.

Arbitrage is the reinvestment of the proceeds of tax-exempt securities in materially higher yielding taxable securities. Any excess earnings resulting from arbitrage must be rebated to the federal government.

The City's debt limit is \$194,105,595 and the legal debt margin is \$171,369,017.

NOTE 5-OTHER INFORMATION

A. RISK MANAGEMENT

The City of Minot is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the mid - 1980s, the City was not able to obtain general liability insurance at a cost it considered economically justifiable. In 1986, the state and other political subdivisions joined together to form the North Dakota Insurance Reserve Fund (NDIRF), a public entity risk pool currently operating as a common risk management and insurance program for the state and over 2,000 political subdivisions. All members joined to help capitalize the

NDIRF. During the past five years, the NDIRF returned approximately 9.26% of the capitalized amount with a premium reduction or cash payment to the City. The City pays an annual premium to NDIRF for its general insurance, personal injury insurance, auto insurance, and inland marine insurance coverage. The coverage by NDIRF is limited to losses of \$2,000,000 per occurrence for general liability and errors and omissions, \$1,000,000 for auto liability and \$15,000,000 for airport. The City continues to carry commercial insurance for all other risks of loss, including workers' compensation, employee health and accident insurance. Settled claims resulting from the above risks have not exceeded insurance coverage in any of the past three years.

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

Employee Health Benefits

Effective January 1, 1999, the City began insuring for employee health benefits. All covered expenses are paid from the City's Health Insurance Fund, which is operated by a third party administrator. Risks retained by the employees include deductibles and co-insurance. The City pays all other claims subject to the health plan agreement up to plan maximums. Commercial stop loss insurance has been purchased to limit catastrophic losses. This coverage pays all claims in excess of \$20,000 per year per employee with a \$2,607,359 lifetime employee maximum. The City's insurer pays all aggregate claims in excess of \$2,172,799.

Claims, which have been incurred at year-end but not reported, have been recorded as insurance claims payable in the amount of \$136,303. This reserve requirement was calculated by the City and it is the amount payable within 90 days of year-end. A summary of the claim liabilities and related claim payments are shown below:

		Current Year Claims		
	Beginning Claim Liability	Incurred and Changes in Estimates	Payments on Claims	Ending Claim Liability
2014	\$ 115,671	\$ 1,809,265	\$ 1,815,867	\$ 109,069
2015	109,069	1,824,945	1,791,087	142,927
2016	142,927	2,090,011	2,096,635	136,303

B. TERMINATION BENEFITS

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides certain former employees, retirees, spouses, former spouses, and dependent children the right to temporary continuation of health coverage at group rates. Group health coverage for COBRA participants is usually more expensive than health coverage for active employees, since the employer pays a part of the premium for active employees while COBRA participants pay the entire premium themselves. It is ordinarily less expensive, though, than individual health coverage.

As of December 31, 2016, the City had zero COBRA participants for health. Each COBRA participant who voluntarily terminated is responsible for 100% of the premium; however, there remains an implicit rate subsidy to the City for a maximum of 18 months per participant. The City has not reported a liability for termination benefits because the amount is not

reasonably estimated. The City expects to have former employees on COBRA on an ongoing basis.

C. CONTINGENT LIABILITIES

There are various police department claims against the City; however, it is the opinion of the City they will have no material effect on the financial statements.

D. CHANGE IN ACCOUNTING PRINCIPLE

The City implemented GASB 68 *Accounting for Financial Reporting for Pension* in 2015 which addresses the accounting and financial reporting requirements for pension. The provisions of GASB Statement 68 separate accounting and financial reporting from how pension are funded and require changes in the notes to the financial statements and required supplementary information. Significant changes include an actuarial calculation of the total and net pension liability. It also includes comprehensive footnote disclosure regarding the pension liability, the sensitivity of the net pension liability to the discount rate, and the pension expense and related deferred outflows/inflows of resources disclosures. The City restated the beginning net position to record the beginning deferred pension contributions and net pension liability as follows:

	Governmental Activities	Business-Type Activities	Total
Net position, January 1 - beginning as previously reported	\$ 284,887,973	\$ 223,424,625	\$ 508,312,598
Change in accounting principle	(41,819,046)	(11,082,786)	(52,901,832)
Net position, January 1, beginning as restated	\$ 243,068,927	\$ 212,341,839	\$ 455,410,766

E. EMPLOYEE RETIREMENT SYSTEMS AND PLANS

The City of Minot administers a defined benefit pension plan covering all civil service full-time employees hired before January 1, 2014 and an Other Post Employment Benefit (OPEB) plan. Each plan is included in the City's financial reports as Pension and OPEB Trust Funds. The City of Minot Finance Department, PO Box 5006, Minot, North Dakota 58702 has separate actuarial reports for each plan. Separate financial statements are not issued. The City of Minot also administers a defined contribution plan and a deferred compensation plan for all full-time employees hired after December 31, 2013.

DEFINED BENEFIT PLAN AND OPEB PLAN

Plan Description. The City Employee Pension Plan

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

(CEPP) is a cost sharing, multiple employer public employee retirement system. The pension plan document provides all employees of the City of Minot (excluding non-civil service employees) and the Minot Park District, with a hire date before January 1, 2014, shall become a member of the pension plan at the time they begin employment. There are no provisions or policies with respect to automatic and ad hoc postretirement benefit increases. Effective January 1, 2014 the Plan was closed to new participants.

OPEB Plan Description. The OPEB Plan is a single-employer plan, which provides all employees of the City of Minot (excluding the Minot Park District, as they are not on the City health plan and non-civil service City employees) participating in the City's group health insurance plan (medical and prescription drugs), who retire under the CEPP, may continue to participate in the City's group health insurance plan after retirement. Employees are eligible to continue coverage in the group health insurance plan until they attain age 65, provided eligibility requirements are met and applicable premiums are paid. Retirees or spouses that elect not to continue health coverage, at any time, are not eligible to reenroll in the City's group health insurance plan.

Plan Administration. North Dakota Century Code 40-46 grants the authority to establish and amend the benefit terms to the City Council. Management of the CEPP is vested in the CEPP Board, which consists of 10 members; the Mayor, City Auditor, Human Resource Director, Police Chief, 2 members from the Police Department elected by police plan members, 2 at large members elected by all plan members except police department members, and 2 City Council members appointed by the Mayor. Elected members serve 2-year terms.

The following table summarizes membership information by plan at the actuarial date:

	2016	
	<u>Pension</u>	<u>OPEB</u>
Retirees and beneficiaries receiving benefits	263	50
Terminated employees		
Vested	31	28
Non-vested	18	8
Total terminated employees	49	36
Active employees		
Vested	158	191
Non-vested	96	42
Total active employees	254	233
Date of annual valuation	01/01/17	1/1/2017

Benefits Provided. For the CEPP, the benefit provisions, amendments, and all requirements are amended in the pension plan document. City civil service employees hired before July 6, 2010, who retire at or after the age of 60 with 60 months of service and civil service employees hired on or after July 6, 2010, who retire at or after the age of 60 with 120 months of service are eligible for a monthly pension benefit and OPEB benefits. The average monthly earnings are considered the average of the highest 36 months earnings prior to July 6, 2010 and 48 months after July 6, 2010, within the last 120 months (need not be consecutive).

After December 31, 2003, members satisfying the Rule of 85 are also eligible for a monthly pension benefit and OPEB benefits. After July 6, 2010, members satisfying the Rule of 90 and who have attained age 55 are eligible for a monthly pension benefit and OPEB benefits. Also, the average monthly earnings is calculated using the highest 78 bi-weekly earnings within the last 120 months. The Rule of 85/90 is satisfied when the member's age plus the member's total period of service equals 85/90 years and the employee is at least 55 years old.

Prior to July 6, 2010, benefits vest after 5 years of service. After July 5, 2010, benefits vest after 10 years. Vested employees may retire upon Rule of 85/90 or 60 years of age after 5/10 years of employment. The pension and OPEB plans provide the same death benefits. If death is not in the course of employment and the participant has less than 5/10 years of service, then a refund of contributions is made. In all other cases, the plan pays survivor benefits allocated on a percentage dependent upon if there is a surviving spouse and/or children or other beneficiaries. For participants who die in the course of employment or are deferred vested or active participants with more than 5/10 years of service, the benefit amount is equal to the normal retirement benefit.

Supplemental Benefits Provided. Employees who retire under the City of Minot Employee's Pension Plan before January 1, 2004 and annually provide proof of health insurance coverage receive a monthly healthcare supplement equal to the City's portion of the group-blended premium for an active employee with single coverage. Employees who retire under the City of Minot Pension Plan after December 31, 2003 and employees hired before July 6, 2010 receive a monthly healthcare supplement equal to \$7.50 per year of service. Employees hired after July 5, 2010 do not receive any retiree healthcare supplement. These

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

supplements are accounted for in the pension plan valuation because they are not restricted to the payment of health insurance.

Contributions Required and Contributions Made. The actuary does not determine the pension contribution rates; rather it is done by employer recommendations within the limits established by state statute. The employees contributed 14.74% and the employer 31.40% of covered payroll. The employer contributions to the plans are to be made through an annual tax levy or other budgeted sources. Based on an actuarial valuation, contributions are providing for a closed amortization period of 30 years (27 years remaining as of January 1, 2017) respectively on the unfunded liability at January 1, 2017.

Summary of Significant Accounting Policies and Plan Asset Matters.

Basis of Accounting. The City Employee Pension and OPEB Plan financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period they are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contribution. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans.

Investment Policy. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the CEPP Board by a majority vote of its members. It is the policy of the CEPP Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of December 31, 2016:

<u>Asset Class</u>	<u>Target Allocation</u>
US fixed income	28%
International fixed income	7%
Domestic equity	42%
International equity	15%
Alternative investments	8%
	<u>100%</u>

The target allocation and investment policy were last amended in April 2013.
The City also has pension & OPEB investments valued

at \$63,635,025 and \$1,165,669, respectively. The fixed income securities are broken down by subclass, maturities and ratings in the following tables:

<u>Maturity (Years)</u>	<u>Pension Fixed Income</u>	<u>OPEB Fixed Income</u>
1-3	\$ 128,927	\$ -
3-5	1,995,437	-

	<u>\$ 22,477,186</u>	<u>\$ 400,701</u>

The City has the following recurring fair value measurements as of December 31, 2016:

U.S. Treasury securities and government agencies of \$13,514,952 valued using quoted market prices (Level 1 inputs)

Corporate bonds of \$9,362,936 are valued using a matrix pricing model (Level 2 inputs)

Equity securities of \$40,717,899 are valued using quoted market prices (Level 1 inputs)

Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date.

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

The City's annual OPEB cost and net OPEB obligation for 2016 is as follows:

	2016	2015	2014
Annual required contribution (ARC)	\$ 40,568	\$ 32,958	\$ 238,913
Interest on net OPEB obligation (asset)	(3,034)	(3,066)	(1,978)
Adjustment to ARC - beginning of year	3,496	3,496	1,701
Annual OPEB cost	41,030	33,388	238,636
Employer contributions	(40,568)	(32,958)	(253,150)
Increase (decrease) in net OPEB obligation	462	430	(14,514)
Net OPEB obligation (asset) January 1	(40,455)	(40,885)	(26,371)
Net OPEB obligation (asset) December 31	\$ (39,993)	\$ (40,455)	\$ (40,885)
Percentage of annual benefit cost	98.87%	98.71%	106.08%

The long-term expected rate of return of 7.50% on plan investments was determined using official rates of return under the Global Investment Performance Standards in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	Long-Term Expected	
	Target Allocation	Rate of Return
US fixed income	28%	3%
International fixed income	7%	4%
Domestic equity	42%	8%
International equity	15%	9%
Alternative investments	8%	6%
	<u>100%</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Rate of Return. For the year ended December 31,

2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.4 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial Assumptions. The actuarial methods and assumptions are presented by plan below. The information is based upon the actuary reports generated by the studies conducted by the Gallagher Group. Securities are valued at fair market value. The calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the pattern of sharing costs between the employee and the plan members to that point.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and that actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective.

The costs of administering the City Pension and OPEB plans are part of the calculation to determine the employer and employee contributions.

**City of Minot
Comprehensive Annual Financial Report
December 31, 2016**

Notes to Financial Statements

Below is listed the various actuarial methods and significant assumptions used to measure the total pension liability and actuarially determined contributions.

<u>Assumption</u>	<u>Pension</u>	<u>OPEB</u>
Valuation date	January 1, 2017	January 1, 2017
Measurement date	January 1, 2017	January 1, 2017
Actuarial cost method	Entry age normal	Entry age normal
Amortization method	Level dollar amount	Level percentage of pay
Remaining amortization period	30 year closed period (27 years remain as of 1/1/17)	27 year closed period
Asset valuation method-smooth	5 years gains and losses	Fair market value
Investment rate of return	7.5%	7.5%
Projected salary increases	0-4 years of service 7% 5-12 years of service 4.5% 13+ years of service 4%	Same Same Same
Cost of living adjustments	1% after age 65	N/A
Marriage rate	85%	Same
Spouse age differential	males 3 years older than female spouses	Same
Mortality rate	RP-2000 mortality table with projected future	Same
Health insurance elections	N/A	80% City employees elect medical coverage 60% City employees elect spousal coverage

The healthcare trend rates are used to project health insurance claims and administration costs and retiree premiums into the future. The following table provides the healthcare cost trend rates for future years.

<u>Fiscal Year</u>	<u>1/1/2017</u>
<u>Beginning</u>	<u>Valuation</u>
2016	8.0%
2017	7.5%
2018	7.0%
2019	6.5%
2020	6.0%
2021	5.5%
2022	5.0%
2023	5.0%
2024+	5.0%

2016 data for funding progress of OPEB is as follows:

Actuarial valuation date	January 1, 2017
Actuarial value of plan assets	\$ 991,494
Actuarial accrued liability (AAL)	1,060,657
Unfunded actuarial accrued liability (UAAL)	69,163
Funded ratio	93.48%
Annual covered payroll	\$ 14,900,000
UAAL as a percentage of annual covered payroll	0.46%

The OPEB schedule of funding progress found in the required supplementary information presents multi-year trend information showing the actuarial value of plan assets is increasing over time relative to the actuarial accrued liability for benefits.

Pension Costs. At December 31, 2016, the CEPP reported a net pension liability of \$65,297,001. The City of Minot reported a liability of \$59,977,438 for its proportionate share of the CEPP's net pension liability. The net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Minot's proportion of the net pension liability was based on its present value of future payroll relative to the total present value of payroll for all participating employers. At December 31, 2016, the City of Minot's proportionate share was 91.85% which was a decrease of .03% from its proportion measured as of December 31, 2015.

City of Minot
Comprehensive Annual Financial Report
December 31, 2016

Notes to Financial Statements

The components of the net pension liability of all participants at December 31, 2016 were as follows:

Total pension liability	\$ 129,234,754
Plan fiduciary net position	69,937,753
Net pension liability (asset)	<u>\$ 65,297,001</u>

For the year ended December 31, 2016, The CEPP recognized pension expense of \$8,187,281. The City of Minot recognized pension expense of \$7,500,741 for its proportionate share of the CEPP's pension expense.

At December 31, 2016, the CEPP reported the following amounts and sources for deferred outflows of resources and deferred inflows of resources:

Source	City of Minot's Proportionate Share			
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,274,509	\$ (260,829)	\$ 2,089,211	\$ (239,580)
Changes of assumptions	1,298,272	-	1,192,505	-
Net difference between projected and actual earnings on investments	3,733,536	-	3,429,375	-
Changes in proportion	-	-	3,447,225	(3,526,362)
Total	<u>\$ 7,306,317</u>	<u>\$ (260,829)</u>	<u>\$ 10,158,316</u>	<u>\$ (3,765,942)</u>

Deferred outflows of resources and deferred inflows of resources will be recognized in pension expense for the CEPP and for the City of Minot's proportionate share as follows:

Year	City of Minot Proportionate Share	
	Pension	Share
2017	\$ 3,126,317	\$ 2,852,080
2018	2,162,497	1,966,779
2019	1,644,529	1,491,009
2020	112,145	106,200
2021	-	-
Thereafter	-	-

The following presents the CEPP's net pension liability and City of Minot's proportionate share calculated using the discount rate of 7.5 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.5 percent) or 1 percentage point higher (8.5 percent) than the current rate:

	Current Discount Rate		
	1% Decrease (6.5%)	7.5%	1% Increase (8.5%)
Net pension liability	\$ 80,243,804	\$ 65,297,001	\$ 52,753,017
City of Minot's proportionate share	73,706,566	59,977,437	48,455,377

DEFINED CONTRIBUTION PLAN

The City administers the City of Minot North Dakota 401(a) Retirement Plan and the City of Minot North Dakota 457 Plan, a defined contribution plan and a 457(e)(1)(A) deferred compensation plan, respectively, for all full-time employees of the City of Minot and the Minot Park District hired after December 31, 2013. The 401(a) plan requires eligible employees to contribute 7.5 percent of their earnings to the Plan. The employee contributions meet the requirements of pick-up contributions under Internal Revenue Code 414(h) (2). The 457(b) plan is provided for those employees who elect to defer a portion of their compensation.

For each enrolled city employee, the City shall contribute an amount which will equal 400 percent of the amount of the employee's contribution to the 457(e) (1) (A) plan, not to exceed 8 percent of the employee's eligible compensation. Benefit terms, including contribution requirements are established and may be amended by the City Council. For the year ended December 31, 2016, City of Minot employee contributions totaled \$689,942 and the City recognized employer contributions of \$527,591.

Employees are immediately vested in their own contributions and earnings on those contributions and become vested in City contributions and earnings on City contributions based on the following schedule:

Years of Creditable Service	Vested Portion
Less than 1 year	0%
Less than 2 years	20%
Less than 3 years	40%
Less than 4 years	60%
Less than 5 years	80%
5 years or more	100%

Non-vested City contributions are forfeited following a five year period of severance. Such forfeitures are used to make restorations for rehired participants and to reduce employer contributions or to correct errors, omissions and exclusions. For the year ended December 31, 2016, forfeitures reduced the City's plan expense by \$0.

Notes to Financial Statements

G. MUNICIPAL SOLID WASTE LANDFILL

State and federal rules and regulations require the City of Minot to place a final cover on its Municipal Solid Waste Landfill (MSWLF) site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after the closure. Although closure and post-closure care costs will be paid only near or after the date the landfill stops accepting waste, the City reports a portion of these closure and post-closure care costs as operating expense in each period based on landfill capacity used as of each balance sheet date. The \$1,187,795 reported as MSWLF closure and post-closure care liability at December 31, 2016, represents the cumulative amount reported to date based on the use of 66.7% of the estimated capacity of the landfill. The City will recognize the remaining estimated cost of closure and post-closure care of over \$0.4 million as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2016. The City expects the landfill will be operated for another 9 years with closure anticipated in the year 2025. Actual costs may be higher due to inflation, deflation, changes in technology, or changes in applicable laws or regulations.

The City is required by state and federal rules and regulations to establish a mechanism to demonstrate financial assurance for both closure and post-closure care. Mechanisms used to demonstrate financial assurance must ensure the amount of funds assured are adequate to cover the costs of closure and post-closure care costs and the funds will be available in a timely fashion whenever needed. All mechanisms must be legally valid and binding under North Dakota law. The City of Minot has chosen a financial test as their mechanism of choice.

**H. ISSUED BUT NON-AFFECTIVE
ACCOUNTING PRONOUNCEMENTS**

The Governmental Accounting Standards Board (GASB) has issued several statements not yet implemented by the City. The first statement issued but not yet implemented that will affect the City is statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The objective of this statement is to improve the usefulness of information about postemployment benefits other than pensions. This statement was a result of a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for all postemployment benefits with regard

to provide decision-useful information, supporting assessments of accountability and to create additional transparency. This statement replaces statement No. 43 and No. 57 and includes requirements for defined contribution OPEB plans that replace the requirements for those in statement No. 25, statement No. 43, and statement No. 50. This statement will be implemented at the City in the year ended December 31, 2018 and management has not yet determined the affect these pronouncements will have on the City's financial statements.

Required Supplementary Information

Notes to City of Minot Employee's Pension Plan:

Measurement Date: January 1, 2017

Assumption changes: In 2012 an experience study was conducted for the City of Minot Employee's Pension Plan. Many assumptions were changed effective with the January 1, 2013 actuarial valuation. The disability assumption was removed and the marriage, salary increase, mortality, withdrawal and retirement assumptions were all changed. The investment return assumption was also changed from 7.75% to 7.50% and the plan was amended to exclude overtime from the average monthly earnings calculation effective February 24, 2013. There were no assumption changes for the January 1, 2017 actuarial valuation from those used for the January 1, 2016 actuarial valuation. Effective January 1, 2014 the Plan has been closed to new participants. As a result of the plan closing, the amortization method was changed from an open 30 year level percentage of payroll method to a 30-year close level dollar method. As of January 1, 2017 there are 27 years remaining in the amortization period.

OPEB Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Plan Assets	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Annual Covered Payroll	UAAL as a Percentage of Annual Covered Payroll

City of Minot, North Dakota Nonmajor Special Revenue Funds

SPECIAL REVENUE FUNDS – Funds used to account for and report the proceeds of specific revenue sources restricted or committed to expenditure for specified purposes other than debt service or capital projects. (GASB Statement No 54, paragraph 30) Additional information is provided below for some of the nonmajor funds in this category.

Public Transportation - To account for the provisions of transportation services to the residents of the City and surrounding area. Funding is provided by a specific annual property tax levy in addition to miscellaneous revenues such as user fees and grants.

Library - To account for the operation and maintenance of the City's library. Financing is provided by a specific annual property tax levy to the extent miscellaneous revenues such as state grants, rental income and various other funds and fees are not sufficient to provide adequate financing. Property taxes are levied in accordance with ND Century Code Sec. 40-37-01.

Recreation/Auditorium - To account for the operation and maintenance of the City's recreation program and facilities. Financing is provided by a specific annual property tax levy in addition to miscellaneous revenues such as user fees, concessions, and facility rentals.

Emergency Fund - Accounts for amounts set aside for use in emergency situations caused by natural forces. This funding is provided for by ND Century Code Sec. 57-15-48 and is limited to a maximum of unexpended funds equal to three dollars per capita.

Sales Tax – The first penny sales tax is dedicated 10% to property tax, 15% to economic development, and 25% to improvements, 50% to flood control. The second penny sales tax is dedicated 30% to property tax relief and community facilities and 40% to infrastructure.

Sidewalk Improvement - To account for the maintenance of sidewalks within the City of Minot. City sidewalk maintenance is funded by a tax levy dollars.

Street Improvements - To account for the annual street improvement and street seal programs. The City has a budgeted levy for this program.

Demolitions - To account for the demolition of condemned property within the City. Special assessments are levied against benefiting property owners.

Community Development Block Grant - Disaster Recover \$67.5 million Fund - To account for the \$67.5 million grant received to assist the City of Minot in recovering from the 2011 flood.

Community Development Block Grant - Disaster Recover \$35 million Fund - To account for the \$35 million grant received to assist the City of Minot in recovering from the 2011 flood.

National Disaster Resilience \$74.3 million Fund - To account for the \$74.3 million grant received to assist the City of Minot in reducing flood risk and increase resilience, building affordable resilient neighborhoods, and fostering economic resilience and diversification.

City of Minot, North Dakota
Nonmajor Capital Project Funds

CAPITAL PROJECT FUNDS Funds used to account for and report financial resources restricted, committed, or assigned to expenditure for capital outlays (items with a value greater than \$5,000) including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of funds or for assets held in trust for individuals, private organizations, or other governments. (GASB Statement No. 54, paragraph 33)

Sertoma Sports Complex - To account for resources used in construction of athletic facilities within the City. The City's share of funding is provided by private donations, tournament and user fees.

Special Assessment Capital - To account for the financing of public improvements or services deemed advisable to benefit the properties against which special assessments are levied.

Fire Equipment - To account for the resources used for the purchase of budgeted fire capital assets. Funding is provided by ND Century Code Sec. 57-15-42 upon a 60% vote of approval by the electorate.

Community Development Block Grant and Economic Development Administration – To account for capital resources used toward the intermodal park. Funding is provided by the Community Development Block Grants and the Economic Development Administration.

Equipment Purchase - To account for the resources used for the purchase and replacement of capital equipment for various City departments. Funding is provided by the sanitation and water and sewer utility funds and the mill levy.

Flood Control Capital - To account for capital resources used towards flood control projects within the City of Minot. Funding is provided by sales tax collections.

Nonmajor Enterprise Funds

ENTERPRISE FUNDS – Funds for operations (a) financed and operated in a manner similar to private enterprises, where the intent of the governing body is to provide goods or services to the general public on a continuing basis where the expenses, including depreciation, be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Cemetery - To account for the provisions of burial services for the residents of the City and surrounding area. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, and sale of burial plots and related services.

Parking Authority - To account for the provisions of providing parking for the Central Business District of the City of Minot. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, and maintenance.

City of Minot, North Dakota Trust and Agency Funds

TRUST FUNDS - A pension trust fund is a fund made up of money contributed to by both the employer and the employee for pension benefits. A trustee administers the funds and invests the money, collects the earnings and interest and distributes the benefits. Additional information is provided below for some of the major funds in this category.

City Employee Pension - Arrangement for the provision of pension benefits in which all assets accumulated for the payment of benefits may legally be used to pay benefits (including refunds of member contributions) to any of the plan members or beneficiaries, as defined by the terms of the plan.

OPEB - Other Postemployment Benefits include postemployment healthcare benefits, regardless of the type of plan that provides them, and all postemployment benefits provided separately from a pension plan, excluding benefits defined as termination offers and benefits.

AGENCY FUNDS - Funds used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments. (SGAS 34) Additional information is provided below for some of the major funds in this category.

Payroll Deductions - To account for the receipt and disbursement of employee payroll deductions on a monthly basis.

Employer Social Security - To account for the receipt and disbursement of employer and employee contributions to social security.

Hotel/Motel Tax - To account for the receipt and disbursement of hotel/motel tax as collected and distributed by the City to the Convention and Visitor's Bureau and the All Season's Arena.

Community Development Block Grant and Economic Development Administration – To account for resources provided by the Community Development Block Grants and the Economic Development Administration.

City of Minot, North Dakota Statistical Section

This statistical section presents information to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the basic financial statements, notes to the financial statements, and combining financial statements to understand and assess the City of Minot's overall economic condition.

The Statistical Section is presented in five categories:

Financial Trends – schedules are intended to assist users in understanding and assessing how the City's financial position has changed over time.

- Net Position by Component
- Changes in Net Position
- Fund Balances of Governmental Funds
- Changes in Fund Balances of Governmental Funds

Revenue Capacity – schedules are intended to assist users in understanding and assessing the factors affecting the City's ability to generate its own-source revenues. The City of Minot's own-source revenues are property and sales taxes.

- Sales tax-Taxable Sales and Purchases
- Sales tax-Taxable Sales and Purchases by Industry
- Governmental Activities Tax Revenues by Source
- Assessed Value and Estimated Actual Value of Taxable Property
- Property Tax Rates in Mills - Direct and Overlapping Governments
- Property Tax Levies and Collections
- Principal Property Taxpayers

Debt Capacity – schedules are intended to assist users in understanding and assessing the City's debt burden and its ability to issue new debt in the future.

- Ratios of Outstanding Debt by Type
- Ratio of Net General Bonded Debt to Assessed Value and Net Bonded Debt per Capita
- Direct and Overlapping Debt
- Legal Debt Margin
- Legal Debt Margin, Last Ten Fiscal Years
- Revenue Bond Coverage

Demographic and Economic - schedules are intended (1) to assist users in understanding the socioeconomic environment within which a government operates and (2) to provide information that facilitates comparisons of financial statement information over time and with other governments.

- Demographic and Economic Statistics
- Principal Employers, Current Year and Nine Years Ago

Operating - schedules are intended to provide information about the City's operations and resources to assist readers in understanding how the City's financial information relates to the services the city provides and the activities it performs.

- Full-time Equivalent City Employees by Function
- Operating Indicators by Function
- Capital Asset Statistics by Function

Sources: Unless otherwise noted, the information in the schedules is from the Comprehensive Annual Financial Reports of the City of Minot for the current year and prior years as presented. If less than 10 years of information is presented the schedule will provide an explanation. The City of Minot implemented GASB #54 in 2009 and GASB #68 in 2015.

In 1998, Sales Tax increased from 1% to 2%, with the additional 1% dedicated to the Northwest Area Water Supply project. The sales tax is a citizen voted tax. The original 1% is for capital improvements at 50%, economic development at 40%, and property tax relief at 10%. In June 2011, the voters opted to continue collecting the additional 1% sales tax, formerly for the Northwest Area Water Supply project and dedicate 30% to property tax relief, 40% to infrastructure projects, and 30% to community facilities. Based on the results of the City Council passing an ordinance, the first penny sales tax will be reallocated to the following as of July 1, 2014: property tax relief 10%; economic development 15%; improvements fund 25%; and flood control 50%.

(1) Assessed values are finalized by the State Assessment Board on the second Tuesday in August of each year. Since 1982, assessed value is calculated at 50% of the true and full value. Prior to 1982, assessed value was calculated at a residential or commercial percentage of market value.

(2) This includes all long-term general obligation debt

City of Minot, North Dakota
Computation of Direct and Overlapping Debt
For the Year Ended December 31, 2016
 unaudited

Governmental Unit	Outstanding Debt	Sinking Funds	Net Debt	Ratio	City's Share of Debt
Minot School District (1)	\$ 64,036,918	\$ 1,097,496	\$ 62,939,422	101.69%	\$64,002,059
Minot Park District (2)	18,722,866	-	18,722,866	100.00%	18,722,866
Ward County (3)	46,358,180	11,392,383	34,965,798	66.95%	<u>23,410,156</u>

Independent Auditor's Report on Compliance with Requirements Applicable to the Passenger Facility Charge Program and Internal Control over Compliance

To the Honorable Mayor and City Council
City of Minot, North Dakota

Report on Compliance

We have audited the compliance of the City of Minot, North Dakota Airport, with the compliance requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* (Guide), issued by the Federal Aviation Administration for its Passenger Facility Charge Program for the year ended December 31, 2016.

Management's Responsibility

Compliance with the requirements of laws and regulations applicable to its Passenger Facility Charge Program is the responsibility of the City of Minot, North Dakota Airport's, management.

Auditor's Responsibility

Our responsibility is to express an opinion on the City of Minot, North Dakota Airport's, compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the Passenger Facility Charge Program occurred. An audit includes examining, on a test basis, evidence about the City of Minot, North Dakota Airport's, compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City of Minot, North Dakota Airport's, compliance with those requirements.

Opinion

In our opinion, the City of Minot, North Dakota Airport, complied, in all material respects, with the requirements referred to above that are applicable to its Passenger Facility Charge Program for the year ended December 31, 2016.

Report on Internal Control over Compliance

The management of the City of Minot, North Dakota Airport, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws and regulations applicable to the Passenger Facility Charge Program. In planning and performing our audit, we considered the City of Minot, North Dakota Airport's internal control over compliance with requirements that could have a direct and material effect on the Passenger Facility Charge Program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing our opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Minot, North Dakota Airport's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of the Guide on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of the Guide that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *Passenger Facility Charge Audit Guide for Public Agencies*. Accordingly, this report is not suitable for any other purpose.

**Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in Accordance with
*Government Auditing Standards***

To the Honorable Mayor and City Council
City of Minot, North Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Minot, North Dakota as of and for the year ended December 31, 2016, and the related notes to the financial statements, and have issued our report thereon dated April 21, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not yet been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Honorable Mayor and City Council
City of Minot, North Dakota

Report on Compliance for Each Major Federal Program

We have audited the City of Minot, North Dakota's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2016. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect of each of its major Federal programs for the year ended December 31, 2016.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Note A – Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of Minot, North Dakota, and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. The City received federal awards both directly from federal agencies and indirectly through pass-through entities. Federal financial assistance provided to a subrecipient is treated as an expenditure when it is paid to the subrecipient.

Note B – Significant Accounting Policies

Governmental and proprietary fund types account for the City's federal grant activity. Expenditures in the schedule of expenditures of federal awards are recognized on the modified accrual basis – when they become a demand on current available financial resources. The City's summary of significant accounting policies is presented in Note 1 in the City's basic financial statements.

The City has not elected to use the 10% de minimis cost rate.

Section I – Summary of Auditor’s Results

FINANCIAL STATEMENTS

Type of auditor's report issued	Unmodified
Internal control over financial reporting:	
Material weaknesses identified	No
Significant deficiencies identified not considered to be material weaknesses	None Reported
Noncompliance material to financial statements noted?	No

FEDERAL AWARDS

Internal control over major program:	
Material weaknesses identified	No
