Dear Career School Administrator:

North Dakota law contains eleven exemptions from regulation for career schools seeking to operate in the state. They can be reviewed, [here](#).

It is the policy of the State Board for Career and Technical Education that: "Postsecondary educational institutions claiming to be exempt under North Dakota Century Code ch 15-20.4-02 shall provide to the board, in writing, sufficient information supporting the exemption." Distance education providers seeking to apply for an exemption from regulation, click [here](#) for the appropriate form.

For career schools that do not qualify for an exemption, application instructions and information can be found here: <http://www.nd.gov/cte/private-post-inst/>

North Dakota's licensing boards (e.g., Board of Nursing, Educational Standards and Practices Board) may also have applicable programmatic requirements. You may access information on North Dakota's Boards and Commissions, here: <http://governor.nd.gov/boards/>

Please be advised that the State Board for Career and Technical Education does not have the authority to provide a complaint procedure for institutions it has not authorized to operate in North Dakota.
