

How To: Update Mapping for I/Mobile

Step 1 – Download Mapping Update

1. Visit [Http://www.nd.gov/des/state-radio/imobile](http://www.nd.gov/des/state-radio/imobile)
2. When prompted for a login use the following credentials:
 - a. Login: NDGOV/cadaddon
 - b. Password: Pa\$\$word!

- c. 
3. Locate the “**Updates**” link under the I/Mobile Section on the left side of the website.
 - a. Locate the “**Mapping & Addressing Updates**” section of the webpage.
 - b. Find, and click on “I/Mobile Mapping Update (document)”
 - c. Save the .ZIP file to a location you will be able to find it... I.E. Desktop

Step 2 – Extract and replace the mapping files on EACH PC containing the I/Mobile software.

1. Locate the ZIP file to your saved location. The file should be named “mapping-update-MMDDYYYY.zip”
2. RIGHT click on the ZIP file and choose PROPERTIES
3. Click the UNBLOCK button at the bottom of the properties dialog, then click OK to close the properties.
4. Now open the recently downloaded .ZIP file.
 - a. The MMDDYYYY indicates the month, day, and year that the mapping update you are downloading, was placed on the website.
5. Once the .ZIP file is open, press CTRL-A on your keyboard, to select the folder “Current Map”
6. Once the “Current Map” folder is highlighted, press CTRL-C on your keyboard. This will initiate the ‘COPY’ command.
7. Minimize the ZIP file window and/or get back to your desktop, and press CTRL-V. This will initiate the “PASTE” command.
8. Locate the recently pasted “Current Map” folder on your desktop, and double click on it to open.
9. Double click the “Mapping.bat” file. It will bring up a command line (black and white) box, and will transfer the proper files. When it is complete, it will say that 4 files have transferred successfully. At that point you may press any key to close the command window.

Your mapping should now be up to date.
