Medicaid State Plan Applied Behavior Analysis Services

*As of December 31, 2017.

**AT=received assistive technology.

^RC=received respite care.

^^SM=received service management.

When applied behavior analysis services were added to the Medicaid State Plan, skills training, program monitoring and oversight and the evidence-based team were removed from the waiver, which will decrease waiver expenditures.

~Number of letters sent to families in January 2018 who had not made a purchase within 180 days of enrollment.

+Medicaid expenditure tables are being reviewed to ensure all ABA and EPSDT services are reported in the correct categories.
