

# Job-pardy (Jeopardy Job Game)

## Instructions and Sample Game Board

### Supplies Needed:

Paper and Tape or large sticky notes  
Chalk board/ White board  
Chalk/Dry Erase Marker  
2 buzzers (optional)

### Categories:

**Interviewing - Resume' writing - World of Work – Occupations - Future Planning**

Place the five categories across the top of the board. Below each category, you should write the answers (jeopardy format); five for each category should work well. Cover the answers with paper/sticky notes with the point values on them. Divide the students into two teams, or if the class is very small, students may play singles against each other. If you have an odd number of students, you may choose to select someone to be a score keeper. Teams take turns choosing a category and point value within that category. They then come up with the question that fits with the answer. The instructor may want to throw in a Double Job-pardy answer where the students get doubled points. The team with the most points at the end of the game wins.

### Example of what the board would look like:
