Dickinson Vocational Rehabilitation Office is moving to a new location

BISMARCK, N.D. – The North Dakota Department of Human Services' Vocational Rehabilitation regional office in Dickinson is moving the end of June to a new site at 1674 15th St. W., Unit E., which is north of the interstate, near the corner of State Avenue and 15th Street. The office, which provides education, training, and employment-related services for people with disabilities and consults with employers on workforce needs, will close temporarily from June 27 to 28 for the move, and will reopen on Monday, July 1.

During the move, clients can reach vocational rehabilitation staff by phone at 701-227-7600, toll-free 888-227-7525, ND Relay TTY 1-800-366-6888 (for persons with hearing impairments) or kshea@nd.gov.

Regional administrator Kari Shea said the move is occurring because the building currently housing the office was purchased by a new owner.

The new site has about 2,022 square feet of office space, she said. This compares to 3,419 square feet at the current site.

The Vocational Rehabilitation Office in Dickinson served 287 clients during the last federal fiscal year. The office currently employs four people including an administrator/counselor, a full-time counselor, a vision specialist, and an employee whose duties include office management and office support.
