## 2015 Schedule

### Autism Spectrum Disorder Task Force Meetings

In compliance with NDCC Sections 44-04-19 and 44-04-20, this provides notice of the Autism Spectrum Disorder Task Force meetings for calendar year 2015.

The task force is charged with examining early intervention services, family support services that would enable an individual with autism spectrum disorder to remain in the least restrictive home-based or community setting, programs transitioning an individual with autism spectrum disorder from a school-based setting to adult day programs and workforce development programs, the cost of providing services, and the nature and extent of federal resources that can be directed to the provision of services for individuals with autism spectrum disorder.

The task force developed and continues to review and periodically update and amend the state autism spectrum disorder plan so that it best serves the needs of individuals with autism spectrum disorder. The task force also provides an annual report to the governor and the legislative council regarding the status of the state autism spectrum disorder plan.

Task Force details are online at <http://governor.nd.gov/boards/>.
