[Temporary Assistance for Needy Families](#) is available to any [needy dependent child](#) who [lives in the home of a relative](#) by [birth, marriage, or adoption](#), who has been deprived of parental support or care by reason of death, continued absence from the home, or incapacity, disability, or [aged](#) of either or both [parents](#).

TANF provides dramatic and far-reaching reforms to North Dakota's welfare programs. TANF is based on a system that comprehensively addresses the economic problems and barriers to self-sufficiency that confronts today's low-income families.

The objectives of TANF are to:

1. Ensure the rights of every individual to economic security and necessary education or training while realizing that every individual has the corresponding responsibility to take affirmative action toward maximizing self-sufficiency and independence.
2. Provide guidance on the responsibilities of the [recipient](#) in achieving self-sufficiency and the duties of the JOBS Program in facilitating the achievement of attainable goals.
3. Allow families to retain a reasonable level of resources to meet current and projected needs while remaining eligible for the receipt of [assistance](#).
4. Provide a uniform budget methodology to guide the determination of eligibility and [benefits](#) for families.
5. Encourage recipient responsibility by providing time-limited benefits except in cases of hardship.
6. Engage the private and public business sector as a partner in promoting self-sufficiency.
7. Provide incentives to make work more rewarding than receiving assistance.
8. Require all [non-custodial](#) parents to share in the support of their children by strengthening existing program procedures and developing new procedures to bring about improved enforcement and collection of [child support](#).

9. Support relocation of individuals and families in order to pursue training opportunities and secure meaningful employment.
10. Evaluate individual cases and agency performance based on the achievement of stated goals. The evaluation outcomes are based upon the individual reaching self-sufficiency or movement toward self-sufficiency rather than accountability of the program's mechanical procedures.
11. Promote the health and development of children through participation in the North Dakota (ND) Health Tracks.
12. Maintain the overall objective of preserving and strengthening the family structure.

The key elements of this program are to:

1. Simplify design;
2. Tailor services to the family's needs;
3. Provide benefits contingent upon progress toward self-sufficiency; and
4. Emphasize individual and family responsibility with rigorous enforcement of child support.

The Role and Responsibility of the eligibility worker is to:

1. Engage the family in developing a trusting working relationship;
2. Interview [applicants](#) and [recipients](#) to obtain information in order to determine initial and ongoing eligibility for [benefits](#) based on the rules and regulations of the TANF Program;
3. Assist the [households](#) to identify and address areas of need, and complete referrals to services in the community;
4. Determine whether each applicant or recipient is required to participate in the JOBS Program or has [good cause](#) to postpone participation;
5. Refer non-exempt individuals to the JOBS or Tribal NEW Program;

Note: Referrals to the Tribal NEW Program are based on referral criteria established by a [Tribal NEW Memorandum of Understanding \(MOU\)](#).

6. Provide child care payments to authorized State JOBS or Tribal NEW Program participants for activities which may be approved; and
7. Describe the 60-month Lifetime Limit and inform the individual about the household's remaining TANF months and its effect on the family.

The eligibility worker must stress that TANF is temporary [assistance](#) available to needy families and that there are strict work requirements for all non-exempt recipients. It is essential that the eligibility worker make certain that all referred individuals clearly understand their responsibilities for participation in the JOBS Program.

With regards to the JOBS Program, the eligibility worker is responsible to:

1. Present a brief orientation to JOBS during the interview by:

- a. Providing the individual with the [DN 1990](#), JOBS Work Requirements for Recipients of the TANF Program, which is available as a brochure or included in the [DN 405](#), Application for Assistance Guidebook, and answer any questions they have about the requirements.
 - b. Explaining the referral process and the relationship between the eligibility worker and the JOBS Employment Contractor. Inform referred individuals of their responsibility to comply with the requirements of the referral.
 - c. Explaining and emphasizing that participation in federally mandated work activities is required. JOBS must move participants into employment quickly, and short-term training is allowed only for those who meet certain criteria. The need for training will be determined as part of the JOBS assessment process.
 - d. Explaining the [sanction](#) process and penalties that may result from noncompliance.
 - e. Explaining that good cause to excuse an individual from participation in the JOBS Program is temporary. The good cause reason or condition must be serious enough to totally prevent any type of participation and requires approval based upon adequate [documentation](#).
2. Process transportation supplements promptly.
3. Share information with the JOBS [Employment Contractor](#) that is pertinent to the individual's ability to participate or may be helpful in monitoring the individual's work activities.
4. Schedule a good cause determination meeting (if required) when an individual does not follow through with the referral requirements or participate in good cause determination meetings with the JOBS Employment Contractor.
5. Process all sanction requests from the JOBS Employment Contractor. Prior to imposing a sanction, review the documentation provided by the JOBS Employment Contractor to ensure that the proper good cause determination procedure was followed and that the individual failed to demonstrate good cause for noncompliance with JOBS requirements.
6. Upon request from the JOBS Employment Contractor, provide the amount of the TANF and SNAP benefits. This enables the JOBS Employment Contractor to assist the JOBS Participant by:
 - a. Determining the number of hours an individual must participate in the Community Service Activity;
 - b. Providing Budgeting Counseling; and

At times it may be appropriate to arrange for [household](#) members, outside agency staff, and the TANF Eligibility Workers to gather as a group to coordinate the efforts different agencies are making in working with a household. In these cases it is important to note that this must be done with the informed consent of the household, and signed releases of information must be in place before such a meeting is arranged. TANF Eligibility Workers may know of situations where it is suspected that children in TANF [households](#) are being abused or neglected, either by other household members or in settings outside of the home. As these situations occur, a TANF Eligibility Worker may make reports without violating the confidentiality of the household. The TANF Eligibility Worker may consult with the Child Protection Supervisor at the county social service office if there are any questions on a potential child abuse or neglect situation.

(N.D.A.C. 75-02-01.2-05)

While eligibility for TANF is determined primarily by information supplied by the [applicant/recipient](#), [verification](#) of all factors of eligibility must be supported by conclusive, documenting evidence. It is the responsibility of the applicant or guardian of the applicant to provide documentary evidence to support its statements and resolve any questionable information. The applicant or guardian may supply documentary evidence in person, through the mail, e-mail or fax. If the information is e-mailed, retain a copy of the e-mail that includes the individual's name, the date of the e-mail, and the content of the e-mail. The eligibility worker shall accept any reasonable documentary evidence provided by the [household](#) and shall offer [assistance](#) to the household in obtaining the documentary evidence if needed.

Verification Factors

Verification is the use of third party information or [documentation](#) to establish the accuracy of statements and information provided to the eligibility worker. TANF requires the following factors of eligibility to be verified:

1. Proper degree of relationship;
2. Social security number or Verification of Application for a Social Security Number;
3. Age;
4. Identity;
5. [Citizenship](#);
6. School attendance of any child age 16 to 18, or if age 18, is a [full-time student](#) in a [secondary school](#) or a vocational or technical school that

is equivalent to a secondary school, and who will, before the end of the [calendar month](#) in which the student will attain age 19:

- a. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED, or
- b. Complete their training at a vocational or technical school that is equivalent to secondary school.

7. All [income](#);
8. Equity value of [assets](#) whenever available information or the [prudent person concept](#) suggests such reported value may exceed program limitations;
9. Conditions requiring professional examinations or judgments to establish the existence of incapacity or pregnancy;

Note: In addition to verification of pregnancy when the household consists of a pregnant woman with no other child(ren), verification of the Estimated Date of Confinement (due date) is also required.

10. [Special Items of Need](#) requests;
11. Child or alimony/spousal support, or money paid to non-household members; and
12. Any other factor of eligibility for which available information is lacking, questionable, or inconclusive, and which suggests to a prudent person that further inquiry and/or documentation is necessary.

Verification Sources

1. [Documentary Evidence](#). Eligibility workers shall use documentary evidence as the primary source of [verification](#). Documentary evidence consists of a written confirmation of a [household](#)'s circumstances. Examples of documentary evidence include wage stubs, rent receipts, and utility bills. Although documentary evidence shall be the primary source of verification, acceptable verification shall not be limited to a single document or source. Where information from another source contradicts statements made by the household, the household shall be afforded a reasonable opportunity to resolve the discrepancy. Whenever documentary evidence cannot be obtained, the eligibility worker may

Division 10
Program 400

use alternate sources of verification such as collateral contact and home visits. In all cases, the method of verification shall be recorded in the case file.

All documentary evidence must be date stamped the day received at the human service zone. An electronic date stamp is acceptable if it is part of the document and stamped the day the verification is received.

The date verifications are scanned into case file are not considered the date received by the human service zone local office as this only represents the date the information was scanned into the case file.

2. Collateral Contacts. A [collateral contact](#) is a verbal confirmation of a household's circumstances by an individual outside the household and is used when documentary evidence is insufficient or incomplete. The collateral contact may be either in person or over the telephone. The eligibility worker must rely on the household to provide the name of any collateral contact.

A collateral contact can be any third-party verification of the household's statements. The eligibility worker is responsible for obtaining verification from acceptable collateral contacts. Suggested collateral contract sources include the individuals current or prior landlord, school district, banks, community action agencies, Department of Motor Vehicle, non-relatives, current or prior employers, Job Service, housing agencies, social service agencies, etc.

The eligibility worker must only disclose the information that is absolutely necessary to get the information being sought. The eligibility worker should avoid disclosing that a household has applied for [assistance](#) and should not disclose any information provided by the household. Eligibility workers should not suggest that a household is suspected of any wrongdoing.

The household may designate a collateral contact. However, the eligibility worker is not required to use a collateral contact designated by the household if the collateral contact cannot be expected to provide accurate third party verification. Once an acceptable collateral contact is designated, the eligibility worker is responsible for obtaining verification from the collateral contact.

In directly contacting a collateral contact source of verification, the eligibility worker must always identify themselves by name, position,

and the name of the human service zone office. In so doing and then inquiring about a particular client by name, the contact may be able to know that the client is applying for assistance. This does not constitute a violation of confidentiality regulations.

Note: If the contact requests more than this information about the [recipient](#)'s status, the eligibility worker must refuse the inquiry and briefly explain the confidentiality requirements.

Verification obtained in non-written form must be documented in the case file.

3. **Home Visits.** Home visits are to be used as verification only when documentary evidence is insufficient to make a firm determination of eligibility, there are no collateral contacts, or verification cannot be obtained, and the home visit is scheduled in advance with the household.

System Interfaces. System interfaces are used to verify information needed to determine eligibility. Acceptable interfaces are addressed at [448-01-05](#) in the Administrative Procedures Manual.

Effective January 1, 2009, individuals under age 21 are no longer required to complete a screening through the preventive health program known as Health Tracks (EPSDT). All members of a TANF [Household](#) who are Medicaid eligible and under age twenty-one are encouraged to participate in the North Dakota Health Tracks Program.

TANF [recipients](#) who complete the Health Tracks screening are eligible for a \$25.00 reimbursement per individual, per year. For this purpose, completion of the screening does not include the follow-up appointments or referrals to other physicians that are generated from a screening. If the reimbursement is received in an [initial](#) month of eligibility for TANF, the reimbursement will not be [prorated](#) from the date of application. The individual will receive the entire reimbursement for each child.

Individuals residing in the United States who apply for TANF benefits may be in need of interpreter services. Federal law requires 'States and other providers of health and social services to avoid discrimination against Limited English Proficient (LEP) persons on grounds of national origin, and states and other providers of health and social services must take adequate steps to ensure that such persons receive free of charge the language assistance necessary to afford them meaningful access to the services.'

Note: Based on state law, the cost of providing interpreter services to assist individuals when meeting with county staff is the responsibility of the county and are not reimbursable by the Department.

An application is a formal request for [benefits](#) that is made on one of the prescribed TANF Program application forms. Individuals requesting benefits through the TANF Program must complete and sign an application. The application must be submitted to a human service zone office for processing. An unsigned application is not considered an application.

Applications may be received, filed and maintained at any human service zone within the state, based on what is most convenient for the applicant or recipient.

Prior to determining eligibility and authorizing benefits, the eligibility worker must have a completed and signed application. The application is considered signed if the signature is found anywhere on the application, other than to answer a question.

The application process may include the following steps:

- An individual contacts the human service zone office.
- Human service zone staff advises the individual of the right to file an application, explain how and where to apply, and, if necessary, assist the individual with completing the application.
- Human service zone staff shall provide information on the types of assistance and other community resources available.
- An applicant files an application for assistance.
- The eligibility worker conducts an interview.

Exception: If there is not a break in assistance of one full calendar month, the interview is optional.

- The applicant provides verifications.
- The eligibility worker determines eligibility and the date eligibility begins.

Upon receipt of an application (regardless which application form is used), the eligibility worker must:

1. Determine if the application is complete and signed:
 - If a signed application is incomplete, the household must complete the application.
 - See TANF policy at Required Applications in Various Circumstances 400-19-20-20 to determine when an application and Monthly Report can be used.
2. If the application does not list an address, the eligibility worker should review the contact information found on a mailing envelope, in a phone book, on a Motor Vehicle query or using any other available resources for address information.
3. Schedule an [interview](#).
 - If a client requests a specific type of interview, whether by phone, virtual or in person, the human service zone must honor the client's request when possible.
Exception: If there is not a break in assistance of one full calendar month, the interview is optional.
4. The application must be registered in the automated computer system as soon as possible upon receipt, but no later than the fifth working day following receipt. If no mailing/residence address can be located, 'General Delivery' must be used as the mailing address for all notice(s). If the notices are returned for insufficient address:
 - If the application has not been approved, the application should be denied due to loss of contact and documented in the casefile.
 - If the application has been approved, TANF can be closed for loss of contact and documented in the casefile.

2. In the instance when a [household](#) receiving assistance requests to participate in any new program. (e.g. a Medicaid household requesting TANF);

Note: A new application is not required following a [denial](#) or withdrawal of the initial month's request when eligibility for the second month exists.

4. Upon reapplication after a case closes when there has been a break of assistance of at least one full calendar month, unless the [closure](#), was caused solely by administrative error; or
5. When there is a change in the [caretaker/relative](#), not previously in the TANF household, with whom the children are now residing.

A completed Monthly Report and SFN 405, "Application for Assistance" or the Electronic Application is required in the following circumstances:

6. When a case is reverted to open; or
7. The same application can be used to determine eligibility for the month following the month of denial when ineligibility is expected to last for the month of application only. The month following the month of denial is the initial month of application and becomes the first prospective month.

The benefit start date is either the date the signed application is received in the county agency or the date the [household](#) becomes eligible, whichever is later.

Note: When a family entering North Dakota has received a current month's TANF benefit from a state that issues grants twice per month, the benefit start date is the day following the date eligibility in the other state ended or the date the household becomes eligible, whichever is later.

Timeliness Standards for Processing TANF Benefits 400-19-20-30

The processing timetable for applications starts from the date of application. Except in extenuating circumstances, a decision to either approve or deny an application must be made no later than 30 [days](#) following the date of the application. Formal action (either approval or [denial](#)) must be taken on each application for [assistance](#) for the month in which it is received.

Extenuating circumstances include, but are not limited to:

1. Failure or delay of an [applicant](#) to provide needed information due to circumstances beyond the applicant's control,
2. An inability to complete a [Proof of Performance](#) (POP) due to factors outside of the applicant's control,
3. An inability to complete Up-front eligibility requirements due to factors outside of the applicant's control.

If an application is not acted upon within the 30-day time frame due to extenuating circumstances, the case record must contain an explanation of the cause of the delay.

If the family does not complete the application and provide all required [verifications](#) within the 30-day time frame (and the delay in completing the application is not due to extenuating circumstances) the application must be denied.

An applicant may withdraw an application for assistance any time before the [initial](#) benefit has been paid.

Human Service Zones must use forms and notices developed by the Department of Health and Human Services (DHHS) for the purposes of informing and advising clients of the status of their application and their rights and responsibilities.

Since eligibility and [benefits](#) are determined based on information provided on the [SFN 405](#), "Application for Assistance" or the Electronic Application, there is no [advance \(10-day\)](#) or [adequate notice](#) requirement in instances when:

1. Benefits are being reduced in the second prospective month as they are less than benefits for the first prospective month; or
2. There is no eligibility for benefits in the second prospective month.

Note: There is no requirement that notices be mailed the same day or that a single notice address eligibility and benefits for the first two prospective months.

Monthly Reporting 400-19-25**General Statement 400-19-25-05**

(Revised 11/1/19 ML #3562)

(N.D.A.C. [75-02-01.2-10](#))

As a condition of continued eligibility, TANF [households](#) are required to submit a monthly report form effective with the first month [income](#) and expenses are retrospectively budgeted.

The monthly report does not replace the [applicant's](#) or [recipient's](#) responsibility to report a change within 5 calendar days of learning of a change in circumstance that may affect eligibility or the amount of the TANF benefit.

The purpose of the monthly report is to gather information necessary to determine eligibility and amount of TANF [benefits](#). A monthly report provides households with a systematic method for reporting income, expenses, household composition, and other relevant circumstances for the base and benefit months. Recipients must also report changes in other circumstances which the household expects to occur in the future [benefit month](#) which may affect continued eligibility.

Example: If January is the month in which the application is received, eligibility and benefits for January and February are based on prospective information obtained from the applicant and listed on the application. The first monthly report is required in February to verify January actual information. Since January had been authorized based on prospective information, the January information is used to determine if January's benefit must be adjusted. The monthly report will also provide anticipated information for March upon which all factors of eligibility are determined prospectively, except income and [expenses](#).

Mailing and Return of the Monthly Report 400-19-25-10

[View Archives](#)

The TANF Monthly Reports are mailed on or about the 25th of each month as well as each of the last three work days of the month for cases processed after the 25th. Recipients have the option of completing and submitting their Monthly Report on-line through the Department's Website.

Monthly report forms may be received, filed and maintained at any Human Service Zone within the state, based on what is most convenient for the applicant or recipient.

Monthly report forms may be submitted in person, electronically, by drop box, fax, mail, etc.

Monthly reports submitted during normal business hours are considered received on the date submitted. When a monthly report is submitted after business hours, on a weekend or holiday, the monthly report is considered received the next business day.

Note: The eligibility worker must document the date a monthly report is filed by recording the date received on the monthly report.

If a monthly report is submitted prior to the 1st day of the month in which it is due, the monthly report must be accepted but held for registration and processing until the first working day of the month in which it is due.

Example: A completed TANF monthly report form due in September is received August 30. On the first working day in September the TANF monthly report form can be registered and can be processed.

In disregard to when the household submits the TANF monthly report form, the household is required to report all changes in household circumstances within 5 days of learning of the change, except when reporting the birth of a newborn, in which the household has 10 days. (See policy at 400-19-25-30, Reporting Changes).

In instances when an application is not processed until the second prospective month, the eligibility worker must provide the applicant with a

Treatment of Completed Monthly Report 400-19-25-20

(Revised 5/1/2023 ML #3704)

Eligibility workers shall review the monthly report when received to determine if all questions have been answered, ensure the form is signed and dated and all necessary [verifications](#) are attached.

Note: Lack of information for [income](#) and [expenses](#) for the prospective month does not constitute an incomplete Monthly Report for TANF.

Electronic or handwritten signature is acceptable on the TANF Monthly Report form.

If the monthly report fails to include verification of work-related child or dependent care, or child support or alimony the report is considered complete, but the child and dependent care or child support or alimony disregard will not be allowed.

The eligibility worker shall use the completed monthly report to determine eligibility and the proper amount of the monthly benefit. Each [household](#) shall be notified of any changes from the prior notice and the basis for the new determination. This notice must reach the household no later than the date they would normally receive a benefit and shall serve as the [adequate notice](#) of any decision based on information reported by the household on the monthly report.

With few exceptions benefit changes that are not based on information supplied on the monthly report must be preceded by an advance (10-day) notice. (See Section [400-19-115-10](#), Advance (10-Day) and Adequate Notice Requirements.)

**Treatment of Non-Receipt or Incomplete Monthly Report
400-19-25-25**

If a monthly report is not registered by the 10th day of the month, an automatic notice will be sent to the [household](#) that includes the reason for and effective date of case [closure](#).

Note: If the monthly report is not received by the last day of the month, the case will fail for 'Non-Receipt MMR' and close effective the last day of the month in which the monthly report is due.

If a monthly report is not provided to the household prior to the 10th day of the month in which it is due, the TANF Eligibility Worker must also create and send the 'Non-Receipt of MMR' notice.

If a household submits an incomplete monthly report by close of business on the third to the last [day](#) of a month, a notice, preferably the Incomplete Monthly Report notice must be sent allowing the household 10 days to provide the information. The household has 10 days, or until the end of the [calendar month](#), whichever is later, to submit the information. Should the case close at the end of the month and the household submit the information within the 10 day period, the case must be reverted to open and eligibility determined.

The household must be notified of any benefit changes. A household has the right to request a [fair hearing](#).

Example: Incomplete Monthly Report notice is sent to central print on April 28th and the case closes Friday, April 30th. The household submits the information that completes the monthly report on May 3rd. Since the information is received within 10 days of the date of the notice, the case must be reverted to open and eligibility determined for the [benefit month](#) of May.

Note: If the household is eligible for May [benefits](#), the TANF Eligibility Worker must create and mail a monthly report to the household for the benefit month of June.

Program 400

Service 400
Chapter 19

If the household does not submit the information within the 10 day period, the case will remain closed and a new application is required.

If a household submits an incomplete monthly report after the close of business on the third to the last working day of a month, a notice is not required to be sent to the household. Should the case close at the end of the month a new application is required.

Note: If the TANF Eligibility Worker does send an incomplete notice, the 10-day period must be honored.

Reporting Changes 400-19-25-30

TANF participants are required to report all changes in [household](#) circumstances within 5 [days](#) of learning of the change, except when reporting the birth of a newborn, the household has 10 days. Failure to report changes within the allotted time may result in an [overpayment](#) and/or referral for possible [fraud](#). (See Section [400-19-115-15](#), Proper Notification When Reducing Benefits or Closing Cases.)

Changes reported during normal business hours are considered received the day reported. When a household reports a change by dropping off information, through voice-mail, by e-mail, or by fax on a weekend, holiday, or after normal business hours, the change is considered reported on the next working day.

Note: The TANF Eligibility Worker must document the date a change is reported by recording the date received on the document provided or in the casefile narrative.

(Revised 5/1/2023 ML #3704)

Eligibility for every TANF [household](#) is redetermined each month using the TANF Monthly Report. The purpose of the annual Review is to carefully examine all relevant factors of eligibility including [deprivation](#), [income](#), [assets](#), and household composition, as well as to identify any inconsistencies in the information provided through the Monthly Report process. An interview is not required when completing the annual Review.

Eligibility workers shall review the annual Review form when received to determine if all questions have been answered, ensure the form is signed and dated and all necessary verifications are attached.

Note: Lack of information for income and expenses for the prospective month does not constitute an incomplete annual Review.

If the annual Review fails to include verification of work-related child or [dependent care](#) or [child support](#) or alimony, the report is considered complete, but the child and dependent care or child support or alimony disregard will not be allowed.

Electronic or handwritten signature is acceptable on the annual Review form.

The automated computer system provides an alert to the eligibility worker when an annual Review is due and automatically sends notification to the TANF household advising the annual Review is due. The TANF Monthly Report/Review form is sent to the TANF [Primary Individual](#) on approximately the 25th of the month prior to the month the annual Review is due.

Recipients have the option of completing and submitting their annual Review on-line through the Department's Website.

Human Service Zones must use forms and notices developed by the Department of Health and Human Services (DHHS) for the purposes of informing and advising clients of the status of their annual Review and their rights and responsibilities.

Child Support Up-front Eligibility 400-19-35-15

(Revised 10/1/2023 ML #3749)

[View Archives](#)

As a condition of eligibility, [applicants](#) are required to complete [SFN 74](#), 'Child Support Information'. The SFN 74 will be required from each caretaker against each absent [parent](#) for each child for whom TANF [benefits](#) are requested. Only one DN 403 is required per caretaker. The forms may be included with the information provided to TANF applicants with the application packet.

Note: SFN 74 forms remain valid for six (6) months from the original date they were signed. Therefore, if a family reapplies within the six (6) month period, a review of the existing forms kept in the casefile rather than completion of new forms will satisfy the Child Support Up-front eligibility requirement. The family must resign and redate the copies underneath the existing signature and date. The family must initial and date any changes made to the information previously supplied on the file copy. The 'updated' copies must be sent to the Child Support Division to meet the Child Support Up-front eligibility requirement.

The eligibility worker must review the automated computer system for each child TANF is being requested to see if there is an outstanding Child Support Non-cooperation. If a reason of [financial or paternity](#) appears for any children included for TANF, there may be an outstanding issue that needs to be resolved prior to approval of the TANF application. The individual must contact the Regional Child Support Division office as the Up-front Child Support eligibility requirement will not be met until the issue is resolved.

If the completed forms are received by the eligibility worker and there are no outstanding issues with the Child Support Division, Up-front Child Support eligibility requirements have been met.

Note: Forms are to be sent to the Child Support Division Intake Unit within one day of being determined complete. The forms and any other additional information gathered can be sent as an attachment to an email: (dhscsreferrals@nd.gov) or in hard copy to Child Support Division, PO Box 7190, Bismarck, ND 58507-7190.

If requested, the eligibility worker must assist the individual in completing SFN 74. However, this form should be completed in the individual's handwriting whenever possible. If completed forms are not received by the eligibility worker, the application must be denied.

The eligibility worker must determine whether the [applicant](#) made a genuine attempt to answer all questions and completed the forms to the best of their ability.

Note: When an applicant answers the majority of questions as "Unknown", the form must be reviewed with the applicant. [Prudent person concept](#) applies.

Additional information about the SFN 74 is available in section 400-19-165-10, SFN 74, Child Support Information.

Child Support Up-front eligibility does not apply when:

1. Both parents of all eligible children are in the home as deprivation would be based on incapacity, disability, or age of one of the parents;
2. A determination of '[good cause](#)' for non-cooperation with the Child Support Division is pending or has been granted.

Note: The eligibility worker should request that the family complete the forms but cannot deny the application if the forms are not completed and returned.

This form is available as an e-form and may be signed electronically.

When a TANF application is denied and the family is eligible for Medicaid, SFN 74 should be forwarded to the Regional Child Support Division.

TANF Household Composition (Filing Unit) 400-19-45-05

(Revised 7/1/2023 ML #3726)

[View Archives](#)(N.D.A.C. [75-02-01.2-37](#))

The TANF [household](#) is comprised of individuals who live together where at least one member is in receipt or of TANF. The household must include:

1. A [dependent child](#);
2. The natural, adoptive, or [stepparents](#) of the dependent child; and
3. The dependent child's [siblings](#) (including half and step-siblings) who are under age 18, or if age 18 will, before the last day of the calendar month in which the sibling attains age 19:
 - a. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED; or
 - b. Complete their training at a vocational or technical school that is equivalent to secondary school.

Note: Any of the above members who are temporarily residing away from home must be included in the TANF household.

[Parent](#)(s) of the dependent child(ren) who reside in the home must be included, whether or not married. If a parent claims or appears to be incapacitated, incapacity must be explored because additional household members and their [income](#) and [assets](#) may then have to be included in the unit. Once the TANF household is established, all income and assets of the persons required to be included must be considered in determining eligibility.

A [minor parent](#) who resides with a legally or [non-legally responsible caretaker](#) is considered a dependent child (and not a caretaker). When the minor parent resides with a [legally responsible caretaker](#), the legally responsible [caretaker](#) must be included in the TANF household (three-generation household).

Stepparent(s) must be included in the TANF household. The stepparent will either be eligible for [benefits](#) or stepparent [budgeting](#) will apply. No stepparent may be included as a second eligible caretaker for the TANF portion of the benefit unless the stepparent has a natural or adoptive child(ren) who is also included in the TANF household.

When a natural or adoptive parent does not reside in the home and the caretaker is a stepparent (who may or may not have a natural or adoptive child in the home), the caretaker (stepparent) as well as the caretaker's children and stepchild(ren) must be included in the TANF household.

Note: Effective June 1, 2010, the household must include the stepparent, any natural or adoptive children of the stepparent and stepchildren.

Individuals in receipt of Supplemental Security Income (SSI), including presumptive SSI benefits, are not included in the household size and their income, assets, and [expenses](#) are not considered in determining eligibility for TANF. If the person is receiving a zero SSI benefit but is considered an [SSI](#) recipient (e.g. due to recoupments, 1619B eligible, etc.) they are not considered as receiving SSI benefits for TANF purposes and the person must be included in the household.

A child for whom a Subsidized Guardianship payment is received is not eligible for TANF and cannot be included in the household.

At times a parent may request that a particular child not be included in the TANF household. The parent has no option in this matter since the household provision requires that all otherwise [technically eligible](#) persons must be included in the household. However, a non-legally responsible person (i.e. grandmother, grandfather, aunt, uncle, etc.) may choose not to participate in TANF. (See Section [400-19-140](#), Kinship Care)

When the only dependent child in the household is a SSI recipient or is disqualified because of noncooperation with program requirements, the parent in the TANF household may remain eligible for benefits if all other factors of eligibility are met, unless the case progresses to close due to a [sanction](#).

Examples of TANF Households:

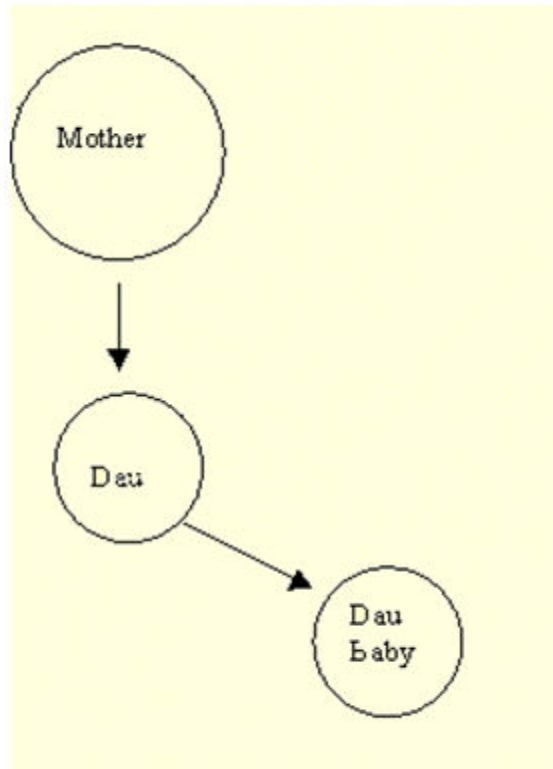

1. If one of the stepparents is not incapacitated, disabled or [aged](#), the unit would consist of either the mother and her child or the father and his child.
2. If both stepparents want TANF for their deprived child, the unit would consist of 4 persons with their child in common being [ineligible](#) (that child's needs will be unmet).
3. If either stepparent is incapacitated, disabled or [aged](#), the unit will consist of all 5 persons.
4. If one of the stepparents leaves, the unit will consist of 4 members since the child in common is a half-sibling to the stepchild and the stepparent is considered related to the stepchild within the 5th degree.

3. If the parent is age 18 or older, the parent would qualify in their own right and the baby must be included in the parent's household. The baby's grandparent is not eligible.

Determining Household Composition when the Caretaker is not a Parent 400-19-45-05

(Revised 4/1/2012 ML #3309)

[View Archives](#)

A [household](#) consisting of an eligible caretaker(s) and child(ren) may have related children residing with them for whom the caretaker has no legal responsibility but who are also eligible for a TANF benefit. If the caretaker requests to receive TANF [benefits](#) for all of the children, the TANF household must include all individuals for whom TANF is being requested.

When a household consisting of a caretaker with their own children also has children residing in the household for whom they have no legal responsibility, the caretaker and their children may opt out for TANF. The caretaker may then request [assistance](#) for only those children for whom they have no legal responsibility, provided the caretaker does not wish to have their needs included.

Occasionally children who are not [siblings](#) are cared for by a common, [non-legally responsible caretaker](#).

- If the non-legally responsible caretaker requests TANF benefits for only the children to whom the caretaker is related within the 5th degree, TANF eligibility for those children will be based on the [income](#) and [assets](#) of the children only.
- The non-legally responsible caretaker may choose to receive TANF benefits for only some of the children. The non-legally responsible caretaker may do so, provided the children being opted out are not siblings, either full, half, or step siblings to the children for whom assistance is being requested.
- If the spouse or ex-spouse of the non-legally responsible relative resides in the home, the non-legally responsible relatives are ineligible to be included in the TANF benefit and will be designated as an ineligible caretaker.

Marriage Validity Policy for TANF 400-19-45-05-10

(Revised 10/1/15 ML #3459)

[View Archives](#)

A spouse is a person who is legally married to another person. In order for a marriage performed in North Dakota to be considered valid in North Dakota, couples are required to obtain a marriage license through the County Recorder's Office.

Marriages that occur outside of North Dakota are considered valid in North Dakota if:

1. The marriage was legally performed in another state;
2. The marriage is a common law marriage that occurred in another state and was considered a valid marriage in that state (the couple would be required to provide documentation verifying that the common-law marriage was considered valid by the state in which it took place);
3. The marriage occurred in another country and the marriage was considered valid according to the law of the country where the marriage was contracted, unless the marriage violates the strong public policy of North Dakota.
4. Polygamous marriages violate the strong public policy of North Dakota. In situations where polygamy has occurred, the first marriage is considered valid in North Dakota if the marriage meets the criteria in #1, 2 or 3 above. Any additional spouse(s) claimed after the first marriage are considered non-relatives.

Primary Individual (PI) 400-19-45-10

(Revised 6/1/10 ML #3225)

[View Archives](#)(N.D.A.C. [75-02-01.2-06](#))

Every TANF [household](#) must have a primary individual (PI). The PI is the caretaker of a child in the household to whom the agency directs correspondence and notices. The PI, who may or may not be eligible, is responsible for providing all pertinent data necessary to make a determination of eligibility. If the PI does not provide the necessary information required to determine eligibility, the entire household is ineligible for TANF.

The PI will be identified among the household members using the following priority listing:

1. Natural or adoptive [parent](#);
2. Adult relative within the fifth degree of relationship;
3. [Stepparent](#);
4. Spouses of any person(s) named above even after the marriage is terminated by death or divorce, but not by annulment; or
5. Brother, sister, half-brother, half-sister, stepbrother, or stepsister age 16 or older.

The PI of a case can only be changed if the PI dies and the new PI is the spouse and resides in the same household of the PI who died.

Living in Home of Relatives 400-19-45-15

(Revised 6/1/10 ML #3218)

[View Archives](#)(N.D.A.C. [75-20-01.2-01\(29\)](#))

In order to be eligible for TANF, a [dependent child](#) must be "[living in the home of a specified relative](#)." A child must reside with an individual related by blood (including half-blood), marriage, or adoption who is within the 5th degree of relationship.

Note: Subsidized adoptive children cannot be included in the TANF benefit until the adoption decree is final, unless the child is related within the 5th degree to the caretaker. Once the adoption decree is final, the adoptive child must be included in the TANF benefit.

A dependent child must reside with one of the following individuals :

1. A natural or adoptive [parent](#) (1st degree);
2. A [stepparent](#) if the natural or adoptive parent is not in the home (1st degree);
3. Stepbrother or stepsister, if the stepparent, natural or adoptive parent is not in the home (2nd degree);
4. Sibling (including a half sibling) if age 16 or older (2nd degree);
5. Natural and step grandparent, including great, great-great, or great-great-great grandparent (2nd 3rd, 4th, 5th degree);
6. Uncle or aunt including a great or great-great aunt or uncle (3rd, 4th, 5th degree);
7. Nephew or niece including great or great-great niece or nephew (3rd, 4th, 5th degree);
8. First cousin (an aunt or uncle's child) or first cousin once removed which is an aunt or uncle's grandchild (4th and 5th degree);
9. A second cousin (a great aunt or uncle's child) (5th degree);
10. A spouse of any of the above individuals even after the marriage is terminated by death or divorce.

Termination of Parental Rights 400-19-45-15-05

(Revised 6/1/10 ML #3218)

[View Archives](#)

Termination of parental rights removes all relationships and responsibilities between the parent and their child(ren). The [parent](#) becomes a "legal stranger" to the child(ren). However, for TANF purposes, the blood relatives of a parent whose parental rights have been terminated continue to be treated as relatives of the child(ren).

There is no relationship between the child and the parent whose rights have been terminated. If the child returns to the home of the parent whose rights have been terminated, while TANF [benefits](#) may be issued to the parent and other [dependent children](#), the child is not "[otherwise eligible](#)" for TANF even though the child is living with [siblings](#) or half-siblings.

If a child is adopted by a relative within the 5th degree of relationship of the parent whose parental rights have been terminated, new relationships are established between the parent whose parental rights have been terminated and the child.

Example: Biological mother terminated her parental rights and grandmother adopted her child. The adoption establishes a new relationship of sibling between the biological mother (whose parental rights were terminated) and the child. The biological mother and the child move out of the home and apply for TANF. Eligibility for [assistance](#) may be established based on the sibling relationship.

TANF Household Living Arrangements 400-19-45-20

(Revised 10/1/2023 ML #3749)

[View Archives](#)

For TANF purposes, a home is the family setting maintained or in the process of being established as demonstrated by the assumption and continuation of responsibility for day-to-day care of the child by the [parent](#) or relative with whom the child is living. A home exists as long as the parent or relative continues to exercise responsibility for the care and control of the child even though the child or the parent/relative may be temporarily absent from the home.

Assistance may not be denied to otherwise [technically eligible](#) families merely because they are [homeless](#); that is, having no fixed address. Thus, a lack of a permanent dwelling or of a fixed home address does not constitute a barrier to the receipt of TANF. While residency requirements must be met a fixed address within the state is not necessary.

Individuals residing for a [full calendar month](#) in any living arrangement not listed below are not eligible for TANF.

Within this interpretation, TANF eligibility and benefit level for children and adults is determined according to the individual's living arrangement as follows:

[Admitted to a Public Institution](#)

A Public Institution is an institution or facility that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control. Examples of a Public Institution are: Veterans Administration Hospitals, North Dakota Veteran's Home, North Dakota Youth Correctional Center, North Dakota State Penitentiary, Cass County Juvenile Detention Center, and city, county, or tribal jails, etc.

- Individuals residing in Public Institutions for a [full calendar month](#) are [ineligible](#) for TANF [Benefits](#).

Individuals entering this facility on a voluntary basis while on probation are not inmates. A plan must be provided verifying the individual is expected to return home within 12 calendar months from the month of entry.

An individual is considered a [minor parent](#) when the individual has a marital status of never married, is under age 18, and is a mother or father to a child in the case.

When a minor parent and child reside in the home of the [parents](#), either the minor parent or the minor parent's parents can apply for TANF. However, refusal on the part of the minor parent's to provide the required information about their [income](#) will result in [denial](#) or termination of [assistance](#).

When the minor parent's parents are receiving or requesting TANF, the minor parent and minor parent's child(ren) must be included in the [household](#) when determining TANF eligibility. Income and [assets](#) of the entire household are used to determine eligibility.

Note #1: If eligibility is [denied](#) due to [excess assets](#) or deprivation does not exist, a separate case can be established for the minor parent and minor parent's child, with the minor parent's parents (MP) included as [ineligible](#). In this case, the assets of the minor parent's parents are disregarded. However, minor parent budgeted would apply. (See Section [400-19-45-25-20](#), Budgeting for Minor Parents Under Age 18 Residing With Parents or a Caretaker.)

Note #2: If the household fails due to excess income, a separate case [cannot](#) be established for the minor parent and the minor parent's child as the minor parent's parents (MP) must be included and their income considered in determining the minor's eligibility.

A minor parent who has a legally or [non-legally responsible caretaker](#) in the home is considered a child (and not a caretaker) when determining whether or not to count the [earned income](#) of the minor parent.

As a condition of eligibility, unless there is good cause, a pregnant unmarried minor or an unmarried minor parent under 18 and child(ren) must reside:

1. With the minor parents' parent;
2. With another adult relative within the 5th degree of relationship; or
3. In an adult-supervised supportive living arrangement (e.g. Job Corps, maternity home, legal guardian, etc.).

The following shall not be considered suitable adult-supervised supportive living arrangement:

1. Residence in the home of a boyfriend of a pregnant minor; or
2. Residence in the home of a boyfriend or girlfriend of the minor parent

A minor parent is not required to reside with a parent, guardian, other adult caretaker within the 5th degree of relationship, or in an adult-supervised supportive living arrangement when the minor parent:

1. Has a marital status of married, separated, divorced, or widowed (but not legally annulled); or
2. Is on active duty in the uniformed service; or
3. Has been declared emancipated by any court of law.

When good cause reasons exist for not residing with the minor parent's parents or other adult relative within the 5th degree of relationship or in an adult-supervised supportive living arrangement, the eligibility worker shall assist the minor in locating a maternity home or other appropriate adult-supervised supportive living arrangement, taking into consideration the needs and concerns of the minor and child.

Good cause reasons are:

1. The pregnant minor or minor parent has no living parent(s), guardian, or other adult relative caretaker(s);
2. The whereabouts of the parent(s), guardian, or other adult relative caretaker(s) of the pregnant minor or minor parent is not known;
3. The parent(s), guardian, or other adult relative caretaker(s) do not permit the pregnant minor or minor parent to reside in their home; or
4. The pregnant minor or minor parent is subject to abuse or threatened by imminent harm if they reside in the home of the parent(s), guardian, or other adult relative caretaker(s).

The minor parent and the minor parent's child(ren) shall not be subjected to possible serious physical or emotional harm, sexual abuse, or exploitation in the residence of the minor's own parent(s) or other adult relative(s) if a known history of any possible harmful instances exists. The eligibility worker shall document the findings and consider for approval any other type of suitable living arrangement.

In cases where good cause exists and a maternity home or other appropriate adult-supervised supportive living arrangement cannot be secured, minor parent living arrangement requirements are deemed to have been met.

A minor parent who resides with a legally or non-legally responsible caretaker is considered a child (and not a caretaker) when determining the TANF Basic Standard of Need.

If the [parent](#) and her child are later separated, the needs of the child can no longer be included in the parent's foster care payment. In such cases, the child's need and eligibility for TANF or foster care must be determined based on the child's current and individual circumstances.

When the minor parent attains age 18 and is no longer considered a minor parent, the parent can voluntarily sign themselves into Foster Care. If the parent does this, the maintenance and other costs for the well-being of the parent's child can no longer be covered by Foster Care. Public Law 104-193, The [Personal Responsibility and Work Opportunities Reconciliation Act of 1996](#) prohibits states from providing cash [assistance](#) to [households](#) where the head of household or spouse of the head of household has received assistance for a total of 60 months, whether or not the months were consecutive. While states have the option to set lower time limits on the receipt of TANF [benefits](#), North Dakota has chosen 60 months. North Dakota implemented this provision effective July 1, 1997.

Based on Federal regulations at (45 CFR 264.1), the count applies and increments for the following individuals who have participation codes of 'IN' or 'OH':

- Adult head-of-household
- Spouse of the head-of-household
- Pregnant minor head-of-household
- [Minor parent](#) head-of-household
- Spouse of pregnant minor head-of-household
- Spouse of minor parent head-of-household

Note: Count months for a second adult in the household if that adult is not a spouse cannot increment. Count months for unrelated adults such as boyfriends or girlfriends cannot increment.

Example #1: Double step-parent household where both parents are 'IN'. The lifetime limit count applies to and increments for both parents.

Note: If one of the [parents](#) in this household had previously reached the 60-month lifetime limit in another case prior to being added to this case, that parent now makes this household ineligible.

Example #2: Intact household where one parent has a participation of 'SS' and the other parent (spouse of the head of household) has a participation of 'IN.' The lifetime limit count applies to and increments for the spouse of the head of household with the 'IN' participation.

Example #3: Household where the primary individual has a participation of 'DA' or 'ST' and the spouse has a participation of 'IN.' The lifetime limit count applies to and increments for the spouse of the Primary Individual with the 'IN' participation.

Example #4: Household consists of mom, boyfriend and child in common. Mom is the head of household. Due to boyfriends approved incapacity, all three are receiving TANF. The lifetime limit count applies to and increments for mom. However, boyfriend is not the spouse of the head of household, the lifetime limit does not apply and increment for boyfriend.

Countable months of TANF [assistance](#) received by an adult from North Dakota since July 1, 1997, or from any other state TANF program or tribal TANF program will be used to determine when a household reaches the 60-month lifetime limit except for the following:

1. A month in which an adult received TANF assistance while residing on Indian land that had an unemployment rate of 50 percent or greater as defined at N.D.A.C. [75-02-01.2-35.1](#) will not count towards the 60-month lifetime limit.

Exemption of Indian land is available in the following counties where there is Indian land: Benson, Dunn, Eddy, Mercer, McKenzie, McLean, Mountrail, Nelson, Ramsey, Richland, Rolette, Sargent, Sioux, and Ward.

The automated computer system determines whether or not to count a month based on Living on Indian Land and the unemployment rate for the county in which the individual resides.

2. A month in which an individual is sanctioned or disqualified does not count against the lifetime limit since the individual's needs are removed from the TANF grant.

3. Months that are suspended due to the receipt of an extra check from a recurring source do not count toward the lifetime limit.
4. Months that are issued a zero benefit due to a TANF grant being less than \$10 do not count toward the lifetime limit.

Any month in which a [supplemental benefit](#) is issued for an individual whose financial needs were not previously met must be counted towards the lifetime limit.

Any month in which a TANF grant has been paid and is later determined to be a partial or complete [overpayment](#) becomes a count month towards the lifetime limit. The month remains a count month even if the month is corrected and overpayments established.

The eligibility worker must contact all states and Indian tribes in which an adult or minor head of household previously received TANF or Tribal TANF assistance to verify the number of countable months of [assistance](#) received.

Under federal law, the number of households that may be exempted from the TANF lifetime limit by the state may not exceed 20% of the average monthly number of households receiving TANF assistance.

Households that include an adult who has reached the 60-month lifetime limit may be allowed an exemption to the TANF lifetime limit in accordance with Section [400-19-45-35-10](#), TANF Lifetime Limit – Exemption Criteria.

Households that include an adult who has reached the 60-month lifetime limit may be allowed an exemption to the TANF Lifetime Limit. [Households](#) may be considered exempt from the TANF lifetime limit when any of the following criteria are met:

Automatic exemptions

1. The eligible adult caretaker in the household who has not met the lifetime limit and is age 65 or older. Such an individual will be automatically exempt from the lifetime limit requirement through the automated computer system and will not be required to request an exemption.
2. The eligible adult caretaker who has not met the lifetime limit and is considered disabled and in receipt of Supplemental Security Income ([SSI](#), including presumptive SSI) will be automatically exempted from the lifetime limit requirement by the automated computer system, and will not be required to request an exemption.

Individuals considered disabled for SSI (including presumptive SSI) by Social Security Administration but not in receipt of a payment (1619b, SSI recoupment, setting up a [protective payee](#), etc.), will not be considered exempt from the lifetime limit as a disabled individual.

If the Social Security Administration determines that the individual is no longer eligible to receive SSI, the exemption ends.

3. The lifetime limit months do not count when the eligible caretaker is residing on Indian land in Benson, Dunn, Eddy, Mercer, McKenzie, McLean, Mountrail, Nelson, Ramsey, Richland, Rolette, Sargent, Sioux, and Ward County, and the unemployment rate is greater than 50%.

An eligible adult caretaker in the household who has met the lifetime limit and who returns to reside on Indian Land where the unemployment rate is greater than 50% IS NOT eligible to receive TANF benefits. The individual must have returned to reside prior to receiving their 60 months of TANF benefits.

Exemptions that Require a Request by the Household

1. An eligible caretaker is determined to be incapacitated in accordance with N.D.A.C. § [75-02-01.2-18](#). The caretaker has a physical or mental condition of such a debilitating nature as to reduce substantially or eliminate the individual's capacity either to earn a livelihood or to discharge the individual's responsibilities as a homemaker and provider of child care for a period of thirty [days](#) or more.

A caretaker continues to be incapacitated if the incapacity is not reasonably subject to remediation, or if the individual makes reasonable progress towards remediation of the incapacity.

Reasonable progress towards remediation means cooperation with the medical practitioners who prescribe the course of treatment intended to remediate or limit the effect of the incapacity. This includes, but is not limited to, physical therapy, counseling, drug therapy and weight loss, cooperation with vocational practitioners, and reasonable progress in a course of training or education intended to qualify the individual to perform an occupation which, with the training or education, the individual would have the capacity to perform.

2. An eligible caretaker whose spouse or [dependent child](#) is determined to be incapacitated and in need of full-time care.
3. An eligible caretaker who is a victim of [family violence](#) and unable to be regularly employed or to participate fully in approved work activities due to the physical, emotional, or psychological effects of family violence.

Examples of family violence may include, but are not limited to physical, emotional, or psychological harm; bodily injury; sexual activity compelled by physical force; and assault or the fear of imminent physical harm or bodily injury.

**TANF Lifetime Limit Good Cause - Family Violence Option
400-19-45-35-15**

(Revised 6/1/10 ML #3218)

Based on the provisions of the [family violence](#) option contained in the [Personal Responsibility and Work Opportunity Act of 1996](#) and North Dakota Century Code, a victim of family violence may be granted [good cause](#) for non-participation in the JOBS program or may be granted a hardship exemption from the 60 month TANF lifetime limit.

North Dakota Century Code § [50-09-31](#) requires that:

1. All TANF [applicants](#) and [recipients](#) be informed of the family violence option;
2. All applicants be screened to determine if they are past or present victims of family violence or are at risk of further family violence;
3. Those individuals with positive screening results be referred to a local family violence, sexual assault organization (See [DN 1332](#), 'Family Violence Option' brochure, for a listing of available family violence resource centers) for safety planning and [supportive services](#); and

Note: If a TANF Eligibility Worker refers an individual to a local family violence, sexual assault organization for safety planning and supportive services, and the individual refuses to comply with the referral, the TANF Eligibility Worker must document that a referral was offered and declined.

4. A good cause determination is made with respect to TANF work requirements or the TANF 60 month lifetime limit.

The TANF Eligibility Worker is ultimately responsible to make a good cause determination and should do so with [assistance](#) and input from the applicant/recipient and staff from the local family violence resource center or other service providers, as appropriate.

In the event that the TANF Eligibility Worker is unable to determine whether a victim of family violence should or should not be referred to the JOBS program, the TANF Eligibility Worker may forward the case and all pertinent [documentation](#) to the [State Exemption](#)

[Determination Team](#) for assistance in making a good cause determination.

NOTE: Cases involving requests for 'good cause' due to potential family violence are not to be referred to the [State Review Team](#).

With respect to an individual's involvement in the TANF Work Program (JOBS or Tribal NEW), if it is determined that involvement is likely to place the individual and their family at risk of further [family violence](#), then good cause should be granted until such time as this is no longer true.

If it is determined that involvement in the JOBS program will not place the individual and their family at risk of further family violence, a referral to JOBS/Tribal NEW must be made.

It is entirely possible, given the circumstances of the case, that an individual's work activity may only involve participation in job readiness activities designed to help the individual address the family violence issue. As circumstances change and the individual becomes better able to participate, the individual's Employability Plan should be modified to reflect their increased capabilities.

For additional information on the Family Violence Option as it relates to good cause for non-participation in the JOBS program, please refer to [DN 1332](#), 'The Family Violence Option' brochure.

For additional information on the Family Violence Option as it applies to hardship exemptions from the TANF 60 month lifetime limit, please see Section [400-19-45-35-10](#), TANF Lifetime Limit - Exemption Criteria.

A notice will be sent to households during their 54th and 58th count month informing them when they will reach the TANF lifetime limit.

[Households](#) will be informed that they may be exempted from the TANF lifetime limit if the eligible caretaker:

1. Is incapacitated.
2. Needs to provide full-time care for an incapacitated spouse or [dependent child](#);
3. Is a victim of family violence and unable to be regularly employed or to fully participate in approved work activities due to the physical, emotional, or psychological effects of [family violence](#).

If such a household believes they should be exempt from the TANF lifetime limit they must submit a written request to the eligibility worker. The request must explain the reason for exemption from the TANF lifetime limit and must include clear and convincing [documentation](#) from a professional service provider.

When an eligibility worker receives a household's written request for exemption and the required documentation, the County Social Service Agency Exemption Determination Team must review the request. The County Exemption Determination Team must be composed of the program eligibility worker and their supervisor. The County Exemption Determination Team may also involve the JOBS [Employment Contractor](#) and other counselors or service providers, as appropriate.

Within 30 [days](#) from the date of the written request, the eligibility worker must make a decision to either:

1. Deny the request; or
2. Make a recommendation to the [State Exemption Determination Team](#) that the exemption be granted.

If the County Exemption Determination Team denies the request, the eligibility worker will inform the household of the [denial](#) in writing. The denial notice must explain the reason the request for exemption was denied. The County Exemption Determination Team has the option of sending denied requests to the State Exemption Determination Team.

If the County Exemption Determination Team believes the household's request should be approved, a completed SFN 150, 60-Month Lifetime Exemption Background Report, SFN 805, Request For An Exemption From The Lifetime Time Limit and all supporting documentation must be sent to the State Exemption Determination Team with a recommendation for approval.

The State Exemption Determination Team will be composed of the TANF/JOBS Policy Unit. The State Exemption Determination Team will review the request and the supporting documentation and will, within 7 calendar days of their receipt of the request, inform the eligibility worker of the final determination. The eligibility worker will inform the household of the final determination by sending the appropriate notice.

Households granted an exemption from the lifetime limit must be reviewed by the eligibility worker at least once every 6 months to ensure that the exemption is still appropriate (though the eligibility worker may review such cases sooner if they become aware of any change in the household's status that might serve to invalidate the exemption). After each review, the eligibility worker must forward the supporting documentation to the State Exemption Determination Team for final approval. Only cases where the eligibility worker recommends continuance of the exemption need to be sent to the State Exemption Determination Team for final approval.

During the exemption period from the lifetime limit, all other program requirements apply.

U.S. citizens include anyone born in:

- The 50 United States
- The District of Columbia
- Guam
- The Virgin Islands
- Puerto Rico
- The Northern Mariana Islands
- American Samoa
- Swain's Island

A child born abroad in wedlock (including in Canada and Mexico) acquires U.S. citizenship at birth if the child was born:

1. To two U.S. citizen parents provided that one of the parents had a residence in the U.S. prior to the child's birth; or
2. To one U.S. citizen parent and one alien parent:
 - a. For a child born on or after November 14, 1986, the citizen parent was physically present in the U.S. for a period of five years of which two must have been after the age of fourteen; and
 - b. For a child born between December 24, 1952 and November 13, 1986, the citizen parent was physically present in the U.S. for a period of ten years, of which five must have been after the age of fourteen.

A child born abroad [out of wedlock](#) (including in Canada and Mexico) acquires U.S. citizenship at birth if the child was born:

1. To a U.S. citizen father provided all of the following criteria are met:
 - a. A blood relationship between the child and the father is established by clear and convincing evidence; and

- b. The father had the nationality of the U.S. at the time of the child's birth; and

 - d. While the child is under the age of 18 years:

 - ii. The father acknowledges paternity of the person in writing under oath, or
 - iii. The paternity of the child is established by adjudication court.
2. To a U.S. Citizen Mother if the mother was a U.S. citizen at the time of the child's birth, and if the mother had previously been physically present in the U.S. (or one of its outlying territories) for a continuous period of one year.

Derivative Citizenship for Children 400-19-45-40-15

(Revised 6/1/10 ML #3218)

[View Archives](#)

Some children of naturalized citizens may not have to apply separately to the Immigration and Naturalization Service (INS) (an agency of the [Department of Homeland Security](#)) to become U.S. citizens. Rather, they usually obtain their [citizenship](#) automatically, or "derivatively," based upon the naturalization of their [parent](#)(s), by a process known as "derivative naturalization." The laws about "derivative naturalization" vary, depending upon the date that the parent(s) naturalized.

On or after February 27, 2001, a child will become a U.S. citizen derivatively as soon as all of the following things happen:

- The child is under 18 years old;
- The child is or becomes a lawful permanent resident;
- A parent of the child is sworn in as a naturalized U.S. citizen after February 27, 2001; and
- The child lives with and is in the legal custody of the parent who became the U.S. citizen.

Note: This also applies to children adopted from a foreign country as long as the four (4) conditions above are met.

It does not matter in what order these things happen. The child will become a U.S. citizen derivatively through his parent's naturalization as long as all of these requirements are met before the child's 18th birthday. The child could have been living outside the U.S. at the time of the individual's parent became a U.S. citizen, as long as the individual later enters the U.S. as a permanent resident to live with that parent while still under 18 years old.

Note: This applies only to children by birth or legal adoption of the U.S. citizen. Step-children through marriage and children only under legal guardianship of the naturalized U.S. citizen cannot become U.S. citizens derivatively.

Prior to February 27, 2001, to become a U.S. citizen derivatively the laws were the same as above, except that if the child lived with both of the

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

individual's parents, both parents had to become naturalized U.S. citizens before the child's 18th birthday. If one parent naturalized while the child was under age 18, but the other naturalized after the child's 18th birthday, then the child did not become a [US citizen](#) automatically and must file for naturalization on their own.

There is an exception when the parents are legally separated or divorced, and the child becomes a citizen upon the naturalization of the parent who has custody of the child. If one parent is a U.S. citizen and the other is a foreign national, then the child obtains derivative citizenship when the foreign national parent naturalizes.

A child who is eligible for derivative citizenship can obtain a certificate in the child's own name proving that the child is a US citizen. This certificate, which can be obtained by filing form N-600 with the INS along with the appropriate evidence, will serve as [documentation](#) that naturalization has already been acquired. The child can also simply apply for a US passport instead of obtaining a certificate of citizenship. Either document is conclusive proof of the child's US citizen status.

A 'qualified [alien](#)' is defined as an alien who, at the time the alien applies for, receives, or attempts to receive TANF, is:

1. Lawfully admitted for permanent residence (LPR) under the Immigration and Nationality Act 8 U.S.C. 1101 et seq.].

Note: Lawfully Admitted for Permanent Residence means the status of having been lawfully accorded the privilege of residing permanently in the United States,

Qualified [aliens](#) who lawfully entered the United States for permanent residence before August 22, 1996, and who meet all other TANF eligibility criteria may be eligible for TANF. These individuals are not banned from receiving [benefits](#) for a 5 year period.

Qualified [aliens](#) who entered the United States for permanent residence on or after August 22, 1996, are not eligible for any federally funded TANF benefit for 5 years from the date they entered the United States. This 5-year period is also known as a '5-year ban on benefits' and is effective on the date the individual entered the country as a qualified alien, or the date the individual becomes a qualified alien, whichever is later. (See Section [400-19-45-40-30](#), Sponsor Income and Assets).

A qualified alien who is subject to the '5-year ban on benefits, and who meets all other TANF non-financial and financial eligibility criteria, is eligible for benefits beginning the date following the date the '5-year ban on benefits' expires.

The following qualified aliens are exempt from the '5-year ban on benefits' and may be eligible for TANF at any time on or after their date of US entry, provided all other TANF eligibility criteria are met:

1. Aliens who have a past or current involvement with the United States Armed Forces. (These individuals include honorably discharged veterans, qualified aliens on active duty in the United States' armed forces, and the spouse or unmarried [dependent child](#)(ren) of such individuals.) (See Section [400-19-45-40-25-15](#), Establishing Past or Current Military Involvement of an Alien.)
2. An Amerasian [immigrant](#) admitted to the U.S. pursuant to section 84 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act of 1988;
3. Refugees, Refugee Unaccompanied Minors, and Iraqi and Afghani Special Immigrants who are considered refugees as of December 19, 2009;
4. Asylees who have been granted asylum (not applicants for asylum);

5. Aliens whose deportation was withheld under Section 243(h) of the Immigration and Naturalization Act (INA);
6. Cuban and Haitian Entrants;
7. Victims of a severe form of trafficking, including
 - If the victim is under 21, the victims spouse, children and unmarried siblings under 18 years of age on the date on which the victim applied for this status,
 - If the victim is age 21 or older, the spouse and children of the victim and also includes the victims parent or unmarried sibling under age 18 if it is determined that the parent or unmarried sibling faces a present danger of retaliation as a result of the alien's escape from the severe form of trafficking or cooperation with law enforcement.

Qualified Aliens who entered the US under one of the categories exempt from the 5 year ban remain eligible for TANF when their alien status is converted to a category that is not exempt from the 5 year ban.

Example: An individual enters the US with a status of Refugee (exempt from the 5 year ban). Two years later, their status changes from Refugee to [Lawful Permanent Resident](#) (LPR). The status used when determining continued eligibility for TANF is Refugee (status as of date of entry) for the duration of the 5 year eligibility period.

(Revised 6/1/10 ML #3218)

[View Archives](#)

An [alien](#) with past or current U.S. Military Involvement may be eligible for TANF if the alien:

1. Is on active duty for reasons other than training with any of the United States Armed Forces units. This applies to minimum active duty (24 months) or the period for which the person was called to active duty.

An individual remains eligible if honorably discharged for reasons other than alien status and who fulfills the minimum active duty service requirement, including an individual who died in active military, naval or air service.

Note: This includes an individual who served before July 1, 1946, in the organized military forces of the Government of the Commonwealth of the Philippines while such forces were in the service of the Armed Forces of the U.S. or in the Philippine Scouts.

2. Is a Spouse of an alien with U.S. Military involvement: An individual must be married to the veteran/service individual or was married to the individual at the time of the individual's death and has not remarried.

Note: Eligibility exists for the alien spouse regardless of whether or not the veteran/service individual is a United States citizen.

The surviving spouse of a deceased veteran who has not remarried may be eligible provided that the couple was married for at least one year or for any period if a child was born of the marriage or was born to the veteran and the spouse before the marriage.

Note: An individual would not be eligible if divorced from the veteran/service individual or has remarried since the veteran/service individual's death.

 - c. A disabled child age 18 or older if the child was disabled and dependent on the active duty member or veteran prior to the child's 18th birthday.
 - d. A dependent child that is not residing with the veteran/service individual.

The following aliens are not eligible based on past or current military involvement:

1. An alien on active duty who is in training such as National Guard or Army Reserve.
2. An alien who is dishonorably discharged from service is not eligible.
3. A child is no longer eligible if the child marries (as no longer considered a dependent) or the service individual is discharged from active duty for alien status or dishonorable service.

Sponsor Income and Assets 400-19-45-40-30

(Revised 6/1/10 ML #3218)

[View Archives](#)(N.D.A.C. [75-02-01.2-28 \(3\)](#))

For purposes of this section, [sponsor](#) deeming is a process used to determine the eligibility for and amount of TANF [benefits](#) that a [Lawful Permanent Resident](#) (LPR) may receive. The State must consider the [income](#) and [assets](#) of the sponsor and the sponsor's spouse available to the sponsored LPR when determining eligibility for and the amount of TANF as defined in this section.

Title IV of PRWORA 1996 as amended by the Illegal [Immigration](#) Reform and Immigrant Responsibility Act of 1996 (IIRIRA) and the Balanced Budget Act (BBA) of 1997 created a new affidavit of support requirement for sponsors of certain LPR's and new rules for deeming income and assets from the sponsor to the LPR. In particular, section 423 of PRWORA, as amended, added section 213A to the INA, which directed the Attorney General to develop a new, legally enforceable affidavit of support, Form I-864, "Affidavit of Support under Section 213A of the Act" that must be executed by certain sponsors. The I-864 Affidavit became effective on December 19, 1997.

Note: The I-864 Affidavit is required for most family-based immigrants, and some employment-based immigrants. All immigrants who have an I-864 Affidavit are LPR's.

To be a sponsor, the individual executing the I-864 Affidavit, must:

1. Be a citizen or national of the United States or a lawful permanent resident of the United States,
2. Be at least 18 years of age,
3. Be a resident in the United States or any of its territories or possessions, and
4. Demonstrate the means to maintain a gross annual [household](#) income of at least 125% of the Federal Poverty Level (FPL) (100% of FPL, if the sponsor is on active duty in the Armed Forces of the US and is sponsoring a spouse or child) for the sponsor's household size.

Note: For purposes of the I-864 Affidavit, the sponsor's household size includes the sponsor, all persons who are related to the sponsor by birth, marriage, or adoption and who live at the same residence as the sponsor, and any other dependents whom the sponsor has lawfully claimed on the sponsor's personal Federal income tax return (even if those dependents do not live with the sponsor), plus all [aliens](#) included in the current affidavit of support, and any LPR's who have been previously sponsored under section 213A of the Act, unless the obligation has terminated.

When an LPR is sponsored in accordance with an I-864 Affidavit, the sponsor's income and assets as well as the income and assets of the sponsor's spouse must be deemed to the LPR, with the following exceptions:

1. LPR's who applied for an immigrant visa at a consular office or adjustment of status to LPR before December 19, 1997;
2. Qualified aliens who are sponsored by an organization or who are not LPR's and who are not required to have a sponsor (e.g. refugees, asylees, parolees, and Cuban and Haitian entrants);
3. LPR's who entered as Refugees or Asylees and whose status was adjusted to LPR;
4. Victims of severe forms of trafficking;
5. Non-citizens, including US nationals, who do not have to have sponsors; and
6. Non-citizens whose sponsors signed affidavit(s) of support other than the I-864 Affidavit of Support.

Sponsor deeming would not apply for a 12-month period if:

1. The sponsored LPR or certain family members have been determined a victim of domestic violence or extreme cruelty, and

Note: The 12-month period can be extended if the abuse or cruelty is recognized by a court order, an Administrative Law Judge, or the INS, AND the victim does not live with the batterer.

2. The sponsored LPR would be indigent (unable to obtain food and shelter without government assistance). If determined indigent, then only the amount of income and [assets](#) actually provided by the

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Program 400

Service 400

sponsor or the sponsor's spouse would be deemed to the LPR. Each indigent determination is renewable for additional 12-month periods.

Note: To determine if the LPR is indigent, the amount of the gross income of the LPR, the LPR's spouse, and any individual's required to be part of the TANF household plus any cash, food, housing or other assistance, including in-kind, provided by other individuals or agencies, including the sponsor and the sponsor's spouse, cannot exceed 125% of the Federal Poverty Level for the size of the LPR's household. A reimbursement of an expense is not counted as income in this determination.

When an LPR's is sponsored in accordance with an affidavit other than the I-864 Affidavit, deeming of the sponsor's income and assets as well as the income and assets of the sponsor's spouse does not apply.

For purposes of this section, [household](#) size includes the [sponsor](#), all persons who are related to the sponsor by birth, marriage, or adoption and who live at the same residence as the sponsor, and any other dependents whom the sponsor has lawfully claimed on the sponsor's personal Federal income tax return (even if those dependents do not live with the sponsor), plus all [aliens](#) included in the current affidavit of support, and any [immigrants](#) who have been previously sponsored under section 213A of the Act, unless the obligation has terminated.

The amount of [income](#) and [assets](#) of the sponsor and sponsor's wife to deem to the LPR is calculated as follows:

Income: The amount of gross income in excess of 125% of the Federal Poverty Level equal to the household size of the sponsor.

Assets: The value of asset in excess of the TANF Asset Limits, based on the appropriate household size.

American Indians Born in Canada 400-19-45-40-35

(Revised 6/1/10 ML #3225)

[View Archives](#)

For purposes of this section, 'American Indian' or 'Native American' is defined as a person having origins in any of the original peoples of the United States and Canada, except the Eskimos, Aleuts, and Inuits, who maintain tribal affiliation or community attachment.

Article III of the 'Jay Treaty' declared the right of "Indians" ("Native Americans") to trade and travel between the United States and Canada, which was then a territory of Great Britain. As a result of the "Jay Treaty", Native Indians born in Canada are entitled to enter the United States for the purpose of employment, study, retirement, investing, and/or immigration. TANF Policy refers to these individuals as 'American Indians Born in Canada'.

Section 289 of the Immigration and Nationality Act (INA) provides a statutory right to enter into the United States to non-citizen Native Americans born in Canada 'who possess at least 50% of blood of the American Indian race'. However, the right of entry into the U.S. does not convey [Lawful Permanent Resident](#) (LPR) status or any other qualified [alien](#) status to the individual. In order to have LPR status or any other qualified alien status, the individual must also have maintained residence in the US since entry. The date the individual begins their U.S. residence is the date the individual is considered a qualified alien.

Note: If an individual abandons their US residence and returns to Canada and subsequently returns to the US and reestablishes and maintains US residency, the date of residency would begin on the date the individual reestablished and maintains their US residency.

A Native American born in Canada does not include a person who is the spouse or child of such an Indian or a person whose membership in an Indian tribe or family is created by adoption, unless such person possesses at least 50% or more of such blood. Each individual's immigration status should be examined to determine whether they have an immigration status that qualifies.

If the letter does not show an individual possesses at least 50% blood of the American Indian Race, verification should be obtained from the Band, Tribe, or Nation where the other parent is enrolled.

No individual who is [otherwise eligible](#) may be denied [assistance](#) under TANF if the individual resides in the state. Eligibility for TANF does not require an individual to reside in the state for a specified length or period of time. Residence is retained until abandoned.

A resident of the state is one who:

1. Is living in the state voluntarily; or
2. At the time an Application is filed, is living in the state and is not receiving TANF from another state.

For purposes of establishing the TANF filing unit, a child is a resident of the state in which the child is living other than for a temporary basis. For all other purposes of this chapter, a child is a resident of the state in which the child is living.

An individual from out-of-state visiting family in North Dakota who intends to return to the state from which they came, are considered temporarily residing in North Dakota and are not eligible to receive TANF.

Example: A child who lives with a [parent](#) in Oregon comes to North Dakota to visit their other parent who is receiving TANF at the end of May. The child is expected to return home to Oregon in August. The child is not eligible to be added to the TANF case in North Dakota as the child is considered residing here temporarily.

An individual who receives TANF in North Dakota and visits family outside of North Dakota with the intent to return to North Dakota at the end of their visit will continue to be eligible for TANF in North Dakota, provided the individual has returned to North Dakota by the last day of the month following the month they left. This individual must continue to meet all eligibility requirements such as [monthly reporting](#), compliance with the JOBS work requirements, etc. If the individual has not returned by the last day of the month following the month they left, the individual must be removed from the TANF [household](#).

Note: If at the time the individual leaves North Dakota it is known the individual will be away beyond the last day of the month following the month they left, the individual must be removed from the TANF household effective the end of the month they left.

A possible exception to this policy is situations when the [temporary absence](#) from the state exceeds the above referenced time-frame due to illness or injury. When this situation occurs, TANF Eligibility Workers should contact state TANF policy staff for guidance.

An individual, who receives TANF in North Dakota and visits family in North Dakota, is eligible through the month in which the individual left the TANF household.

- If the individual who left is expected to return to the household by the last day of the month following the month the individual left, the individual will remain eligible in the household they left temporarily.

Note: This individual must continue to meet all eligibility requirements such as monthly reporting, compliance with the JOBS Program, etc.

- If the individual is not expected to return or has not returned by the last day of the month following the month they left, the individual must be removed from the TANF household they left effective the end of the month they left. Should the household in which the individual is visiting apply for TANF, the individual may be included to receive TANF benefits in that household effective the month following the month the individual left, or was removed from the previous household.

Example #1: A child is receiving TANF in Mom's case in Grand Forks. In May, the child goes to Dad's home in Bismarck for a visit and will be returning to Mom's home prior to the end of June. The child remains eligible in Mom's case.

Example #2: A child is receiving TANF in Mom's case in Fargo. In May, the child goes to Dad's home in Williston for a visit and will be returning to Mom's home in August, prior to the start of school. The child must be removed from Mom's case effective the end of May. Should Dad apply for TANF, the child would be included in this case beginning with June benefits.

While eligibility for TANF is determined primarily with information supplied by the [applicant/recipient](#), proof of or application for social security number must be supported by conclusive, documenting evidence.

Before an individual can be included in the TANF benefit, [verification](#) of a social security number (SSN) or proof that one has been applied for must be furnished.

Any [parent](#) or child who does not have a social security number must complete an application for Social Security Number ([SS-5](#)) before eligibility for that person can be established. The applicant must either mail or personally deliver the completed application along with proof of birth and identity to the District Office of Social Security Administration. The District Office will provide Form 5028, 'Evidence of Application for Social Security Number Card', as proof of application to the county social service office. This indicates that formal application for a number has been made and that it will be processed.

The Department of Human Services receives monthly information from the Social Security Administration in Baltimore. The Numident indicator on "Client Profile" will indicate if the social security number is a valid number for the recipient (Refer to TANF Manual Section [400-19-15-10](#), Verification of Selected Factors of Eligibility and the Administrative Manual Section [448-01-50-15-60](#) for further information).

In the case of a newborn, the parent may apply for SSN through the hospital. When the information for the newborn's birth certificate is completed, the parent may indicate whether permission is given for the state's Vital Records Office to share the information with the Social

Security Administration. Vital Records will send the information to Social Security Administration who in turn will issue a social security card for the newborn. The processing time for the parent(s) to receive the newborn's SSN may range from three to 13 weeks. The hospital will provide written verification, upon request, that the SSN has been applied for the newborn.

No individual may be included or added (including newborn children) for a TANF benefit until the SSN or proof of application for an SSN has been received. The applicant or recipient has 30 [days](#) from the date of the application, or request to add someone to the unit, to furnish either the SSN or proof of having applied for an SSN. A copy of the document used for verification must be in the case file. The procedure is as follows:

1. Applications – An application is not complete until all persons have submitted verification of their SSNs or proof of application for a SSN. Applicants who provided verification of their SSN or proof of application for a SSN within 30 days of the date of application will have their needs met from the date of application. Failure to comply with this requirement within 30 days will result in [denial](#) of the application. An applicant is informed of this requirement at the time of application.
2. Ongoing Cases – In an ongoing case, the [Primary Individual](#) shall have 30 days from the date of their request to add a newborn or another person to the case to furnish verification of a SSN or proof of application for the SSN. If the proof of application for SSN or verification of the SSN is received within the 30-day period, the new person will be added to the case of the date of request. Failure to furnish an SSN or proof of application for an SSN will result in case [closure](#) or [overpayments](#).

(Refer to TANF Manual Section [400-19-105-40-30](#) for additional policies when adding a newborn or individual to the case.)

Recipients must provide verification of the Social Security Number within 6 months of receipt of verification of an application for social security card, or at the time of the next review following receipt of the social security number, whichever is earlier. One of the goals of the TANF Program is to ensure that every TANF [recipient](#) obtains their High School or General Education Diploma (GED). Therefore, emphasis is placed on school attendance of minor [dependent children](#) and [minor parents](#).

The terms "full-time" and "part-time" school attendance for minor dependent children and minor parents is defined by the North Dakota Department of Public Instruction and the North Dakota Department of Higher Education as follows:

1. "Full-time" attendance in an accredited [secondary school](#) (high school) requires four or more units of credit.
2. "[Part-time](#)" is anything less than four units of credit.
3. Attendance in an alternative school, full or part-time, is determined by the school the individual attends.

The full or part-time status of a minor dependent child(ren) or minor parent enrolled in an accredited correspondence, alternative high school or [GED](#) program, adult basic education, or home schooled, will have their status verified by a written statement from school officials.

Minor dependent children or minor parents participating in [Job Corps](#) are considered attending school full-time.

[Verification](#) of school attendance is required for individuals age 16 to 18, or if age 18, is a full-time student in a secondary school or a vocational or technical school that is equivalent to a secondary school, who will graduate before the end of the calendar month in which the student will attain age 19.

Documentation/Verification of School Attendance

Verification of school attendance is required for:

1. A child age 16 to 18 ; or
2. A child age 18 and a full-time student, who, by the last day of the month of their 19th birthday, will:
 - a. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED, or
 - b. Complete their training at a vocational or technical school that is equivalent to secondary school.

For children under age 16, verification of school attendance is not required. If the child is not attending school, it becomes an issue for Child Protection Services.

School attendance of any child age 16 or older must be verified at the beginning of the school year and the beginning of each term as defined by the school. Verification may be secured more frequently if circumstances warrant.

Note: The automated computer system generates a notice to the household requiring verification of school attendance and anticipated date of graduation in August and January of each year.

When verification of school attendance is not received:

- If the child is age 16 to 18, update the 'Student Status' on the Education window to 'Not a Student' and complete a referral to the JOBS Program.
- If the child is age 18 and a full-time student who, by the last day of the month of their 19th birthday, will:
 1. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED, or
 2. Complete their training at a vocational or technical school that is equivalent to secondary school,

All minor [dependent children](#), under age 18 who have not received a High School or General Education Diploma ([GED](#)) are required to attend school full-time as a condition of eligibility for TANF.

Note: A minor child is considered a dependent child during the entire month of the child's 18th or 19th birthday and will retain student status for the entire month provided the child has attended school for any part of that month.

A minor dependent child is considered in regular attendance for periods in which the individual is not in school because of official vacation, illness, convalescence, or family emergency if the plan is to continue training when the event that prompted the interruption has run its course.

Upon receipt of an application or in an ongoing case, if it is determined that a minor dependent child is not attending school:

1. If the minor dependent child is under age 16, a social worker within the agency should be notified. Since state and tribal law require individuals under age 16 to attend school, those entities will be involved and working with the individual and family.
2. If the minor dependent child is age 16 to 18, the individual must be referred to the JOBS program. (See Sections [400-19-75-40-05](#), Referrals to the JOBS Program and [400-19-80-15](#), Referrals to Tribal NEW Program).

There may be some reasons when a minor dependent child may have [good cause](#) for not attending school. Some reasons, applicable only to minor dependent children, are:

1. Temporary illness;
2. Disability, as verified by medical evidence; or

Minor Parent Under Age 18 Student Eligibility Requirements 400-19-45-65-15

(Revised 10/1/2023 ML #3749)

[View Archives](#)

A [minor parent](#) is defined as an individual who has a marital status of never married, is under age 18, and is a father or mother to a child. An individual under age 18 and pregnant is not considered a minor parent. An individual is considered age 18 on the first day of the month of their 18th birthday.

All minor parents who have not received a High School or General Education Diploma ([GED](#)) are required to attend school full-time as a condition of eligibility for TANF. A minor parent is considered in regular attendance for months in which the individual is not in school because of official vacation, illness, convalescence, or family emergency if the plan is to continue training when the event that prompted the interruption has run its course.

A minor parent is exempt from the school requirement from the newborn's date of birth through two (2) [calendar months](#) following the month of birth.

Example: If a child is born in July, the minor parent is exempt beginning the date of birth through September 30th. In a [household](#) consisting of two minor parents, only one parent can claim the exemption due to the age of their child. The exemption applies to the non-disabled or non-incapacitated [parent](#).

There may be some reasons when a minor parent may have [good cause](#) for not attending school. Some reasons, applicable only to minor parents, are:

1. Incapacity of child;
2. Temporary Illness;
3. Unable to find adequate and appropriate child care;
4. Disability, as verified by medical evidence; or
5. Incapacity, as verified by medical evidence.

The JOBS Employment Contractors monitor attendance for a caretaker choosing to attend education or training.

1. A caretaker who is married or a single head-of-household under age 20:
 - a. Who participates in education that is directly related to employment shall be considered fully engaged in work if the caretaker's participation during a month averages at least 20 hours per week (JOBS Work Activity of Education Directly Related to Employment).
 - b. Who attends [secondary school](#) or its equivalent will be considered engaged in and meeting their 20 or 30 hour minimum work requirements (JOBS Work Activity of Satisfactory Attendance at a Secondary School Leading to a HS Diploma or [GED](#)).
2. Caretakers may meet the requirements of the JOBS Program if enrolled in classes in a vocational or technical school under state operation, a college, or a university if approved by the JOBS Employment Contractor.
3. Caretakers attending accredited correspondence, alternative high school (GED), adult basic education, home-schooling, or private vocational or technical school (e.g. auto mechanics, auto body repair, cosmetology, etc.) will have their status determined by the school.
4. Caretakers participating in [Job Corps](#) are considered attending school full-time.

A caretaker is considered in regular attendance for months in which the caretaker is not in school because of official vacation, illness, convalescence, or family emergency if the plan is to continue training when the event that prompted the interruption has run its course.

In addition to being [needy](#), a [dependent child](#) also must be shown to be deprived of both parental support and care. A dependent child is considered deprived of parental support and care when the child has at least one [parent](#) who is continually absent from the home, incapacitated, disabled, [aged](#), or deceased. The determination that a child has been deprived of parental support and care is made in relation to the child's natural or adoptive parent whether or not the parents were married to each other.

An alleged father who is not married to the child's mother and who is living in the home cannot be assumed to be the child's parent unless a "Voluntary Acknowledgment of Paternity (VPA)" form has been completed and filed with the Vital Records Division or [paternity](#) has been established in court.

Note: If the child is [born out of wedlock](#), the VPA form is valid only if both the mother and alleged father sign the form.

When eligibility for the TANF benefit is based on the incapacity, disability, or age of one parent, the second parent, if living in the home, is eligible for TANF regardless of marital status.

TANF cannot be denied on the basis that conditions in the child's home are believed to be "unsuitable" for the child's care. Conditions thought by staff to jeopardize the child's best interests shall be brought promptly to the attention of appropriate social service personnel.

(N.D.A.C. 75-02-01.2-17)

(N.D.A.C. 75-02-01.2-18)

North Dakota law defines [deprivation](#) of parental support or care in terms of the following conditions:

1. Death of a Parent -- If either parent is deceased, the child is considered deprived;
2. Continued Absence of a Parent -- The continued absence of either [parent](#) from the home constitutes deprivation when all of the following factors are present:
 - a. The parent is physically absent from the home; and
 - b. The nature of the absence is such as to interrupt or terminate the parent's functioning as a provider of maintenance, physical care, or guidance for the child; and
 - c. The known or indefinite duration of the absence prevents relying on the parent to perform their function in planning for the present support or care of the child.

If all three of these conditions are met, the parent may be absent for any reason and the parent may have left only recently or sometime previously. Types of parental absence include:

- a. DIVORCE - The legal termination of a marriage. Continued absence of a parent may be established as the result of divorce.
- b. LEGAL SEPARATION - A lawful arrangement by which spouses agree to live apart but not divorce. Continued absence of a parent as a result of this arrangement can be established if there was no agreement between the parents to render the family eligible for TANF.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- c. SEPARATION BY MUTUAL CONSENT OR AGREEMENT - The discontinuance of the marital relationship without legal action. Continued absence of a parent as a result of this arrangement can be established if there was no agreement between the parents to render the family eligible for TANF.
- d. IMPRISONMENT – The incarceration of a parent in a public institution. Continued absence exists only if the parent is sentenced to and/or serves a 30-day or longer term. Any portion of a sentence actually suspended and not served does not count toward the 30-day minimum.

Note: Once a benefit has been issued, deprivation exists for that month even if:

- i. The term served is shortened by order of the court;
or
- ii. The term actually served is less than the sentence imposed.

If an offender is on day release and does not return home until at least 30 days has elapsed, the parent is considered absent from the household and deprivation exists.

- e. ABANDONMENT - The voluntary and willful desertion by a parent without making adequate provision for the child's care and support. Continued absence of a parent may be established when a child is abandoned.
- f. NEVER MARRIED - The parents having never married and who live apart. Continued absence of a parent may be established as a result of the parents never being married to each other.

A parent's contact with their child(ren) need not totally stop in order for continued absence to exist. It is recognized that the absent parent may be an important influence in the life of the child(ren) and contact between the absent parent and child(ren) is consistent with their role of helping to maintain and strengthen family life, as specified in the Act. Therefore, a continuing relationship between an absent parent and child(ren) cannot be a basis, by itself, for a finding that continued absence does not exist.

Division 10

Occasionally, staff must deal with the complex question of whether or not a parent is actually absent from the home. Complaints from the community sometimes reach the eligibility worker claiming that parents who have divorced or separated, or who are alleged to have deserted their families are, in fact, maintaining common living quarters. While these complaints sometimes prove to be valid, staff must guard against the temptation to deny applications or terminate [assistance](#) on the basis of hearsay and rumor. The "prudent person" principle requires that all such reports be investigated promptly and objectively. If a thorough investigation reveals that the claim is true, the continued absence requirement is not met.

A child placed in the home of a relative in North Dakota by a court or through a voluntary family arrangement may be eligible for TANF in North Dakota, provided all factors of eligibility are met.

3. Aged Parent – Deprivation exists for purposes of TANF when a household contains two natural or adoptive parents and at least one attains age 65.
4. Disabled Parent – Deprivation exists for purposes of TANF when a household contains two natural or adoptive parents and the Social Security Administration determines that one parent meets the disability criteria to be eligible for either Supplemental Security Income (SSI) or Social Security Disability (SSDS) benefits. Eligibility for SSI or SSDS constitutes adequate substantiation of disability for purposes of TANF without submitting SFN 451, Eligibility Report on Disability/Incapacity. In addition, individuals approved under the Workers with Disabilities Program are considered disabled under TANF.

Disability of a parent is used to determine eligibility for a two-parent family with a child(ren) in common. The parent whose disability results in the deprivation of a child's support or care may be either parent. In any disability case, the financial needs of both parents may be included in the TANF benefit even if the parents are not married or, if married, the wife is pregnant and in her third trimester. However, the parents must reside together.

The Social Security Administration may review the individual's [SSI](#) or SSDS case to determine if disability continues. If the Social Security

Program 400

Service 400
Chapter 19

Administration determines that the individual's disability has ceased, the eligibility worker must send the [recipient](#) an [advance \(10-day\) notice](#) to close the case.

Note #1: Since TANF incapacity criteria is less restrictive than Social Security disability criteria, the eligibility worker may complete and send SFN 451 along with current medical information to the [State Review Team](#).

Note #2: If an individual's SSI non-pay status remains 'N01' or 'N04' for one year or longer, the eligibility worker must complete and send SFN 451 along with current medical information to the State Review Team.

5. Incapacitated Parent - Deprivation exists for purposes of TANF when a household contains both natural or adoptive parents with a child(ren) in common, when one of the natural or adoptive parents is determined incapacitated by the State Review Team. The parent whose incapacity results in the deprivation of a child's support or care may be either parent. In an incapacity case, the financial needs of both parents must be included in the TANF benefit even if the parents are not married or, if married, the wife is pregnant and in her third trimester. However, the parents must reside together.

The natural or adoptive parent must have a physical or mental condition, supported by current, competent, medical testimony, of such a debilitating nature as to reduce substantially or eliminate the parent's capacity either to earn a livelihood or to discharge the parent's responsibilities as a homemaker and provider of child care for a period of thirty (30) days or more. It does not matter whether a parent was employed or fulfilled the role of homemaker prior to the onset of the claimed incapacity. Incapacity is established either when the person is unable to earn a livelihood or to act as a homemaker. In making a determination of incapacity to earn a livelihood, the [department](#) shall take into account the limited employment opportunities of disabled persons.

Note #1: Incapacities of short duration (less than 30 days) do not establish eligibility for TANF.

Note #2: If the incapacity is expected to last for a period of 6 months or longer, appropriate referrals for either or both parents must be made to:

- Vocational Rehabilitation Services for rehabilitation services;

- Job Service of North Dakota for possible training;
- Social Security Administration to apply for disability benefits,
- Any other appropriate programs.

The eligibility worker is responsible for determining all [eligibility factors](#) except for incapacity which is determined by the State Review Team. The State Review Team must rely on current written reports from medical personnel, eligibility staff, counselors, etc., to make a decision on incapacity. Therefore, it is important that objective information be submitted. Medical/social information is reported on [SFN 451](#). If incapacity is approved, deprivation exists.

A form letter is used by the State Review Team to report its findings concerning incapacity; the basis for the findings; whether or not a future review of the incapacity is needed; and if so, the date of such a review. A copy of the form letter is sent to the eligibility worker and the household.

The eligibility worker is responsible to notify the client, in writing, of:

- a. The State Review Team's decision and recommendations;
- b. Whether or not a future review of the incapacity or disability is needed and, if so;
- c. The date of such a review and information needed to complete that review.

For those required to participate in [JOBS](#), the recommendations made by the State Review Team should be incorporated into the [JOBS Employability Plan](#).

Incapacity is established when a parent enters the State Hospital and is expected to remain for a period of 30 days or longer. The incapacity is established for the period of hospitalization without completing SFN 451, Eligibility Report on Disability/Incapacity. The eligibility worker needs only to provide the State Review Team with [verification](#) that the individual has entered the State Hospital, the

Program 400

Service 400
Chapter 19

date of entry, date of discharge (if known), and the condition being treated. The State Review Team can then make the incapacity decision. If TANF eligibility is to continue upon the parent's return home, continued incapacity must be established by appropriate reports.

A parent receiving treatment in any facility other than the State Hospital must have their incapacity established by the State Review Team before TANF can be authorized. The benefit received in the month of the parent's return to the [household](#) will be the final benefit unless continued incapacity is established by the State Review Team.

If during a period of incapacity, the eligibility worker becomes aware that the individual's incapacity may no longer significantly interfere with the parent's ability to earn a livelihood or to perform homemaker and/or child care responsibilities, the eligibility worker shall issue notification to end eligibility based on incapacity.

If incapacity is denied, deprivation does not exist. The eligibility worker is responsible to notify the client, in writing, of the decision and its effect on the TANF benefit.

Incapacitated Parent due to participation in the Alternative Response for Substance Exposed Newborns (ARSEN) Program – Deprivation exists for purposes of TANF for those households containing a minor child who physically resides with both their natural or adoptive parents when one of the natural or adoptive parents is determined incapacitated by participation in ARSEN. While the financial needs of both parents must be included in the TANF benefit, the parent whose incapacity results in the deprivation of a child's support or care may be either parent.

The eligibility worker is responsible for determining all factors of eligibility that govern the TANF Program except for ARSEN incapacity which is determined by Human Service Zone Child Protection Service (CPS)/case manager.

Incapacity deprivation must exist for more than 30 days. The program participation time frame is determined by the Human Service Zone CPS/case manager and can be found on the completed

SFN 640, Verification of Participation in Alternative Response for Substance Exposed Newborns (ARSEN).

An SFN 640, Verification of Participation in Alternative Response for Substance Exposed Newborns (ARSEN) will be provided by the Human Service Zone CPS/case manager to the eligibility worker. A completed SFN 640, serves as verification the individual meets incapacity deprivation for TANF. A copy of this form must be retained in the case file.

The eligibility worker shall issue notification to end eligibility based on the absence of the parent's incapacity if during a period ARSEN eligibility the worker becomes aware that the individual is no longer participating in ARSEN.

If a request for ARSEN incapacity is denied, deprivation based on ARSEN incapacity does not exist. The eligibility worker is responsible to notify the client, in writing, of the decision and its effect on the TANF benefit.

Absence Reasons that DO NOT Establish Deprivation 400-19-45-70-15

(Revised 6/1/10 ML #3218)

[View Archives](#)

A child is not considered deprived when a [parent](#) is temporarily living apart from the child(ren) due to:

1. Employment;
2. Education;
3. Training;
4. Medical Care;
5. Intermittent Imprisonment (less than 30 continuous days);
6. Joint or Shared Parentage (See Section [400-19-45-70-25](#), Joint or Shared Parentage); or
7. [Uniformed Service](#)

A parent whose absence is caused solely by reason of performing active duty in uniformed service is not considered absent from the home unless there is evidence that continued absence would have existed irrespective of the parent's serving in uniformed service. Acceptable verification that such an absence exists includes proof of legal separation, desertion, or divorce, either finalized or in-progress. If there has been no legal action, there should be some indication of how the "absence" requirement was met.

"Intermittent imprisonments", such as probation or house arrest, are sentencing alternatives available to North Dakota State Courts. If the individual is sentenced to probation, the court can impose conditions including curfew, home confinement, and house arrest. Thus, someone serving a criminal sentence may be living in their own home, but is:

- Required to return to custody on weekends,
- Required to remain at home between certain hours of the day as imposed by the court (curfew),
- Required to remain in the home all or nearly all times (home confinement or house arrest).

Under "intermittent imprisonment" the offender is typically released to go to work (day release) and is permitted to serve the sentence on weekends. In the following circumstances, deprivation does not exist:

- If an offender is serving a sentence on weekends only, even if the total day's served exceeds 30 [days](#).
- If an offender is sentenced to house arrest and resides in the home while serving a court-imposed sentence, the offender is considered part of the [household](#).
- If an offender spends the day in jail and the nights at home, the offender is considered part of the TANF household.

Joint or Shared Parentage 400-19-45-70-25

(Revised 6/1/10 ML #3225)

[View Archives](#)

Divorce courts often award custody of children to both [parents](#). However, legal custody orders have no bearing on whether or not a child is considered "deprived." Rather than legal custody, it is the parent's absence and level of participation in parenting that is relevant. Even though a [household](#) indicates a child enjoys joint or shared custody, a child must be determined deprived of parental support and care in order for deprivation to exist.

Note: Parental support is not limited to financial support only.

A parent who does not reside with the child is not considered absent when the day to day support and care of the child is shared by both parents.

The number of [days](#) a child resides with each parent does not, in and of itself, determine whether a child is deprived. Rather, the answers to the following questions must be considered by TANF Eligibility Staff:

- Is the parent physically absent from the child's home on other than a temporary basis; and
- Does the absence interrupt or terminate the parent's functioning as a provider of maintenance, physical care, or guidance for the child; and
- Does the known or indefinite duration of the absence prevent relying on the parent to perform their function in planning for the present support and care of the child?

The TANF Eligibility Worker must use the '[Prudent Person Concept](#)' when making a determination of whether a child is deprived of parental support and care. Deprivation is determined to exist if a parent's physical absence interrupts or terminates the parent's functioning as a provider of maintenance, physical care, or guidance for the child.

It is imperative that the information relied upon and rationale used when a determination of deprivation (or lack thereof) was made be clearly and thoroughly explained in the case narrative.

Eligibility During Month of Change in Deprivation 400-19-45-70-30

(Revised 6/1/10 ML #3218)

[View Archives](#)

When a change in deprivation occurs during a month, eligibility continues through the month if eligibility existed for any portion of that month. For example, eligibility continues through the month in which:

1. A [parent](#) returns home;
2. An eligible caretaker marries; or
3. A parent's incapacity or disability ends.

Eligibility may continue beyond the month of return if all other factors of eligibility exist, including deprivation. However, if eligibility ceases the case must be closed effective the last day of the month the change in the deprivation factor occurred.

Voluntary Quit or Refusal of Employment 400-19-45-75**Overview 400-19-45-75-05**

(Revised 6/1/10 ML #3225)

[View Archives](#)

(N.D.A.C. [75-02-01.2-52](#))

At the time a [household](#) applies for TANF, the TANF Eligibility Worker must determine whether a TANF household member refused a bona fide offer of employment or terminated employment, without [good cause](#), within 30 [days](#) prior or equal to the date the TANF Application is filed. The day prior to the TANF Application date counts as day 1 of the 30-day period.

Note: The day prior to the TANF Application date counts as day 1 of the 30 day period.

Voluntary quit or refusal of employment provisions will not apply:

1. If the quit occurs any time after the date of application;
2. To an individual being added to an ongoing case;
3. To a minor [dependent child](#)(ren); or
4. Upon receipt of a new application when the household was eligible for a TANF benefit in the month prior to the new Application/Request for Benefit date (even if the benefit amount was zero). Since there is no break in [assistance](#) for a full [calendar month](#), the case is considered an ongoing case.

Voluntary Quit 400-19-45-75-10

(Revised 10/1/10 ML #3241)

[View Archives](#)

Voluntary quit is defined as a job termination due to the action or inaction of the terminated individual. This includes failing to attend required training for a job an individual has been hired.

Voluntary Quit applies when the individual:

1. Voluntarily quits a job without [good cause](#);
2. Simply leaves the job unannounced or does not return to work;
3. Had been warned by the employer and continues the objectionable behavior after the warning and is terminated;
4. Is continually late for work or does not show up for work; or
5. Is terminated for misconduct.

If the individual states they quit a job and is claiming good cause, an employer contact may be necessary. However, if the individual is not claiming good cause, an employer contact is not required. In either situation, the information used in the determination must be thoroughly documented in the case file.

Voluntary Quit does not apply when:

1. The reason for the termination/reduction was beyond the individual's control;
2. Terminating a [self-employment](#) enterprise;
3. Resigning a job at the demand of an employer;
4. The wages paid do not meet applicable [minimum wage](#) requirements or are not customary for such work in the community;
5. The ability of the individual to continue engagement in such employment or training for employment is questionable due to physical and/or mental reasons (e.g. victims of [family violence](#), rash or asthma caused by working conditions) as verified by a qualified professional.
6. The working conditions pose a health or safety hazard;
7. The employer does not carry Workforce Safety and Insurance coverage;

8. The individual no longer has the means to get to or from the job or training site even after exhausting all possible alternatives for transportation, provided the reason for lack of transportation is one which is beyond the individuals control;
9. The individual, as a condition of employment, would be required to join a company union, or to resign or refrain from any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of any such organization;
10. The gross wages are less than the allowable employment expense (27% or \$180 and other [expenses](#) allowed under TANF, including those child/adult dependent care costs paid by the household);
11. The employment is at an unreasonable distance from the individual's residence (one-way travel time of one hour or less may not be treated as an unreasonable distance);
12. A [parent](#) or spouse whose substantial continuous presence in the household is necessary to care for a disabled family member living in the home to whom the individual seeking good cause owes a [legal duty to provide care](#). The disabled family member must have a condition, verified by reliable medical evidence, which does not permit self-care, care by another household member, or care provided as [supportive services](#).
13. At the time an individual quits a job, new employment at comparable wages or hours had been secured.

Note: If the individual is then laid off, or, through no fault of their own loses the new job, the earlier quit will not be considered a job quit.

14. If an individual is exempt from participation in the JOBS Program, job quit or refusal of employment will not apply.

Refusal of Employment 400-19-45-75-15

(Revised 6/1/10 ML #3218)

[View Archives](#)

Refusal of employment occurs when an individual refuses a bona fide offer of employment without [good cause](#). Before it is determined that a TANF [household](#) member has refused a bona fide offer of employment, it must be determined such an offer was actually made.

Refusal of Employment does not apply when:

1. There was not a definite offer of employment;
2. There was an offer of employment but the wages offered did not meet applicable [minimum wage](#) requirements or were not customary for such work in the community;
3. The ability of the individual to engage in such employment or training for employment is questionable due to physical and/or mental reasons (e.g. victims of [family violence](#), rash or asthma caused by working conditions) as verified by a qualified professional;
4. The working conditions pose a health or safety hazard;
5. The employer does not carry Workforce Safety and Insurance coverage;
6. The individual does not have the means to get to or from the job or training site even after exhausting all possible alternatives for transportation;
7. The individual, as a condition of employment, would be required to join a company union, or to resign or refrain from any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of any such organization;
8. The position offered is vacant directly due to a strike, lockout, or other labor dispute;
9. The gross wages are less than the allowable employment expense (27% or \$180 and other [expenses](#) allowed under TANF, including those child/adult dependent care costs paid by the household);

Determination of Job Quit/Refusal of Employment 400-19-45-75-20

(Revised 8/1/11 ML #3272)

[View Archives](#)

Upon receipt of the application, the TANF Eligibility Worker must determine whether a TANF household member refused a bona fide offer of employment or terminated employment, without good cause, on the date of application or within 30 days prior to the date the TANF Application is filed.

If it has been determined that a bona fide offer was refused or employment was terminated by a [household](#) member without [good cause](#) on the date of application or during the 30-day period prior to the date the application is filed, the household will be ineligible for 30 [days](#) following the actual date of refusal or termination of employment. The earliest date the household could be determined eligible is the 31st day after refusal or termination. (The day of refusal or termination is not counted as part of the 30-day period.)

Example: The household applied for TANF on April 15th. Head of household was employed until April 14th, when the employer fired the individual for poor attendance. A firing due to poor attendance would be considered a job quit.

The household will not be eligible for TANF until the 31st day AFTER the job quit or effective May 15th. The application must be denied for April. The same application can be used to register and determine eligibility for May. The automated computer system will pro-rate the May benefit from May 15th, the date of eligibility based on the job quit.

Effective June 1, 2010, JOBS Employment Contractors will be required to make a good cause determination of a job quit or refusal of employment for TANF applicants who quit a job or refuse employment any day following the TANF Application Date. The JOBS Referral has been enhanced to display the TANF Application Date.

Note: The TANF Eligibility Worker is required to make the job quit or refusal of employment determination for periods prior to or on the TANF Application date.

The following procedure will be followed by the JOBS Employment Contractors when determining whether an individual Quit a Job or Refused Employment with or without 'good cause':

Upon receipt of a JOBS Referral, the JOBS Employment Contractor must determine if the referral is for a new applicant or an individual in an ongoing case whose 'good cause' or 'exemption period' is ending. (This can be determined based on the TANF Application Date displayed on the JOBS Referral form.)

1. If the referral is for a TANF applicant (to meet [Up-front Eligibility](#) Requirements and/or complete a Proof of Performance) AND the job quit or refusal of employment occurred after the TANF Application Date (thru the Up-front Eligibility or [Proof of Performance](#) Period), the JOBS Employment Contractor must determine if 'good cause' exists for the job quit or refusal of employment.
 - a. If 'good cause' does exist, the TANF Eligibility Worker must be notified that the 'good cause claim' was approved and the JOBS participant must continue to follow JOBS requirement.
 - b. If 'good cause' does not exist, the individual is deemed to have failed the Up-front and/or Proof of Performance requirements and the referral must be returned to the TANF Eligibility Worker. The TANF Eligibility Worker will deny the TANF application and the individual will need to serve a 30 day disqualification period, beginning the day following the day the job quit or refusal of employment occurred.

Note: Should the individual reapply within 30 days of the job quit or refusal of employment, the TANF Eligibility Worker would make the determination based on policy defined in Section [400-19-45-75-05](#), Overview.
2. If the referral is for an individual in an ongoing case whose 'good cause' or 'exemption period' is ending, and a job quit or refusal of employment occurred:
 - a. Prior to the 'good cause' or 'exemption period' end date, the JOBS Employment Contractor does not take any action as job quit or refusal of employment does not apply during 'good cause' or 'exempt' periods.

- b. After the 'good cause' or 'exemption period' end date, the 'good cause' process must be initiated.
 - i. If 'good cause' exist, the TANF Eligibility Worker must be notified that the 'good cause' claim was approved and the JOBS participant must continue to follow JOBS requirements.
 - ii. If 'good cause' does not exist, a recommendation for sanction must be sent to the TANF Eligibility Worker.

Note #1: The only way to cure the sanction and avoid the case from progressing to case closure is if the individual finds a job that is comparable to the job quit or refused.

Note #2: If the individual does not cure the sanction and the case progresses to close, the individual will be required to serve the one (1) month of ineligibility. Upon reapplication after the one (1) month of ineligibility, the individual will need to complete a Proof of Performance, but may not be required to find a job that is comparable to the job quit or refused in order to regain eligibility. The Employment Contractor will be responsible to determine the appropriate activity.

- 3. If the referral is for an individual in an ongoing case who must complete a Proof of Performance, and a job quit or refusal of employment occurred:
 - a. If 'good cause' does exist, the TANF Eligibility Worker must be notified that the 'good cause claim' was approved and the JOBS participant must continue to follow JOBS requirements.
 - b. If 'good cause' does not exist, the individual is deemed to have failed the Proof of Performance requirements and the TANF Eligibility Worker must be informed. The case will progress to closure.

Note #1: The only way to cure the sanction and avoid the case from progressing to case closure is if the individual finds a job that is comparable to the job quit or refused.

Note #2: If the individual does not cure the sanction and the case progresses to close, the individual will be required to serve the one (1) month of ineligibility. Ineligibility Due to Participation in Strikes 400-19-45-80

(Revised 6/1/10 ML #3218)

[View Archives](#)

(N.D.A.C. [75-02-01.2-29](#))

The term "[striker](#)," as defined in Section 501(2) of the Labor Management Relations Act, 1947, includes anyone involved in a strike or stoppage of work by employees (including a stoppage by reason of the expiration of a collective-bargaining agreement) and any concerted slowdown or other concerted interruption of operations by employees.

'Participating in a strike' means actual refusal, in concert with others, to provide services to one's employer.

No [household](#) is eligible for a TANF benefit for any month in which any member of the household participates in a strike. When it is discovered that a member of a TANF household is on strike, the case must be closed.

If it is discovered that a household member participated in a strike during a month in which a TANF benefit has already been paid, the amount paid shall be considered an [overpayment](#) subject to recovery.

All [applicants](#) and [recipients](#) must apply for any and all potential sources of [income](#) (i.e. Workmen's Compensation, Unemployment Benefits, Social Security Disability and Retirement Benefits) which might be available to the [household](#), and to provide proof that such application has been made. Applicants and recipients must comply with the requirements of the program to establish eligibility for and receive [benefits](#).

Failure to apply for, comply with the requirements of the program to establish eligibility for, or refusal of receipt of earned rights benefits to which an individual is entitled shall result in ineligibility of the household containing the individual.

Retirement, Survivors, and Disability Insurance ([RSDI](#)) is administered by the Social Security Administration. This program provides workers and/or their families with partial replacement for loss of income due to retirement, disability, or death of the insured person.

Because of the broad coverage offered under RSDI, an exploration of a household's potential eligibility for benefits must be made whenever the employment history or other pertinent data suggest the possibility of entitlement.

Private pensions may be available to assist families with partial replacement for loss of income due to retirement, disability, or death of an employed person. TANF requires that all potential sources of income for earned rights benefits be explored by the household.

Railroad Benefits can include payments for sickness or accident, dependent or survivors' benefits, job insurance, retirement, and funeral expenses.

A fleeing felon is an individual charged or convicted of any felony who has left the jurisdiction of the charging authorities. An individual charged or convicted of any felony in North Dakota who moves within the State of North Dakota is not a fleeing felon.

Exception: A Native American individual charged or convicted of any felony that flees to or from an [Indian Reservation](#) within North Dakota is considered a fleeing felon.

A probation or parole violator is an individual determined by the court to have violated the terms of their parole or probation from a felony conviction.

If an individual indicates on the application, TANF Monthly Report form, annual review form, or reports that they are a fleeing felon, parole or probation violator, the worker must obtain information to substantiate the report. Any information received along with a completed SFN 376, Fleeing Felon/Parole or Probation Violator Review must be forwarded to the Economic Assistance Policy Division. The Economic Assistance Policy Division will review the information to determine if the violation disqualifies the individual from TANF and notify the eligibility worker.

An individual is disqualified from receiving TANF if the individual is a Fleeing Felon or Parole or Probation Violator. Fleeing felons (charged with or convicted of any felony) and parole or probation violators are [ineligible](#) to participate in the program.

Misrepresentation of Residence 400-19-45-95-15

(Revised 6/1/10 ML #3225)

Part A, Section 408 of the [Personal Responsibility and Work Opportunity Reconciliation Act of 1996](#) implemented a provision which prohibits a State to which a grant is made under section 403 from using any part of the grant to provide cash assistance to an individual during the 10-year period that begins on the date the individual is convicted in Federal or State court of having made a fraudulent statement or representation with respect to the place of residence of the individual, in order to receive TANF, Medicaid, SNAP or [SSI](#) simultaneously from 2 or more States.

Note: This provision does not apply with respect to a conviction of an individual, for any month beginning after the President of the United States grants a pardon with respect to the conduct which was the subject of the conviction.

Any individual convicted in federal or state court of having made a fraudulent statement or representation after July 1, 1997, with respect to their place of residence in order to receive TANF, Medicaid, SNAP or SSI simultaneously from two or more states shall be disqualified from TANF for a period of 10 years, effective the date of conviction.

Note: If the individual was not in receipt of TANF when convicted in federal or state court of receiving Medicaid, SNAP and/or SSI in 2 states simultaneously, a 10-year penalty must be imposed for TANF.

If the court conviction does not include the period of disqualification, the TANF Eligibility Worker must forward the following information to the Appeals Supervisor to process the findings under the Intentional Program Violation (IPV) provisions.

- Criminal Complaint;
- Judgment or Order; and
- A cover letter detailing the violation and providing the name, address, and Vision Case and Client ID number. Inclusion of any prior disqualifications should also be noted.

Upon receipt of the Findings and Order, signed by the Executive Director of the Department, the period of disqualification for the IPV will remain 10 years if it is the individual's first or second, and permanently, if it is the individual's third.

If an individual is not convicted in federal or state court after July 1, 1997, but has made a fraudulent statement or representation, with respect to their place of residence in order to receive TANF simultaneously from two or more states, the 10 year penalty cannot be applied. However, the individual shall be referred for Intentional Program Violation (IPV). If it is the individual's first IPV, the disqualification penalty is 1 year, if it is the second IPV, the disqualification penalty shall be 2 years. If it is the individual's third IPV, the penalty is a permanent disqualification. (See Section 400-19-135-20, Types of Intentional Program Violations.)

Eligibility Factors for Refugee Households 400-19-45-105

(Revised 1/1/17 ML #3482)

[View Archives](#)

Lutheran Social Services (LSS) provides services to all Refugees during the first eight (8) months they reside in the United States, and may refer the family to TANF after the eight (8) month period. As a result of a change in Federal Law, Refugees who arrive on or after October 1, 2010, will no longer receive Refugee Cash Assistance from LSS during the first eight (8) months they reside in the this country if the household meets the eligibility criteria for TANF. However, Refugee's eligible for TANF will receive the Reception and Placement assistance and some case management services from LSS during this period.

Note: Lutheran Social Services will continue to provide cash assistance, case management and employment services for individuals that are not TANF eligible.

LSS will provide Reception and Placement Program services to individuals eligible for TANF for 90 days from the date of entry. After the 90 days, LSS will continue to provide limited case management services. Case management services will be provided by the JOBS Employment Contractors, as is done with all JOBS participants.

All factors of eligibility for TANF apply to Refugee Households.

LSS will provide a payment to TANF eligible Refugees, in an amount equal to the difference between the TANF benefit and the Refugee Cash Assistance Benefit. These benefits will be paid directly to the landlord as a Vendor Payment and therefore are not countable for TANF.

Note: Since these payments are paid directly to the landlord for rental expenses, households will be considered as receiving a housing subsidy and will not be eligible for the \$50 housing allowance.

The unrestricted money payment is the basic method for providing assistance to eligible households. However, the individual must have a Social Security Number (SSN) in order to issue the TANF benefit through use of the electronic funds transfer. For households where the Primary Individual (PI) does not have an SSN, payment of the TANF benefits must

be issued through the Protective Payee method until the PI receives their SSN.

Once the SSN is received, enter the SSN and remove the Protective Payee data. That information will then be sent to the electronic payment card vendor who will set up an account and issue the household an electronic payment card.

Eligibility Rules Governing Participation (Codes) 400-19-50

(Revised 7/1/2023 ML #3726)

[View Archives](#)

The automated computer system is programmed with the participation and eligibility rules which govern TANF. These rules determine the participation code which calculates the benefit level for each [household](#) based on all factors of eligibility.

Each individual's eligibility to participate as well as their effect on others found eligible are detailed as follows:

SSI Recipient (SS)

An individual in receipt of Supplemental Security Income (SSI), including those in receipt of presumptive SSI.

An SSI individual is not included as a member of the TANF household. The income and equity value of all assets owned solely or jointly by any SSI recipient shall be exempt in determining TANF eligibility. SSI Recipients are not eligible to participate in the JOBS Program and are not eligible to receive JOBS Supportive Services.

Minor Parent's Parents (MP)

A mother and father (natural or adoptive) who are not [otherwise eligible](#) for TANF and who have a child who is a [minor parent](#) and the minor parent and minor parent's child reside with them.

The [income](#) (but not [assets](#)) of the minor parent's parents is considered available to the TANF household and is subject to the same disregards as [stepparents](#) when determining eligibility for remaining household member(s). The minor parent's parents are not eligible to participate in the JOBS Program and are not eligible to receive JOBS Supportive Services.

When minor parent [budgeting](#) is used, no [child support](#) assignments are filed against the parents because their income is already taken into account.

Stepparents (ST)

A person married to a parent of a child to whom the person is not the parent either by birth or adoption.

Note: The individual will not be treated as a stepparent if the individual has a natural or adopted child residing in the home and is in receipt of TANF.

Stepparent's income and [assets](#) are considered, and allowable disregards and [expenses](#) are deducted when determining eligibility for remaining household member(s). (See Section [400-19-55-05-20](#), Stepparent Assets and Section [400-19-55-15-30](#), Stepparent Income.) Stepparents are not eligible to participate in the JOBS Program and are not eligible to receive JOBS Supportive Services.

Ineligible Individuals (OU)

Ineligible Caretakers (OU):

Caretakers who have children residing with them for whom they are not the parent but to whom they are related within the 5th degree of relationship.

Ineligible caretakers are not included as members of the TANF household and their income and [assets](#) are not considered when determining eligibility for remaining household member(s). These individuals are not eligible to participate in the JOBS Program and are not eligible to receive JOBS Supportive Services.

Ineligible Household Members (OU): Individuals who are:

- a. Not related to the Primary Individual within the 5th degree; Children related within the 5th degree to the Primary Individual but who do not meet the age requirements or are not deprived of parental support and care;
- b. Residing in a public institution for a full calendar month;
- c. Not a resident of the State of North Dakota;
- d. Married caretakers who have a child residing with them, to whom they are not related in the 1st degree; and
- e. Individuals who are not otherwise eligible.

Ineligible Household Members are not included as members of the TANF household and their income and assets are not considered when determining eligibility for remaining household member(s). These individuals are not eligible to participate in the JOBS Program and are not eligible to receive JOBS Supportive Services.

Disqualified Alien (DA)

These are individuals who are not [US citizens](#) and do not meet the [citizenship](#) requirements of the TANF Program.

Disqualified Aliens are not included as members of the TANF household but continue to have their income and [assets](#) considered when determining eligibility for remaining household member(s). Disqualified Aliens are permitted applicable income disregards (i.e., standard employment expense allowance, employment incentive disregard and work-related child/adult dependent care). Disqualified Aliens are not eligible to participate in the JOBS Program and are not eligible to receive JOBS supportive services.

Disqualification for Fleeing Felons and Probation/Parole Violators

Individuals charged or convicted of any felony who has left the jurisdiction of the charging authorities and individuals determined by the court to have violated the terms of their parole or probation from a felony conviction.

Fleeing Felons and Probation/Parole Violators who are disqualified from receiving TANF [assistance](#) continue to have their income and [assets](#) considered when determining eligibility for remaining household member(s). These individuals are permitted applicable income disregards (i.e., standard employment expense allowance, employment incentive disregard and work-related child/adult dependent care). These individuals are eligible to receive Supportive Services if participating in the JOBS Program.

Disqualified Fraud/Misrepresentation of Residence (DF)

1. Has had an Intentional Program Violation (IPV) imposed through court conviction, disqualification consent agreement, or Administrative Disqualification Hearing (ADH); or
2. Has been convicted in federal or state court of having made a fraudulent statement or misrepresentation of their state of residence after July 1, 1997 and has received assistance in more than one state for the same month.

Individuals who are disqualified due to [Fraud](#) or Misrepresentation of Residency are disqualified from receiving TANF [assistance](#) and continue to have their income and [assets](#) considered when determining eligibility for remaining household member(s). [Assets](#) must be available to the TANF [household](#) for current use. To be considered an asset, an interest in property (real or personal) must be owned by the individual and available for disposition. In general, an individual who has legal title to property has the right to control and dispose of it. If property cannot be disposed of, it is not an available asset.

All assets owned by any [SSI](#) recipient shall be exempt in determining TANF eligibility. An asset owned solely or [jointly](#) with an SSI recipient is exempt.

All assets owned individually or jointly are presumed available to the household.

1. Assets owned jointly by members of separate households, where there is a legal obligation to support, are also presumed available, in their entirety, to the TANF household.
2. [Real property](#) owned jointly by members of separate households, where there is no legal obligation to support must have the equity value equally divided among all property owners. The [applicant/recipient's](#) share is considered when determining eligibility. However, if the applicant or recipient can show that the assets are in fact not available, those assets may be exempt. If the applicant or recipient can demonstrate that it has access to only a portion of a given asset, only that portion will be considered.

An asset shall be considered not available if it cannot be practically subdivided and/or the household's access to the asset is dependent on the agreement and cooperation of a joint owner who refuses and cannot reasonably be forced to comply (e.g. [motor vehicle](#)).

[Liquid](#) (e.g. bank accounts, certificates of deposits, etc.) and non-liquid (e.g. real or personal property, etc.) assets owned solely or jointly but

which can be made available to the applicant or recipient, are considered in their entirety.

Nonrecurring lump sum payments are considered assets beginning the second month following the month of receipt. For the second month following the month of receipt, the remaining lump sum amount is included with all other countable assets in determining eligibility.

Example: If the non-recurring lump sum payment is received in May, the amount of the lump sum payment remaining as of June 1 is added to the other assets held by the family and reported on the June 5 monthly report form when determining eligibility for July. If the total amount of the assets is in excess of the program limits, the family must be notified that their case will be closed as of June 30 unless they furnish proof that the assets have been spent down to program levels by June 30th.

Policy for treatment of nonrecurring lump sum payments can be found at 400-19-55-25, Disregard of Certain Income.

An individual identified on an account signature card as an individual who can draw on the account of a non-household member has no legal ownership of the funds in the account. Thus, the funds are not considered available and are exempt as an asset.

A checking or savings account is sometimes opened jointly in the names of a non-household member and the applicant or recipient of TANF. Such accounts are established for the convenience of the parties involved. However, the TANF applicant or recipient may not have contributed to the account and may or may not have knowledge of its existence. Regardless of the source of the funds, whenever the applicant or recipient is a joint account holder and can legally withdraw funds from that account, the individual is presumed to have unrestricted access to the funds. As such, the individual is deemed to be the sole owner of those funds.

If it is clearly established that, despite having access to the account, the household has neither contributed to nor withdrawn funds from the account, the applicant or recipient should be given the opportunity to have their name removed from the account or, by other action, preclude all access to the funds.

- If the household is in the process of applying for TANF, such action must be taken before the initial benefit is authorized.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- If the household is already receiving TANF, the action must be completed within 30 days of notification by the TANF Eligibility Worker.

In both situations, failure to do so will result in consideration of the asset when determining eligibility for TANF.

An asset may be temporarily unavailable (exempt) while the family is taking reasonable measures to overcome a legal impediment. Examples of a legal impediment are divorce proceedings that will eventually result in the distribution individually of jointly owned property and the refusal of other owner(s) to agree to the sale of jointly held assets. A jointly owned vehicle that is taken by a deserting [parent](#) may not be a "currently available" asset but may later become available when the legal impediment is overcome. On rare occasions, the process of liquidating an asset, even though technically "available" to the family, would be unreasonable to pursue, particularly if costly litigation is required. Such assets, on a carefully evaluated case-by-case basis, can be disregarded.

The question of availability is particularly critical to individuals being served by shelters for abused women and children. Assets, regardless of ownership rights, may have to be at least temporarily considered inaccessible until such time as the legal and social ramifications can be resolved. Staff are urged not to apply the "availability" concept so stringently as to risk worsening an already tense situation.

As in all instances in which there is a question of ownership, the [household](#) should be given the opportunity to present evidence in rebuttal of the presumption that a joint account is an available asset. A successful rebuttal will result in a finding that the funds in the joint account are in fact not owned by the TANF household. For example, when the funds are clearly available to the TANF household only in the event of the co-owner's death, access is restricted and the funds are therefore not an asset. The funds are likewise not an asset to the TANF household if withdrawals from the account are possible only with the surrendering of the passbook, which is not accessible to the [applicant](#) or recipient, or with dual signatures and the co-owner will not sign.

Staff must be alert to interruptions in eligibility resulting from changes in assets (e.g., conversion from one form of asset to cash or an increase in

Program 400

the value of an [asset](#)). Applicants and recipients should understand that they are required to report such changes. Although eligibility normally does not exist during any month in which the equity limitation on assets is exceeded, funds from the sale of an exempt asset or from a property insurance settlement can be temporarily reserved for the replacement or repair of an essential item such as a house, car, furniture, or appliance. In this instance, the household should indicate immediately that it intends to replace or repair a given item and should be given 30 days to complete the repair or replacement of the exempt asset. The repair or replacement of a house may take considerably longer. This time can be extended as appropriate or for extenuating circumstances.

Assets, once determined available for current use, must be reasonably evaluated in accordance with their equity value ([fair market value](#) minus legal debts). A reasonable evaluation of an asset is an amount that a willing buyer would pay. In some instances, the asking price of an asset may need to be lowered, perhaps more than once, until such time as there is a market.

Proceeds from the sale of an asset continue to be an asset subject to the appropriate asset level.

Neither the household's TANF benefit, nor the income (earned and unearned), taken into account in determining the benefit for a particular month is to be considered part of the asset test for that same month.

Countable Assets 400-19-55-05-15

(Revised 7/1/2012 ML #3334)

[View Archives](#)(N.D.A.C. [75-02-01.2-25](#))

Countable [assets](#) include, but are not limited to, the following:

1. **Contract for Deed** -- When an [applicant](#) or [recipient](#) has sold [real property](#) or a mobile home, and received in return a promise of payments of money at a later date, usually to be made periodically, and an attendant promise to return the property if the payments are not made, the arrangement is usually called a "contract for deed." The essential feature of the contract for deed is the right to receive future payments, usually coupled with the right to get the property back if the payments are not made. Contractual rights to receive money payments also arise out of other types of transactions. The contract document may be called a note, accounts receivable, mortgage, or by some other name.

The principle from a contract for deed is considered an asset (Reference N.D.A.C. [75-02-01.2-21\(1\)\(k\)](#)). The interest income received on a contract for deed is considered [unearned income](#) (Reference N.D.A.C. [75-02-01.2-44](#)).

Valuing Contract for Deeds

The value of a contract in which payments are current is equal to the total of all outstanding payments of principal required to be made by the contract, unless evidence is furnished that establishes a lower value.

The value of a contract in which payments are not current is an amount equal to the current [fair market value](#) of the property subject to the contract. If the contract is not secured by property, the value of the contract is the total of all outstanding payments of principal and past due interest required to be made by the contract.

In situations where the contractual right to receive money payments is not collectable and is not secured, the debt has no collectable

Service 400
Chapter 19

value, and thus no countable asset value. An applicant or recipient can establish that a note has no collectable value if:

- a. The debtor is judgment proof. A debtor is judgment proof when money judgments have been secured and not satisfied. An applicant or recipient may show a debt has no value as long as a money judgment obtained by any creditor (including the applicant or recipient) has been on file in a county in which the debtor lives, or owns property, for at least 60 [days](#) and has not been satisfied; or
- b. The applicant or recipient verifies the debt is uncollectible due to a statute of limitations. A satisfactory [verification](#) includes an attorney's letter identifying the statute and facts that make a debt uncollectible due to a statute of limitations.

Applicants and recipients should be encouraged not to forgive debts that have been determined to be uncollectible. Such debts could have a future value if the debtor ever accrues [assets](#). At each annual review, the TANF Eligibility Worker must determine whether the judgments are still on file or whether the debtor has any change in assets.

2. **Income Producing Property** -- The equity value of [income producing](#) property is considered a countable [asset](#). Examples of income producing property include real property (i.e., farm land, apartment building, house other than primary residence), crops, livestock, grain in bin, tools, equipment, vehicles used for business, and business bank accounts.
3. **Individual Indian Monies Accounts** -- The value of all interests of Individual Indian Monies Accounts in trust or restricted lands, including mineral rights, are exempt from the asset limit pursuant to the Indian Judgment Distribution Act of 1973.

Monies in IIM accounts are payments from range unit leasing, farm leases, gravel pit contract, sales, etc. Any portion that is not counted as income for a month, if retained by the household, would count as an asset the following month.

4. **Life Estates and Remainder Interests** -- Real property interests may be divided in terms of the time when the owner of the interest is entitled to possession of the property. The owner of a [life estate](#) is called a "[life tenant](#)" and is entitled to possession of the real property for a period of time measured by the lifetime of a specific person or

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

persons. A life tenant has the right to use the property and is entitled to any rents or profits from the property. A life tenant may sell the life estate, but such a sale does not change the identity of the person or persons whose lifetimes measure the duration of the life estate. A life estate may also be referred to as a "life lease."

When a life estate is created, the right to possess the real property after the death of the life tenant must also be created. That right is called a "remainder interest," and the owner of that right is called a "[remainderman](#)." Upon the death of the life tenant, the remainderman owns the real property. The remainderman is not entitled to possess or use the property until the death of the life tenant. The remainderman does, however, have the right to sell the remainder interest.

In order to determine the value of a life estate or remainder interest, it is necessary to first know the age of the life tenant or, if there is more than one life tenant, the age of the youngest life tenant and the [fair market value](#) of the real property subject to the life estate or remainder interest. The value of the life estate or remainder interest is determined by the automated computer system. (Refer to the Life Estate and Remainder Interest Table on the County Intranet (P: Drive) under TANF Hard Cards.)

5. **Life Insurance Cash Surrender Value** -- Cash surrender value of life insurance, cash and savings (including those of eligible children), accounts receivable.
6. **Liquid Assets** -- [Liquid assets](#) such as cash on hand, checking, savings and money market accounts, certificate of deposits, stocks, bonds, etc.

Many benefit programs deposit an individual's monthly benefit onto a debit card. Any balance remaining on these debit cards are considered a liquid asset beginning the month following the month it was deposited on the card and counted as income. Examples of these benefit programs are Unemployment Insurance Benefits (UIB), Child Support benefits, Workforce Safety and Insurance (WSI), Social Security Administration Benefits (SSA), etc.

7. **Mineral Rights** – Value of the right to search for and remove minerals from the land.

Mineral rights are often more difficult to establish a value. TANF often accepts valuations from sources such as appraisers; however, if evidence shows that an appraised value is not accurate, or is at least

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

questionable, we must seek further information to establish true [fair market value](#).

To determine the value of mineral rights:

a. If determining the value for mineral rights currently for sale:

- The fair market value is the value established by a good faith effort to sell. The best offer received establishes the value.

A good faith effort to sell means offering the mineral interests to at least three (3) companies purchasing mineral rights in the area, or by offering for bids through public advertisement.

b. If determining the value for mineral rights sold or transferred in the past, the fair market value is:

i. If the minerals are producing, three (3) times the annual royalty income based on:

- Actual royalty income from the 36 months following the transfer; or
- If 36 months have not yet passed, based on actual royalty income for the months that have already passed, and an estimate for the remainder of the 36 month period.

ii. If the minerals are not producing, but the mineral rights are leased, two (2) times the lease amount (based on the actual lease and not the yearly lease amount).

iii. If the mineral rights are not leased, the greater of two times the estimated lease amount or the potential sale value of the mineral rights, as determined by a geologist, mineral broker, or mineral appraiser.

In determining current or previous value, an [applicant](#) or recipient may provide persuasive evidence that the value established using the above process is not accurate. Likewise, if an established value is questionable, the [Department](#) may require additional evidence be provided to establish estimated fair market value.

8. **Real and Personal Property** -- Real and [personal property](#) such as land, [life estate](#), remainder interest, [pensions](#), recreational vehicles,

cabins, mobile homes not owner-occupied, livestock, machinery, 401K, etc.

9. **Retirement Plans** – Private retirement plans are countable. Funds held in employer-sponsored retirement plans, are not countable while an individual is employed with the company holding the retirement plan.
10. **Trusts** -- [Trust assets](#) available for disposal or use by the TANF [household](#). This does not include trust assets held by a member of the TANF household as trustee unless the trust beneficiaries are also members of the TANF household. If the TANF Eligibility Worker is not certain whether an arrangement constitutes a trust, contact the Legal Advisory unit. Submit all trusts to the Legal Advisory unit for review and identify who is applying for [assistance](#), send a complete copy of the trust agreement, provide verification of all assets owned by the trust, and provide any other relevant documents or information.
11. **Vehicles** -- With the exception of one vehicle of any equity value per TANF household, the equity value of all additional vehicles owned by members of the TANF household is considered a countable asset. To determine the value of a vehicle, use the average trade-in value with no add ons found in one of the reliable [used car guides](#) (NADA Car Guide or Kelley Blue Book, etc.), either hard copy or on the internet.
12. **Workers with Disabilities PASS Accounts** -- The assets excluded under the Workers with Disabilities coverage group as an approved plan to achieve self-support (pass) are countable assets under TANF.

Stepparent Assets 400-19-55-05-20

(Revised 6/1/10 ML #3218)

[View Archives](#)

A [stepparent's](#) assets, whether owned exclusively by the stepparent or [jointly](#) with the natural [parent](#), are considered available in their entirety to the spouse and the stepparent. When the TANF household with a stepparent includes the natural parent, the equity value of those assets must fall within program asset limitations or the entire [household](#) is ineligible. If the natural parent is not in the household but the children remain in the household with the step-parent, since the stepparent must be included as an eligible household member, the assets of the stepparent and children are considered.

Savings, Cash, Investments, Etc.

When an individual has declared ownership of these assets the individual will generally have documents in their possession to establish ownership and valuation of the [asset](#). If the individual does not have documents to establish ownership and valuation of the asset, this information can be obtained from the custodian of the funds or the investment organization.

For those situations in which the individual denies ownership of assets and the statement is questionable, a basis for a decision of non-ownership needs to be established, which could include:

- Evaluating the individual's past circumstances and present living standards to determine the possibility of these assets.
- Requesting [verifications](#) of one or more nearby neighborhood banks to establish that the individual does not have accounts at these institutions.

Note: The individual should be asked where checks are cashed, or what banks or institutions were used for past transactions, or what source of financing was used for major purchases. Through a thorough and well-directed interview, leads can be obtained for verification sources to establish ownership or non-ownership of these resources.

Automobile Ownership

The primary verification for ownership is the Department of Transportation, [Motor Vehicle](#). This agency can establish whether the client owns a vehicle. The motor vehicle registration can also be used to establish non-ownership of a vehicle.

Reliable [used car guides](#) (NADA Car Guide or Kelley Blue Book, etc.) can be used to establish the value of motor vehicles. Another source which can be used to establish valuations are car dealers who can give approximate valuation based on make, year, and model of the vehicle.

(N.D.A.C. [75-02-01.2-23](#))

(N.D.A.C. 75-02-01.2-25)

The following [assets](#) are exempt when determining asset eligibility for TANF [households](#):

1. **Achieving a Better Life Experience (ABLE) accounts** - This includes the exclusion of any contributions to the ABLE account of the individual and any distributions for qualified disability expenses.

Since the funds in an ABLE account can only be withdrawn to be used for a 'qualified disability expense,' funds withdrawn from the account are also disregarded.

A transfer of funds into an ABLE Account is subject to Disqualifying Transfer.

2. **Agent Orange Settlement Program** - Pursuant to Public Law 101-201, Agent Orange settlement payments are exempt.
3. **Basic Maintenance Items** – Basic maintenance items such as clothing, furniture, appliances, and personal effects.
4. **Burial Plots** - A burial plot for each family member.
5. **Burial Prepayments or Deposits** - Any prepayments or deposits which total \$3000 or less, which are designated and maintained by an [applicant](#) or [recipient](#) for their burial.
6. **Children of Female Vietnam Veterans with Birth Defects Allowances** - These allowances, paid under Public Law 106-419 are exempt in determining eligibility and level of benefits under any federal or federally assisted program covering children with certain covered birth defects. This statute provides for monthly allowances, based on the degree of disability suffered by the child. The amounts range from \$100 to \$1272 monthly.

8. **Crime Victim Compensation** - Crime victim compensation is exempt.
9. **Earned Income Tax Credit** - Federal [Earned Income Tax Credit](#) (EITC) refunds are exempt assets for a period of 12 months from the month of receipt.

Note: These funds become a countable asset beginning the month following the 12th month of exemption.

10. **Economic Stimulus Tax Rebates** - Economic Stimulus Tax Rebates are exempt assets for a period of 12 months from the month of receipt.

Note: These funds become a countable asset beginning the month following the 12th month of exemption.

11. **Educational Loans, Grants, Scholarships and Stipends** - Student assistance programs, for both undergraduate and graduate students, are exempt.

Note: Any stipend received while attending training that is specifically identified to cover the cost of daily living expenses must be counted as unearned income, as it is intended to cover the same basic needs as those provided under TANF.

12. **Home** - The house or mobile home which is the usual residence of the TANF household. A home is defined as including the land on which it is located provided the acreage does not exceed 20 contiguous acres, if rural, or two (2) contiguous acres, if located in town.

[Temporary absences](#) for reasons of medical necessity, educational plans, or other [good cause](#), usually approved in advance, do not constitute loss of the exemption if the intent is to return to the home.

13. **Income Tax Refunds** - Federal or state income tax refunds are exempt for a period of 12 months from the month of their receipt.

Note: These funds become a countable asset beginning the month following the 12th month of exemption.

14. **Indian Per Capita and Judgment Funds** – Indian per capita funds and judgment funds awarded by either the Indian Claims Commission or the Court of Claims after October 19, 1973, while held in [trust](#), are exempt assets. This includes interest and investment income accrued on such funds.

Note: The funds must be identifiable and distinguishable from other funds. If commingled with any other countable assets, these funds become a countable asset beginning the second month following the month commingled.

Purchases made using per capita or judgment funds and the interest or investment income accrued on such funds, while held in trust are exempt. However, once sold, the item purchased loses its exemption.

(Refer to Section [400-19-55-25](#), Disregard of Certain Income, for policy on the treatment of Indian Per Capita income.)

15. **Indian Trust or Restricted Land** - Indian Trust or restricted lands are exempt assets. The proceeds from the sale of these lands are also exempt provided the proceeds are held with the original trust. When paid out, the proceeds remain exempt as long as they are not commingled with other funds.
16. **Individual Development Accounts (IDA)** – Funds received through a grant made available under Section 403 of the [Personal Responsibility and Work Opportunity Act of 1996](#) (PRWORA – Public Law 104-193) to enable individuals to acquire a lasting asset after saving for an extended period of time. Currently, this grant is being administered by Community Action Programs.
17. **Individual Indian Monies Accounts** - The value of all interests in Individual Indian Monies Accounts held in trust are exempt from the asset limit pursuant to the Indian Judgment Distribution Act of 1973.
- (Refer to Section [400-19-55-20-15](#), Countable Unearned Income Types, for policy on the treatment of income from Individual Indian Monies (IIM) accounts.)
18. **Loans** - A loan from any source with written [documentation verification](#) that is subject to repayment.
19. **Minor Parents' Parents Assets** – The assets of [minor parents'](#) parents shall be exempt in determining TANF eligibility.

20. **Radiation Exposure Compensation Act Settlement Payments -**

Payment settlements as a result of the Radiation Exposure Compensation Act (P.L. 101-426) are exempt as long as settlement payments and accrued interest are kept separate and apart from countable assets. Commingling of funds renders the entire account countable as an asset.

21. **Real Property Listed for Sale -** If a TANF [household](#) owns [real property](#) and the household is making a good faith effort to sell the property, it shall be exempt from the asset limits.

Steps that demonstrate a "good faith" effort to sell require listing with a real estate agency where such services are available. If such services are not available, the "good faith" effort to sell must be demonstrated by the posting of "For Sale" signs and classified advertisements in local newspapers. Newspaper advertisements must be purchased at least every six months and appear five consecutive [days](#) in a daily newspaper or two consecutive weeks in a weekly newspaper. TANF households are required to set a realistic asking price and to publish the asking price. The asking price must be based on market analysis by a realtor, appraisal, or any other method which produces an accurate reflection of [fair market value](#). A "good faith" effort to sell requires the acceptance of any offer that meets or exceeds 75% of the published asking price. Failure to demonstrate a "good faith" effort to sell will result in the loss of the real property asset exemption.

22. **Rental and Utility Rebates and Deposit Refunds -** Rebates and deposits from rental and utility companies are exempt in the month of receipt and month following receipt.

Note: These funds become a countable asset beginning the second month following the month of receipt.

23. **Retirement Plans -** Funds held in employer-sponsored retirement plans are not countable while an individual is employed with the company holding the retirement plan. However, private retirement plans are countable.

24. **SSI Recipients Assets -** The equity value of all assets owned by any SSI recipient are exempt. Solely or [jointly](#) owned assets with an SSI recipient are considered exempt assets.

25. **Tribal High School Graduate/GED Payments -** Payments from Tribes within North Dakota to [tribal members](#) who graduate from high

26. **Vehicles** - One vehicle limited to car, van, or pick-up normally used as a family vehicle of any equity value. The vehicle with the greatest equity value will be exempted.
27. **529 Qualified Tuition Program Plan** - Tax advantage program to help families save for future education expenses for a designated beneficiary. In North Dakota the program is administered through the Bank of North Dakota and is called College Save.

Disqualifying Transfers of Assets 400-19-55-05-35

(Revised 7/1/2023 ML #3726)

(N.D.A.C. [75-02-01.2-26](#))

The transfer of any property without adequate consideration is disqualifying if the transfer was for the purpose of becoming eligible or to remain eligible for TANF. The [household's](#) intent, lapse of time between such transfer, and the date of TANF application are among the factors which must be evaluated. The 3 month period prior to the date of application must be reviewed for the occurrence of a transfer of assets. On-going cases must be periodically reviewed for a disqualifying transfer of [assets](#).

Note #1: A transfer of an exempt asset (See Section [400-19-55-05-30, Exempt Assets](#)) is not considered a Disqualifying Transfer.

Note #2: Disqualifying Transfer of assets by individuals with participation codes of 'OU', 'SS' and 'MP' are not considered disqualifying transfers.

If a transfer is determined to be disqualifying at time of application, the TANF household will be ineligible from receiving TANF [benefits](#) for a period beginning with the month of application. For on-going cases, the disqualification periods begins the month the transfer took place. The length of disqualification is as follows:

Amount in Excess of Asset Limit	Period of Disqualification
\$ 0 through \$249.99	1 month
\$250 through \$999.99	3 months
\$1000 through \$2999.99	6 months
\$3000 through \$4999.99	9 months
\$5000.00 or more	12 months

If the TANF [household](#) member who caused the household's ineligibility due to a disqualifying transfer leaves the household, the remaining household members are no longer subject to the disqualification period if the transferred asset was owned solely by the departing household member. Effective the day following the day in which the individual left the TANF

household, the disqualifying transfer will no longer affect the remaining household members.

If the transferred asset was jointly owned with any remaining member of the household, the disqualification period will continue as initially calculated.

If the household member who caused a disqualification moves to another TANF household, a new disqualification period must be calculated for the new household based on the remaining period of disqualification. The disqualification period for the new TANF household is effective the month following the month in which the individual entered the new household.

Household members who leave a disqualified household are no longer subject to the disqualification penalty if the departing member did not own the transferred asset.

Income 400-19-55-10

Definition of Income 400-19-55-10-05

(Revised 1/1/17 ML #3482)

[View Archives](#)

(N.D.A.C. [75-02-01.2-44](#))

Income is the gain or benefit, earned or unearned, derived from labor, business, capital, or property which is received or is available to the [household](#). It is considered when actually available and when the [applicant](#) or [recipient](#) has a legal interest in a liquidated sum and has the legal ability to make such sum available for support or maintenance.

Terminated Source of Income 400-19-55-10-10

(Revised 8/1/2023 ML #3740)

[View Archives](#)

For purposes of this section:

- Source: An entity from whom income, earned or unearned, is received.
- Terminated: Income, earned or unearned, that stops or ends and is not anticipated to begin again.

When the final payment of [income](#) is received during the 1st or 2nd prospective months, the income is considered a terminated source of income. Income cannot be treated as a terminated source if it is received in the 1st retrospectively budgeted month.

Example: The 1st and 2nd prospective months are January and February and the 1st retrospectively budgeted month is March.

- If the income ends in January or February and none is received in the calendar month of March, the income is considered a terminated source of income.
- If the income continues to be received in the calendar month of March, it is not considered from a terminated source and January income would be counted when determining March benefits.

If income is not received in the 1st retrospectively budgeted month, but in a later month the individual receives income from the same source (e.g. rehired to same job, begins receiving the same type of unearned income, etc.), the income received during the 1st or 2nd prospective months continues to be considered terminated source income.

Exception: Income received by an individual who is on temporary leave and who expects to return to the same employment when the leave ends is not considered income from a terminated source.

Terminated Source of Income is not counted when retrospective budgeting.

Voluntary or Court Ordered Support payments for children and caretakers (in the case of spousal support) eligible for TANF are assigned to the State of North Dakota upon authorization of the initial month of TANF eligibility. Therefore, once assigned, any support retained by the household for an eligible child or caretaker is treated as a terminated source of income.

The following examples illustrate the treatment of terminated source income under two-month [retrospective budgeting](#).

Income Resulting from the Receipt of an Extra Check 400-19-55-10-15

(Revised 6/1/10 ML #3218)

[View Archives](#)

Income, either earned or unearned, for a month when an individual receives an extra check from a recurring source occasionally causes the TANF case to fail. TANF Policy allows a case to be suspended, rather than closed, when ineligibility will be for one month only. However, if the extra check is received in the first prospective month and results in ineligibility, the month of application must be denied. (See Section [400-19-105-40-50](#), Budgeting Income Resulting from the Receipt of an Extra Check)

Note: For purposes of this section, an extra check is the receipt of a 3rd or 5th check within a month or when an individual receives an extra check due to the employer changing the designated pay date. The last check received during the month is the extra check.

Earned income is profit from activities in which an individual is engaged through employment. Earned income must entail personal involvement and effort on the part of the applicant or recipient.

The following types of earned income are countable unless identified otherwise:

1. Wages and salaries including:
 - Paid sick, vacation and holiday leave.
 - Commissions
 - Wages garnished by the employer
 - Advances are counted when received
 - Tips. When tips are not shown on wage stub, the recipient's statement as to the amount of tips received each month is adequate if consistent with place, type of employment and number of hours worked.
 - Bonuses – recurring and non-recurring.
2. Self-Employment.
3. Employment Contracts.
4. Wages received by an individual or Qualified Service Provider (QSP) for providing services under Family Home Care, when the individual is employed by an agency. (When an individual or QSP is not an employee of an agency, the income is considered self-employment.)
5. Short term or long term disability or loss of time insurance payments for illness or injury paid by the employer.

EXCEPTION:

Short term or long term disability or loss of time insurance payments for illness or injury paid by someone other than the employer is unearned income.

6. In-kind income is paid or given in goods, credit, including in-store credit or services instead of money. In-kind income is considered earned income when the individual has the option to receive a wage or monetary payment.

The value of the goods received may have been verbally negotiated or specified in a written document and must be verified. Otherwise a mutually acceptable market value must be negotiated.

Example:

An individual working as an apartment manager receives a \$330 deduction from the rent. The \$330 deduction would be counted as income when the employee has the option to receive payment of \$330.

7. Income earned by higher education students from internships, or stipends, teaching assistantships, or fellowships which require work participation to receive the income.

EXCEPTION:

Wages earned under the State and Federal Work Study Programs are excluded.

8. Military Pay, including:
 - a. Basic Allowance for Subsistence (BAS) and Family Subsistence Supplemental Allowance (FSSA) for members of the armed forces.
 - b. Variable Housing Allowances (VHA), Basic Allowance for Quarters (BAQ) and Basic Allowance for Housing (BAH) paid to military personnel for housing costs.
 - c. Military re-enlistment bonus.

If a household receives up to 50% of the bonus amount as an initial payment with the remainder paid in equal annual installments, the initial payment and the annual installments are annualized.

If a household receives the bonus as a lump-sum payment, it is excluded as a non-recurring lump-sum payment.

9. Wages received by an individual enrolled in a Job Corps Program, when the wages are not provided by the Job Corps Program.

11. Earnings from on-the-job training.
12. Mainstream and Experience Works Programs.
13. Compensation for jury duty.
14. Compensation for plasma donations, participation in medical studies, etc.
15. Alternative Trade Adjustment Assistance/Reemployment Trade Adjustment Assistance wage subsidy, provided under the Trade Adjustment Assistance (TAA) Extension Act of 2011. This wage subsidy is paid to eligible workers over the age of 50 and pays a portion of the individual's wage (the difference between the individual's new wage and old wage).
16. Workforce Innovation and Opportunity Act (WIOA) or Youthbuild earnings.

EXCEPTION:

Earnings of minor parents who reside with a caretaker within the 5th degree of relationship and attend school full-time, dependent children under the age of 18 who are full-time students, or dependent children age 18 who are full-time students and can reasonably be expected to complete their secondary education before attaining age 19 are not counted.

(N.D.A.C. [75-02-01.2-50](#))

Earned income received on a recurring basis is considered received on the date the income is normally received regardless of changes due to mailing cycles, pay dates or because weekends or holidays cause additional payments to be received within a given month.

Infrequent or irregular earned income is considered received in the month it is actually received.

Examples:

1. An employer may issue checks early because the normal payday falls on a weekend or holiday. Income will be counted in the month it would normally be received, rather than the month it is actually received.
2. An individual is paid on the 1st and the 15th of each month. If the 1st falls on a weekend or holiday, the employer issues the check early, on the last working day prior to the weekend or holiday. This income (1st of the month check) is counted in the month it would normally be received, regardless of when it is actually received.

Wages held at the request of the employee must be considered income in the month in which they would otherwise have been paid by the employer.

Wages held by the employer as a general practice, even if in violation of law, will not be counted as income to the household until actually received.

All income must be verified by the household and documented in the case record.

Earned Income Received on a Contractual Basis 400-19-55-15-15

(Revised 1/1/17 ML #3482)

[View Archives](#)

Contract income is a contracted wage which covers a specified period of work, usually 12 months or less. A contract for income must be written and the salary amount identified in the contract.

Examples:

School teachers, bus drivers, coaches, etc.

Earned income received on a contractual basis must be averaged over the number of months covered by the contract regardless of when the income from the contract is received or if the income is paid in more or fewer months at the convenience or option of either party.

Example:

A contract begins August 23 and ends May 31. Payment for the contract will not be received until June 1. The income must be pro-rated over the months covered by the contract (August through May) even if payment is received in June.

An individual who is working for themselves, rather than for an employer, is considered self-employed. The individual may be a contractor, franchise holder, owner/operator, partner, etc. The individual must meet the following criteria to be considered self-employed:

1. Earn the income directly from business or trade, not from wages or salary from an employer.
2. Be responsible for the payment of entire Social Security and Federal withholding taxes. [If an employee, the employer would pay half of their Social Security Tax and withhold federal income tax from the employee's salary].
3. File self-employment tax forms, however, not all individuals file tax forms. In these special circumstances, income must be anticipated.

Verification of self-employment income can be completed by obtaining copies of the individual's income tax returns. If the individual is involved in a partnership or corporation, copies of the partnership or corporation's tax return must also be obtained, if needed.

When a household has not filed a self-employment income tax return or there has been a significant increase or decrease in the operation of the business, income tax forms, monthly ledgers or bookkeeping records may be used as verification.

Calculating Self-Employment Income - 400-19-55-15-25-10

(New 2/1/2015 ML #3426)

[View Archives](#)

Self-employment income is normally calculated by completing the EAP Self-Employment Worksheet using data from tax forms as verification. Information for each business must be calculated separately. When a household has filed self-employment income taxes the income is determined as follows:

- If the income represents a household's annual income, the income must be annualized over a 12-month period of time, even if the income is received within a shorter period of time during those 12 months.
- If a self-employment enterprise has been in existence for less than a year and continues to operate, the income must be averaged over the period of time the business has been in operation.
- If an individual is self-employed for only part of the year to supplement their income from regular employment, the self-employment income must be averaged over the period of time it is intended to cover rather than a 12-month period.

Example: An individual may be a self-employed painter during the three summer months and also works as a housekeeper for regular wages the rest of the year. The self-employment income from painting is averaged over the three summer months because it is intended to meet the individual's needs for only part of the year.

When the total business 'profit' as calculated above results in a loss, zero income will be used.

Anticipating Self-Employment Income - 400-19-55-15-25-15

(New 2/1/2015 ML #3426)

[View Archives](#)

When a household has not filed a self-employment income tax return or there has been a significant increase or decrease in the operation of the business, income tax forms, monthly ledgers or bookkeeping records may be used as verification. The income is determined as follows:

1. Business not in operation a complete calendar year or tax forms not filed;
 - a. The applicant will need to provide monthly income and expense ledgers to anticipate self-employment income and unearned income as a result of self-employment. The EAP Anticipated Self-Employment Worksheet will assist with determining the monthly net farming and business income.
2. Partial liquidation of business;
 - a. If a business sells some land, equipment, or other capital items to obtain money for current operating expenses and/or pay off a loan, and does not expect a substantial reduction in self-employment income as a result of the sale, continue to look at the most recent income tax forms.
 - b. If the business liquidates a large enough portion of the business to result in an anticipated substantial reduction in the self-employment income, the income tax forms must be appropriately adjusted to accurately anticipate the current year's income using the most recent income tax forms. Income and expenses (other than depreciation and depletion) for the portion of the business that is not being liquidated is used to determine net self-employment income.

Capital gains/losses on sale of property are counted as income.

NOTE: Use only the income or loss from the sale of capital items that can be reasonably anticipated to recur during the current year.

Chapter 19

- c. If the business expects to liquidate partially but has not done so yet, use the most recent income tax forms in their entirety until the liquidation takes place.

3. Significant increase or decrease in operation;

A farm or business may have a significant increase or decrease in operation that is temporary and does not result in liquidation of the business. In these cases, one of the following methods must be used:

- a. If the client has had an estimated tax return prepared for the current business year, use the estimated tax return forms to complete the EAP Self-Employment Worksheet.
- b. If the client has prepared documents (such as farm plans) from a lender or bank or monthly income and expense ledgers, these documents may be used to arrive at the current year's anticipated income and expenses. The EAP Anticipated Self-Employment Worksheet will assist with determining the monthly net farming and business income.

Anticipated capital gains/losses on sale of property are counted as income.

4. Termination of business;

- a. If a business expects to completely liquidate but has not done so yet, continue to use the most recent income tax forms or one of the methods described in #3 above until the business has liquidated.
- b. If a business has been completely liquidated, tax forms cannot be used to evaluate the applicant's income. Use only whatever income is currently available from other sources.

Treatment of Self-Employment Income - 400-19-55-15-25-20

(New 10/1/15 ML #3426)

[View Archives](#)

When an individual is actively engaged in a self-employment business, the income they receive is considered earned income. The following types of income are always considered earned income:

- Capital or Ordinary Gains/Losses
- Farm Income
- Business Income
- Partnership – Ordinary income, guaranteed payments to partners, depreciation and depletion

However, there are some types of income included on the self-employment income tax forms that are considered unearned income. The following types of income are considered unearned income:

- Royalty income
- Partnership – rental, interest and dividend income
- Income from S-Corporations
- Estate or trust income

The following types are considered earned or unearned depending on whether the individual is actively engaged in earning the income and the self-employment tax forms filed.

- Cooperative distributions from the sale of goods
- Farm rental income
- Other rental income

The earned income must be separated from the unearned income and will be when using the self-employment calculation worksheet.

(New 10/1/2015 ML #3459)

[View Archives](#)

1. Capital or Ordinary Gains or Losses – A capital or ordinary gain or loss is the difference between the sale price and the cost basis. The cost basis may include improvements and sales expenses such as broker's fees and commissions.

Capital or ordinary gains or losses are considered part of the EARNED income from self-employment. The gain or loss is calculated by deducting the cost basis from the gross sale price. The result is then added to or subtracted from the calculation of the self-employment income for the business the property was used in.

NOTE: Use only the income or loss from the sale of capital items that can be reasonably anticipated to recur during the current year.

This income is generally included on the Schedule D or Form 4797.

2. Farm Income – Income earned through the operation of a farm or ranch including farm rental income and CRP.
 - a. Farm Rental Income – Income received by a landowner from the sale of crops or livestock produced by the tenant. This does not include cash rent of pasture or farmland.
 - b. Conservation Reserve Program Payments (CRP) – Cost share and payment program under the USDA that encourages farmers to convert highly erodible crop land or other environmentally sensitive acreage to vegetative cover.

Farm income, including farm rental income and CRP:

- Is considered **EARNED** income when the individual is actively engaged in farming. The total farm income or loss is determined by taking the taxable amount of cooperative distributions (patronage dividends) from the net farm income and adding in the depreciation.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Chapter 19

The amount of cooperative distributions is deducted from farm income as it is excluded income. Depreciation is added back in as this is not an allowable expense.

NOTE: Cooperative distributions may include income from the sale of goods (grain, milk, cattle, etc.). Any portion of cooperative distributions that is income from the sale of goods must not be deducted from farm income.

This income is generally included on the Schedule F.

- Is considered **UNEARNED** income as a result of self-employment when the individual is NOT actively engaged in farming. The total farm rental income or loss is determined by taking the taxable amount of cooperative distributions (patronage dividends) from the net farm rental income and adding in the depreciation.

The amount of cooperative distributions is deducted from farm rental income as it is excluded income. Depreciation is added back in as this is not an allowable expense.

NOTE: Cooperative distributions may include income from the sale of goods (grain, milk, cattle, etc.). Any portion of cooperative distributions that is income from the sale of goods must not be deducted from farm income.

This income is generally included on the Form 4835.

3. Business Income – Income earned through the operation of a business other than farming or ranching.

Business income is considered EARNED self-employment income. Business income is determined by taking the net business income profit or loss and adding in the depletion or depreciation. Depreciation and depletion are added back in as they are not allowable expenses.

This income is generally included on the Schedule C.

4. Partnerships – A partnership is a self-employment business set up as a partnership with two or more partners. A partner's share of income, gain, loss, deductions or credits is determined by a partnership agreement.

- Ordinary income and guaranteed payments to partners in a partnership is considered **EARNED** self-employment income. **This income is generally included on the Schedule K-1 (Form 1065).** The partner's share of the partnership income is determined by adding the partner's share of depreciation or

depletion to their ordinary income and guaranteed payments. Depreciation and depletion are added back in as they are not allowable expenses. **The depreciation and depletion are generally included on the Form 1065.**

- Rental, interest and dividend income paid to partners in a partnership is considered **UNEARNED** income as a result of self-employment. The partner's share of the partnership income is the total of the rental, interest and dividend income. **This income is generally included on Schedule K-1 (Form 1065).**

5. Other Rental Income – Income received from the cash rental of property.

Other rental income is considered **UNEARNED** income as a result of self-employment. Rental income is determined by taking the total net rental income from all rental properties and adding in the depreciation or depletion. Depreciation and depletion are added back in as these are not an allowable expense. **This income is generally included on Schedule E.**

6. Royalty Income – a percentage of gross or net revenues derived from the use of an asset or a fixed price of a unit sold of an item. Income individuals receive from royalties is considered **UNEARNED** income as a result of self-employment. **Royalty income is generally included on Schedule E.**
7. Cooperative distributions from the sale of goods is countable income and must not be deducted from farm income.
8. S –Corporation – a separate business entity with 1 to 100 shareholder(s) that passes through the net profit or loss to their shareholder(s). The business profits are taxed at individual tax rates on each individual shareholder's income tax.

Income shareholders receive from a corporation is considered **UNEARNED** income as a result of self-employment. This income is generally included on the Schedule K-1 (1120S). The shareholder's income is determined by adding the shareholder's share of depreciation or depletion to their ordinary business income, net rental real estate income, interest income and dividend income. Depreciation and depletion are added back in as these are not an allowable expense. **Depreciation and depletion are generally found on the Form 1120S.**

NOTE: An owner or employee of a corporation is not a self-employed individual because the business income and liabilities belong to the corporation, not the individual. Wages that an owner or employee receive from a corporation are considered EARNED income.

9. Estate or Trust Income – Income received from an estate or trust. Income individuals receive from estate or trusts is considered **UNEARNED** income as a result of self-employment. **Estate or trust income is generally included on Schedule E.**

The following types of income may or may not be listed on self-employment tax forms. If the income is not listed on the self-employment tax forms, the income must be verified separately.

1. Qualified Service Provider (QSP) – Qualified Service Providers (QSPs) are individuals who provide care for people who want to continue to live in their own homes and communities. QSPs do not need to have a special certificate or license, but they do need to prove they have the skills to provide care.
 - QSP income is considered **EARNED** self-employment income when the individual is not an employee of an agency.
 - QSP income is considered regular earned income when the individual is employed by an agency.
2. Boarder - Individuals or groups of individuals residing with others and paying reasonable compensation for lodging and meals.

Income from boarders is considered EARNED self-employment income when the individual providing the board is actively engaged in providing the lodging and meals and the boarder is not included in the household based on program policy.

To calculate income from room and board, take the monthly gross receipts less \$100 per boarder.

Wages Paid to Family Members - 400-19-55-15-25-35

(New 2/1/2015 ML #3426)

Wages paid to family members are an allowable business expense. However, the wages paid to family members must be counted as earned income separately from self-employment income unless the earned income is specifically excluded by program policy. (Refer to [400-19-55-15-30](#), Student Earned Income treatment for information regarding treatment of income earned by a child).

The income tax forms identify wages paid to family members as wages or labor hired but does not separate outside labor hired from wages paid to family members. The household will need to identify and verify the amount paid to family members (cancelled checks, W-2 forms, bank books showing transfer of funds).

- Advertising
- Car and truck expenses
- Chemicals
- Commissions and fees

Unearned income is income not gained by current labor, service, or skill. Most unearned income is the result of past labor, services, or investments, which have enabled the individual to receive a current benefit or [pension](#).

If unearned income is withheld for:

- Child support or taxes, the gross amount must be counted.
- Repayment of an overpayment from the same source, the net amount must be counted.
- Repayment of another source, the gross amount must be counted.

Examples:

1. Back Taxes
2. Defaulted Student Loan

When unearned income is held at the request of an individual, it is considered income in the month normally received.

Unearned income received on a recurring basis is considered received on the date the income is normally received regardless of changes due to mailing cycles, pay dates or because weekends or holidays cause additional payments to be received within a given month.

Example:

State or federal assistance payments such as SSI or Social Security received on a recurring basis shall be considered as having been received once a month, even if mailing cycles may cause two payments to be mailed in one month and none in another month.

Infrequent or irregular unearned income is considered received in the month it is actually received.

When a member of the TANF household serves as a representative payee for federal benefits (i.e. SSI, Social Security, Veterans benefits, etc.) for a person or persons who are not members of the TANF household, the benefits paid to the representative payee on behalf of such individual(s) shall not be considered income available to the TANF household.

Countable Unearned Income Types 400-19-55-20-15

(Revised 1/1/17 ML #3482)

[View Archives](#)

The following types of unearned income are countable:

1. Payments from Social Security Administration (Retirement, Survivors, and Disability Insurance (RSDI)):

Lump sum retroactive adjustments from Social Security due to changes in an individual's earnings record will be considered as follows:

If the individual received SSA benefits AND had earnings in the year prior to the adjustment, the adjustment will be considered a recurring lump sum benefit.

If the individual did not receive SSA benefits OR did not have earnings in the year prior to the adjustment, the adjustment will be considered a non-recurring lump sum benefit.

2. Unemployment and Workforce Safety and Insurance

These benefits are paid on an Electronic Benefits Card and are considered income:

- a. On the date received; or
- b. When available and the recipient has a legal ability to access the income for support or maintenance.

If the household cannot verify the date of actual receipt, the receipt date is deemed to be either:

- a. The date funds were deposited into the account based on a bank statement from the electronic card payment vendor or their personal bank account; or
- b. Two working days after the date the WSI or UIB was processed.

3. Other benefits, including but not limited to:

- Monthly or regular payments from annuities, pensions and other retirement plans (including dividends and interest). Penalties if any should be deducted from the gross disbursement amount.

10. Monetary gifts - Portions over \$500 per month per household received for special occasions such as birthdays, graduation, holidays etc. Monetary gifts not related to a special occasion are considered a cash contribution.
11. Contracts for Payment. When an applicant or recipient has sold property with a contract to receive a series of periodic payments, rather than one payment, the arrangement is usually called a "contract for deed". The essential feature of the contract for deed is the right to receive future payments, usually coupled with a right to get the property back if the payments are not made. Contractual rights to receive money payments also arise out of other types of transactions. The valuable contract document may be called a note, accounts receivable, mortgage, or by some other name.

NOTE: Some contractual rights may be written so the lender has the right to demand payment at any time. If so, the note is considered a demand note and can be called in at any time. If a note is written so the lender does not have the right to demand payment but the note is in default, it also becomes a demand note. Contractual rights may or may not have collateral or security to guarantee payment.

The payments will include both interest and a portion of the sale price of the property that was sold (principle) and must be calculated separately.

The interest portion of payments received for any contractual right to receive payments (such as Contracts for Deed) must be counted as unearned income. The payment must be prorated over the period of time intended to cover.

12. Refugee Cash Assistance Payments – Payments received under the Refugee Cash Assistance Program or the Wilson/Fish Alternative Program.
13. State Long Term Care Subsidy – Individuals receiving a payment from the State Long Term Care Subsidy Program.
14. Money deposited into a Joint Checking or Savings Account - Money deposited, when the depositor is not a member of the household, is counted as unearned income in the month in which it is deposited.

If the client's name appears on a signature card, but no member of the household has an ownership interest in that account, funds in the account are not available as income or asset.

15. Money obligated to the household which is diverted by the household for an expense.
16. Stipends/Subsistence Payments - Any stipend/subsistence payment received while attending training that is specifically identified to cover the cost of daily living expenses must be counted as unearned income, as it is intended to cover the same basic needs as those provided under TANF.
17. WIOA or Youthbuild allowances and payments

EXCEPTION:

Allowances and payments to dependent children under the age of 18 who are full-time students, OR age 18 who are full-time students and can reasonably be expected to complete their secondary education before attaining age 19 are not counted.

18. Trade Readjustment Allowance (TRA) - Payments made to individuals the Trade Adjustment Assistance (TAA) Extension Act of 2011 who are not attending training as a result of being eligible under a training waiver (is under a waiver of the requirement to participate in training as training may be determined not feasible or appropriate and waived as a requirement for basic TRA eligibility) are considered unearned income.

Child Support and Spousal Support – Court-Ordered and Voluntary 400-19-55-20-15-02

(Revised 10/1/2023 ML #3749)

[View Archives](#)

Child support and spousal support received by the household is countable unearned income.

EXCEPTIONS:

1. Any support received by the household during the first two prospective months which Child Support Division has credited as a prior months collection is not considered countable income when determining eligibility.
2. Any support collected for the current month by a Clerk of Court, the Child Support Division, an out-of-state collection system, or other disbursement agency which is received and retained by the household after authorization of the application is subject to recovery by the Child Support Division and is not counted as income.

Child support is counted as the child's income.

EXCEPTION:

When a household member keeps child support for a child that is not living in the home, the child support is counted as income to the household member that actually received it.

Spousal support is counted as income to the household member for which it is obligated.

Federal tax intercept payments are a non-recurring lump sum and are not counted as income. Federal tax intercept payments are not included in ND✓erify.

State and interstate state tax intercept payments are counted as income as these payments are applied to current support. State tax intercept payments are included in ND✓erify.

The date the payment is considered received is determined as follows:

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- If disbursed via check, the date received is two working days after the date on the check.
- If direct deposited, the date received is the date the funds were deposited into the bank account as reflected on the bank statement.
- If deposited onto electronic payment card (EPC), the date received is two working days after the disbursed date in ND✓erify.

When an individual is in receipt of TANF, support assigned to the state is not counted as income.

If support received or assigned during the first prospective month results in ineligibility, the application must be denied.

After initial TANF eligibility is established and authorized, support payments are normally paid to the Department of Health and Human Services. The automated computer system generates a child support alert that child support has been paid to the Child Support Division.

If support received or assigned during the second prospective month results in ineligibility, the case must be closed effective the last day of the first prospective month. The household shall be advised to notify the Worker if support for the second prospective month is not received by the last workday of the month.

If the household notifies the Worker by the last workday of the month following the effective closing date that support was not received or was received in a lesser amount, the case shall be reverted to open without a new Application and eligibility re-determined based on the new information.

Example:

A case is closed effective June 30 (the last day of the first prospective month) due to anticipated child support. The household must contact the Worker by the last workday of July if support is not received or received in a lesser amount. If reported by the last workday of July, the case must be reverted to open and eligibility re-determined for July, based on the new information.

If the household fails to contact the Worker by the last workday of the month following the effective closing date, a new application is required. The case must be budgeted prospectively for the first two

months and benefits are prorated from the date of the application or date of eligibility, whichever is later.

- A. **Support Received by the Household** - support payments received by a household prior to the date the case is authorized must be counted when determining eligibility and the TANF benefit. This income, along with any support that can be anticipated to be received in the initial two months (whether or not it is assigned to the State), must be considered when determining eligibility. If the household is financially eligible, only the support received is counted when determining the TANF benefit.

Child Support Division defines the collection month of a support payment as the date on which the payment is received by the Child Support Division. Any support received by the household during the first two prospective months which Child Support Division has credited as a prior months collection is not considered countable income when determining eligibility. For that reason, special care should be taken to identify the collection month on any support received early in either of the initial months.

Any support collected for the current month by a Clerk of Court, the State Disbursement Unit, an out-of-state collection system, or other disbursement agency which is received and retained by the household after authorization of the application is subject to recovery by the Child Support Division. If the Worker becomes aware the family has received support, the family should be advised that the support must be turned over to Child Support Division and the Worker should notify the Child Support Division of the specific situation. Retention of assigned support by the household and a failure to turn over such payments may be referred to the appropriate authority for investigation for welfare fraud. Any retained support should be considered as support assigned.

Voluntary or court ordered support received directly from a responsible or legally responsible obligor after the case is authorized and is retained by the family is treated as a cash contribution, is unearned income, and will be deducted dollar for dollar from the TANF benefit. The Worker is responsible for establishing overpayments if this type of unearned income occurs.

Division 10
Program 400

Service 400
Chapter 19

A responsible person is someone who is not yet subject to a court order or someone who has not been legally adjudicated as the father of the child. A legally responsible obligor is someone who is subject to a court order for support.

After the initial two months of eligibility, any support received by the household which is intended for a month in which the family was not in receipt of TANF benefits is treated as a cash contribution. Cash contributions are considered unearned income and deducted dollar for dollar from the TANF benefit.

- B. **Extra Support Received by Household** - Extra support received by a TANF recipient is deducted dollar for dollar from the TANF benefit. Extra money is support received by the Child Support Division, which exceeds the total unreimbursed public assistance.
- C. **Support Retained Offset** - Federal law governs the distribution of support payments.

For a family who is receiving a TANF cash benefit, all support collected that does not exceed the monthly obligated amount for all months the family received TANF must be retained and applied against any UPA. Current support collected which exceeds the total of all the monthly obligated amounts for all months the family received TANF is paid to the family.

Example:

A family has \$100 child support owing for the months of January and February, while in receipt of TANF. The family continues to be eligible for TANF and the absent parent pays \$500 support in March. The total UPA for January, February and March is \$250. The state retains \$250 of the \$300 owed for January, February and March and pays \$50 to the family. The remaining \$200 is also paid to the family.

Tribal Payments and IIM Accounts 400-19-55-50-15-03

(New 1/1/17 ML #3482)

[View Archives](#)

Following is policy regarding the treatment of income distributed to tribal members. These distributions are generally made directly to tribal members or put into an Individual Indian Monies (IIM) Account.

Countable Unearned Income

1. Tribal Distributions from tribal gaming or tribal enterprises distributed to enrolled tribal members (residing on or off a reservation).

Payments made to enrolled tribal members from the proceeds of gaming or gambling businesses are not per capita payments; therefore the income must be counted.

These payments are prorated over the period of time intended to cover with the exception of those noted. These payments include but are not limited to:

- Spirit Lake Social Impact Payments
- Sisseton-Wahpeton Oyate of the Lake Traverse Reservation Quarterly Casino Cash
- Three Affiliated Tribal Elderly Payments
- Three Affiliated Tribe's People's Fund Distributions
- General distributions from tribal revenue.

At application, review and when adding a new member to a case, payments received from the **Three Affiliated Tribes People's Fund** or **general distribution from tribal revenue** in the most recent FULL 12 month period are annualized and counted.

Verification of the IIM account must also be obtained when a child turns 18.

2. Amounts in excess of \$2,000 per year per person of monies derived from leases or other uses of individually owned trust or restricted lands are countable unearned income.

6. Spirit Lake Nation incentives and payments for grades issued to individuals attending college.
7. Tribal High School Graduate/GED Payments - Payments from a federally recognized tribe to tribal members who graduate from high school or receive a GED are considered non-recurring lump sum.

Determining Countable Income in Individual Indian Money (IIM) Accounts

Individual Indian Money (IIM) accounts are established for individual trust beneficiaries. These accounts can be created for a number of different reasons. The individual may:

- Be the original allottee of a parcel of land.
- Is an heir to the original allottee of a parcel of Indian trust land and have inherited the land through probate.
- Have received trust asset through a gift deed.
- Have received per capita trust payments from the tribe, a tribal settlement, or a judgment award.

Most IIM accounts receive income from the use or sale of a trust asset, such as agricultural or grazing leases, coal production, timber harvesting, and oil and gas royalties. Funds can also come from a per capita payment, income earned on deposited funds, inheritance, VA, SSA or SSI. Some accounts receive proceeds from an estate account following a probate.

Federal law requires that up to \$2,000 per year of deposits derived from leases, trusts and restricted lands must be excluded.

At application, review or when adding a new household member, verification of the IIM account must be obtained for the most recent FULL 12 month period prior to the month of application.

Verification of the IIM account must also be obtained when a child turns 18.

IIM accounts can be verified in the following ways:

1. Client statement is acceptable when the account balance is less than \$2000 and the income is derived solely from leases, trusts and restricted lands.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

2. When client statement is questionable, the balance is over \$2,000, or the account includes income from sources other than leases, trusts and restricted lands verification is required:
 - a. Request for verification of IIM account information using form SFN 413, Individual Indian Monies Account. This form will need to be notarized per requirements of the United States Department of the Interior, Office of the Special Trustee for American Indians, Office of Trust Funds Management. These releases are valid for one (1) year and must be renewed annually.
 - b. Individuals with IIM accounts receive statements from the Office of Trust Funds Management on a quarterly basis. A copy of this form may be requested from the recipient. However, the recipient will not receive the statement if the Office of Trust Funds Management does not have a current address.
 - c. The individual may obtain a statement of their IIM account directly from the Office of Trust Funds Management through the Bureau of Indian Affairs (BIA) by requesting the information in person or by making a telephone request. In both cases, the individual will need to know their account number and provide at least two forms of identification.

Once verification is received the amount of countable income is calculated as follows:

1. Subtract any deposits that are not derived from leases, trusts or restricted lands. These sources of income would be considered separately based on policy.
2. The remaining deposits would be totaled for the twelve-month period.
3. Deduct the \$2000 disregard. (The result is the annualized countable income).
4. Divide the annualized countable income by 12 to determine the monthly countable unearned income.

New Source of Income

When a new source of income is identified during the most recent FULL 12 month period the amount of countable income is calculated as follows:

1. Subtract any deposits that are not derived from leases, trusts or restricted lands. These sources of income would be considered

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

separately based on policy.

2. Subtract the new source income from each month the income was received.
3. The remaining deposits would be totaled for the twelve-month period.
4. Total the new source income and divide by the number of months it was received. Multiple by 12 to determine a new annual amount of the new source income.
5. Add the annual amount of the new source income to the total of the remaining deposits.
6. Deduct the \$2000 disregard. (annualized countable income).
7. Divide the annualized countable income by 12 to determine the monthly countable unearned income.

Allowable Expenses for TANF Household Members 400-19-55-30-05

(Revised 6/1/10 ML #3225)

(N.D.A.C. [75-20-01.2-53](#))

TANF [household](#) members (excluding [stepparents](#) and [minor parents'](#) parents) are allowed the following [expenses](#) to be deducted from [income](#) when calculating [benefits](#):

1. Paid court-ordered [child support](#);
2. Paid court-ordered spousal support; and
3. Child or adult dependent care for paid employment subject to the maximum limits, when those expenses are not paid through the Child Care Assistance Program.

If an expense is deducted from income that was determined to be a terminated source, the expense cannot be allowed when retrospective budgeting unless the expense will continue and is being paid.

Expenses or JOBS [supportive services](#) that are reimbursed and included in the TANF benefit cannot be allowed as an expense.

Child or Adult Dependent Care 400-19-55-30-10

(Revised 12/1/2022 ML #3683)

[View Archives](#)(N.D.A.C. [75-02-01.2-53](#))

- Child Care -TANF allows a household the option of receiving child care [expenses](#) as a deduction from earned or unearned income, or as a reimbursement through the Child Care Assistance Program (CCAP).

Child care expenses as a result of employment are the ONLY child care expenses that can be allowed as a deduction from earned or unearned income. Child care expenses for education, training, participating in an allowable JOBS activity, etc., (other than paid employment) cannot be allowed as an expense from earned or unearned income. These expenses must be reimbursed through CCAP.

A family can switch from using their child care costs as an expense under TANF or CCAP. Requests for such a change must be made in writing. However, once benefits are issued under either program, a family cannot request a change.

When CCAP pays a child care provider a portion of the child care expenses, any amounts not paid by CCAP cannot be allowed as a deduction.

The amount of the expenses allowed under TANF or the cost of child care, cannot exceed the maximum allowed under CCAP based on the age of the child and Provider Type of 'Center'.

Requests to allow an expense for the cost of child care provided to children between 13 and 18 years of age will require current, medical evidence from a physician, psychologist, or clinical specialist that clearly confirms the need.

Any child care expenses that exceed the allowable CCAP maximums can neither be paid through CCAP nor allowed as an income

deduction. Child care costs deducted from the TANF gross income cannot be paid through CCAP.

If the employed TANF household member is a non-legally responsible ineligible TANF caretaker, the child care expense cannot be allowed as a deduction. However, the household may apply for assistance under the CCAP.

Child Care costs are budgeted prospectively for the initial two months and retrospectively thereafter.

Monthly child care costs must be verified by obtaining information from the provider and must contain the month and year of care, name and age of child, total hours of care and the billed amount. The verification must be signed and dated by the provider.

- Adult Dependent Care - The allowable deduction for the cost of adult dependent care for incapacitated adult living in the same home are not to exceed the maximum allowable rate for the provider type of 'Center' under CCAP per month, and will be disregarded from countable household income. However, the incapacitated adult must be an eligible TANF household member receiving TANF benefits.

Verification must be received from the incapacitated adult's medical provider showing care is required.

Adult dependent care expenses allowed when determining net household income cannot be paid through essential services or JOBS supportive services.

Adult dependent care costs must be verified and budgeted prospectively for the initial two months and retrospectively thereafter.

Adult dependent care costs shall be verified by obtaining a document signed by the provider which identifies the individual requiring the care, the month of service, the hours of care provided, and expenses incurred.

Additionally, child or dependent care costs cannot be allowed when the care is provided by:

Special Items of Need 400-19-60**Overview 400-19-60-05**

(Revised 8/1/2023 ML #3740)

[View Archives](#)

Approved [special items of need](#) for eligible TANF [household](#) members are considered part of the Total TANF Standard of Need. Special items of need are added to the TANF [Basic Standard of Need](#) to arrive at the Total TANF Standard of Need.

Example: The TANF Basic Standard of Need for one caretaker and one child is \$670. The family also pays \$100 in Health Insurance, which is included in the TANF benefit as a special item of need. The \$100 is added to the \$670 and results in a [Total TANF Standard of Need](#) of \$770.00 for this household.

In Kinship Care cases, special items of need, the TANF Standard of Need and Kinship Care maintenance payment are considered part of the Total TANF Standard of Need.

Only eligible TANF household members are eligible for special items of need. Individuals with a participation code of OU, SS, ST, and MP are not eligible for these payments.

Exception #1: Essential Services are also available for the well being of a TANF household member, when the need is due to the medical condition of an individual in the household with the following participation codes:

- SS -- SSI Recipient,
- OU -- Ineligible Caretaker,
- DA -- Disqualified Alien, or
- ST -- Stepparent.

Exception #2: The Housing Allowance is a benefit to the TANF household. Therefore, if the household is eligible for TANF, the household will receive the \$50 housing allowance.

[View Archives](#)**[Child Restraint Seat](#)**

(N.D.A.C. 75-02-01.2-67) - State law requires that all children younger than seven be secured in a child restraint seat (car seat or booster seat) when riding in any [motor vehicle](#).

Child restraint seats are available in many communities through hospitals, public health agencies, and civic organizations. In collaboration with many public health agencies, TANF will reimburse public health agencies for child restraints provided to TANF [recipients](#). The public health agencies must complete [SFN 471](#), Vendor Payment (TANF), Authorization and Request for Payment of Goods and Services and send it to the eligibility worker for authorization.

When a child restraint seat is not otherwise available, the [household](#) may purchase one and the cost may be reimbursed as a special item of need [supplemental benefit](#) once [verification](#) of the purchase amount is provided to the eligibility worker.

Note: When available, recipients may be required to go through public health agencies where they will be educated on the proper use of child restraints. Recipients should be advised about choosing a model that meets all criteria of the Federal Motor Vehicle safety standards. Because some models do not fit all cars, households should be certain that the model being considered for purchase would be suitable for their vehicle. Additional information is available from the North Dakota Department of Health, 1-800-472-2286.

As a child grows, a larger child restraint seat will be needed. For this reason, TANF can pay for multiple child restraint seats for the same child, provided one is not available through the local hospitals, public health agencies, and civic organizations.

Example: If an infant car seat was initially paid for, a booster seat may be paid for based on the child's age/size.

[Essential Services](#)

Division 10
Program 400

Service 400
Chapter 19

(N.D.A.C. [75-02-01.2-64](#)) - The cost of a service considered essential to the well being of a TANF household member, including an [SSI](#) recipient or an [ineligible caretaker](#) who is not the [parent](#) of a child in the household, shall be provided for in the TANF benefit. If the need for the essential service is related to a special need or condition of a household member, the cost can be met through the TANF benefit. The nature of the infirmity or illness must create a condition where the household cannot perform independently, and services will be considered to meet such needs. The necessary service(s) may require a person in the home temporarily or from outside the home to discharge a specific, transitory need. Medical [documentation](#) must substantiate the need for essential services.

Essential services are intended to accommodate such needs as housekeeping duties and/or child/dependent care during a household member's illness or hospitalization, attendant services, and extraordinary costs of accompanying a member of the family to a distant medical or rehabilitation facility.

Note: Transportation, lodging and meals for individuals who must travel to a distant medical or rehabilitation facility can be paid through Medicaid, with prior approval. If the household fails to obtain prior approval, or if Medicaid denies the claim as the treatment can be obtained within the state, the cost cannot be paid under Essential Services.

Essential Services:

- a. Can only be paid if all other resources have been exhausted;
- b. Must be based on negotiation with the provider;
- c. The allowable maximum daily rate for child/dependent care cannot exceed the amount allowed for emergency foster care, which currently is \$35 per day per child;

A provider need not be licensed, self-certified, registered, or an approved relative in order to provide emergency child care.

Emergency care that necessitates care of a child shall be limited to three (3) [calendar months](#). Resources other than essential services provided to TANF household members must be explored for placements of longer duration.

GED/High School Graduate Incentive Payment

(N.D.A.C. [75-02-01.2-68](#)) - In order to support the basic philosophy of TANF to promote individual and family self-sufficiency, each eligible

TANF household member will receive a \$250 one-time-only incentive payment upon completion of high school or general education development ([GED](#)) diploma. The individual must be TANF eligible in the month the individual completes high school or GED requirements.

Verification of completion of high school or GED is required.

Health Insurance Premiums

(N.D.A.C. [75-02-01.2-66](#)) - The cost of a premium for health and hospitalization insurance carried by an individual residing in the home that covers an eligible member of the TANF household can be paid. Health, hospitalization, drug, dental, and/or vision insurance is defined as any contract policy covering loss due to sickness or bodily injury.

Note: Specific insurance contracts covering loss due to accident, cancer, or disability, to include Workers with Disabilities enrollment fees or premium amounts, are not allowed as a special item of need payment.

If the policy covers individuals who are not members of the TANF household ([stepparents](#), ineligible caretakers, etc), payment is limited to:

- The portion of the premium for each TANF eligible household member that is allocated by the insurance company; or, if that allocation is unavailable;
- The total premium amount, divided by the number of individuals covered, and then multiplied by the number of TANF eligible household members who are covered by the insurance.

The [applicant](#) or recipient must inform the eligibility worker of the insurance. In instances where there is more than one health insurance policy for the same coverage, only one policy of the household's choice shall be paid in the TANF benefit. Payment shall begin in the month in which the eligibility worker is informed of the insurance and receives verification of the cost.

Health Tracks Reimbursement

(N.D.A.C. [75-02-01.2-73](#)) - TANF recipients who complete the Health Tracks screening are eligible for a \$25.00 reimbursement per individual. The reimbursement is available after the completion of the initial screening and the annual Health Tracks screening, provided 12 months have passed between screenings. Completion of the screening, for this purpose, does

Program 400

Service 400
Chapter 19

not include the follow-up appointments or referrals to other physicians that are generated from a screening.

Example: An initial screening is completed in August and a \$25.00 reimbursement is issued as a supplement for August. In order to be eligible for the \$25.00 reimbursement again, the individual would need to be screened in August of the following year or thereafter. (August counts as month one (1) of the 12 month period.)

Housing Allowance

A TANF family (including one whose [Primary Individual](#) is a [Minor Parent](#)) who has sole responsibility for all housing costs is eligible to receive an additional \$50 per month.

For purposes of this section, a TANF Family includes an individual or group of individuals:

1. Who reside together; and
2. Who are related within the 5th degree by either birth, marriage, or adoption; and
3. Whose needs are included in a [TANF](#) benefit (IN) or (OH), or if their needs are not included in the TANF benefit, because the individual is:
 - a. In receipt of Supplemental Security Income (SSI) benefits (SS);
 - b. An [alien](#) who does not meet citizen and alienage requirements (DA - Disqualified Alien);
 - c. [Ineligible](#) for TANF [benefits](#) due to the imposition of a [sanction](#) (DI - Disqualified JOBS) or (DM -Disqualified Child Support);
 - d. Ineligible for TANF benefit due to being [disqualified](#) (DF);
 - e. A [stepparent](#) (ST) or a legal dependent of a stepparent;
 - f. A minor parent's parents (MP) or a legal dependent of the minor parent's parents.
 - g. An individual who does not meet the TANF eligibility requirements (e.g. age, citizenship, deprivation, etc.), but is a legal dependent or a legally responsible caretaker of a member of the TANF family (does not include roomers or boarders).

Sole Responsibility for Shelter Costs means the TANF Family is responsible for the full amount of rent or, if purchasing a home, the mortgage, property insurance, property taxes, special assessment, repairs, and improvements of the home.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

A TANF family DOES NOT have sole responsibility for shelter costs (and is NOT eligible for the additional \$50 Housing Allowance) if:

1. The family receives a subsidy for housing costs, resides in public housing, receives free housing, or is not solely responsible for the assistance unit's housing costs; or
2. The TANF family includes an individual who is at least eighteen years of age and not a member of the family or is not a legal dependent of a member of the TANF household, including a non-legally responsible relative who opts out of receiving TANF Benefits;
3. Any member of the family receives assistance for the payment of housing costs from someone not residing in the family.

Exception: The family receives one month of temporary assistance with their rent or mortgage from an agency (e.g. Community Action, local social service agency, housing/shelter assistance through JOBS supportive services, etc.).

All individuals residing together in the household must be members of the TANF family and the TANF Family must be solely responsible for housing costs in order to be eligible for the \$50 Housing Allowance.

If anyone other than a member of the TANF family as defined above reside in the household, the TANF family is not considered to have sole responsibility for all housing costs and therefore, is not eligible for the \$50 Housing Allowance.

Example #1 – Household consists of mom and three children. No other individuals reside in the household. Mom and her three children are all members of the TANF family. The TANF Family is responsible for rent in the amount of \$600 a month. The rent is not subsidized in any way. The household is eligible for the additional \$50 Housing Allowance.

Note: If anyone other than a TANF Family member resided in the home, this household would not be eligible for the \$50 Housing Allowance.

Example #2 – Household consists of mom, boyfriend, child in common and mom's child from another relationship. All members meet the definition of a TANF Family. The TANF family is responsible for the \$600 per month rent. The rent is

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

not subsidized in any way. The family is eligible for the additional \$50 Housing Allowance.

Note: If this household did not include a child in common, all members residing in the home would not be members of the TANF family and thus would not be eligible for the additional \$50 Housing Allowance.

Example #3 - The family lives in and is buying a home. The family consists of dad and his three children. The family pays the cost of mortgage, property insurance, property taxes, special assessment, repairs, and improvements. Dad's 20-year-old daughter returns home.

- a. If the daughter is a legal dependent, the family would be eligible for the additional \$50 Housing Allowance even if the daughter contributes towards the housing costs.
- b. If the daughter is not a legal dependent the family would not be eligible for the additional \$50 Housing Allowance regardless of whether she contributes towards the housing costs; this since she is not considered a member of the family.

Example #4 - A minor parent and her child are living with the minor parent's parent (grandmother). This is a three-generation case. The family resides in the minor parent's parents' home. The family pays the cost of mortgage, property insurance, property taxes, special assessment, repairs, and improvements. This family would be eligible for the additional \$50 Housing Allowance.

Example #5 – Mom and her three children live with mom's mother and father. Mom pays the \$100 per month rent that is charged.

- a. If all reside in one residence, the family is not eligible for the additional \$50 Housing Allowance.
- b. If Mom and her three children reside in a separate, identifiable residence within the home (apartment), the family is eligible for the additional \$50 Housing Allowance.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

Example #6 - Mom and her child share a home with Mom's aunt and aunt's child. Both mom and mom's aunt are primary individuals for TANF families. Neither family is eligible for the additional \$50 Housing Allowance.

Example #7 – A minor parent and her child are attending and residing at [Job Corps](#) in Minot, which provides housing with the training. This family is not eligible for the additional \$50 Housing Allowance.

Example #8 - A minor parent and her child are living with the minor parent's parents (grandparents). The grandparents are not eligible for TANF. This family is not eligible for the additional \$50 Housing Allowance.

The following circumstances shall not be considered when determining eligibility for the \$50 Housing Allowance:

1. The amount of the rental expense;
2. Whether the rent is actually paid when due, provided the individual remains responsible for the entire amount;
3. The individual is responsible to pay shelter expenses other than rent (e.g. upkeep of the home, utilities, etc.).

Special Projects

In order to support county demonstration projects, two [Special Items of Need](#) are available – Special Projects Incentives and Special Projects Work Subsidies. These special items of need are utilized only with approval from State TANF/JOBS Policy staff.

Unforeseen Circumstances

There are two different Special Items of Need that are defined as Unforeseen Circumstances. These are:

- a. [Catastrophic Events \(N.D.A.C. 75-02-01.2-65\)](#) - In the event of a disaster involving members of the TANF household, the JOBS [Employment Contractor](#) or eligibility worker, after exploring the availability of property insurance and community resources, shall authorize the replacement of clothing, furniture, household equipment, and other needed supplies at a level comparable to that maintained by the recipient at the time of the fire, flood,

tornado, or other catastrophic event. Community organizations often provide assistance to victims of disasters. The JOBS Employment Contractor or eligibility worker should coordinate assistance with local resources.

Payment for the replaced of these items shall be authorized and paid by using [SFN 471](#), Vendor Payment (TANF), Authorization and Request for Payment of Goods and Services.

- b. Unforeseen Circumstances - The unforeseen circumstances payment is to be used to reimburse a recipient for a payment made in situations that were beyond the individual's control. State office approval is required before making an unforeseen circumstances payment.

Example: Reimbursement of late fees paid by the recipient, due to TANF benefits not received timely.

Within the limits described in this section, [supportive services](#) may be made available to a participant of the [Job Opportunity and Basic Skills \(JOBS\) Program](#) who would be unable to enter into or remain in an allowable work activity. Supportive service cannot be provided without approval from the JOBS [Employment Contractor](#) or TANF Eligibility Worker and cannot be provided to a referred individual until the individual's TANF case has been approved.

Exception: Advance Transportation Assistance Payments may be paid to individuals who are sanctioned and who would be unable to complete a [proof of performance](#) without that assistance. (See Section [400-19-65-15](#), Types of JOBS Supportive Services.)

All approved JOBS supportive services are paid directly to the [JOBS participant](#) or vendor, as applicable. Please refer to the specific supportive service category below for additional information.

Care of Incapacitated Household Members

Assistance in the purchase of care for an incapacitated or disabled member of the participant's [household](#) to whom the [JOBS participant](#) owes a [legal duty to provide care](#) may be approved, provided:

- a. There is no other individual in the household who can provide the care; and
- b. The incapacitated or disabled household member cannot provide self-care.

The cost must be negotiated with the provider. The amount paid must be the actual costs incurred but cannot exceed \$610.00 per month per incapacitated or disabled household member. Payment for these expenses is made to the vendor utilizing the [Vendor Payment](#) process.

Child Care Expense

Assistance with child care expenses is made available to allow referred individuals to participate in approved work activities or self-initiated educational activities. Child care expenses paid through the Child Care Assistance (CCAP) program must be processed based on the rules of that program with the exception that payment will be made at 100% of the allowable expenses. (Refer to the Child Care Assistance Manual Chapter 400-28.)

Allowable activities of the [parent](#) or caretaker include paid employment, education/training, and/or any approved JOBS or Tribal NEW activities. Child care expenses may be paid through the Child Care Assistance (CCA) Program at 100% of allowable costs for a TANF [recipient](#) who is meeting the requirements of JOBS or Tribal NEW and who incurs costs while engaged in other self-initiated activities, including school/training.

Note: A participant who is engaged in paid employment may choose to have their child care costs treated as an expense rather than reimbursed through the CCA Program. TANF households who choose to use that disregard and who also incur child care expenses for non-employment activities may have the non-employment expenses paid through the CCA

Program. However, the amount paid through the CCA Program when combined with the disregard amount cannot exceed the monthly maximum allowable amount per child per provider per month.

Child care for required JOBS activities or self-initiated educational activities may be allowed for any child living within the household as long as the participant is responsible for the care of that child and no other legally responsible adult residing in home is available or capable to provide the care ([ineligible](#) parent or legal guardian).

Note: Child care for [SSI](#) children whose parent/caretaker is in TANF must be paid for in the Child Care Assistance Program.

Child care expenses for months in which a TANF case is suspended will continue to be processed as if a TANF benefit had been paid. If the child care was not allowed as an expense, it can be paid for two months prior to and the month of [suspension](#).

Example: The TANF benefit is suspended for April due to the receipt of extra check. Child Care for February and April may be paid at 100% of the allowable maximum rate.

When an individual is participating in Tribal NEW and incurs child care expenses, those expenses can be paid through the State or Tribal Child Care Assistance Program. Eligibility workers need to ensure that payment of these expenses is not made by both programs.

[Housing/Shelter Assistance](#)

Assistance with housing/shelter expenses is available for households who are eligible for TANF and are homeless or at risk of experiencing homelessness. Housing/shelter assistance may be used to pay:

- Rent or mortgage expenses
- A deposit on a rental unit
- Utility bills to avoid a shut off or the costs to resume services after a shut off
- A deposit for utility hookups that are necessary for the family to reside in the home
- Hotel/motel room rental (for a maximum of three nights)
 - a. Applicant Household's Payment of housing/shelter expense maybe made for:

- Two months prior to the month of application and
 - The month of application, and
 - One month following the month of application, provided the family did not receive TANF in the month prior to the month of application.
- b. Recipient Households: Effective April 1, 2013, payment of housing/shelter assistance may be made for a maximum of two months for each occurrence a household who is experiencing homelessness or at risk of experiencing homelessness.

For recipient households, the maximum payment of the rent or mortgage expense is limited to two months.

In both situations:

- The caretaker or caretaker's spouse must be participating in the JOBS Program.
- The family must be able to demonstrate that they will be able to sustain payment of these expenses for future months. (The income remaining after subtracting other expenses must be sufficient to pay the housing/shelter expenses without additional assistance.)

Note: Refer to Job Readiness Assistance (below) for assistance relating to utility shut-offs for ongoing cases.

All requests for assistance with housing/shelter expenses must be submitted to the State TANF/JOBS policy staff for approval. The request must include the calculation for sustainability. Hard copy [verification](#) of the expense is required from the family before a payment may be made.

- Payment of rent or mortgage expenses through supportive services is temporary in nature and not considered subsidized housing.
- JOBS Supportive Services for housing/shelter must be the payer of last resort.

Payments for Housing/Shelter expenses cannot exceed actual costs and are made to the vendor utilizing the Vendor Payment process. (See Section [400-19-65-35](#), Vendor Payment Process.)

Job Readiness Assistance

Job readiness assistance is intended to reimburse participants expenses associated with their preparation for work. Assistance may only be

approved by the JOBS [Employment Contractor](#) and only when the expenses are necessary to help the individual achieve their employment goals.

Job readiness assistance may be used to reimburse:

- a. Expenses related to the participant's purchase of employment related clothing;
- b. Expenses for obtaining a driver's license or reinstatement of a driver's license;
- c. Expenses for utility bills in an ongoing case which are pre-approved by State TANF/JOBS Policy staff, when there is the threat of a utility shut-off; and
- d. Other expenses determined by the JOBS Employment Contractor to be reasonable and necessary for employment interviews including transportation, lodging, grooming and clothing.

Job readiness assistance may not be used to pay a participant's fines.

Example: Job readiness assistance may not be used to pay an individual's speeding tickets or a DUI fine. It could, however, be used to pay the registration fee for a DUI seminar or a defensive driver's class that the individual is required to attend prior to re-instatement of the individual's drivers license.

Job readiness assistance may be used to help cover the cost of phone installation charges but may not be used to pay delinquent phone bills. Participants should contact their local telephone company to inquire about applying for the Link Up and Lifeline telephone assistance programs.

The Link Up program can reduce an eligible individual's initial charges to hookup primary telephone service by up to 50 percent. The Lifeline program can reduce an individual's monthly phone bill for local service.

Persons qualified for SNAP, or Medicaid are eligible for the Link Up or Lifeline programs if the service is made available by the local telephone company.

For additional information regarding the Link Up and Lifeline programs, please refer to 448 Administrative Procedures Manual:

Job Readiness Assistance cannot exceed actual costs, up to a maximum of \$300 per participant, per state fiscal year (July 1 through June 30). Payment for these expenses is made to the vendor utilizing the Vendor Payment process.

License, Certification, and Examination Fees

Assistance with professional license, certification, or examinations fees may be allowed when necessary for the participant to become employed, where there is no other available source of funding (including fee waivers), and the professional license or examination is necessary to achieve an employment-related goal.

License, certification, and examination fee assistance is limited to a maximum of \$200 per participant, per state fiscal year (July 1 through June 30) and cannot exceed actual costs. Payment for these expenses is made to the vendor utilizing the Vendor Payment process.

Relocation Assistance

Relocation assistance may be provided to a JOBS participant if:

- a. The individual has a bona fide offer of employment, verified by the JOBS Employment Contractor, which will increase the individual's potential for increased earnings, job advancement, or permanent employment; or
- b. The individual requests and receives approval from the JOBS Employment Contractor to move from an area of the state with few employment opportunities to another area of the state (or out of state) with greater employment opportunities.

The relocation should be accomplished in the most economical manner possible taking into consideration the physical abilities of the participant and the participant's family. In most instances, the use of a rental truck or van would be preferred to accomplish the relocation.

The participant is responsible to provide the following [documentation](#) to the JOBS [Employment Contractor](#) to justify the proposed relocation expenses:

- a. Two estimates of the household moving cost, if utilizing a moving company;
- b. An estimate for the use of a non-commercial personal vehicle; and

Program 400

- c. A letter from the employer confirming the individual's employment start date and beginning wage if the relocation request is based on an offer of employment.

The JOBS Employment Contractor must agree that the relocation will increase the individual's potential for becoming employed, obtaining higher wages, job advancement, or permanent employment.

The plan must be approved prior to any expenses being incurred. Expense reimbursement may include but is not limited to:

- a. Transportation of household goods via the most economical source;
- b. Transportation costs including fuel and other mileage related costs;
- c. Relocation of a mobile home; and
- d. Security deposits and utility hook-up expenses such as gas, electricity, rent, water, sewer, garbage, and telephone.

Relocation assistance cannot exceed actual costs, up to a maximum of \$1000 per household, per state fiscal year, (July 1 through June 30). Payment for these expenses is made to the vendor utilizing the Vendor Payment process.

Tools for Employment

Assistance for the purchase of tools and/or equipment required for a participant to accept or retain employment may be provided to participants in the JOBS program. The tools become the property of the participant. If the tools are subsequently lost or stolen, the individual is responsible for the costs of their replacement.

Tools for Employment assistance cannot exceed actual costs, up to a maximum of \$200 per participant, per state fiscal year (July 1 through June 30). Payment for these expenses is made to the vendor utilizing the Vendor Payment process.

Transportation Assistance

Transportation assistance not exceeding \$150.00 per month may be paid to a JOBS or Tribal NEW participant in orientation, assessment, a self-initiated educational activity, or any approved work activity including paid employment.

Transportation assistance may be utilized for monthly transportation expenses for the JOBS participant's private vehicle, public transportation passes, cab fares, or rides provided through an informal arrangement.

Transportation assistance may be utilized to pay fees or fines which prevent an individual from legally operating a vehicle. Allowable fees may include a reinstatement fee on a suspended license, registration fee for a DUI seminar, defensive driver's class required prior to reinstatement of a driver's license, driver's license exam fee, and vehicle insurance, license, or titles.

Traffic fines and DUI fines may be paid at the discretion of the JOBS Employment Contractor provided the individual demonstrates the ability to contribute in paying a portion of the fine. The portion of the fine to be paid by the individual will be determined by the JOBS Employment Contractor.

Once an individual's TANF case has been authorized as TANF eligible and the individual is participating in JOBS, the JOBS Employment Contractor is responsible to determine the participant's anticipated transportation needs and to document the anticipated need on the [Employability Plan](#). Any changes in the participant's anticipated transportation needs should be communicated to the eligibility worker in writing.

Note: Once a transportation assistance payment has been issued to an individual, [overpayments](#) are not to be established.

This same process is to be followed by Tribal NEW if the Tribal NEW participant will be receiving transportation assistance through the county/state.

If transportation assistance is based on mileage, a monthly stipend or flat amount is not allowed. Instead, a mileage calculation must be identified on the Employability Plan. Transportation assistance based on mileage is calculated by multiplying the number of actual or estimated miles required to support the individual's approved work activity and a self-initiated educational activity by \$0.45, the current reimbursement rate for travel under the TANF program.

When public transportation or informal transportation arrangements are used, the participant must review their transportation needs and

plan with the JOBS Employment Contractor. If appropriate, the JOBS Employment Contractor will approve the individual's plan.

Payments for Transportation Assistance are issued to the recipients via the TANF electronic payment card or are paid to the vendor utilizing the Vendor Payment process.

Advance Transportation Assistance Payments

The eligibility worker shall not provide a transportation assistance payment to an individual who is being referred to JOBS/Tribal NEW until the individual's case has been approved, unless the eligibility worker or JOBS Employment Contractor determines that an individual would be unable to participate without receiving transportation assistance.

- When an advance transportation assistance payment is provided to a sanctioned individual who needs to complete a [Proof of Performance](#), the payment should be sufficient to cover the individual's transportation expenses from the time of the referral until the payment can be included in the regular TANF grant (or is provided through Tribal NEW as appropriate).

Note: The eligibility worker may decide not to allow another Transportation assistance payment to the individual until the outstanding [sanction](#) is [cured](#).

- When an advance transportation assistance payment is provided to a non-sanctioned individual, the advance payment should be sufficient to cover the individual's transportation expenses to attend the Orientation and complete the Assessment and Employability Plan.

When an eligibility worker determines the need for an advance transportation payment, the eligibility worker is to inform the JOBS Employment Contractor or Tribal NEW Coordinator that an advance payment was made.

Tuition Assistance

Reimbursement for expenses associated with approved or self-initiated training, including the cost of books, tuition and fees, provided:

- a. Other educational funding sources, including grants and scholarships, have been explored and are exhausted; and

- b. The participant is eligible for TANF [benefits](#).

Tuition Assistance may not be allowed during periods when an individual is not eligible for [financial aid](#) as a result of their actions or inactions. Employment Contractors may contact State TANF policy for guidance in these situations.

The participant must submit a copy of the financial aid award and an itemized listing of costs for tuition, books, and fees.

Tuition assistance cannot exceed actual costs, up to a maximum of \$1000 per participant, per state fiscal year (July 1 through June 30). Payment for these expenses is made to the vendor utilizing the Vendor Payment process.

Vehicle Repair and Insurance

Assistance for necessary vehicle repairs and insurance for basic liability coverage may be provided to participants in the JOBS program and approved by the JOBS Employment Contractor.

Vehicle insurance for basic liability coverage not to exceed one-fourth of the annual premium may be paid to the insurance provider.

The purchase of tires, wheel alignments, or other repairs considered essential for the safe operation of a vehicle may be approved, though normal maintenance such as oil changes, tune-ups, or nonessential vehicle repairs are not allowed.

The costs for repairs must be reasonable and necessary to return a participant's vehicle to operable condition. The JOBS Employment Contractor may request additional information to justify the need for repair, including two estimates.

The vehicle:

- a. Must be registered to a mandatory member of the household;
and
- b. Must be covered by basic liability insurance; and
- c. Must be needed by the participant to engage in an approved work activity; and
- d. Must be in good general condition and the value of the vehicle justifies repairs.

Vehicle repair and insurance cannot exceed actual costs, up to a maximum of \$650 for a state fiscal year (July 1 through June 30). Payment for these expenses is paid to the vendor utilizing the Vendor Payment process.

Following [closure](#) of a TANF case, the individual may continue to be eligible for Post-TANF Supportive Services. (See Section [400-19-155](#), Post TANF Supportive Services.)

[View Archives](#)

The [Vendor Payment](#) Process is the method required by the North Dakota Department of Human Services to pay providers for services rendered on behalf of TANF [recipients](#). Payments are made directly to providers.

In order for a payment to be made to a provider, the provider must complete and submit one of the following W-9 forms to the State TANF Policy office, by mail or fax (701-328-1060). These forms are available as E-forms on the North Dakota website at <http://www.nd.gov/eforms/>.

- SFN 54309, Individual Payee (Non-Business) Substitute IRS Form W-9.
 - This form is completed if this is an individual provider. For example, an individual that provides child care for a TANF recipient under essential services provision.
- SFN 53656 Business Payee Registration Substitute IRS Form W-9.
 - This form is used for all business providers.

[Verification](#) of the expense and the request for payment form [SFN 471](#), Vendor Payment (TANF) Authorization and Request for Payment for Goods and Services must be submitted to the State TANF Policy office by mail or fax (701-328-1060) for processing.

Note: The North Dakota Department of Human Services is tax exempt. Vendors cannot bill the [Department](#) or [JOBS participants](#) for taxes on goods and services.

If it is unknown whether a provider has completed a W-9 form, Public Assistance Administrative Staff will research the provider list. They may be reached by telephone at (701) 328-2332.

Child Support Division 400-19-70**Legal Base 400-19-70-05**

(Revised 1/1/17 ML #3482)

[View Archives](#)

Public Law 93-647 added Part D to Title IV of the [Social Security Act](#). In addition to mandating that each state develop and maintain a vigorous child support enforcement effort, the legislation created several eligibility requirements in TANF. These include:

1. Furnishing social security numbers; and
2. Assigning rights to [child support](#); and
3. Cooperating in establishing [paternity](#) and securing child support by the caretaker; and
4. Promptly notifying the Child Support Division whenever TANF is provided to a child.

Public Law 97-35 expanded support enforcement to include spousal support.

Caretakers of a child are subject to these provisions only when the child receives a TANF benefit.

Born Out of Wedlock 400-19-70-10

(Revised 6/1/10 ML #3218)

A child is considered to be born out of wedlock when:

- The child is born to a women who is not legally married; or
- The child was born 301 [days](#) or more after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court.

Paternity 400-19-70-15

(Revised 12/1/2022 ML #3683)

[View Archives](#)

[Paternity](#) is considered legally established by marriage, adoption, adjudication in a court proceeding or through voluntary acknowledgement. Prior to authorizing TANF eligibility, the eligibility worker must determine whether or not paternity of a child has been established.

- Marriage – If a couple is married when the child is born, the spouse is presumed to be the parent of the child. In addition, the spouse is presumed to be the parent of the child if the child is born within 300 [days](#) after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court. This is true even if the mother claims someone else is or may be the child's biological parent.
- Adoption – If a child is adopted, the adopted [parent](#)(s) is considered the parent(s) at the time the final order is issued.
- Adjudication – When a child is [born out of wedlock](#), it is the responsibility of the Child Support Division to secure an adjudication of paternity in a court proceeding, if necessary. However, an adjudication of paternity may also be secured by an attorney representing either parent.
- Voluntary Acknowledgment of Paternity – SFN 8195, North Dakota Acknowledgment of Paternity, is a legal document that unmarried parents may sign to acknowledge paternity of a child. It has the force and effect of a relationship of parent and child established through a court. Often, this form is signed in the hospital at the time of the child's birth. The parent's name is added to the birth certificate based on the Voluntary Acknowledgment of Paternity.

Under state law, effective July 1, 1977 through September 30, 2009, [applicants](#) for TANF automatically assigned to the state all legal rights to past, present, and future support from any person, whether on behalf of the individual or another family member whose needs are to be included in the TANF benefit.

Note: On October 1, 2009, the State [IV-D](#) Office released all assignments for non-TANF months for the period of October 1, 1997, thru September 30, 2009. These arrears are now owed to the family. Any [child support](#) collected and applied towards these arrears will be paid to the family.

Effective October 1, 2009 applicants for TANF automatically assign to the state all legal rights to current support from any person, whether on behalf of the individual or another family member whose needs are to be included in the TANF benefit. This assignment of support rights includes support due while [benefits](#) are being received. All current support collected on behalf of TANF [households](#) must be paid to the Child Support Division for distribution in accordance with federal law.

Cooperation in Obtaining Support 400-19-70-25

(Revised 1/1/17 ML #3482)

[View Archives](#)

(N.D.A.C. [75-02-01.2-33](#))

A custodian is an individual who has custodial responsibility for a deprived child. A custodian is required to cooperate with the county social service office and with state and other county personnel who have been assigned responsibility for the Child Support Division. Normally, a custodian is a [caretaker relative](#). The custodian may or may not have legal custody of the child(ren), but it is the custodian who has physical custody and is related to the child(ren) within the proper degree for TANF [household](#) purposes who is required to cooperate. In multi-generational TANF households, more than one individual will have custodial responsibility for deprived children .

Cooperation from a custodian is required with respect to any person on whose behalf a TANF benefit is being applied for or received, and includes:

1. Identifying and assisting in locating the absent [parent](#) of a child;
2. Establishing the [paternity](#) of a child [born out of wedlock](#);
3. Obtaining support payments for such caretaker and/or child; and
4. Obtaining any other payments or property due such [applicant](#) or [recipient](#).

Cooperation on the part of the custodian may include the following:

1. Appearing at the County Social Service office, Child Support Division office, or State's Attorney office, as necessary, to furnish verbal or written information or documentary evidence known to or possessed (or reasonably obtainable) by the custodian which is essential to obtaining support. This includes assisting in establishing a child's paternity.
2. Appearing as a party to or witness at court or other hearings or proceedings necessary to achieve the objectives of the Child Support Division.
3. Providing information or attesting to the lack of information, under penalty of perjury. This includes completing and returning paperwork to the Child Support Division within the timeframes requested.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

4. Submitting any support payments received by the custodian on behalf of the child(ren) or adult in the TANF benefit to the Child Support Division after support rights have been assigned and to which they are not entitled. This includes signing and abiding by a repayment agreement relating to the recovery of support erroneously retained.
5. Appearing for a scheduled genetic testing appointment and submitting to such testing.

The efforts of the Child Support Division program to establish paternity and secure support will be consistent with the best interests of the child. The requirement for cooperation is normally satisfied when the Child Support Division has reason to believe that the information provided represents all relevant information known or possessed by the custodian.

'Good Cause' for Refusing to Cooperate 400-19-70-30

(Revised 4/1/2024 ML #3801)

[View Archives](#)

(N.D.A.C. [75-02-01.2-34](#))

A custodian may have '[good cause](#)' for not cooperating with the [Child Support Division](#). Accordingly, all custodians must be given the opportunity to claim a 'good cause' exemption.

Applicants are notified of their rights to claim 'good cause' through one of the Department's TANF applications.

Any other applicable household member (such as a minor child who has a child (three generation case)) in an ongoing case who becomes subject to the cooperation requirements **must be notified** of their rights to claim 'good cause' by providing the individual(s) with a copy of the [SFN 443](#), Notice of Right to Claim 'Good Cause'.

Record in narrative the name, address and date the SFN 443 was mailed. **Return and signature of the SFN 443 is optional. If received, place in case file.**

The notice:

1. Briefly summarizes the legislative intent of the Child Support Division program;
2. Defines the custodian's responsibility to cooperate in the support enforcement effort; and
3. Provides a detailed explanation of the procedure for claiming 'good cause'.

Any custodian wishing to claim a 'good cause' exemption shall indicated in writing by completing SFN 446, Request to Claim 'Good Cause'.

If, at the time of application or when a custodian's child is added, the custodian claims 'good cause', the custodian's financial needs must be included in the TANF benefit pending the determination of 'good cause'. If

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

'good cause' is not established, the custodian's financial needs remain in the TANF benefit, a referral is sent to the Child Support Division, and the custodian is required to cooperate.

If a determination of 'good cause' for non-cooperation with the Child Support Division is pending or has been granted, the Child Support Up-front Eligibility requirement does not apply. The eligibility worker should request the family to complete the forms but cannot deny the application if the forms are not completed and returned. If the forms are completed and returned, they must be sent to the Child Support Division.

EVIDENCE NEEDED TO ESTABLISH 'GOOD CAUSE' - There must be evidence to substantiate a claim of 'good cause'. Exemptions on the basis of physical or emotional harm, either to the child or to the custodian which, in turn, could be expected to reduce the custodian's capacity to care for the child, are allowed only for circumstances of a genuine and serious nature. Mere belief that cooperation might result in harm is not a sufficient basis for a finding of 'good cause'. Evidence upon which the Human Service Zone staff bases a finding of 'good cause' must be supported by written statements and contained in the case record.

It is the custodian's responsibility to provide the eligibility worker with the evidence needed to establish 'good cause'. The custodian must be given a minimum of 20 [days](#) from the date of their claim to collect the evidence. In exceptional cases the eligibility worker may grant additional time when obtaining the evidence proves difficult.

Records of law enforcement, social service, or adoption agencies may be readily available to document instances of rape, physical harm, or pending adoption and are deemed sufficient to substantiate the claim of 'good cause'. However, in situations other than adoption, additional evidence may be required.

[Documentation](#) of anticipated emotional harm to the child or custodian may be somewhat more elusive. Whenever the claim is based in whole or in part on anticipated emotional harm, the Human Service Zone staff shall consider the following:

1. The present emotional state of the individual subject to emotional harm;

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

2. The emotional health history of the individual subject to emotional harm;
3. The intensity and probable duration of the emotional harm;
4. The degree of cooperation to be required;
5. The extent of involvement of the child in the [paternity](#) establishment or support enforcement activity to be undertaken.

ELIGIBILITY WORKER ROLE IN OBTAINING EVIDENCE – While the obligation to produce evidence necessary to support a '[good cause](#)' claim remains the custodian's basic responsibility, the custodian may request the eligibility worker to assist in obtaining evidence. The eligibility worker must actively assist in obtaining evidence when the individual is not reasonably able to do so and promptly notify the custodian if additional evidence or documentation is necessary. The custodian may be able to provide specifics as to the type of document or record that they believe may be available to support the claim and its source.

The eligibility worker is obligated to assume direct responsibility for investigating a '[good cause](#)' claim when the custodian's claim is believed to be authentic even though confirming evidence may not be available. This need may occur when the claim is based on a fear of serious physical harm and the claim is believed by the eligibility worker. Such investigation will be conducted without requiring corroborative evidence by the custodian and may involve a careful review of the case record, evaluation of the credibility of the custodian's statements, and/or a confidential interview with an observer who has good reasons for not giving a written statement. Based on such an investigation and professional judgment, the eligibility worker may find that good cause exists without the availability of absolute corroborative - evidence.

During the investigation of a '[good cause](#)' claim, care must be taken to ensure that the location of the custodian and child(ren) are not revealed.

GOOD CAUSE CLAIMS TO BE PROCESSED PROMPTLY - Except for extenuating circumstances, the determination of whether '[good cause](#)' exists must be made with the same degree of promptness as is the determination of other factors of eligibility (within 30 days). While the '[good cause](#)' claim is pending, the eligibility worker may not deny, delay, or discontinue assistance. Prior to making a final determination, Human Service Zone staff are required to provide Child Support Division staff the opportunity to review and comment on the findings and basis for the

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

proposed decision. However, the final determination rests with Human Service Zone staff.

Determinations concerning claims of good cause require the use of the decision-making principles found in N.D.A.C. § [75-02-01.2-12](#). These principles must be applied to the individual's statements and information to determine if the requirements of good cause are met. (To review the [Good Cause Decision-Making Principles](#) see Section [400-19-05](#), Definitions.)

CHILD SUPPORT DIVISION STAFF TO BE INFORMED OF 'GOOD CAUSE' STATUS - It is essential that the eligibility worker keep the Child Support Division staff informed on the status of all '[good cause](#)' claims. This includes:

1. Promptly notifying the Child Support Division of all custodians who claim 'good cause' and requesting suspension of [child support](#) activity pending a determination;
2. Promptly reporting to the Child Support Division all cases in which a 'good cause' determination has been made for refusal to cooperate. Once 'good cause' is determined, no child support activity may be pursued unless at a future time it is determined that 'good cause' no longer exists; and
3. Promptly notifying the Child Support Division of all cases in which it has been determined that 'good cause' for refusing to cooperate does not exist and that child support activity can begin or resume.

CLAIMANTS OF 'GOOD CAUSE' TO BE INFORMED OF DECISION - The custodian must be advised, in writing, of the Human Service Zone staff's final decision that '[good cause](#)' does or does not exist and the basis for the findings. If 'good cause' was determined not to exist, the communication must remind the custodian of the obligation to cooperate with the Child Support Division's efforts. The communication must also advise the custodian of their right to appeal the decision. In the event the custodian does appeal, the Child Support Division shall be advised to delay its activity until the results of the appeal are known. The written communication to the custodian whose claim to an exemption has been denied should also include a statement of the right to withdraw the application or have the case closed.

PERIODIC REVIEW OF 'GOOD CAUSE' CLAIMS - Cases in which '[good cause](#)' was previously found to exist must be reviewed at a minimum of

every 12 months. Rather than routinely conducting full scale re-reviews on every case, however, a complete follow-up needs to be done on only those claims in which the original finding of 'good cause' was based on a circumstance that is subject to change. If good cause is found to continue to exist, the claimant must be informed of the decision in writing.

If it is found that circumstances have changed so that 'good cause' no longer exists, the custodian must be advised of the decision, in writing, and afforded the opportunity to cooperate, withdraw from the program, or appeal the decision. Child Support Division must be informed if:

1. The custodian agrees to cooperate so child support activity can begin;
2. The custodian withdraws from the program which will result in the TANF referral closing; or
3. The custodian appeals the decision which will result in the Child Support Division's delaying its activity until the results of the appeal are known.

If, in an ongoing case, the custodian claims 'good cause' and a [sanction](#) has not been imposed, the custodian's needs must be included in the TANF benefit pending the determination of 'good cause'.

- If 'good cause' is established, the Child Support Division is informed of the determination, the custodian is not required to cooperate and their financial needs continue to be included in the TANF benefit.
- If 'good cause' is not established, the custodian is required to cooperate and their financial needs continue to be included in the TANF benefit.
- If the Child Support Division sends notification of non-cooperation and 'good cause' is approved, the sanction is not imposed and the custodian's financial needs continue to be included in the TANF benefit.
- If the Child Support Division sends notification of non-cooperation and 'good cause' is denied, the sanction must be imposed effective the first day of the future [benefit](#) unless the sanction is received on or after the third to the last working day of the month, then the sanction is imposed the first day of the future month.

Prompt Referral to Child Support Division 400-19-70-35

(N.D.A.C. [75-02-01.2-33](#))

Federal law requires that the Child Support Division be notified promptly of any child whose eligibility is based on at least one [parents'](#) continued absence from the home.

A referral to the Child Support Division is required for any child whose deprivation is based on the absence of a parent. A referral to the Child Support Division is not required when both parents are in the home and deprivation is based on incapacity, disability, or age. When a child's deprivation is changed from incapacity to absence of a parent, a referral to the Child Support Division is required for all children affected by the change in deprivation.

A referral to the Child Support Division is not required for [SSI](#) children who reside in the household because these children are not included in the TANF benefit.

A custodian under age 18 who resides outside their parental home and whose needs are included in the TANF benefit assigns rights to support against their parents as well as the parent or alleged father of any deprived child for whom the custodian cares. In this instance, referrals are sent to the Child Support Division. At the time the custodian attains age 18, the assignment of rights to support and referral against the parents of the 18-year old end.

The Department of Human Services utilizes automated computer systems to transmit and receive referrals and information for all children deprived of parental support and care due to continued absence. The referral information sent to the Child Support Division is used to establish [paternity](#), locate the absent parent(s), and establish a support order. The referral is transmitted the same evening TANF [benefits](#) are issued. Additionally, the Child Support Division will notify the eligibility worker any

time information is received that may affect eligibility (i.e. absent parent address the same as the child, etc.).

If the Child Support Division notifies the eligibility worker of the custodian's failure to cooperate, the eligibility worker must use this information when determining the custodian's eligibility for assistance.

If the custodian continues to refuse to cooperate, the [sanction](#) will progress to case [closure](#). The custodian has the right to appeal that decision. (See Section [400-19-95](#), Sanctions for Non-Compliance with Child Support.)

If the child for whom the custodian is not cooperating leaves the [household](#), the sanction must be ended effective the last day of the month the child left the household.

The Job Opportunity and Basic Skills (JOBS) Program is the companion program to the [Temporary Assistance for Needy Families](#) (TANF) Program. It combines components of education, training, and employment to enable participants to become [self-sufficient](#).

Unless first determined exempt or granted '[good cause](#)' for nonparticipation, all individuals must, as a condition of eligibility, comply with the requirements of JOBS or a Tribal Native Employment Works (NEW) Program. (For additional information regarding the Tribal Native Employment Works (NEW) Program, See Section [400-19-80](#).)

(N.D.A.C. [75-02-01.2-87](#))

Under Federal TANF law or North Dakota TANF law, the following individuals are exempt and are not required to participate in the JOBS or Tribal NEW Programs:

1. Individuals age 65 or older in receipt of TANF.

Note: A 65 year-old work eligible individual is included in the state's work participation rate, even though the individual is considered exempt under North Dakota TANF law, rule and policy.

2. [Parents](#) or [caretaker relatives](#) personally providing full-time care for a child who is under the age of 2 months and who have not received the lifetime maximum exemption of 12-months as a caretaker of a newborn.

Note #1: Such parents or caretaker relatives are considered exempt through the end of the 2nd month from their child's date of birth.

Note #2: When a [household](#) includes two parents, only one parent can claim this exemption. When applicable, this exemption applies to the non-disabled, non-aged, or non-incapacitated parent.

3. Children under the age of 16.
4. Children age 16 and older and who are currently enrolled or have been accepted as [full-time students](#) for the next school term in an elementary or [secondary school](#) or in a vocational or technical school that is equivalent to secondary school and who, by the last day of the month of their 19th birthday, will:

- a. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED, or

Exempt Individuals Who Choose to Volunteer 400-19-75-10-10

(Revised 9/1/2021 ML #3629)

[View Archives](#)

Exempt individuals who are informed of the value of the services provided by the JOBS or Tribal NEW Program (job search, job readiness, work experience, etc., and the possible reduction in the number of months applied to the lifetime, 12-month, caretaker exemption) may choose to volunteer. Individuals who volunteer are also able to access JOBS [supportive services](#).

Those individuals who volunteer must be referred to the JOBS or Tribal NEW Program provided they are [otherwise eligible](#) for assistance.

Individuals who are exempt and volunteer to participate in the JOBS or Tribal NEW Program are subject to the same requirements as are non-exempt individuals.

Note: At the time an exempt volunteer who is participating loses their exempt status, a new referral must be sent to the recipient and JOBS [Employment Contractor](#) or Tribal NEW Coordinator indicating the individual is no longer exempt.

Individuals who are exempt and volunteer to participate in the JOBS or Tribal NEW Program and who subsequently fail to participate must have their status changed to exempt. A new referral must be created should that same individual, while still exempt, choose to be referred.

Note: A new referral must be created at the time an exempt individual who volunteered but did not comply, is no longer exempt.

A JOBS sanction cannot be imposed on an exempt individual who chooses to volunteer in the JOBS Program as the individual is not required to meet the JOBS requirements.

Excluded Individuals 400-19-75-10-15

(Revised 9/1/2021 ML #3629)

[View Archives](#)

Under Federal TANF law, the following individuals are not required to participate in the JOBS or Tribal NEW programs and are excluded when calculating the state's work participation rate:

1. A [minor parent](#) and not the head-of-household (eligible child);
2. An [alien](#) who is [ineligible](#) to receive assistance due to their immigration status (disqualified caretaker);
3. A recipient of Supplemental Security Income (SSI), including presumptive [SSI](#) (excluded caretaker);
4. A recipient of Social Security Disability ([SSDI](#)) benefits (eligible caretaker);
5. A [parent](#) or spouse whose substantial continuous presence in the [household](#) is necessary to care for a disabled family member living in the home to whom the individual seeking [good cause](#) owes a [legal duty to provide care](#). The disabled family member must have a condition, verified by reliable medical evidence, which does not permit self-care, care by another household member, or care provided as [supportive services](#). (eligible caretaker) (See Section [400-19-75-10-15-05](#) "Verified Providers of Care to Disabled Family Members" for additional information).

Note: Only those individuals with a participation of eligible can volunteer to participate in the JOBS Program.

For purposes of this section:

- "Parent" means a [parent](#) or [caretaker relative](#) who would otherwise be considered a non-exempt caretaker.
- "Disabled" or "Disability" means the existence of a verifiable physical or mental impairment.
- "Family member" means an individual who is within the fifth degree of relationship to the 'parent'.
- "Living in the home" means physically residing within the home of the 'parent' or spouse.
- "State Exemption Determination Team (SEDТ)" means the TANF/JOBS Policy Unit.
- "Legal Duty to Provide Care" means an individual whose legal responsibility to provide care to an individual is conveyed by marriage, parentage or by court order.

Note: Unless ordered by the court, a parent's 'Legal Duty to Provide Care' ends:

1. For a child who turns age 18, the month following the month the child turns age 18; or
2. For a child who is age 18 and will complete their training curriculum from a secondary school or vocational or technical school that is equivalent to secondary school by the last day of the month of their 19th birthday, the month following the month the child completes their training curriculum.

The TANF Program shall exclude from participation in the JOBS Program a parent or spouse who is providing care to a disabled family member if:

1. The disabled family member is "living in the home" and the parent or spouse has a "legal duty to provide care"; and
2. The SEDT has determined that the "family member's" disability supports the parent's or spouse's need to provide care to the disabled family member.

Requests to have the SEDT grant VP exemption to an individual may be initiated by the disabled family member's parent or spouse, the eligibility worker, or the JOBS Employment Contractor, as described below.

Required Process For Determining If A Parent or Spouse Should Be Considered A Verified Provider Of Care To A Disabled Family Member:

1. The parent or spouse must provide current medical [documentation](#) verifying the family member's disability and supporting the parent or spouse's need to remain at home to provide full-time care to the disabled family member.
2. The eligibility worker or JOBS [Employment Contractor](#) must forward a completed copy of [SFN 451](#) "Eligibility Report on Disability/Incapacity" along with all available medical documentation to the SEDT requesting that VP exemption be granted to the parent or spouse.
3. The SEDT will determine if the VP exemption will be granted. If the SEDT grants VP exemption to the parent or spouse, the parent or spouse will not be required to participate in the JOBS or Tribal NEW Programs.
4. The SEDT will inform the eligibility worker and JOBS Employment Contractor of the determination. If VP exemption is granted, the eligibility worker is informed of:
 - a. The date of the next scheduled review; and
 - b. The information that must be provided to complete the review.

All individuals who are not exempt or excluded shall be referred to the JOBS or Tribal NEW Program as determined appropriate, and are required to participate to the best of their abilities. Non-exempt individuals are defined as:

1. Any adult receiving assistance under TANF;

 - SSI recipient (including presumptive SSI),
 - stepparent,
 - minor parent's parents,
 - Ineligible caretaker related within the 5th degree but not included as a member of TANF
4. Any child, age 16 and older, who is not attending school or who is pursuing a [GED](#).

Determinations concerning claims of [good cause](#) require the use of the decision making principles found in N.D.A.C. § [75-02-01.2-12](#). These principles must be applied to the individual's statements and information to determine if the requirements of good cause are met. (To review the [Good Cause Decision-Making Principles](#) see Section [400-19-05](#), Definitions.)

Good Cause Allowable Reasons for Nonparticipation in JOBS or Tribal NEW 400-19-75-20

(Revised 9/1/2021 ML #3629)

[View Archives](#)

(N.D.A.C. [75-02-01.2-103](#))

All nonexempt individuals capable of working or participating in [JOBS](#) Program activities at any level will not be granted [good cause](#) from participation in the JOBS Program.

A nonexempt individual who is unable to work or participate at any level may be granted good cause to **temporarily postpone** the referral to or **temporarily excuse** the individual from participation in JOBS. However, since most individuals will be able to participate at some level, a very small number of individuals will be granted good cause.

NOTE: A month in which a TANF [recipient](#) is granted good cause counts toward the state's work participation rate. It is imperative that an individual with good cause be referred to the JOBS Program as soon as good cause ends.

Nonexempt individuals who are granted good cause to temporarily postpone a referral to the Job Opportunities and Basic Skills (JOBS) or Tribal Native Employment Works (NEW) Program or who are granted good cause to reduce expectations for their involvement in work activities are always included in the state's work participation rate. Therefore, good cause must be used sparingly.

All nonexempt individuals must participate in the JOBS Program unless good cause is granted. Except for good cause due to medical reasons, other than Alternative Response to Substance Exposed Newborns (ARSEN) Program individuals, determinations of good cause are made by the eligibility worker. All requests for good cause due to medical reasons must be submitted to State TANF Policy. Once State TANF Policy ensures all necessary information is included with the request, the request will be forwarded to the [State Review Team](#) (SRT) for a final decision.

SRT does not make good cause decisions for ARSEN. JOBS good cause requests based on ARSEN are determined by the eligibility worker.

Note: For individuals who have given birth and are not eligible for the Caretaker of a Newborn exemption, the eligibility worker may grant good cause for the month of birth and the month following (e.g. The caretaker met the 12-month lifetime limit; the newborn was never added to the TANF case due to death, adoption or placed in Foster Care, etc.).

Good cause for failure or refusal to participate in the JOBS or Tribal NEW Program exists when:

1. Incapacitated - The individual is incapacitated with a physical or mental impairment verified by reliable medical evidence which, by itself or in conjunction with age, prevents the individual from working or participating in any JOBS Program activity (Refer to N.D.A.C. § [75-02-01.2-103\(1\)\(a\)](#));
2. Temporary Illness - An individual has an illness or injury, verified by reliable medical evidence and reviewed every thirty [days](#), which is serious enough to temporarily prevent entry into employment or participation in any JOBS Program activity (Refer to N.D.A.C. § [75-02-01.2-103\(1\)\(c\)](#)); or
3. Child Care Unavailable - In the case of a [parent](#) or other [eligible caretaker relative](#) of a child under age six who is personally caring for the child full-time and who demonstrates an inability to obtain needed child care for one or more of the following reasons (Refer to N.D.A.C. § [75-02-01.2-103\(1\)\(d\)](#)):
 - a. The commuting time, based on personal vehicle use, from the parent's home to the child care provider to the parent's worksite exceeds one hour;
 - b. Suitable child care is not available from a relative, from an approved licensed or registered child care provider, or from a child care provider not required to be licensed or registered under NDCC 50-11.1; or
 - c. Child care is not available, from a licensed or registered child care provider under NDCC 50-11.1, at a rate equal to or less than 2 (two) times the maximum allowable amount as

determined by the Child Care Assistance Program for the Provider Type of 'Center'.

All requests for 'good cause' for the reason of 'Child Care Unavailable' must be submitted to State TANF Policy for final approval.

4. Family Violence - A victim of [family violence](#) may be granted good cause for non-participation in the JOBS Program. (See Section [400-19-75-20-05](#), Good Cause - Family Violence Option.)
5. Contractor Limits - Contractor Limit good cause may only be used when the [Department](#) determines it is necessary to administratively limit the number of individuals being referred to, or participating in, the JOBS Program. The Department will inform counties when and how contractor limit good cause may be used.

Using the Decision-Making Principles in Section [400-19-05](#), Definitions, the eligibility worker is responsible to determine if a nonexempt TANF [applicant](#) has good cause to postpone the referral to JOBS or Tribal NEW Program.

Once an individual begins participation in JOBS or Tribal NEW, the JOBS [Employment Contractor](#), Tribal NEW Coordinator, or the eligibility worker has the authority to pursue good cause for the individual to temporarily reduce their involvement within the JOBS Program or to temporarily excuse them from participation in JOBS.

[View Archives](#)

The provisions of the [family violence](#) option contained in the [Personal Responsibility and Work Opportunity Act of 1996](#) and N.D.C.C. § [50-09-31](#), provides that:

1. All TANF [applicants](#) and [recipients](#) must be informed of the family violence option; and
2. All applicants must be screened to determine if they are past or present victims of family violence or are at risk of further family violence; and
3. Individuals with positive screening results must be referred to a local family violence, sexual assault organization (See [DN 1332](#), Family Violence Option brochure, for a listing of available family violence resource centers) for safety planning and [supportive services](#); and

Note: If the individual referred to a local family violence, sexual assault organization for safety planning and supportive services refuses to comply with the referral, the TANF Eligibility Worker must document that a referral was offered and declined.

4. Determine if [good cause](#) exists to waive participation in the JOBS program.
 - A referral to JOBS or Tribal NEW must be made if it is determined that participation will not place the individual and their family at risk of family violence. However, the individual may be placed under a Modified [Employability Plan](#). (See Section [400-19-75-40-40-05](#), Modified Employability Plans.)
 - Good cause must be granted if it is determined that participation is likely to place the individual and their family at risk of further family violence.

Note: Good cause will continue only until such time as it is determined that participation will not place the individual and their family at risk of further family violence.

When a claim of [good cause](#) for non-participation in JOBS or Tribal NEW is based on a medical reason, either the eligibility worker or JOBS [Employment Contractor](#) must complete [SFN 451](#) 'Eligibility Report on Disability/Incapacity' and request the individual provide medical evidence. This information must be submitted to State TANF Policy to ensure all necessary information is included with the request. Once State TANF policy determines all necessary information is received, the information will be forwarded to the [State Review Team](#) (SRT) for a determination.

Note: While it is the responsibility of the [applicant](#) or participant to ensure that medical evidence is provided for review by the SRT, the eligibility worker or JOBS Employment Contractor may assist the individual in obtaining this information.

Depending on the type and severity of a non-exempt individual's physical, mental, emotional, or intellectual impairment, the individual will be expected to fully participate or participate at a reduced level in JOBS or Tribal NEW, pending the decision from the SRT.

Note: In special circumstances, the State TANF Policy staff may approve good cause pending the decision from the SRT.

If the SRT determines that an individual's impairment could affect the individual's ability to fully participate in JOBS or Tribal NEW, the SRT will recommend that the individual's physician, counselor, health care or other qualified professional be contacted to determine a reasonable level of involvement and expectations for remediation of the individual's physical, mental, emotional, or intellectual impairment.

The eligibility worker must share the SRT's recommendation with the JOBS Employment Contractor and the JOBS Employment Contractor must ensure that appropriate accommodations are made for the individual and that the [Employability Plan](#) reflects the individual's functional capabilities and work limitations.

Good Cause - Incapacity vs. Incapacity of a Parent/TANF Eligibility 400-19-75-20-15

(Revised 6/1/10 ML #3218)

[View Archives](#)

(N.D.A.C. § [75-02-01.2-18](#))

(N.D.A.C. § 75-02-01.2-103)

Incapacity of a [parent](#) is the basis for determining TANF eligibility for a two-parent family with a child(ren) in common. If either of the parents is determined incapacitated by the [State Review Team](#) (SRT), deprivation exists. However, such a determination does not convey [good cause](#) to the incapacitated parent for non-participation in the JOBS program.

Before an incapacitated parent may be considered to have good cause for non-participation in the JOBS program, a determination must be made that the parent's physical, mental, emotional, or intellectual impairment is serious enough to prevent any involvement in the JOBS program.

If an incapacitated parent is capable of working or participating in the JOBS program activities at any level, the parent should be referred to the JOBS program. Based on the incapacitated parent's work assessment and recommendations from the TANF Eligibility Worker, the SRT, or other professionals, the individual will then be required to participate in JOBS activities that best match the parent's abilities.

Example: A father and mother with a child in common who have been determined to be [otherwise eligible](#) request TANF [benefits](#) based on deprivation related to the father's medical condition.

The TANF Eligibility Worker will send a completed [SFN 451](#), Eligibility Report On Disability/Incapacity, along with current medical [documentation](#) (e.g. actual copies of clinical visits, medical or psychological reports, etc.), to the SRT to determine if the father is incapacitated and, if so, whether good cause for non-participation in the JOBS program should be granted.

Note: Both the Incapacity and JOBS Good Cause boxes should be checked on the SFN 451.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

Review of the SFN 451 and the father's medical records by the SRT results in their determination that he is incapacitated but that his incapacity is not serious enough to totally prevent him from working or participating in any JOBS program activities.

Based on the father's incapacity, the family is determined to be eligible to receive TANF. Since the father's incapacity is not serious enough to totally prevent him from participating in the JOBS program, good cause is not granted. Both the mother and the father are referred to the JOBS program and the referrals should include the SRT's recommendation, if any.

Note: If, in the above example, the SRT had determined that the incapacitated father's physical or mental impairment was serious enough to totally prevent him from participating in the JOBS program, the SRT would have recommended that good cause be granted for non-participation in JOBS and would have established future review dates and expectations for remediation of his physical, mental, emotional, or intellectual impairment.

The JOBS [Employment Contractor](#) shall develop an [Employability Plan](#) (EP) in consultation with the participant and others, as appropriate. (An EP is not a contract and the participant's signature is not required in order for the plan to be enforced.) The EP shall establish the individual's employment goals based on the work assessment and the individual's plan for obtaining and retaining unsubsidized employment with a wage great enough to become [self-sufficient](#). The EP must outline the steps necessary for the participant to move into allowable work activities that match the individual's capabilities based on any identified physical, mental, emotional, or intellectual impairment.

The cooperation, assistance, and consultation of the participant are important to the appropriateness of the EP but are not required. An individual refusing to sign an EP is still required to comply with its requirements. For participant's who refuse to sign, an attempt must be made to obtain a signature, as a signed plan should be on file in case of appeal situations.

Note: If an EP is completed by telephone, the JOBS Employment Contractor will send the unsigned EP to the eligibility worker with a note that the signature is being pursued. The eligibility worker should follow the requirements of the unsigned EP.

Electronic or handwritten signature is acceptable on the EP.

The initial EP must be completed within seven (7) business days from the date of the initial meeting between the JOBS Employment Contractor or Tribal NEW Coordinator and the participant. The first business day after the referral date is considered day one of the seven (7) business day period. Copies of the initial EP should be provided to the participant and the eligibility worker.

Totten, Fargo, Valley City, or Wahpeton, should be referred to the Spirit Lake Tribal NEW program.

Spirit Lake Tribal NEW program shall provide services to Native American TANF clients from the Spirit Lake Sioux tribe residing in the service area who are age twenty or older and have not completed high school or a GED.

Turtle Mountain Band of Chippewa, Tribal NEW Program

Turtle Mountain Band of Chippewa (TMBC) Tribal NEW program shall provide services to enrolled TMBC Native American TANF clients residing on or off the Turtle Mountain Band of Chippewa reservation who are attending or planning to attend post-secondary or vocational education. TMBC shall provide services to Native American TANF clients from a federally recognized tribe residing on the Turtle Mountain and of Chippewa reservation.

TMBC shall serve Native American TANF clients residing within Rolette County:

If, for any reason, a TANF client is not accepted for enrollment in the Tribal NEW program, Tribal NEW staff must immediately notify the referring county social service office of that fact. The TANF client must then be referred to the State JOBS program by the eligibility worker.

Individuals who are referred to Tribal NEW must comply with TANF Up-front Eligibility requirements as outlined in Section [400-19-35-10](#). Those

individuals, who fail to comply with the TANF Up-front Eligibility requirements, will have their TANF application denied.

Individuals who are sanctioned through Tribal NEW must cure the sanction through the Tribal NEW program if they are required to be referred to Tribal NEW, based on the criteria defined in Section [400-19-80-15](#), Referrals to Tribal NEW Programs. If the individual is not required to be referred to Tribal NEW the individual can [cure](#) their sanction through State JOBS.

Individuals who were sanctioned through State JOBS and are required to be referred to Tribal NEW will be allowed to complete their [Proof of Performance](#) through Tribal NEW.

Individuals who are referred to the Tribal NEW program are to remain with the Tribal NEW program until:

1. The goals and objectives identified in their Tribal NEW [Employability Plan \(EP\)](#) have been completed (e.g. the client has completed their education); or
2. The goals and objectives identified in their Tribal NEW EP are no longer applicable (e.g. the individual has dropped out of [post-secondary](#) education or no longer plans on completing the educational program).

When an individual has completed the goals and objectives or the goals and objectives are no longer applicable, the individual must be referred to the State JOBS program unless the individual:

1. Becomes exempt; or
2. Has been granted [good cause](#) for non-participation in the JOBS program; or
3. Meets the referral criteria defined in Section [400-19-80-15](#), Referrals to Tribal NEW Programs.

Tribal NEW Employability Plans 400-19-80-35

(Revised 6/1/2023 ML #3721)

[View Archives](#)

Tribal NEW shall provide the eligibility worker with a copy of each TANF Tribal NEW participant's initial [Employability Plan \(EP\)](#) no later than 30 calendar days after the date of referral. Since the EP identifies a participant's need for child care and transportation assistance it is very important that the eligibility worker receive a copy of a participant's EP as soon as possible.

Tribal NEW may approve an EP for a Tribal NEW participant residing in a Tribal NEW service area to complete education outside that service area. The EP must be approved prior to relocation. The EP must specify the approved education, beginning and ending dates, and include a class schedule at the beginning of each school term.

Tribal NEW must advise the Human Service Zone (HSZ) immediately if there is any change in school status.

If Tribal NEW terminates the individual's participation in Tribal NEW, the individual must be referred to the State JOBS Program.

At a minimum, the Tribal NEW Coordinator must provide updated copies of the EP's for all Tribal NEW participants:

1. In the month prior to the first month of each school term or beginning of each school term;
2. For existing participants moving from one area of the state to another along with a revised EP that includes the activity and relocation which must be approved prior to relocation.

Note: The receiving HSZ office is required to create a new referral to Tribal NEW program and the participant is expected to continue involvement in Tribal NEW.

3. All EPs must identify the TANF Tribal NEW participant's approved activity or activities, scheduled hours, start date for each activity, the expected completion date for each activity, anticipated supportive

Tribal NEW Sanctions 400-19-80-40

(Revised 6/1/2023 ML #3721)

[View Archives](#)

A [sanction](#) recommended by Tribal NEW will have the same impact on an individual and will be processed in the same manner as a sanction recommended by the State JOBS program. The process for imposing a sanction against a Tribal NEW participant is the same as that described in Section [400-19-85-15](#), Imposing a JOBS or Tribal NEW Sanction on an Open Case or Section [400-19-85-20](#), Imposing a JOBS or Tribal NEW Sanction on a Closed Case.

Once a referred TANF client keeps the initial appointment with Tribal NEW, the TANF client will be considered a Tribal NEW participant. If the participant then fails to comply with the requirements of the Tribal NEW [Employability Plan \(EP\)](#), Tribal NEW staff shall determine if the participant had [good cause](#) for failure to comply.

1. If Tribal NEW determines the participant had good cause for the failure to comply, a recommendation for sanction will not be made and the participant will be expected to continue involvement in Tribal NEW.
2. If Tribal NEW determines that the participant did not have good cause for the failure to comply, Tribal NEW shall recommend a sanction be imposed against the participant. Tribal NEW shall include a written detailed chronological history of the individual's failure or refusal to participate, the individual's good cause reason (if a good cause reason was provided), and any actions taken.

When action is taken to reduce a Tribal NEW participant's TANF grant, the individual has a right to appeal the adverse action. An appeal regarding a TANF grant reduction will be heard by the Office of Administrative Hearings in accordance with N.D.A.C. § [75-01-03](#). For additional information regarding the appeal process, see Section [400-19-125-15](#), Requesting a Fair Hearing – JOBS or Tribal NEW Sanction.

A Tribal NEW participant may also have appeal rights with respect to decisions or actions made within the Tribal NEW program. Tribal NEW participants should be encouraged to speak with the Director of their respective Tribal NEW program to determine their right to and process for appeals within Tribal NEW.

If a Tribal NEW participant is sanctioned and Tribal NEW is willing to continue working with the participant, the participant must cure the sanction by completing a POP (compliance for a minimum of ten days is required) by the end of the Sanction Penalty Month.

- If the sanction is not cured as required, the participant's entire TANF case will be closed at the end of the Sanction Penalty Month and both the sanctioned participant and the participant's household will be ineligible for TANF in the month following the Sanction Penalty Month (Month of Ineligibility).

If a Tribal NEW participant is sanctioned and Tribal NEW program is not willing to continue working with the participant, the participant must be referred to the State JOBS program. The sanctioned participant must cure the sanction by completing a POP (compliance for a minimum of 10 days is required) by the end of the Sanction Penalty Month.

- If the sanction is not cured by the end of the Sanction Penalty Month, the participant's entire TANF case will be closed and both the sanctioned participant and the participant's household will be ineligible for TANF in the month following the Sanction Penalty Month (Month of Ineligibility).

Individuals who were sanctioned through Tribal NEW must cure the sanction through the Tribal NEW program if the individual is required to be referred to Tribal NEW based on the criteria defined in Section [400-19-80-15](#), Referrals to Tribal NEW Programs. If the individual is not required to be referred to Tribal NEW, the individual can cure their sanction through State JOBS.

A Tribal NEW participant may choose to receive child care assistance through the Child Care Assistance Program and transportation assistance through TANF instead of receiving those supportive services through the Tribe. All other available [supportive services](#) are to be provided through the Tribal NEW program.

If a Tribal NEW [sanction](#) is imposed against an individual, the individual may continue to receive authorized supportive services through TANF for allowable Tribal NEW activities until the sanction becomes effective.

An individual who chooses to participate in Tribal NEW during the appeal of a sanction may continue to receive child care assistance through the Child Care Assistance Program and transportation assistance through TANF based on the individual's actual involvement in Tribal NEW.

For additional information on providing supportive services to a Tribal NEW participant during the appeal process, see Section [400-19-125-15](#), Requesting a Fair Hearing – JOBS or Tribal NEW Sanction.

**Transportation Assistance for Tribal NEW Participants
400-19-80-55**

(Revised 6/1/2023 ML #3721)

[View Archives](#)

Transportation Assistance of up to \$150.00 per month may be paid to a Tribal NEW participant when approved by the Tribal NEW Coordinator and authorized by the eligibility worker.

Transportation assistance may be utilized for monthly transportation expenses for the Tribal NEW participant's private vehicle, public transportation passes, cab fares, or rides provided through an informal arrangement.

Transportation assistance may be utilized to pay fees or fines which prevent an individual from obtaining or legally operating a vehicle. Allowable fees may include a reinstatement fee on a suspended license, registration fee for a DUI seminar, defensive driver's class required prior to reinstatement of a driver's license, driver's license exam fee, and vehicle insurance, license, or titles.

Traffic fines and DUI fines may be paid at the discretion of the Tribal NEW Coordinator provided the individual demonstrates the ability to contribute in paying a portion of the fine. The portion of the fine to be paid by the individual will be determined by the Tribal NEW Coordinator.

Once an individual's TANF case has been authorized as TANF eligible and the individual is participating in Tribal NEW, the Tribal NEW Coordinator is responsible to determine the participant's anticipated transportation needs and to document the anticipated need on the Tribal NEW [Employability Plan \(EP\)](#). Any changes in the participant's anticipated transportation needs should be communicated to the eligibility worker in writing.

Note: Once a transportation assistance payment has been issued to an individual, [overpayments](#) are not to be established.

If transportation assistance is based on mileage, a monthly stipend or flat amount is not allowed. Instead, a mileage calculation must be identified on the EP. Transportation assistance based on mileage is

calculated by multiplying the number of actual or estimated miles required to support the individual's approved work activity and a self-initiated educational activity by \$0.45, the current reimbursement rate for travel under the TANF program.

When public transportation or informal transportation arrangements are used, the participant must review their transportation needs and plan with the Tribal NEW Coordinator. If appropriate, the Tribal NEW Coordinator will approve the individual's plan.

Payments for Transportation Assistance are issued to the [recipients](#) via the TANF electronic payment card or are paid to the vendor utilizing the [Vendor Payment](#) process.

Advance Transportation Assistance Payments

The eligibility worker shall not provide a transportation assistance payment to an individual who is being referred to Tribal NEW until the individual's case has been approved, unless the eligibility worker or Tribal NEW Coordinator determines that an individual would be unable to participate without receiving transportation assistance.

- When an advance transportation assistance payment is provided to a sanctioned individual who needs to complete a POP, the payment should be sufficient to cover the individual's transportation expenses from the time of the referral until the payment can be included in the regular TANF grant (or is provided through Tribal NEW as appropriate).

Note: The eligibility worker may decide not to allow another Transportation assistance payment to the individual until the outstanding [sanction](#) is [cured](#).

- When an advance transportation assistance payment is provided to a non-sanctioned individual, the advance payment should be sufficient to cover the individual's transportation expenses to attend the Orientation and develop the Tribal NEW EP.

When an eligibility worker determines the need for an advance transportation payment, the eligibility worker is to inform the Tribal NEW Coordinator that an advance payment was made.

(N.D.A.C. 75-02-01.2-79)

In order to assist [households](#) in becoming [self-sufficient](#), individuals in receipt of TANF are required to participate in the Job Opportunity and Basic Skills (JOBS) or Tribal Native Employment Works (NEW) program. Individuals who fail or refuse to comply with the requirements of the JOBS program, without [good cause](#), may be sanctioned.

A [sanction](#) may be imposed against individuals who fail to show good cause for failure or refusal to participate, as required. A sanction serves as a natural and logical consequence for an individual's noncompliance with TANF program requirements. The consequences of a sanction are the same regardless of how many times an individual may have been sanctioned.

If the sanctioned individual is:

1. A caretaker, the sanctioned individual remains included in the household size and the [income](#) and [assets](#) must be considered when determining eligibility. The [Standard Employment Expense Allowance](#) and the [Time Limited Percentage](#) are applied to the [earned income](#) of the sanctioned individual;
2. A [dependent child](#), the sanctioned individual remains included in the household size and the income and assets must be considered based on criteria for counting income and assets for dependent children.
(See Section [400-19-55-15-25](#), Student Earned Income Treatment.)

Note: If the sanctioned individual is the only dependent child in the TANF case, the caretaker may still be eligible for TANF.

Regardless of whether the individual is a caretaker or dependent child, the financial needs of the sanctioned individual are deducted when determining the assistance payment for the remainder of the household.

If the sanctioned individual is a [parent](#) or other caretaker relative, assistance payments for the remaining members of the TANF case may be in the form of protective payments. (See Section [400-19-120-35](#), Protective Payments.)

All sanctions are imposed against and follow the responsible individual. The first month of a sanction period is referred to as the [Sanction Penalty Month](#). A Sanction Penalty Month runs from the effective date of a sanction through the last day of that month.

If the sanctioned individual does not [cure](#) the sanction prior to the end of the Sanction Penalty Month, the sanction may progress to [closure](#) of the entire TANF case effective the last day of the Sanction Penalty Month. This is referred to as [Sanction Progression](#).

If a sanction leads to closure of the entire TANF case, the household will be ineligible for assistance for the month following the Sanction Penalty Month. This is referred to as the Month of Ineligibility.

[Adequate notice](#) is required when imposing a sanction.

An individual sanctioned for non-cooperation with the Child Support Division will be required to comply with the JOBS program requirements. Likewise, individuals sanctioned for JOBS will be required to cooperate with the Child Support Division.

Determining Whether a Sanction is Appropriate 400-19-85-10

Prior to imposing a [sanction](#) the Eligibility Worker must determine whether:

- The individual was properly notified of their opportunity to show [good cause](#);
- The results of the good cause determination were documented; and,
- The individual failed to show good cause (or failed to take advantage of the opportunity to show good cause).

Sanctions cannot be imposed upon individuals who are not responsible for meeting TANF program requirements.

Effective June 1, 2005, once a JOBS or Tribal NEW sanction takes effect; it will remain in effect until:

1. It is [cured](#), as required, by the sanctioned individual;
2. The sanctioned individual becomes exempt; or
3. The sanctioned individual is granted [good cause](#).

A recommendation for [sanction](#) is received from the JOBS [Employment Contractor](#) or Tribal NEW Coordinator. When recommending a sanction, the JOBS Employment Contractor or Tribal NEW Coordinator must provide the eligibility worker with written [documentation](#) supporting the sanction recommendation, including a detailed chronological history of the individual's failure or refusal to participate along with any action(s) taken by the JOBS Employment Contractor or Tribal NEW Coordinator.

Before a JOBS sanction may be imposed against an individual, the individual must be given an opportunity to show good cause through the good cause determination process. The final determination to impose a JOBS sanction remains with the eligibility worker.

NOTE: When a sanction has been recommended by the JOBS Employment Contractor or Tribal NEW Coordinator, the eligibility worker will not conduct another good cause determination but is responsible to review the case (as described in the previous paragraph) to determine if a sanction is appropriate.

The eligibility worker must make a sanction determination within five (5) working days from the receipt of the Recommendation for Sanction form. Once the eligibility worker has made a decision, the form must be completed, indicating the decision, and returned to the JOBS Employment Contractor.

Note: An exempt volunteer may not be sanctioned for non-cooperation.

Prior to imposing a sanction recommended by a JOBS Employment Contractor or Tribal NEW Coordinator, the eligibility worker must:

1. Review the documentation received from the JOBS Employment Contractor or Tribal NEW Coordinator to ensure that the individual was provided an opportunity to present their good cause claim;
2. If a good cause claim was made, the eligibility worker must determine whether they are in agreement with the JOBS Employment Contractor or Tribal NEW Coordinator's preliminary determination that the individual failed to show good cause.

When a sanction is imposed, the sanctioned individual's financial needs are removed from the household's TANF benefit for one month. This is referred to as the [Sanction Penalty Month](#). If eligible, the financial needs of the remainder of the household can be met during the Sanction Penalty Month.

The sanctioned individual must serve the one-month penalty even if the individual becomes exempt, is granted [good cause](#), or [cures](#) the sanction. (See Section [400-19-85-35](#), Effect of Exemption, Temporary Good Cause and Changes in Participation on JOBS or Tribal NEW Sanctions, for additional information.)

Note: A JOBS or Tribal NEW sanction becomes fixed in time as of the effective date, and the Sanction Penalty Month must be served.

When the TANF case which progressed to close is later reverted to open, the Sanction Penalty Month is applicable and must be served. (See Section [400-19-110-30](#), Revert to Open Following Case Closure.)

If a sanctioned individual who is sanctioned for JOBS/Tribal NEW or Child Support non-cooperation, disqualified for fleeing felon, probation/parole violators, fraud/misrepresentation of residence or is out of home fails to cure a sanction with a cure date equal to the Sanction Penalty Month (by successfully completing a [Proof of Performance](#)), the entire TANF case will close at the end of the Sanction Penalty Month. This is referred to as [Sanction Progression](#).

If a sanction progresses to case [closure](#), the entire household will be ineligible for TANF in the month following the Sanction Penalty Month. This is referred to as the [Month of Ineligibility](#).

Example: An individual is sanctioned effective January 1st. The individual's financial needs are removed from the household's January TANF benefit. The individual does not cure the sanction in

the Sanction Penalty Month (January), the entire TANF case closes January 31st.

If the sanctioned individual reapplies for TANF during the month of February (the Month of Ineligibility), the application is denied. The entire household is ineligible for TANF during the month of February. (See Section [400-19-85-35](#), Effect of Exemption, Temporary Good Cause and Changes in Participation on JOBS Sanctions).

A sanction cannot be imposed on the last two working days of the month as the benefit amount for the future month cannot be decreased without [adequate notice](#). Instead, a JOBS or Tribal NEW sanction will result in the creation of an [overpayment](#). The eligibility worker must wait until the first day of the next month to impose the sanction which will become effective for the [benefit month](#) equal to the current [calendar month](#). The TANF JOBS Sanction notice will provide the household with adequate notice of the adverse action.

Note: When imposing a JOBS or Tribal NEW sanction for a current month (i.e., sanction imposed in January to be effective for the month of January), the sanction must be imposed no later than the 15th of the month. When the 15th falls on a weekend or holiday, the sanction must be imposed no later than the next business day. If the sanction is not imposed by the 15th of the month or the next business day should the 15th fall on a weekend or holiday, the eligibility worker must disregard the sanction. If the individual continues to be out of compliance, a new recommendation for sanction should be made and the sanction process is to start over.

Sanctions under TANF follow the responsible individual.

Imposing a JOBS or Tribal NEW Sanction on a Closed TANF Case 400-19-85-20

(Revised 7/1/2023 ML #3726)

[View Archives](#)

A [JOBS](#) or Tribal NEW [sanction](#) can be imposed against an individual in the month immediately following case [closure](#), if all of the following criteria are met:

1. The eligibility worker received the recommendation for sanction **prior** to case closure; and
2. [Good cause](#) determination was offered with proper notice provided, i.e., the individual was properly notified of their opportunity to show good cause for the failure or refusal to participate; and
3. The participant either failed to show good cause or failed to attend the good cause meeting within the allowed time period (seven (7) business days from the print date of the good cause determination notice, the first business day after the referral date is considered day one of the seven (7) business day period).

After determining that the above criteria have been met, the eligibility worker shall:

1. Impose the sanction;
2. Send a sanction notice to the household;
3. Complete and return the Recommendation for Sanction form to the JOBS [Employment Contractor](#) or Tribal NEW Coordinator.

When imposing a JOBS or Tribal NEW sanction for a current month (i.e., sanction imposed in January to be effective for the month of January), the sanction must be imposed no later than the 15th of the month. When the 15th falls on a weekend or holiday, the sanction must be imposed no later than the next business day. If the sanction is not imposed by the 15th of the month or the next business day should the 15th fall on a weekend or holiday, the eligibility worker must disregard the sanction.

Example #1: A sanction recommendation is received from JOBS or Tribal NEW on January 30th. The eligibility worker determines that a sanction is appropriate but there is not enough time to reduce the household's February benefit with [adequate notice](#).

Example #2: A TANF case closed January 31st. A sanction recommendation is received from JOBS or Tribal NEW on February 1st. Since the recommendation was received **after** the case closure date, the sanction cannot be imposed.

Once a eligibility worker has determined that a sanction is appropriate, the [sanction](#) must be imposed as soon as possible keeping in mind that [adequate notice](#) must be provided before the [household's](#) TANF benefit is reduced. This will allow the household to receive the sanction notice no later than the date it would normally receive its TANF benefit. In either situation, the eligibility worker must send the notice to Central Print.

To ensure that the household is provided adequate notice of the sanction prior to the reduction of the TANF benefit; the eligibility worker must send a TANF JOBS Sanction notice no later than the close of business on the 3rd to the last of a month.

The TANF JOBS Sanction notice informs individuals of the potential consequences for failing to [cure](#) the sanction. Since the TANF JOBS Sanction notice addresses the potential for case [closure](#), sending a TANF closing notice is not required if the case is closing for [sanction progression](#) only.

A sanction cannot be imposed on the last two working [days](#) of the month as the benefit amount for the future month cannot be decreased without adequate notice. In this situation, the eligibility worker must wait until the first day of the next month to impose the sanction. Exception to the Requirement to Serve the Month of Ineligibility Following a JOBS or Tribal NEW Sanction 400-19-85-30

(Revised 9/1/2021 ML #3629)

[View Archives](#)

TANF policy allows an exception to the regular [sanction](#) policy to permit a sanctioned individual in receipt of regular TANF [benefits](#) the opportunity to [cure](#) their JOBS or Tribal NEW sanction in the [Month of Ineligibility](#).

Note: This exception does not apply to individuals in receipt of Transition Assistance as their case must be closed when a JOBS sanction is imposed.

This exception is allowed when:

1. The eligibility worker determines that a [household](#) is ineligible for TANF in the [Sanction Penalty Month](#) due to excess [income](#); and
2. The household's income would have caused ineligibility for TANF even if a sanction had not been imposed; and
3. The household reapplies for TANF in the Month of Ineligibility.

When the exception is applied:

1. The eligibility worker shall refer the sanctioned individual to the JOBS or Tribal NEW Program.
2. The sanctioned individual is required to successfully complete a [Proof of Performance](#) (POP) within 30 [days](#) from the date of application unless it is determined that there are extenuating circumstances. If extenuating circumstances exists, the eligibility worker should allow the individual additional time to successfully complete the POP.

NOTE: The eligibility worker may extend the 30-day time limit for processing a TANF application due to extenuating circumstances, such as timing delays on the part of the human service zone, JOBS, or Tribal NEW. See Section [400-19-20-30](#), Timeliness Standards for Processing TANF Benefits, for additional information on this topic.

3. If the sanctioned individual successfully completes the POP, as required, the eligibility worker must cure the sanction in the Sanction Penalty Month.

Example #1: An individual's sanction for non-compliance becomes effective in April (Sanction Penalty Month). The TANF case closed March 31 due to excess [earned income](#) and would have closed for excess income even if the sanction had not been imposed. The household reapplies for TANF in April. The April application must be denied as the household continues to be retrospectively budgeted and has excess income. The sanctioned individual cannot begin a POP in April.

On May 1, the household reapplies for TANF. Since the reason for the March 31 case [closure](#) meets the exception, a referral to JOBS or Tribal NEW must be made to complete a POP. If the individual completes a POP and the household is [otherwise eligible](#), TANF benefits can be authorized for May (which would have been the Month of Ineligibility had this not met the exception criteria).

Example #2: An individual's sanction for non-compliance becomes effective in April (Sanction Penalty Month). The TANF case closed March 31 due to excess earned income and would have closed for excess income even if the sanction had not been imposed. The individual began a POP period in March and successfully completes it in April. The household reapplies for TANF in April. The April application must be denied as the household continues to be retrospectively budgeted and has excess income.

On May 1, the household reapplies for TANF. Since the reason for the March 31 case closure meets the exception, a referral must be made to JOBS or Tribal NEW. Since the individual completed the POP in April, if the individual meets TANF Up-front and the household is otherwise eligible, TANF benefits can be authorized for May (which would have been the Month of Ineligibility had this not met the exception criteria).

If an individual becomes exempt or is granted good cause from participation effective in the [Sanction Penalty Month](#), the individual remains sanctioned during the Sanction Penalty Month. The sanction is considered ended in the Sanction Penalty Month, thus preventing the case from closing due to [Sanction Progression](#).

If an individual becomes exempt or is granted good cause from JOBS or Tribal NEW effective in the [Month of Ineligibility](#), the individual must serve the one month of ineligibility. If a sanctioned individual timely reports a change that occurs in the Sanction Penalty Month which results in their participation changing to stepparent, Minor Parent's Parents, Disqualified Alien or SSI recipient (including presumptive SSI) for the Month of Ineligibility, the sanction must be Ended in the Sanction Penalty Month and the case cannot progress to close.

All JOBS or Tribal NEW Sanction policies apply to these individuals.

A [sanction](#) will progress to case close when the sanction individual does not cure the sanction with a cure date equal to the last day of the [Sanction Penalty Month](#).

A [JOBS](#) or Tribal NEW sanction is cured only when the responsible individual demonstrates that the failure to cooperate or participate, as required, has been corrected through a [Proof of Performance \(POP\)](#).

To cure a sanction and avoid case closure based on [Sanction Progression](#), a sanctioned individual must successfully complete a POP, as appropriate, with a cure date equal to the Sanction Penalty Month. To have a cure date equal to the Sanction Penalty Month a sanctioned individual must:

1. Begin and successfully complete a POP prior to the Sanction Penalty Month; or
2. Begin a POP prior to and successfully complete it within the Sanction Penalty Month; or
3. Begin and successfully complete a POP within the Sanction Penalty Month; or
4. Begin a POP in the Sanction Penalty Month and successfully complete it in the Month of Ineligibility.

An individual who is sanctioned through State JOBS and meets the referral criteria for Tribal NEW will be allowed to complete their POP through Tribal NEW.

Proof of Performance (POP) 400-19-90-10

(Revised 6/1/2023 ML #3721)

[View Archives](#)

A [Proof of Performance \(POP\)](#) is a specific period of time, of not less than 10 and not more than 30 days, during which a sanctioned individual can cure their JOBS or Tribal NEW [sanction](#) by demonstrating successful participation in the Program. It is the responsibility of the sanctioned individual to contact the JOBS [Employment Contractor](#) or Tribal NEW Coordinator to begin the process of curing the sanction.

A sanctioned individual is required to complete a POP period. To complete a POP period, the individual must comply with the requirements of their JOBS or Tribal NEW [Employability Plan \(EP\)](#) for the entire period. The length of the POP period is determined based on the number of sanctions that have been imposed against that individual. TANF policy recommends POP periods of

- A minimum of 10 calendar days for the first JOBS sanction; and
- Fifteen (15) calendar days for all subsequent JOBS sanctions.

The expectations for the POP as well as its anticipated end-date shall be outlined on the individual's EP. When appropriate, information from the previous EP should be included in the new EP. A copy of the EP shall be provided to the participant as well as to the eligibility worker.

A POP is considered "started" the day an individual meets with the JOBS Employment Contractor or Tribal NEW Coordinator, in person or by phone, to create the EP and outline the expectations for the POP.

For new and reapplications: A new referral is required. Only one POP (JOBS or Tribal NEW) may be attempted per application.

1. If a sanctioned individual successfully completes the POP, eligible members of the household are provided a TANF benefit prorated from the application date.
2. If a sanctioned individual fails to comply or does not complete all requirements outlined in the EP, the POP is considered to be

Service 400
Chapter 19

incomplete, the application must be denied, and the individual must reapply if they wish to receive future benefits.

For ongoing cases, in order to avoid the [Month of Ineligibility](#), a POP must be no later than the last day of the [Sanction Penalty Month](#) and be successfully completed.

Note: A new referral must not be created in the Sanction Penalty Month as the case is still open and the current referral remains in effect.

Individuals may attempt multiple POP periods during the Sanction Penalty Month. If an individual fails or refuses to comply or does not complete all requirements outlined in the EP, the POP is considered to be incomplete. The individual must begin and successfully complete a new POP in order to cure the sanction. For each new POP, a new EP must be developed.

Example: An individual is sanctioned effective January, which is the Sanction Penalty Month. The individual meets with the JOBS Employment Contractor or Tribal NEW Coordinator on January 5th to create a EP which outlines the expectations for the POP. The individual complies with the requirements listed in the EP for five days and then fails or refuses to continue. The POP is considered to be incomplete. The case will close, effective January 31, for 'Sanction Progression'.

On January 15th, the sanctioned individual contacts the JOBS Employment Contractor or Tribal NEW Coordinator to begin a new POP. A new EP is developed. The individual complies with the requirements of the EP and the POP is considered successfully completed. The household will remain eligible and the case will not progress to close.

If an otherwise eligible, sanctioned individual reapplies for TANF during the Sanction Penalty Month, the otherwise eligible members of the household may not receive a TANF benefit until the sanctioned individual meets the JOBS Up-front eligibility requirement, to include a Proof of Performance (POP). A new JOBS or Tribal NEW referral must be created and sent.

A sanctioned individual must:

1. Contact the JOBS Employment Contractor or Tribal NEW Coordinator within seven (7) business days from the referral date of the referral (the first business day after the referral date is considered day one of the seven (7) business day period and schedule an appointment to begin a POP; and
2. Start the POP as scheduled; and
3. Comply with the requirements of the POP; and
4. Fully complete the POP. (Due to the timeframe to complete a POP, the 30 day application processing timeframe may need to be extended.)

If the sanctioned individual does not successfully complete the POP, the sanctioned individual has NOT met the JOBS Up-front eligibility requirement and the TANF application will be denied.

If the sanctioned individual successfully completes the POP, the individual has met the JOBS Up-front eligibility requirement and the sanction is considered cured. The eligibility worker must end the current sanction.

A sanctioned individual's needs cannot be included in the grant during the Sanction Penalty Month even if the tasks necessary to cure the sanction are completed.

400-19-95****Overview 400-19-95-05**

(Revised 1/1/17 ML #3482)

(N.D.A.C. [75-02-01.2-79](#))

To benefit the [household](#) and assist in leading them to self-reliance, individuals in receipt of TANF are required to cooperate with enforcement of Child Support services. Individuals who fail to meet the Child Support Division requirements will be sanctioned.

A [sanction](#) serves as a natural and logical consequence for an individual's noncompliance with TANF program requirements. The consequences of a sanction are the same regardless of how many times an individual may have been sanctioned.

If the sanctioned individual is:

1. A caretaker, the individual remains included in the household size and their [income](#) and [assets](#) must be considered when determining eligibility. The [Standard Employment Expense Allowance](#) and the [Time Limited Percentage](#) are applied to the individual's [earned income](#).
2. A [dependent child](#) who is [minor parent](#), the sanctioned individual remains included in the household size and their income and assets must be considered based on criteria for counting income and assets for dependent children. (See Section [400-19-55-15-30](#), Student Earned Income Treatment.)

The financial needs of the sanctioned individual are deducted when determining the assistance payment for the remainder of the household regardless of whether the sanctioned individual is a caretaker or a dependent child who is a minor parent.

If the sanctioned individual is a [parent](#) or other [caretaker relative](#), assistance payments for the remaining members of the TANF case may be

in the form of protective payments. (See Section [400-19-120-35](#), Protective Payments.)

All sanctions are imposed against and follow the responsible individual. The first month of a sanction period is referred to as the [Sanction Penalty Month](#).

If the sanctioned individual does not [cure](#) the sanction prior to the end of the Sanction Penalty Month, the sanction may progress to [closure](#) of the entire TANF case effective the last day of the Sanction Penalty Month. This is referred to as [Sanction Progression](#).

If a sanction leads to closure of the entire TANF case, the household will be ineligible for assistance for the month following the Sanction Penalty Month. This is referred to as the [Month of Ineligibility](#).

[Ineligible](#) caretakers who do not cooperate with the Child Support Division for the child(ren) for whom they are receiving TANF, will be sanctioned. Those individual's needs are not being met through the TANF benefit so the Sanction Penalty Month will not apply but the Month of ineligibility will apply.

[Adequate notice](#) is required for all sanctions.

An individual sanctioned for non-cooperation with the Child Support Division will be required to comply with the JOBS program requirements. Likewise, individuals sanctioned for JOBS will be required to cooperate with the Child Support Division.

If the child for whom the custodian is not cooperating leaves the household, the sanction must be ended effective the last day of the month the child left the household.

Note: If the child left prior to the effective date of the sanction, the sanction must be deleted.

Imposing a Child Support Division Sanction 400-19-95-10

(Revised 9/1/2021 ML #3629)

[View Archives](#)

When the Child Support Division's determination of non-cooperation occurs:

1. Prior to the third to the last working day, the automated computer system:

- a. Creates a task informing the eligibility worker of the non-cooperation;
- b. Creates a Child Support Sanction;

Note: When a child support [sanction](#) is created, the automated computer system will:

- Impose the sanction and rework TANF if TANF was authorized as eligible for the future month.
- If TANF is not authorized as eligible for the future month or the case will close for the future month, only impose the sanction.

- c. Updates the Cooperation Code to 'Not Cooperating'.
 - d. Creates and sends the TANF Child Support Sanction notice to the [recipient](#).
2. On or after the third to the last working day, the automated computer system holds the sanction until the first day of the future month. A Child Support sanction cannot be imposed on the last three working days of the month as the benefit amount for the future month cannot be decreased without [adequate notice](#).

On the first of the future month, the automated computer system:

- a. Creates a task informing the eligibility worker of the non-cooperation;
- b. Creates a Child Support Sanction effective the first day of the future month;

Chapter 19

- c. Updates the Cooperation Code to 'Not Cooperating'; and
- d. Creates and sends the TANF Child Support Sanction notice to the recipient.

Example: A sanction recommendation is received from the Child Support Division on January 30th. The automated computer system holds the sanction until the first day of February as there is not enough time to reduce the [household's](#) February benefit with adequate notice. On February 1, the system automatically imposes the Child Support Sanction to be effective March 1. March becomes the [Sanction Penalty Month](#).

Notification Requirements when Imposing a Child Support Sanction 400-19-95-15

(Revised 1/1/17 ML #3482)

[View Archives](#)

[Adequate notice](#) is required when imposing a Child Support [sanction](#). To ensure that the [household](#) is provided adequate notice of the sanction prior to the reduction of the TANF benefit:

1. When Child Support Division's determination of non-cooperation occurs prior to the 3rd to the last , the notice is generated by the automated computer system no later than the close of business on the third to the last working day of a month.
2. When Child Support Division's determination of non-cooperation occurs on or after the third to the last working day, the automated computer system processes both the sanction and sends the notice on the first day of the future month.

The TANF Child Support Sanction notice informs the individual of the potential consequences for failing to [cure](#) the sanction, and serves as the adequate notice for both reduction in [benefits](#) and case [closure](#). Therefore, it is not required to send a TANF Closing notice if the case is closing for [sanction progression](#) only.

1. Deleted if the claim is received or the participation change occurs prior to the [sanction](#) effective date or in the [Sanction Penalty Month](#); or
2. Ended in the month prior to the month in which the claim was received or the participation change occurs if the claim was received or participation changed after the Sanction Penalty Month.

Once a 'good cause' decision is rendered:

1. If the claim of 'good cause' is denied, the sanction must be imposed effective the first day of the month following the month of the determination.
2. If the claim of 'good cause' is approved:
 - a. For the month prior to the Sanction Penalty Month, the sanction must not be imposed and the individual will remain eligible if all other factors of eligibility are met.
 - b. For the Sanction Penalty Month, the individual remains sanctioned for Child Support and the sanction must be ended in the Sanction Penalty Month.
 - c. For the Month of Ineligibility, the individual must serve the one month of ineligibility and the sanction must be Ended in the Month of Ineligibility.

Income of household members for whom [benefits](#) are requested must be combined and considered in determining TANF eligibility and benefits.

Income prorated over a period of time or income in its entirety for applicants and recipients is used to determine eligibility and the benefit amount.

Income received from recurring lump sum payments must be prorated over the period the payment is intended to cover.

Recurring lump sum payments received after application for TANF are prorated over the number of months the payment is intended to cover. The prorated recurring lump sum payment must continue to be counted if the case closes and then reopens during the prorate period or within the following prorate period. The Total TANF Standard of Need represents amounts of [income](#), by household size, considered by the North Dakota Department of Human Services (NDDHS) to be necessary for a standard of living compatible with decency and health.

The six basic items of need, which represent 100% of the TANF [Basic Standard of Need](#) as currently defined by the [department](#), are: Shelter, food, clothing, personal needs, household supplies, and fuel and utilities.

Prospective Budgeting 400-19-105-15

(Revised 5/1/2023 ML #3704)

[View Archives](#)(N.D.A.C. [75-02-01.2-56](#))

[Prospective Budgeting](#) is determining eligibility and benefit amounts for the initial two months based on the best estimate of [income](#), [expenses](#) and [household](#) circumstances in those months. After the initial two months, all factors of eligibility, except income and expenses, must be considered prospectively each month to determine continued eligibility.

The eligibility worker must also gather supplemental information from the [applicant](#) to determine eligibility and [benefits](#) for the second month. The eligibility worker must note the information on the Application for Assistance (SFN 405) relating to the second prospective month. Income reasonably expected to be received and expenses expected to be incurred during the first two months must be used to determine the initial two months' benefits. Previous months' pay stubs and expense receipts may be requested to assist in determining the most accurate amounts. The method(s) used to anticipate income and expenses during the initial two prospective months will vary according to the circumstances of each household. It is the responsibility of the eligibility worker to decide on the best approach. Whatever the method used, it is imperative that the rationale for arriving at estimated income and expenses be clearly and thoroughly explained in the case narrative.

The TANF benefit is based on prospective income and expenses for the first two months and retrospective (two months prior to the [benefit month](#)) for all subsequent months. Benefits for the first prospective month will be made by immediate issuance. Benefits for the second prospective month will be made by regular issuance unless the second prospective month's benefits are authorized after its regular issuance deadline.

If, in the first prospective month, ineligibility is caused by excess earned or [unearned income](#), and ineligibility is expected to last for one month only, the household is ineligible and the application must be denied.

Service 400
Chapter 19

Note: The application can be used to determine eligibility for the month following the month of [denial](#) and the new application month becomes the first prospective month.

If, in the second prospective month, ineligibility is caused by the anticipated receipt of an extra check from a recurring earned or unearned income source and ineligibility is expected to last for one month only, the TANF case is suspended for that month and the following month becomes the second prospective month. (Review Policy at [400-19-55-10-15](#), Income Resulting from the Receipt of an Extra Check.)

Note: If the household is prospectively ineligible for any other reason, TANF must be closed at the end of the first prospective month.

When the final payment of income is received during the 1st or 2nd prospective months, the income is considered a [terminated source of income](#). Income cannot be treated as a terminated source of income if it continues to be received in the 1st retrospectively budgeted benefit month. (Review Policy at [400-19-55-10-10](#), Terminated Source of Income.)

The first monthly report filed by the household will contain the actual income and expenses from the initial month (the first prospective month). If the actual amounts are different from those used to determine the initial benefit, the initial month (first prospective month) must be reworked to establish an [underpayment](#) or [overpayment](#) for that month. A supplemental payment will be issued immediately to adjust any underpayment. Benefit adjustments for an overpayment will be made in subsequent months.

Note: If the household is later determined ineligible for the first prospective month, the month continues to be considered the first prospective month and the [budgeting](#) cycle does not change.

The second monthly report filed by the household will contain the actual income and expenses from the second prospective month. If the actual amounts are different from those used to determine the TANF benefit for the second prospective month, that month must be reworked to establish the amount of underpayment or overpayment. A supplemental payment will be issued immediately to adjust any underpayment. Benefit adjustments for an overpayment will be made in subsequent months. If a TANF case closes at the end of the first prospectively budgeted month and the household reapplies for TANF in the month following the month of [closure](#), the household will be budgeted prospectively for one additional month; this since there has not been a break in [assistance](#) for a least one full [calendar month](#). However the benefit is [prorated](#) from the date of the application or date of eligibility, whichever is later.

Two-month Retrospective Budgeting 400-19-105-20

(Revised 4/1/2012 ML #3309)

[View Archives](#)(N.D.A.C. [75-02-01.2-57](#))

Two-month [retrospective budgeting](#) is the computation of a [household's](#) eligibility and benefit based on actual [income](#) received and [expenses](#) incurred two months prior to the month for which the benefit is computed.

Example: March [benefits](#) are determined based upon the income and expenses that actually existed in the month of January.

If excess earned or [unearned income](#) is received in a retrospective month, the household is ineligible and the TANF case must be closed unless ineligibility was due to excess [earned income](#). If ineligibility was due to excess earned income, the household may be eligible for Transition Assistance. (Refer to Section [400-19-150-05](#), Transition Assistance).

Following the initial two months, each subsequent month's TANF benefit is computed retrospectively on the basis of income and expenses received and other relevant circumstances which occurred in the corresponding [base month](#).

The amount of the TANF benefit for the first month of retrospective budgeting is based on the income and expenses that existed during the corresponding base month (the initial month) which are of a continuous nature.

Note: If the household is later determined ineligible for the first prospective month, the month continues to be considered the first prospective month and the budgeting cycle does not change.

The amount of the TANF benefit for the second month of retrospective budgeting is based on income and expenses that existed during the corresponding base month (the second prospective month) which are of a continuous nature.

Note: If the household is later determined ineligible for the second prospective month, the month continues to be considered the second prospective month and the budgeting cycle does not change.

A household who reapplies for TANF continues to be budgeted retrospectively if their TANF case closed at the end of the second prospectively budgeted month or the household was retrospectively budgeted at the time their TANF case closed and there has not been a break in [assistance](#) for at least one full [calendar month](#). However the benefit is [prorated](#) from the date of the Application or date of eligibility, whichever is later.

Earned Income Disregards 400-19-105-25

Standard Employment Expense Allowance

Reasonable costs associated with maintaining employment are considered. A [standard employment expense allowance](#) of 27% or \$180.00 whichever is greater of gross earnings has been established to defray costs associated with employment, including transportation, uniforms, social security, tax withholding, etc. This standard allowance applies to [earned income](#) of each adult household member, a [minor parent](#), [stepparents](#), [parents](#) of minor parents, and non-student [dependent children](#).

Time Limited Percentage

TANF provides an employment incentive that affords a greater reward for the employed individual and TANF [household](#). The time-limited percentage (TLP) disregard is for a 12-month period. The decrease in the time-limited percentage results in an increase in the amount of earned income counted in determining the TANF benefit.

Except for stepparents and the parents of a minor parent, all employed TANF household members with [countable earned income](#) will receive disregards from the earned income beginning the first month earned income is used in the benefit calculation, as follows:

1. For months 1 through 6, 50%;
2. For months 7 through 9, 35%;
3. For months 10 through 12, 25%; and
4. Beginning month 13, none of the earned income is disregarded in the eligibility determination and benefit calculation.

Note: Once an individual receives 12 months of the TLP disregard, the individual will not be eligible to receive the TLP disregard again until they have been off TANF for one year.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

If the household member receives the time-limited percentage for a period of less than 6 consecutive months, the 12-month disregard cycle begins again at the fifty percent (50%) level.

If the household member receives the time-limited percentage of 50% for a period of 6 consecutive months, the remaining months of the 12-month time-limited percentage disregard cycle continues regardless of employment status.

Note: Once the TLP has been applied and the benefit paid, the TLP count cannot be removed.

A TANF case suspended for a month because of an extra check, a benefit less than \$10, or a zero benefit month, will neither count as a TLP month nor break the 6 consecutive month cycle.

[Households](#) must meet the net income test in order to be eligible for TANF. - If the adjusted net income is greater than or equal to the Total TANF Standard of Need, the household does not meet the financial eligibility criteria and the household is ineligible for TANF [benefits](#).
- If the adjusted net income is less than the Total TANF Standard of Need, the household meets the financial eligibility criteria. If all other factors of eligibility are met, the TANF benefit is calculated.

TANF [benefits](#), \$10 or greater, are issued for any [benefit month](#). In instances in which net need is computed to be less than \$10.00, the household is considered an eligible [household](#) though a benefit is not issued. This may occur in the [initial](#) month due to proration or in ongoing cases where income is used to determine the payment.

- If the spouse or ex-spouse of the non-legally responsible relative resides in the home, the non-legally responsible relatives are [ineligible](#) to be included in the TANF benefit and will be designated as an [ineligible caretaker](#). TANF eligibility for the child(ren) will be tested against the [income](#) and [assets](#) of the child(ren) only.
- If the spouse or ex-spouse of the non-legally responsible relative does not reside in the home for reasons other than of a temporary nature, the non-legally responsible relative has the option of being included as the eligible caretaker, or can choose to 'opt out'. If the non-legally responsible relative chooses to be included as an eligible caretaker, income and assets of the eligible caretaker are added to those of the child(ren) in determining eligibility and benefit amount.

Budgeting of Newborn 400-19-105-40-20

(Revised 4/1/2024 ML #3801)

[View Archives](#)

N.D.A.C. [75-02-01.2-58](#)

The needs of a newborn will be added to the [household](#) as of the date of birth if:

1. A written request is received within 10 days of the birth, and
2. The SSN or application for SSN, verification of birth/relationship, and identity are received within 30 days of the written request.
3. In addition, the SFN 443, Notice of Right to Claim 'Good Cause' is **required** to be provided to the custodian of the newborn when the custodian included in the open case adds a child into the case (such as a minor child who has a child (three generation case)) and the custodian has not already been provided an SFN 443, Notice of Right to Claim 'Good Cause'.

Record in the narrative the name, address and date the SFN 443 was mailed. Return and signature of the SFN 443 is optional. If received, place in case file.

A written request is defined as:

- A signed statement from the recipient; or
- The receipt of any of the required verifications provided by the TANF filing unit; or
- Listing the individual on the Monthly report, filed timely.

When a newborn is reported on the monthly report **and** the birth is reported timely (within 10 days of the date of birth), consider the written request to have been made on the first day of the month in which the monthly report was received, provided the monthly report was received by the normal deadline of the 5th day of the month (or the first after the 5th day of the month if the 5th day falls on a weekend or holiday).

Note: The newborn will be added effective the date of birth if the requirement verifications are received within 30 days from the date of the written request.

Example #1: A baby was born on June 21st. The household reports the birth on the Monthly report received by July 5th and include all required verification. The baby is added as of the date of birth because the written request was deemed to be received within 10 days since the information was included on the timely monthly report. A [supplemental benefit](#) is issued to the household for June and July to meet the financial needs of the baby.

Note: The date entered in the 'Date Reported' field in the automated computer system is July 1.

When a newborn is reported on other than a monthly report and the birth is reported timely (by a written request that is received within 10 days of the birth), the newborn will be added effective the date of birth, if the required verifications are received within 30 days from the date of the written request.

Example #1: A baby was born on June 15th. The household provides a written request to add the baby on June 20th. The required verifications are provided on June 30th; the baby is added as of the date of birth June 15th, because the written request was received within 10 days, and verifications provided within 30 days. A supplemental benefit is issued to the household for June and July to meet the financial needs of the baby.

Note: The date entered in the 'Date Reported' field in the automated computer system is June 20th.

Example #2: A baby was born on June 15th. The household provides a written request to add the baby on June 20th. The required verifications are not provided until July 24th. Since the verifications were not provided within 30 days from the written request, the baby is added effective July 24th and the benefit for the entire household will be prorated from July 24th.

Note: When a Monthly Report, received timely (by the 5th date of the month), reports the birth of a child, but the birth occurred more than 10 days prior to the 1st day of the month in which the timely report is received, consider the written request to have been made on the date the monthly report is received.

Example #1: A baby was born on June 15th. The household reports the birth on the Monthly Report received by July 5th and includes all required verifications.

- The baby is not eligible to received TANF for June as the birth was not reported timely.
- The baby is added effective July 5th because the birth was not reported timely and both mom and the baby's needs are prorated from July 5th.

Note: The date entered in the 'Date Reported' field in the automated computer system is July 5th.

Example #2: A baby is born on February 25th. The household submits a written statement reporting the birth on March 10th and all verifications are received within the 30 days. Benefits for the month of March are prorated from March 10th, the date of the written request.

- The baby is not eligible to receive TANF for February as the birth was not reported timely.

Example: A baby is born on February 25th, and the birth is not reported until April 5th and all verifications are received within the 30 days from the date of the written request.

- A supplement for the newborn is not issued for February, nor is February an overpayment.
- The benefits for the month of March are an entire overpayment for the household because the newborn is a mandatory household member.
- The entire case will be prorated from the date of the written request, April 5th.

Note: The date entered in the 'Date Reported' field in the automated computer system is April 5th.

Required verifications must be received before adding the newborn. The 'Date Reported' that is entered into the automated computer system is the date the written request is received provided the required verifications are received within 30 days.

Exception: Whether or not the baby is reported timely, if the required verifications are not received within 30 days from the date of the written request, the 'Date Reported' must be updated to equal the date the verifications are received.

Upon receipt of a report of the birth of a baby, if the required verifications have not been received, immediately issue an [advance \(10-day\) notice](#) to the household to close the case since the newborn is a [mandatory household member](#).

- If the required verifications are not received by the end of the report month, the case will close.

A [dependent child](#) is sometimes required to leave the family and establish a temporary living arrangement in another North Dakota community in order to attend education or vocational school. The TANF Eligibility Worker shall budget these individuals as though they continue to reside in the TANF [household](#).

Note: With the exception of Job Corp and Boarding School, any child residing in another state to attend school is no longer eligible for [benefits](#) from North Dakota, and must be removed from the TANF case.

When a caretaker leaves a child in the care of another person in order to pursue an educational program in another [North Dakota](#) community, the budget shall be calculated as if the TANF household resides together.

- If child care is required for the child(ren) under an approved [JOBS](#) activity, it shall be based on what the child care needs would be if the child(ren) were with the caretaker.

Boarding School

A child attending elementary or secondary education in a boarding school is entitled to clothing and personal needs allowance as long as it is made regularly available for the child's use. All other needs are provided by the boarding school.

The child can be included in the full TANF [Basic Standard of Need](#):

1. In the month the child leaves the home to attend Boarding School;
2. In the month the child returns home once school has ended;

3. In months in which the child returns home due to a school break other than for a weekend visit (e.g. Christmas, Spring Break, Easter, etc. but not weekend visits).

The child is eligible for the full TANF Basic Standard of Need as of the first day of the month of return if the TANF Eligibility Worker is notified of the child's return to the home in the month of return or within 5 [days](#) from returning home.

Note: If the household reports the return of the child on the monthly report, the monthly report is received timely (the 5th day of the month, or the first work day after the 5th day of the month if the 5th day falls on a weekend or holiday) and the individual entered the household within 5 days prior to the 1st of the month in which the report is received, consider the request to have been made timely.

Individuals receiving a reduced TANF benefit (clothing and personal needs allowance) as a result of a special living arrangement are not subject to a [prorated](#) TANF benefit upon return to the [household](#).

- The individual is eligible for the full [TANF Basic Standard of Need](#) as of the first day of the month of return if the TANF Eligibility Worker is notified of the individual's return to the home in the month of return or within 5 [days](#) from returning home.

Note: If the household reports the return of the child on the monthly report, the monthly report is received timely (the 5th day of the month, or the first work day after the 5th day of the month if the 5th day falls on a weekend or holiday) and the individual entered the household within 5 days prior to the 1st of the month in which the report is received, consider the request to have been made timely.

- The individual's eligibility for the full TANF Basic Standard of Need begins the first day of the month in which the TANF Eligibility Worker is notified of the individual's return to the home, when a request is not received in the month of return or within 5 days from the date the individual returned home.

Budgeting for the Month in Which an Absent Parent Returns or Recipient Marries 400-19-105-40-40

(Revised 8/1/11 ML #3272)

(N.D.A.C. [75-02-01.2-20](#))

An ongoing case is considered eligible for the entire month if eligible for any day of the month. Therefore, changes in the deprivation factor which occur as the result of an absent [parents'](#) return or the marriage of the TANF [recipient](#) do not affect eligibility in the month in which the change occurs.

Return of the Absent Parent or the Recipient Marries is Timely Reported

The [household](#) is required to report an absent parent or [stepparent](#) who enters a TANF household within 5 [days](#) from the date of entry and the absent parent or stepparent must be added to the household effective the month of entry. The absent parent or stepparent's presence is ignored if their addition results in a decreased benefit or ineligibility for the month of entry.

Listing the individual on the monthly report, filed timely, is also considered a written request.

- If the monthly report lists a new household member, consider the request to have been made on the first day of the month in which the monthly report was received provided the monthly report was received by the normal deadline of the 5th day of the month (or the first work day after the 5th day of the month if the 5th day falls on a weekend or holiday). If the monthly report is not filed timely, the request to add the new person is not timely and the benefit, if any, will be prorated from the date the monthly report was received, which is the date of the written request.

When the absent parent who enters the home claims to be incapacitated, if the case passes the [income](#) and [asset](#) tests:

1. Eligibility is determined for that month as if the absent parent were not present.
2. Medical-social information to determine incapacity is submitted to the [State Review Team](#).
3. The TANF case is closed, effective the last day of the month in which the parent returned.

Note: If the State Review Team finds the absent parent to be incapacitated, the case is reverted to open, the absent parent is included, and the [underpayment](#) is authorized. [Benefits](#) for the Absent Parent begin either effective the date of the absent parent's entry to the home or the date the request to add the absent parent was made, whichever is later.

When the absent parent who enters the home is disabled or determined incapacitated:

- If income, assets, or other circumstances do not result in a decreased benefit, the individual's needs are included, effective with the month of entry.
- If income, assets, or other circumstances cause ineligibility for the month of entry, the needs of the absent parent are not included in the month of return. The case must be closed effective the last day of the month in which the absent parent returned.
- If income, assets, or other circumstances cause a reduction of benefits for the month of entry, the absent parent is not included for the month of return. The absent parent must be added effective the 1st day of the month following the month of return.

If the written request or required [verifications](#) are not received, an [advance \(10-day\) notice](#) must be sent to the household to close the case.

Return of the Absent Parent or the Recipient Marries is Not Timely Reported

If the household does not timely report the return of the absent parent or the presence of a stepparent, the absent parent or stepparent must be added to the TANF household as of the date of entry. No retroactive additional benefits for the TANF household are permitted for the month of entry. Effective the [benefit month](#) following the month of entry, if the addition of the individual results in decreased benefits or ineligibility, the appropriate [overpayment](#)(s) must be calculated.

Individuals leaving the household will be eligible through the month in which they leave. If a TANF [household](#) reports a mandatory TANF household member has or will leave the household during the [benefit month](#), that individual must be included in the household for the benefit month in which the individual left, and removed effective the month following.

Note: Children are eligible through the month of their 18th birthday or, if age 18 and a [full-time student](#) in a secondary school or a vocational or technical school that is equivalent to secondary school, will, before the end of the calendar month in which the student attains age 19:

- a. Complete their training curriculum from a secondary school in order to receive a high school diploma or GED, or
- b. Complete their training at a vocational or technical school that is equivalent to secondary school

If a family reports that a mandatory TANF household member will be leaving or has left the household, it will be necessary to determine the prospective eligibility for the remaining household members for the month following the month in which the individual left.

- If the household is found to be prospectively eligible, the individual who left must be removed from the household. The TANF benefit amount for the remaining household members shall be determined considering the [income](#) and [expenses](#) of the remaining household members, excluding the income, expenses, and needs of the individual who left.
- If no prospective eligibility for the remaining household exists, the case must be closed.

These provisions also apply when a child leaves a TANF household and is placed in foster care. If, prior to the out-of-home placement, the child received TANF [benefits](#) and foster care payments are later made for the same month, the TANF benefit received for that month is not considered an [overpayment](#).

Note #1: This duplication of benefits can only occur for the month of removal. If duplicate benefits are paid beyond the month of removal, TANF overpayments must be established.

Note #2: When a child exits a foster care setting to return to the TANF household, the TANF Eligibility Worker must verify the last day for which Foster Care payments were made in order to prevent duplicate benefits. Eligibility for the child begins the first day following the last day for which a Foster Care payment was made.

Budgeting Income Resulting from the Receipt of an Extra check 400-19-105-40-50

[Applicant](#)

A [household](#) may receive an extra check from a recurring [income](#) source such as employment, Unemployment Insurance Benefits, Workers Compensation, etc. If the receipt of an extra check is expected to result in ineligibility for one month only, the case may be suspended.

During the month in which the Application is received, if the extra check is received in the first prospective month and results in ineligibility, the request must be denied. For households anticipating the receipt of an extra check in the second prospective month that results in ineligibility, the correct procedure is to prospectively suspend the household or case and the third month becomes the second prospective month. All of the checks are to be entered prospectively.

Note: By definition, the last check received during the month is the extra check.

When an extra check is counted in the first or second prospective months and the household was authorized eligible for a TANF benefit for the month the extra check was received and counted, the extra check (the last check received) is not counted when the case is retrospectively budgeted.

If the TANF household is ineligible the month following the [suspension](#), (the third month) the case must be closed, or if eligible, authorized as Transition Assistance. Case suspension is only allowed when the household received an extra check from a recurring source is ineligible for one month only.

[Ongoing](#)

If the household receives an extra check that is expected to cause ineligibility for one month only, the case is suspended for one month. The

household does not receive a benefit; the month does not count towards the lifetime limit. By definition, the last check received during the month is the extra check.

To determine if ineligibility is caused by the extra check, calculate the budget using all but the last check received in the month.

1. If the TANF case passes without the last check received in the month, recalculate the budget including the last check received in the month. If the TANF case fails when including the last check received in the month, the TANF case should be suspended for the future month provided the failure for extra check is for one month only.
2. If the TANF case fails without the last check received in the month, recalculate the budget including the last check received in the month and allow the case to move to Transition Assistance for the future month, if applicable.

This policy also applies to TANF households who reapply for TANF in the month following the month of closure when the case continues to be budgeted retrospectively.

If a TANF case is reinstated following a one-month suspension, all factors of eligibility except income and [expenses](#) are considered prospectively in determining eligibility. If prospective eligibility exists, the amount of the benefit is determined retrospectively under two-month [retrospective budgeting](#).

No six-month disregard of stepparent income is allowed in situations where a primary individual marries before receiving TANF [benefits](#).

Note: The six-month disregard does not apply in double stepparent cases.

The following disregards apply in month seven (7), to the income of those stepparents who meet the above criteria or immediately for those who do not meet the above criteria:

1. Twenty-seven percent or \$180.00 (standard work expenses) whichever is greater of the stepparent's [gross earned income](#);
2. A non-household member deduction, equal to an amount from the TANF [Basic Standard of Need Table](#), for:
 - a. The support of the stepparent; and
 - b. All other persons [living in the home](#) for whom the stepparent has a legal duty to support and whose needs are not included in the eligibility determination of the benefit.
3. Court-ordered alimony/spousal and [child support](#) payments, including arrearages, actually being made to or on behalf of persons not living in the household;
4. Amounts actually being paid to any others not living in the home and who are claimed as dependents for federal income tax purposes; and

TANF uses a standardized and simplified method for determining need. The [TANF Basic Standard of Need](#) is applied to all households. The six basic items of need, which represent 100% of the TANF Basic Standard of Need as currently defined by the [department](#), are:

- Shelter;
- Food;
- Clothing;
- Personal needs (e.g. combs, toothbrushes, razor blades, sanitary supplies, and haircuts);
- Household supplies (e.g. cooking utensils, laundry, bedding, and towels); and
- Fuel and utilities.

Determining the Standard of Need in Various Circumstances 400-19-110-10

Household composition and size determines the Standard of Need to be used when determining eligibility for TANF [Benefits](#). TANF cases, where the Caretaker/Relative chooses to be excluded from the TANF Benefit or has been disqualified and cannot cure the disqualification are referred to as '[Child Only Cases](#)'.

- [Households](#) where the Caretaker/Relative(s) has a participation code of 'OU', 'SS', 'DA', 'DD', or 'DF', will be considered 'Child Only Cases'. When determining the grant amount using the TANF [Basic Standard of Need](#) Chart, the row for -0- Eligible Caretakers will be utilized.
- Households where the Caretaker/Relative(s) is eligible, or has a Participation Code of 'DI' (Disqualified – JOBS Sanction) or 'DM' (Disqualified – Child Support), will not be considered 'Child Only Cases'. The Caretaker/ Relative will be included in the Standard of Need, and a deduction of \$474 for one Caretaker or \$670 for two caretakers will be made from the TANF Basic Standard of Need.

The following case types illustrate the appropriate TANF Basic Standard of Need:

1. If the only [legally responsible caretaker](#) is eligible (IN) for TANF, the TANF Basic Standard of Need is based on one caretaker and the number of eligible children.
2. If the only legally responsible caretaker is a pregnant woman and is eligible (IN) for TANF with no other eligible children, the TANF Basic Standard of Need is based on one caretaker with zero children.

Note: If the pregnant legally responsible caretaker has other eligible TANF children, the TANF Basic Standard of Need does not consider the needs of the unborn.

3. If the only legally responsible caretaker is disqualified for reasons of non-compliance with JOBS or Child Support (DI or DM) the TANF Basic Standard of Need is based on one caretaker and the number of eligible children.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

4. If the only legally responsible caretaker is disqualified for reasons of their [Alien](#) or [Fraud](#) status, (DA or DF), the TANF Basic Standard of Need is based on zero caretakers and the number of eligible children.
5. If the only legally responsible caretaker is an [SSI](#) recipient (SS) the TANF Basic Standard of Need is based on zero caretakers and the number of eligible children.
6. If a child, who is a [mandatory household member](#) in the TANF household, is an SSI recipient (SS), the child is not TANF eligible and is not included in the TANF Basic Standard of Need. The TANF Basic Standard of Need is based on the caretaker and any other eligible children.

In each of the above situations instances, if there are two legally responsible caretakers, the TANF Basic Standard of Need is based on the status of each caretaker and the number of eligible children.

The following case types illustrate the appropriate TANF Basic Standard of Need when the caretaker is non-legally responsible:

1. If the [non-legally responsible caretaker](#) is eligible (IN) for TANF, the TANF Basic Standard of Need is based on one caretaker and the number of eligible children for whom TANF is requested.
2. If the eligible, non-legally responsible caretaker is subsequently disqualified for reasons of non-compliance with JOBS or Child Support (DI or DM), the TANF Basic Standard of Need is based on one caretaker and the number of eligible children for whom TANF is requested.
3. If the non-legally responsible caretaker opts out (OU) for TANF, the TANF Basic Standard of Need is based on zero caretakers and the number of eligible children for whom TANF is requested.
4. If the [ineligible](#), non-legally responsible caretaker is disqualified for reasons of non-compliance with Child Support (OU) the TANF Basic Standard of Need is based on zero caretakers and the number of eligible children for whom TANF is requested.
5. If the non-legally responsible caretaker opts in for TANF and is disqualified for reasons of their Fraud status (DF), the TANF Basic Standard of Need would be for zero caretakers and the number of eligible children for whom TANF is requested.

TANF Financial Eligibility Determination 400-19-110-15

(Revised 10/1/2023 ML #3749)

[View Archives](#)

In order to be eligible for TANF [benefits](#), the [household](#) must pass TANF Financial Eligibility. At the time the TANF Financial Eligibility Determination is calculated, the \$45 Out of Home Allowance, Kinship Care maintenance payment and [Special Items of Need](#) are added to the appropriate TANF [Basic Standard of Need](#) to determine the [Total TANF Standard of Need](#).

TANF Financial Eligibility is determined as follows:

1. The \$45 Out of Home Allowance, Kinship Care maintenance payment and Special Items of Need are added to the TANF Basic Standard of Need to arrive at the Total TANF Standard of Need.
2. The Total Countable Income (sum of countable unearned and earned income) and the Sanction Penalty Deduction are subtracted from the Total TANF Standard of Need.
 - If the remaining amount is zero or less, the TANF household fails the TANF Financial Eligibility Determination and the application must be denied or the case closed.
 - If the remaining amount is greater than zero, the household passes the TANF Financial Eligibility Determination; the TANF Benefit Calculation is performed.

Example:

TANF Basic Standard of Need	-	670.00 (1 caretaker and 1 child)
OH Allowance	=	0.00
TANF Special Items of Need	+	100.00
Total TANF Standard of Need	=	770.00

Remaining Amount = 80.00

Since the Remaining Amount is greater than zero, this household passes TANF Financial Eligibility and the benefit is calculated.

If the TANF [household](#) passes the TANF Financial Eligibility Determination, the TANF benefit calculation is computed as follows:

1. The monthly [gross earned income](#) of the household is calculated according to the rules found in this chapter.
2. A standard work expense disregard of the greater of 27% or \$180.00 is subtracted from the household's gross earned income.
3. A time-limited percentage is subtracted from the remaining earned income to arrive at the [countable earned income](#) amount. (See [400-19-105-25](#), Employment Disregards, for the time-limited percentage disregard cycle.)
4. Unearned income is added to the countable earned income amount to determine the total [countable income](#) for the household.
5. A Non-household member deduction is subtracted when calculating [stepparent](#) and minor parent [budgeting](#), if applicable.
6. The following allowable expense amounts are subtracted from the total countable income to arrive at the adjusted net income:

- Paid child or spousal support by a TANF household member,
- Child or adult dependent care for paid employment subject to the maximum limits,

Note: When the Child Care Assistance Program (CCAP) pays a child care provider a portion of the child care expenses, any amounts not paid by CCAP cannot be allowed as a deduction.

- Stepparent or Minor Parent budgeting allows the following additional expenses:
 - Health insurance premiums;
 - Amounts paid to any others not living in the home, but claimed as dependents on income tax returns, if applicable.
- 7. The TANF [Basic Standard of Need](#), plus the \$45 Out of Home Allowance and Kinship Care maintenance payment if applicable is totaled, to arrive at the Total Standard of Need.

Note: Individuals eligible for the \$45.00 Out of Home Allowance are not included in the household size when identifying the TANF Basic Standard of Need amount from the TANF Basic Standard of Need Chart in Manual Section [400-19-110-05](#).

8. The Benefit Amount to which any [prorate](#) applies is arrived at by subtracting the adjusted net income from the Basic Standard of Need plus Out of Home Allowance.

To arrive at the Adjusted Benefit Amount, from the prorated benefit subtract:

- The Sanction Deduction amount.
9. The following are added to the TANF Benefit/Prorated Benefit Amount to arrive at the Adjusted Net Benefit amount:
 - [Special Items of Need](#), and
 - Kinship Care [Supportive Services](#)

Note: If the case is Transition Assistance, the TANF Benefit/Prorate Benefit Amount will be zero and the TANF Special Items of Need are added to the Transition Assistance payment.

10. [Recoupment](#) amounts (either a percentage of the Standard of Need or a fixed dollar amount) are subtracted from the Adjusted Net Benefit to arrive at the Benefit Amount.
 - a. If a correction to a previously paid benefit is being computed,
 - The Benefit Amount will display the revised benefit; and
 - The original amount paid will display in the Previously Paid field; and
 - The previously paid benefit will be subtracted from the Benefit Amount to arrive at the Net Benefit Amount.
11. If this budget is not a correction, the Benefit Amount is carried to the Net Benefit Amount field.

Benefits for an applicant [household](#) applying for TANF are [prorated](#) from the date of application or date of eligibility whichever is later. If there has not been a break in TANF assistance received in North Dakota for at least one full [calendar month](#), benefits will be determined consistent with the prospective or retrospective budgeting methodology that applies for the case. (See sections [400-19-105-15 Prospective Budgeting](#); or Section [400-19-105-20 Two-month Retrospective Budgeting](#)).

When an individual is added to an ongoing case, the individual's benefits are prorated from the date of request to be added or the date of eligibility, whichever is later. If the individual being added to an existing TANF household received TANF benefits in North Dakota or another State in the month prior to the month being added, the individual's benefit must be determined effective the 1st day of the month of request.

The following describes how prorated benefits are determined:

Prorating Cases - The automated computer system determines the prorated benefit amount for a case by:

1. Adding the TANF [Basic Standard of Need](#) (plus the \$45 OH Allowance or Kinship Care maintenance payment if applicable) for the household size;
2. Subtracting the total [countable income](#) to arrive at the Benefit Amount;
3. Determining dollar amount for which the case is not eligible based on the benefit start date; and
4. Subtracting that amount from the Benefit Amount.

Note: When prorating benefits, the percentage of the month for which the case is not eligible is determined. Since the household applied on the 10th day of the month, this means the household is not eligible for 9 [days](#) of the month.

Prorating for Individuals - The automated computer system determines the Standard of Need for all members of the household including the new person being added, and subtracts [countable income](#) to determine the new benefit amount. The old benefit amount (prior to the new person being added) is then subtracted from the new benefit amount (after the new persons is added). The result is then prorated based on the benefit start date for the new member being added.

Note: To determine the prorated amount, the automated computer system determines how much of the month's benefit the individual is not eligible for and subtracts that amount from the new benefit amount.

Prorating for Cases and Individuals

When a household is prorated from the application date (case prorating) and an individual is prorated from a date after the application date (individual prorating), the automated computer system will first determine case prorating by prorating all members present in the household at the time of the application.

Note. The system does this by determining how much of the month the household is not eligible for and then subtracts the result from the

Division 10
Program 400

Service 400
Chapter 19

benefit amount (TANF Basic Standard of Need (plus the \$45 Out of Home allowance or Kinship Care maintenance payment when applicable) minus any countable [income](#)).

The system then completes the individual prorating for the person eligible from the date of entry to the household following the policy listed above. The individual's prorated amount is added to the prorated amount of the other household members to arrive at the total benefit amount.

This occurs when there is a new application and an individual is added to the household on a date after the application date. The date of eligibility for the added household member(s) will be different from the date of application for the other household members.

Revert to Open Following Case Closure 400-19-110-30

(Revised 5/1/2023 ML #3704)

[View Archives](#)

When reverting a case to open, a completed monthly report is required, there is no prorating of [benefits](#) and the [budgeting](#) methodology will be consistent with the [benefit month](#) for which eligibility is being tested.

When the case closed for the reasons listed below, the case can be reverted to open during the first month following the month in which the closing became effective (e.g. Case closed effective June 30 and [assistance](#) is requested at any time during July prior to July 31).

Adequate Child Support

Used only in instances in which the case closed effective the last day of the first prospective month because the [household](#) anticipated child support in the second prospective month that resulted in ineligibility. The case can be reverted to open if the household contacts the eligibility worker no later than the last of the month following the month in which the closing was effective (i.e., case closed effective November 30; household must contact eligibility worker by December 31) to report that child support was either not received as previously anticipated or was received in a lesser amount.

Excess Income

Used only in instances in which the case closed effective the last day of the first prospective month because the household anticipated income in the second prospective month that resulted in ineligibility. The case can be reverted to open if the household contacts the eligibility worker no later than the last work day of the month following the month in which the closing was effective (e.g. Case closed effective November 30; household must contact eligibility worker by December 31) to report that income was either not received as previously anticipated or was received in a lesser amount.

Non-Receipt of Monthly Report

Used only in instances in which the case was closed when the completed monthly report was received in the county office before the last working day of the month but the eligibility worker did not register the report as received (e.g. Case closed effective November 30 due to reason of non-

receipt of monthly report, but a completed monthly report was received by November 30).

Fail to Complete Review

Used only in instances in which the case closed when the review was completed before the last work day of the month but the eligibility worker did not enter the review complete date in the automated computer system.

Incomplete Monthly Report

Used only in instances in which the case closed when required [verifications](#)/information was received in the county office before the last work day of the month but the eligibility worker did not register the monthly report as complete.

JOBS Sanction

Used only in the following instances:

- a. An individual was determined exempt or was approved for 'Good Cause' from participation in the JOBS program prior to the first day of the proposed 'Month of Ineligibility';
- b. The case closed because a JOBS sanction progressed to close and the sanctioned individual:
 - i. Began and successfully completed their Proof of Performance (POP) in the Sanction Penalty Month
 - ii. Began a POP in the Sanction Penalty Month and successfully completed it in the Month of Ineligibility.

Refer to Section 400-19-90-20 for policy regarding Curing a JOBS or Tribal NEW Sanction in the Sanction Penalty Month.

Help Desk

Used only in instances approved by state program policy staff.

Eligibility workers can revert a case to open in the automated computer system without policy approval during the first month following the month in which the closing became effective for reasons #1 thru #6 above.

In all other circumstances (i.e., case closing due to non-receipt of monthly report, when the monthly report was not received at all or was received in the month following the month it was due, etc.) [SFN 405](#), "Application for Assistance" or the Electronic Application is required.(See Section [400-19-20-20](#), Required Applications in Various Circumstances.)

All [applicants](#) for and [recipients](#) of [assistance](#) shall be notified in writing informing the applicant or recipient that assistance has been authorized , including the amount of financial assistance, or that it has been denied or terminated.

Counties must use forms and notices developed by the Department of Human Services (DHS) for the purposes of informing and advising clients of the status of their application, ongoing eligibility and their rights and responsibilities.

Errors made by public officials and delays caused by the actions of public officials do not create eligibility or additional [benefits](#) for an applicant or recipient who is adversely affected.

Advance (10-Day) and Adequate Notice 400-19-115-10

(Revised 1/1/17 ML #3482)

[View Archives](#)

- Advance (10-Day) Notice of Adverse Actions

With the exceptions outlined later in this section, each [household](#) must receive an advance (10-day) notice of any proposed action that would adversely affect eligibility or TANF benefit amount. 'Advance' means that a written notice of a planned termination, reduction, or [suspension](#) of a TANF benefit must be mailed at least ten (10) [days](#) in advance of the date on which the action would be taken. This gives the household an opportunity to discuss the situation with staff, obtain further explanation or clarification of the proposed action, or present facts to show that the planned action is incorrect. The household member(s) may appear on their own behalf or be represented by legal counsel, relative, friend, or any other spokesperson of their choice.

- Advance (5-Day) Notice When Probable Fraud Exists

When staff obtains facts through objective [collateral](#) sources indicating the likely existence of [fraud](#), advance notices of proposed termination, reduction, or suspension need be mailed only five (5) days in advance of the date the action is to be taken. This shorter period allows for prompt corrective action when probable fraud situations are uncovered.

- Exceptions to Advance (10-Day) and Adequate Notice Requirements

In the following situations, the TANF Eligibility Worker may dispense with the requirement of sending **either** an advance (10-day) or adequate notice. However, in these situations, a notice must be sent to the household no later than the date the action takes effect:

1. Factual information exists confirming the death of a household member or of the payee when there is no other relative to serve as new [payee](#);
2. Information furnished by the [primary individual](#) in a monthly report calls for the reduction or termination of

Division 10
Program 400

Service 400
Chapter 19

- [benefits](#), or the primary individual fails, without [good cause](#), to submit a complete or timely monthly report;
3. The primary individual provides a signed, clearly written statement (other than on a monthly report) or e-mail communication, providing information that requires a termination, reduction, or suspension;
 4. A household member enters a state institution, occupants of which cannot legally receive public assistance;
 5. The primary individual's whereabouts are unknown and mail directed to the primary individual is returned by the post office indicating no forwarding address. The TANF benefit must, however, be made available if the whereabouts become known during the payment period covered by the returned check;
 6. There is factual information that responsibility for providing assistance has been accepted by another state or jurisdiction;
 7. A child in the household is placed in foster care or a child is removed from the home by court order;
 8. A special item of need or JOBS supportive service is terminated at the end of a specified period;
 9. Benefits are reduced or terminated following the imposition of an Intentional Program Violation;
 10. Benefits are reduced or terminated following the imposition of a child support or JOBS [sanction](#); or
 11. Upon receipt of factual information confirming that the household is no longer a resident of the state.

- Adequate Notice/Sanction

An [applicant](#) or recipient must receive adequate notice of any decision made regarding their TANF benefit when an Advance (10-day) notice is not required. "Adequate" means a written notice that includes a statement of the action the county social service office intends to take, the reasons for the intended action, the specific reference(s) supporting such action, the right to a [fair hearing](#), and the circumstances under which assistance is continued if a hearing is requested. Adequate notice must be sent to the household no later than the date the action takes effect.

To ensure that the household is provided notice of a sanction prior to the reduction of the TANF benefit, the TANF Eligibility Worker must create and send **either** a TANF JOBS Sanction or TANF Child Support

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

Sanction notice no later than the close of business on the 3rd to the last working day of a month. This will allow the household to receive the sanction notice no later than the date it would normally receive its TANF benefit.

Since the sanction notice addresses case [closure](#) for non-cooperation with the Child Support Division or the JOBS Program, the household need not be sent an additional closing notice upon case closure.

Proper Notification When Reducing Benefits or Closing Cases 400-19-115-15

(Revised 6/1/10 ML #3225)

[View Archives](#)

If information reported by the [household](#) on the Monthly Report, or in writing, results in ineligibility for the next [benefit month](#), the case must be either suspended (if due to an extra check) or closed. The effective date of the [suspension](#) or closing is the last day of the current benefit month. The notice must be mailed no later than the date the action takes effect.

Except for those notification requirements related to action taken upon imposition of a Sanction, any information received by the TANF Eligibility Worker that is not reported by the household on the Monthly Report, nor is it submitted in writing, that results in ineligibility requires issuance of an [advance \(10-day\) notice](#) before the case can be closed or suspended.

- If the notice can be generated 10 [days](#) prior to the regular TANF payment date, the effective dates of the closing or suspension are the same as in the previous paragraph.
- If an advance (10-day) notice cannot be generated within 10 days prior to the regular TANF payment, a payment must be issued. The effective date of the closing or suspension is the last day of the next benefit month.

If a change in household circumstances results in ineligibility or a reduced benefit amount and the TANF Eligibility Worker is unable to send an adequate or advance (10-day) notice to reduce or terminate benefits due to time constraints, the TANF benefit must be authorized and paid. However, any benefit paid to a household not eligible for such benefit amount shall be considered an [overpayment](#) subject to [recoupment](#). (See Section [400-19-130](#), Overpayments and Underpayments.)

Exception #1: An Advance (10-Day) or Adequate notice is not required when the reason cited on the latest notice informed the household of a decrease in benefits or case [closure](#) and the reason(s) continues to be valid.

Note: If the reasons cited are no longer valid and the household reports a change that would result in a new adverse

action, the notification requirements in Section [400-19-115-10](#), Advance (10-Day) and Adequate Notice must be followed.

Exception #2: An Advance (10-Day) or Adequate notice is not required if the household was sent an Advance (10-Day) or Adequate notice to terminate benefits and later that same month the household reports a change (or submits their monthly report) that results in the household receiving a benefit that is less than the benefit received in the prior month.

Regardless of the notice being sent, the TANF Eligibility Worker must ensure that the North Dakota Administrative Code (N.D.A.C.) is included on the notice.

When the Primary Individual (PI) does not have a Social Security Number, a benefit cannot be deposited onto the TANF electronic payment card. In these situations, a Protective Payee should be utilized.

Each TANF [household](#) must have a designated payee. That [payee](#) may be:

1. A natural or adoptive [parent](#) or other [caretaker relative](#), eligible or [ineligible](#), designated as the primary individual with whom a deprived child lives;
2. A [stepparent](#) when the natural or adoptive parent or any other caretaker relative, eligible or ineligible, is not present in the household;
3. A [minor parent](#) residing in the parental home where there is no TANF eligibility for anyone other than the minor parent and the minor parents' child(ren).

TANF [benefits](#) transmitted electronically are transferred into accounts on all days other than Saturday, Sunday, and federal holidays. Funds will be available on the [recipient's](#) debit card within approximately 48 hours following issuance.

For cases where payment is being made under [protective payee](#) provisions:

1. If the payment is an initial or [supplemental benefit](#), a TANF benefit is considered complete as of 12:01 a.m. on the day following the date authorized.
2. If the payment is the regular monthly benefit, a TANF benefit is considered complete as of 12:01 a.m. on the first day of the month.

In the event of the death of a [payee](#) after that time, the payment is still considered completed.

Issuance of Payments 400-19-120-20

(Revised 6/1/10 ML #3218)

[Benefits](#) for the first month of eligibility are disbursed through immediate issuance which occurs every workday.

Benefits for the second and subsequent months are usually regular issuance. Regular issuance deadline is the second to the last workday of each month. To ensure that TANF benefits are paid on the first workday of each month the job that processes regular issuance is run the evening of the second to the last workday of each month.

Exception: If the second or subsequent month's benefits are authorized after regular issuance deadline, the benefits are disbursed through immediate issuance.

Once a benefit has been issued, the case cannot be closed prior to the last day of the month for which a payment is made.

Unrestricted Payment of TANF Benefits 400-19-120-25

(Revised 11/1/19 ML #3562)

[View Archives](#)

(N.D.A.C. [75-02-01.2-69](#))

The unrestricted money payment is the basic method for providing assistance to eligible [households](#). Money payments are payments made to the [primary individual](#) (PI) through electronic funds transfer or by check through a protective payee, and are issued at regular intervals with no restrictions as to the use of the funds.

Note: The Primary Individual must have a Social Security Number (SSN) in order for TANF benefits to be issued through use of the electronic funds transfer. For households where the PI does not have an SSN, payment of the TANF benefits must be issued through the protective payee process until the PI receives their SSN.

Once the SSN is received, enter the SSN and remove the Protective Payee data. That information will then be sent to the electronic card payment vendor who will set up an account and issue the household a TANF electronic payment card.

[Electronic Payment Card](#)

The North Dakota Department of Human Services has determined that issuing prepaid debit cards enhances self-sufficiency by expanding TANF clients' knowledge of banking systems, avoidance of check loss, and promoting cost-effectiveness as compared to the cost of printing checks. Debit cards provide a fast, secure, and efficient method of distributing TANF [benefits](#) while ensuring [recipients](#) a convenient and safe way to access their money.

The electronic payment card is a prepaid debit card that replaced the TANF check process. The exception to the prepaid debit card is [protective payee](#) situations. Protective payee cases will continue to receive TANF benefits by check.

Upon authorization of a TANF initial or [supplemental benefit](#) or an [underpayment](#), two processes occur.

1. A demographic file of each new recipient is transmitted to the electronic card payment vendor in the evening of each work day. Upon receipt of the demographic file, the electronic card payment vendor prints and mails the prepaid debit card. The total time frame for a new applicant's card or a requested card replacement to be received is 7 to 10 calendar days from transmission of card account information or request for a replacement card.
2. A benefit file of each recipient who is due benefits is transmitted to the Bank of North Dakota. The following day, the Bank of North Dakota sends the funds to the electronic card payment vendor electronically and the electronic card payment vendor deposits the funds to the debit card. Funds are transferred into accounts on all days except Saturdays, Sundays, and federal holidays. Funds will be available to the recipient approximately 24 hours after the electronic card payment vendor receives them.

Upon authorization of a TANF benefit for ongoing cases for regular issuance, funds are transferred the second to the last working day of the month and are available the first working day of each month.

Electronic payment cards will contain the name of the primary individual in the household. To distinguish the card from other program cards, the TANF card displays a field with a tree.

Closing a TANF case does not invalidate the electronic payment card and the funds remain available.

TANF households receive information on the use of the card, fees related to the card and privacy information upon receipt of the card from the electronic card payment vendor.

Payment Corrections

When a TANF household returns a TANF benefit or the family received a [child support](#) payment that should have been retained, the following steps must be completed to correct the payment:

1. The card holder cashes out the Electronic Payment Card.
2. The card holder returns the funds to the county social service office by cash, check, or money order.

3. The TANF Eligibility Worker establishes an [overpayment](#) for the months the TANF household is returning the benefit received.

Note: If the case remains open, State TANF Policy must be contacted prior to setting up a [recoupment](#) plan.

4. The county social service office will complete [SFN 827](#), Credit Form, and send a check or money order to the North Dakota Department of Human Services Fiscal Administration for processing.
5. The North Dakota Department of Human Services Fiscal Administration will apply the funds to the overpayment.

Note: A TANF month established as an overpayment remains a TANF count month for the lifetime limit.

Returning a TANF benefit does not guarantee the family will receive child support payments.

Alternatives to Unrestricted Money Payments 400-19-120-30

(Revised 10/1/10 ML #3241)

[View Archives](#)

As described in Section [400-19-120-25](#), Unrestricted Payment of TANF [Benefits](#), the unrestricted money payment is the basic method for providing assistance payments. A small number of [recipients](#) manage their money in a manner that is clearly detrimental to the well being of their children, themselves, or other household members. An alternative to unrestricted money payment principles, which can assist such recipients in managing their financial affairs is protective payments.

Protective Payments 400-19-120-35

(Revised 1/1/17 ML #3482)

[View Archives](#)(N.D.A.C. [75-02-01.2-69\(2\)](#))

While Protective Payments are optional, they are an alternative to issuing [benefits](#) directly to [recipients](#). Protective payments direct a recipient's assistance benefits to a third party, referred to as a [Protective Payee](#), rather than the recipient. The Protective Payee is responsible to pay for the recipient's needs up to the amount of the benefit.

When the Primary Individual (PI) does not have a Social Security Number, a benefit cannot be deposited onto the TANF electronic payment card. In these situations, a Protective Payee should be utilized.

Protective Payments allow the TANF Eligibility Worker, under certain conditions, to request a third party to act for the recipient in receiving and managing payments. This departure from the unrestricted money payment principle can be used in any of the following circumstances:

1. The [primary individual](#) has demonstrated such inability to manage funds that the health and safety of the child(ren), themselves, or other household members are being seriously compromised; or
2. The primary individual has failed, without "[good cause](#)," to cooperate with the Child Support Division and/or JOBS; or
3. The primary individual is administratively disqualified for [fraud](#).

When the Protective Payment method is utilized, the TANF Eligibility Worker and the recipient must agree on the selection of the designated [payee](#). If they are unable to agree on the selection or a protective payee cannot be secured, the TANF Eligibility Worker may continue to make the TANF payment to the primary individual.

The Protective Payment is designed for TANF recipients who have the capacity to learn to manage their funds more efficiently. This method should not be utilized for a period of more than 2 months, while the individual is receiving services to improve money management (attending

budget counseling, instructions on purchasing necessary items, etc.). See Section [400-19-120-55](#), Services to Improve Money Management.

When a primary individual has failed, without “good cause”, to cooperate with the Child Support Division and/or JOBS or is administratively disqualified for fraud, the Protective Payment method may be utilized for longer periods. The Protective Payee method is not intended for recipients whose limitations will likely prevent them from learning how to manage their own affairs. In these situations, long term assistance should be pursued from outside agencies to assist the individual in managing their benefits.

(N.D.A.C. [75-02-01.2-69\(2\)\(b\)](#))

Nonpayment of bills may be used as an indication that mismanagement exists. However, a determination of such mismanagement will not be made solely on the fact that bills are not paid on a timely basis. All relevant considerations must be taken into account, including but not limited to:

1. Whether the [household](#) has experienced some emergency or extraordinary event for which it was appropriate for available funds to be spent; or
2. Whether expenses for necessary bills exceed the [recipient's](#) benefit and other [income](#); or
3. Whether the household has withheld the payment as a reasonable exercise of consumer rights when there is a legitimate dispute as to whether terms of an agreement have been met.

Examples of evidence of mismanagement of funds are:

1. Continued inability to plan and distribute necessary expenditures over the usual planning period; or
2. Continued evidence that the child(ren) are not properly fed, clothed, or housed, and that expenditures for them are made in such a way as to threaten their chances for healthy growth and development; or
3. Persistent failure to meet obligations for housing, food, utilities, school supplies, and other essentials; or
4. Repeated evictions or the repeated incurring of debts with attachments or levies made against current income.

Selection of Protective Payee 400-19-120-45

(Revised 6/1/10 ML #3218)

[View Archives](#)(N.D.A.C. [75-02-01.2-69\(3\)](#))

The TANF Eligibility Worker has authority to appoint and remove the [protective payee](#) who receives the TANF payment. Selection of a suitable person to manage a [household's](#) funds is particularly important. Since the success of this procedure depends in large measure on the harmony and mutual respect between the protective payee and the [primary individual](#) (PI), selection of the protective payee should be made by the household and, if this is not practical, at least with their participation and consent.

The protective payee holds a position of trust and responsibility, comparable in many ways to that of a court-appointed guardian. Since the individual selected to receive the payment handles money vital to the well-being of the household and deals with information that is highly confidential, the protective payee must be a person of unquestioned integrity and reliability. Ideally, such person shall have demonstrated an interest in the household and have the ability to inspire the confidence and respect necessary to motivate the household toward improved money management. It is important that the protective payee have the capacity for establishing and maintaining a positive relationship with the household. This individual should also be familiar with ordinary household budgeting, have experience in purchasing food, clothing, and other essentials, and be sufficiently accessible to the household to give effective service.

A person selected to serve in this capacity may be a relative, friend, neighbor, home economist, or a member of the clergy, church, or community service group. The person may also come from public or voluntary social agencies. The use of staff members from the county social service office as substitute [payees](#) is permissible when no other suitable person is available. To avoid the possibility of conflict of interest, however, neither the director of the county social service office nor the person determining financial eligibility for the household may serve as protective payee. For the same reason, landlords, grocers, and other vendors of goods and services dealing directly with households cannot serve in this capacity.

Role of Protective Payee 400-19-120-50

(Revised 6/1/10 ML #3218)

[View Archives](#)

The person who serves as [protective payee](#) for a [household](#) assumes a responsibility to the [recipient](#) and to the TANF Eligibility Worker. In accepting the appointment, the protective payee has responsibility for assuring the TANF payment is spent for the maximum benefit of the household and for working cooperatively with the household and TANF Eligibility Worker in fulfilling this role.

The protective payee has authority to make decisions about the expenditures of TANF payments. While the protective payee has an obligation to determine the manner in which the payment is to be spent, the educational objective of the relationship makes it desirable for the head of household to participate in such decisions, and have an opportunity to discuss expenditures before they are made. The protective payee may either spend the money on behalf of the household or supervise the household's use of the payment. In either instance, the protective payee performs a teaching and supervisory function. The protective payee may find it desirable in some instances to give a portion of the benefit to the recipient to discharge selected financial obligations and to pay for certain other needs on behalf of the household.

Services to Improve Money Management 400-19-120-55

(Revised 6/1/10 ML #3218)

[View Archives](#)

Services directed toward increasing the household's ability to manage money should be made available. Such services may include instruction in household budgeting, purchasing of food and clothing, home furnishings, repair of clothing and equipment, and balanced diets. The services may be provided by the [protective payee](#), social worker, or other auxiliary staff, such as homemakers, or home economists.

The protective payee and the TANF Eligibility Worker share responsibility for developing a plan to improve a household's capacity for handling money. They also have joint responsibility for evaluating the protective payment service and progress, if any, being made by the [household](#) in overcoming money management problems.

The protective payee's responsibility shall be defined in writing by the use of [SFN 429](#), "Memorandum of Agreement to Establish Protective Payments," with copies to the protective payee and household. This should be supplemented by discussion with the protective payee and the [recipient](#) of the specific responsibilities of all parties, the objectives of the protective payment plan, and the nature and frequency of the reporting expected.

The TANF Eligibility Worker is responsible for identifying situations in which the problems and needs are manifested beyond the ability of the protective payee to handle and for planning more appropriate services.

Safeguarding Information 400-19-120-60

(Revised 6/1/10 ML #3218)

[View Archives](#)

Information concerning a [household's](#) need for protective payments is highly confidential and must be safeguarded against improper disclosure. Release of information to the [protective payee](#) from county social service office records must be limited to facts about the household's situation that are essential to fulfilling the protective payee's responsibility to the household. Information about the household's history, such as the legitimacy of children, circumstances of previous marriages, facts concerning relatives, medical data, etc., shall be disclosed only when required for the welfare of the household or for the protection of the protective payee. The information shared may vary according to the type of help offered the household and the protective payee's personal or professional qualifications.

The need to respect the household's right to confidentiality must be explained to the prospective protective payee. Agreement to accept responsibility to guard personal information, whether given by the household or by the county social service office, must be made a condition for the selection of a protective payee.

2. Protective payments should continue.

In instances in which the appointment of a protective payee is a result of disqualification or [sanction](#) of the [primary individual](#), the use of a protective payee shall be terminated upon verification that the disqualification or sanction of that individual has ended.

If the [payee](#) is reasonably certain that a check has been lost (TANF benefit not received within 7 [days](#) from the date mailed), stolen, or destroyed, the check can be reissued. To request the check be reissued, the TANF Eligibility Worker must submit the following information to State TANF Policy:

1. The check number (obtained from the TANF Issuance History (ISHI) screen in TECS;
2. The check date (obtained from the TANF Issuance History (ISHI) screen in TECS;
3. The check amount; and
4. The name of the TANF recipient.

Upon receipt, the information is forwarded to the Fiscal Administration Unit to begin the process of reissuing the check. Fiscal Administration requests a stop-payment order be placed against the check allegedly lost, stolen, or destroyed. Once Fiscal Administration completes their procedures, a new check will be issued with the next immediate issuance.

Note #1: In these cases, overpayments shall not be established. Instead, Fiscal Administration will make all the proper adjustments.

Note #2: If the original check is located after the stop payment order is in place, the recipient shall not cash the check. It must be promptly forwarded to Fiscal Administration for cancellation.

Canceled TANF Checks – If a [recipient](#) wants to return a check to the Department of Human Services, the TANF Eligibility Worker must complete [SFN 773](#) – Cancellation of Warrants or Checks, and send it, along with the

check to the Department of Human Services Fiscal Administration. The cancellation form includes the recipient's name and address, case number, the amount of the check, and the reason the check is being returned. Do not set up overpayments. Fiscal Administration will make the proper adjustments.

Refund Checks – If an individual makes payment by personal check, cashier's check, etc. (the check must be made out to the North Dakota Department of Human Services) towards an established [overpayment](#), complete [SFN 827](#), Credit Form and send the check or money order to the North Dakota Department of Human Services Fiscal Administration for processing. The form includes the individual's name and address, the amount of the check, and the month the overpayment occurred or the program to apply the payment towards. Fiscal Administration will offset the overpayment in the automated computer system.

Electronic Payments Cards - If the recipient received [benefits](#) electronically, the benefits cannot be canceled because the card was lost, destroyed, or stolen. This is an issue between the recipient and the electronic card payment vendor.

If an individual does not want the TANF benefit, the benefit cannot be canceled. The individual may cash out the amount of the benefit and return the funds by check or money order to the county. Appeals and Fair Hearing 400-19-125**Overview 400-19-125-05**

(Revised 12/1/2022 ML #3683)

[View Archives](#)

An individual may appeal an adverse action of TANF or Diversion by submitting a signed written request to the agency within 30 [days](#) from the date of the notice of adverse action. An individual is not required to use [SFN 162](#) – Request for Hearing – when filing an appeal. However, the individual's request for a hearing must be made in writing and signed. When a written request for a hearing is received within 10 days from the date of the notice of adverse action, [benefits](#) may continue.

The following adverse actions are appealable:

1. [Denial](#) of TANF benefits;
2. Reduction in TANF benefits (including benefit reductions due to Child Support or JOBS Sanctions;

Note: A Tribal NEW participant may also have appeal rights with respect to decisions or actions made within the Tribal NEW program. Tribal NEW participants should be encouraged to speak with the Director of their respective Tribal NEW program to determine their right to and process for appeals within Tribal NEW.

3. Closing of TANF case;
4. Denials of Child Support Division '[Good Cause](#)' claims;

Note: The 'Good Cause Denied – Child Support Enforcement' Notice sent to the custodian includes their rights to appeal the decision, withdraw the application, or have the case closed. In the event the custodian does appeal, the Child Support Division

shall be advised to delay its activity until the results of the appeal are known.

5. Recommendations denying requests of Incapacity or JOBS 'Good Cause' rendered by the [State Review Team](#);

Note: The recommendation issued by the State Review Team should not be appealed until a sanction is put in place based on the recommendation. The recommendation itself does not impact the determination or issuance of benefits. Once the sanction is put in place and benefits are affected, an appeal can be filed. If there are any questions regarding when and appeal should be filed, please contact: Appeals Supervisor, DHHS Legal Advisory Unit, 600 East Boulevard Avenue, Dept. 325 Bismarck, ND 58505-0250.

6. Denial of a TANF Lifetime Limit Exemption;

Note: When an exemption from the 60-month lifetime limit is denied, an [applicant](#) or [recipient](#) may request a [fair hearing](#) in writing within 30 days from the date of the adverse action. However, assistance is not continued pending the fair hearing.

7. [Overpayments](#) of Benefits Paid;

8. Denial, Reduction or Closing of Diversion;

Note: If Diversion is denied or the case closed, benefits may not be provided pending the fair hearing. If benefits are reduced, benefits may only be continued based on the reduced level.

9. The determination of the need to make protective payments or of the choice of [protective payee](#);

10. Any other negative action imposed against a [household](#) except when the sole issue is one of state or federal law requiring automatic benefit adjustments for classes of recipients (unless the reason for an individual appeal is incorrect benefit computation).

[View Archives](#)

When an individual appeals an adverse action, other than JOBS, the individual has the right to make a written request for a [fair hearing](#) within 30 calendar days from the print date of the notice of adverse action.

When a fair hearing is requested in writing within 10 [days](#) from the print date of the notice of adverse action, assistance must be continued pending the fair hearing decision except in the following circumstances:

1. The household fails to meet other eligibility requirements except JOBS during the appeal process;
2. The [recipient](#) unconditionally withdraws or abandons the fair hearing request;
3. The [department](#) reverses the proposed action without a hearing;
4. The department determines, based upon the record of the claimant's fair hearing, that the issue involved is one of state or federal law or a change in state or federal law.
5. After an appeal is filed and prior to the decision rendered, a change in the recipient's benefits occurs and the recipient fails to file a timely request for a fair hearing after they are notified of that subsequent change.
6. When the appeal is due to a denial, reduction or closure of Diversion. (See Section [400-19-145-55](#), Diversion Appeals.)

When an individual submits a written request for a fair hearing within 10-calendar days from the print date of the notice of adverse action, the individual's TANF benefit must be restored at the level the household would have been eligible to receive without implementing the proposed adverse action which is being appealed, pending the outcome of the fair hearing.

Note: If two adverse actions were taken that reduced the households benefit and the household only appeals one of the adverse actions, the restored benefit level will reflect the change in [benefits](#) that results from the adverse action that was not appealed.

When a JOBS [Sanction](#) is imposed, TANF [recipients](#) are informed, via the TANF JOBS Sanction notice, of their right to appeal. While a JOBS sanction is not appealable, the adverse effects of a JOBS sanction are appealable.

When an individual appeals the adverse action resulting from the imposition of a JOBS sanction in a timely manner (within 10-calendar days from the print date of the sanction notice) any action to reduce the individual's TANF benefit (based on the sanction penalty) must be placed on hold pending the outcome of the [Fair Hearing](#) unless the individual requests to have their benefit reduced.

Note: If the individual's needs have already been removed from the [household's](#) TANF benefit, the TANF Eligibility Worker shall create an [underpayment](#) for that month and issue a supplemental payment to the household. An [otherwise eligible](#) individual and their household shall continue to receive a monthly TANF benefit pending the outcome of the fair hearing.

The TANF Eligibility Worker must create and send a "TANF Benefits Pending Hearing Decision" notice immediately after placing the individual's sanction on hold. Doing so will provide official notice to the individual that if the individual completes a [Proof of Performance](#), prior to the end of the Sanction Penalty Month, it will reduce the financial consequences of the sanction, in the event that the individual loses the appeal.

Even though an individual's sanction may have been placed on hold, it is in the sanctioned individual's best interest to [cure](#) the sanction during the Sanction Penalty Month. Doing so will reduce the consequences of the sanction in the event the individual loses the appeal.

Note: Even though a sanction may have been placed on hold, additional sanctions can be imposed during the appeal period. An individual would have to appeal the adverse action resulting from the imposition of each additional sanction.

Participation in JOBS or Tribal NEW During a Pending Fair Hearing 400-19-125-20

(Revised 6/1/10 ML #3218)

[View Archives](#)

An [otherwise eligible](#) individual may choose to participate in JOBS or Tribal NEW during the appeals process.

Example #1: An individual is sanctioned effective 01/01. The individual appeals in a timely manner and the [sanction](#) is placed on hold. The individual voluntarily participates in JOBS or Tribal NEW and completes a POP with a [cure](#) date equal to the [Sanction Penalty Month](#).

On 03/28 the Administrative Law Judge upholds the county's decision to impose the sanction. The TANF Eligibility Worker changes the sanction to active and enters a cure date equal to the Sanction Penalty Month.

As a result, it is determined that the individual received an [overpayment](#) equal to the individual's financial needs during the Sanction Penalty Month only. The case does not fail at the end of March and the individual is expected to continue participation in JOBS or Tribal NEW.

Example #2: An individual is sanctioned effective 01/01. The individual appeals in a timely manner and the sanction is placed on hold. The individual chooses to not participate in JOBS or Tribal NEW at any time during the appeal process.

On 03/28 the Administrative Law Judge upholds the county's decision to impose the sanction. The TANF Eligibility Worker changes the sanction to active. Because the sanction was not cured in the Sanction Penalty Month or any subsequent months, the TANF Eligibility Worker processes the appropriate overpayments through March and the case fails at the end of March.

Example #3: An individual is sanctioned effective 01/01. The individual appeals in a timely manner and the sanction is placed on

hold. The individual chooses to not participate in JOBS or Tribal NEW during the Sanction Penalty Month.

On 02/15 the individual volunteers to begin participating in JOBS or Tribal NEW. No referral is needed if the individual is in an ongoing case. Even though a referral is not required, the TANF Eligibility Worker contacts JOBS or Tribal NEW to let them know that the individual is asking to return and asks the coordinator to keep them informed of the individual's involvement.

On 03/02 the Administrative Law Judge upholds the county's decision to impose the sanction. The TANF Eligibility Worker changes the sanction to active.

The TANF Eligibility Worker contacts JOBS or Tribal NEW and is told that the individual resumed their participation on 02/18 and that the individual has been cooperating with program requirements since that time.

The TANF Eligibility Worker decides that since the goal of JOBS/Tribal NEW is to help individuals become [self-sufficient](#), and the individual has been cooperating in JOBS or Tribal NEW for at least 10 consecutive [days](#), the sanction should be cured effective 03/02.

In this particular case, the start-date of the POP (02/18) cannot be entered as the cure date because an individual is not allowed to cure a sanction during the [Month of Ineligibility](#). (For information regarding an exception to this policy, see Section [400-19-85-30](#), Exception to the Requirement to Serve the Month of Ineligibility Following a JOBS or Tribal NEW Sanction).

Because the sanction was cured effective 03/02, the sanction will result in an overpayment equal to the sanctioned individual's financial needs for the Sanction Penalty Month, plus a total overpayment for the Month of Ineligibility.

The March benefits are not considered an overpayment. The case does not fail at the end of March and the individual is expected to continue participating in JOBS or Tribal NEW.

An individual who chooses to participate in JOBS or Tribal NEW during the appeal process will continue to receive authorized [supportive services](#) payments (paid through the county/state) as reimbursement for expenses related to actual participation in JOBS.

If an individual chooses not to participate in JOBS or Tribal NEW during the appeal process, JOBS supportive services payments, with the possible exception of childcare assistance, are not to be made available to the individual.

To provide transportation assistance to an individual who has chosen to participate in JOBS during the appeal process, and avoid having that payment later be viewed as an overpayment if the individual loses the appeal, the TANF Eligibility Worker should go into the [benefit month](#) prior to the appeal to process the transportation assistance payment.

Fair Hearing Process 400-19-125-25

(Revised 7/1/12 ML #3334)

When adverse action is taken against an individual in the TANF/JOBS Program and the individual requests a [fair hearing](#), the hearing will be conducted by the Office of Administrative Hearings in accordance with N.D.A.C. § [75-01-03](#). (Refer to Administrative Manual Section [448-01-30](#), Procedures for Appeals and Fair Hearings for additional information.)

The following procedure should be followed when a TANF [recipient](#) requests a fair hearing:

1. If the individual submits their request to the county social service office, the request form should be date stamped upon receipt and both the envelope (the postmarked envelope is needed to determine the timeliness of the individual's request) and the Request for Hearing form should be immediately mailed to the DHS Appeals Supervisor at the address noted below;
2. If the individual hand delivers their request to the county, the request form should be:
 - a. Date stamped upon receipt, with a notation made on the form that it was hand delivered; and
 - b. Immediately mailed to the DHS Appeals Supervisor at the address noted below, along with a completed [SFN 1784](#), Appeal Background Report and pertinent documents relating to the appeal; and

Note: If a completed SFN 1784, Appeal Background Report is not submitted, you will be sent a form by the Appeals Supervisor requesting the report be completed and mailed, along with any other pertinent documents relating to the appeal (e.g. '[good cause](#)' determination letters, sanction notices, etc.) to:

The TANF Eligibility Worker must notify the DHS Legal Advisory Unit Appeals Supervisor if the appellant is represented by legal counsel to ensure that legal counsel is also provided for the county. However, if the TANF Eligibility Worker believes that legal counsel is necessary in cases where the appellant is not represented, a request with rationale for counsel must be sent to the DHS Legal Advisory Unit Appeals Supervisor at 600 East Boulevard Avenue, Dept. 325, Bismarck, ND 58505-0250.

If the request for a fair hearing is the result of a JOBS [Sanction](#), the TANF Eligibility Worker must arrange to have appropriate JOBS staff testify at the fair hearing. The TANF Eligibility Worker and/or JOBS [Employment Contractor](#) are responsible to compile a chronological written history of the individual's involvement and non-compliance with the regular TANF or JOBS program requirements.

When an appeal is the result of a decision by the JOBS Program and the Employment Contractor is expected to participate in the appeal hearing, upon receipt of the 'Notice of Hearing and Specification of Issue' the Eligibility Worker must:

1. Contact the Employment Contractor and obtain information used by the Employment Contractor to make their determination, and
2. Submit the information to the Administrative Law Judge.

Upon receipt of the date, time and place of the hearing, the Eligibility Worker must notify the Employment Contractor of those details.

Upon receipt of the order, signed by the Executive Director of the Department:

- If the individual wins the appeal, a financial penalty is not applied to the case. If the appeal was a result of imposing a JOBS Sanction, the Sanction Status is updated to 'Removed', which allows the action to be tracked while rendering the [sanction](#) ineffective.

Note: The TANF Eligibility Worker must contact State TANF Policy and request the Sanction Status be updated to 'Removed'.

- In the event that an individual loses the appeal, any amount paid to the [recipient](#) pending the [fair hearing](#) decision shall be considered an [overpayment](#), subject to recovery. The amount of such overpayment is the amount of additional [benefits](#) paid to the [household](#) while awaiting the decision of the fair hearing authority.

Note: A copy of the signed 'Order' is sent to the recipient and meets the notification requirements. Therefore, once the signed 'Order;' is received, an additional Advance (10-Day) or Adequate Notice is not required to take the action based on the 'Order'. However, if losing the appeal results in an overpayment, the TANF Overpayment Notice must be sent, as well as the TANF Closure notice, if applicable.

- In the event that an individual loses the appeal, [supportive services](#) paid during the appeal process are not to be considered an overpayment and are not to be subject to [recoupment](#).

Overpayments and Underpayments 400-19-130

When a payment is determined to be incorrect, each [benefit month](#) that is incorrect must be reworked, using the policies and procedures that were in effect for the [payment month](#). Reworking an incorrect benefit month may result in an overpayment or [underpayment](#).

The overpayment or underpayment is the difference between the benefit amount the client actually received and the benefit amount the client should have received.

Reasons When an Overpayment May Need to be Established 400-19-130-10

(Revised 6/1/10 ML #3218)

[View Archives](#)

The following is a partial listing of reasons an [overpayment](#) may need to be established:

- Reworking 1st and 2nd pro months for a case or [recipient](#) when actual circumstances, [income](#) and [expenses](#) have been verified.
- Individuals entering or leaving a [household](#), but not reported timely.
- The birth of a newborn has not been reported timely.
- Unreported [assets](#), income or expenses.
- Duplicate Foster Care and TANF [Benefits](#) received beyond the month the child is removed from the TANF household.
- When a child over age 18 or over drops out school and the household does not report timely.
- Anytime a change is reported that results in decreased benefits and insufficient time prevents an [advance \(10-day\)](#) or [adequate notice](#) from being provided to the household.

Obtaining Verification of Unreported Information 400-19-130-15

(Revised 5/1/2023 ML #3704)

[View Archives](#)

In instances where the [household](#) has failed to provide information that is necessary to determine eligibility, the following process may be used:

1. When unreported information is received, regardless of the source, the household must be sent notification requesting [verification](#) of the questionable information.

Note: Requested verification may include, but is not limited to, members of the household, place of residence, when [income](#) started and ended, whether the income continues, the owner of the [asset](#), the current value of the asset or if the information is in error.

If the household fails to respond to the appropriate notice within 30 [days](#), an advance (10-day) notice must be sent to the household advising the household their case will be closed. The verification process must continue and the eligibility worker must contact the source to verify the information.

2. If the verification cannot be obtained from the household, send a letter to the source requesting the verification and include a Release of Information.

Note: Release of Information forms include [SFN 970](#), Multi-Agency Authorization to Disclose Information, [SFN 1059](#), Authorization to Disclose Information. A Release of Information is also included on the [SFN 405](#), Application for Assistance.

3. If the information was revealed by [IEVS](#) and verification from the source cannot be obtained:

Income:

- a. For [earned income](#), use the quarterly wage match and divide that figure by three to determine the monthly amount of income to use.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- b. For unearned income, divide that figure by the number of months in the 'Reported Period' of the IEVS alert to determine the monthly amount of income to use.

Assets:

- a. If the total of the unreported and reported assets are less than the TANF asset limit, no further action is required.
 - b. If the total of the unreported and reported assets are more than the TANF asset limit, the assets must be counted for each month of the 'Reported Period' of the IEVS alert, which will result in a complete [overpayment](#) for each month.
4. If the income information was revealed by PARIS and verification from the source cannot be obtained:
 - a. For earned and unearned income:
 - i. If the monthly amount of the benefit is listed in the alert, use that amount.
 - ii. If the monthly amount of the benefit is not listed in the alert, a monthly amount will need to be determined, by dividing the amount by the number of months the payment represents.

Once verification of the unreported income and/or assets is received, or the calculation completed as indicated in #3 or #4 above, the case must be reworked for the affected month(s) and overpayments established.

Note: The process of determining [monthly income](#) or assets defined in #3 or #4 above can only be used when the source is IEVS or PARIS.

If a client does not cooperate by providing actual information or the verification cannot be obtained through other sources, the eligibility worker must use the best estimate or the best information available to determine the amount of the incorrect payment.

An overpayment is a benefit which a household received that exceeds the amount for which they are eligible. The eligibility worker must promptly take all reasonable and practical steps to correct all overpayments.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Note: Anytime an overpayment is discovered, a determination must be made whether or not to pursue an Intentional Program Violation. (See Section 400-19-137, Intentional Program Violation (IPV).)

Individuals responsible for repayment are all caretakers age 18 or older as well as a [minor parent](#) under age 18 who were members of the household at the time the overpayment occurred. Overpayments follow the responsible member to a new case if the member was part of the overpaid benefit received in another case at the time the overpayment occurred. All responsible individuals remain equally responsible for the overpayment.

If the overpayment is a result of unreported earned income or earnings that were not reported timely, the individual loses all [earned income disregards](#) when reprocessing [benefit months](#) affected by the unreported income. The eligibility worker must select the 'Apply TANF Loss of Disregard' indicator on the Income Window in the automated computer system to apply the loss of disregards.

Note: The earned income disregards consist of the 27% (or \$180 whichever is greater) deduction, the time-limited percentage (TLP) deduction, and all job-related expenses (e.g. child care).

With the exception of JOBS Transportation, overpayments must be established for all JOBS [Supportive Services](#) or [Special Items of Need](#).

Once the benefit has been recalculated and authorized, the eligibility worker must create the Recoupment Plan by:

1. Entering the appropriate 'Error Code';
2. Selecting the Recoupment Method ('Monthly Amount' or 'Percent');
3. Authorizing the Recoupment Plan; and
4. Sending the Notification of Overpayment notice.

Once the case is reworked for the affected month(s) and [overpayments](#) established, the [household](#) must be sent the 'Notification of Overpayment' notice. This notice informs the household of the amount of the overpayment, the reason for the overpayment, and that future TANF benefit will be reduced until the overpayment is fully recovered.

Note: TANF does not send a Demand for Payment notice. The [recoupment](#) method is established by the state at the appropriate percentage of the [Total TANF Standard of Need](#) (which includes the \$45 Out of Home allowance, Kinship Care maintenance payment and [Special Items of Need](#)), unless the households chooses to repay at a rate which equals or exceeds the appropriate percentage.

The TANF Eligibility Worker must promptly take all reasonable and practical steps to recoup all [overpayments](#). "Promptly" means that action to recoup shall be initiated in the month following the month in which the overpayment is authorized, provided an [adequate notice](#) has been provided. No distinction is made between willful and unwillful withholding of, or failure to report information that affects eligibility or the amount of the TANF benefit. Overpayments are recouped from households which include a responsible member.

Note: If the household has an existing overpayment, [benefits](#) from the initial TANF grant and each subsequent month's grant will be reduced until the overpayment is fully recovered.

Any overpayment, whether resulting from an error made by the [household](#), administrative error, [fraud](#), or from [assistance](#) granted pending a [fair hearing](#) decision subsequently made in favor of the county social service office is subject to recovery regardless of when the overpayment occurred.

Note: Only overpayments occurring under North Dakota programs (AFDC or TANF) can be recouped. Requests from other states for [recoupment](#) cannot be honored.

Recoupments of regular TANF, Transition Assistance, Kinship Care, Kinship Care maintenance payment and Diversion overpayments will be processed as follows:

2. JOBS Supportive Services are considered assistance with the exception of the Transportation allowance for an individual who is employed.
 - a. Transportation Allowances – TANF Policy does not allow overpayments for Transportation Allowances to be established. Therefore, recoupments are not made for Transportation.
 - b. All other JOBS Supportive Services overpayments can be recouped from other TANF Benefits, including Transition Assistance, Kinship Care, \$45 Out of Home Allowance, Special Items of Need, and JOBS Supportive Services other than Transportation.

Note #1: JOBS Supportive Services include Care of an Incapacitated HH Member, Job Readiness, License, Certification & Exam Fees, Relocation Assistance, Tools for Employment, Tuition Assistance, Relocation Assistance, etc.

Note #2: When payment of any of these JOBS Supportive Services is made through the [Vendor Payment](#) Process, a manual overpayment must be established under the Type Code of TANF.

3. TANF Kinship Care is considered assistance. Therefore, all Kinship Care overpayments can be recouped from other TANF Benefits, including Transition Assistance, Kinship Care, Kinship Care maintenance payment, \$45 Out of Home Allowance, Special Items of Need and JOBS Supportive Services other than Transportation.

Note #1: Kinship Care includes the Kinship Care Grant, Kinship Care maintenance payment, Child Care Employment, Child Care Training/Work Search, Clothing Allowance, Emergency Need, Legal Services Reimbursement, School Supplies and Activities, and Transportation Reimbursement.

Note #2: When a payment of any of these Kinship Care Supportive Services is made through the Vendor Payment Process, a manual overpayment must be established under the Type Code of TANF.

4. Diversion benefits are not considered assistance.

- a. Transportation Allowances under Diversion – TANF Policy does not allow overpayments for Transportation Allowances to be established. Therefore, recoupments are not made for Transportation.
- b. Diversion benefits can only be recouped from Diversion benefits.

Note: Diversion benefits include Emergency Household Needs, Child Restraint Seat Reimbursement, Essential Services Reimbursement, GED/HS Diploma Incentive, Health Insurance Reimbursement, Health Tracks Reimbursement, Job Related Expenses, and Unforeseen Circumstances.

Methods of recovering overpayments from participants are:

1. Automatic recoupment from the TANF grant; or
2. Voluntary repayment agreement – an overpayment repayment agreement is a payment plan the client and the [county agency](#) agree to as a method of repaying an overpayment; or
3. Criminal restitution.

The amount recouped is based on either a monthly amount or percentage of the [Total TANF Standard of Need](#) (which includes the \$45 Out of Home allowance and Special Items of Need). Regardless of the method chosen, the amount recouped cannot be less than:

- 10% for agency and client (non-fraud) related errors; or
- 20% for intentional program violations ([fraud](#)).

Administrative or Client Non-Fraud

Recovery of all administrative or client non-fraud overpayments is accomplished by reducing the TANF benefit in an amount equal to 10% percent of the Total TANF Standard of Need (which includes the \$45 OH allowance and Special Items of Need) for the appropriate household size. A [recipient](#) may repay the amount of overpayment at a rate greater than the 10% standard as long as the decision to do so is voluntary and a signed agreement is in the case file.

Fraud

Recovery of all [overpayments](#) resulting from [fraud](#) is accomplished by reducing the TANF benefit in an amount equal to 20% of the Total TANF

Chapter 19

Standard of Need (which includes the \$45 Out of Home allowance and Special Items of Need) for the appropriate household size. A recipient may repay the amount of overpayment at a rate greater than the 20% standard as long as the decision to do so is voluntary and a signed agreement is in the case file.

- If the court has ordered an amount of recovery, either more or less than the amount identified above, the amount ordered by the court will be the only amount recovered.

Individuals responsible for repayment are all caretakers age 18 or older as well as a [minor parent](#) under age 18 who were members of the household at the time the overpayment occurred. Overpayments follow the responsible member to a new case if the member was part of the overpaid benefit received in another case at the time the overpayment occurred. All responsible individuals remain equally responsible for the overpayment.

A complete record of the overpayment, the plan for recovery, recoveries made, and any outstanding balance will be included in the automated computer system case file.

A regular or [supplemental](#) benefit payment, defined as a payment issued in the month for the month, cannot totally offset an overpayment. A regular or supplemental benefit payment may be reduced only by the percentage of recoupment (usually 10% or 20%, but may differ pursuant to court order) or a set dollar amount as specified by court order. However, an [underpayment](#), defined as a payment for a [benefit month](#) issued at any time after the benefit month, can totally offset an overpayment.

Upon receipt of notification of a Chapter 7 or Chapter 13 bankruptcy filing, all recovery actions must be discontinued against the petitioner. However, [recoupment](#) from a TANF [household](#) will continue if at least one responsible member is not part of the bankruptcy action.

When State Office TANF Policy receives notification, the Recoupment Method on the Budget Recoupments Window is created with the reason of 'Bnkruptcy Filed/Dshcr'. Upon entry of the 'Bnkruptcy Filed/Dshcr' recoupment method, no further recoupment is made.

Once the Bankruptcy proceedings are final:

- If the court discharges the [claim](#), no further action is required.
- If the court does not discharge (i.e. dismiss) the claim, State TANF Policy reinstates the previous recoupment method, and recovery action against the responsible person resumes.

Suspending Collection of Certain Overpayments 400-19-130-35

(Revised 4/1/2012 ML #3309)

[View Archives](#)

Unless the [overpayment](#) was the result of [fraud](#), including fraud involving the crimes of theft and making false statements in a governmental matter, the [county agency](#) may suspend efforts to collect overpayments from an individual or household no longer receiving TANF if:

- a. The amount of the overpayment is less than \$35; or
- b. Recovery is determined not to be cost effective after a reasonable effort to recover has failed. A "reasonable effort" means that, at a minimum, the individual no longer receiving assistance is notified as to the amount of and reason for the overpayment and is requested to make repayment.

In cases involving fraud, every effort must be made to recover the overpayment, regardless of the amount involved.

The county social service office must maintain information concerning all former [recipients](#) who have outstanding overpayments. If these individuals begin receiving assistance again, [recoupment](#) of the overpayments is required.

Underpayments 400-19-130-40

(Revised 6/1/10 ML #3218)

[View Archives](#)

An underpayment is a correction to [benefits](#) paid a [household](#) who was originally paid less than they were eligible to receive. The TANF Eligibility Worker shall take prompt action to authorize underpayments to current [recipients](#), or to those who would have been eligible if the error causing the underpayment had not occurred.

Note: An underpayment can totally offset an [overpayment](#).

Underpayments must be established based on the date discovered and whether or not the household is entitled to additional benefits.

1. If the household timely reports a change (orally or in writing) to the [county agency](#) and all necessary information related to the event is provided timely, an underpayment, if applicable, must be established effective with the month of change.

Note: If not reported timely, underpayments, if applicable, must be established beginning the month the change is reported and all necessary information is received.

2. The county agency discovers a TANF benefit was calculated incorrectly due to an agency error, an underpayment, if applicable, must be established for the month(s) calculated in error.
3. The county agency receives notification from the Administrative Law Judge or a court of law, of a favorable decision on behalf of the client. Underpayments must be established, if applicable, based on the directive included in the favorable decision.

Intentional Program Violation (IPV) 400-19-137**Intentional Program Violation 400-19-137-05**

(Revised 1/1/17 ML #3482)

[View Archives](#)

An Intentional Program Violation (IPV) is an action by an individual, for the purpose of:

- Improperly establishing or maintaining eligibility for assistance; or
- Increasing or preventing a reduction in the amount of assistance; or
- Having used their TANF electronic payment card in a liquor store; a casino, gambling casino, or gaming establishment, or a retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state of entertainment.

EXCEPTION: An IPV will NOT be pursued against a TANF recipient who uses their TANF electronic payment card in any liquor store; any casino, gambling casino, or gaming establishment, or any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state of entertainment when:

- A recipient of TANF does not have any adequate access to their cash assistance other than one of the establishments listed above; or
- A recipient of TANF does not have access to using or withdrawing assistance with a minimal fee or charge, including an opportunity to access assistance with no fee or charge

Any individual who is suspected of an IPV must be referred to:

1. The Appeals Supervisor in the Legal Advisory Unit (LAU) for a determination of an IPV; or
2. The court system for a determination of fraud

In order to determine an IPV, that individual must have intentionally committed one of the following:

1. Any act or false statement intended to mislead, misrepresent, conceal, or withhold facts.

Examples:

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- A source of income
 - A household member
 - Receiving or attempting to receive assistance in multiple states at the same time
 - Falsified documents
 - An asset
 - Trafficking of the Electronic Payment Card or PIN
2. Committed any act intended to mislead, misrepresent, conceal, or withhold facts that constitutes a violation of the TANF program or any State or Federal statute.
 3. Used their TANF electronic payment card in a liquor store; a casino, gambling casino, or gambling establishment, or a retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state of entertainment.

EXCEPTION: An IPV will NOT be pursued against a TANF recipient who uses their TANF electronic payment card in any liquor store; any casino, gambling casino, or gaming establishment, or any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state of entertainment when:

- A recipient of TANF does not have any adequate access to their cash assistance other than one of the establishments listed above; or
- A recipient of TANF does not have access to using or withdrawing assistance with a minimal fee or charge, including an opportunity to access assistance with no fee or charge.

It is the act and not the amount of improper benefit received that must be considered. There is no requirement that an overpayment exist when pursuing IPV.

Evidence Evaluation 400-19-137-10

(Revised 11/1/19 ML #3562)

[View Archives](#)

The county has the burden to establish an Intentional Program Violation (IPV) by clear and convincing evidence. Clear and convincing evidence means evidence that leads to a firm belief that the allegations are true.

Examples:

- Application, review, and monthly report forms. An individual's signature on these forms is attesting to providing full information and to understanding the reporting requirements.
- Statements made during application or review interviews
- Notice of benefits
- A past IPV for failure to report
- Reporting/billing forms
- Narratives
- Documented phone calls
- IEVS verification
- Involvement of an interpreter

When there is evidence a possible IPV has been committed, the county must review the case and all evidence with the supervisor, director, or a regional representative.

This review will result in a decision to:

- Proceed with the IPV process, or
- Proceed with a client error.

When reviewing the evidence for a possible IPV the individual must be allowed an opportunity to respond to any unresolved questions.

If the review results in the decision to proceed with the IPV process, the supervisor, director, or regional representative who reviewed the evidence must review, sign and date the SFN 1940- TANF/SNAP/CCAP Notice of Suspected IPV to ensure the form is completed accurately prior to meeting with the individual.

Initiating an Intentional Program Violation 400-19-137-15

(Revised 11/1/19 ML #3562)

[View Archives](#)

In instances when there is sufficient evidence to substantiate that an individual has committed one or more acts of intentional program violation (IPV), the county must complete the SFN 1940, TANF/SNAP/CCAP Notice of Suspected Intentional Program Violation.

The SFN 1940 is intended to:

1. Notify an individual in writing when that individual is suspected of having committed an IPV;
2. Inform the individual of their hearing rights and hearing procedures;
3. Allow the individual the right to waive the hearing;
4. Allow an individual to request a hearing officer be present at the hearing rather than a telephone hearing.

When completing the form:

- a. List the name and current address of the individual suspected of IPV.

There may be occasions when more than one individual gave a false report or were interviewed together and in those cases, prepare a **separate** SFN 1940 for each individual.

- b. Describe the violation of program rules including:
 - Information provided that is deemed incorrect;
 - Facts that were not revealed;
 - How and when information and verifications were submitted by the individual
- c. The evidence disputing the accuracy of the individual's statements, when and where it came from;
- d. When and with whom discussions were conducted, the outcomes of which contradict the individual's statements;

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- e. What documents were provided that should have included information not revealed, and when were they submitted;
- f. Document how the individual was aware of the reporting requirement;
- g. Indicate the length of the disqualification.
- h. Indicate the date the SFN1940 must be signed and returned to avoid the hearing. The return date must be 10 days from the date of the IPV meeting the county is required to schedule.
- i. The form must be **signed** by the county eligibility worker (an electronic signature is acceptable).
- j. The form must be **signed** by a supervisor, director or regional representative.

The individual will continue to participate as a household member while awaiting a disqualification decision. Recoupment of any overpayment continues to be collected at the rate of 10%. Full repayment of the overpayment does not stop the disqualification procedure from taking place.

An IPV can be pursued if a client is permanently disqualified. Pursuing the IPV will allow for recoupment of a claim at 20% rather than 10% if recoupment is possible.

Scheduled Intentional Program Violation Meeting 400-19-137-20

(Revised 11/1/19 ML #3562)

[View Archives](#)

After completing the SFN 1940, TANF/SNAP/CCAP Notice of Suspected Intentional Program Violation, the county must schedule a meeting with the individual to discuss the suspected Intentional Program Violation (IPV) within two weeks using a system generated correspondence notice.

If the correspondence notice is returned as undeliverable or with no forwarding address, the IPV must continued to be pursued.

If the individual fails to attend the scheduled meeting without satisfactory explanation or the correspondence notice is returned as undeliverable or no forwarding address, within three days after the meeting, the county must mail a copy of the SFN 1940 to the individual and the original SFN 1940 along with a letter detailing the violation and copies of all evidence of the suspected IPV to:

Appeals Supervisor
North Dakota Department of Human Services,
Judicial Wing
600 East Boulevard Avenue Dept. 325
Bismarck, ND 58505-0250

If the individual attends the scheduled meeting the county must:

1. Provide the individual with a copy of the SFN 1940;
2. Provide the individual with a DN 1087 - Legal Service Organizations;
3. Discuss the suspected IPV

If it is determined that no violation has occurred, SFN 1940 must be placed in the file with a notation that it was not forwarded for further action and a summary of the explanation given by the individual.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

If the county believes the violation did occur and the individual does not have a satisfactory explanation the county must explain the following options to the individual:

- Sign Waiver A – Which allows an individual to admit to the facts and accept the disqualification period;
- Sign Waiver B – Which allows an individual to accept the disqualification without admitting to the facts;
- Request an administrative disqualification hearing.

The county must explain signing Part A or B of the Waiver of Hearing will result in specific program disqualification time periods and penalties.

A signed waiver is a statement that the individual has been informed a disqualification penalty will result.

If the individual suspected of an IPV is not the caretaker relative, the caretaker must also sign the form.

If the individual suspected of an IPV:

1. Chooses to sign the Waiver of Hearing:

- Provide the individual a **signed** copy of SFN 1940.
- Mail the SFN 1940 along with a letter detailing the violation and copies of all evidence, detailing the violation to:

Appeals Supervisor
North Dakota Department of Human Services,
Judicial Wing
600 East Boulevard Avenue Dept. 325
Bismarck, ND 58505-0250.

- The SFN 1940 must be sent to the Appeals Supervisor immediately after the individual signs the SFN 1940.
- The SFN 1940 will be reviewed by the Appeals Supervisor and state program staff.
- The State Office will notify the county of the date the disqualification will be imposed and the length of the disqualification.

2. Chooses not to sign the Waiver of Hearing:

Counties may refer individuals suspected of committing an Intentional Program Violation (IPV) to their states attorney for prosecution. The county must confer with its legal representative to determine the types of cases that will be accepted for possible prosecution.

Suspected fraud violations occurring on Indian reservations should be referred to the state's attorney. If the state's attorney's office does not have jurisdiction over the matter, the case will be referred to the U.S. Attorney's office that has jurisdiction on that reservation. If the state's attorney does not refer the matter to the U.S. Attorney's office, the county social service office should do so.

The county must not initiate an IPV against an individual for the same or related circumstances that have already been referred for prosecution.

If an individual is convicted through this procedure the county will receive a judgment.

Upon receipt of a judgment:

If the judgment includes a disqualification period, impose the disqualification following the TANF disqualification timeframes.

Example:

If a court conviction is received with a disqualification period included, the disqualification period imposed is:

- 12 months if it is a first disqualification,
- 24 months if it is a second disqualification,
- Permanently if it is a third disqualification.

Example:

If a court conviction is received and does not include a disqualification period, the disqualification period imposed is:

- 12 months if it is a first disqualification,

- Criminal Complaint;
- Judgment or Order; and
- A cover letter detailing the violation including the name, address, case number, client ID, and any prior disqualifications.

Action Upon Receipt of Signed Findings and Order 400-19-137-40

(New 10/1/15 ML #3459)

[View Archives](#)

Review the decision **signed by the Executive Director** to determine if an Intentional Program Violation (IPV) was committed.

If an IPV was not committed the household remains responsible for any over issuance and the claim continues as a client error regardless of eligibility for benefits.

If an IPV was committed, the disqualification begins with the first month following the date the individual receives the signed IPV findings and order. When a disqualification has been imposed against an individual, the disqualification must continue uninterrupted until completed. The disqualification is imposed whether the case is currently open or closed.

As a result of the disqualification:

1. Remove the disqualified individual's financial needs;
2. Continue to count the income and assets of the disqualified individual when determining eligibility for the remaining household members, and
3. Continue to apply the income disregards to the disqualified individual's income when determining eligibility for the remaining household members.

The appropriate Notice of Disqualification must be sent to the household notifying the household that an individual is disqualified and/or assistance will be reduced or ended. The conviction and disqualification information and copies of supporting documents (including conviction information) must be recorded in the casefile. If a disqualified individual moves from one county to another, include the disqualification information in the case transfer information.

The individual convicted of an IPV is the only household member disqualified. Other household members may remain eligible. Continued eligibility for TANF requires that at least one member of the household

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

retains TANF eligibility. Imposing the disqualification is required even if it means that some individuals may not be affected by the disqualification (e.g. SSI recipient). If it is learned through the Income Eligibility Verification System (IEVS) or any other source and later verified that a recipient received earned income during a previous month or months when TANF was received and the income had not been reported, the case must be reworked for the month(s); and if it is determined to be an IPV, the late penalty applies.

The rate of recovery for overpayments resulting from an IPV is 20%. Overpayments resulting from an IPV continue to be the household's responsibility for repayment regardless of the household's eligibility for benefits.

Overpayments are recovered through a reduction of the Total TANF Standard of Need including \$45 Out of Home allowance and special items of need.

When an overpayment exists, regardless of the household's eligibility for benefits, the household must continue to be responsible for repayment of the overpayment which resulted from this violation.

After a disqualification hearing or the individual waives the right to an administrative hearing, there are no further appeal procedures available through the Administrative Hearing Process. The determination of IPV cannot be reversed by a subsequent hearing. The individual however is entitled to seek relief in a court of appropriate jurisdiction. The period of disqualification may be subject to stay or other action which would delay the imposition of the disqualification.

Part A, Section 408 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 implemented a provision which prohibits a State to which a grant is made under section 403 from using any part of the grant to provide cash assistance to any individual convicted in federal or state court after July 1, 1997, of having made a fraudulent statement or representation with respect to their place of residence in order to receive TANF, Medicaid, SNAP or SSI simultaneously from two or more states shall be disqualified from TANF for a period of 10 years, effective the date of conviction. The individual must also be disqualified for an Intentional Program Violation (IPV). The disqualification for the IPV is 10 years even if it is the individual's first or second, and permanently, if it is the individual's third.

Note: This provision does not apply with respect to a conviction of an individual, for any month beginning after the President of the United States grants a pardon with respect to the conduct which was the subject of the conviction.

- If the court conviction does not include the period of disqualification, the TANF Eligibility Worker must forward the following information to the Appeals Supervisor to process the findings under the Intentional Program Violation (IPV) provisions:
 - Criminal Complaint;
 - Judgment or Order; and
 - A cover letter detailing the violation and providing the name, address, and Vision Case and Client ID # number. Inclusion of any prior disqualifications should also be noted.
- Upon receipt of the Findings and Order, signed by the Executive Director of the Department, the period of disqualification for the IPV will remain 10 years if it is the individual's first or second, and permanently, if it is the individual's third.

If an individual is not convicted in federal or state court, but has made a fraudulent statement or representation after July 1, 1997, with respect to their place of residence in order to receive TANF simultaneously from two or more states, the 10 year penalty cannot be applied. However, the individual shall be referred for IPV. If it is the individual's first IPV, the

disqualification penalty is 1 year, if it is the second IPV, the disqualification penalty shall be 2 years. If it is the individual's third IPV, the penalty is a permanent disqualification.

Disqualification in Another State 400-19-137-50

A disqualification imposed on an individual in another state must also be imposed in North Dakota. The Human Service Zone (HSZ) must obtain copies of court decisions, administrative disqualification hearing determinations, signed disqualification consent agreements or administrative disqualification hearing waivers in electronic or hard copy. If the county needs assistance in obtaining the verification, contact the State Policy Staff.

An individual who is found to have committed an Intentional Program Violation (IPV) by a state administration, disqualification proceedings, or by a federal or state court must be subject to the penalties provided in N.D.A.C. 75-02-01.2-72(2) & (5) and the individual's needs may not be included in the TANF benefit.

1. If another state takes action against an individual who has moved to North Dakota and the individual is found guilty of fraud or an Intentional Program Violation (IPV) in that state, the HSZ must impose the proper IPV disqualification in North Dakota.
2. If the individual is under a disqualification for an IPV in another state when they move to North Dakota and the individual served a portion of the disqualification in the other state, the individual must serve the remainder of the penalty in North Dakota.
3. If the individual has an IPV and served the disqualification period in another state before coming to North Dakota, the penalty must be entered into the automated computer system.
4. An individual disqualified permanently due to having three or more IPV's in another state continues to be disqualified in North Dakota.
5. An individual disqualified for having made a fraudulent statement or representation with respect to the place of residence of the individual in order to receive assistance simultaneously from two or more states continues to be disqualified in North Dakota.

Subsequent IPV Action 400-19-137-55

(New 10/1/15 ML #3459)

[View Archives](#)

A subsequent Intentional Program Violation (IPV) cannot be brought against an individual unless the violation took place after the date of the Executive Director's Findings and Order in the previous action.

Example:

If a decision for a first violation is dated May 17, but the second violation concerns unreported income for the month of December in the prior year, a second violation cannot be imposed because it took place prior to the decision in the first violation.

An IPV can be pursued if it involves two separate individuals and two separate violations, no matter when the violations occurred.

Example:

A decision for a violation is dated May 17 for the husband who is a household member. A second violation occurs due to unreported income for the month of December in the prior year for the wife. IPV can be pursued against the wife.

(N.D.A.C. [75-02-01.2-02.2](#))

TANF Kinship Care was implemented in North Dakota on February 1, 2005. This program provides enhanced funding and services in order to expand the options for placement of children who are in the care, custody, and control of a North Dakota [Human Service Zone](#), the North Dakota Division of Juvenile Services (DJS) or a North Dakota Tribal Agency as established by a court order. As an alternative to Foster Care, children may now be placed with relatives who are within the 5th degree of relationship to the child. TANF Kinship Care can be provided without having to meet all of the requirements of the Foster Care Program. However, TANF Kinship Care rules follow many of the same rules as Foster Care.

In order to be eligible for TANF Kinship Care, a North Dakota [Human Service Zone](#), the North Dakota Division of Juvenile Services (DJS) or a North Dakota Tribal Agency must have care, custody, and control.

A child in the legal custody of an out-of-state entity is not eligible for North Dakota TANF Kinship Care even if the child has been appropriately placed in a North Dakota setting via the Interstate Child Placement Compact. If a family has questions regarding additional support for the child, they should be referred to the out-of-state entity for assistance. Similarly, North Dakota TANF Kinship Care is not available to North Dakota children who are placed out-of-state.

Before a child can receive TANF Kinship Care, the agency having care, custody, and control of the child must complete the [SFN 423](#), Kinship Placement/Agreement, [SFN 399](#), Unlicensed Caregiver Home Study, and a finger print based criminal background check (referred to as a background check), including a child abuse and neglect index check for all household members age 18 and older where the child will be placed, along with other investigations as the department may determine necessary. The background check must be completed within 90 [days](#) from the TANF

Kinship Care application date or date of eligibility, whichever is later. If a completed background check is not received after 90 days from the TANF Kinship Care application date or date of eligibility, whichever is later, for all household members age 18 or older, the TANF Kinship Care case must be closed. However, the family may be approved to continue to receive regular TANF benefits. (See section 400-19-140-15, Denial or Closure of TANF Kinship Care).

Note: The Foster Care Administrative Rules at [75-03-14](#) regarding background checks apply to TANF Kinship Care.

Once the SFN 423, Kinship Placement/Agreement, SFN 399, Unlicensed Caregiver Home Study and a child abuse and neglect index check for all household members age 18 and older where the child will be placed, have been completed, if all other eligibility criteria are met, the case can be processed as TANF Kinship Care as of the date the signed application is received in the [Human Service Zone office](#) or the date of eligibility, whichever is later.

If an unsuccessful background check is received prior to the application being approved, eligibility for TANF Kinship Care does not exist. However, the family may be approved to receive regular TANF benefits. (See section 400-19-140-15, Denial or Closure of TANF Kinship Care).

If all factors of eligibility have been met but the background check(s) has not been received, the application may be approved as TANF Kinship Care. In this situation, the TANF Kinship Care standard of need, maintenance payment and supportive services may be provided until an approved background check is received or 90 days from the date of application or date of eligibility, whichever is later. If the background check is not received after 90 days, the TANF Kinship Care case must be closed as the family is no longer eligible for TANF Kinship Care standard of need, maintenance payment and supportive services. (Eligibility for supportive services ending can be found at section 400-19-140-20, TANF Kinship Care Supportive Services).

If an individual 18 years of age or older moves into the home of a pending application or ongoing TANF Kinship Care case, a background check including a child abuse and neglect index check and any other investigations as the department may determine necessary must be

completed within 90 days from the date the individual moved into the home.

If an unsuccessful child neglect and abuse index check or background check is received for the new adult, eligibility for TANF Kinship Care does not exist and TANF Kinship Care must be denied or closed. However, the family may be eligible to receive regular TANF benefits. (See section 400-19-140-15, Denial or Closure of TANF Kinship Care).

Foster Care Case Manager Role 400-19-140-05-05

(Revised 1/1/2024 ML #3772)

[View Archives](#)

The foster care case manager has the primary role in determining whether a child is placed in Foster Care or TANF Kinship Care. When pursuing TANF Kinship Care, the foster care case manager must:

1. Provide families potentially eligible for TANF Kinship Care Assistance with SFN 405, Application for Assistance or Electronic Application, program information and the [verification](#) requirements under the TANF Program.
2. Forward, to the appropriate eligibility worker, a copy of:
 - a. The [SFN 423](#), Kinship Placement/Agreement, and
 - b. The approved [SFN 399](#), Unlicensed Caregiver Home Study, and
 - c. A copy of the court order, and
 - d. A signed [SFN 405](#), Application for Assistance (unless applicant has filed an Electronic Application).
3. Participate in an interview at the time of application for TANF if necessary.
4. Review pertinent aspects of placement with the eligibility worker, to include providing the eligibility worker with all subsequent Court Orders addressing the care, custody, and control of the Kinship child.
5. Determine the need for [supportive services](#) and forward to the eligibility worker along with a payment recommendation.
6. Communicate the status of the placement and that placement in TANF Kinship Care remains appropriate.
7. Notify the eligibility worker of the date and time of quarterly Permanency Planning meetings.
8. Notify the eligibility worker of any changes that may affect ongoing eligibility such as but not limited to:
 - A change in the child's residency,
 - A change in the child's school status,
 - A change in individuals living in the home,
 - A change in the legal status of the Kinship Care child, and
 - A change or addition of [income](#) of a child on TANF Kinship Care.

Eligibility Worker Role 400-19-140-05-10

(Revised 1/1/2024 ML #3772)

[View Archives](#)

The eligibility worker has the primary role in determining eligibility for TANF Kinship Care. The eligibility worker shall:

1. Upon receipt of required information and forms from the foster care case manager, inform the Kinship Care family and the foster care case manager of the date and time of the interview.
2. Forward copies of correspondence, eligibility determinations, benefit determinations and determinations related to supportive services to the foster care case manager.
3. Notify the foster care case manager if issues arise that may jeopardize continued eligibility such as no TANF Monthly Report, not cooperating with the Child Support Division and/or JOBS requirements (i.e. 16 year old not a full time student referred to the JOBS program), not providing required information/verification, (i.e. subsequent court order verifying continued custody), etc.
4. Participate in quarterly Permanency Planning meeting, as appropriate.
5. Engaging with the foster care case manager to review and discuss supportive service requests. While final decision authority lies with eligibility, the best interest of the child based on discussion, limits of the program and other resources available must be taken into consideration.
6. Communicate the ongoing status of placement with family.

Eligibility Factors for TANF Kinship Care 400-19-140-10

(Revised 1/1/2024 ML #3772)

[View Archives](#)

TANF Kinship Care financial assistance consists of the TANF benefit, TANF Kinship Care maintenance payment and TANF Kinship Care [supportive services](#).

There must be a court order placing care, custody and control of a child with a North Dakota [Human Service Zone](#), the North Dakota Division of Juvenile Services (DJS) or a North Dakota Tribal Agency.

A child must be placed with a caretaker relative within the fifth degree of relationship and meet all TANF eligibility requirements.

TANF Kinship Care includes an ineligible caretaker and an eligible TANF Kinship Care child. TANF Kinship Care cannot include a caretaker as an eligible filing unit member.

Regular TANF may include an eligible caretaker and their non-Kinship Care children along with an eligible TANF Kinship Care child who is residing in the home. In this setting, the caretaker must meet all TANF eligibility requirements while only the Kinship Care child is eligible for the Kinship Care maintenance payment and TANF Kinship Care supportive services.

All factors of TANF eligibility apply including but not limited to:

1. Up-Front eligibility requirements.
2. Child Support Division requirements;
3. [Income](#) and [asset](#) considerations;
4. [Monthly reporting](#) requirements;
5. JOBS Program requirements, if the caretaker relative chooses and is eligible to receive TANF;

The Kinship Care caretaker relative must physically reside with the child and must make a good faith effort to secure all earned rights benefits to which the child may be entitled including but not limited to Social Security

Chapter 19

benefits (i.e. student/survivors benefits or disability benefits) or [Veteran's benefits](#).

A child in receipt of Supplemental Security Income (SSI) is not eligible for TANF Kinship Care assistance.

The caretaker relative may not receive a TANF Kinship Care benefit and Foster Care payments for the same child for the same month.

Exception: When the child resides with a caretaker relative whose foster care eligibility for the child has ended and the caretaker relative applies for TANF in the same month, eligibility for the child may begin the first date following the last day for which a foster care payment was made.

A caretaker relative may request their ongoing case be switched from TANF Kinship Care to regular TANF or from regular TANF to TANF Kinship Care effective with the future benefit month. However, in order for a case to be changed from regular TANF to TANF Kinship Care, all of the TANF Kinship Care requirements must be met. Refer to Section [400-19-140-05](#), Overview - TANF Kinship Care.

Once Regular TANF has been paid, the case cannot be switched to TANF Kinship Care for that benefit month. Similarly, once TANF Kinship Care has been paid, the case cannot be switched to Regular TANF for that benefit month. However, this does not prevent eligibility from being evaluated for additional household members who are required to be considered for TANF after a paid benefit.

A caretaker relative in an ongoing case that requests TANF Kinship Care assistance, must complete an [SFN 405](#), Application for Assistance or the Electronic Application along with a complete Monthly Report which must be signed by the caretaker relative. Eligibility for TANF Kinship Care may be established on the date the [Human Service Zone](#) receives the signed request or date of eligibility, whichever is later.

Denial or Closure of TANF Kinship Care 400-19-140-15

(Revised 1/1/2024 ML #3772)

[View Archives](#)

Before denial or closing of TANF Kinship Care, if all factors of TANF eligibility are met, the application may not be denied, or the case closed as the family may be eligible to receive regular TANF benefits. Conversation should be had with the family to explain the regular TANF Program to allow the family to make the choice if they would like to receive regular TANF.

In conditions 1, 2, 3, 4 and 8 below, the family may qualify for regular TANF and may choose to receive TANF. In conditions 5, 6 and 7 below, the family would not be eligible for regular TANF.

TANF Kinship Care applications shall be denied or cases shall be closed when:

1. The foster care case manager recommends, on [SFN 399](#), Unlicensed Caregiver Home Study that the kinship care not be approved, but the child(ren) remain in the home.
2. The results of the fingerprint based criminal background check (referred to as a background check) do not allow eligibility under TANF Kinship Care.
3. When a North Dakota [Human Service Zone](#), the North Dakota Department of Juvenile Services (DJS) or a North Dakota Tribal Agency no longer has care, custody and control of the child.
If a child enters a guardianship, the child is no longer under the care, custody and control of the Human Service Zone, therefore the child is no longer eligible for TANF Kinship Care.
4. The caretaker adopts the child. The [household](#) will no longer be eligible for TANF Kinship Care Assistance as of the last day of the month the adoption becomes final.
5. The household fails to comply with TANF Program requirements.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

6. When a child leaves the home or is no longer eligible for TANF Kinship Care and there is no other eligible TANF Kinship Care child(ren) in the home.
7. When a caretaker relative within the 5th degree is no longer present in the home.
8. A completed background check is not received after 90 days from the TANF Kinship Care application date or date of eligibility, whichever is later, for all household members age 18 or older.

When a TANF Kinship Care case that included the same children has been closed and reopens within 6 months of the closing, a new [SFN 423](#), Kinship Care Placement/Agreement and SFN 399 Unlicensed Caregiver Home Study are not required unless circumstances have changed within the household such as the presence of additional household members. All other required forms and background checks must be completed.

When a TANF Kinship Care case that included the same children has been closed for a full [calendar month](#) or more, upon reapplication a new background check and the child abuse and neglect background check must be completed.

Note: If an individual age 18 or older moves into the home of an 'ongoing' TANF Kinship Care placement, a background check and child abuse and neglect background check must be completed for that individual. ([See Section 400-19-140-05, Overview](#)).

TANF Kinship Care Supportive Services 400-19-140-20

(Revised 5/1/2023 ML #3704)

[View Archives](#)

[Supportive services](#) may provide reimbursements within the limits established by the [department](#) under the Foster Care Program. Any approved supportive services reimbursement will be paid retroactively and will require proof of costs incurred. Eligibility for TANF Kinship Care supportive services is the date of application or the date of eligibility whichever is later.

Supportive services may be paid for up to 90 days from the application date or date of eligibility, whichever is later while waiting for the results of the finger print based criminal background check (referred to as background check).

In order for supportive services to continue beyond the 90th day, the foster care case manager must provide [verification](#) of an approved background check for individuals age 18 years or older in the home.

In certain situations, the department may receive information included as confirmation that a background check does not meet NDCC 50-11 requirement. However, the offense and date of conviction may not warrant [denial](#) of a kinship care placement. In these situations, the foster care case manager will make the final determination. **For example**, does the individual meet the foster care licensing relative waiver options?

If the background check is not received after 90 days, supportive services must end immediately after the 90th day. Payment of supportive services will be prohibited:

- beyond the 90th day if the eligibility worker has not received the results of the background check or
- at the time the eligibility worker has received confirmation the adult(s) with whom the child was placed has a criminal background.

TANF Kinship Care supportive services provide reimbursement for:

[Child Care](#)

Division 10
Program 400

Service 400
Chapter 19

Child care may be reimbursed to the caretaker as a TANF Kinship Care supportive service. Effective with the benefit month of August 2011, there is no maximum on the amount of child care that can be reimbursed or allowed as an expense, provided the costs are reasonable and comparable to the market rate for the area.

- a. Reimbursement is available for the caretakers' paid employment, a combination of paid employment and education/training, or work search where care is necessary unless the spouse of the caretaker, or an individual (a responsible adult household member) acting in the place of a child's parent resides in the home and is available to provide the child care.
- b. The child care provider must be a licensed, certified, registered or an approved relative provider unless the eligibility worker and foster care case manager determine conditions prevent care from being provided outside the home or verified barriers prevent child care arrangements outside the home.
- c. The Kinship Care child to whom care is provided must be younger than 13 years of age. Requests for reimbursement for care provided to children between 13 and 18 years of age will require current, medical evidence from a physician, psychologist, or clinical specialist that clearly confirms the need.

Payment of Child Care expenses is issued as a TANF benefit and not through the Child Care Assistance Program.

Clothing Allowance Reimbursement

Initial and Special:

- a. Initial Clothing Allowance - During the first five months after the child enters a TANF Kinship Care arrangement, the child's clothing needs can be met with an initial clothing allowance, if needed. The initial clothing allowance must be requested and prior approval received. A list of clothing purchases and receipts must be submitted to the county for reimbursement. The need for the initial clothing allowance should be included in the permanency planning document. The system limits the amount a payment may be made based on the age of a child but does not keep track of the five month period. Tracking the five month period is a manual process and should be kept in the TANF Kinship Care casefile.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

Note: Once a child receives the initial clothing allowance, they should not receive it again while residing within the same TANF Kinship Care home. While it is expected that clothing purchased and reimbursed by Kinship Care follows the child, an additional allowance may be authorized if the child moves to the home of a new caretaker/relative.

Initial Clothing Allowance rates:

- Children ages 0 – 4 years of age \$400 maximum per year per child.
- Children ages 5 – 12 years of age \$400 maximum per year per child.
- Children ages 13 – 18 or over 18* years of age \$400 maximum per year per child.

- b. Special Clothing Allowance - A special clothing allowance may be authorized to replace clothing lost in a fire, flood, theft, or other disasters, or for sudden spurts of growth. The special clothing allowance rate is for emergency and extraordinary circumstances and should rarely be used in meeting the needs of the child. The supportive service is not an entitlement, but an exception.

Special Clothing Allowance rates:

- Children ages 0 – 4 years of age \$250 maximum per year per child.
- Children ages 5 – 12 years of age \$325 maximum per year per child.
- Children ages 13 – 18 or over 18* years of age \$400 maximum per year per child.

*over age 18 – a child who is a fulltime student in a secondary or a vocational or a technical school that is equivalent to secondary school, before the end of the calendar month in which the student attains age 19, the student may reasonably be expected to complete the program of such school.

Emergency Needs

Payment for emergency needs not to exceed \$500 per case may be authorized may be reimbursed to meet expenses for which non-payment would threaten the placement or interrupt its permanence as determined

Program 400

Chapter 19

by the eligibility worker and foster care case manager. The \$500 is a one-time option that may be reimbursed in one payment or several payments not to exceed a total of \$500. Reimbursement for miscellaneous expenses will be allowed only if the Kinship Care caretaker requested and received specific approval from the eligibility worker and foster care case manager prior to the services being provided. Discussion between the eligibility worker and foster care case manager need to occur to come to an agreement on the services prior to the services being provided. If no agreement exists, reimbursement will not be allowed. Some examples of items that may qualify in this category are a bed, bedding, crib, highchair, damage by a child in Kinship Care placement, etc.

Legal Fees

Legal fees incurred by the [caretaker relative](#) necessary to obtain legal guardianship of the TANF Kinship Care child can be paid under supportive services. Funds designated for this purpose, are currently administered by NDDHS Children and Family Services (CFS) and CFS is first payer before TANF Kinship Care. Reimbursement for legal fees may be allowed only if the caretaker relative requested and received specific approval from the eligibility worker and foster care case manager prior to the services being provided. TANF Kinship Care supportive services are payer of last resort for these expenses. Reimbursement may not exceed \$700. Normally this supportive service is available once per TANF Kinship Care placement.

School Supplies/Activity fees/Allowable Irregular Maintenance

Payment may be made under supportive services for:

- a. School supplies or activity fees charged for participation in school and community activities (e.g. uniforms or supply rentals, activity fees, transportation costs, school pictures, field trips, school supplies, class ring, prom dress/tux, camps, music lessons/lease/purchase of musical instruments).
- b. Allowable irregular maintenance payments may be for personal incidentals of the child such as personal hygiene items, cosmetics, over the counter medications, special dietary foods, infant and toddler supplies (including high chairs and diapers), and miscellaneous items.

Note: Since car seats are available through various health districts entities in North Dakota, these agencies must be utilized. In the rare instance where a car seat is not available through a health district entity, the eligibility worker and foster care case manager should discuss the need. Authorization for reimbursement is prohibited if no

Program 400

Service 400

need exists or the purchase was made prior to the eligibility worker's approval.

Following are the allowable rates established under Family Foster Care:

- i. Children ages 0 – 4 years of age \$200 per year
- ii. Children ages 5 – 12 years of age \$500 per year
- iii. Children 13 and over 18 or 18* \$700 per year

Transportation Costs

Payment of transportation costs may be authorized for reasonable travel of the TANF Kinship Care child to the child's parental home, reasonable parental travel to the child's Kinship Care placement home or other arranged location for visitation or other travel expenses **as identified in the permanency plan**. The allowable reimbursement rate for travel is \$0.45 per mile.

Note: Travel reimbursement must be claimed by date, purpose, and miles driven and reimbursed through the TANF Vendor Payment Process.

TANF Kinship Care Maintenance Payment 400-19-140-25

(New 9/1/2021 ML #3629)

[View Archives](#)

A \$300.00 per month TANF Kinship Care maintenance payment will be added to the TANF benefit for each TANF Kinship Care household regardless of household size.

The TANF Kinship Care maintenance payment will be prorated from the date of application or the date of eligibility, whichever is later.

Diversion 400-19-145**Overview 400-19-145-05**

(Revised 6/1/10 ML #3218)

[View Archives](#)

(N.D.A.C. [75-02-01.2-02.1](#))

On September 1, 2006, North Dakota implemented Diversion as a means to provide short-term emergency benefits and services to families during a 'specific crisis or episode of need'. Individuals eligible under Diversion are not included in the State's work participation rate.

Prior to October 1, 2008, Diversion was considered TANF [assistance](#). Diversion is not assistance under title 45, Code of Federal Regulations, Part 260-31, and is not a benefit for purposes of North Dakota Century Code, Section [50-09-06.1](#). Therefore, effective October 1, 2008, changes to Diversion policy were implemented to no longer consider Diversion as TANF assistance.

Diversion benefits and services:

1. Are designed to deal with a specific crisis situation or episode of need;
2. Are not intended to meet recurrent or ongoing needs; and
3. Will not extend beyond four months in a 12 month period.

Diversion is provided to qualified families for the duration of the crisis or episode of need. This will allow individuals to clear up problems that might push them further into poverty.

Factors of Eligibility 400-19-145-10

(Revised 1/1/11 ML #3246)

[View Archives](#)

'Specific Crisis or Episode of Need' is defined as a nonrecurring, short-term family emergency. To be eligible for Diversion, families must have a 'Specific Crisis or Episode of Need' caused by one of the following:

1. Temporary reduction or loss of income (earned or unearned) which results in the families inability to pay rent and utilities or the threat of possible or persistent [homelessness](#), eviction, and/or utility shut-off.

In order to be considered 'temporary', the individual must:

- a. Have secured employment that will allow the [household](#) to regain self-sufficiency; or
 - b. Have employment to which they will return once the crisis or episode of need has passed; or
 - c. Verify the anticipated receipt of unearned income that will allow the household to regain self-sufficiency.
2. Disaster, which may consist of tornado, fire, flood, etc. The disaster does not have to be one which was federally declared.
 3. Unmet needs (e.g. appropriate work or school attire, special clothing, or tools; moving expenses to accept a job offer or to be closer to work, automotive repair, fee for job placement services, etc.) which are integral to accepting or maintaining employment or to attend work or training activities that will allow the household to become [self-sufficient](#).

All TANF [applicants](#) or re-applicants that have been determined to meet the non-financial and financial eligibility factors for TANF and are identified as having a 'specific crisis or episode of need' will be processed under Diversion guidelines with the following exceptions:

1. A [caretaker relative](#) in a [child only case](#) (OU);

Note: If an [ineligible](#) Kinship Care caretaker experiences a 'Specific Crisis or Episode of Need', she may request the

Kinship Care case be closed and apply for Diversion. However, if the Kinship Care case remains closed for more than a full [calendar month](#), and upon [closure](#) of the Diversion, she requests to receive Kinship Care, all factors of Kinship Care must be again met.

2. A [minor parent](#) and not the head-of-household (Head of Household is MP or OU);
3. An [alien](#) who is ineligible to receive [assistance](#) due to the alien's immigration status (DA);
4. A recipient of Supplemental Security Income ([SSI](#)) benefits, including presumptive SSI benefits (SS);
5. A recipient of Social Security Disability ([SSDI](#)) benefits (IN);
6. A [parent](#) providing care for a disabled family member living in the home provided that the need for such care is supported by [documentation](#) from a qualified professional. See Section [400-19-75-10-15-05](#), Verified Provider of Care to Disabled Family Member, for additional information (IN);
7. Parents or caretaker relatives, personally providing fulltime care for a child who is under the age of 2 months, through the last day of the 2nd month from the child's date of birth.(IN)
8. Caretakers who will meet the criteria for referral to one of the four Tribal NEW programs within the state must be in the TANF program and immediately referred to the appropriate Tribal NEW program. (See Section [400-19-165-155](#), Tribal NEW Memorandum of Understanding.)
9. A caretaker that is employed at the time of application, and is reasonably expected to fail for excess income when determining eligibility the second prospective month.

Note: Eligibility for the first prospective month must be determined under TANF so eligibility for Transition [Assistance](#) can be pursued if a caretaker fails TANF due to excess [earned income](#) in the second prospective month.

10. A household in which at least one member is in receipt of Kinship Care.
11. Families where the caretaker has received 60 months of TANF.

Note: The family may apply for TANF under the exemption criteria to continue receiving assistance beyond 60 months.

12. A caretaker that needs to [cure](#) an outstanding JOBS, Tribal NEW, or Child Support sanction, or reapplies during a [sanction penalty month](#), must be in the TANF program. During a [month of ineligibility](#) due to a

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

sanction, a family is not eligible for Diversion. A family must be TANF eligible to receive Diversion.

Note: If determined appropriate in a sanction penalty month, the sanctioned individual's TANF case may be closed at the end of the sanction penalty month provided the sanction is cured. The individual may be eligible under Diversion the month following case closure.

If an ongoing Diversion case has a caretaker that was 'IN' and becomes 'DA', 'OU', 'MP' or 'SS', the Diversion case must be closed.

Example: A caretaker that was receiving Diversion has a participation code of 'IN'. If the caretaker starts receiving SSI, the participation code would change to 'SS'. The Diversion case would be closed. The household would be moved to TANF for the future month.

If there are two caretakers in a case and only one of the caretakers become 'DA', 'OU', 'MP', 'SS' or 'ST', the case may remain a Diversion case.

Example: Diversion case with an incapacitated parent with both parents in the household. The participation code for both parents would be 'IN'. The incapacitated parent starts receiving SSI and the participation code changes to 'SS', the family may continue to be Diversion eligible, provided the family continues to meet all factors of eligibility for Diversion .

Once approved under Diversion, the Diversion case must be closed when the 'specific crisis or episode of need' has been resolved, or the individual has received 4 months of Diversion benefits in the previous 12 month period.

**Factors of TANF Eligibility that do not Apply to Diversion
400-19-145-15**

(Revised 10/1/2023 ML #3749)

[View Archives](#)

All existing TANF rules apply to Diversion except for the following:

1. Cooperation in obtaining [child support](#) or establishing [paternity](#) for any child member of the family is not required. A Diversion month will not have a Child Support Division referral. This means child support will not be assigned, [unreimbursed public assistance \(UPA\)](#) does not apply and there cannot be a child support [sanction](#) imposed. However, a family may pursue child support enforcement services without a referral. Any child support received by the family is considered unearned income and must be used to determine a Diversion benefit.
2. Individuals who receive Diversion are not required to participate in the Job Opportunities and Basic Skills (JOBS) Program.
3. A month in which Diversion is received does not count toward the TANF 60-month lifetime limit. All months of Diversion are considered non-assistance and cannot count towards the lifetime limit.
4. If the family requests to receive TANF for the month following the month a Diversion case closes:
 1. TANF will continue in [retro budgeting](#) cycle and a completed Monthly Report and an SFN 405, "Application for Assistance" or an Electronic Application is required.
 2. All TANF rules apply such as an [interview](#) (the interview is optional if there is no break in assistance of one full [calendar month](#)) and Up-front JOBS and Child Support.
 3. TANF cannot be worked in the automated computer system until the next month and TANF will continue in the retrospective budget cycle without being [prorated](#).

Note: Proration of TANF benefits would apply if the family applies for benefits any time after the first day of the month following [closure](#) of Diversion.

Chapter 19

5. There must be a closure when going from TANF to Diversion and vice versa.

Example 1: (Diversion to TANF) The family received two months of Diversion in October and November. The Monthly Report is received in November and the eligibility worker determines that the family no longer has a 'specific crisis or episode of need'. Diversion is closed the end of November. The eligibility worker obtains SFN 405, Application for Assistance or Electronic Application and utilizes the Monthly Report to approve TANF effective December 1st.

Example 2:(TANF to Diversion) Ongoing TANF. The eligibility worker determines the family has a 'specific crisis or episode of need' and should be on Diversion. After discussing with the caretaker the benefits of receiving Diversion, TANF is closed for client request. An SFN 405, Application for Assistance or Electronic Application is required along with the monthly report.

6. The [Time Limited Percentage \(TLP\) earned income disregard](#) will remain at 50 percent for Diversion, unless at the time of TANF closure, the [household](#) received six months of TLP in their twelve-month cycle. If they received six months of TLP in their twelve-month cycle, the count will continue to increment while on Diversion.

Diversion Four-Month Limitation 400-19-145-20

(Revised 6/1/10 ML #3218)

[View Archives](#)

A family may receive up to four months of Diversion within a 12-month period. The months may be consecutive or non-consecutive. The four months will consist of looking at the prior 12-months. The [month of application](#) for Diversion is considered month one of the 12-month look back period. The 12-month rolling calendar progresses with each passing month, dropping off one month at the end of the 12-month rolling calendar and adding one month to the front of the 12-month rolling calendar. This cycle continues uninterrupted even while the individual is not participating. A Diversion case will close after four months of benefits in a 12-month period have been received.

Example: [Household](#) received Diversion during August, September, October and November of prior year. Household reapplies in August of current year. To determine rolling count, the current application month of August is count month one. Counting backwards 12 months, August of current year through September of prior year would be the 12-month look back period (August of prior year would be dropped off in rolling count.) September, October, and November of the prior year would be Diversion count months one, two and three consecutively. Since the household did not receive a fourth count month during the 12 month look back period of September of last year through August of current year, the household is eligible for a fourth month of Diversion, which is the application month of August of current year.

When determining eligibility for the prospective month of September, based on the rolling count, the automated computer system would drop off September of prior year in the rolling count and the new 12-month look back period would be October of prior year through September of current year. Since the household received Diversion in October and November of prior year and in August of current year, the household is eligible for the fourth month of Diversion in September of current year.

In September when determining eligibility for October, based on the rolling count, the automated computer system would drop off October of prior year in the rolling count and the new 12-month look back

Service 400
Chapter 19

period would be November of prior year through October of current year. Since the household received Diversion in November of prior year and in August and September of current year, the household is eligible for the fourth month of Diversion in October of current year.

In October when determining eligibility for November, based on the rolling count, the automated computer system would drop off November of prior year in the rolling count and the new 12-month look back period would be November of current year through December of prior year. Since the household received Diversion in August, September and October of current year, the household is eligible for the fourth month of Diversion in November of current year.

In November when determining eligibility for December, based on the rolling count, the automated computer system would drop off December of prior year in the rolling count and the new 12-month look back period would be January of current year through December of current year. Since the household received Diversion in August, September, October and November of current year, the household is ineligible for Diversion in December due to receiving the four-month maximum in a 12-month period.

The four-month count follows the caretaker of a case. A caretaker with Diversion months from a prior case will carry those months along to a new case.

Example: A double [stepparent](#) case where one of the caretakers and a child enters into their own case, the Diversion months counted in the new case will be the count the caretaker had in the previous case.

Example: Two caretakers from two previous cases start a new case together. The caretaker with the larger number of Diversion months received will be the count used in the new case.

A Diversion [denial](#), suspend month, or zero benefit will not count towards the four-month limit.

Diversion Supportive Services 400-19-145-25

(Revised 9/1/2021 ML #3629)

[View Archives](#)

Diversion consists of payments to help with expenses associated with a 'specific crisis or episode of need' and is paid through [supportive services](#) or [vendor payment](#). All Diversion reimbursements must be rounded to the nearest dollar (if 50 cents or over round up and if under 50 cents round down).

1. Housing/Shelter Assistance – Assistance with housing/shelter expenses is available for households who are eligible for TANF and are homeless, or at-risk of experiencing homelessness. Housing/shelter assistance may be used to pay:
 - Rent or mortgage expenses,
 - A deposit on a rental unit,
 - Utility bills to avoid a shut-off or the cost to resume service after a shut-off,
 - A deposit for utility hookups that are necessary for the family to reside in the home,
 - Hotel/motel room rental (for a maximum of three nights).
- a. Applicant Households: Payment of housing/shelter expenses may be made for:
 - Two months prior to the month of application, and
 - The month of application, and
 - One month following the month of application, provided the family did not receive TANF in the month prior to the month of application.
- b. Recipient Households: Effective April 1, 2013, payment of housing/shelter assistance may be made for a maximum of two months per occurrence for a household who is experiencing homelessness or is at risk of becoming homeless. For recipient households, the maximum payment of the rent or mortgage expense only is limited to two months. For recipient households, the maximum payment of the rent or mortgage expense only is limited to two months.

In both situations:

- The family must be able to demonstrate that they will be able to sustain payment of these expenses for future months. (The income remaining after subtracting other expenses must be sufficient to pay the housing/shelter expenses without additional assistance.)
- All requests for assistance with housing/shelter expenses must be submitted to the State TANF/JOBES policy staff for approval. **The request must include the calculation for sustainability.** Hard copy [verification](#) is required from the family before a payment may be made.
- Payment of rent or mortgage expenses through supportive services is temporary in nature and not considered subsidized housing.

Payments for Housing/Shelter expenses cannot exceed actual costs and are made to the vendor utilizing the Vendor Payment process. (See Section [400-19-65-35](#), Vendor Payment Process, for instructions when processing Vendor Payments.)

2. Job Related Expenses (Employment, school or training) – An individual may receive reimbursements for the following job related expenses through supportive services:
 - a. Employment related clothing necessary for the individual to enter employment. Assistance is limited to \$250 per participant, per state fiscal year (July 1 through June 30).
 - b. Tools or equipment required for the individual to accept employment. Assistance is limited to \$150 per participant, per state fiscal year (July 1 through June 30).
 - c. Repairs necessary to return an individual's vehicle to operable condition or basic liability insurance for up to 3 months, provided:
 - The vehicle is registered to a Diversion household member;
 - The vehicle is needed by the participant to get to work or another approved work activity; and

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Program 400

Service 400

- The general condition and value of the vehicle justifies repairs.

Assistance is limited to \$500 per participant, per state fiscal year (July 1 through June 30).

- d. Assistance for defraying the cost of books, tuition and fees associated with work activity, provided other educational fund sources have been explored and are exhausted. Assistance is limited to \$1000 per participant, per state fiscal year (July 1 through June 30).
- e. Payment for professional license fees and professional examination fees where there is no other available source of funding, including fee waivers, and the professional license or examination is necessary to achieve an employment-related goal. Assistance is limited to \$150 per participant, per state fiscal year (July 1 through June 30).
- f. Moving expenses to accept a job offer or to be closer to work. Assistance is limited to \$1000 per participant, per state fiscal year (July 1 through June 30).
- g. Other expenses necessary for employment interviews, including transportation, lodging, grooming, and clothing.
 - Assistance for transportation is limited to \$150 per participant, per month.

Payment of Job Related Expenses may also be paid using [SFN 471, Vendor Payment \(TANF\) Authorization and Request for Payment of Goods and Services](#). Hard copy verification is required from the family before a payment may be made. (See Section [400-19-65-35](#), Vendor Payment Process, for instructions when processing Vendor Payments.)

3. Disaster Related Expenses – In the event of a disaster involving members of the Diversion [household](#), the eligibility worker, after exploring the availability of property insurance and community resources, shall authorize the replacement of clothing, furniture, household equipment, and other needed supplies at a level comparable to that maintained by the [recipient](#) at the time of the fire, flood, tornado, or other catastrophic event. Community organizations often provide assistance to victims of disasters. The eligibility worker should coordinate assistance with local resources.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Service 400
Chapter 19

Hard copy verification is required from the family before a payment may be made. Payment must be made by using SFN 471 Vendor Payment (TANF) Authorization and Request for Payment of Goods and Services. (See Section [400-19-65-35](#), Vendor Payment Process, for instructions when processing Vendor Payments.)

4. Emergency Household Needs – The Emergency Household Needs supportive service is limited to a monthly amount of \$430.00.

This supportive service may be used for items not covered under any of the other supportive services and is to be used for expenses that are not recurring, including but not limited to costs associated with counseling, case management, peer support (e.g. AA, Al-Anon, Cancer Support groups, etc.), job retention, job advancement and other employment-related services including transportation costs.

5. Unforeseen Circumstances - The unforeseen circumstances payment is to be used to reimburse a recipient for a payment made in situations that were beyond the individual's control. State office approval is required before making an unforeseen circumstances payment.

Example: Reimbursement of late fees paid by the recipient, due to Diversion benefits not received timely.

6. Child Restraint Seat - State law requires that all children younger than seven be secured in a child restraint seat (car seat or booster seat) when riding in any [motor vehicle](#). A seat belt may be substituted for children younger than seven who weigh more than 80 pounds and are more than 57 (4'9") inches tall. A child three (3) through ten (10) years of age must be protected by either a safety seat or seat belt.

Child restraint seats are available in many communities through hospitals, public health agencies, and civic organizations. In collaboration with many public health agencies, reimbursement may be made to public health agencies for child restraints provided to Diversion recipients. The public health agencies must complete [SFN 471](#), Vendor Payment (TANF), Authorization and Request for Payment of Goods and Services and send it to the eligibility worker for authorization.

When a child restraint seat is not otherwise available, the household may purchase one and the cost may be reimbursed as a special item of need [supplemental benefit](#), once verification of the purchase amount is provided to the eligibility worker.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

Note: When available, recipients may be required to go through public health agencies where they will be educated on the proper use of child restraints. Recipients should be advised about choosing a model that meets all criteria of the Federal Motor Vehicle safety standards. Because some models do not fit all cars, households should be certain that the model being considered for purchase would be suitable for their vehicle. Additional information is available from the North Dakota Department of Health, 1-800-472-2286.

As a child grows, a larger child restraint seat will be needed. For this reason, Diversion can pay for multiple child restraint seats for the same child, provided one is not available through the local hospitals, public health agencies, and civic organizations.

Example: If an infant car seat was initially paid for, a booster seat may be paid for based on the child's age/size.

7. Essential Services - The cost of a service considered essential to the well being of a Diversion household member, including an [ineligible caretaker](#) or [SSI](#) recipient who is not the [parent](#) of a child in the household, shall be provided for in the Diversion benefit. If the need for the essential service is related to a special need or condition of a household member, the cost can be met through the benefit. The nature of the infirmity or illness must create a condition where the household cannot perform independently, and services will be considered to meet such needs. The necessary service(s) may require a person in the home temporarily or from outside the home to discharge a specific, transitory need. Medical [documentation](#) must substantiate the need for essential services.

Essential services are intended to accommodate such needs as housekeeping duties and/or child/dependent care during a parent's illness or hospitalization, attendant services, and extraordinary costs of accompanying a member of the family to a distant medical or rehabilitation facility.

Note: Transportation, lodging and meals for individuals who must travel to a distant medical or rehabilitation facility can be paid through Medicaid, with prior approval. If the household fails to obtain prior approval, or if Medicaid denies the claim as the treatment can be obtained within the state, the cost cannot be paid under Essential Services.

Essential Services:

- Can only be paid if all other resources have been exhausted;

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- Must be approved by State TANF/JOBS policy staff; and
- Should be based on negotiation with the provider;

Note: The allowable maximum daily rate for child/dependent care cannot exceed the amount allowed for emergency foster care, which currently is \$30 per day per child;

A provider need not be licensed, self-certified, registered, or an approved relative in order to provide emergency child care.

Emergency care that necessitates care of a child shall be limited to three (3) [calendar months](#). Resources other than essential services provided to Diversion household members must be explored for placements of longer duration.

8. GED/High School Graduate Incentive Payment - Each eligible Diversion household member will receive a \$250 one-time-only incentive payment upon completion of high school or general education development (GED) diploma. The individual must be Diversion eligible in the month the individual completes high school or [GED](#) requirements.

Verification of completion of high school or general education development diploma (GED) diploma is required.

9. Health Insurance Premiums - The cost of a premium for health and hospitalization insurance carried by an individual residing in the home, that covers an eligible member of the Diversion household, can be paid.

Health, hospitalization, drug, dental, and/or vision insurance is defined as any contract policy covering loss due to sickness or bodily injury. However, it does not include specific health insurance contracts covering loss due to accident, cancer, or disability. In addition, Workers with Disabilities enrollment fees or premium amounts are not allowed as a special item of need payment.

If the policy covers individuals who are not members of the Diversion household ([stepparents](#), ineligible caretakers, etc.), payment is limited to:

- The portion of the premium for each Diversion eligible household member that is allocated by the insurance company; or, if that allocation is unavailable;

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

- The total premium amount, divided by the number of individuals covered, and then multiplied by the number of Diversion eligible household members who are covered by the insurance.

The [applicant](#) or recipient must inform the eligibility worker of the insurance. In instances where there is more than one health insurance policy for the same coverage, only one policy of the household's choice shall be paid in the Diversion benefit. Payment shall begin in the month in which the eligibility worker is informed of the insurance and receives verification of the cost.

10. Health Tracks Reimbursement - Diversion recipients who complete the Health Tracks screening are eligible for a \$25.00 reimbursement per individual. The reimbursement is available after the completion of the initial screening and the annual Health Tracks screening, provided 12 months have passed between screenings. Completion of the screening, for this purpose, does not include the follow-up appointments or referrals to other physicians that are generated from a screening.

Example: An initial screening is completed in August and a \$25.00 reimbursement is issued as a supplement for August. In order to be eligible for the \$25.00 reimbursement again, the individual would need to be screened in August of the following year or thereafter.

Note: August would count as month one (1) of the 12 month period.

Child Care Expenses 400-19-145-30

If the client requests the child care expenses be allowed as a disregard from earned income, the deduction cannot exceed the maximum allowable under CCAP based on the age of the child and Provider Type of 'Center'.

If the client requests child care expenses be paid through CCAP, a CCAP application is required before payment may be made, and all CCAP rules apply.

(Revised 8/1/11 ML #3272)

If the [household](#) passes the financial eligibility determination, the Diversion benefit calculation is computed as follows:

1. The amount of the benefit will be the total amount of the Diversion Types created on the [Supportive Services/Special Items of Need](#) Window.
2. [Recoupment](#) amounts (either a percentage of the Standard of Need or a fixed dollar amount) are subtracted from the Diversion Benefit to arrive at the Net Diversion Benefit.

EXAMPLE:

Household consists of a caretaker and one dependent child.
Household is eligible for the \$430 Emergency Needs and \$150.00 Transportation.

Total Amount of Diversion Types	580.0 0
Recoupment Amount	0.00

Diversion Closure 400-19-145-45

(Revised 6/1/10 ML #3218)

[View Archives](#)

With the exception of those items identified in Section [400-19-145-15](#), Factors of TANF Eligibility that do not Apply to Diversion, all other TANF rules apply to Diversion. In addition to Diversion cases closing for not meeting the requirements of TANF that apply to Diversion, a Diversion Case must be closed:

- When a determination has been made that the 'specific crisis or episode of need' has been resolved, or if the individual is determined to have a recurrent need. If the [closure](#) is due to the individual having a recurring need, eligibility for the month following the month of closure must be determined under the TANF program.

When closing a case due to the individual no longer having a 'specific crisis or episode of need', and the client has not received 4 months of Diversion in a 12-month period, the reason of 'Other' should be used to close the case. Following is recommended wording to add to the notice:

"Closing Diversion to Open TANF":

"It has been determined that you have a recurring need and continued assistance is needed. Therefore, your Diversion is being closed. Eligibility will be determined under Temporary Assistance for Needy Children (TANF) effective MMDDYYYY).

This action is based on 45 CFR 260.31 (b) (6))"

"Closing Diversion and Not Opening TANF"

"It has been determined that you no longer have a temporary need due to a 'specific crisis or episode of need' and continued assistance is no longer needed. Therefore, your Diversion is being closed.

Transition Assistance 400-19-150

Overview 400-19-150-05

(Revised 6/1/10 ML #3218)

[View Archives](#)

(N.D.A.C. [75-02-01.2-02.3](#))

North Dakota implemented a Transition Assistance program effective August 1, 2007, to promote job retention by providing an extended period of cash [benefits](#) to qualified TANF [households](#), thus assisting them in attaining self-sufficiency and, thereby, eliminating the need for future government benefits. Transition Assistance is TANF, and is an extension of an ongoing TANF case that fails for excess [earned income](#).

Factors of Eligibility 400-19-150-10

(Revised 7/1/2023 ML #3726)

[View Archives](#)

Eligibility for Transition Assistance may be established if:

1. The [household](#) was eligible under TANF for the month immediately preceding the month in which the family became ineligible; and

Note: Households cannot become eligible for Transition Assistance in an application month. Therefore, a household is not eligible for Transition if the case closed at the end of the month prior to the month the family applied for TANF and was determined ineligible.

Example: Ongoing TANF case closed December 31st. The family reapplies for TANF in January and is found ineligible for TANF due to excess earned income. The application must be denied as the household cannot be found eligible for Transition as it is an application month.

2. The household became ineligible for TANF [benefits](#) due to earned income; and

Note: The excess [earned income](#) failure cannot be due to the receipt of an extra check from a recurring source or the loss of the [earned income disregards](#) due to unreported income.

3. All other TANF eligibility requirements are met.

A household with countable earned and [unearned income](#) may be eligible for Transition Assistance if the household would have remained TANF eligible based on the countable unearned income only (gross amount minus allowable [expenses](#)).

Effective with the Benefit Month of August 2011, once a TANF case is found eligible for Transition Assistance, the case will remain eligible for the entire 6 consecutive month period, unless:

1. The household would be eligible for a regular TANF benefit of \$200 or more; or
2. The household no longer meets all of the TANF eligibility requirements.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

3. The household no longer has countable earned income to use for the month Transition Assistance is being determined.

If, during a Transition Assistance period, the household receives an extra check from a recurring source of income and counting the extra check results in a TANF grant of under \$200.00, the household remains eligible for Transition Assistance. The Transition Assistance benefit is not suspended, the month counts towards the six consecutive month period, and the household is eligible for the \$200.00 Job Retention benefit, JOBS Supportive Services and Special Items of Need.

Transition Assistance cannot be approved or, once approved cannot continue and must be closed if the individual whose earned income caused the failure is:

1. An individual sanctioned due to non-compliance with [JOBS](#) (DI);
2. A [minor parent](#) who is not the head-of-household (IN);
3. An [alien](#) who is ineligible to receive [assistance](#) due to their immigration status (DA);
4. An individual in receipt of Supplemental Security Income (SSI) benefits (SS);
5. An individual who loses their [earned income disregards](#) due to unreported income.
6. A [caretaker relative](#) who chooses to be ineligible ('OU' - for reasons other than Pay After Performance).

Prior to authorizing eligibility for Transition Assistance, the eligibility worker should consider the following factors:

1. Whether the [child support](#) income exceeds the sum of [Special Items of Need](#) potentially available under Transition Assistance;
2. Whether the [recipient](#) incurs child care expenses;
3. Whether the recipient is in favor of meeting the continued TANF eligibility requirements applicable to Transition Assistance (e.g. [monthly reporting](#), child support assignment, JOBS program participation and lifetime limit).

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES

Division 10
Program 400

Service 400
Chapter 19

When a Transition Assistance household fails or refuses to comply with TANF eligibility requirements, the Transition Assistance case must be closed. Upon reapplication for assistance, the household cannot resume eligibility under Transition Assistance. Instead, eligibility for the household must be determined under "regular" TANF or Diversion Assistance.

The portion of the Transition Assistance benefit determined [Unreimbursed Public Assistance](#) (UPA) is the amount paid for job retention and any transportation allowance paid during a month the individual was not employed.

Once a benefit is paid, the case cannot be switched from Transition Assistance to "regular" TANF or "regular" TANF to Transition Assistance, when reworking the paid [benefit month](#).

[SFN 323](#), "JOBS Status Change" (or other means acceptable to the Employment Contractor) must be provided to the JOBS [Employment Contractor](#) whenever there is a change in eligibility from "regular" TANF to Transition Assistance or from Transition Assistance to "regular" TANF.

Factors of TANF Eligibility that do not Apply to Transition Assistance 400-19-150-15

(Revised 10/1/2023 ML #3749)

[View Archives](#)

All TANF eligibility requirements apply to Transition Assistance cases **except** for the following:

1. A family may not receive Transition [Assistance](#) and a “regular” TANF and/or Kinship Care benefit in the same month.
2. A Diversion Assistance case failing for excess income is not eligible for Transition Assistance.
3. Only [recipients](#) become eligible for Transition Assistance. [Households](#) cannot become eligible for Transition Assistance in an application month.
4. The [Time Limited Percentage](#) (TLP) [earned income disregard](#) will remain at 50 percent for Transition Assistance unless at the time of TANF ineligibility the household received six months of TLP in their twelve-month cycle. If they received six months of TLP in their twelve-month cycle, the count will continue to increment while on Transition Assistance.
5. There is no case [closure](#)/reapplication requirement when transitioning from “regular” TANF to Transition Assistance or from Transition Assistance to “regular” TANF.

Outstanding TANF or Transition Assistance overpayments will not be recouped from a Transition Assistance benefit.

Transition Assistance Supportive Services 400-19-150-25

(Revised 10/1/15 ML #3459)

[View Archives](#)

Transition Assistance Supportive Services for job retention and transportation will be paid prospectively. Available Transition [Assistance Supportive Services](#) consist of:

1. Job Retention – A monthly amount of \$200.00 will be paid unless the caretaker has a participation code of 'DD', 'DF' or 'DM'.

Note: When the Stepparent's [earned income](#) results in eligibility for Transition Assistance, the Job Retention must be entered next to the natural or adoptive parent in the automated computer system.

2. Transportation – A transportation allowance of up to \$150.00 per month may be paid. The amount of the transportation allowance will be determined by the JOBS Employment Contractor. Only caretakers participating in the JOBS Program are eligible to receive the transportation allowance.

Individuals who are eligible for Transition Assistance and are participants of the Job Opportunity and Basic Skills (JOBS) Program are eligible to receive JOBS Supportive Services identified in section 400-19-65-15, Types of JOBS Supportive Services.

Effective with the Benefit Month of August 2011, child care expenses must be paid through the Child Care Assistance Program (CCAP), based on the rules of that program. Recipients of Transition Assistance may also be eligible to receive JOBS Supportive Services, provided the individual is a participant of the Job Opportunity and Basic Skills (JOBS) Program. (See Section 400-19-65-15 Types of JOBS Supportive Services.)

Post-TANF Supportive Services 400-19-155

(Revised 10/1/15 ML #3459)

[View Archives](#)(N.D.A.C. [75-02-01.2-90](#))

Post-TANF [supportive services](#) may be provided to assist former TANF or Transition Assistance [recipients](#) to succeed in the workforce and thus avoid the need to receive further TANF [benefits](#). These supportive services may be provided to eligible individuals for up to six (6) months following the closure of their TANF or Transition Assistance case regardless of the reason for [closure](#), provided, the individual was participating or required to participate in the [JOBS](#) or Tribal NEW program in their last month of TANF or Transition eligibility. The six (6) month window of eligibility for Post-TANF supportive services begins on the first day of the first month following case closure.

During the six month period, benefits can be paid effective the month the [household](#) requests Post-TANF supportive services. Retroactive payments will not be made unless it is determined that the payment was not made due to an administrative error.

Tribal NEW does not determine eligibility for Post-TANF supportive services. Instead, determining eligibility for and issuing payment of Post-TANF supportive services is the responsibility of the TANF Eligibility Worker.

There are two supportive services available to former TANF recipients:

1. Post-TANF Transportation; and
2. Discretionary.

Former TANF recipients are eligible for Post-TANF supportive services if they:

1. Have at least one deprived child residing in the home; and
2. Reside in the state; and

3. Are engaged in paid employment or a combination of paid employment and any education/training; and
4. Have not reached their TANF Lifetime limit;
5. Were required to or participate in the JOBS program in the last month of eligibility for TANF or Transition; and
6. Are not currently disqualified due to an Intentional Program Violation (IPV).

Note: Ineligibility for Post-TANF supportive services will occur even if the disqualification occurs after the individual's TANF case has been closed. It is the status of the individual in the month in which the request for Post-TANF supportive services is made that determines the individuals eligibility for those payments.

The TANF Eligibility Worker or JOBS [Employment Contractor](#) may authorize the use of Post-TANF supportive services. When authorizing the use of these services, a reasonable effort must be made to determine if a former TANF recipient is eligible for Post-TANF supportive services. Reasonable efforts include asking the former TANF recipient if all six criteria are met.

The JOBS Employment Contractor or TANF Eligibility Worker must ensure the individual remains employed. When authorizing Discretionary supportive services, [verification](#) of [expenses](#) for which [assistance](#) is requested must be secured.

If the former TANF recipient is disqualified due to an IPV, the TANF Eligibility Worker should alert the JOBS Employment Contractor at the time of case closure or when an individual receives an IPV following case closure.

When a household has been determined ineligible for Post-TANF Supportive Services:

- If the household has not yet received any Post-TANF Supportive Services, the household is not eligible for Post-TANF.

- If the household already received Post-TANF Supportive Services, payments must cease effective the date ineligibility is determined. In all cases, notification must be sent to the household.

The JOBS [Employment Contractor](#) or TANF Eligibility Worker may approve Transportation Supportive Services. The maximum, monthly Transportation [Supportive Service](#) payment may not exceed \$150.00.

Transportation Supportive Services may be utilized for monthly transportation expenses for the individual's private vehicle, public transportation passes, cab fares, or rides provided through an informal arrangement.

Transportation assistance may be utilized to pay fees or fines which prevent an individual from legally operating a vehicle. Allowable fees may include a reinstatement fee on a suspended license, registration fee for a DUI seminar, defensive driver's class required prior to reinstatement of a driver's license, driver's license exam fee, and vehicle insurance, license, or titles.

Traffic fines and DUI fines may be paid at the discretion of the JOBS Employment Contractor or TANF Eligibility Worker provided the individual demonstrates the ability to contribute in paying a portion of the fine. The portion of the fine to be paid by the individual will be determined by the JOBS Employment Contractor or TANF Eligibility Worker.

Note: Once a transportation assistance payment has been issued to an individual, [overpayments](#) are not to be established.

If transportation Supportive Services are based on mileage, a monthly stipend or flat amount is not allowed. Instead, a mileage calculation must be identified on the [Employability Plan](#) or documented in the case file if calculated by the TANF Eligibility Worker. Transportation assistance based on mileage is calculated by multiplying the number of actual or estimated miles required to support the individual's approved work activity and a self-initiated educational activity by \$0.45, the current reimbursement rate for travel under the TANF program.

Post-TANF Discretionary Supportive Services 400-19-155-10

(Revised 6/1/10 ML #3218)

The JOBS [Employment Contractor](#) or TANF Eligibility Worker may approve the use of Discretionary [Supportive Services](#) to meet legitimate needs of the client. Over the course of the six (6) month period, actual costs up to a maximum of \$400 may be approved by the JOBS Employment Contractor or TANF Eligibility Worker. No more than \$400 may be approved per case, per state fiscal year (July 1 – June 30).

Note: The \$400 Discretionary Supportive Service amount is in addition to any JOBS Supportive Services the individual may have received while in receipt of TANF or Transition Assistance.

Appropriate uses of Discretionary Supportive Services includes, but are not limited to such things as: vehicle repair and insurance; relocation assistance; additional assistance with transportation costs; purchase of employment related clothing; and tools for employment; etc.
