Dear Families,

Your child’s Pre-K classroom has been awarded the Best in Class grant. This program’s goal is to support the whole child and includes children of all abilities, economics backgrounds, encouraging family involvement and ensuring overall health and well-being.

The Best in Class program builds on program characteristics that drive results - high quality, supported interactions between adults and children based on developmentally appropriate experiences.

Twenty-plus years of research from programs across the country clearly indicates that the positive gains that come from having access to quality early childhood experiences can have a long-lasting effect.

North Dakota's Best in Class program represents a targeted state investment in programs that have committed to delivering the highest quality experiences to the children and families they serve, and whose actions can demonstrate the return on investment that is possible with intentional, research-supported investments in early childhood. The work done in these programs will be monitored, evaluated, and supported to help ensure that the investment we make has an impact.

Enclosed in this parent informational packet you will find:
- Student Information Form
- Health Screening Permission Form
- Family Engagement Form
- Ready Rosie Flyer
- Waterford Upstart Flyer

The following forms must be completed and returned to classroom teacher or administrator:
- Student Information Form
- Family Engagement Form
- Health Screening Permission Form

This information will be used to ensure Best in Class program requirements are being met. All information you share is confidential.
