

## Dyslexia Screener MIS01 Report Guidance

According to [NDCC 15.1-32-26](#), each LEA (district) must

1. Provide a universal screener for dyslexia for enrolled children seven years of age and younger.
  - The person submitting this report will indicate whether the district provides a screener (yes/no), select the assessment name from the dropdown list, or enter an assessment title in the “other” box.
2. LEAs must provide a universal dyslexia screener upon request by a parent, legal guardian, or teacher.
  - The person submitting this report will indicate yes/no to the district’s response to dyslexia screening requests.
3. Each LEA must have processes to evaluate dyslexia risk factors, provide intervention services to students with dyslexia characteristics, and administer assessments to monitor the effectiveness of the services.
  - The person submitting this report will indicate yes/no to the district’s processes related to students with dyslexia characteristics.

Dyslexia Screening and Intervention (NDCC 15.1-32-26)
1. Does the LEA provide a universal screening to all students age 7 and younger for Dyslexia including core components of phonetic awareness, decoding, and spelling?
<input type="radio"/> No
<input checked="" type="radio"/> Yes
Last Year: Unknown
Please identify the universal screening tool used:
<input type="text" value="Other"/>
Last Year: Unknown
Other Universal Screening Tool(s):
<input type="text"/>
Last Year: Unknown
