Welcome and Overview of Standards Process and Committee Roles and Responsibilities

Davonne Eldredge welcomed the ELA Review Committee members. She previewed the agenda and outlined the standards process and the committee’s roles and responsibilities. The committee reviewed the work completed thus far by the standards writing committee.

Review of ELA Strands, Clusters, and Standards

Dr. Duffield led the group through a review of the strands, clusters, and standards. The standards written thus far in each cluster and strand were reviewed by grade level K-8. The high school standards were reviewed in grade spans. The review committee discussed the ELA standards in each strand and cluster and suggested potential additions and clarifications.

This process was followed with each of the grade levels throughout the day.

Review and Next Steps

Davonne will send the feedback notes to the review committee members for review. This feedback and public comments will then be provided to the standards writing committee when that committee meets again in January. The review committee will reconvene once the writing committee has completed the second draft of the standards. It will review the second draft and submit feedback to the writing committee. Davonne thanked the review committee members for their participation in the standards process.

The meeting adjourned at 4:00 PM.
